The Devil's River News-Sonora, Texas, Thursday, May 19, 1960

THIRTY-THIRD WEEK

OFFICIAL PROCLAMATION

WHEREAS Boy's Ranch of West Texas is a home for underprivileged, misguided and unfortunate boys of this area; and

WHEREAS Boy's Ranch is making useful citizens out of these boys by providing them with a well rounded educational, recreational, vocational and spiritual program; and

WHEREAS there is a desperate need for funds to keep this program in operation and to provide additional buildings and facilities:

NOW, THEREFORE, I, A. E. Prugel, Mayor of the City of Sonora, do hereby proclaim the week of May 19th - 27th 1960 as Boy's Ranch Week in Sonora and urge the citizens of this community to observe this week by supporting Boy's Ranch of West Texas with their gifts, their prayers, and with a better understanding of their aims, problems and achievements.

IN OFFICIAL RECOGNITION WHEREOF, I hereby affix my signature this 18th day of May, 1960.

A. E. Prugel, Mayor

Odds And Ends

You've heard the old saying that if you don't like the weather in Texas—just wait a while? It's made lots of folks laugh for a good many years but last week it really wasn't just too funny.

Cleve Jones came in Thursday afternoon to tell us that the temperature at his ranch got down to 32 that morning (May 12). It not only got down to 32, it nipped his garden and his corn and beans took a beating. Cleve says he's ranched here a long time and it's the latest frost he can remember. Says there was one on the first of May quite a few years ago. He wonders if anyone can remember one any later.

Then Wednesday came Mr. J.E. Eldridge with his weekly report on the week's weather. His government thermometer showed May 14, just two days after our record low, to have been the hottest day in two years with a scorching 102 degrees. The hottest day all last summer was only 101.

Rev. Doyle Morton To Deliver Baccalaureate

The Rev. Doyle W. Morton, pastor of the First Methodist Church, will deliver the Baccalaureate Sermon for members of the Senior Class of Sonora High School at eight o'clock Sunday night, May 22, at the high school auditorium. Members of the Sonora Ministerial Alliance will assist in the worship services.

The title of the sermon will be "The Master Calleth for Thee".

The Rev. Alvin Loiry, pastor of the First Baptist Church, will give the call to worship and will deliver the benediction. The Rev. Alanson Brown, rector of St. John's Episcopal Church, will give the invocation and the Rev. Allan Guthrie, pastor of the Church of the Good Shepherd, will lead the responsive reading.

Mrs. W. T. Hardy will play the

Betty Ann Patrick Wins State In Poetry Reading

Betty Ann Patrick, daughter of Mr. and Mrs. Lee Patrick, topped all contestants from Class 'A' high schools all over Texas to win first place in Senior Girls' Poetry Reading at Inter-scholastic League competition in Austin last weekend.

Betty Ann Patrick

Betty Ann, a sophomore at Sonora High School, had previously won in district and regional competition. She also won Best Actress honors in district one-act play and is treasurer of the National Thespian Society chapter.

Mr. and Mrs. J. A. Letsinger, Janie and Al spent the Mother's Day weekend in Austin with their son and family, Mr. and Mrs. Bill Baldwin and Brenda.

processional and recessional and accompany congregational singing.

40 Seniors To Graduate In Exercises Monday Night

Herman Moore, Jr. Named Recipient Of Annual Lambert Award At SHS

Herman Moore, Jr., son of Mr. and Mrs. Herman Moore, was named fifth recipient of the Lambert Award. The trophy is awarded annually in memory of Mrs. Jo Ethel Lambert and is presented by Jeff Lambert.

Herman was selected to receive the award on the basis of character, leadership, service, patriotism, sportsmanship and scholarship. Herman, a 17-year-old junior at Sonora High School, is a member of the National Honor Society, has been room representative to the Student Council for

two years, is treasurer of the Lettermen's Club and has lettered in both football and basketball.

Recipients of the award are selected from nominations by the school faculty.

Sam Gonzales was first recipient of the award in 1956, Frank Joe Potmesil in 1957, Anna Lou Morris (now Mrs. W. H. Hill) in 1958, and Douglas Clark in 1959.

Presentation of the award was made at Tuesday's assembly at Sonora High School.

Forty high school seniors will receive diplomas at commencement exercises Monday evening, May 23 on the campus lawn.

Alfred Sykes, class president, will preside over the exercises which will begin at eight o'clock.

Mrs. W. T. Hardy, pianist, will play the processional and recessional marches and accompany a chorus in two songs, "It's Almost Tomorrow" and "Moments To Remember". Members of the chorus are Claire Jones, Jetty Young, Vivian Miers, Nova Crawford, Fae La Rae Adams, Jean Ellen Schwiening, Earlene Smith, Jerry Potmesil and Pete Skains.

Gene McCarver will give the invocation and Herman Moore, Jr., the benediction. National Honor Society awards will be presented by Joe Nance, president of the Sonora Lions Club. Superintendent of Schools Rex W. Lowe will present the class and diplomas will be awarded by Frank P. Bond, president of the school board.

Sara Su Stewart will deliver the valedictory address and Nova Crawford the salutatory. Class officers are Alfred

Sykes, president; James Nick, vice-president; Claire Jones, secretary, and Jetty Young, treasurer.

Graduates are: Fae La Rae Adams, Ana Maria Badillo, Jerry Lynn Baldwin, Larry Rudolph Bates, Alfred Chavez Bermea, Alexander Eugene Brodhead, Loyd Junior Brown, Ben C. Castillo, Dan Carter Cauthorn, Luther Chalk, Warren Douglas Clark, Patrick Donald Cooper, Nova Jean Crawford.

Roland Virgil Drennan, Celia Santa Cruz Favela, Hervey Torres Gomez, Maria Gomez, Bobby Gerald Harris, Kenneth Earl Holmes, Dolores Chica Ibarra, Alice Claire Jones, Paul Wayne Lippman, Vivian Doris Miers, Jack Darryl Moore, John Douglas Moore, James Bryan Nicks, Olivia Noriega.

Jerry Edward Potmesil, Armando Martinez Reyna, Santiago Mancha Samaniego, Jean Ellen Schwiening, Le Earnest Skains, Lilly Earlene Smith, Jimmy David Smith, Sara Su Stewart, John Albert Sykes, Wesley Alfred Sykes, Frances Viana Templeton, Billy Joe Tolliver and Jetty Della Young.

Attend Funeral Of R. D. Stallings

Mrs. Rena Trainer, Mr. and Mrs. T. K. Nevill and son Bob, Mrs. Serena McGuire and daughters Sharon and Vicky were in Pasadena last weekend to attend funeral services for Mrs. Trainer's son-in-law, R. D. Stallings.

Stallings, husband of the former Cora Trainer of Sonora, died after a short illness. Services were held in the First Methodist of Pasadena with Masonic-burial in Grandview Cemetery.

Mr. and Mrs. George H. Neill returned Wednesday from Fort Worth where they attended the convention of the Texas Bankers Association. Neill is outgoing treasurer of the organization.

Mrs. Evelyn Ward of Oakwood is a guest in the home of her daughter and family, Mr. and Mrs. Edwin Sawyer, Sarah, Eddie, Jane and Mollie.

Services Held For Sonoran's Sister

Funeral services for Mrs. Carrie Laughlin, 88, sister of Arthur Stuart of Sonora, were held Thursday morning, May 19, at a San Angelo funeral home with the Rev. Ennis Hill officiating.

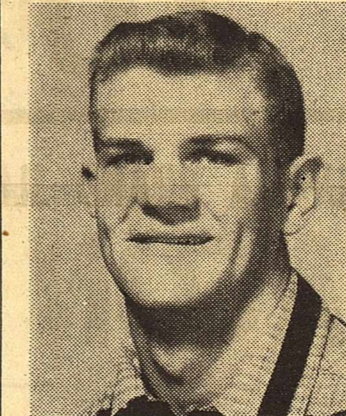

Mrs. Laughlin was a native of Tom Green County and had been a resident of San Angelo for 70 years.

Other survivors include one sister, Mrs. Lillie Gresham of San Angelo.

New Head Coach To Move Here At School's End

Newly hired Head Coach Jerry Hopkins, his wife and two daughters will move to Sonora at the end of the school year at Cameron where he is now serving as assistant coach, he announced Friday. Hopkins was in Sonora to get acquainted with assistant coaches and to make arrangements for moving here.

Hopkins will bring with him four and a half years as an assistant coach, his experience ranging from junior high to high school work. He is a native of San Saba where he was all-district in football and basketball.

Jerry Hopkins

At San Angelo College and South West Texas State Teachers College he played both offensive and defensive backfield ball.

A stickler for study, Hopkins says he expects his team members to come up with grades and to be dependable as to both practice and study.

Sutton County 4-H'ers To Attend Annual Round-Up At College Station

Sutton County 4-H'ers will be among those from every section of Texas who will assemble at

Texas A. & M. College June 7 for their annual statewide 4-H Roundup. The big day will be the eighth when winners will be determined in 25 statewide judging and demonstration contests.

LIONS ROAR

A trio composed of Gerry Mayfield, Patsy Garrett and Nanette Stokes sang three songs for members of the Lions Club at its regular luncheon meeting at the First Methodist Church this week. The girls sang "It's Almost Tomorrow", "Carol of the Drum" and "Alabama Coon".

E. B. Keng showed slides of game animals taken on the Duke Wilson Wyoming Ranch adjoining Yellowstone National Park in the Moss Canyon area.

Guests present were Cecil Meadows of Eldorado, E. B. Tipton of Jacksonville and Ralph Tipton of Tyler.

"We will play from the Winged T formation and balanced line with variations to be worked from this line-up," Hopkins said. The new coach also reported that Ken Cleveland will remain with him as head basketball coach and assistant in football and Olice Wuest will continue his work as assistant.

Jessie Lem Johnson, Gene Brodhead, Jack Baker and Preston Neely have qualified to attend the roundup by winning second place in grass judging at Odessa.

Dick McMillan, John Friess, Cleve T. Jones III and Tom Glasscock have also qualified to go to roundup in range judging.

Other local 4-H members are continuing to work out in grass and range judging since they can replace qualified team members by beating them in future contests before the roundup.

Honored on her retirement from the teaching profession was Miss Anne Palmer, high school English teacher here since 1942. Giving the tea at which Miss Palmer was presented with gifts of a silver tray and pitcher were the Sonora Lions Club and the Sonora Parent-Teachers Association. Miss Palmer will make her home in Comanche following her retirement this spring.

Miss Anne Palmer Honored With Tea Sunday Afternoon

Miss Anne Palmer, high school English teacher here since January 1942, was honored Sunday afternoon with a tea at the school cafeteria. Host organizations were the Sonora Lions Club and the local chapter of the Parent-Teachers Association. Miss Palmer has announced her retirement from the teaching profession.

Mrs. Nancy B. Wilson, Mrs. Sam Hull and Mrs. Bryan Hunt alternated at the guest register.

The tea table was laid with an ecru cutwork cloth and centered with an arrangement of white

daisies and blue delphinium with a white ribbon streamer bearing the dates 1942-1960 in gold numerals. A crystal punchbowl was at one end of the table and a cake iced in blue with white roses at the other. Meses. J. F. Howell, W. H. Dameron, Alice S. Jones and Rip Ward served.

A gift of a silver gallery tray and silver pitcher were presented to the honoree by the host organizations.

Other houseparty members were Meses. Duke Wilson, Herbert Fields, W. A. McCoy, Gay Copeland, W. T. Hardy and E. D. Shurley.

Martha Valliant June Graduate Of U. Of Texas

Martha Valliant, daughter of Mr. and Mrs. Roy Valliant of Sonora, is one of 144 degree candidates in the University of Texas College of Education, according to an announcement by Dean L. D. Hashew.

Miss Valliant will receive the degree of Bachelor of Science in Education at graduation services in Austin Sunday, June 4.

Carolyn McLaury of Tarleton State College was a weekend guest of her parents, Mr. and Mrs. Lee W. McYaur.

H. V. (Buzzie) Stokes attended a West Texas Chamber of Commerce meeting in Coleman today.

Lowrey Draw Flood Dams Complete Work Accepted By Local Sponsors

Senior 4-H Judging Team Second In SAC Range Judging Saturday

The Senior 4-H Range judging team composed of Jessie Lem Johnson, Cleve T. Jones III, Tom Glascock and John Friess placed second in the Range Judging Contest sponsored by the North Concho River Soil Conservation District and San Angelo College Saturday, May 14.

The Sutton County team placed first in plant identification, third in range placings and third in

range classification.

The junior team of Libb Mills Wallace, Chris Berger, Ray Glascock and Jerry Shurley, Jr. also judged in the contest and placed fourth just 23 1/2 points behind the senior team.

Robert Brown and Sarah Sawyer also judged in the contest. Edgard Glascock, Gene Wallace and D. C. Langford attended the contest with the 4-H members.

Final construction of flood-water retarding structures on Lowrey Draw was completed last week with the acceptance of Site 11 by local sponsors.

Located on the W. A. Miers ranch, Site 11 controls drainage from 17 sections of rangeland. The structure is 47 feet high, and has emergency spillways at each end of the dam totaling 400 feet in width.

The dam contains 337,402 cubic yards of earth and rock fill, of which approximately 104,000 cubic yards was rock blasted from the emergency spillways. The lake is expected to fill to spillway level only once in a 250 year period.

The entire structure is blanket-

ed on both sides with a thick layer of rock, which will reduce maintenance to a minimum. The automatic drawdown tube, which drains the lake down to sediment pool level after each flow, is 34 inches in diameter. The lake will temporarily detain 5,189 acre feet of floodwater at spillway level, covering an area of 364 acres. It will automatically drain down to a 51 acre sediment pool, which will be permanent water if the soil will hold.

Work is in progress on seven of the eight structures planned on Dry Devil's River. Site 8, on the Ben Mittel ranch is the last structure to be build, and is planned to be contracted in June.

YOUR MINISTER SAYS

By Rev. Allan Guthrie
 "If any one says, 'I love God' and hates his brother, he is a liar; for he who does not love his brother whom he has seen, cannot love God whom he has not seen."

"Spirit," and this gift is what makes it possible for us to love our neighbor. We cannot do it by ourselves. Of course it is easy to love those whom we like, but even in families in which the members love each other most of the time, there are occasions when

we can say, "No one loves him but his mother, and she has to work at it." It is hard to love someone when he is unlovely. Yet we are told that Jesus Christ loved us enough to die for us while we were still sinners.

Through prayer and worship, through example and inspiration, through the transforming power of God's love, we are helped to love each other. This is the only way we can show our love for God and our thankfulness for His love. The next time you feel like hating someone, say to yourself, "Christ died for him and for me, so I will try to love him."

"Who owns the Electric Company?"

A lot of our own customers can't answer that one. But there's certainly no secret about it.

The electric company is owned by people. Thousands of people, like you, who invest their money and help the company to grow.

Your electric company is not owned or run by the city. Not by the state either. Not by any kind of government. It is an independent business.

That's an important reason why you get the best possible electric service at such a low price.

The Caverns Of Sonora - - - Their History, Description, Exploration

CURRENT EXPLORATION AND TRIPS

During the Easter weekend of 1956, Fred Berner, David Kyser, Larry Littlefield, and other members of the University of Texas Grotto met Bartley and Robert Crisman at the cave. The Crismans guided the others to the Helictite Room where the group divided and explored side passages. Quincy Berlin and David Kyser went to the uppermost level above Berner's Precarious Precipice, a coralloid covered ledge, which is traversed to enter the East Wing of the cave, and spent several hours seeking an apparent second entrance to the cave. Strong evidence for this was found in the form of abundant animal droppings, bones bearing tooth marks, and cool, fresh air. A large centepede was found and later identified as a surface form. Despite their efforts, however, no outside openings were found. The ceiling in this area is highly pitted and honeycombed, making systematic search difficult. Approximately 20 hours were spent in the cave and two separate entries were made during this trip.

In June of 1956, Fred Berner, William Helmer, Larry Littlefield, David Kyser and other speleologists from the U. of T. Grotto visited Mayfield for the purpose of mapping it. The route from the Pit Room to the helictite Room as well as the lower passage from the Pit Room to the entrance were mapped on this trip. A total of 20 hours was spent in the cave with two entries.

The U. of T. Grotto again visited the cave in July of 1956. They paced off the cave's route on the surface and found some interesting rock formations in the vicinity of the upper level. The East Wing of the cave was mapped on this trip as well as the ledge route and some of the level beneath the entrance. The U. of T. Grotto used the ledge route for the first time on this trip. Formerly, they had one person scale the wall of the pit and then lower cable ladders on which the others might ascend. The writer knows from experience that the ledge route is easier. The spelunker is confronted with a great deal more crawling if the wall route is taken.

In January of 1959, Jack Burch, Calvin Perryman, W. T. Perry-

man, Ralph Perryman and Don Shupe of the Ardmore, Oklahoma Grotto spent several days surveying the cave with a transit and tape. Although their map is not as yet complete, it is the most accurate one which has been produced to date.

SUMMARY

Since the new part of Mayfield Cave was discovered in the summer of 1955, many expeditions have been made to the cave by various caving groups. Many man hours have been spent in the cave with the hope of finding new wonders. The area of Berner's Precarious Precipice and the Hall of the White Giants offered clues for more virgin cave for a while, but even those leads have been pretty well gone over by now with no significant discoveries. The main lead now is the possibility of an extension of an upper level above the present passage leading to the Helictite Room. This area is also pitted and honeycombed, which will make exploration difficult. Except for a few skimpy leads such as this, it may now be said that Mayfield Cave is completely explored.

GEOLOGICAL ASPECTS

The Cave's Origin and Age

In solution caves, at least three related phases of development are recognized: (1) In the first phase, openings are developed in the rock by solution and are integrated to form cavern passages. (2) The second phase involves the filling of these passages with clay, silt, sand, or gravel, the source of which is the surface soils or rock in the vicinity of the cave. At times these deposits of cave earth accumulate to such an extent that they completely fill the primitive passages of the cave. (3) The third stage is a reverse of the second and results in the partial removal of the earth fill by streams flowing in the cave. These active streams also modify and enlarge the primitive passages. Simultaneously, the reopened passages receive deposits of calcite or other minerals that are carried through the rocks in solution. The deposition of these minerals on or from the walls and ceilings of passages develops beautiful stalactites, stalagmites, columns, flowstone, or other speleothems.

White these three phases of development are recognized by most scientists there are two

schools of thought as to the timing and position of each phase. Some believe that all three stages occur simultaneously at or near the top of the ground water. This view, known as the one-cycle theory, is as follows: water descending from the surface of the Earth into the ground dissolves the limestone to form cavern openings. At the same time, some of the water containing large quantities of dissolved materials precipitates them on reaching the openings forming speleothems. Earth fills are also brought in from the surface by the descending water at the same time that the passages are being enlarged by solution. Another group thinks that each phase is distinct and separate. This view, which is known as the two-cycle theory is as follows: the first phase occurs in the phreatic zone well below the top of the water table, and the third phase occurs in the vadose zone.

When passages are elevated above the phreatic zone by regional uplift, the second cycle is inaugurated. William Morris Davis related the first cycle to regional peneplanation, and keyed the entire development of caverns to the peneplane cycle as follows: 1. Solutional development of deep-seated network of fissures, galleries, and shafts in the phreatic zone beneath a peneplane surface. 2. Enlargement of openings to mature proportions, still beneath the water table. 3. Regional uplift with change from phreatic to vadose conditions in cavern passages. 4. Depositional replenishment by dripstone and flowstone. 5. Degradation of cavern roof and walls by erosion and final peneplanation.

J. Harlan Brez modified Davis' theory by introducing a third stage in the cavern cycle. This stage, occurring in the transition from phreatic to vadose conditions, is characterized by deposition of clay fills in cavern openings. The clay is derived from the surface and transported to phreatic reservoirs where it forms deposits that may completely fill cavern passages. Upon uplift, vadose streams flowing in the cavern passages excavate channels in the clay and may ultimately remove it.

William E. Davies, 1953, states that the fills are a result of alternate vadose and phreatic conditions in which active subter-

anean streams deposit sand and gravel when the water table is low and fine silt and clay when the water table is high and phreatic conditions exist. Such alternations would occur as the phreatic stage of excavation drew to a close, and uplift of the cavern passages began.

Mayfield Cave appears to have been formed according to the two-cycle theory. Networks of passages and irregular solution pockets in the cave's walls—characteristics of caves formed according to the two-cycle theory—are common in Mayfield.

It is thought that the second stage of cavern development was of minor importance in the formation of Mayfield Cave. This stage may have been completely absent. A type of clay can be found in isolated spots in the cave today, but this clay is very much different from the limestone soils of the surface above the cave. If extensive clay fills were present in the cave's lower passages, they would not be visible due to the fact that secondary calcite formations cover many of the cave's walls and floors. Recent soil fills are present in some of the cave's upper levels.

Although the exact position of each phase in the cave's development is not known, it is known that the cave is now in the latter part of the third stage.

The only indication of the cave's possible origin according to the one-cycle theory is the fact that it is located in thickly bedded, gently dipping limestone. James H. Gardner, who favors the one-cycle theory, applied this theory to such areas. Scientists who favor the two-cycle theory have also applied it to such areas as those that Gardner studied; therefore, the fact that Mayfield was developed in such an area is not a very sound basis on which conclusions favoring the one-cycle theory can be based.

There are horizontal passages on several different levels in Mayfield Cave. It cannot be told whether these levels are due to solution directly below the water table, or solution of more soluble beds; because the limestone in which Mayfield Cave was formed is flat-bedded.

The age of caverns is still an unsolved problem. Many estimates have been based on the rate of growth of stalactites, fossil remains in cavern fills, and on the rate of solution of cavernous limestone. The figures arrived at by these methods have been of little consequence, as they are not directly related to the origin of the cave, and, at best, are minimum ages.

Caves, obviously, are younger than the rock that encloses them, and older than the deposits that fill them. The limestone in which Mayfield Cave is located belongs to the Comanche series of Cretaceous age. Of the fossil remains of prehistoric vertebrates which have been found in Texas' caves, none have been found; when dated, to be older than Pleistocene age. Kyser and others found petrified fragments of a pleistocene palm tree during their explorations on the surface above Mayfield in July of 1956. Although these facts place the date of origin of Mayfield Cave in the late part of the Tertiary age, an accurate specific age cannot be given.

To be continued next week.

MISS WATKINS PLANS ADVANCED RECITAL

Miss Marie Watkins will present her advanced music pupils in a recital at eight o'clock Tuesday evening, May 24.

Appearing on the program will be Ann McKinney, Kay Shurley, Jessie Lem Johnson, Mary John Espy, Gay Potmesil, Jo Addah Johnson, Mary Wilson, Gerry Mayfield, Patsy Garrett, Nanette Stokes and Jerry Potmesil.

Mrs. Myrtle Sellman has had as her guest her aunt, Mrs. Maude Wilson of El Paso.

A guest in the home of Mrs. Juliet Driskell is Mrs. Helen Murphy of Bakersfield, Calif.

Dr. Frank L. Bond of San Antonio was a weekend guest of his parents, Mr. and Mrs. Frank P. Bond.

Mr. and Mrs. J. F. Hamby have had as guests their nephew and family, Mr. and Mrs. James C. Morrow, Valerie and Janet of Caracas, Venezuela.

CLUB 13 MEETS AT LOWE HOME

Mrs. Rex W. Loye entertained members and guests of Club 13 at her home last Thursday afternoon. Garden flowers were used in decorating and a salad plate with tea and "cokes" was served.

Mrs. Gene Wallace won high score prize for members and Mrs. Tommy Smith held high for guests. Mrs. Robert Pfluger won the slam prize, Mrs. Cecil Westerman bingo and Mrs. Leroy Whitworth the traveling prize.

Guests present were Mmes. J. L. Alderdice, Robert Kelley, Jr., Robert Pfluger and Tommy Smith.

Members attending were Mmes. Carl J. Cahill, Ed Grobe, A. E. Lowe, J. W. Neville, Glen Richardson, Harold Scherz, Gene Shurley, James D. Trainer, Gene Wallace, R. W. Wallace, Cecil Westerman and Leroy Whitworth.

LIBRARY CLUB

NEWS

By Nancy Reed

The 1959-60 school term has been an eventful one for the Library Club of Sonora High, as many improvements have been made. In October, the club's Halloween Carnival booth, the bean jar, earned \$32.25. In December, the annual Christmas Dance was held, for which part of the Halloween earnings was spent. Nancy Reed gave three book reports during the year while president Barbara Gatlin certainly worked hard on all projects. Later in the year a book display was set up for the PTA, representing the new reference, novel and non-fiction books. A gift was presented to the school's artist, Primo Gonzales, for his beautiful drawings and paintings for the club. During the Speech Meet several girls volunteered to keep the library open for visiting students. Also, the bulletin boards in the library were planned and done by the vice-president, Linda Spragins.

TRAINING SCHOOL HELD FOR DISTRICT WSCS

A district officers training day was held at the First Methodist Church here Thursday, May 12, with officers of Women's Societies of Christian Service from various churches attending.

Theme of the session was "Study, to show thyself approved unto God". Mrs. Alvis Johnson, local president, welcomed out-of-town guests and Mrs. E. J. Compton of Texon, district president, responded. Miss Dora Ryan of San Angelo, district spiritual life secretary, gave the devotional.

Mrs. M. J. Beall of San Angelo, district promotion secretary, introduced new district officers and assigned groups for instruction. She was assisted by Mrs. W. L. (Tom) Davis, local promotion secretary.

Approximately 135 were present. Two life memberships were presented by Mrs. Alvis Johnson to Mrs. Cleve Jones, Jr., and Mrs. R. V. Cook. Baby memberships given were to Dan and John Patrick Richardson by Mrs. O. L. Richardson, Sr., and to Sharon Elizabeth Hill by Mrs. Johnson.

MRS. SHANNON'S PUPILS IN RECITAL SATURDAY

Mrs. Charles E. Shannon, Jr., will present her dance students in recital at the high school auditorium at eight o'clock Saturday night, May 21.

Students taking part in the recital will be Derrie Lynn Shurley, Suzanne Shurley, Bruce Kerbow, Pamela Steed, Selma Nelle Stubblefield, Billie Ann Stewart, Trouba Teaff, Kay Lynn Kerbow, Judy Steed, Lucy Bundy, Kelly Sue Sentell.

Evelyn Jane Lowe, Vickie Hardgrave, Carol Adamson, Lesa Whitehead, Susan Stewart, Susan Prugel, Debra Wardlaw, Brenda Browne, Sandra Adamson, Linda McBride, Jean Williams, Angie Neill Moore, Margaret Bundy, Jo Ann Lowe, Diana Black, Debra Cooper and Betty Jack Cooper.

Gift Tea Honors Carolyn McLaury, Bride-To-Be

Miss Carolyn McLaury, bride-elect of Jack C. Shults, was honored with a gift tea in the home of Mrs. Cecil Westerman Saturday afternoon, May 14. Co-hostesses with Mrs. Westerman were Mmes. R. S. Teaff, Rip Ward, Ed Hawkins, Herbert Fields and Dorothy Baker.

Receiving guests were the honoree, her mother, Mrs. Lee W. McLaury, and her aunts, Mrs. Charles Tadlock and Mrs. Stanley B. Fyfe of Amarillo and Mrs. J. W. Swygart of Pampa.

Miss Aline Schwiening presided at the guest register.

The tea table was laid with a cloth of white embroidered organza over yellow and centered with an arrangement of yellow roses in a silver and crystal epergne. Punch was served from a silver punchbowl and individual cake squares were topped with tiny yellow rosebuds.

Members of the houseparty were Misses Nancy Wilson, Rita Lee, Jo Ann Leavy, Alice Lee Daughtrey and Mary Ceil Hawkins.

CARL JONESES HONORED AT BARBECUE, RECEPTION

L. W. Elliott School Principal and Mrs. Carl W. Jones were honored last week with a barbecue and a reception. The Joneses, who are leaving Sonora, were guests of honor at a barbecue given by members of the Elliott School faculty at the home of Mr. and Mrs. Andrew Moore last Monday night. They were presented with farewell gifts. Guests present were Mrs. Tom Parrisher, Mrs. Frank Pholdes, Mrs. Reggie Trainer, Miss Margaret Ann Smith, Mrs. Bill McGilvray, Mrs. Harva Cooper, Mrs. Margie Evans, Mrs. Edgar Glasscock, Mrs. Herbert Fields, Mrs. Harry Kiser, Mrs. Louin Martin and Mrs. Lois W. Young.

The Elliott Parent-Teachers Association hosted the reception on Tuesday night. The honorees were presented with a silver tray. Cake and punch were served by officers of the organization: Mrs. Lupe Mancias, Mrs. Juan Batista, Mr. and Mrs. Pedro Galindo, Jr. and Jessie Gomez.

THE WOMEN'S PAGE

The Devil's River News-Sonora, Texas, Thursday, May 19, 1960

Engagement Announced

Miss Nancy Wilson

Mr. and Mrs. Duke Wilson W. Moore of Nolan, Texas, have announced the engagement wedding will take place Saturday, June 25, at the First Methodist Church here.

Library Usage Up Over Last Year

A total of 2,229 books were checked out of the library of the Sonora Woman's Club during the past year, according to Mrs. G. H. Davis, library chairman. This represents an increase of 480 books over the previous year, Mrs. Davis said and credited the increase mainly to having the library open twice weekly during the summer.

The library will again be open twice each week this summer and the story hour for small children will be continued.

Mrs. Davis reported a total of 53 new books given to the library, 23 as memorials and 30 as gifts. The club spent \$182.34 of the \$200 allocated for new books.

Mr. and Mrs. Joe B. Ross and Mr. and Mrs. Miers Savell have returned from a week's trip to Kentucky where they attended the Kentucky Derby and visited with the Rosses' son, Dr. Joe D. Ross in Lexington, Ky.

Guests of Mr. and Mrs. Lee W. McLaury last weekend were Mrs. McLaury's sisters, Mrs. Charles Tadlock and Mrs. Stanley B. Fyfe, both of Amarillo, and Mrs. J. W. Swygart of Pampa.

Art Club Officers Installed Monday

Mrs. John A. Martin, Jr., was installing officer at Monday night's meeting of the Sonora Art Club at the art room. Installed to head the club for the coming year were Mrs. A. W. Awalt, president; Mrs. Ernest McClelland, vice-president, and Mrs. Gene Lightfoot, secretary-treasurer. Corsages were presented to all new officers.

A covered dish supper was served on the lawn and Mrs. H. V. Morris, outgoing president, presided over the business meeting.

Gifts were presented to Mrs. Morris and to Mrs. G. M. Owens, outgoing secretary-treasurer, who is moving away.

Those present were the above named and Mmes. Maysie Brown, Juliet Driskell, Hub Hale, R. B. Kelley, R. M. McCarver, Louin Martin, Myrtle Sellman, Miers Savell, Mrs. Helen Murphy of Bakersfield, California, and Mrs. Maude Wilson of El Paso.

El Paso Natural Shows Big Rise In Earnings

A sharp hike in first quarter earning and sales of El Paso Natural Gas Company has been reported by Paul Kayser, Chairman of the Board.

Net income for the quarter rose to \$14,653,532 from \$9,260,402 in the same period last year.

After provision for preferred dividends, net remaining for the common stock was \$12,828,701, or 75 cents per share on 17,048,312 common shares. For the 1959 period, remaining net was \$7,095,300, or 42 cents per share on 17,023,467 shares.

Congratulations To These New Parents

Mr. and Mrs. Darcy Carroll have announced the birth of a son, William Alton, born Wednesday morning, May 18, at Hudspeith Memorial Hospital and weighing six pounds, 11 1/2 ounces.

Grandparents are Mr. and Mrs. W. A. Carroll and Mr. and Mrs. A. B. Hightower, all of Sonora. Mrs. Grace Palmer and Mrs. H. B. Carroll, both of Houston, and Mrs. Elizabeth Chavers of Oakwood are his great-grandmothers.

The new baby is welcomed by a sister, Julie Anne, who was one year old the day before his arrival.

Herman Moore has returned from San Antonio where he spent several days.

MRS. BERGER ENTERTAINS PASTIME CLUB THURSDAY

Mrs. Joe Berger was hostess to members and guests of Pastime 42 Club in her home last Thursday afternoon. Cut flowers were used in decorating and a sandwich plate was served.

Mrs. A. W. Awalt held high score for guests and Mrs. Charlie Hull for club members. Mrs. R. B. Kelley won consolation.

Guests present were Mrs. Awalt and Mrs. Collier Shurley. Members attending were Mmes. O. G. Babcock, Robert Rees, Laura Trainer, Ella Wallace, C. E. Stites, R. V. Cook, Lee Labenske, Tom Sandherr, Kelly and Hull.

Coturnix Quail Program Dropped By Commission

The Coturnix quail program of the Game and Fish Commission is being closed out, according to W. J. Cutbirth, Jr., assistant executive secretary. All brood stock at the Tyler Game Farm is being disposed of at once.

Three years ago, Texas joined with a group of mid-western states in an attempt to introduce the exotic bird. Texas planted some 60,000 of the little quail in various parts of the State. Some of the other states planted in excess of 100,000 birds in each state.

"Records of these birds in Asia and other places indicated they would multiply rapidly, thus providing another game bird for our increasing hunting population," Cutbirth said. "We went into the program on an experimental basis. We found they produced well in pens, but after we released them we were not able to account for them to justifiable degree."

Cutbirth pointed out, however, that the normal quail crop of Texas probably would be some 10 to 12 million birds. He conceded that the introduction of only 60,000 Coturnix would make no particular showing in the total bird population. Biologists, however, will continue their lookout for any development which might prove the Coturnix has taken hold, he said.

The bird closely resembles a bobwhite, but is somewhat smaller. Persons knowing of the presence of this bird are asked to notify their game warden.

 City Secretary
 Sonora, Sutton County, Texas.
 Issued this 2nd day of May, 1960. 1 tp 33.

Devil's River Philosopher Brings Up Some Unanswerable Questions About Spies And Who Owns The Sky

Editor's Note: The Devil's River Philosopher on his bitterwee ranch on Devil's River has heard about the spy trouble, but it's hard to see where he sheds any light on it.
 Dear editor:

I have been thinking long and hard over the big spy question and so far I haven't come to any valuable conclusion, other than it might be better to spy with an atomic-powered submarine instead of an airplane, the kind of sub that just spent three months under water without coming up traveling around the earth. You may not see as much as you do from an airplane, but it's a whole lot safer.

On the other hand, the problem of who owns the sky has been engaging my thoughts, and while it's a hard problem, it's not as hard as ranching.
 You take my ranch out here. My deed says I own the land and everything under it, and my neighbors own everything under theirs, but if you stop and think, you know that the deeper in the ground you go, the less you own, if the world is really round. The nearer you approach the center of the earth, the narrower your wedge of earth becomes, until finally, when everybody's property line reaches the center, everybody is squabbling over a pin-point piece of ground. Wonder what Mr. Khrushchev has to say about this?

Now you take the sky above my ranch, I don't know exactly where the sky begins, but I know I must own some space above the ground, at least I don't believe the law would allow somebody to build a shed over my land, even if I did have room enough to drive a pickup under it without hitting my head. But after you get up a few thousand feet, I don't know. I do know though that I'd have a hard time proving an airplane flying a mile high over my ranch was trespassing, although if there was any way I could charge for it, I would.

And as for space fourteen miles above, I can see how no country wants another country's airplane flying around up there photographing whatever it can find, but how about 200 miles up? 500? With a photographing satellite? You can see if every country owns all the sky above it, upward for-

FORD BUILDS THAT TOP ECONOMY INTO THE BIG ONES TOO!

FAIRLANE Club Sedan, one of the Finest Fords of a Lifetime. For the best sellers, the best values, the best trades, see your Ford Dealer.

Traditional Ford Economy... when you buy, while you own it, when you sell it... goes all across the '60 Ford line with real money-saving features like these

- \$ Ford offers you some of the lowest price tags in America, as you'll discover when you compare manufacturers' suggested retail delivered prices, model by model.
- \$ Also standard on every new Ford is the money-saving aluminum muffler that normally lasts twice as long as the conventional kind found on other cars.
- \$ You can choose the Mileage Maker Six or two of Ford's famous, powerful Thunderbird V-8 engines that get-up-and-go on regular gas... for savings every tankful!
- \$ That sparkling Diamond Lustre Enamel Finish on every Ford will keep its bright shine without any need for waxing. And the gleaming grille up front is made of non-rusting anodized aluminum.
- \$ Thanks to Ford's Full-Flow oil filter (standard on every model at no extra cost), you stretch out those oil changes to a long, long 4,000 miles apart.
- \$ Every Ford has as standard equipment a 66-plate battery, for sure starting. (Most cars have a 54-plate battery as standard equipment.) F.D.A.F.

... and many more such features we'd like to SHOW you if you'll come in and check our SAVINGEST DEALS on these SAVINGEST CARS!

Sheepmen Launch New Promotion For Domestic Wool

Sheep producers in the United States are launching a new program to promote American-made wool products through their promotion organization, the American Sheep Producers Council.

The new wool program will place emphasis on American-made wool products and in its advertising will use the slogan "Natural Wool... Loomed in America". It will be directed to all segments of American life and will concentrate on those items that are the largest volume users of wool.

The American Sheep Producers Council has been promoting lamb and wool for four and a half years now in a self-help effort by sheepmen to create new interest in their products. The program is supported by a deduction of one cent per pound of wool and five cents for each 100 pounds of lamb sold.

The new approach for wool will be a hard-hitting advertising, promotion and educational program designed to increase the demand for American-made wool products. American wool growers produce some of the best wools

Save Those Prize Fleeces For Wool Show

County Agent D. C. Langford this week reminded ranchmen that now is the time for reserving individual fleeces and bags of wool and mohair for this year's Sonora Wool and Mohair Show scheduled for June 22 and 23.

Langford reported the number of entries lagging behind the usual number for this time of year and urged everyone to make plans for entering their finest fleeces and bags.

Projected center of community activities in the new 4-H Club Center built recently with funds accumulated from Chinese Auctions and 4-H sales in past years. The concrete-floored building has concession stand indoors and restroom facilities.

Among those from Sonora attending the coronation of Miss Wool of 1960 were Mr. and Mrs. Bill Savell, Mr. and Mrs. Bryan Hunt, Mr. and Mrs. R. A. Halbert, Mr. and Mrs. R. C. Vicars, Mr. and Mrs. L. E. Johnson, Sr.,

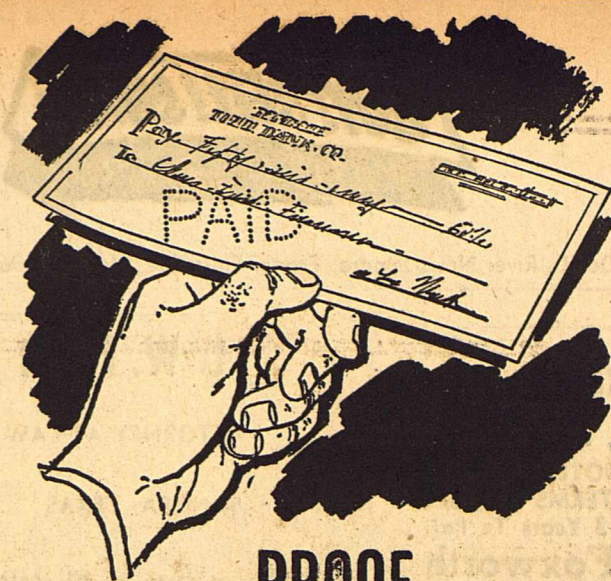

Mr. and Mrs. Vestel Askew and Linda, Mrs. Lee Fawcett and Rande, Mr. and Mrs. Joe B. Ross, Mr. and Mrs. Norman Rousselet and children and Mr. and Mrs. Bill Whitehead.

Mr. and Mrs. R. L. Hallum have returned from San Antonio where Hallum received medical treatment.

THANKS . . .

THE TRUST AND CONFIDENCE WHICH YOU HAVE PLACED IN ME AS YOUR NOMINEE FOR DISTRICT JUDGE IS ACCEPTED WITH HUMILITY.
