TWENTY-NINTH WEEK

The Sutton County 4-H senior range judging team took first place honors at the grass and range judging contest held at the Experiment Station. Members of the team are, left to right, Rodney Davis, Freddy Fields, Preston Neely and Jack Baker. Freddy and Jack were second and third high individuals. Berger Photo.

Odds And Ends

Congratulations to two Sonora High School students who will be representing their school at state finals of Interscholastic League events. Vivian Vasquez qualified for state competition in the 440-yard dash by winning first place in regional contests in Odessa last weekend.

Betty Sue Fields also won the right to enter the finals in girls declamation by topping the field in that event at Odessa.

Bill Fish placed fourth in shot put but since only first place winners are eligible for finals he will not attend state. Congratulations to you too, Bill.

Champion fishermen hail from here, too. A party of Sonorans and friends brought home 300 fish weighing up to 2½ pounds according to the way we heard it, there was one monster hooked but—he got away! He is still somewhere in Lake Buchanan.

Who all went? Well, let's see—there was Charlie Haines and Joe Neil Smith and Rex Merriman and Cleveland Nance and Claude and Kenneth Clark, and R.G. Nance and Joe Nance and Ed Merek.

We wanted to get at least one picture of this catch but Charlie said the pictures were too heavy to print so you—just like us—will have to use your imagination.

BAKE SALE SATURDAY

The Ruth Shurley Sunday School Class of the Methodist Church will sponsor a bake sale Saturday in the Hamilton Building next to the Bank, beginning at 2:00 p.m. All purchases will be appreciated.

Lions Will Sell Brooms Tuesday In Annual Visual Aid Fund Program

Sonora Lions will conduct their annual broom sale Tuesday, April 29, as they sell brooms, mops and allied products for funds for their aid to the visually handicapped program.

Articles to be sold are manufactured by the Texas Blind in Lighthouses and other training schools and shops for the blind. The Texas Blind Shops caravan will bring merchandise to Sonora on Tuesday.

The sale was originally scheduled for March 25 but was postponed because of inclement weather.

Last year's sale brought in \$974.45, of which 25 percent or \$243.36 remained with the local club and 75 percent or \$730.09 was turned over to the caravan.

Team captains for this year's sale are Jim Adamson, A. E. Lowe, Lee Patrick Earl Smith and Leon Neely.

Extension District 6 Range Judging Held Saturday, April 19, At Experiment Station

Fourteen teams competed in the Extension District 6 Grass and range judging contest held Saturday, April 19, at the Experiment Station here. Edwards, Crockett and Sutton 4-H Clubs took the lion's share of honors.

In the senior range judging event Sutton County 4-H's team of Freddy Fields, Jack Baker, Rodney Davis and Preston Neely took first place. Second honors went to Crockett 4-H's team of P. L. Childress, Jay Miller, Billy Troy Williams and Howard Mock. High individuals were P. L. Childress of Ozona, first; Freddy Fields of Sonora, second; and Jack Baker of Sonora, third.

Junior range judging first place award went to Edwards County 4-H's team of Tom Epperson, Tooter Waites and Tooty Whitworth. Crockett County was second with their team of Jimmy Baggett, Jack Applewhite and Larry Williams. High individuals were Jimmy Baggett of Ozona, first; Tooter Waites of Rocksprings, second; and Tom Epperson of Rocksprings, third.

The Sutton County team of Joe Friess, Tommy Love, Gene Brodhead and Claire Jones placed first in the senior grass judging division. Crockett 4-H was second. Their team was composed of Pierce Miller, Frank Childress, Bob Childress and Bill Jacoby. High individuals were

Joe Friess of Sonora, first; Tommy Love of Sonora, second; Pierce Miller of Ozona, third. In the junior grass judging contest, Dick McMillan, John Friess, Betty Jack Cooper and Jessie Lem Johnson won first place honors for the Sutton County team. Crockett County's team of Bryan Montgomery, David Jacoby, Larry Mills and Fred Baker placed second. High individuals were John Friess first; Dick McMillan, second; Betty Jack Cooper and Jessie Lem Johnson tied for third. All high individuals were from the Sutton County group.

The contest was arranged and carried out by Leo B. Merrill range specialist at the station, Garlyn Hoffman extension range specialist, and Bobby Ragsdale, assistant extension range specialist.

Red Cross Drive Underway With Goal Set At \$858

The Sutton County Chapter of the American Red Cross is now having its annual fund raising drive, Mrs. Nelson Stubblefield, secretary-treasurer, announced this week.

Save Your Best Fleeces For 1958 Wool Show

With shearing getting into full swing in Sutton County and other counties comprising the wool-producing area of West Texas, Sutton County Agent D. C. Langford this week reminded ranchers to set aside their best fleeces for entry in the Sonora Wool and Mohair Show.

The annual event features some of the outstanding fleeces and bags of wool and mohair in the state of Texas and Sutton County ranchmen are urged to prepare entries in order to insure this year's show's being the biggest and finest.

Cancer Fund Drive Falling Short

Mrs. Alvis Johnson, chairman of the Sutton County Chapter of the American Cancer Society reminded Sutton County people that the organization is having its annual drive for funds. Texas Cancer Day was observed in Sonora last Tuesday with Dr. Leon Trotter of San Angelo speaking to the Lions Club, to interested persons at Central Elementary School and to students and faculty of L. W. Elliott School. The chapter's 1958 goal has been set at \$800. Only 275 of this amount has been collected. Donations may be made to Mrs. Johnson.

Needed Rains Fall Over Weekend, Leaving From .40 To 2.00 Inches

General rains fell Thursday, April 17, bringing needed moisture to the Sonora, area. Rainfall varied from .40 points at the Sonora Woolhouse to 2.00 inches on Bryan Hunt's Edwards County

ranch. Though most of the area has had some seven inches of rain in 1958, much of it fell in January and February. March was below normal and April is below normal on most ranches. A very thick stand of annual weeds has a heavy water requirement, and frequent showers are needed to maintain moisture.

Representative rainfall reports on Thursday's rainfall, gathered by SCS technicians, are as follows:

Joe Logan .85, W. B. McMillan (Mann) 1.30, Glen Lumpkins .88, Thelma Espy 1.75, Alice Jones 1.50, Edwin Sawyer .80, Alvis Johnson .55, Herbert Fields .57, Harold Friess .90, Mae B. Sawyer 1.30, Bill Wade 1.00, Sentell Ranch .65, John Cauthorn 1.50, John Ward .90, Ed Mayfield 1.50, Lea Allison .80-1.10, Fred Earwood 1.40, Jim Adamson 1.00, Thomas Morris 2.00.

Caliche Bases Ready For Asphalt Topping As Property Owners Have Curbed

The city maintenance department is in the process of extending paving in various parts of Sonora with caliche bases ready for asphalt topping in many cases.

The street from St. Ann's Catholic Church to L. W. Elliott School is ready for topping and asphalt will be applied if property owners, who petitioned for the paving, have necessary funds on hand at the requisite time.

Property owners have curbed their streets in the Santa Rosa Division from the colored school to the Mexican Baptist Church and the streets are practically ready for topping.

A new seal course has been laid from East Second Street to the hospital and from Concho to

Hudspeth Street, an area of ten blocks in all. A new seal course has also been laid on Chestnut Street from the corner of Crockett to the corner of Water Street.

In the Hightower Addition, property owners Mrs. Alie H. McBride, A. E. Prugel, Dr. W. T. Hardy, Leo B. Merrill, R. M. McCarver, A. B. Hightower and Glen Richardson have furnished funds for paving and the streets are ready for topping.

Curbs and gutters have been installed by owners in the Homeland Addition and paving will be done following preparation by city maintenance crews.

Paving will get underway as soon as final topping of the airport runway is completed.

Sonora Band To Participate In Regional Contest

The Sonora Bronco Band is one of 38 high school bands entered in a University Interscholastic League Regional II Band and Orchestra Concert and Sight-reading Contest. The three-day contest will begin Thursday, April 24 and end Saturday, April 26.

A field of 14 bands will be competing in Class 1A, including Merkel, Albany, Roscoe, Roby, Cross Plains, Rotan, Stanta Anna, Throckmorton, Menard, Goldthwaite, Mason, Junction, Sonora and Ozona.

Judges will include Weldon Covington and Frank Phillips, both of Austin; Carrell McMath, Denton, and Joe Bellamah, Alpine, in band competition.

The meet not only will include band and orchestra competition, but also student conducting, sightreading, and solo and ensemble performances.

Mrs. W. T. McQuary of Abilene arrived Monday for a visit with her son-in-law and daughter Mr. and Mrs. A. C. Elliott.

This year's quota has been set at \$858.00, Mrs. Stubblefield said. About \$450 of that amount has been subscribed early in the week.

All donations to the Red Cross are tax-deductible, she reminded citizens.

Donations may be made to Mrs. Stubblefield or to any personnel at the First National Bank.

ALFRED SCHWIENING NEW MEMBER OF ANGUS ASSN.

Alfred Schwiening of Sonora has been elected to membership in the American Angus Association at St. Joseph, Missouri. Schwiening was one of the 18 purebred Aberdeen-Angus breeders in Texas elected to membership during the past month.

Oil News

Sutton County drilling activity appeared to be on the increase as two new wells were started in the past week. El Paso Natural Gas Co.'s No. 1-A Davis was reported at 200 feet in lime the early part of the week.

At the same time, Paramount's No. 1-A Faulkner was spudding with a cable tool rig. The rotary is to be moved in later. The drilling contract is held by Red River Drilling Co. of Breckenridge.

Region Aggies Have Annual Muster At Experiment Station

Sutton, Schleicher and Edwards County Aggies held their annual muster at the Experiment Station Monday night, April 21. Purpose of the muster is to renew acquaintances, call the roll of Aggies who have died since the last muster, and to pay homage to those who fought in the Battle of San Jacinto.

About 86 persons attended the muster which included a barbecue supper. Oldest ex-student present was D. S. Buchanan of Eldorado, a member of the class of 1908. Those on the roll of deceased were Pat Cooper and Gus Wheat.

Movies of the A. & M. - T.C.U. football game were shown. C. W. Livingston was chairman of this year's muster. Fred R. Campbell was named chairman for next year.

Compressor Donated

The airport committee received an air compressor from L.E. Johnson Jr., this week, according to Vestal Askew, chairman. Continued community support will eventually make this the best small town strip in the country, said Askew.

Final Food Control Work Plan Submitted To Government; 5 Sign Easements

The final work plan on Dry Devil's River and Lowrey Draw was submitted to Washington on April 15, according to a letter received from H. N. Smith, SCS, State Conservationist.

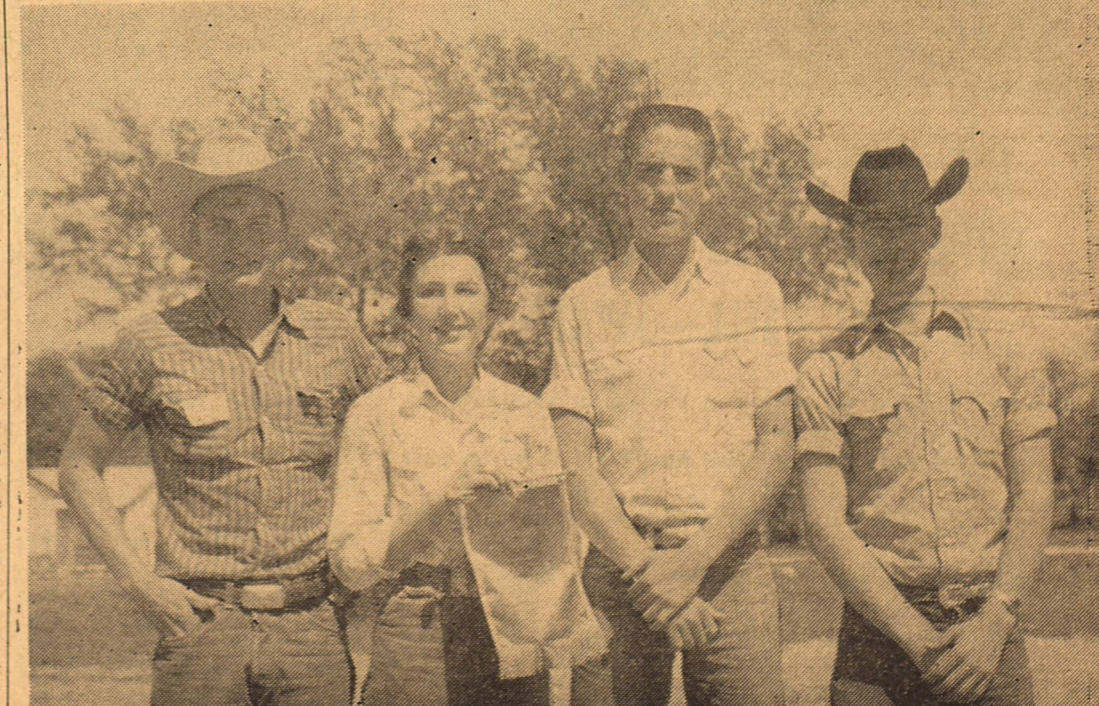

Interested agencies, including the U. S. Army Corps of Engineers, Bureau of Reclamation and Budget Bureau, now have 30 days under Public Law 566 to study the plan and make comments. Approval must then be obtained from the House and Senate Public Works Committees before Congress adjourns.

Since adjournment does not usually come until July or early August, the plan should have plenty of time to receive approval, barring unforeseen developments. If the project gains approval, and easements are obtained

from landowners, actual construction could start in late fall. Easements have been signed by five of the twenty landowners involved, and verbal commitments have been received from nine others. Six owners have not been contacted. Easements have also been promised by Lone Star Gas Company and Humble Oil Company. Letters have been written to El Paso Natural Gas Company and to Texas-New Mexico Pipeline Company, but replies have not been received as yet.

With continued cooperation of the entire community—landowners, oil and gas companies, county, city and soil conservation district officials—the project can easily become a reality in a short period of time.

The Senior range judging team of the Sutton County 4-H Club is shown above as they took first place in the judging contest held April 19. Left to right, Tommy Love, Claire Jones, Gene Brodhead and Joe Friess. Joe and Tommy were first and second high individuals. Berger Photo.

children so they no longer bring them in for counseling, thus closing up an avenue of help that nips some of the trouble in the bud.
5. The counseling and other services which have been doing some good are after neglected or even cancelled by communities in their first enthusiasm for the new law.
6. Taking earnings or job-time from parents sometimes puts the family on relief and stigmatizes the good children in a family as having "jailbird parents."
7. In a simple matter of justice, this law often punishes innocent parents, who may have one bad child but who are raising other children well.
Judge Justine Polier, for many years a New York domestic relations jurist, and Dr. Martha Eliot, former head of the government's Children's Bureau and now a Harvard professor, both decry the punish-the-parents laws equally unworkable and unfair.
"Every community should have, instead," they say, "diagnostic, counseling, and guidance services... family counselors, child guidance clinics, school social workers, parent-education classes, child welfare services, probation workers, and juvenile police officers. We don't have enough of any of these."
By Judge Sarah T. Hughes

Does The Idea Of Punishing Parents For Children' Crimes Solve Anything?

How good is the new idea that has spread so fast over the country, the idea of punishing the parents for their children's misdeeds? How much does it solve? Does it cut down juvenile delinquency in the communities that have tried it? Does it have any unexpectedly harmful effects? Surveys show that its overall results are harmful, that it does not offer the solution its advocates hope for. And yet a Gallup poll not so long ago showed that 85 percent of the cross-section of the public interviewed believed that parents should be held responsible for their children's property damage, that the public believed that blame for the rise in juvenile delinquency lay definitely with the parents. They should ask those who have tried punishing the parents.
Here are some of the reasons punishing the parents doesn't work:
1. Children often become vengeful towards their parents, try to "pay them back" for fancied or real wrongs by getting THEM in trouble with the law. "I was sore at my father and wanted to get him in trouble," one said.
2. Parents may become vengeful toward their children and make matters worse instead of better. "Don't worry, Judge, when I get through with him he won't even be able to walk," one father said.
3. Children use the law as a stick over their parents' heads to get their own way—the latter being often, of course, the path to delinquency.
"If I don't let him alone he'll do something so bad they'll send me to jail," one mother quoted her son's threats.
Juvenile case workers oppose the law because, in addition to the above reasons, it often makes the parents afraid to admit they're having trouble with their

Yearly Damage In U. S. From Insects About \$4 Billion

Only by constant fighting has mankind been able to hold his precarious own against the insect hordes that bite and sting him, destroy his food and clothing and home, and sometimes inflict horrible death. Well over a million different insect species have been described from throughout the world, and the list continues to grow at the rate of 6-7,000 new species discovered every year. This country is inhabited by approximately 600 injurious species. Some of these are proven vectors of human diseases. The vast majority of insects are neutral or indifferent where man is concerned, apparently content to let humanity go its way and demanding the same privilege. Others are highly beneficial, feeding on noxious weeds or troublesome insects, or pollinating crops. At least 50 different seed and fruit crops would be barren without insect pollinizers.
On the other hand, to fix a price tag on depredations of harmful insect varieties, you have to re-gear your thinking or risk getting lost in a maze of zeros. Just counting field crops and stored grains, they wreck an estimated \$4 billion worth of havoc every year in the United States alone.
Flies, fleas, and mosquitoes were, and still are, behind some of the most calamitous scourges the human race has ever faced, including plague, malaria, yellow fever, encephalitis, typhus, dengue fever, and filariasis.
Against this constant threat to human health and welfare, mankind has developed powerful insecticidal sprays and powders. Using them with sensible safety precautions, literally thousands upon thousands of acres of previously untenable land have been opened for human habitation. Their use has also resulted in a marked decrease in the incidence of insect-borne diseases of man and his domestic animals.
The fact that most insecticides are toxic for humans as well as for insects has caused some apprehension. It is true that people

Fisher Prefers Bluebonnets To Cherry Blossoms

By Congressman O. C. Fisher
Taxes, recession, defense reorganization, and cherry blossoms all shared major attention in Washington this past week. Former President Harry Truman came forth with the simplest of all anti-recession solutions—he told a House committee to just cut taxes by \$5 billion and increase federal spending by that amount! When asked whether this might lead to a cut in the purchasing power of the dollar, the former President replied that such matters "are Greek to me."
Well, Mr. Truman's views may be as good as those of the next man, maybe a little better. But these Utopian remedies the people are never quite as simple and as effective as they seem.
Defense reorganization is in the forefront on Capitol Hill. Our committee on Armed Services has just begun full-dress hearings. As a guest of Houston Harte of San Angelo, I attended an Editors' luncheon the other day where President Eisenhower spoke rather effectively, I thought, in support of his plan. It is a controversial subject, or at least some phases are, and an acceptable bill will require a lot of study and compromise.
On the tax front, observers here are saying the reduction drive has cooled off a bit following the Easter Recess. They say a lot of people are getting worried about a huge deficit and another possible increase in the public debt. Annual interest payments on the debt now run about \$8 million.
Cherry blossoms along the Potomac's tidal basin, like bluebonnets along the roads and highways of Texas, are at the very peak of their glory right now. Betwixt the two of them, give me the bluebonnets. They look better, smell better, they last longer, and they mean more. And very properly, you see them only in Texas.

IN THE YEAR OF

Fred Berger, a Sutton County sheepman, was here last week, and he was about the happiest man we have seen for some time. He had a marriage license in his pocket and was on his way to Elemendorf, Texas, where he was married on Thursday, Nov. 12, to Miss Helen Brehm, of this country. They left Saturday morning for Sutton County, their future home. Quite a number of Mr. Berger's old friends were present at the ceremony, and all joined us in extending congratulations. -San Antonio Stockman. -1896-

County sold before the election 75 head of 2-year old steers to J. M. Piper of San Angelo at \$14 a head. -1896-
The Bar S outfit marketed a train load of speyed heifers last week, three-year-olds that averaged 925 pounds and brought \$3.25. Pretty good heifers, those. -1896-
D. A. Cauthorn, one of the most successful mutton raisers in the Sonora country, was in town this week for supplies. -1896-
C. J. Hodges and Mr. Knight representing the Hurlbut Hardware Company of Brownwood were in Sonora Friday.

How to Keep a Free Press FREE

SELDOM does Freedom of the Press disappear in one annihilating blow. In countries where the Press has been chained, there was first a period when it failed to realize and resist the beginnings of its end—the first encroachments on its freedom. There were powerful interests which wanted certain facts "kept out of the newspapers." There was pressure here and pressure there to have the truth withheld. Before the Press of any nation succumbs to tyranny, there always has been a period of failure to speak out.
Here in America there is only the limitation of national security—the necessity to protect and preserve confidential military and scientific information—which can be accepted by a Press that is determined to stay free. America's newspapers have made, and will continue to make, a conscientious effort to protect that security—at the same time keeping the people informed as fully as possible on all matters concerning their welfare. So long as American newspapers pursue that policy fearlessly, our Press, our people and our country shall remain free of tyranny.

EXPERIENCED QUALIFIED CAPABLE Your Vote and Support Solicited Pol. Adv. Paid for by J. Chrys Dougherty

YOUR MINISTER SAYS

By Rev. Doyle W. Morton "Then the same day at even ing, being the first day of the week, when the doors were shut where the disciples were assembled for fear of the Jews, came Jesus and stood in the midst, and saith unto them, Peace be unto you." John 20:19.

The disciples were like so many of us today. They were a little band of frightened men, huddled in a dark room feeling very insecure. "Shut the door! Lock it! Don't let anyone in!" They were doing this "for fear of the Jews."

A short time later Jesus said to this same group, "go ye into all the world." His cause was not one of fear, but one of courage. It was not something to be hidden, but must be brought out in the open. Many times we sit in fear behind closed doors "for fear" of some enemy—real or imagined.

Jesus would have us today to come out from behind our "closed doors" and take the message

into "all the world." We hide "for fear of public opinion," or "for fear of being fanatics." Sometimes we are afraid for people to know just where we are, and just what we believe. To us Jesus says, "Come out from behind the doors and go into all the world." We can go, for Christ is risen and alive.

LOCAL NEWS BRIEFS

Lt. Col. Savell Lea Sharp of Portsmouth, New Hampshire, arrived in Sonora recently for a visit with his mother, Mrs. Annie Sharp.

Clyde Clemens of Dallas has been in town for some time visiting friends. He is a guest of Wesley Sawyer.

Mrs. J. P. Smith visited in Del Rio Wednesday and with her sister and family, Mr. and Mrs. Clyde Bayley in San Benito for the remainder of the week.

Warmer Water Necessary For Bass Spawning

A heavy black bass spawn is expected to begin as soon as the water temperatures reach a temperature of 59 degrees Fahrenheit and remain there for four or five days, according to the Chief Aquatic Biologist of the Game and Fish Commission.

Many bass now being snagged by fishermen show ample evidence of their readiness to spawn he said. Proper water temperature is necessary, however, he pointed out.

"We had a big spawn last year and these yearling bass are now ready to spawn themselves," he said. "In addition we have many large bass in every lake and stream in Texas. Most of them are now 'ripe'."

Success of the spawn will depend upon water conditions for the next few weeks, he said. If there are no heavy draw-downs on the water level of the lakes, there'll be another terrific bass crop. Because of continued rains and ample moisture, these draw-downs are unlikely, which will leave ideal spawning conditions.

Descendants Sought To Share In Will Of Ole Olsen

A county-to-county and-city-to-city search is underway in Texas for children, grandchildren or nieces and nephews of a Norwegian immigrant who are wanted to share in a \$54,000 estate.

This became known here today when Walter C. Cox, probate genealogist of Tucson, Arizona, who specializes in tracing missing relatives to settle estates, took over the hunt with time-dimmed clues.

Descendants or other next-of-kin sought are those of the late Ole Olsen (or Olson) whose real name was Ole Chylestad and

The water at the present time has considerable food for baby fish of all kinds. This has been washed in by recent rains.

White bass runs continue on all the major streams. Crappie fishing also has been picking up in the major impoundments, with the limit reported by many fishermen throughout the state.

Minnnows now are getting fairly plentiful for those who prefer minnows over artificial lures

who reportedly died after 1913 in a Texas nursing home.

Olsen, born Chylestad in the late 1830's or early 1840's in Norway, is said to have gone to Texas from the Pacific northwest 10 or 15 years before his death reportedly accompanied by one or more children of two marriages.

One son may have accompanied him was Edward Chylestad, born in about 1883 to Ole's first wife, Anna. He had other children from a second marriage in Minnesota to Kare Svendsdatter.

Olsen (the name he was using when he went to Texas) appears to have been a wanderer, having at various times in Iowa, North Dakota, Minnesota, Washington and Oregon.

The estate was left by a relative under circumstances in which it will be shared with Olsen's descendants or nieces and nephews, successively. The portion to claim by the persons sought is described as "substantial".

-1896-

R. G. Kleberg of the King Ranch bought the Gunther herd of 600 head of Hereford cattle from the Dr. J. B. Taylor administrators for about \$1,500. These cattle were on the Taylor ranch in this county.

Traffic Laws Are On Your Side—Learn And Obey

"Traffic laws are on your side—you should know and obey them!" J. O. Musick, General Manager of the Texas Safety Association, made this statement today as he urged the public to support the traffic laws program currently being conducted by TSA and the National Safety Council as a part of the nationwide Back the Attack on Traffic Accidents campaign.

"You can't afford to be careless or thoughtless in traffic," Musick said. "Your life depends on your behind-the-wheel behavior."

The safety expert urged the citizens of Texas to obey traffic laws to the letter. He said that some drivers knowingly play dangerous angles and short cuts—they jump red lights at intersections, never really stop at stop signs and overdrive the speed limit. He said that these drivers too often end up paying a high price for their lawlessness—a serious injury and sometimes death.

"If every driver would realize that the traffic laws are on his side, he wouldn't think of disregarding them," Musick said. "When you drive faster than the speed limit, make wrong turns, go through red lights or stop signs or pass improperly, you run these risks—traffic fines, costly car repair, towing costs, medical bills, lost wages, damage suits, lawyer's fees and loss of your driver's license."

"Add to these the suffering and anguish even a minor traffic accident causes and you have a real case for safe driving."

He emphasized that every Texan should make it his personal project to get behind traffic officials and help make 1958 the decisive year for traffic safety.

-1896-

Mrs. Serena Adams sold the Quince Adams the old home place of 320 acres on the North Llano for \$1,600.

Carol Rose Holland, Oscar Lee Carpetner Wed In Rocksprings Church Ceremony

Mr. and Mrs. Oscar Lee Carpetner, Jr. went to El Paso for their wedding trip following their marriage April 4, in Rocksprings.

The marriage vows were read by the Rev. Doyle Morton, pastor of the Sonora Methodist Church, in the First Methodist Church in Rocksprings.

Mrs. Carpetner, the former Miss Carol Rose Holland, is the daughter of Mr. and Mrs. Billy Holland of Rocksprings. Mr. and Mrs. Oscar Lee Carpetner, Sr. of Sonora are parents of the bridegroom.

Mrs. W. T. Hardy played organ selections and accompanied Mrs. Dick Fly, soloist. Candelighters were Norman Whitworth, Jr., cousin of the bride and Charles Henderson, both of Rocksprings.

Given in marriage by her father, the bride chose a wedding gown of Chantilly lace and tulle designed with a fitted bodice of lace. The portrait neckline was outlined with seed pearls, and a bow of lace accented the waistline. The bouffant skirt of tulle was fashioned with a front lace panel. Her fingertip-length veil of tulle was attached to a half-hat embroidered with seed pearls and sequins. She carried a white Bible topped with a white orchid surrounded with lilies of the valley.

Miss Ann Ratliff of Ozona was maid of honor, and bridesmaids were Miss Sandra Ratliff of Ozona, Miss Barbara Wilson of Sonora, cousin of the bride, and Miss Kay Hawkins of Rocksprings. Janet Kay Whitworth cousin of the bride was flower girl.

O. L. Carpenter, father of the groom, was best man, and

groomsmen were Tyree Hardy, Joe David Ross and Ted Joy.

Following the ceremony a reception was held in Edwards County Park Building.

Mrs. Carpenter is a student in Rocksprings High School. Her husband is a graduate of Sonora High School, Texas A. & M. College and is a member of Fort Stockton High School faculty.

Mr. and Mrs. Oscar Lee Carpetner, Sr. were hosts for the rehearsal dinner given in the Park Building, and Dr. and Mrs. W. T. Hardy were hosts for the wedding luncheon.

Airport News

By Hollis E. Moore

Too late for last week's news was Jan Vander Stucken's soloing the Tri-Pacer. Congratulations, Jan. Nancy Neill is a big step nearer her Private License by passing the CAA written examination. Your reporter added a multi-engine rating to his ATR.

With our airport still unpaved, we did not have too many flying visitors. Even had to turn away a DC-3 that wanted to land. With the paving actually underway today (April 21), maybe we won't have to turn many more away.

Biggest news around the airport is the return of the "Gooney Bird". Guess now the members of the Flying Club will have some transportation to their favorite fishing hole. The work on the Champion is progressing very well and it should be back soon.

While listening to the "Hanger" talk we overheard Jan Vander Stucken say, "Well, I learned one thing from that flight today and that is not to go out flying when

ATTEND CONVENTION OF MUSIC CLUBS IN FT. WORTH

Mrs. Marvin Ellingson, president of the Sonora Music Club and Mrs. J. C. Steven, vice-president, attended the 43rd annual convention of the Texas Federation of Music Clubs which was held at the Texas Hotel in Fort Worth April 9 through 12.

The theme of the program was "Music for the Whole of Life". The Rev. R. W. Joblowski, Jr., pastor of St. Stephen's Presbyterian Church, gave the invocation. The Hon. Thomas A. McCann, mayor of Fort Worth and Mrs. Roy Nussbaum gave the welcome in behalf of host clubs. and Mrs. R. L. Morrison of Odessa gave the response.

Speakers for the convention spoke on "Man's Response to Music", "Music Training is Technical Training", "Music in Recreation and Industry" and "International Music Relations". Musical and vocal programs were also enjoyed.

Outstanding artists were Hungarian refugees, Louis Galanffy and Adele Galanffy of the music faculty, Mary Hardin Baylor College, Belton. They played Duo-Piano, Second Hungarian Rhapsody by Liszt. They made their escape with their two small sons and came to the United States in 1956.

Mr. and Mrs. Pat Lyles and son, Gaddy, went to San Antonio during last weekend.

there is a crosswind." Actually this is real good advice. If you have no experience flying in high or crosswinds the best place to be is on the ground.

We would like to emphasize that safety in flying is one of our pet projects and would like the cooperation of all concerned to keep it that way. One of the best ways to fly safely is to know your Civil Air Regulations and abide by them. Due to the increase in local flying we are going to conduct a special session of ground school devoted exclusively to these Civil Air Regulations. The time will be announced soon, so be looking and plan to attend. At present we are studying the questions covered in the Private Pilot examination. These questions are similar to those you will receive on your exam. Remember anyone and everyone is invited to attend ground school which meets each Monday and Friday evening at eight o'clock.

Our large UNICOM radio is back out of the radio shop and so far is working fine.

For today's safety tip Ye Olde Instructor reminds you: Take it easy driving to and from the airport. It is 60 times safer to fly than to drive.

P.S. During our paving operations at the airport we have had several instances of damage to the prime coating due to cars driving on it. If you visit the airport, please refrain from driving on any paved or primed surfaces.

NOTICE—An Air Craft taking off from the Air Port Wednesday lost a piece of its canopy. If anyone has found it, please return it to the Air Port.

Don't those nice fluffy clouds look soft and inviting to the pilot? Most of them are and a lot of pilots fly through them, but did you ever try to fly through a cumulonimbus cloud? Did you know that the updrafts and downdrafts in a cumulonimbus cloud sometimes are high as 150 miles per hour. The moral is to come to ground school and learn before you leap.

THE WOMEN'S PAGE

The Devil's River News-Sonora, Texas, Thursday, April 24, 1958

Miss Jean Ann Gaines, Edward Aldwell To Be Wed June 28 in Cincinnati, Ohio

The coming marriage of Miss Ann Gaines and Edward Aldwell was announced today by her mother, Mrs. Wain Lynfoot. The wedding will be solemnized, June 28, at the Church of St. Michael's and All Angels in Cincinnati, Ohio.

Miss Gaines is the daughter of Mrs. Wain Lynfoot of Columbus, Ohio, and Byrd Day Gaines of Memphis, Tennessee. She is a graduate of Walker County High School, Jasper, Alabama, and will graduate from the College-Conservatory of Music, Cincinnati this June, where she is studying piano and is a member of Pi Kappa Lambda, national honorary music fraternity.

Aldwell, whose home is in Sonora, is the son of Mrs. Mary Ethyl Aldwell of Agate Beach,

Miss Jean Ann Gaines

Oregon and Lea Roy Aldwell of Sonora. He attended schools in Sonora and is a graduate of Withrow High School, Cincinnati. He has studied piano at the College-Conservatory of Music and the Juilliard School of Music in New York City.

After the honeymoon the young couple will live in New York City, where Aldwell will continue his studies at the Juilliard School of Music.

MRS. PETERSON HOSTESS TO THURSDAY BRIDGE

Mrs. Karen Peterson entertained the Thursday Bridge Club in her home last week. The party rooms were decorated with arrangements of spring flowers and a dessert plate was served.

Mrs. R. B. Kelley won high score prize, Mrs. Robert Rees won the bingo prize and Mrs. C. E. Stites won the consolation prize.

Also attending were Meses J. W. Trainer, Rose Thorp, Lee Labenske, Joe Berger, R. V. Cook, Tom Sandherr, Auther Simmons, O. G. Babcock and Louie Trainer.

FRIENDSHIP CLASS PARTY HELD AT CHURCH THURSDAY

The Friendship Sunday School Class was entertained in the Baptist Church parlor Thursday evening with Mrs. Jack Drennan as hostess and Mrs. H. V. Morris as co-hostess. Spring flower arrangements were featured in decorating and a dessert plate was served.

Mrs. T. L. Harrison opened the meeting with a prayer and the devotional was given by Mrs. W. R. Drennan and Mrs. R. G. Nance. Mrs. Nance presided over the short business session and Mrs. Joe Hull conducted the social hour. Mrs. R. M. McCarver led the dismissal prayer.

Congratulations To These New Parents

Mr. and Mrs. Jesus C. Favila are the parents of a girl, Lucinda Lynn, born April 18 at Lillian M. Hudspeth Memorial Hospital. Her weight was 6 pounds and 6 ounces.

Grandparents are Mr. and Mrs. Jesus V. Favila and Mr. and Mrs. Servando Gomez. Great-grandparents are Mr. and Mrs. Esperidiano Castro.

LOCAL NEWS BRIEFS

Mrs. Della Mae Merriman left for Midland Monday where she will visit with her daughters and their families, Mr. and Mrs. Monroe Voigt and Mr. and Mrs. Al Burrow.

Miss Clara Allison of San Angelo was in Sonora this week the guest of her niece, Mrs. Mary Johnson.

Mr. and Mrs. R. S. Teaff left Monday for a visit with his mother, Mrs. Bertha Teaff, in Bristo, Oklahoma.

Mrs. Newt Poteet, Mrs. Fannie Franks and Mrs. J. L. Martia were in San Angelo during last weekend on business.

Mrs. A. W. Awalt spent last week in San Angelo visiting in the home of her son and family Mr. and Mrs. Sid Awalt.

Don McGara of McCamey is a guest in the home of Mr. and Mrs. Boyd Lovelace this week.

Mr. and Mrs. R. B. Crites and Charlie of Pearland, spent last weekend in Sonora guests of Mrs. Pearl Crites, Mr. and Mrs. W. O. Crites and Mr. and Mrs. Ted Letsinger.

PHOTO TINTING SUBJECT OF ART CLUB STUDY

The Sonora Art Club met in the Art Room Monday night for their regular meeting with Mrs. Maysie Brown presiding during the business session.

Mrs. John A. Martin, nominating committee chairman, presented names for the following offices: Mrs. R. M. McCarver, president; Mrs. A. W. Awalt, vice president; Mrs. G. M. Owens, secretary and treasurer and Mrs. H. V. Morris, reporter.

Mrs. G. M. Owens conducted a program on photo tinting in oils and members worked at tinting photos and pictures. A social hour followed with the hostess

BIRTHDAY PARTY HONORS MRS. GEORGE SCHWIENING

Mrs. Mary Johnson complimented Mrs. George S. Schwiening with a birthday party last Wednesday, April 16, in her home. Birthday cake and coffee were served to relatives of the family and Mr. and Mrs. Wesley Sykes, Mr. and Mrs. W. B. Dillard and family.

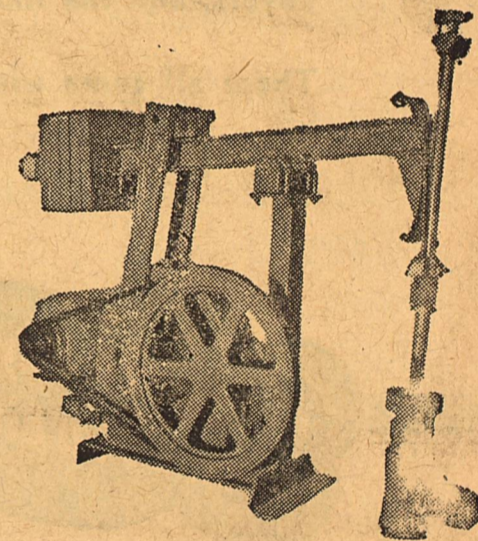

Mrs. Annie Meacham of Portland, Oregon, arrived in Sonora Friday for a visit with her brother and family, Mr. and Mrs. J. A. Sykes.

Mrs. R. M. McCarver serving sandwiches, cookies and coffee.

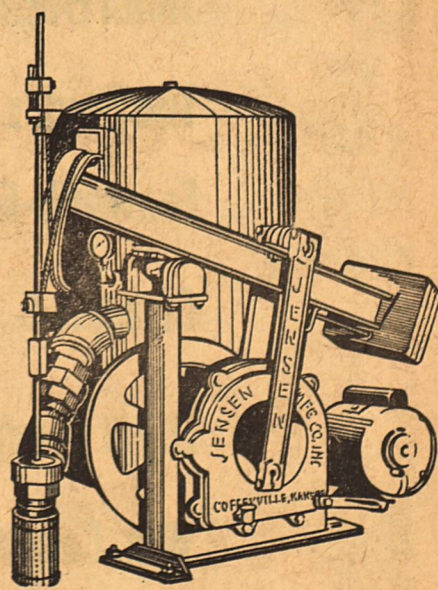

Visit the new Commercial Cafe, specializing in the best in Mexican foods, chicken, steaks and sandwiches at moderate prices. Private dining room now available for your convenience at

To Serve You Better We Have Assumed The Dealership For Jensen Jacks

The Model 50 DC Jensen will pump from four hundred feet through a two and three-fourths inch cylinder with a one-third h.p. electric motor or a one-half h.p. gasoline engine. Perfect balance allows this economical water pumping.

And Jensen Automatic Water Systems

A one-third h. p. electric motor will furnish power for a complete Jensen water system. This system maintains water pressure from 20 to 40 pounds and will pump from 215 feet through a two-inch cylinder.

STOCKED BY YOUR LOCAL JENSEN DEALER Investigate Jensen jacks and Jensen automatic water systems.

PRESCRIPTION PHARMACISTS

YOU CAN ENJOY GOOD HEALTH IN OLD AGE...

Retain your good health right through your later years. It may be necessary to give the body some extra care, but this is simply routine. More attention to diet and rest can be helpful—and moderate exercise is essential.

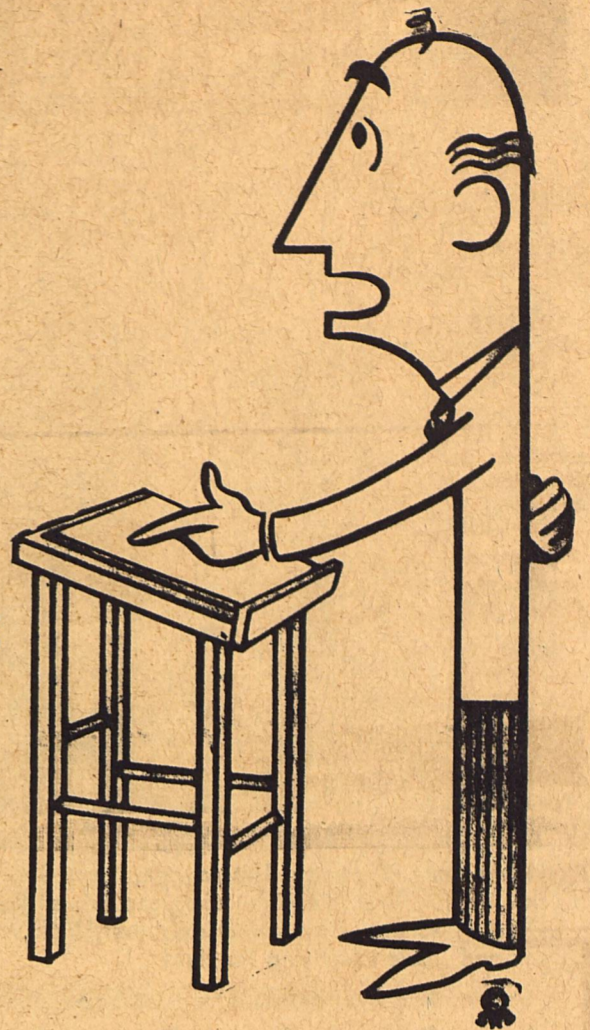

But most important is regular attention by your Doctor. He will guide you in the use of necessary medicines, which should be taken only at his direction. He will prescribe only the best medicines, such as those of Parke, Davis & Company.

We invite you to bring your prescriptions here promptly, as we are prepared to serve your every pharmaceutical need. This extra care can do much toward making old age your most healthful and pleasant years.

The Practical Value of Buying where You Live

For instance . . . meditate for a minute on what a comfort it is to have people around you. Particularly people like doctors, plumbers, druggists, firemen, preachers, mechanics, taxpayers, and the like.

These all come with towns. Towns

come with business. Your business. Every nickel you spend in some other town helps to send some of these handy people away from here.

Maybe it even helps to eliminate YOUR job. Certainly it decreases the profits on whatever business you

are in, and reduces the value of any property you may own in this area.

We're social critters, and depend on each other for many things. But when you scratch somebody else's back, be sure he stands where he can scratch yours in turn.

VD On Increase?

Some people say we have more venereal disease today than we used to have. Others say we have less. Still others say we have about the same amount we've always had in proportion to population.

Who's right? The question is timely since national attention is being focused on social hygiene this week.

The answer depends on the point of view. It is true that more cases are being reported to state health authorities. The key word in that sentence is "reported." Venereal disease is like an iceberg—a little bit is visible above the surface, but the vast bulk of it is submerged. Probably no more than two to ten percent ever comes to light.

Texas has had this experience: Every single area where case reports have increased has a wide-awake program of case finding. Examples are Houston and recently, Dallas and Fort Worth.

The exact reverse is also true. Areas claiming to have no VD problem are without energetic case-finding activities. It all boils down to this: The dog won't come unless you call it.

The number of cases of infectious syphilis reported for the entire state in 1956 totaled 541. Of that number, 282 cases were diagnosed by public health clinics, and 259 by private physicians.

Now compare those figures with the record for 1957. A total of 545 cases reported, 368 from public health clinics, and 177 from private physicians.

It is the decline in case reports from physicians that causes concern. It is known that more than 50 percent of all VD patients are treated by private physicians. Unless public health interview-investigators have access to those patients, we cannot find out who their contracts were, and consequently cannot get them under treatment.

Texas has a harder time trying to control VD than most states have. The reasons are obvious: tremendous distance more than 900 miles of international boundary, and 53 military installations peopled by thousands of young men—most of them away from wholesome home influences for the first time in their lives.

When penicillin proved to be an almost miraculous cure for both syphilis and gonorrhea, we thought our VD troubles were over. Budgets were slashed, personnel reduced, control programs curtailed. Now we are reaping the harvest of misplaced optimism.

We cannot regain that optimism until the public realized VD is communicable. When this happens we can go ahead with controlling and eventually eliminating a major public health menace.

**Robert E. Wall, 73
Buried Here
Saturday, April 17**

Services for Robert E. Wall 73, were held in the First Baptist Church Saturday with the Rev. W. L. Brown officiating. Burial was in the Sonora Cemetery under direction of Ratliff Kerbow Funeral Home. Mr. Wall died Thursday, April 17, in Hudspeth Memorial Hospital after a week-long illness.

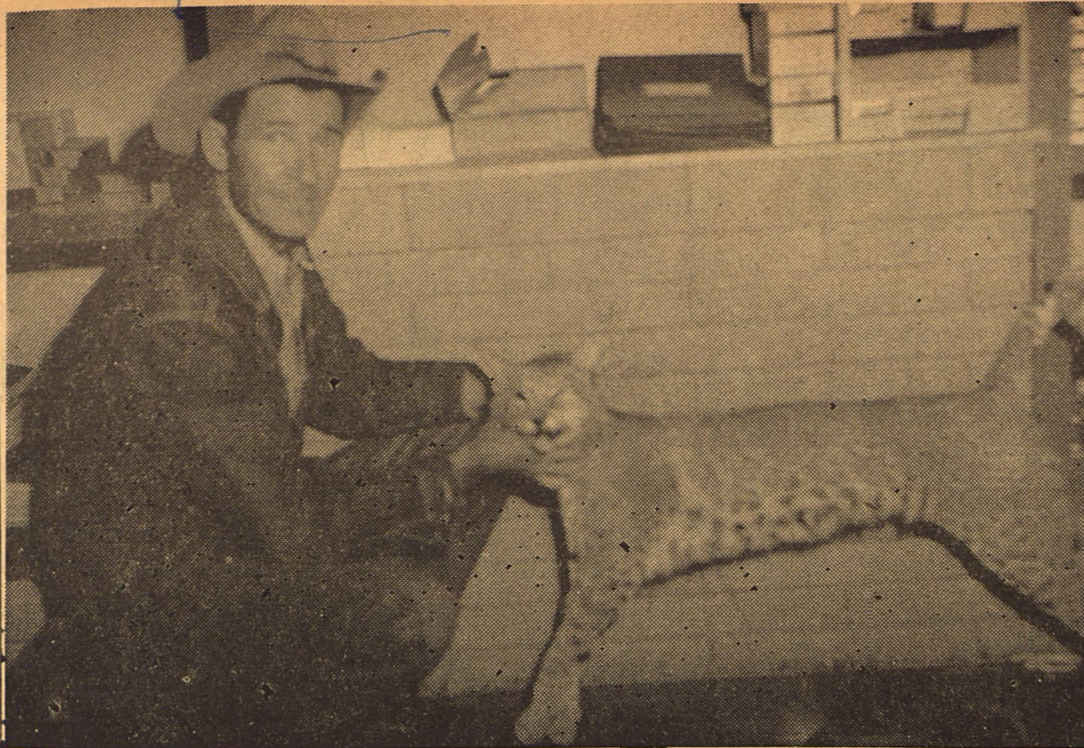

Born April 27, 1884 in Sutton County, he was married to Miss Nellie Kuykendall in 1916. He lived in Sutton County all his life.

He is survived by his wife; three daughters, Mrs. Ollie Bell Potts and Mrs. Mandy Simmons,

The Rev. Allan Guthrie will be a speaker at the area meeting of Presbyterian young people in Odessa Wednesday and Thursday. He spoke Tuesday night to the men of the Presbyterian Church in Junction.

both of Monahans, and Mrs. Thelma Louise Olson of Detroit Lake, Minn.; six sons, Aaron E. and Eddie Wall, both of Sonora. E. W. Wall of Las Cruces, N. M., Lincoln Wall of Tahoka, Ira Wall of Odessa and Robert Wall, with the Navy; two sisters, Mrs. Donna Collins of Bamhart and Mrs. Minnie Barrow of San Angelo; and four brothers, Henry Wall of Sierra Blanca and Andrew Wall, Tom Wall and George Wall, all of Sonora.

Serving as pallbearers were Alfred Schwiening, Jr., James Wilson, Lester Archer, Jess Maxey, George S. Schwiening and Alfred Cooper.

Jessie I. Johnson is shown here with the 28 pound lynx cat killed on the Edith McElwain ranch 25 miles west of Sonora. Johnson killed the big cat after trailing him with his blue lacey hounds. The cat was known to have killed several head of goats.

LIONS ROAR

A. C. Hart, director of the Sonora High School band, presented a number of his instrumental music students in a program of regular Tuesday luncheon meeting this week.

Those presented in quartets and trios were Nancy and Peggy Hart, Jan Keng, Jo Bess Vander Stucken, Alice Lee Daughtrey, Rex Ann Baker and Linda Spraggins.

Lions President Clayton Hamilton reminded Lions of Texas Safety Day Wednesday, April 23. Governor Price Daniel will open the observation of the day with a radio address at 9:30 Wednesday morning.

Lion Hillman Brown reminded Lions of the broom sale to be held Tuesday, April 29. He passed out "Buy a Broom" badges for Lions to wear.

Robert F. Mayer was the only guest.

Mr. and Mrs. W. B. McLin and family of Hayward, Calif., are spending two weeks in Sonora guests of Mr. and Mrs. B. W. Lovelace.

LOCAL NEWS BRIEFS

Mrs. Juliet Driskell spent last week in Junction the guest of her brother-in-law and sister, Mr. and Mrs. John Tredwell.

Mr. and Mrs. W. F. Berger and Larry left Wednesday for Galveston where Larry will receive a routine check up.

Mrs. Thelma Espy spent last weekend at Lake Buchanan the guest of her son and daughter-in-law, Mr. and Mrs. H. T. Espy.

Mr. and Mrs. A. Z. Joy and daughter, Yvette, left Thursday for their home in Laramie, Wyo. after a visit of ten days with his parents, Mr. and Mrs. Artie Joy.

Mr. and Mrs. B. W. Lovelace and Mr. and Mrs. Marvin Cowser visited Lovelace's father, Charles D. Lovelace in Bandera Friday.

**WORLD'S GREATEST
WIFE SAVER**

**an ELECTRIC
CLOTHES
DRYER**

"I want no
flame next
to my clothes"

APRIL SHOWERS
may bring May Flowers but they
also bring headaches to the
housewife trying to dry her washing

Let Reddy Kilowatt and an Electric Clothes Dryer rescue you from one of housework's hardest chores.

In 30 minutes or less an Electric Clothes Dryer will dry an average washer load of clothes ready for damp-dry ironing, or you can have your clothes competely "wind-blown" dried in about an hour. This is real convenient during spring weather or anytime as far as that goes. You can be completely independent of the weather with an Electric Clothes Dryer.

Stop worrying about washday drying problems. Install an Electric Clothes Dryer at once!

Electricity costs so little — you can afford to use lots of it! West Texas Utilities Company
