FORTY-EIGHTH

Largest Fire In Years Swept Across 15 Sections

One of the largest grass fires in recent years swept across some 8-9 sections of range land in the northeast portion of Sutton County Wednesday.

Starting near mid-morning Wednesday on the Elmer Wilson ranch, and fanned by a stiff southeast wind, the fire spread rapidly northeastward across the J. P. Reiley and Dantes Reiley ranches.

Fire fighting equipment from

Ozona, San Angelo, Menard, Eldorado and Junction assisted the Sonora fire department in subduing the blaze. The Ozona radar station joined forces with oilfield water-truck crews and the fire was brought under control about 4 a.m. Thursday morning.

In addition to the thick stand of cured grass destroyed, damage to fences was very heavy. Losses of cattle and goats were few.

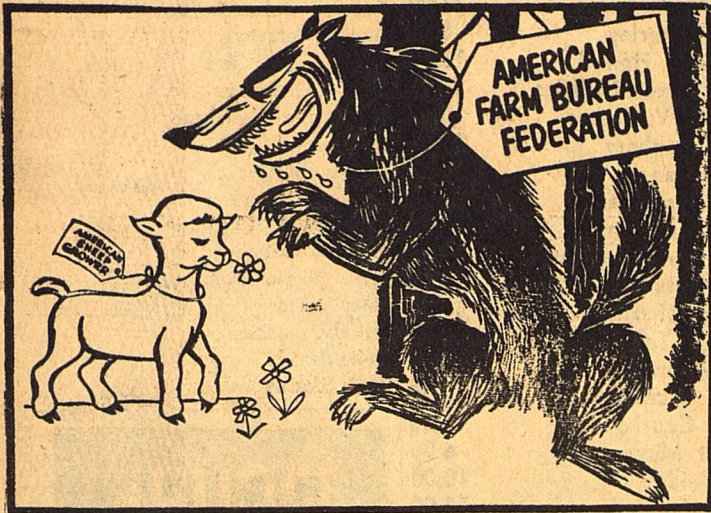

Several hundred ranchmen and others turned up with sprayers, and did a remarkable job in fighting the fire, particularly suppressing new outbreaks. Gay Copeland, local ranchman, and Dick Henderson of Ozona aided materially in coordinating fire fighting efforts from the air. Lee Patrick, Sonora Fire Chief, urges ranchmen to keep spraying equipment in readiness and to re-

port promptly when a fire breaks out.

A fire, which was believed to have been set by lightning, broke out Tuesday night on the Ogdan Wilson ranch, several miles north of the Reiley fire. This fire was suppressed, but broke out anew Wednesday night. Approximately four sections were reported burned.

With the heavy stand of grass

on most ranches in the area, ranchmen should use precaution to prevent fires. The highly inflammable vegetation at present, a carelessly flipped match or cigarette can result in severe losses. Ranch fires have resulted in burning prickly pear, horehound or other piles of dry material with the fire escaping to adjacent grassland.

AN EDITORIAL

VOTE "YES" TO 708

The American Farm Bureau Federation has launched an all-out campaign against the wool referendum now being held throughout the United States. On the surface the AFBF's attack appears to be directed at what they profess to consider the "undemocratic" check-off provision for collection of funds for advertising and promotion of wool and lamb.

Actually, it is developing into a full-fledged battle between the AFBF, an organization professing to represent all branches of American agriculture, and the smaller independent wool and lamb commodity groups, who are trying to give their members a voice to speak their wants and needs.

It is the commodity groups who have formed the American Sheep Producers Council to handle the wool and lamb advertising and promotion program. The ASPC is set up in such a manner that only producers of the two commodities can have any say in its administration. Years of painstaking planning went into the formation of the ASPC after all attempts at voluntary contributions for financing had failed.

The Council was formed on September 12, 1955, under authority granted in Section 708 of the National Wool Act of 1954. Sheepmen, in a national referendum, voted approval of the promotion program in the summer of 1955 and an agreement was entered into with the Secretary of Agriculture.

Active promotion work started early in 1956.

Deductions from wool incentive payments provide funds for this program of promotion and advertising. First of all, funds for your wool incentive payments are taken from duties on imported wool and wool products, thereby making present low tariffs do a double duty. The growers use of a portion of these funds for promotion and advertising adds the "self-help" feature to the sheep industry program.

Each sheep producer contributes from his incentive payment one cent per pound of wool and five cents per 100 pounds of lamb sold. This provides a promotion and advertising fund that averages close to \$2,500,000 annually. Although a large sum of money, it is comparatively small when matched against other organizations that promote and advertise.

Membership in the ASPC is divided into two groups: Class I members consist of 20 state and area sheep councils formed by sheep and wool groups. All sheep growers who receive an incentive payment are actually members of the ASPC. Class II members serve the sheep industry on an extensive national or regional basis. All major organizations that serve the sheep industry have full opportunity to participate. There are now 135 delegates to the ASPC, and 39 of these delegates also serve as directors and the Council board of directors. All delegates and directors are wool and lamb producers.

Sheepmen are content to limit their efforts to their own commodity. We do not attempt to interfere in the affairs of the grain producers or the tobacco farmers or the fruit growers. We feel that they are particularly qualified to handle their own problems in their own way.

Now the AFBF, which we feel is too general to serve any one group efficiently, says in effect that the sheepman does not know what is good for him and sets out to deprive him of his independence. It smacks not only of interference but of outright meddling. Every sheep producer owes it to himself and to his industry to vote "yes" in the wool referendum. It will be a vote FOR independence and a vote AGAINST the AFBF's dictatorial attempts.

Football Season Opens Friday With Broncos Meeting Blanco

OFFICIAL PROCLAMATION

WHEREAS, in true Texas tradition, Texas leads all other states of the Nation in the raising of sheep and goats; and,

WHEREAS, the wool and mohair industry is a vital and important part of our State and National economy, adding greatly to our National income, providing a livelihood for thousands of citizens and contributing comfort and pleasure to the American Way of Life; and

WHEREAS, The Texas Sheep and Goat Raisers Association and its Woman's Auxiliary is observing the period of August 31 to September 6, 1959 as Wool Week; and

WHEREAS, The Honorable Price Daniel, Governor of Texas, has designated this same period as TEXAS WOOL WEEK:

BE IT THEREFORE RESOLVED THAT I, Alfred Schwiening, Mayor, City of Sonora, do hereby proclaim the week of August 31-September 6, 1959, as WOOL WEEK IN SONORA.

In official recognition whereof, I hereby affix my signature this 31st day of August 1959.

Alfred Schwiening, mayor.

Sutton Bond Sales Reach 76.5 Percent

"Savings Bond sales through July 1959 totaled \$62,754.00," George H. (Jack) Neill, chairman of Sutton County's Bond committee reported this week. "Our county has now reached 76.5 percent of its 1959 goal of \$82,000.00. July sales were \$15,000.00."

Broncos Looking Better, Says Turner, With New Wing T And Pass Receivers

Sonora football fans will be seeing their home club employing the Wing T formation this year for the first time, Coach Joe Turner told members of the Sonora Lions Club this week. Turner said his team looked fairly good in scrimmage with Lakeview earlier this season and that they held a strong Winters team to only one touchdown. "We have a better club than we've had in the past," Turner said and attributed the improvement to better receivers. The varsity team has 20 boys, eleven of them seniors, Turner said, and added that the B team, all sophomores, are larger than the varsity.

Turner said, however, that his line is not up to par this year, partly due to the many changes in playing positions.

Running down the season's schedule, Turner stated that Blanco is mostly a junior and sophomore club. Eldorado, whom the Broncos meet September 11, he described as "loaded". Two weeks later Sonora tackles Balingier, picked to win their district.

The Alpine club Turner termed "tough and big" and advised against selling San Felipe short. As for Ozona, our first conference opponent, he said their superintendent and coach say they have everything, but added, "We have hoped of knocking Ozona off."

Junction doesn't have much this year, Turner said, and as Menard—"a good ball club—big—big." The final conference opponent, Big Lake, has a new coach Turner said and now has a squad of only 28 of the 45 who originally reported for work-out.

Forty-nine Sonora boys are out for football this year and the school is about to be pushed into AA rating because of increased enrollment, Turner concluded.

on the Tennessee Vols. He was a member of the T Club; Alpha Tau Omega social fraternity; and SEO, professional physical education fraternity.

Wright has been granted an assistantship working with the University of Tennessee Physical Education Department and for the Knoxville Elementary School system. He will be one of six supervisors of Knox City and Knox County elementary physical education programs. He will also be working toward a master's degree.

31 Texans To Meet Death On Highways This Weekend

The Director of the Texas Department of Public Safety has announced that 31 persons are expected to be killed in Texas traffic accidents during the 3-day Labor Day weekend.

Col. Homer Garrison, Jr. said the official prediction—which is seldom far off—should "serve as a challenge to all Texans to make a concerted effort to stem the tide of highway tragedy next weekend."

He pointed out that during the Labor Day weekend last year there were 30 traffic deaths, one more than the Department had predicted. He noted, however, that the forecast for the 1959 fourth of July holiday—26 fatalities—turned out to be accurate.

"We would like to make a special appeal to the citizens of Texas to consider the facts about holiday driving and do their utmost to reduce the tragedy of death, suffering and economic loss next weekend," Garrison said.

"Department of Public Safety patrolmen and all other law enforcement officers in our State will do everything in their power to make the streets and highways safer by removing lawless drivers—but the statistics prove the main job is up to the individual behind the wheel."

He cited the following facts and figures on last Labor Day weekend, compiled by N. K. Woerner, Manager of Statistical Service:

Of the 30 traffic deaths in the State, 26 occurred in rural areas as the result of 8 accidents.

Ten of the 18 rural fatal accidents involved drivers who had been drinking.

Two of the three rural fatal pedestrian accidents involved pedestrians who had been drinking.

Seven of the 10 drivers who had been drinking in rural fatal accidents were exceeding the legal speed limit.

Thirteen of the 18 rural fatal accidents involved only one motor vehicle.

In 12 of the 13 rural fatal accidents involving only one car, the drivers had no "other driver" to blame. In the other case, a pedestrian-victim was at fault.

"Perhaps the most significant thing in the analysis of last year's Labor Day statistics is that in every rural fatal accident, at least one violation was apparently a contributing factor," Garrison said.

"So it might follow that if we can stop the violations, we can stop the death and destruction on the highways of Texas."

George Wright Gets BS Degree From Tennessee

George Wright, son of Mr. and Mrs. J. B. Wright of Sonora, received his Bachelor of Science degree in education from the University of Tennessee in special graduation ceremonies held August 26 in Knoxville. Wright was graduated in the top one-fourth of his class of 74 and was named on the Dean's Honor List seven times. He was also named to top scholarship honor in the Department of Physical Education. He lettered two years as tailback and fullback

Site 9 Flood Dams Completed; Bids On Six More Due In 1959

The first of 13 flood prevention structures designed to give Sonora 96 per cent reduction in flood damages is practically completed. Only some clean-up operations and fence construction is lacking on Site 9, located on the James and Nancy Hunt ranch near the head of Lowrey Draw.

The structure at Site 9 will temporarily impound 637 acre feet of flood water at emergency spillway level, and the embankment contains approximately 92,000 cubic yards of earth fill. The outside of the dam has been covered with a layer of topsoil, and will be mulched with had and

planted to a mixture of native grasses early next spring. The grass cover is for the protection of the earth fill, and will prevent soil erosion on the side slopes of the structure.

Reg McQuatters, superintendent for Cage Bros, is placing embankment of Site 10, on the ranch owned by Mrs. Ada Wynn. This structure should be nearing completion within sixty days.

The large structure at Site 11 on the W. A. Miers ranch, also being built by Cage Bros, is in the core trench excavation stage. In order to prevent seepage and provide a good founda-

tion, a core trench approximately 20 feet deep and up to 50 feet wide at the top is being excavated. This trench will be filled with compacted clay material.

Ford Allen, contractor for Sites 12 and 13, is working full speed ahead. Site 12 on the W. A. Miers ranch has the core trench cut and filled, and the trench for the draw down pipe cut and filled. L. D. Long, sub-contractor for the concrete work, is placing the draw down pipe in concrete this week.

Allen is currently working on Site 13 on the Hunt and Neill property near the hospital. The

core trench for this structure has been cut and is being back filled with work on the embankment also in progress.

With construction progressing on the five sites planned for Lowrey Draw, control of flood on this stream should be an early reality. Judge J. W. Elliott, local contracting officer, is expecting early notification that engineering designs have been completed by Soil Conservation Service engineers for two structures on Dry Devil's River. Contracts for six of the eight structures planned to control the stream will be awarded before the present year ends.

**YOUR
MINISTER
SAYS**

By Rev. Alvin Loiry

The basic concept of the Christian life is the life which is based upon the fruits of the Spirit called love, joy, peace, longsuffering, gentleness, goodness, faith, meekness and temperance. The great trinity of these fruits are called faith, hope and charity, and the greatest of these is charity (love). Add to these the classic seven cardinal virtues and you have, in semi-repetition, wisdom, courage, temperance, justice, faith, hope and love. If our lives could be framed in these virtues and characteristics, we would be of all people most happy. There is, however, the invading power and presence of the accuser. This invading power darkens the brightness of our lives with the subtle persuasion of temptation which leads us to sin. This persuasion often leads to the ultimate manifestation of the classic seven deadly sins known as pride, avarice, luxury, envy, appetite, anger and sloth. How is the individual to become reconciled? Is there a provision which permits one to realize the joys of salvation? Let us seek to find this reconciliation.

Man often seeks in the imperfect methods of endeavor to find reconciliation. One may seek through the self-sufficient method of mere resolution, sheer willpower or through spasms of earnestness. Others may try the self-crucifixion method of trying to rid self of sins individually. One who attempts this learns that sins are legion and that religion does not consist of negatives. Still another may attempt the imitative method of copying virtues one by one. All of these efforts are perfectly human, perfectly natural and perfectly inadequate. What then is the

answer? Is there a perfect method? Look to the teaching of the New Testament.

The first law in the perfect method of reconciliation is that of reflecting. We are to mirror Christ. Paul writes in II Cor. 3:18 "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory even as by the Spirit of the Lord". The second law is that of assimilation. Jesus teaches us as John records in John 15:5: "I am the vine, ye are the branches: he that abideth in me, and I in him, the same bringeth forth much fruit: for without me ye can do nothing". This taking on the life of Christ (assimilation) is a mystical work of grace beyond natural experience. The third law is that of prayer. Prayer is the avenue of approach to God which makes us conscious of sin, which increases our efficiency, gives a sense of security, solves our loneliness, overcomes fear and sanctifies grief. These three laws make up the devotional life of the individual as he seeks strength and reconciliation. Have you tried them?

AN OPEN LETTER TO OUR CUSTOMERS:

You have read the pros and cons of the controversial "708" referendum in the editorial columns of this and other newspapers. I will not impose on your time by restating these arguments here but will attempt to outline briefly the importance of a favorable vote to the sheepman's SELF-FINANCED, SELF-HELP advertising program.

First, this program has succeeded in stabilizing the lamb market by bringing about a wider distribution of lambs and thus creating a greater nationwide consumption of lamb.

Second, through the effective use of our money in advertising, wool consumption has increased since the initiation of the American Sheep Producers Council and the latest figures show wool consumption up 39.5 percent in 1959 over 1958. The ASPC (our grower organized, managed and controlled wool and lamb promotion organization) has a budget of only about \$2 1/4 million each year to conduct our advertising. Compare this with the \$25 million spent by synthetics manufacturers annually and it is easy to see that we are getting more than our money' worth.

If you doubt the effectiveness of our advertising campaign, ask your local merchants who sell wool clothing, wool blankets, wool carpets and furniture upholstered in wool. They will tell you that the demand for wool is greater now than it has been in the last several years and that it is increasing steadily.

Finally, you may have been told that "708" is an undemocratic measure in that it provides for a check-off of funds to finance the advertising program. If this is true, then our municipal bond elections, our school bond elections are undemocratic. A greater percentage of the wool and lamb producers in the United States voiced an opinion in the last referendum than the average poll in municipal and school bond elections; yet we would never dream of considering them undemocratic.

The above are only a few of the reasons why I urge you, as a wool and lamb producer, not only to vote-but to vote "YES" in the wool referendum.

Yours very truly,
Fred T. Earwood

My Little Girl
(This poignant safety appeal, which has become a modern classic, first appeared as an editorial some years ago in the Tribune of Eufaula, Alabama.)
Today my daughter, who is seven years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and wore blue gloves. Her cocker spaniel, whose name is Coot, sat on the front porch and whined his canine belief in the folly of education as she waved good-bye and started off to the hall of learning. Tonight we talked about school. She told me about the girl who sits in front of her, the girl with yellow curls and the boy across the aisle who makes funny faces. She told me about her teacher who has eyes in the back of her head, and about the trees in the school yard, and about the big girl who doesn't believe in Santa Claus. We talked about a lot of things—tremendously vital, unimportant things; and then we studied spelling, reading, arithmetic—and then to bed.
She's back there—back in the nursery sound asleep, with "Princess Elizabeth" (that's a doll) cuddled in her right arm.
You guys wouldn't hurt her, would you? You see, I'm her daddy. When her doll is broken or her finger is cut or her head gets bumped, I can fix it—but when she starts to school, when she walks across the street, then she's in your hands.
She's a nice kid. She can run like a deer and darts about like a chipmunk. She likes to ride horses and swim and hike with me on Sunday afternoons. But I can't be with her all the time; I have to work to pay for her clothes and education. So please help me look out for her. Please drive slowly past the schools and intersections—and please remember that children run from behind parked cars. Please don't run over my little girl.

Eddie Parker Developing Leadership As Result Of WT Boys Ranch Training

Eddie Parker of Sonora has been at Boys' Ranch, Tankersley, for over a year. He is now a group leader trainee. This is a position that a boy has to earn at the Ranch and signifies that he is able to accept added responsibility and does have some leadership qualities.

Parker is in charge of the upkeep of the grounds. This is a responsible job and his main responsibility is helping supervise other boys who take care of the flowers and the lawns. Each boy is given a responsibility at the Ranch and is given an opportunity to learn by doing. Morris H. Craig, Executive Director of the ranch, remarked, "Parker has applied himself well at the Ranch and is benefiting from his training."

Boys' Ranch of West Texas now has 56 boys on its roster; however, the 1959 budget was planned to take care of only 40 to 45 boys. The demand to take additional boys has been so great that the Ranch has had to go beyond its normal load of 45 boys. The Ranch has been averaging caring for 50 boys a month.

J. M. VanderStucken is the local director for the Ranch.

MMES DUNCAN, MORRIS HOSTESSES TO BRIDGE

Mrs. Earl Duncan and Mrs. H. V. Morris were cohostesses for a bridge party Saturday night in the Morris home. Arrangements of summer flowers and potted plants were featured in the decorating plan and a dessert course was served.

Mrs. Duard Archer won the high score prize, Mrs. R. G. Nance won the slam prize, Mrs. Maysie Brown won the bingo prize and Mrs. R. B. Kelley won the traveling prize.

Also attending were Mmes. John Bell, W. O. Crites, R. V. Cook, Henry Decker, G. H. Davis, Robert Halbert, J. F. Hamby, L. E. Johnson, Sr., L. E. Johnson, Jr., Ernest McClelland, Louin Martin, Ed Mayfield, Bell Steen, J. P. Smith, P. J. Taylor and R. C. Vicars.

Mr. and Mrs. Robert Kelley, Jr. spent last weekend in Eagle Pass and Piedras Negras, Mexico.

Majorettes Named For Bronco Band

Earlene Smith, new drum major of the Sonora Bronco Band, will lead the 65-member marching band onto the field for the first time this year at Friday's season opener with the Blanco Panthers.

Other majorettes will be Lue Smith, chief majorette and assistant drum major, and Mary Ellen Glasscock, Barbara Wright and Betty Ann Patrick.

The five were chosen by three out-of-town judges last Wednesday in auditions held here.

Band Director J. L. Steed has been shaping the band into condition, and its first appearance of the season was on Friday, August 28, in the Miss Wool Parade in San Angelo.

Musical Program Entertains Lions

Lions were entertained with a musical program at this week's luncheon meeting at the Methodist Church Tuesday. Pam Jones of Eldorado, accompanied by Mrs. A. C. Elliott, sang "May You Always" and "My Heart Is An Open Book".

Rudy Garza played several piano selections and Margaret Sanchez presented a medley of songs on the accordion.

Harold Scherz, president of the club, announced that total proceeds from last week's auction to \$3,494.00. He expressed thanks to all those who worked toward the success of the annual fund raising event.

Guests present were Herbert Clancy of Midland, Gene Beall of Huntsville, Sam Jones of Eldorado, Jack Armstrong of Midland, Bill Stewart, Bill Whitehead, Mrs. A. C. Elliott, Mrs. Bill Whitehead and Vernon Rogers.

Martha Jean Valiant left Monday for Austin where she will resume her work at the University of Texas. She had been the guest of her parents, Mr. and Mrs. Roy Valiant, for the past two weeks.

Mrs. Della Hallum of San Antonio arrived Monday for a visit with Mr. and Mrs. R. L. Hallum.

AN EDITORIAL

During the past several weeks The Devil's River News office has been bombarded with letters and news releases sent out by the Texas Farm Bureau in its intensive brain-washing campaign pertinent to the forthcoming wool act referendum. The Bureau's aim is to defeat the referendum and with it the sheepmen's last hope of creating a strong demand for his products and thus rebuilding a dying industry.

The themessong of the Farm Bureau campaign is that the referendum tends to be socialistic in its "check-off" clause. Their methods of presenting their views through the use of half-truths, distorted facts and withheld information is to us as indigestible as Mr. Khrushchey's brand of propaganda.

Let's contrast the American (and Texas) Farm Bureau Federation's "Facts" with straightforward and accurate information:

1. AFBF "FACT"—"The compulsory wool 'check-off' violates the individual sheep grower's freedom to spend his own money as he desires. . . It violates the basic principle of individual freedom of choice."

1. THE TRUTH—The principle employed in the 1955 Wool Referendum is the very same principle used in the 1958 corn referendum concerning acreage allotments. Even though a smaller percentage of producers voted in the corn referendum than in the wool referendum the AFBF called the outcome "the will of the farmer." This same principle, based on a vote of the majority, is precisely the same principle as that upon which our democratic form of government is based. Wheat referendums, potato marketing agreements, school bond elections and many other phases of our modern society operate from this same principle.

2. AFBF "FACT"—"Although more than \$12 million has been deducted to pay for wool and lamb promotion since 1955 there have been no apparent tangible benefits to producers. Wool consumption and prices have gone down, the use of competitive synthetic fibers has increased, lamb consumption has gone down more than beef consumption and beef prices have gone up more than lamb prices."

THE TRUTH—This is misleading. The AFBF's figures are based on an overestimate of some half million dollars and their \$12 million includes an estimated \$4 million which is to be spent during the coming year. Yet their consumption figures make no estimate of future markets and do not include readily available figures for

the first half of 1959. During the first third of 1959 wool consumption has increased 39.5 percent over the same period of 1958. The average farm price of wool has increased 27.4 percent in the last six months. Per capita lamb consumption has decreased but it is obvious that when human population increases at a faster rate than sheep population, there is bound to be a decrease in per capita consumption. The sheep population has increased some 1,227,000 head since the National Wool Act of 1955 went into effect and ALL LAMBS PRODUCED IN AMERICA ARE CONSUMED—THERE IS NO SURPLUS. This has been one of the goals of the promotion and advertising program.

3. AFBF "FACT"—"The outcome of the referendum does not affect the National Wool Act under which wool growers receive compensatory payments from the government".

THE TRUTH—It has been indicated by several Congressmen that if the sheepmen vote out Clause 708 (the self-financed and self-help advertising and promotion program) Congress may defeat the National Wool Act in 1962.

4. AFBF "FACT"—"Growers who vote for a compulsory check-off of this kind, invite and encourage other more serious invasions of their individual rights and freedoms. Such a program opens the door for labor and other outside groups to FORCE unsound programs on agriculture."

THE TRUTH—This is impossible. The American Sheep Producers Council which handles the advertising and promotion program is governed by a board of directors elected from the delegates who represent sheepmen in every State or area. All delegates and directors are sheepmen. Eight national and area-wide farm organiza-

Can it be that the American Farm Bureau and its Texas subsidiary under the management of President J. H. West are hammering for an AFBF-controlled agency to administer "voluntary" contributions. Seven other agricultural organizations while having smaller membership than the AFBF, are equally represented on this council, cutting the AFBF's voice down. That's the way it should be—no organization can speak for all facets of the highly diversified American agricultural industry and do justice to the farmer, the ranchman, the feeder.

Let the AFBF take care of the cotton farmer, the peanut farmer, the corn producer and the poultry raiser. BUT LET THE SHEEPMEN TAKE CARE OF THEMSELVES.

Devil's River Philosopher Glad To See That He And Eisenhower See Eye To Eye On Nikita Trip

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River thinks he has discovered a similarity in his and the President's thinking, his letter this week indicates.

Dear editor: I guess I'm just as human as the next man and I don't mind admitting it makes me feel good to see the President of the United States backing me up in one of my viewpoints.

Some thinker in Washington, probably the one who sent that refrigerator that scoots around the kitchen floor to the touch of a push-button to the American exhibit in Russia, pretending it'd be representative of America, came out with the idea that President Eisenhower ought to end the steel strike before Premier Khrushchey gets here for his visit. Said we wanted everything functioning smoothly when the Russian big shot gets here.

President Eisenhower scoffed at the idea, saying what would it hurt if Khrushchey saw a strike? Why pretend to something we're not? Besides, it might do the dictator good to see American workers can strike if they want to, it's something Russian workers can't do.

This is exactly what I've been saying for years, through not about visitors from foreign countries. I've been saying it about visitors from around here. Why should I cut the weeds in my front yard just because some in-law who has managed for the downpayment on a new car is coming out Sunday to sponge a free meal off of me?

Me and President Eisenhower see eye to eye on this thing, that is, I'm not saying his farm at Gettysburg has weeds in the front yard, he may have more time for chopping weeds than I have, but we both agree that we've got nothing to hide in this country. If my front yard suits me from Monday through Saturday, why spruce it up for visi-

Think twice: you only live once!

On the way from home to school, measure each step with a safety rule.

Walk safely today so you can walk tomorrow.

Let ole Khrushchey come on over and see us like we are. I don't know why he's coming, some experts figure he has a deep, dark, sinister motive in coming, and maybe he has, but on the other hand, he may be just coming for the trip. A man can get bored with enslaving small countries and sending your fellowcountrymen to Siberia. If I lived in Russia, I'd like to get out as often as I could too. Yours faithfully, J. A.

FOOTBALL 1959!

Join us, Folks!

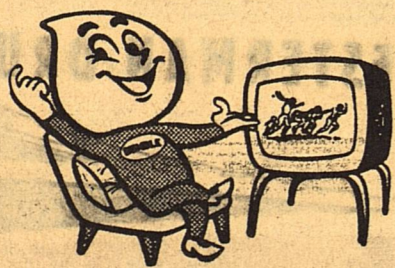

You are cordially invited to enjoy the 1959 football season as the guest of your neighbor in a Humble uniform.

LIVE TELECASTS!

Your neighbor in a Humble uniform will sponsor telecasts of NCAA college football games every Saturday - September 19 through December 5. Program includes five games featuring Southwest Conference teams. Enjoy the most exciting, colorful American sport as "Happy's" guest.

"GAME OF THE WEEK" ON TV!

Humble's videotape "Game of the Week" will be shown each Sunday afternoon on TV at 5:30 p.m. CST. Videotape is the next best to a live telecast - uses TV cameras, TV close-ups. Kern Tips will do the commentary.

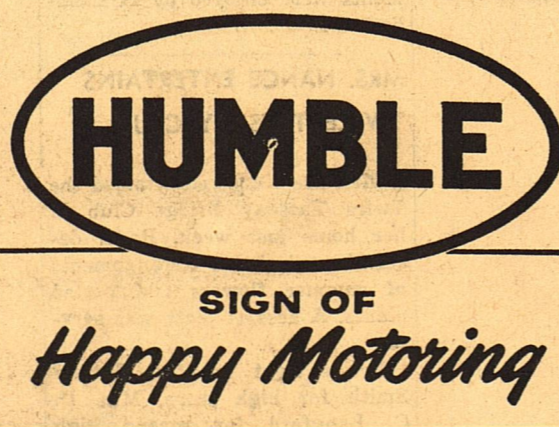

RADIO BROADCASTS!

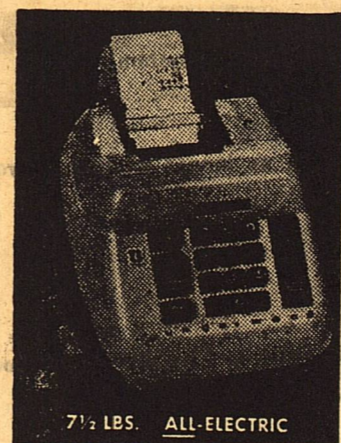

All Southwest Conference games will be brought to you on radio every week end - a total of 50 games on 153 radio stations. Exciting word pictures by Humble's staff of top announcers, headed by Kern Tips, best in the nation.

MAKE 1959 A Happy Motoring FOOTBALL SEASON

See as many games as you can . . . and drive to them in your car. Before you start, fill up with a "Happy Motoring" gasoline . . . and on your way, stop for "Happy Motoring" service under the Humble sign. Restrooms are famous for cleanliness.

MAKE IT DISAPPEAR WITH THE NEW underwood ADD-MATE!

Lowest priced all-electric adding-subtracting machine!

Save time, speed figure-work in the store, home or office. The new Add-Mate® - all-electric, phone-size - adds, subtracts, multiplies, totals, sub-totals. Prints a permanent record on tape. Capacity: \$999,999.99.

So compact that it fits in your hand. Never crowds desk or counter. Anyone can use the simple 10-key keyboard and get error-free results. Goes along with you everywhere! Handsome, sturdy carrying case extra.

YOU'LL FIND LIVING AS YOU LIKE IT IN A

Medallion Home!

THE MEDALLION HOME is built around a way of life... everything about it is designed for comfort and convenience, now, and in the years to come, as more and more appliances are developed - to make living a pleasure... totally electric.

At the heart of every Medallion Home is a modern built-in total electric kitchen, and other new electric appliances. Reddy Wiring, that keeps the home electrically up-to-date for years to come, and Light for Living completes this prize package for better living electrically.

For a truly big value now, for a high re-sale value in the future, look for the metal Medallion affixed to every Medallion Home. You will be dollars ahead right from the start.

For less than 3¢ the average family served by WTU can cook a complete meal the modern electric way... and enjoy the cleanliness and conveniences of Electric Living.

LOOK FOR THIS SIGN ON YOUR NEW HOME

Electricity costs so little you can use lots of it!

IF YOU LIKE MONEY, YOU'LL LIKE BUYING A CHEVY NOW!

IT'S BEST-BUY SEASON ON NEW CHEVROLETS RIGHT NOW... AND YOU'LL NEVER DO BETTER BY YOUR DOLLARS Stop by your Chevrolet dealer's and see the season's most wonderful money's worth. Better make it soon!

IF YOU LIKE GETTING YOUR MONEY'S WORTH, YOU'LL LIKE CHEVY'S 7 BIG BESTS!

BEST BRAKES . . . STOP ON A DIME AND GIVE YOU MORE STOPS PER DOLLAR They're bigger too. With 'em, Chevy out-stopped all competitors in its field in a NASCAR* conducted test of repeated stops from highway speeds.

*National Association for Stock Car Advancement and Research

BEST STYLE . . . BEAUTY THAT DOESN'T DEMAND A BIG BANK ROLL The experts at POPULAR SCIENCE magazine looked them all over

and said that "... in its price class, Chevy establishes a new high in daring styling." Chevy's leadership in sales for '59 says a lot for its looks too!

BEST RIDE . . . CARRIES YOU AS CAREFULLY AS IT PAMPERS YOUR DOLLARS "The smoothest, most quiet, softest riding car in its price class." That's the way MOTOR TREND magazine describes Chevrolet's cream-smooth ride. It's way more fun to sample than to read about though. Get out in a Chevy and see what Full Coil springs do.

BEST ENGINE . . . YOU COULD SPEND JARFULS OF JACK AND NOT GET A V8 LIKE CHEVY'S Talking about our standard as well as Corvette V8's, SPORTS CARS ILLUSTRATED says, "Indeed, this device is

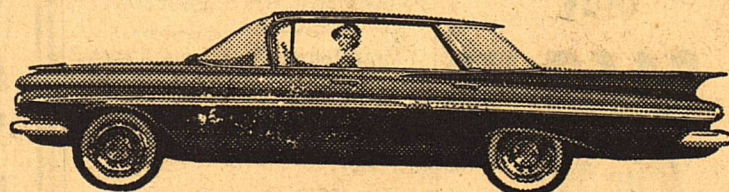

surely the most wonderfully responsive engine available today at any price."

BEST ROOM . . . NO CRAMPED QUARTERS Let's take the official figures filed with the Automobile Manufacturers Association. They show Chevrolet's front seat hip room up to 5.9 inches wider than in comparable cars. Count on real comfort.

BEST TRADE-IN . . . YOU GET MORE DOLLARS BACK FOR YOUR CHEVY Last year, for example, Chevrolet used car prices averaged up to \$128 higher than comparable models of other makes. Just check the NADA* Guide Book.

*National Automobile Dealers Association

BEST ECONOMY . . . SOCK AWAY YOUR CHEVY SAVINGS As sure as two Chevy Sixes won their class in this year's Mobilgas Economy Run, getting the best mileage of any full-size car!

Now there's an Impala Sport Sedan... one of Chevy's full series of Impalas for '59

Dortha M. Fauver, Crash Victim, Buried Tuesday

Services for Mrs. Dortha Edna Fauver, 37, were held Tuesday in the Church of Christ with Mr. Robert Marshall, minister of the church, officiating. Burial was in Sonora Cemetery under direction of Ratiff-Kerbow Funeral Home.

Born in Barsdale January 21, 1922, Dortha Edna Moegelin, was a former resident of Sonora. She married George F. Fauver December 23, 1940. He died five years ago. She had lived in San Antonio the past thirteen years and was employed at Lackland Air Force Base. She was a member of the Church of Christ.

Mrs. Fauver died in Sid Peterson Memorial Hospital Monday, August 31, of injuries caused in a car accident.

Survivors include her stepfather and mother, Mr. and Mrs. A. J. Wall; three sisters, Mrs. L. E. Skains and Mrs. G. J. Jones, Sonora, and Mrs. C. M. Jeffrey, Richland Springs; a brother, James Wall of Sonora and her grandmother, Mrs. J. C. Smith of Sterling City.

Pallbearers were George S. Schwiening, Herbert Fields, F. M. Mayhew, Roy Cooper, Terry Baker and George Smith.

Sonoran's Brother Buried Friday At Burnet

Funeral services for L. H. Biggs were held Friday in Burnet and burial was in Burnet Cemetery. Mr. Biggs died Thursday, August 27.

He is survived by his wife; three children; his mother, Mrs. W. N. Biggs of Sonora; one brother, L. O. Biggs of Sonora and one sister.

Attending the services from Sonora were Mr. and Mrs. L. O. Biggs, Mrs. W. N. Biggs, Mr. and Mrs. Sam Odom, Sammy and Joe Allen and Mrs. Laura Odom.

CARD OF THANKS

We extend deep appreciation to all our friends who did so much for us during our recent bereavement. The many beautiful expressions of love and sympathy were most helpful and we are sincerely grateful.

The family of Paul Turney.

CARD OF THANKS

We are truly grateful to the good friends who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship and affection.

The family of Henry Lee Pearl.

ASM3C BOBBY E. CLARK AT MOFFETT FIELD, CALIF.

Bobby E. Clark, aviation structural mechanic third class, USN, son of Mr. and Mrs. Robert E. Clark of Sonora, is serving with Air Transport Squadron Eight at the Naval Air Station, Moffett Field, California.

A unit of the Military Air Transport Service, the squadron flies servicemen, their families, and cargo to destinations on the Pacific routes, from California to the Far East.

Mr. and Mrs. John G. Murray and Johnnie of Pearsall will be in Sonora this weekend the guests of Mrs. Murray's mother, Mrs. Ruby Dameron.

Mrs. Gene Groom and daughter, Diana, of Fort Worth arrived Saturday for a week's visit with her parents, Mr. and Mrs. John Eaton. Her husband will join them for the Labor Day Weekend and accompany them home.

Mrs. Arthur Carroll is in Houston this week the guest of her mother, Mrs. Grace Palmer.

Mrs. John Reiley and Annette Shroyer returned last week from El Paso where they visited Mr. and Mrs. George Joseph and daughter.

Mrs. J. E. Wright has returned from Knoxville, Tennessee. She visited her son, George, and his family at the University of Tennessee.

FOR A SOUND RANCHING FUTURE

Vote YES in the 708 referendum because . . .

1. Effective advertising is the only means of rebuilding a strong wool industry.
2. '708' is a fair 'tax' allowing every grower equal participation in a self-help program.
3. '708' was conceived by sheepmen, and guarantees the sheepman control of his own advertising program.
