Former Sonoran, Wm. McDonough, Buried Monday

Graveside services were held here Monday afternoon, January 23, for W. M. McDonough, brother in law of Mrs. Beal Freeman and former Sonora resident. McDonough, who had made his home in Brownwood since 1942, died in Brownwood Friday, January 20.

He and his wife, who survives him, had made their home in Sonora from 1934 to 1942. McDonough was at that time an employee of West Texas Utilities Co.

He is survived by his wife, one son, one daughter, three brothers, five sisters and six grandchildren.

Mrs. Katie Brasher is a patient at Hudspeh Memorial Hospital here.

ATTEND KIN'S FUNERAL

Mr. and Mrs. Edwin Sawyer were in Teague Wednesday, January 18, where they attended funeral services for Mrs. Sawyer's aunt, Mrs. L. R. Boyd.

Weekend guests of Mr. and Mrs. Louis Davis, Mary, Irene, Maxine and Beth were their son-in-law and daughter, Mr. and Mrs. Viv Meitzen of Odessa.

LIONS ROAR

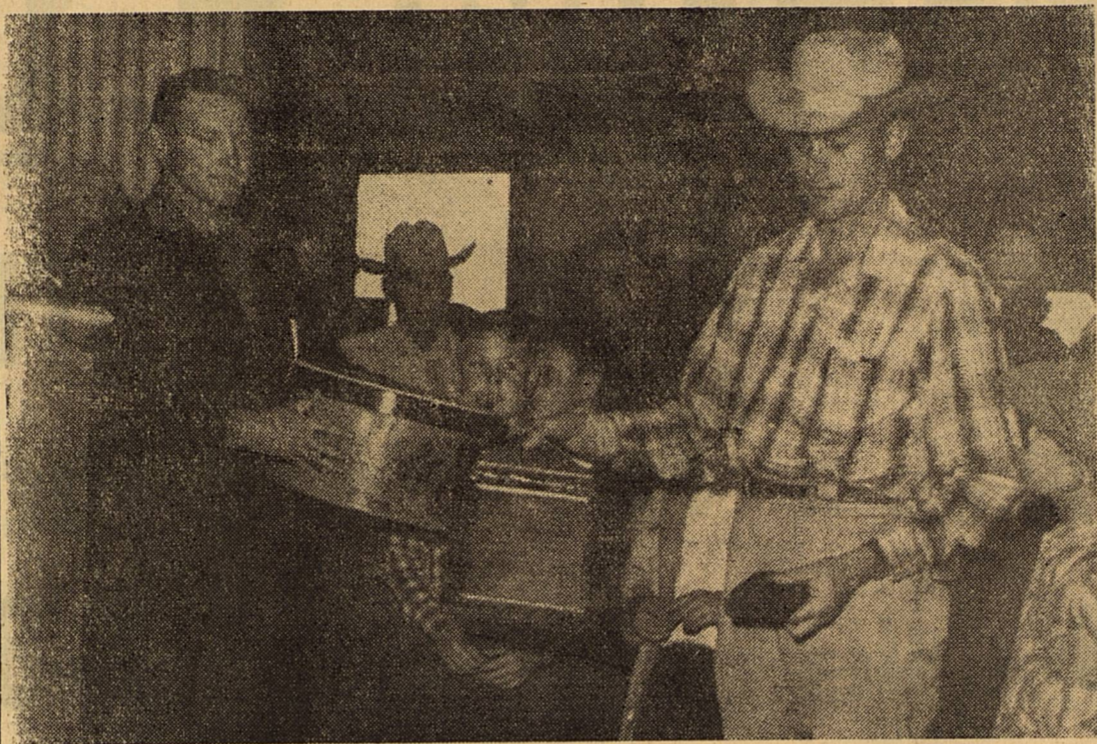

Five guests were present at Tuesday's luncheon meeting of the Sonora Lions Club at the Methodist Church this week. Introduced were C. H. Carson, Bob Miller, Vance Reese and Fred Gillespie, all of San Angelo, and Robert McMinn of Brownwood.

Mrs. A. C. Elliott presented her two piano pupils, grandsons Jim and Al Elliott, playing piano solos. Mrs. Elliott told how her first appearance on a Lions Club program was 26 years ago when she and Mrs. P. C. Lightfoot sang for the club.

H. V. (Buzzie) Stokes spoke on telephone service problems. He told how the telephone company has been asked to list Ozona phone in the Sonora and Eldorado directory instead of Eden. He reported that 69 phones have been added here during the past year.

M. C. (Dock) Scott was welcomed as a new member.

"Clint Day" At 4-H Show Draws Record Crowd

It was "Clint Langford Day" January 21 at the Sutton County 4-H Club Show and Sale. The Sutton County agent is shown here, right, as he received a wristwatch and plaque from his 4-H'ers and their parents. Presentation was made by Dr. Joe David Ross, left, who also made the speech dedicating the new club building.

14 SHS Students New Members Of Honor Society

The Sonora High School chapter of the National Honor Society announced last week the names of students who will be installed as members. Fourteen students, including three seniors, seven sophomores and four juniors, were selected for membership.

To be installed soon are Seniors Nanette Stokes, Linda Spraggins and Jo Ann McReynolds; Juniors Sondra Nicks, Margaret Loiry, Elaine Mearns and Gay Potmesil; and Sophomores Ann McKinney, Ray Lancaster, Melva Shroyer, Kay Shurley, Mary John Espy, Cissy Young and Frances Crawford.

4-H'ers Score High This Week In Kerrville District Stock Show

Five Sutton County 4-H members were among the top winners at the Kerrville District 4-H Show held Monday and Tuesday of this week.

Chris Berger showed the Champion Delaine ram and ewe and was named Premier Exhibitor of the Delaine Show. Chris also showed first and fourth place ewe lambs, first and third ram lambs, first and second two-tooth ewes, and first and second two-tooth rams in the Delaine show; fourth place group of three commercial ewe lambs, and fifth place commercial ewe lamb.

Tom Glasscock exhibited the Champion Rambouillet ram and ewe. He also showed the first

and second place two to four-tooth ewes, and first place two-to-four tooth ram in the Rambouillet Show. Tom won ninth place in the showmanship division.

Ray Glasscock showed the Champion Commercial Ewe of the show, the first place group of three commercial ewe lambs and the first and tenth place commercial ewe lambs.

Shelly Morris exhibited third place group of three commercial ewe lambs and the sixth place commercial ewe lamb.

Jo Addah Johnson showed the first and third place two-to four-tooth commercial ewes, third place group of three two-to-

It was "Clint Langford Day" Saturday for the Sutton County 4-H Club's 14th annual livestock show and sale, one of the most successful in the history of the event. Langford was honored during the afternoon which also saw dedication of the club's new building. Several hundred persons from Sutton and surrounding counties were on hand for the show, the 13th which Langford has supervised. The Sutton County Agent was presented with a wristwatch and a plaque by Dr. Joe David Ross who also made the dedication speech.

The sale brought in a total of \$4,049.40 of which \$2,554.50 went to Club members and \$1,494.90 into the club treasury. The Chinese Auction, conducted by Herbert Fields and assisted by H. V. (Buzzie) Stokes, Joe B. Ross and Gay Copeland, added \$3,550 to club funds. With a total of \$1,008 being awarded in prizes, the club netted a whopping \$4,036.90.

Lambs sold at auction this year averaged \$103.93 per head as compared with last year's \$85.69.

4-H Winners

Betty Jack Cooper, Herbert Fields, Jr., Chris Berger, Steve Fish and Ray Glasscock showed the Grand Champion animals in the January 21st show and sale.

4-H'ers And Parents To Have Fish Fry Saturday Noon

4-H Club members and their parents will have a fish fry at noon Saturday, January 28 at the 4-H Center. Following the lunch the club and parents organization will have their annual general clean-up and repair.

four-tooth commercial ewes, and tenth place group of three commercial ewe lambs.

4th Junior High Tourney Opens Here Thursday

Sonora's fourth annual Junior High School Invitational Basketball Tournament will get underway at the high school gymnasium at four o'clock this afternoon, with Lee of San Angelo, Big Lake, Del Rio and host Sonora as pre-tourney favorites of the 11 teams entered.

Ozona is the defending champion, having ousted San Angelo Lee last year to capture the tournament.

Members of the host Sonora team are Dick Hearn, Jerry Anderson, Jimmy Wilson, Joe Moore, Daniel Carranza, Alvin

Beyer, Bill Elliott, Mike St. Clair, John David Fields, Walter Harris, Maxie Delrie, Pat Brown, Gaddy Lyles, Duane Cox, Mike Wuest, Ray Glasscock, Carl Teaff, Eddie Howell and Bill Glasscock. Mascots are Richard Cox and David Wuest.

Participating teams are Lee, Iraan, Del Rio, Ozona, Lakeview, Menard, Edison of San Angelo, Junction, Big Lake, Eldorado and host Sonora.

Play will get underway at four o'clock with Junction and Big Lake playing the opening game. Menard will meet Edison at 5:15; Ozona meets Lakeview at 6:30

and Sonora faces Del Rio at 7:45. Friday's schedule calls for Lee vs Iraan at 2:30 Friday afternoon with the winner of the Sonora-Del Rio tilt and the Ozona-Lakeview match to meet at 3:45. The Junction-Big Lake winner takes on Eldorado at five o'clock. Playoffs will continue Friday night and Saturday.

A seventh grade game between Sonora and Ozona is slated for 6:45 Friday night.

The championship game will take place at 8 o'clock Saturday night. Presentation of trophies and medals is scheduled to follow the championship game.

Ice And Sleet Hit Wednesday With Temperatures Of 15 To 19

Balmy, spring-like weather on Tuesday, accompanied by 14 to 20 points of warm rain, was quickly replaced by a severe cold wave Tuesday night. From a maximum reading of 68 degrees in the afternoon, the mercury slid to the low 20's at bedtime.

Sonora residents were greeted Wednesday morning by 15 to 19 degree temperatures and a coat of ice and sleet that made motoring or walking extremely dangerous. About an inch of sleet

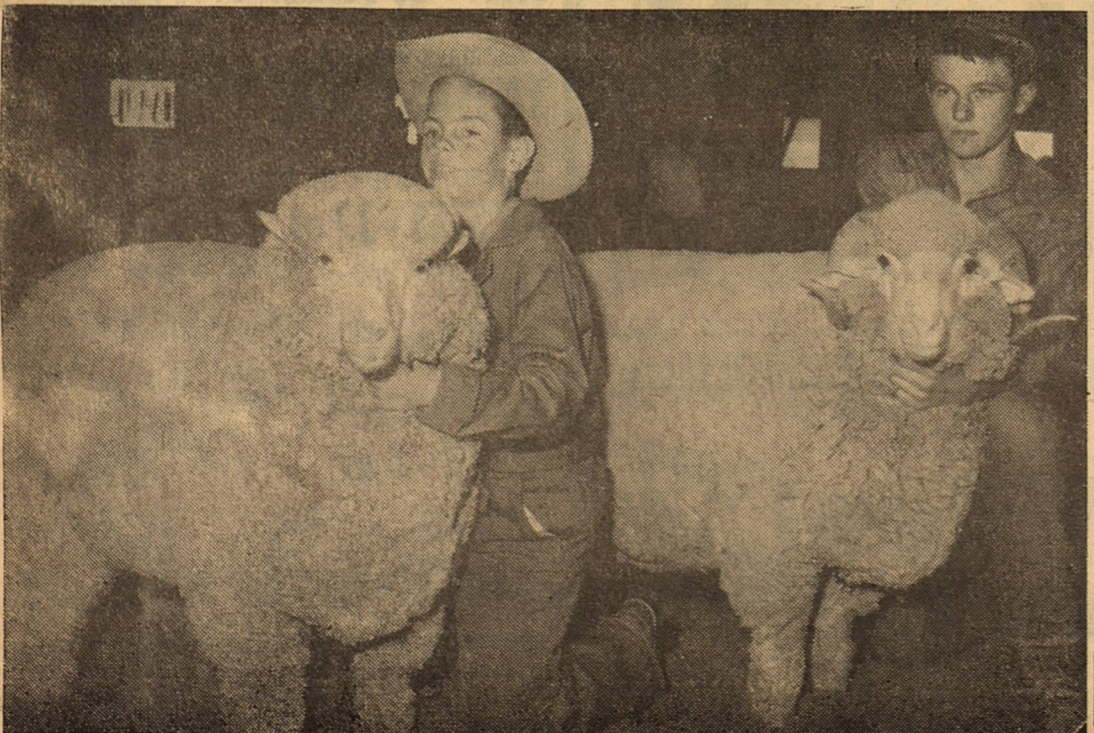

had accumulated by midmorning. Though ranchmen generally welcome moisture in any form, the ice and extreme cold was expected to result in some losses of newborn lambs and possibly calves. Rev. J. E. Eldridge, official weather Bureau observer, recorded 19 degrees Wednesday morning and "melted" .20 inch of moisture by 11:00 A. M. More snow, sleet and cold was predicted over a wide area.

E. B. Keng, SCS technician,

pointed out that severe cold is hard on "unprotected" grass plants as well as on livestock. Livestock can be protected by fat, hair, and supplemental feed or shelter. Grass plants should be protected by an insulating blanket of dead grass material, which will keep the vital grass crowns or buds much warmer than the air temperature.

This blanket of unused grass material also helps in other important ways: it lowers high temperatures in summer, slows rainfall runoff from heavy rains, increases moisture penetration into the soil, and prevents excessive erosion.

Chris Berger, left, was the proud exhibitor of the Grand champion Registered Ewe and Grand Champion Registered Ram Saturday. Chris, son of Mr. and Mrs. W. F. Berger, holds the ewe while Tom Glasscock gives an assist with the ram. Both sheep are of Chris's breeding.

Leave Your Porch Light On Mothers To March Tuesday Night

Sonora mothers will march on polo, birth defects and arthritis from seven until eight o'clock Tuesday night, January 31. Everyone is requested to leave a porch light burning to indicate that they will contribute to the fight against crippling diseases and birth defects.

Chairmen for this year's drive are Mrs. A. E. Lowe and Mrs. Roman Sanchez. Both ladies re-

quest persons who do not wish to be disturbed or who will not be home Tuesday night to leave their contribution in an envelope or wrapper in the front door. Or contributions may be made by contacting one of the Marching Mothers.

Mrs. Lowe's neighborhood chairmen for the drive will be Mmes. Charles L. Haines, Wm. M. Elliott, W. J. Thompson, Ed Grobe, Bill Parks, D. C. Lang-

ford, Bill Whitehead, H. L. Taylor, J. W. Neville, and Edwin Sawyer.

Mrs. Sanchez's will be Mmes. Lupe Mancias, Richard Perez, Marcelina Sanchez, Valentines Vallegos, Isabel Chavira, Mario Duran, Beto Sanchez, Raul Favila, Pat Brown, Billy Gonzales, Pedro Jalife, Maria Leija, C. T. Martinez, Victor Noriega and Miss Nelda Leija.

Betty Jack exhibited the Grand Champion Fat Steer; "Corky" Fields showed the Grand Champion Fat Lamb and the Grand Champion Pen of Three Lambs. Chris's Delaine ewe and ram were Grand Champions of the Registered Sheep divisions, Steve showed the Grand Champion Commercial Sheep and Ray's Pen of Three Commercial Ewe Lambs topped all in its class.

Other Champions included Crossbred Lamb, Corky Fields; Finewool Lamb, Delaine ewe and Delaine ram, Chris Berger; Rambouillet ewe and Rambouillet ram, Tom Glasscock; Reserve Champion Delaine ewe and ram and Reserve Champion Fat Lamb, Chris Berger; Reserve Champion Rambouillet ewe and ram, Tom Glasscock; Reserve Champion Commercial Sheep, Ray Glasscock; Reserve Champion Finewool Lamb, Martha Love; Reserve Champion Crossbred Lamb, Johnny Fields, and Reserve Champion Steer, Jessie Lem Johnson.

Sue Nix was named to receive the Showmanship Award and the Glasscock Production Award went to John Paul Friess.

I Give You Texas

By Boyce House

"Why doesn't a book tell the reader something about the man that the author thought enough of to dedicate the book to?" My friend, Dick Hardy of Dallas, once inquired. He had a point too—although in the case of "You Can Always Tell a Texan," the man to whom the book was dedicated is widely known for his achievements and civic services.

C. T. McLaughlin was born in

Pennsylvania, came to Texas shortly after World War I service in an aerial squadron in the U. S. Army Signal Corps; was a drilling contractor in Wichita Falls from 1923 to 1948.

In 1936, he acquired the Diamond M Ranch to raise fine cattle and horses but oil wells sprouted when the famous Canyon Reef strike was made. He has holdings in banking and insurance as well as oil. He is interested in public affairs, having served on the State Democratic Committee for five years and as

Devil's River Philosopher Informs
Laos It'll Have To Survive With
Him Being Ignorant Of Its Woes

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River discusses ignorance this week, something he may have firsthand knowledge of.

Dear editor:
I don't know about the rest of you, but there are too many countries in the world for me to keep up with.

Just this morning I was talking with a man in town who considers himself pretty well informed and after asking me how I was getting along he said, "Well, how does the situation in Laos look to you?"

Laos? Thunder, how do I know what's happening in Laos when I don't even know what's happening in Edwards County?

By the time I half-keep up with what's happening in Sutton County, in Austin, in Washington, and on this bitterweed ranch, plus a few sidelights and headlines on Moscow, Cuba, and England and France and Germany once in a while, I just don't have any time left for all those

other places, especially when at least half of what I learn about most of the places mentioned turns out to be unreliable anyway.

I figure if I learned enough about all the countries that have been in the news lately, such as Algeria, Laos, Belgium, the Congo, Guatemala, etc., to know what was happening, learned enough about them to know who was president of which and what side he was on, plus who was after his job, I wouldn't have time to do a bit of ranching this year, and any time I get too busy to ranch, I'm going to do it with something more interesting and satisfying than studying geography. I'd rather be too busy fishing to ranch than too busy studying the Congo to ranch. A man too lazy to find nothing better than Congolese politics to avoid tagging, is pretty hard-pressed to know what to do with his time, and deserves to tag.

I know this may be considered backwards in some areas, and it may be, and practiced universally might lead to world confusion, and certainly we don't want that, we're already trying it, but I found out long ago that there are lots of countries on this earth that are going to have to get along with me being ignorant of them.

I can't be expected to keep up with the internal politics of Laos when I don't even know the internal politics of Sutton County.

Yours faithfully,
J. A.

That's just typical of the wonderful array that the quiet-spoken, modest "Mr. Mc" makes possible for his beloved home city.

A reminiscence about my Uncle Albert:

His favorite piece of chicken was the neck, which happened to be a favorite with me, too. One Sunday, he bit through the bony structure and discovered the windpipe. The sight disturbed him. "I've eaten hundred of necks," he said, "and I never saw anything like that before." Despite Aunt Rachel's assuring him that a windpipe was standard equipment with all chickens, Uncle Albert never ate another neck-so when I was a guest I always got it, thereafter!

2 Million Women to Join Mothers' March
To Support March of Dimes Health Goals

The Golden Key of Hope—a new symbol for a new decade of medical progress against crippling diseases—is the badge some two million volunteers will proudly wear in the 1961 Mothers' March climaxing the New March of Dimes.

Symbolizing the need for research to unlock the mysteries of such major cripplers as birth defects and arthritis, the Golden Key also represents the vaccine "keys" to polio prevention perfected through research made possible by the March of Dimes.

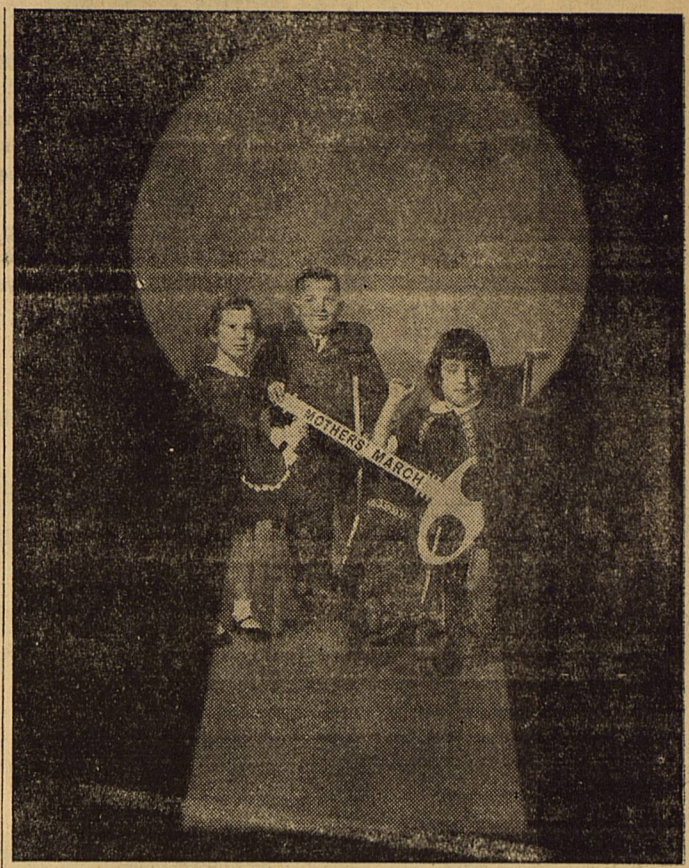

In most communities, the Mothers' March will take place the evening or afternoon of Tuesday, Jan. 31. Volunteers identified by the Golden Key badge will call on their neighbors for support in the campaign against tragedies which affect one in every four American families.

Each of the estimated 40 million households visited in the Mothers' March will receive valuable health information cards including Do's and Don'ts for expectant mothers, Arthritis Warnings, and Vaccination Alerts for the almost 85,000,000 Americans still not protected against polio.

Beclouded by centuries of superstition, birth defects are considered by medical authorities to be the nation's most serious child health problem. Yet the fields of cause and prevention were largely unexplored until funds from the March of Dimes began to make intensive research possible.

Points derived from early research are included on the cards to be distributed by Mothers' March volunteers.

The cards are also designed to bring home the realization that more than 11,000,000 Amer-

Glimpsed through a keyhole, three small victims of dread crippling diseases hold the Golden Key of Hope, 1961 Mothers' March symbol of March of Dimes-supported efforts to unlock the mysteries of their afflictions. They are, left to right, Gail Berg, 3½ years, arthritis patient; Allen Markowitz, 5, polio victim; and Rosalie Porretto, 7, born with a birth defect, all of New York City.

icans suffer from some form of crippling arthritis. Many victims, grasping at straws, pay out a total of more than \$250,000,000 annually on quack "cures." The fact is that the causes of arthritis are largely unknown. There is no known cure, no known preventive. But research to find the key is being rapidly advanced through March of Dimes support.

To improve treatment and rehabilitation of those crippled by birth defects and arthritis, a network of clinical study centers is being established by means of March of Dimes funds. Techniques developed by The National Foundation are aiding polio sufferers are applied to children suffering from birth defects and arthritis. All of this research and patient care would be impossible without health manpower—and womanpower—to put it to use. To help meet this drastic problem, March of Dimes funds support a health scholarship program in every state each year. Thus the Marching Mothers also seek support for an increase in the critical supply of doctors, nurses, physical therapists and others dedicated to the improvement and protection of the nation's health.

Conservation Stamp To Be Issued Feb. 2

The first postage stamp honoring the science of range conservation will be issued by the Post Office Department in Salt Lake City, Utah on February 2.

The commemorative 4-cent stamp, printed in 3 colors, will be issued in conjunction with the American Society of Range Management's annual meeting in the Utah state capitol. The stamp will go on sale at the post office here on the following day, February 3.

The Post Office Department issues some 12 to 15 commemorative stamps each year. They are used to commemorate national events, such as statehood anniversaries, pay tribute to our na-

tional ideals, and mark important national achievements.

The new stamp symbolizes the development of range conservation from the pioneer days of the open range to today's scientific management techniques.

Ranchmen and other who are interested in range conservation may wish to purchase a year's supply of the new stamp, said E. B. Keng, local Soil Conservation Service range conservation-

ist. Those who are interested in a "firstday cover," a souvenir envelope, can mail addressed envelope plus a money order or certified check for the number of stamps required to the post-

A detailed review of research and extension programs dealing with sheep and goats, wool and mohair has been completed. The review was held at Texas A. & M. College, January 4-6, and resulted from a common desire of industry, research and extension leaders in Texas for an appraisal of present programs and to develop new directives to meet the needs of a rapidly changing industry.

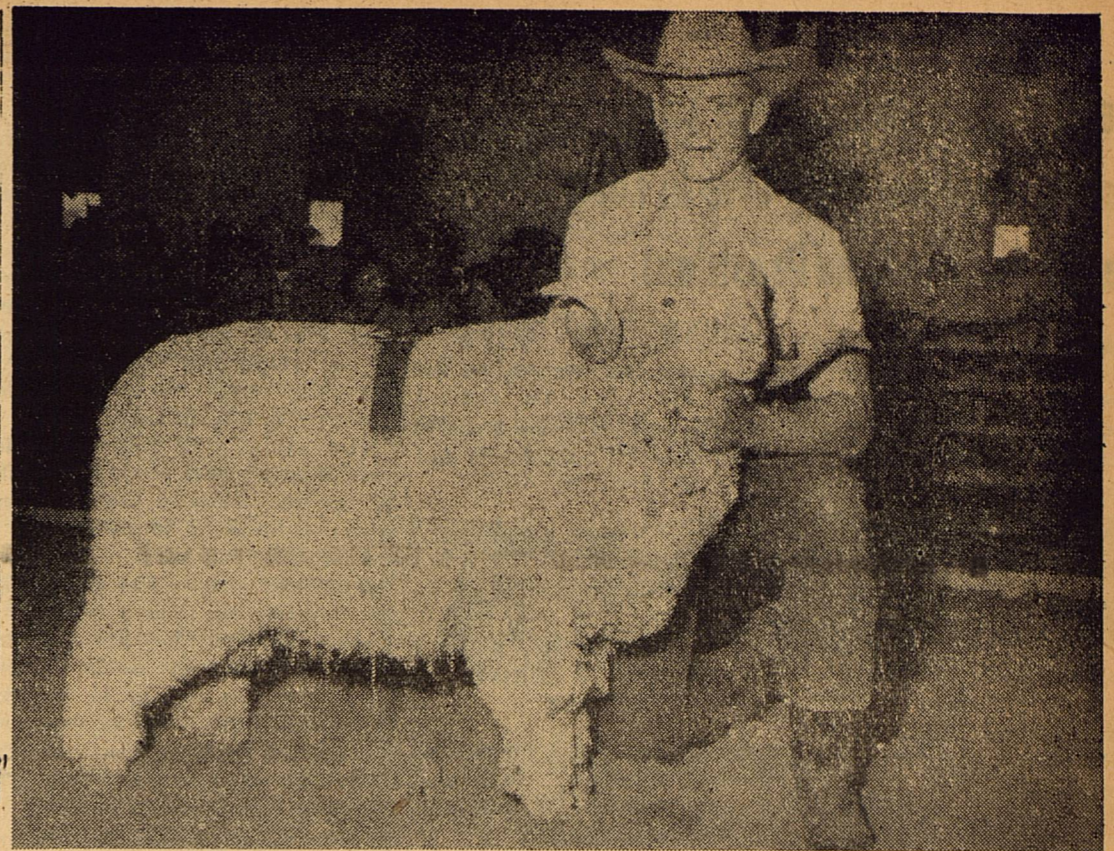

Participants in the review were 9 technical and industry consultants, 18 ranchmen, and 29 staff members of the Texas Agricultural Experiment Station and Extension Service. Results of past work, current work and future work needed were considered by the group in analyzing each area studied.

The major areas of research and extension studies included reproduction, selection, nutrition, diseases, market expansion and marketing efficiency.

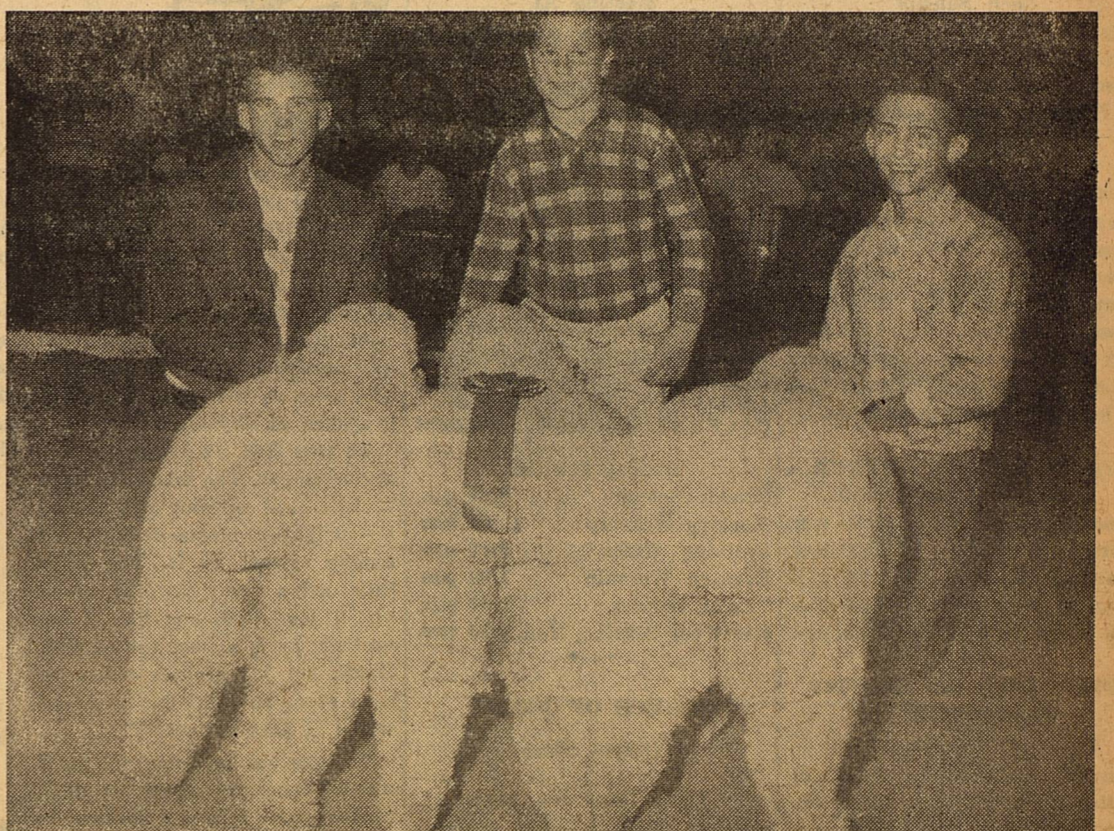

In general, the consultants expressed satisfaction with present programs, but believed that more research is definitely needed in the many areas in order for the

industry to keep pace with present economic growth without government subsidies and aid. Greatest emphasis on research advancement was placed in the areas of angora goat nutrition and management, and production economics, financing, and marketing efficiency for sheep and goats, wool and mohair.

The consultants expressed satisfaction with present Extension Service Sheep and Goat programs, but felt the specialist staff needed more manpower and should make greater use of practical research for a more effective educational program. They see a need for the industry to support the research efforts and serve as leaders in carrying out educational programs.

Grand Champion Commercial Sheep of the 1961 4-H Show was this ram lamb shown by Steve Fish. Steve is the son of Mr. and Mrs. Frank Fish and the lamb is from Steve's own flock.

Devil's River Philosopher Says Cuban Problem Only One In Long Series For The New President

Editor's Note: The Devil's River Philosopher on his bitter-wood ranch on Devil's River looks at the Cuban situation this week, but does no more than look.

Dear editor:
A man in town cornered me the other day after I'd finished drinking a cup of coffee and also right after I'd paid for it and

said, say, you like to write letters about things, when you gonna write one on what to do about the Cuban situation?

I told him I'd think about it. After thinking about it for a week, I have come to the conclusion that thinking about the Cuban situation, while it doesn't accomplish anything, is still about the only thing that can be done about it at the moment. It's sort of like watching a flood carry your fence down the creek. If somebody had built a dam upstream years ago, maybe the fence wouldn't have washed out, but at the moment, the only thing left to do is to sit there and watch it float away.

A neighbor of mine was saying just this morning what a shame it is for President-Elect Kennedy to no more than get sworn in when he has to face up to the Cuban crisis. No time to lean back and get the feel of the Chief Executive's chair in the White House, no time to wander around the place and get used to the idea

that he's now the President, has to work overtime the first day.

But I don't look at it that way. I have a notion that four years from now President Kennedy will review the situation and wish that all his problems had been no worse than the Cuban situation. When a man applies for the job of President in these days, he's got to be equipped to thrive on one crisis after another, each new one probably worse than the old one.

Therefore, don't be looking to me for a solution to the Cuban situation. That's what the President is hired for.

I will add though that trying to solve the Cuban problem is like trying to stop a flood after it reaches your place. What you've got to solve first is the Russian problem. And before I can do that, I've got to solve the problem of this bitter-wood ranch. This puts Russia a long ways off on my list.

Yours faithfully,
J. A.

YOUR MINISTER SAYS

In Matthew chapter 22 we find two great commandments spoken by our Lord: "Jesus said unto him thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, thou shalt love thy neighbor as thyself."

To love God we must also love our neighbor. The man who tries to love God without also loving his neighbor meets failure. He simply cannot do it. The Bible calls such a man a liar. "If a man say, I love God, and hateth his brother, he is a liar: for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen?"

To love our neighbor we must also be concerned about his spiritual welfare. It is our business to witness to him of Christ's redeeming love. This message is for the world and that includes our neighbor in small towns, metropolitan areas, African villages, and Japanese cities.

But our sinful flesh tells us not to be too concerned about these other people. We fall short in our mission obligation to those who have not as yet been reached by the message of Christ's redeeming love. If we are really concerned it will bother our conscience.

A troubled soul, a bothered

conscience has a place to go. We take these problems to our Savior for forgiveness. Now comes the beautiful part of our Christianity. We have experienced God's love. We have benefited and we want others to have the same, to know the joy of forgiveness we know. So we take this same Christ, and His forgiving love, to our neighbor.

Texas Farm Income Down 3.2% Last Year Over 1959 Total

In 1960 estimated farm cash income for Texas farmers and ranchers amounted to \$2,209,219,000, down 3.2 percent from 1959. Information from the Bureau of Business Research of the Univer-

sity of Texas shows income from livestock was up 2.7 percent, but this was not enough to offset the 7.6 percent decrease in income from all crops. 1960 income from all crops amounted to \$1.2 billion, while income from livestock totaled \$1.0 billion.

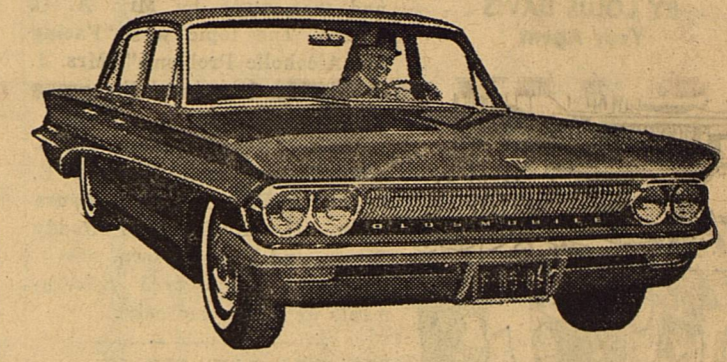

The increase in farm cash income for livestock is principally the result of 24 percent heavier marketings of cattle in 1960 over 1959. Average prices for cattle were down about 16 percent, but the heavier marketings more than offset the price decrease, and the net result was that Texas cattle producers received \$534,634,000 for their stock, a 4.6 increase over the previous year.

Farm cash income to Texas wool growers for their wool was 14.1 percent greater in 1960 than in 1959. Average prices received were 6.7 percent greater in 1960 than the previous year, and increased marketings were 6.9 percent above year earlier levels. As a result, farm cash income for wool jumped to \$21,167,000 for 1960 from the 1959 figure of \$18,548,000.

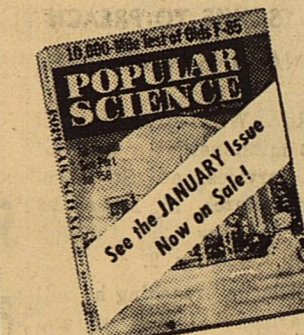

Income for mohair was 12.7 less in 1960 than in 1959. In 1960 there was an average decrease of five percent in prices and an eight percent drop in marketings. Lower prices in the latter half of the year were a strong influence in holding income below the previous year's level.

CATHOLIC AD NUMBER FOUR

Many sincere people regard the Bible as the sole authority for Christian belief. And they reject the teachings of the age-old Catholic Church because these teachings and forms of Catholic worship are not mentioned by name in Holy Scripture.

"Where," some will ask, "does the Bible say anything about the Mass or Purgatory? And how about confession to a priest, praying to Mary, and those seven Sacraments Catholics talk about. They're not in MY Bible."

Catholics say that their teachings are found in the Bible. She teaches nothing that is not found in Sacred Scripture. If you wish to know more about Catholic teachings, write for a free pamphlet explaining the Catholic Church. Write to: Home Study Center, Box 5644, Amarillo, Texas.

Without obligation, please send free pamphlet.

YOU PAY THE LEAST! YOU SAVE THE MOST!

In just five minutes, we Ford Dealers will show you how to save over one hundred dollars a year in operating costs with America's lowest-priced, full-size 6-passenger car (including the equipment most people want) and we'll give you a free copy of this folder to prove it!

You can ride in this rich-looking '61 Ford Fairlane . . . with radio, heater and automatic transmission . . . for less than the price of any other full-size, 6-passenger car in the U.S.A.

In fact, this car is priced nearly \$100 below some of the compact cars.*

And this low price brings you a car that's Beautifully Built to Take Care of Itself. That means you'll save plenty in operating costs.

Figure it out for yourself with our FREE fact-filled folder, "Here's Proof—." At the same time, get our unbeatable SAVE-MOST DEAL on a '61 Ford Fairlane—for a limited time only. Don't waste another day or another dollar.

Here's how the '61 Ford takes care of itself

Lubricates Itself—You'll normally go 30,000 miles between change lubrication (which cost only about \$4.00 and take about 20 minutes) because Ford has equipped conventional grease fittings with a sealed-in lubrication system.

Clean Its Own Oil—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through three . . . trapping more dirt than any other type of filter made.

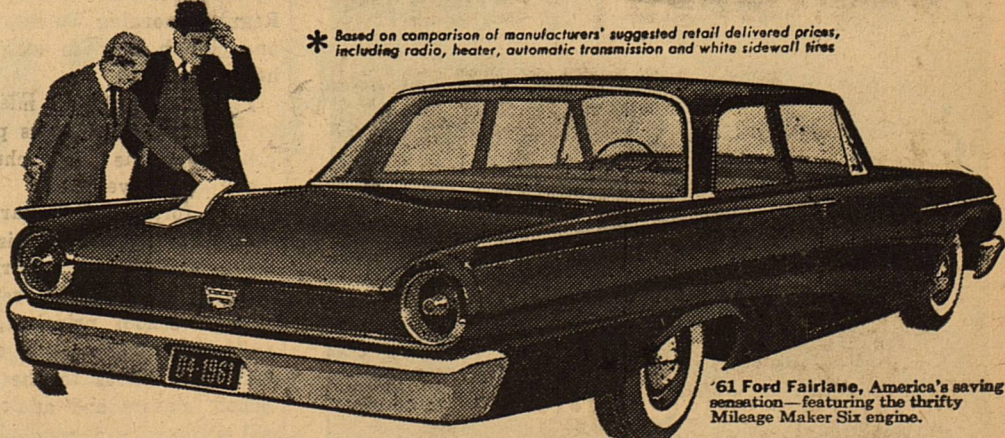

Adjusts Its Own Brakes—New Truck Size brakes adjust themselves automatically.

Guard Its Own Wheel—Ford's new shock absorbers are double-wrapped and shielded—to last three times as long as ordinary motors.

Protects Its Own Body—All vital underbody parts are specially processed to resist rust and corrosion, even to protecting the body panels beneath the doors.

Takes Care of Its Own Floor—New Stamped Laminated Floor never needs waxing.

*Based on comparison of manufacturers' suggested retail delivered prices, including radio, heater, automatic transmission and white sidewall tires

Central Faculty Holds Workshop

Members of the faculty of Central Elementary School met Monday night for the third in a series of faculty work shops. Demonstrations for using visual aid equipment were given and procedures and studies for adoption of new state English texts for grades three through seven were discussed.

Also discussed were methods for improving the teaching of basic subjects. A fourth workshop is scheduled for sometime in March.

Hope Lutheran To Hear Missionary Sunday Afternoon

The Rev. J. L. Konz of Trinity Lutheran Church in Eden will be guest preacher at Hope Lutheran Church here for a special service at four o'clock Sunday afternoon, January 29. At three o'clock Pastor Konz will present an illustrated lecture about Africa. Regular morning Sunday School and church services will not be held.

Pastor Konz was a missionary to Nigeria for 14 years prior to coming to the Eden church in April of last year.

The former missionary, who was the first resident missionary in two Lutheran districts in Nigeria and has also served as a high school principal, editor and youth organization director, will show slides to the Sunday School classes and adult group. All who may be interested are invited to attend.

Mr. and Mrs. D. C. Langford spent Monday and Tuesday of this week in Kerrville.
