### 4-H Members & Parents Get Awards At Achievement Banquet Friday

Winner of the 1960 Gold Star Award given by the Sutton County 4-H Club is John Paul Friess. John Paul, 14-year-old son of Mr. and Mrs. Harold Friess, is the third member of his family to receive the award which is presented annually to the outstanding boy in local 4-H work.

By D. C. Langford

Two hundred twenty persons attended the annual Sutton County 4-H Achievement Banquet to honor 4-H members and leaders for their outstanding accomplishments during the year.

Dr. Joe David Ross, local veterinarian and ranchman, was the speaker and made a very timely speech on the responsibilities of 4-H members in achieving awards and success. Dr. Ross's speech was regarded by many as the outstanding speech to be delivered in the history of the local 4-H banquet because it was based on the experience and knowledge of a former outstanding 4-H member.

The Gold Star award which goes to the outstanding 4-H Club boy in Sutton County was won by John Friess, 14 year old son of Mr. and Mrs. Harold Friess. John is the third member

of the Friess family to win this award which was also won by older brothers Joe and Turney. John's selection was based on his judging record, livestock demonstrations and other 4-H activities.

The outstanding 4-H Mother award was presented to Mrs. V. J. Glasscock for five years of service as an adult leader. She is secretary of the 4-H Parents Club.

The outstanding 4-H Father award was presented to Preston Love who has served as an adult leader for the past eleven years and who is a past president of the 4-H Parents Club.

Nathan Donsky of San Angelo was presented an honorary Texas 4-H Club membership and a plaque for his contributions to 4-H work in Sutton County and the surrounding area.

Claire Jones received a special junior leadership award for the

assistance that she has given younger 4-H members in judging, record book preparation and with their livestock demonstrations. Claire is a past president of the Sutton County 4-H Club and is the only girl in the history of the club to hold this office.

Mrs. Alice S. Jones presented Mrs. Muriel Hamilton with a gift from the 4-H Club for the outstanding service she has rendered to the 4-H Club in preparing for 4-H activities in the cafeteria.

S. M. Loeffler presented 44 completion certificates to 4-H Club members who completed their 4-H demonstrations and turned in a record book or who completed their judging activities.

### Elliott Students To Give Program

Students in the first four grades at L. W. Elliott Elementary School will present their annual Christmas program at the school on Monday, December 19. The first performance will be for school students at nine o'clock in the morning.

A performance will be staged at 7:30 Monday evening for the public. Frank Rholes, school principal invites everyone to attend.

## Slow Soaking Rains Fall Leaving Up To Three Inches

Ground soaking rains covered a wide area of west Texas last week, leaving moisture measuring from 1.50 to approximately 3 inches in the Sonora area.

The rain fell slowly during a week of cloudy weather, and after one day of sunshine on Sunday, the clouds returned again this week. About one inch of snow was on the ground Tuesday morning, and heavy snow was falling at noon Tuesday.

Representative rainfall reports collected by Soil Conservation Service personnel included the following totals for last week's rains:

Sonora Wool House 1.80; Bob Hardgrave 1.45; Ben Cusenbary 2.20; Thomas Morriss 1.80; J. A. Cauthorn 1.5 to 1.90; Alice Jones 6-mile 2.60; Hospital Ranch 2.25; Fred Earwood 2.00; J. B. Wright (Page) 2.80; Harold Friess 1.80; Lawrence Finklea 1.70; Joe Lo-

gan 2.10 Joe B. Ross 2.30; Travis Glasscock 2.00.

All of the rain fell slowly and soaked into the soil without runoff loss. Moisture penetration checks showed damp soil about 10 inches deep. More rain is needed to saturate the subsoil and provide a good backlog of moisture for spring growth. Warm weather will bring an abundant growth of winter growing grasses and weeds.

### Santa Due At Courthouse At Five This Afternoon

After having to postpone his visit to Sonora youngsters twice within a week, Santa Claus notified H. V. (Buzzie) Stokes, Chamber of Commerce manager, that he had abandoned attempts to arrive by plane.

"Rain or shine," Santa's communication read, "I will be in Sonora at five o'clock Thursday

afternoon, December 15". Santa continued by saying he had made arrangements with the Sonora Volunteer Fire Department for transportation into the downtown area and that he will arrive there by fire truck.

Youngsters are advised to be on hand at the courthouse at five o'clock if they want to visit with Santa.

### Clarinet Choir Presents Program For Lions Tuesday

A 14-member clarinet choir from the Sonora High School Band presented a program of Christmas music for members and guests of the Sonora Lions Club at their Tuesday luncheon meeting at the First Methodist Church this week.

Led by Jo Bess VanderStucken, who also acted as mistress of ceremonies, the choir played "Hark the Herald Angels Sing", "O Come, All Ye Faithful", "The Bells of Christmas", "Away in a Manger" and "Silent Night, Holy Night". Jo Addah Johnson played the solo part in "O Little Town of Bethlehem", and Alice Lee Duncan soloed in "O Holy Night" accompanied by Jo Bess.

Members of the choir are Doris Fuentes, Ester Soto, Mario Sanchez, Karen Davis, Jon Ann Mc-

Mr. and Mrs. Charles L. Haines spent last weekend in Houston where they were the guests of Dr. and Mrs. Don C. Quast.

Gene Wallace was in Big Spring last week where he showed some stock in the exhibition and sale.

Reynolds, Nanette Stokes, Peggy Lynn Grobe, Janie Let-singer, Barbara Holland, Katherine Adams, Debra Cooper, Jo Addah Johnson, Jo Bess VanderStucken and Alice Lee Duncan.

It was announced that there will be no meeting of the Lions on Tuesday, December 27.

Guests present included Jack McDermott of Dallas Tom Collins of Kerrville, Harold Friess and Joe B. Ross.

### Odds And Ends

The first good snow of the season brought a lot of joy to the kids in this area Tuesday. We heard several instances of the youngsters making snowballs to store in the deep-freeze until next summer.

Grown-ups' reactions were mixed. There were those that felt gay and young, those who were worried about their kids' wet feet or their favorite flowers. And then there was Viola Adams who summed it up pretty well when she said she was glad she didn't live one mile farther north!

The first of the hunting season rush has passed and the storage plants report deer and turkeys brought in hitting a slow steady stream. The deer take has passed the 600 mark and more than 100 turkeys have been brought in. Addah Cauthorn's big buck is still the biggest and likely to remain so. That 16-pointer still tops his class too.

Here's a Christmas story we enjoyed:

In Wellesley, Massachusetts, a college professor informed his students that kissing under the mistletoe "originated with a Scandinavian myth." Giggled one of the girls, "That's certainly theemth reathonable."

### ATTEND FUNERAL OF RELATIVE TUESDAY

Mr. and Mrs. Jerry N. Shurley were in San Angelo this week where they attended funeral services Tuesday for Mrs. Shurley's grandfather, Albert M. Petty.

## Bronco Cagers Place Third In Eldorado Tournament

The Sonora basketball team won third place in the Eldorado cage tournament this past weekend. Mertzton won the tournament and remained undefeated for this year.

Sonora's first opponent was Miles whom the Broncos defeated by a score of 54 to 33. Gene West

led Sonora scoring with 16 points, followed by Primo Gonzales with 13.

The next game for Sonora was with Mertzton. The Broncos were leading at the half by a score of 20 to 15, but a hot third quarter for Mertzton and a cold one for Sonora meant the difference in

the ball game. Mertzton won the game 40 to 34. Sonora hit only 23 percent of their shots, and had they been on a little more could have easily won the game. Mertzton beat the Broncs by six points and then won the championship game from Wall by a 30 point margin.

Sonora played Eldorado for the third place trophy. The Broncos jumped out into a quick lead and kept a five point lead most of the game. The final score was 48 to 40 in favor of Sonora. Again in this game West led the scoring with 22 points.

# IN MEMORIAM

These are the names of Texas men and women who, in their Last Wills and Testaments, have left bequests to the Hospital. Their names have been carved in the panels of the Memorial Statue pictured below. Other names, as they become eligible, will be carved on the new panels around the base of the Statue.

# You May Know This Boy\*

\*He is typical of 3,000 crippled children scattered over Texas. Boys and girls who have become crippled for one reason or another during the past 12 months. His folks can not pay for corrective treatments at a private hospital. He needs to get into *this Hospital* right away.

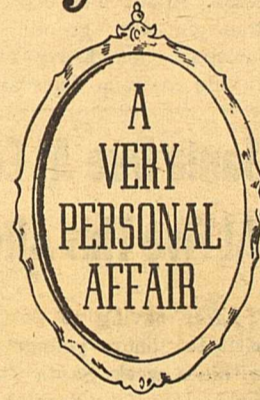

# HE IS WANTED AT THIS HOSPITAL RIGHT AWAY!

There is room for him today. You see, he is badly crippled. Chances are that he can be completely rehabilitated at *this Hospital*. He may live near you. His folks may not know of *this Hospital's* program of providing corrective treatments (including the most costly surgery) at not one penny of cost to the child or his parents.

## Hope for them Glory for you

"The departed whom we now remember have entered into the peace of life eternal. They still live on earth in the acts of goodness they performed and in the hearts of those who cherish their memory. May the beauty of their life abide among us as a loving benediction."

You can make this Christmas their most wonderful one by getting them in touch with *this Hospital* today! For the family of a crippled child, Christmas could not possibly hold any brighter promise than that of the rehabilitation of their child. For the child, itself, it would be manna from heaven.

And you would, in very real effect, be their Santa Claus. So, if you do know of such a child, get in touch with *this Hospital* at once. Give us the name, address and as much of the circumstances as you know. We'll take it from there. *And the glory will be in your name!*

**HELPING** Texas crippled children is a very personal affair. You see, *this Hospital* is supported entirely by gifts from generous-hearted Texans. Each penny of each gift is used for the personal care of Texas crippled children. Each child is a very personal case. He must have special surgery, special braces, special medications, special therapy, special and highly personalized attention from entry to successful completion of his treatments.

**FOR YOU** it is a very personal affair. You make a gift from your heart. That is personal. In one way or another you immortalize your name with your gift. That is personal. In making your gift you may be denying yourself some indulgence. That is very personal. Above all, you know of the unbounded joy given to crippled children and their parents. That is personal.

**YES,** the rehabilitation program of this Hospital for crippled children is, for you, a *very personal affair*. Faced with the privilege of doing something that is, in essence, monumentally great for someone else, man re-acts in the warm privacy of his own heart. Man, in such circumstances, is guided primarily by his own instincts for personal immortality. Searching himself thusly, man gives expression to his innermost convictions, showing forth to others the true measure of his stature.

SO, consider well your privilege of deeply and richly serving others through your gift NOW to, and for, the crippled children of Texas. It is truly a *very personal affair* for you!

## Here are Five Ways to Give

**LIVING TRUSTS** can be established to benefit the Hospital during your lifetime by naming the Hospital Board, or any other person you designate, as your Trustee over the property, money, securities or other assets you set aside for that purpose.

through either a new policy, or by making the Hospital beneficiary on any existing policy.

**BEQUESTS** in your last will and testament will convey to the Hospital whatever gift you may desire to bequeath. (In connection with living trusts and bequests it is important to consult an attorney.)

**MEMORIALS** in honor of loved ones through a gift to the Hospital result in both the names of the donor and that of the memorialized one being permanently recorded in the Hospital's memorial records.

**LIFE INSURANCE** can aid the Hospital

**CASH TODAY!** Gifts of cash today provide the Hospital with the all-important current operating revenue that makes possible the day-to-day activities of the Hospital.

These Texans as Trustees and hospital officials have dedicated themselves to the service of the Crippled Children of Texas

### Devil's River Philosopher Pleased To Learn That Russian Missiles Can Fizzle Out The Same As Ours

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River seems cheered by news out of Russia this week.

I ran into a news item the other day which deserves more attention than it got. It was in a newspaper which a man in town handed me and said, Here, you can have this, not any news in it.

According to this item, Russia sent a big space ship into orbit and was figuring on bringing it back to earth when the thing disintegrated, burned up in the atmosphere.

The reason this is important news is because it lets us in on what we should have known all along, that Russia ain't mechanically perfect. They're experts all right when it comes to space, they beat us at the start, but

everything about their efforts aren't smoothworking and always on target.

I don't care what your political philosophy is, Democratic, Republican, Socialist, Communist, Nobleman, when you're dealing with machinery, something is gonna go wrong sooner or later. If a pickup won't start on a cold morning, it just won't start, whether it's in Texas or Russia. If you get your mind off your business when you're driving a nail, your thumb is going to get smashed, whether the President is Democratic or Republican or you're in Moscow or London.

I'll admit though that when you hear of one success after another from space exploits out of Russia and nothing about any of their prowess, and it's very balancing to learn that Russia has missile fizzes the same as the rest of us.

I have a notion also that Russian women scorch shirts the same as any others, if they do much ironing other there, that Russian doctors sometimes treat a patient for the wrong disease, that some farmers over there

In the world of space, guided missiles are sort of like child direction. Sometimes it works, sometimes it doesn't, and you can't be sure ahead of time what the results will be.

Yours faithfully,  
J. A.

## Be Extra Cautious At Christmas Time Little Known Facts

Parents setting out for a Merry Christmas should take steps to see that they don't fall flat on their faces in an effort to make it a happy occasion for their children.

Because falls account for 45 per cent of home accident deaths, the Christmas season requires that a special effort be made to avoid this all too frequent occurrence.

Don't obscure your view by carrying too many packages. If you find it necessary to hide them away in hard to reach places, be sure you use a sturdy ladder when it comes time to get them down.

Decorating the Christmas tree in high places should be done by a person tall enough to reach those areas rather than letting smaller children try to reach the high spots from a chair—a doll helps, but it doesn't comfort a little girl with a broken arm.

## 341 Pay Fines For Violation Of Game Laws

Game law violators paid fines and court costs amounting to \$8,304 for violations during the month of October, according to Capt. E. M. Sprout, director of law enforcement of the Game and Fish Commission.

Of the 341 arrests, 102 paid fines for failure to buy their new fishing licenses, and 47 thought they could get by hunting without licenses. Season jumpers accounted for 37 arrests.

Wardens also made it hard on persons shooting from automobiles, and wrote tickets for 27 for this offense. Despite heavy arrests in recent months of "telephoners," another person was arrested for using an electrical device for catching fish.

A free throw trophy was given to the boy who had the best percentage of free throws. Herman Moore and Primo Gonzales both needed just one more free throw to win the trophy. Moore had 8 out of 11 and Gonzales hit 9 of 12. The winner hit 8 of 10. Gene West made the all-tournament team for the third consecutive year.

All the Broncos who participated did a fine job. Leman Tankersley of Mertzon was named the tournament's outstanding player. Primo Gonzales guarded Tankersley and held him to one field goal and six free throws. This was quite a feat. Primo is usually assigned to guard the opposing team's best player, and so far has done an outstanding job. In addition to his defensive ability, Primo has scored an average of 12 points per game. David Archer and Herman Moore did a good job of rebounding. Archer scored 11 points against Mertzon. In addition to the previously mentioned players, four sophomores saw a lot of action and the results looked encouraging. Primo Gonzales, Richard Noriega, Arthur Bermea and Bob Nevill are the sophomores.

Noriega and Primo are starters on the first team and Nevill and Bermea split time with the first group. The Broncos have three more games before the holidays. They play Menard Tuesday and then play Mason Friday and Tuesday of next week.

### CHAMBER OF COMMERCE COMMENTS

People who predict or try to outguess the weather are in trouble from the start. We planned a youth Christmas party at the Airport Saturday before last and found at the last minute that Santa's plane couldn't fly safely in the terrific wind storm, the band couldn't be present, etc. So the party was delayed until the next Saturday. At ten o'clock Saturday morning it was snowing bountifully. A conference was held and the party postponed again. And then that afternoon the sun made it one of the prettiest days of the fall but no party.

In desperation the party is being staged this (Thursday) afternoon, 5 o'clock, in front of the Court House and down Main street. Santa is coming, for sure.

**THINK - SONORA.** Your home town, is composed of some three thousand people who find ways of making a livelihood here. But Sonora is much more than that, of course we must have homes, churches, schools, water, electricity and fuel. But basically Sonora is built around the commercial institutions of the town. The Grocer, The Clothier, The Druggist, The Repairmen, The Service Institutions. all these and many more categories make up a town. The kind of town your home town turns out to be depends largely on the kind of business men you have.

A prosperous business institution in a town is quite an asset and a weak one is a community liability. We all expect our local merchants to carry bigger and better stocks and feel that they should compete with mail order houses more, on a price level.

Each year every merchant in Sonora is called upon dozens of times to contribute to worthy projects, projects that are essential and worthwhile to our community, our churches, our schools and to the many worthy youth and adult organizations. We find Sonora merchants most generous and with their help, Sonora has become one of the most progressive towns in the U.S.A. The merchants of Sonora do appreciate your patronage. They are here 52 weeks a year to show their appreciation by carrying bigger and better stocks, offering better prices and by giving service so essential, in the end.

This Christmas let's be Santa Claus to our home town-Let's make Sonora a better place in which to live in which to do business.

Frankie SoRelle and Gina Haines spent last weekend in Eldorado where they visited their grandparents, Mr. and Mrs. C. M. Clark.
