THIRTY-EIGHTH WEEK

Name - Dropping

By Jo Bess VanderStucken
For all of you who are interested in young people in Sonora, here is the latest on their activities.

Jan Keng, daughter of Mr. and Mrs. E. B. Keng, has returned home from Austin where she has been attending the University of Texas. It seems that Jan returned home the long way via New Orleans, Louisiana and Miami, Florida. The long way home, according to Jan, was really the best one this time!

Jerry Baldwin, who has been attending Southwest Texas State Teachers' in San Marcos, is also home for the summer. Jerry is a 1960 Sonora High School graduate.

Kay Shurley will leave this weekend for Camp Miniwanca in Michigan. She and her parents, Mr. and Mrs. Edgar Shurley, will go to Dallas, and Kay will fly from there to St. Louis where she will meet a group of prospective Miniwanca campers. She will join them to fly to Traverse City, Michigan, and travel on to Stony Lake, Michigan and Camp Miniwanca. Kay has attended the five-week session at Camp Miniwanca for the past two years.

Addah Wardlaw has returned to Austin, where she will attend the summer session at the University of Texas. She has just completed a short visit in the home of her family, Mr. and Mrs. Jack Wardlaw and Jack Davis.

Prissy Linticum, daughter of Mrs. Katherine Linticum, has been doing quite well in barrel-racing competition. She entered the San Saba Rodeo last weekend, and the Eldorado Rodeo this week. Prissy will compete in Comanche barrel racing Saturday, June 17.

George Allen Barrow, son of Mr. and Mrs. George Barrow, is in Alpine attending Sul Ross this summer. He is a graduate of Sonora Public Schools.

Gay Potmesil, who attended high school in Artesia, New Mexico, the latter part of this school year, has been in Sonora three weeks for a visit with her father and brothers, Frank Potmesil, Frank Joe and Jerry.

Although it may be rather hard to believe, several of the high school crowd are working here in Sonora this summer.

Fred T. Earwood is pictured here with a representative of Hanson and Company, one of England's largest mohair spinners. Their buyer was here last week on a visit to look at Texas mohair. He and Earwood are shown inspecting some local choice spring hair. The buyer observed that it is completely free of kemp and more lustrous than the hair his firm is currently using. Hanson uses Turkish and South African hair almost exclusively.

PVT THOMAS SANTOS STATIONED IN GERMANY

Army Pvt. Thomas M. Santos, son of Mr. and Mrs. Rodrigo Santos of Sonora recently was assigned to the 8th Division's 16th Infantry in Germany.

Santos, a rifleman in Company D of the infantry in Baumholder, entered the Army last December and completed basic training at Fort Hood, Texas.

The 23 year old soldier is a 1958 graduate of Sonora High School. Before entering the Army he was employed by Sonora Wool and Mohair Co.

COLTS PLAY SUNDAY

The Sonora Colts will play the Ozona Indians at 2:30 Sunday afternoon, June 18, in Ozona.

Mike Evans is a guide at the Caverns of Sonora, and hasn't lost a tour yet. Bob Nevill is serving as lifeguard at the newly-opened public swimming pool, and seems to be enjoying it thoroughly. Bob says he plans to take swimming lessons this summer if he has time.

The Western Union office boasts a new employee, Linda Spraggins, daughter of Mr. and Mrs. Lewis Spraggins, a spring honor graduate of Sonora Public Schools.

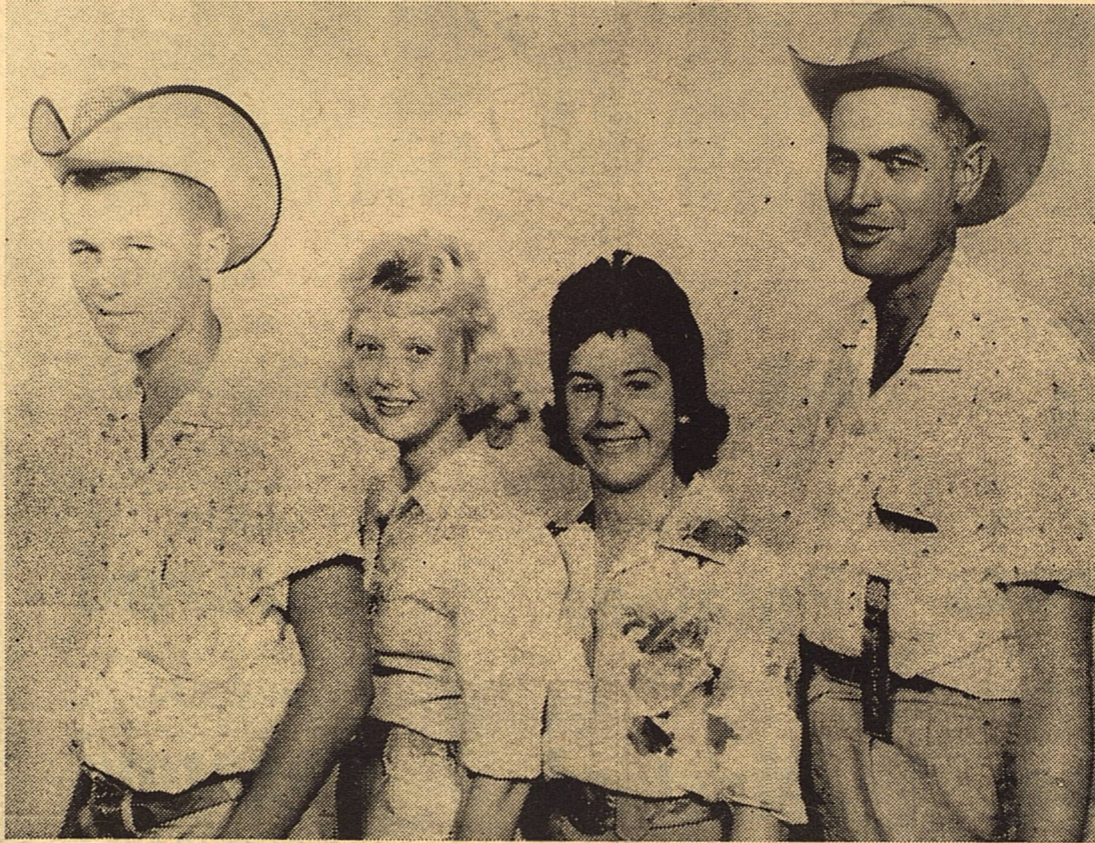

Herman Moore, Jr. has been employed by the First National Bank, but he is now taking a three-week vacation at the Big State Baseball Camp for boys near Meridian. He will return to Sonora July 1.

An energetic, ambitious, hard-working boy is applying his talents at the Gulf Service Station, where he is employed for the summer. That boy is none other than Douglas Wood.

Pictures of the Prize-winning Sonora High School "Bronco" Band are being offered for \$1.25 to those who wish to purchase one. The picture, which is on display in the office of the Devil's River News, was taken April 29, at McMurray College in Abilene, where the band participated in the regional contest. The band is pictured in concert style and in their new uniforms.

To see this fine photograph, to obtain further information, or to purchase a picture, see Jo Bess VanderStucken at the news office, or contact J. L. Steed, band director.

Wool, Mohair Show Awards To Be Presented Here Today

Sutton County's 4-H range judging team took no back seat to their fellow members on the state winning grass team. They also went home with the state championship. The team left to right—Tom Glasscock, high individual in contest, Diana Cahill, third ranking individual, Jessie Lem Johnson and their coach D. C. Langford, county agent. The contest was held at Texas A. & M. College, June 7 as a part of the Texas 4-H Roundup. They scored 101 points more than second place team.

City Improving Water Mains, City Streets

Recent improvements in the city water works include a replacement of the water main on Prospect Street. The new, six-inch diameter iron main extends from Crockett Street to Green, and, according to manager R. M. McCarver, is the last of the original Sonora water works installed by the Eaton Water Works in 1921.

McCarver also reports that the draw street in the Baker edition is being paved to tie in with pavement in the Allen edition, and that improvements are being made on the Del Rio Road.

Mrs. E. K. Fawcett, Sonoran's Mother, Buried At Del Rio

Funeral services for Mrs. E. K. Fawcett, 77, of Del Rio were held Thursday afternoon at St. James's Episcopal Church with the Rev. O. W. Nickle officiating. Mrs. Fawcett died in a Del Rio hospital Tuesday, June 6, after a brief illness.

Born Frances Eliza Baker on a ranch on the Nueces River, she moved to Baker's Crossing on Devil's River with her parents, the late Mr. and Mrs. D. S. Baker, pioneer Val Verde settlers. She and the late Mr. Fawcett were married in Val Verde County in 1902 and made their home there until his death in 1941.

She and her late husband were actively interested in Boy Scout work and donated land for the building of Camp Fawcett near Barksdale. She continued her work for Scouting and in soil conservation after Mr. Fawcett's death.

Survivors include four sons—Horace Fawcett, Walter Fawcett and Elmer Fawcett, all of Del Rio, and Lee Fawcett of Sonora; two daughters, Mrs. O. D. Finegan and Mrs. F. C. Whitehead, both of Del Rio; two brothers, Walter H. Baker and Will T. Baker, both of Comstock; 13 grandchildren and 8 great-grandchildren.

Burial was in West Lawn Cemetery. Pallbearers were grandsons.

Monday Night Adults Only At City Pool

Due to popular request, a special swim session for adults only will be held June 19, Monday evening, from 7 to 9 p.m. The regular price of 35 cents will be charged, and, according to manager Doyle Morgan, every adult is urged to come swim.

July 15 Deadline To Apply For Educational Loans

Saturday, July 15, is the final date for filing for educational loans under the Sutton County Educational Trust, according to the Rev. Doyle W. Morton, chairman of the Trust's advisory board. Students desiring to apply for loans under terms of the trust must have their applications in by that time. No exception will be made.

Applications may be filed with either Mr. Morton or with Stanton Bundy, secretary of the advisory group.

The advisory board will meet to consider applications at one o'clock Tuesday afternoon, August 1, at the First Methodist Church. All students who are applying for the first time must be present at the meeting.

Sutton Teams Take Two First Places In Statewide Judging Contest At A. & M.

By D. C. Langford
The Sutton County 4H Range and Grass judging teams won first places in the state 4H range and grass judging contests held at A & M College June 7.

Members of the grass teams were John Friess, second high individual; Preston Nelly, fourth high individual, and Cleve T. Jones III, fifth high individual.

Tom Glasscock was high individual in range judging with Diana Cahill placing third and Jessie Lem Johnson sixth.

Both Sutton County teams judged without alternates. Generally a team is composed of four members with the score of the high three members making up the team score and the fourth member automatically becoming the alternate.

Sutton County placed first in grass judging with 1,110 points. Hardeman County was second with 1,045, Lampasas third with 1,034 and Schleicher County fifth with 989.

The Range team placed first with 836 points, Motley County second with 785, Sterling County third with 729, Brown County fourth with 709 and Glasscock County fifth with 689.

Mrs. V. J. Glasscock and Claire Jones served as adult leaders for the girls on the trip.

E. B. Keng, local work unit conservationist, helped in the training of both teams and provided many hard to get plant specimens for 4H members to study. The 4H Club appreciates his assistance in helping to train many winning range and grass teams over the years.

Little League In 22nd Year 4,000 Clubs All Over World

Little Leagues in the United States and Canada will play a total of five times as many games in a single day, as will all major league clubs in a full season. This is one of the striking statistics of the 22nd year of Little League Baseball, highlighted this week by the observance of National Little League Baseball Week, as proclaimed by President John F. Kennedy, and of Foundation Day, Wednesday, June 14.

More than one million uniformed Little Leaguers will be in action throughout the week in more than 4,000 communities scattered throughout 23 nations of the free world. In urging people of the United States to participate in observing Little League Baseball Week, Mr. Kennedy declared:

"Little League not only promotes physical well-being—but also instills qualities of fairness, cooperation and discipline—qualities which contribute to the development of good citizenship."

The President and chairman

of the Board of Directors of Little League Baseball, Inc., said benefits of Little League exposure have become increasingly evident as early graduates emerge into manhood. He declared: "there is conclusive proof that Little League training has elevated thousands of young men to a platform of leadership and responsible citizenship and is today accomplishing many of the goals set out for our youth."

On the local level, Little League has an eight-year history, having been organized in 1953. Today there are about 100 boys participating in Little League in Sonora, compared to the 49 who played in 1953. The four teams are managed by eight local citizens, umpired by six different men and are sponsored by the First National Bank, Evans Foodway, J & S Motors, and the Commercial Cafe.

During the nine week season, the teams schedule two games a week or eighteen games per season! There are 4 teams—Giants, Yankees, Tigers, and Cubs. The second half, which commenced June 6, will end July 4.

Jerry Shurley and Clayton Hamilton are the present executives of the Sonora Little League program, and Oliver Wuest is the League director. Wuest is presently attending the Little League district meeting to help determine where the All-Star play-off games will be held. The All-Star teams are chosen by the managers at the close of each season. The Sonora All-Star team will compete in district play with Ozona here this year.

Special efforts are being made in Sonora during Little League Baseball Week this year to gain support for the various Little League activities. Individuals are urged to make contributions to this worthwhile endeavor, as well as support the teams by attending the Little League ball games. The contributions of Sonora citizens lend encouragement to the boys, as well as connote progress towards making Little League a success in this community. Take advantage of Little League Baseball Week to make your contribution. It will be put to good use and sincerely appreciated.

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

presentative democracy works

writing a tax bill to raise some

years. Gov. Price Daniel has

urged Texans to give the legis-
lators and him their views on
how the matter should be hand-
led.

Governor Daniel is strongly
opposed to the adoption of any
sales tax plan designed to raise
the major portion of this need-
ed revenue. He used his influ-
ence in the regular session to
block a move in this direction.

"But," said the governor, "if
this is really what a majority of
the people want, I don't see how
I can go on fighting it."

He believes, however, that a
very limited sales tax, which he
terms "selective excise taxes,"
on only more expensive items,
with the balance to be raised
from gas pipeline taxes and in-
creased interstate corporation
franchise taxes, would be more
fair and more acceptable to
most Texans.

Only bill which came close to
passing the Legislature was one
in which the main money-raising
feature was a retail sales tax
on items costing 25 cents and
more, with food, medicine and
farm necessities exempted. It
also levied increased gas and
corporation franchise taxes.
Speaker James Turman cast the
crucial vote that prevented the
bill's being sent to the governor.

Actually, the difference be-
tween the governor and those
voting for the sales tax "pack-
age" is mostly one of degree.
Governor Daniel grants the
need for some sales (or excise)
taxes, but feels that they should
be stringently limited. A ma-
jority of the Legislature cast
votes indicating they felt Texas
has reached the point where only
a broad-based "growth" tax,
such as the sales tax, can raise
enough money to meet the
state's increasing needs.

Now it is the people's turn to
say what they think. If enough
speak up, the legislature will
have little difficulty in deciding
what to do when it reconvenes
July 10.

At that late hour, getting
broad agreement in the Legis-
lature will be more important
than passing a bill that suits the
governor. Bills passed by only
a simple majority cannot be-
come effective until 90 days
after the session ends, but bills
passed by a two-thirds majority
of both houses can take effect
immediately. That late in the
summer, the legislature will

need to get a two-thirds vote
for immediate effect so there
will be money and authorization
to keep the state going after
the new fiscal year begins Sep-
tember 1.

And a two-thirds majority is
also sufficient to override a
governor's veto.

OIL ON TROUBLED
WATERS—A number of law-
makers had their "backs up"
before the governor made his
statewide "report to the people"
after the regular session closed.
But the governor's message
smoothed some feathers.

Many lawmakers expected
Daniel to roast the Legislature
for its failure to take care of
money matters during the 140-
day session. They had their hot
replies all ready for press re-
lease.

Instead, Governor Daniel ad-
roitly praised the lawmakers as
one of the hardest working legis-
latures he had ever seen. He
even singled out for kind words
some leaders who had opposed
his program.

It was those infernal lobby-
ists who were to blame, said the
governor. He described hordes
of lobbyists, choking the hall-
ways and bothering members
while they were in session.

Now it's the lobbyists who are
riled.

Governor Daniel has announc-
ed that he will name a new citi-
zen's committee to study the
state's fiscal problems and make
recommendations before the
special session begins.

GRAND GESTURE—Before
adjourning, the Senate gave ap-
proval to a \$2,600,000,000 gen-
eral appropriations bill for the
two years beginning September
1.

But without passage of a
money-raising bill to back it up,
appropriations had no meaning.

Senate adopted the appropri-
ations conference committee re-
port—a plan that called for
spending \$385,500,000 for general
revenue, compared to the pre-
sent \$320,000,000 general re-
venue appropriation. Welfare
programs, the state hospital
system, junior colleges and the
state senior college and univer-
sity system would be among the
main beneficiaries.

Senate also passed an equally
ineffective \$810 a year raise for
school teacher before adjourn-

I Give You Texas

By Boyce House

In my younger days, I enter-
ed upon the editorship of a
paper. A few years before that,
a man resented something that
was published so he entered the
office and gave the editor a
whipping, which was not too
difficult as the visitor was huge.
He was also reputed to be right
handy with a gun.

A few months after I took the
job, he walked in—the first time
he had been there since his vic-
tory over my predecessor. He
looked as though he thought he
would be unwelcome. I knew why
he was there because I had
heard that his father had died
during the night. Before the
visitor could say anything, I said,
"Let me express my sympathy."

Tears came in his eyes and he
said, "Will you put something
in the paper about my dad?"
"Of course—have a seat and
tell me about his life."

After the paper came out, with
a full column on the front page,
we were friends from then on.
He said, "I don't know how to
thank you. If anybody ever gives
you any trouble, just let me
know."

I assured him he would be in-
formed right away if such a
situation should develop. For-
tunately, it never did.

In fact there had been only
one man that I felt worried
about—and he was him.

It is an ironical thing that,
although Bob Burns was one of
the most popular entertainers of
his day, he was never the sub-
ject of an article in a national
magazine—nor has his life been
the subject of a book—nor were
his comical stories about his
kinkfolds ever published in a
volume. (Or at least an examina-
tion of reference books failed
to disclose that any of these re-
cognitions have been bestowed.)

Burns had an audience of mil-
lions over radio in the 1930's; he
was the star of several motion
pictures, comedies and his daily
humor feature appeared in a
large number of newspapers.
People would chuckingly relate

ing.

All was for naught, however,
when the tax bill failed to pass

The Devil's River News-Sonora, Texas, Thursday, June 15, 1961

his latest story about a "cousin"
or an "aunt."

After Will Rogers' death,
Burns came the nearest to being
his successor. (Of course, no one
could actually take Will's place.)

Bob was the star for one
night in Fort Worth in 1939, the
last season that the original
Casa Manana was presented.

The huge cafe-theater was
packed when Burns came out
and, in his Arkansas drawl and
dialect, told a dozen hilarious
stories—and even tooted one
tune on his bazooka, which con-
sisted of a funnel and a length
of pipe. For this appearance,
Bob was paid—according to the
report at the time—\$1,000, and
that was a lot of money in 1939.

America laughs at its come-
dians—and forgets them.
And that is pathos.

Mr. and Mrs. Billy Louis
Sawyer and their 8 week old
baby have recently moved to So-
nora where he is employed in the
office of Stockman's Feed Co.
The Sawyers come to Sonora
from San Angelo, where they
were members of the Baptist
Church.
