'Bob' Hamilton, Ex Bronco Coach Is Favored To Win In Run-Off Saturday

Sutton County voters will go to the polls Saturday, August 23, to cast their ballot in the Second Democratic Primary to help Texans determine the winner on the hotly contested race for Associate Justice of the Supreme Court, place 1. In Texas' only run-off election this year, Robert W. Hamilton of Midland County and J. Edwin Smith of Harris County seek the office. Sonorans are particularly in-

terested in this race since Hamilton coached the winning Bronco Team in 1920 and 21, on which such notables as John Eaton, John A. Martin, Jr., George E. (Bud) Smith and others, starred. Hamilton led by more than 160,000 votes in the first Democratic Primary, and was selected as the preferred candidate of Texas lawyers in a secret vote conducted by the State Bar Association.

It is hoped that Sutton County voters will turn out in force to vote in the run-off Saturday despite light absentee voting.

Sonoran's Father Buried Wednesday In Paint Rock

Funeral services for Jim M. Gatlin, 66, who died Monday, August 11, in Lubbock, were held Wednesday in the First Baptist Church in Paint Rock and burial was in the Paint Rock Cemetery. Born in Paint Rock, Mr. Gatlin had lived in Millersview but for the last 13 years had lived on the Earl Wilson ranch near Juno. He is survived by five sons including Jimmie Gatlin of Sonora; five daughters; three sisters; one brother; 28 grandchildren and three great-grandchildren.

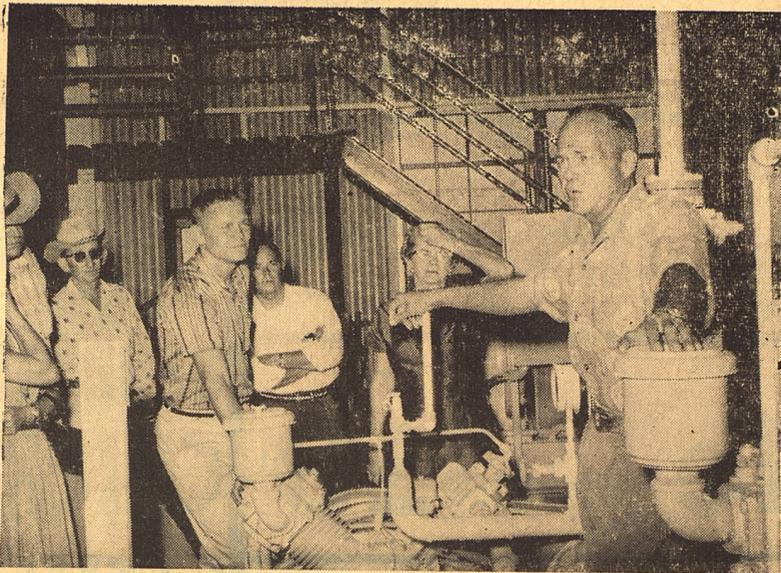

OIL NEWS

L. E. Scherek, San Angelo, and W. J. Carey, Dallas, will drill a 6,600-foot Ellenburger wildcat in Sutton County, 3 3/4 miles southwest of the North Branch Gas field and 14 miles east of Sonora. It will be the No. 1 Annella Stites.

Location is 660 feet from the south and east lines of 67-BHE&WT.

Tucker Drilling Co., San Angelo, will be the drilling contractor.

EL PASO GAS PLANT ACTIVATED WITH WELL ATTENDED BARBECUE

Last Thursday's barbecue at the El Paso Natural Gas dehydration plant and compressor station was a success.

About 750 people attended the event, which was sponsored by the local Oil Information Committee and the Lions Club. The sponsors gave special thanks to the local businessmen who gave financial aid as well as ranchmen who donated meat for the barbecue.

Before the goat meat (prepared by Olin "Coon Dog" Harris) was served local visitors took a tour of the new plant, led by J. A. Morris, a future resident at

the plant, and exchanged greetings with company officials who came to Sonora for the event.

NOTED VISITORS

About thirty company officials were here from headquarters in El Paso and Jal, New Mexico.

Arriving from El Paso on the President's plane were E. A. Scarce, Permian Division Manager; Walt Miller, Southern Division Manager; Dick Butchsky, company head of transportation; Mr. Majors and Mrs. McClain of the tax department; B. J. Francis, personnel representative; and J. C. Williams, Plants Superintendent.

Others from Permian division headquarters in Jal included Joe Kohlman, in charge of safety; G. E. Kendrick, Permian Division Superintendent; J. C. Williams, Plants Superintendent; and Doyle Balko, Permian Division Personnel Representative.

FUTURE EXPANSION

When asked to rate Sutton County as a gas producing area, Balko said this was almost impossible because the area is in its "infancy as far as exploitation is concerned". But he said there was "great hope" for the area in the future. "And when we speak of the future, we mean twenty years as a very minimum," he hastened to add.

As new gas is found the company plans to build five houses in addition to the three already built at the plant for personnel.

Personnel and their families already living as permanent residents or soon to move in are Mr. and Mrs. H. L. Stanley of Crane and their three children, aged 8, 6, and 3; Mr. and Mrs. Ralph Perry of Crane; and Mr. and Mrs. J. A. Morris of Kermit.

SHS Registration To Begin Monday

Registration for the coming school year at Sonora High School will begin Monday morning, August 25, according to Principal A. T. Barrett. Students who did not attend Sonora High School last year but have moved into the community from other cities will be registered at Barrett's office at nine o'clock Monday morning.

Further registration scheduling is as follows:

Tuesday, August 26, 8:00 to 12:00, Seniors.

Tuesday, August 26, 1:00 to 5:00, Juniors.

Wednesday, August 27, 8:00 to 12:00, Sophomores.

Wednesday, August 27, 1:00 to 5:00, Freshmen.

Grade School Registration Set For New Students

Registration for students who have moved into the community during the summer months will be held on Monday and Tuesday mornings, August 25 and 26, from nine o'clock until noon. This registration will be held only for those students who will be in the first through seventh grades and who will attend Central Elementary School.

Students who were registered for the first grade last spring need not re-register. In other words, the school is attempting

Russian Delegation Visits County Experiment Station

Our county is not known for its lack of eminent visitors. The latest ones were a delegation of five Russian agricultural experts including the Vice Minister of Agriculture of the U.S.S.R., Evgeniy Mikhailovich Chekmenev.

Other Russians in the group were V. V. Memmorov, Vice Minister of Agriculture, R.S.F.S.R.; Mark Spivac, Minister Agriculture Ukraine; Makar Posmitny,

Kolkhoz Chairman; Ivan Ivanovich Kruglyak, swine expert; Abdrakhim Elemanov, Akademician; Nikolai Sergeevich Soloviev, cameraman; I. E. Emeljanov, Minister of Agriculture; and M. L. Rytova, translator.

They were accompanied by a state Department leader, other translators, U. S. Department of Agriculture experts.

The group stopped in Sonora long enough to pick up County Agent Clinton Langford, Dick Reed and Hal Waitsitt, SCS personnel. They all went to the Texas A. & M. Experiment Station for a day's tour led by Leo Merrill and Oscar Carpenter.

The Russians were interested and asked many intelligent questions but they remained good-natured and jovial throughout the trip over the experiment station, even though most were without hats in the West Texas sun.

After a sack lunch prepared by the Cactus Hotel, San Angelo, the Soviets were addressed through their translator by Oscar Carpenter.

Carpenter asked what success the Soviet Union had had with some 1,500 Angora goats and Rambouillet sheep purchased in Sutton County by a delegation that was here in 1936.

The Vice Minister replied that the sheep had been tremendously successful. He pointed out that one champion ram had sheared 65 pounds of wool. It was established later that this was with three and half years' growth.

Before the delegation left, Chekmenev pinned honorary medals on several Americans present including Langford and Carpenter. All was good will when they left for San Angelo Friday afternoon.

J. A. Morris, soon to be a permanent resident at the newly opened El Paso plant, explains the workings of the station to visitors at the barbecue celebration last week. Several hundred local people toured the plant and ate barbecue.

Lamar P. Fuqua Dies Saturday

Lamar P. Fuqua, 49, died Saturday, August 16, at his home in Ballinger following a heart attack.

Services were held in the First Methodist Church in Ballinger Monday at 4:30 p.m. with burial in Evergreen Cemetery.

Born in Center, Mr. Fuqua attended Oklahoma A. & M. College and Centenary College in Shreveport, La. He was active in sports in both schools. He married the former Miss Gladys Holt in Shreveport.

Mr. and Mrs. Fuqua and their family were residents of Sonora from 1948 to 1956. He owned and operated the Chevrolet Garage here during that time.

He is survived by his wife; three sons, Donald, Kenneth and Steve Fuqua, all of Ballinger; one daughter, Linda Fuqua of Ballinger; his mother, Mrs. George Fuqua of Shreveport; two brothers; one sister.

Mrs. Willie Martin Services Held Today

Services for Mrs. Willie Martin, 76, were held Thursday morning in the First Methodist Church here with the Rev. Doyle Morton performing the rites. Interment was in the Sonora Cemetery under direction of Robert Masie Funeral Home.

Born on a ranch near Eden, Mrs. Martin had lived in the vicinity of San Angelo all her life. She was a member of the Methodist Church and taught a Sunday School Class for a number of years. She died at her home in San Angelo Tuesday night, August 19, following a heart attack.

She is survived by four sons, John A. Martin and Bobby Martin, both of Sonora, Sam H. Martin of Tucson, Arizona, and Billy Martin of Sao Paulo, Brazil; four daughters, Mrs. Jack Taylor of San Angelo, Mrs. R. L. Martin of Bridge City, Mrs. Dan Ellis and Mrs. Joe Almond, both of Lubbock; a brother, Hardy Taylor of San Angelo; three sisters, Miss Deb Taylor of San Angelo, Mrs. H. C. Anderson of Abilene and Mrs. W. P. Anderson of Sweetwater; 12 grandchildren and several great-grandchildren.

IT FITS! One comrade tries on an especially made hat, courtesy the Star Telegram, to protect him from Sutton County sun.

Some of the more photogenic members of the Russian delegation gather in front of the Court House before their trip to the experiment station. Right to left they are County Agent Clinton Langford, Mr. Emeljanov, Mr. Elemanov, sheep and goat expert; Mrs. Rytova, translator; Mr. Kruglyak, Mr. Posmitny, and their state department leader Francis Stevens.

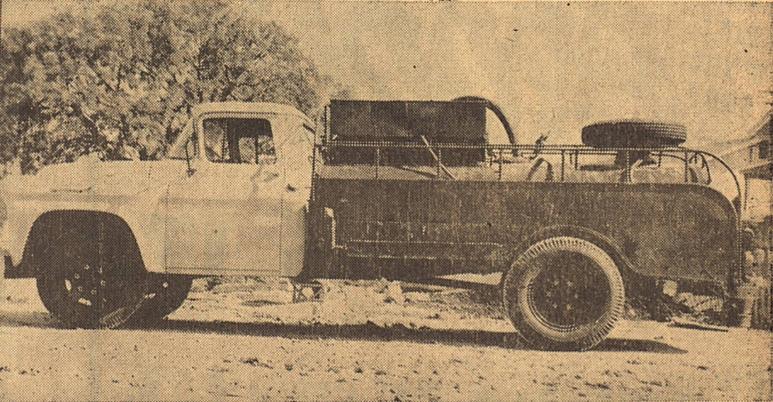

Notice To Voters

Joe Brown Ross, chairman of the Sutton County Democratic Executive Committee announced Tuesday that only one voting place will be open for Sutton County voters this Saturday. The polls at the courthouse will open at 8 a.m. to receive ballots for the Second Democratic Primary Election, and will close at 7 p.m. The one voting place will be used for the run-off instead of the usual four precinct polls.

Attention, Broncs!

Prospective Broncos and their parents are reminded of the special meeting to be held Sunday, August 24, at 1:30 at Sonora High School. At this time insurance arrangements will be discussed. Boys must be accompanied by at least one parent.

Boys entering high school athletic events for the first time this year must have birth certificates and all athletes must have physical examinations.

Sutton County has another first, a green and red fire truck.

Several members of the local Fire Department, always working to keep Sonora fire insurance rate among the lowest in the state, recently decided a new truck was needed and convinced the city and county governments that the \$3,000 cost was warranted. Then Fire Chief Lee Patrick and E. L. Harrell traveled the long five-hundred

miles to Sherman to make the purchase, but, alas, nothing in red was available.

So they returned home with a two-ton, aqua green, Chevrolet truck. Its water tank, colored a bright red, has been taken from the truck it replaces, an old Dodge power wagon.

Among the special features of the truck pointed out by Patrick are its high clearance, separate booster pump, and large water capacity (500

gallons). It is already fitted with two one-inch hoses and another 2 1/2 inch can be attached if needed.

The truck will also be ready for any duty in town and country.

Several interested parties have been working on the new rig this week. It may be painted completely red by the time we go to press. At least, this is the plan. But why not have the only green and red fire truck in the state?

Garrett Barber Shop To New Location

Harold Garrett, Sonora barber and fisherman, has announced the removal of Garrett Barber Shop (and lounge?) to the store building which adjoins Bill Smith Magnolia Service Station and was formerly occupied by Jay's Loan Service and Renroe Drug. The new shop should be in operation early next week.

Devil's River Philosopher Claims He Ranches Like World Statesmen Prepare For A Summit Meeting

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River apparently is making excuses for the way he ranches, his letter this week indicates.

Dear editor:

Every once in a while somebody asks me why I don't do a better job of ranching.

How come you've got more hoarhound in your wool, they'll ask me. How come you're always late in lambing, drenching, shearing, branding, marking?

How come your fences are down, your gates sagging, etc.?

Well, now I'll tell you. When a man spends as much time as I do thinking on the international level, he naturally adapts his ranching methods to the international plane, and I consider my ranch a perfect example of international diplomacy.

For example, say it's time for me to drench and time for the leaders of the world to hold a summit meeting.

Do we jump right in? Anybody who knows me or the world knows better. Nobody holds a summit meeting until he knows what's going to be discussed and what the answers are and what conclusions can be reached, just like when I start out to drench, I don't just load up my gun and start, I sit down and figure out how much I think I can make by drenching, how much dope it'll take, what the saving will be, what I'll do with the money, etc.

To some people this may sound like over caution, but that's because they don't think in international terms. In the last 15 or 20 years the world has had eight or ten summit meetings, and if the world is any better off than it was before the leaders met, it's hard to tell, and consequently it doesn't matter how

Controversial Bill May Get Ike Veto Says O. C. Fisher

By Congressman O. C. Fisher

By an 18-vote margin the House last week approved a Senate-passed bill to help distressed areas. Designed to pump federal money into areas, mostly in the east, where business has slumped chiefly because of shifts in plants to other areas, the bill will cost the taxpayers more long it takes to get ready to meet at the summit. Rushing into a summit meeting is like me rushing into a ranching year. Not going to get anywhere any way, so me and the world leaders both might as well take our time.

The way I figure it, the world and this ranch both are going to be here, whether the statesmen are at the summit or I'm under a shade tree.

Yours faithfully,
J. A.

Highway Patrol Plans All Out Labor Day Effort

In announcing a prediction of 29 motorcides for the forthcoming three-day Labor Day period, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, outlined an extensive traffic law enforcement program for the holiday weekend.

The prediction was made by N. K. Woerner, veteran statistician of the DPS, who estimated that motorcides will total two more than the 27 killed during the similar period of last year.

Col. Garrison said that Texas DPS will begin its Operation Motocride at 1:01 a.m. August 30 and that it will extend through 11:59 p.m. September 1. During this period patrolmen of the Motor Vehicle Inspection and License and Weight service will bolster the force of the Texas Highway Patrol in enforcing our state traffic laws.

Garrison said state law enforcement officers will be out in force at all hours to seek out dangerous drivers.

Patrolmen are scheduled to work all hours of the day and night during the Labor Day weekend and to cover as many miles of Texas highways with the most effective enforcement program possible.

Mr. and Mrs. Jim Weber and daughters, Sharon and Sandra of Stuart, Florida are the guests of Mrs. Weber's mother, Mrs. Susie Blanton in Sanderson. Mrs. Weber is the former Miss Mary Sue Blanton of Sonora.

WHILE SHE READS THE NEWS... YOU CAN BET...

She reads the Ads

According to the U. S. Bureau of Advertising, ADVERTISING ranks first with women, over all other newspaper content, for interest and readership! Women actually read ads in preference to anything else in the newspaper. (For that matter, ads rank third with men for readership!) And reading the newspaper is a favorite habit with American women.

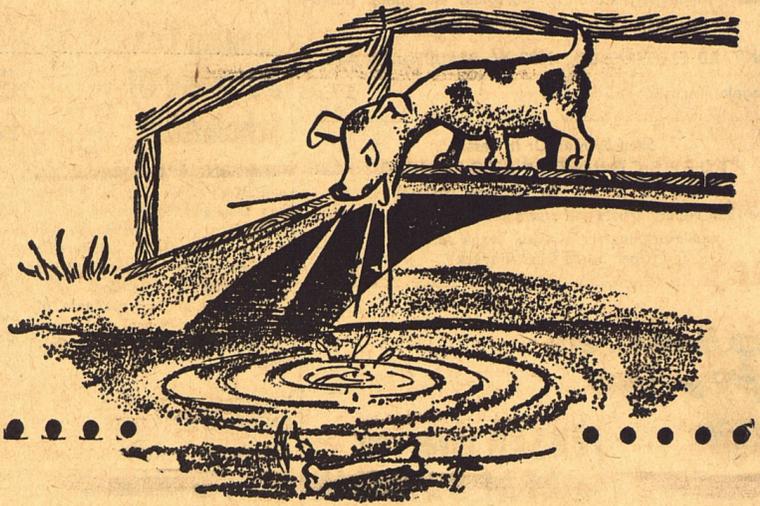

So, if you have a product to sell—display it in an ad in your local newspaper. If it's for the home, write it to the housewife's point of view. For, more than anyone else, she'll read it. And, more than anyone else, she's the one who does the buying for the family!

Mrs. Housewife is your NUMBER 1 Prospective Customer... and she LIKES to read newspaper ads.

The Dog and His Bone

AESOP, the well-known fable teller, started that story about the little dog . . . who went trotting home one day with a nice bone. On the way he saw what looked like a much juicier one in the bright mirror of a water hole . . . but, in grabbing for it, he lost the bone he already had.

There's a good moral for one and all in this story. But the educational value of fables must be over-rated. Because this one has been around for 1300 years and

people are still risking . . . and often losing . . . some of the good things they have by reaching for something that is more temptingly offered.

Like some of us here in this community . . . who roam far and wide in a search for "better deals" and thereby seriously undermine the economic structure which supports our own businesses and jobs, our fine schools and churches, and all the other elements of our well-ordered American small town life.

In this community . . . right now . . . we could be enjoying much greater prosperity, much finer social and civic facilities . . . if we had but kept in our local economic bloodstream all of the money we've put into the upkeep and upbuilding of larger cities in years past.

YOUR MINISTER SAYS

By Rev. Allan Guthrie "Bless the Lord, O my soul, and forget not all his benefits." (Psalm 103:2) An old story tells us that God called the angel of Petition and the angel of Thanksgiving and

sent them into the earth, giving to each one a basket into which he might put what he would find. When they returned to heaven the basket of Petitions was full and overflowing, while the basket

of Thanksgiving was nearly empty. It grieved God to know that men were so much more ready to ask than to thank Him for the abundance of beauty, joy, and love which He had given them.

We ask for much; God gives us much. But we thank Him little. His greatest gift is one of love—Christ Jesus who gave His life for us. We even take that gift unto ourselves without even a word of thanks. Let us remember the Lord our God, not forgetting "all His benefits", every day of our lives in thankful prayer.

REGISTRATION CONTINUED

to secure the names of all students who will attend the Central Elementary School the coming year who were not enrolled when school closed last May. This is highly important in stabilizing grade sections, and the school is asking all its patrons to ask anyone they know who may not see this announcement and who is new in the community to come by and register at the Central Elementary School on the above dates.

Pre-registration will not be held for kindergarten students; they will register September 2, the first day of school.

**Eldorado Man Is Country's 4th Fatality
As One-Car Crash Takes Life**

Alfred Lawrence, 32, of Eldorado, became Sutton County's fourth traffic fatality of 1958 when he died in a one-car accident four miles north of here Saturday morning.

The accident occurred when Lawrence's car went out of control and ran into an embankment on U. S. Highway 277 about 1:30 a.m. Saturday.

Funeral services for Lawrence were held Monday afternoon at two o'clock in Eldorado with Ratliff-Kerbow Funeral Home in charge of arrangements.

LIONS ROAR

Superintendent of Schools E. A. Brodhead spoke on school operations to members of the Sonora Lions Club Tuesday. Brodhead gave a rundown on school finances and stressed that the child is of prime consideration in the system with the school second. "Our prime function is to teach," he said.

Brodhead announced that driver training will be offered this year. The course will involve 30 hours of classwork. Students will get learners' licenses issued to those between the ages of 14 and 16. Each student will receive six hours of dual training before receiving a license. A charge of \$25.00 will be charged each student. This is only the cost of the course, Brodhead said.

Lions President Hillman D. Brown spoke about the proposed project of house numbering in Sonora and suggested that Lions begin thinking now about the swimming pool program for 1959.
