Bronco Boosters See Movies Of Rocksprings Game

A film of the Sonora-Rocksprings game was shown at Monday night's meeting of the Bronco Booster Club. Coach Jerry Hopkins narrated the film.

Coaches Oliver Wuest and Bob Painter gave scouting reports on the San Felipe-Brackett and Eldorado-Iraan games.

Boosters were urged to turn out and support the "B" and Junior High teams as well as the varsity squad.

The Sonora-San Felipe game will be filmed Friday night and will be shown at Monday night's meeting at 7:30 at the school cafeteria.

Club treasurer Alvin L. Loiry reported dues coming in well with a membership of 175. The club's membership goal in 300. Last year there were 244 members.

First Fall Rain Hits Monday Leaving Up To 6 Inches Moisture

The first fall rain moved across the Sonora area early Monday morning, dropping moisture that varied from a light trace to 6.00 inches. Several heavy losses of goats were reported in the areas of heavy rainfall.

Rainfall was heavier toward Eldorado, where 10 inches was reported on the H. W. Speck ranch. The flood prevention structure (Site 2) on the Homer Byrd ranch was nearly half filled, and the automatic drawdown pipes of three structures were operating for the first time.

Much fence damage was prevented by the structures.

Rainfall was light in the Fort Terrett area and east, as well as south of Sonora, but heavy rains were reported north and west of town. The moisture will be very beneficial in making another crop of grass, and in starting fall weeds.

Rainfall reports gathered by E. B. Keng, SCS, included Rip Ward 1.50; Hillman Brown 3.5 to 4.00; Frank Fish 1.4; John Mittel 2.7 to 5.5; W. L. Davis 2.6 to 4.00; W. B. McMillan (Mann) 2.1 to 3.00; Ben Mittel 4.5; Corky Schwiening 2.85; W. F. Berger (O'Leary) and 1.7 (Home); Travis Glasscock 4.5; Mack Cauthorn .65; J. A. Cauthorn .50; Gene Wallace 2.3; J. M. Broncos To Meet San Felipe Here Friday Night For 2nd Game

Del Rio's San Felipe High School will arrive here Friday night for the Sonora Broncos' second game of the 1961 season. The Mustangs and Broncos enter the game with identical records for the season, Sonora having downed Rocksprings 33 to 0 last Friday while San Felipe defeated Brackett by the same score.

The Mustangs will have a slight weight advantage over the Broncos. The Mustangs are also speedy and tough, according to Coach Jerry Hopkins.

Probable starters for San Felipe will be Backs Al Soto, Wenceslao Castellanos, Roger Blanks, and Ralph Guerra; Center Ricardo Rocha; Ends George Martinez and Manuel Polanco; Tackles Edmundo Zaragoza and Robert Soto and Guards Samuel Lopez and Mauro Martinez.

The Bronco starting lineup will probably read: Backfield, Lester Schmidt, Johnny Morris, Julio Samaniego and Primo Gonzales; Ends, Augustin Chavez and Arthur Bermea; Tackles,

Nina Jennings of Houston spent the Labor Day weekend here with her parents, Mr. and Mrs. Buster Jennings.

The Sonora High School Broncos racked up 33 points to the Rocksprings Angoras' 0 in the opening game of the 1961 season here last Friday night. It was the Broncos' game from the first play with the local team scoring in each of the four periods.

Early in the game Halfback Johnny Morris ran the ball 41 yards from the Broncos' 30 yard line. On the following play Primo Gonzales scored on a Quarterback keeper. The attempt at extra point failed.

Later in the first quarter Lester Schmidt scampered 24 yards

to cross the Angoras goalline and the kick for extra point was good.

In the second quarter the Broncos again scored, this time on a 30-yard pass from Gonzales to Morris. Danny Rutherford's kick gave the Broncos the bonus point.

It was Gonzales again on a keeper which brought the Sonora team their fourth touchdown of the evening and again the kick was good. In the final period, Larry Bob Moore connected with a pass to Ruben Castillo who ran the needed eight yards. The final kick attempt failed.

Devil's River Philosopher Adds His Two-Bits Worth To Berlin Crisis, But It's Inflationary

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River discusses the Berlin situation this week, without making much of a dent in it. Dear editor: Right when people ought to be

enjoying the closing days of summer, all you can hear from them is: What's going to happen over West Berlin and East Berlin?

Why, the newspapers are so full of the Berlin crisis even old-fashioned ax murders have been crowded to an inside page, and any robber who holds up a bank for only a few thousand dollars can't even get in the paper at all. But I've been viewing the Berlin

situation this way: with so many brains at work on it in every corner of the world, I figure I can be excused from devoting my full time to it, although I'll admit that West Berlin's demand that the United States stop talking and start fighting over its plight has me puzzled. It hasn't been very many years since the same place was hollering that we ought to stop fighting and start talking.

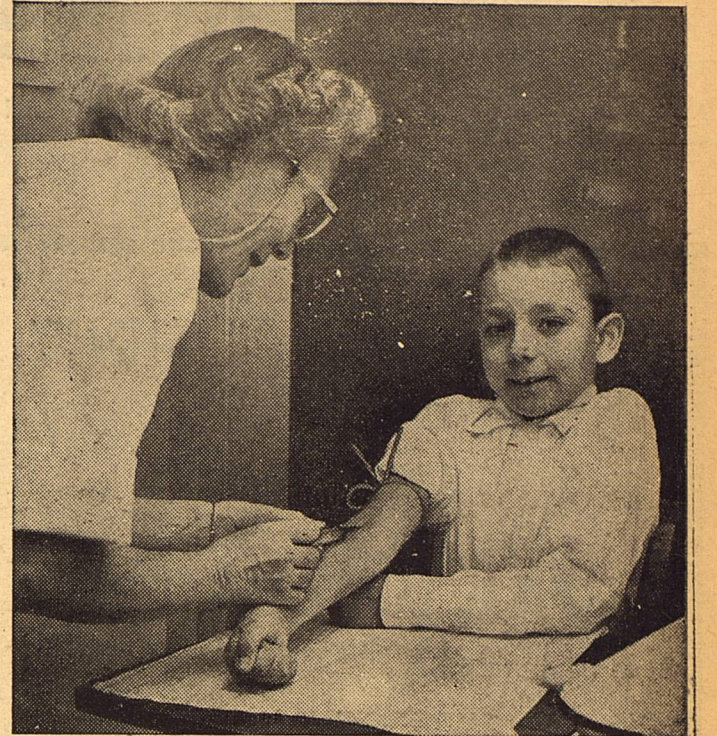

Now I'm not saying the situation could be any different. It's mighty easy to look back fifteen years and say what we should have done, but I can look out over this bitter-weed ranch and list a dozen things it looks like I would have had sense enough to have done fifteen years ago, but there they are, still undone. This goes for both the East side of this place as well as the West side.

For example, while one of the problems in Berlin is the question of whether you can cross from the East to the West, my problem here is that a cow can cross from either direction and leave the place altogether from all sides if she takes the notion. You might say that on this ranch, a cow recognizes no borders and while I could shut the gate, it seems like a waste of time when the fences beyond the gate won't hold cows anyway.

One advantage my cows have over people is that they don't recognize any political philosophies. I've tried dictating to them, but it won't work. Some day Mr. Khrushchev may find out the same thing about people.

Yours faithfully,
J. A.

Plucky Stevie Helps Science Toward Answer to Arthritis

Stevie Vardol gives blood sample to laboratory nurse.

For plucky Stevie Vardol, 10, life much of the time is just an unhappy succession of giving samples of his body to science.

But Stevie, who would rather be swimming and roller skating in Minneapolis (if he only could) than spending endless hours in the Children's Rheumatic Clinic of the University of Minnesota Medical School, doesn't feel sorry for himself. He knows he is doing a job that must be done: that the doctors' appraisal of the tissue samples from his swollen knees, specimens of knee-joint fluid, and of his blood may in time prevent in other children the affliction that befell him three painful years ago.

Stevie has juvenile rheumatoid arthritis in the knees, hands, wrists.

Throughout the nation, another 30,000 Stevies—or their small sisters—also suffer each year from this excruciating disease. With March of Dimes funds, The National Foundation (which made possible development of the Salk polio vaccine) is today supporting the University of Minnesota's Children's Rheumatism Clinic with a research grant. Other arthritis research projects are under way at the Rockefeller Institute, at New York University, the University of Buffalo and at other famed scientific institutions, all financed by the March of Dimes.

Additionally, The National Foundation has established arthritis study centers at Columbia University, the University of Rochester (N. Y.), the University of Texas at Dallas and the University of California at San Francisco. The doctors confidently tell Stevie they will solve the enigma of rheumatoid arthritis

in time, and find a preventive, given enough support. But they don't delude this valiant little boy or his puzzled father and mother who ask, despairingly, "Why should this happen to us, to Stevie?" The medical scientists look him squarely in the eye and say, "We just can't promise we'll make you well again. But then again, perhaps eventually we will."

Stevie's stout answer is to roll up his sleeve for another ten cc's of his blood (which contains an abnormal protein, a mark of his disease); or to pull up his trouser leg to give up another specimen of lubricating fluid from his knee.

In the laboratory, Stevie's blood is compared painstakingly to normal blood in the incessant search for an answer to what is wrong with Stevie and with the other 30,000 children. Perhaps what is wrong is an abnormal development of antibodies. Antibodies are the substance that combat bacteria. Then, samples of the connective tissue around his knees are studied and photographed under the giant electron microscope and compared to normal tissue.

Stevie doesn't cry although his doctors say that the pain he suffers at times beggars description. He is not a "guinea pig" in the full medical sense of the term. But the resolute and uncompromising bearing of this young gentleman of only 10 is evidence that he knows he is a volunteer of the fight against the nation's No. 1 Crippler—arthritis which, in one or another form, strikes at 11 million Americans.

Foreign Aid Bill

Opposed By

O. C. Fisher

By Congressman O. C. Fisher FOREIGN AID for another year sailed through the House last week, but only after an amendment was adopted which continues the program on a year to year basis. The President had requested authority to undertake a mammoth blank check development loan plan under which commitments for projects could be made for five years in advance and financed by a "back door" technique, avoiding need to come to the Congress each year for approval of what is planned.

The \$4.8 billion bill was approved by a vote of 287 to 140, with 11 Texans, including myself, being recorded against it.

There is presently \$5½ billion of carry-over unexpended funds from prior appropriations for foreign aid. And while portions of the omnibus bill are admittedly desirable, the bill includes a wide range of items which I consider unsound, wasteful and unjustified.

ASIDE FROM THIS foreign aid program, this country carries on a world-wide give-away plan that runs into billions. During the past 6 months, for example, agreements for the ship-

ment overseas of \$2.5 billion worth of surplus farm commodities were concluded. This is a part of the so-called Food-for-Peace program. Most of this food is either given away or sold for local currencies. If the latter, the major portion of what is collected is plowed back into the local economies, gratis.

This latter plan has been going on since 1954. During these 7 years \$14.4 billion worth of surplus food and fibre have been shipped abroad.

In addition, through the World Bank, the International Monetary Fund, and a half dozen other programs, many billions have been loaned, mostly in American money.

So, regardless of the fate of

the current Foreign Aid legislation, this country is in other way pouring billions of dollars in cash and goods into the economies of nearly a hundred nations all over the world.

Martha Dean Mittel, Melvin L. Roloff Married In Church Rites September 2

Miss Martha Dean Mittel became the bride of Melvin Lynn Roloff in ceremonies Saturday evening, September 2, at the First Methodist Church, with the Rev. Doyle W. Morton, pastor, officiating.

The bride is the daughter of Mrs. Donnel A. Jones and the late William Mittel, Jr. Mr. and Mrs. Melvin L. Roloff of Vic-

toria are parents of the groom. John R. Tedford, Jr., organist, presented nuptial music and accompanied Eldon U. Black of San Angelo, soloist.

Entering on the arm of her stepfather, Donnell A. Jones, the bride wore a long gown of candlelight pure silk de-lustered satin fashioned with a curved neckline of hand-clipped re-embroidered Alencon lace and seed pearls. Tapered sleeves came to points over the hands. The natural waist line was closely molded above a controlled petal skirt with deep curved panels accented with an intricate trail of the re-embroidered Alencon appliques. Tiny covered buttons fastened the back of the gown, which was enhanced with a modified bustle topped with a self bow and extending into a chapel train. Her head dress was a queen's crown of re-embroidered Alencon lace with a pouf veil. She carried a bouquet of white roses and stephanotis on a white Bible.

Mrs. John A. McGee of San Angelo was matron of honor. Bridesmaids were Miss Barbra Roloff of Victoria, sister of the groom; Miss Carolyn Winston of Little Rock, Arkansas, and Miss Jan VanderStucken of Sonora. Their street-length dresses were of light blue taffeta and velvet and they wore matching velvet hats. Their crescent bouquets were of iris blue asters.

Melvin L. Roloff attended his son as best man. Groomsman were John W. Mittel, brother of the bride, Phillip Mann of Alva, Oklahoma, Jerry Cain of Tahoka and George Olson of Austin.

A reception followed in the fellowship hall of the church. The bride's table was covered with a white cloth and centered with an arrangement of white spider-

mums in a silver bowl. The groom's table was also laid with a white cloth and held a silver coffee service and the groom's cake.

Halbert III of Plainview, Miss Dorothy Shepperson of Taylor, Miss Sally Predock of Fort Worth, Miss Kay Stall of Midland and Miss Evelyn Taylor of Dallas. Background music was furnished by Mrs. S. M. Loeffler.

She was chosen outstanding student by the Spanish Department and was graduated Summa Cum Laude. Her husband holds a Bachelor of Arts degree from the Univer-

sity where he is a member of Pi Kappa Alpha fraternity and Phi Delta Phi law fraternity.

The serving table was covered with a white cutwork cloth and centered with an arrangement of white gladioli and carnations in an antique English silver bread-box.

The bride's table was also laid with a white cloth and the floral arrangement and all appointments were in white. Bridesmaids gifts centered the quartette tables.

CHAMBER OF COMMERCE COMMENTS

HAPPY DAYS- People who like drab, dry, dusty falls are in for a disappointment in dear old Sutton for the rain of this week transferred Sutton County from that category to one that promises to be our very best. All of Sutton was covered except a

narrow strip on the East side and fortunately they had a recent rain. Right now the goose is hanging high.

The rain, aside from bringing smiles to the faces of everyone, was good news to our fire department. There won't be any grass fires soon.

OUT OF TOWN GUESTS

Out of town guests for the Roloff-Mittel wedding included the bride's grandmother, Mrs. Ella Holiman of San Angelo. Also Mr. and Mrs. Aubrey Cate, Mr. and Mrs. Wayne Perry and Mrs. Mary Evans, all of San Angelo; Mr. and Mrs. K. S. McKaffrey, aunt and uncle of the bride, of Midland; Mr. and Mrs. John Bledsoe of Brady, Mr. and Mrs. John Hnatek and Jan of Victoria, Mr. and Mrs. Robert Kloesel and Miss Rose Kloesel of Miles, Mr. and Mrs. Tom Kincaid of Ozona, Mr. and Mrs. James L. CLAIRE JONES, MARY WILSON HONORED WITH DINNER

Mrs. Pat Cooper & Betty Jack Cooper entertained last Wednesday evening with a dinner honoring Alice Claire Jones and Mary Adele Wilson, who left last weekend for the University of Texas and Southern Methodist University.

Those present were the honorees, Patsy Garrett, Jo Addah Johnson, Jessie Lem Johnson, Sarah Lu Hardy, Nanette Stokes, Nancy Wilson, Sarah Sawyer, Cissy Young, Candace Cauthorn, Francine Fields, Pam Jones, Mrs. Birl Davis, Mrs. Lois W. Young, Mrs. Duke Wilson and Mrs. Alice S. Jones.

LIONS AUCTION is coming up next week, Tuesday, September 12, 1961. The people of Sutton County who like to support the Boy Scouts and the Girl Scouts, the Little League and summer recreation program, offer aid to the blind and sight impaired, well, this is your chance to help in these great youth and humanitarian causes. Once a year we make a fund raising gesture rather than finance drives all through the year. This is your one chance and opportunity of helping.

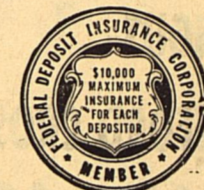

EVENTS- The Third Annual Quarter Horse show has come to pass. We had many fine horsemen, many fine horses and some willing and capable workers. L. P. Bloodworth and Bill Galbreath did a fine job as co-chairmen and Lynn Kirby was excellent as the bookkeeper.

NOW, next we have the Peace Officers of West Texas, October 5. Herman Moore is in need of some fine, fat Spanish kids. Might make a deal there. And on

these **3 STEPS** will save you **MANY!**

1. Come into our bank soon — and
2. Open a checking account — and
3. Start paying bills with checks!

the 8th of October the All Texas Air Tour will hit here for an overnight. A group of 17 are working on the committees for this affair. Last year the Air Tour landed at the Caverns and had a barbecue lunch there. Eighteen states and Mexico were represented last year. This year they expect more. And then on the

25-26 of October the 11th District Federated Music Clubs will meet here. Busy days are ahead for hospitable Sonora folks.

MR. RANCHER, let us know your wishes as to hunting. Sutton County definitely has too many deer for their own good. Let us know your plans and we offer our full cooperation.
