BOVINA, TEXAS

VOL. VII, NO. 37

WHITTLIN'

BY DOLPH MOTEN

In Bovina recently, Bovina Schools board of trustees, more commonly referred to as "school board", has come in for more than its share of conversation . . . both pro and con.

Even some second grade students of Mrs. Myrna Hammonds got into the school board conversation act. According to a story now in circulation, not according to facts, a couple of second graders were discussing which playground equipment to play on next.

Prior to telling of their conversation, it should be pointed out that Future Farmers of America recently repaired several saws at school. Since they've been in tip top shape, they've been popular with the youngsters.

Prior to the repair job, saws, in their old, rundown state, received little attention.

So the story goes, the saws have been off the popular list since long before second-graders-now started to school a couple of years ago. Therefore, these particular second graders didn't know correct name for the reeter-toters.

"Come on," one said to the other, "lets go ride the school board."

Innocent or not, we feel that members of board of trustees sometimes feel that such action could be picked up by second graders from adults. Maybe second graders and adults ride school board for same reason; fun.

In telling that story, which, incidentally, isn't at all true, we don't mean to condone nor condemn past or present school boards . . . or see saws, for that matter.

We're too well aware that with school trustee election less than a month away suspicious people are apt to read things between the lines of anything written in regard to board members.

Certainly we don't mean for that to happen. When and if I write anything for or against school board, we'll do our best to write it plain enough that it will be unnecessary to read between lines.

Still on school trustee subject, or more specifically, school trustee candidates:

A lady called us this week suggesting that said individuals take advantage of Bovina Blade columns to tell what they stand for in regard to school business and policies.

"How do you know which candidates to vote for if you don't know which believes what?" she asked. And it was a good question.

Probably specific questions should be asked and answered with specific answers before voters knowledge would increase to any great extent.

By that we mean, that 99 out of 100 school trustee candidates would be in favor of having the best school that available personnel, facilities and funds would provide as well as many other general points.

But if a candidate said he favored building a swimming pool with school funds or limiting classes to a two day week, voters would have something to be for or against.

Unless voters know all candidates personally, and that's almost impossible in most instances, an election amounts to little more than a popularity contest.

Be it good or bad, that's the way it is.

Some people are hard to please. For others, pleasing them is impossible.

Last week in this column, we started a column thusly: "Harold Carpenter and the nice people at Oklahoma Lane . . ."

Now, we understand, Harold Carpenter wants to know why he isn't a "nice people."

Locals

Mrs. Emma Purdy of Enid, Okla., who has been visiting her daughter, Mrs. Pearl Boatman since December, plans to return to her home about April 1.

TICKET SALE--H. J. Charles, left, member of board of directors of Bovina Chamber of Commerce and Agriculture, is shown selling a ticket to Second Annual Banquet which is Thursday night to Johnny Ray of Cleburne, contractor for new building of Bovina Church of Christ. Looking on is Don Stone, Church of Christ minister.

TO LUBBOCK FIRM--

City Lets Contract For Curbs, Gutters

Contract for installation of additional curbs and gutters for Bovina streets was awarded at a special session of city commission Thursday afternoon.

Successful bidder was Pioneer Pavers, Inc. of Lubbock with low bid of \$81,960.

The contract includes installing curbs and gutters on Third Street, Highway 86, FM Road 1731 south and an estimated 20 blocks in other areas in town.

Tony Piland To Be Buried At Hereford

Funeral services for Tony Mitchell Piland, 13, will be conducted in Rose Chapel of Gilliland Funeral Home in Hereford at 2:30 p. m. Thursday.

Rev. John Ferguson of Bovina and Rev. B. L. Davis of Hereford will officiate. Burial will be in West Park Cemetery at Hereford.

Tony, a former Bovina student, had been hospitalized at Deaf Smith County Hospital in Hereford the past five months. He died at 1:40 p. m. Tuesday.

Survivors include his parents, Mrs. Susie Piland of Hereford and James Piland of Bonham, a brother, Jimmie, and a sister, Mrs. Alice York, both of Hereford eight half-brothers, four half-sisters, and a grandmother, Mrs. Alice Townsend of Hereford.

TOP GUN--Art Mast is shown with trophy he won for being top marksman at a team trap shoot at Friona Sunday afternoon. Mast hit 43 of 50 clay pigeons. There were 25 shots each from 16 and 21-yard lines. Bovina team members shooting with Mast were Jerry Roach, George Douglas, Jack Patterson and Sam Sudderth. Friona team won the shoot. Bovina was third. Teams were also entered from Dimmitt and Lariat. R. L. Hoplingardner of Bovina shot for the winning Friona team. (PHOTO BY TRAVIS HARRELL.)

SOCIAL EVENT OF THE YEAR--

Curtain Going Up On BC of CA Event

IN CITY FUNDS--

\$13,316.00 Shortage

City of Bovina funds are suspected to be \$13,316 short, city commission announced this week.

Former mayor Emmett Tabor, who resigned February 9, has been charged with theft.

Checking of city records has been going on since Tabor's resignation.

Discrepancies in city records have been found as far back as September, 1960, the commission says.

Tabor was charged with theft of city funds February 16. A complaint was filed by City Commissioners Al Kerby and Bud Crump at that time. The complaint stated that Tabor took \$70 in city funds.

Same day charges were filed, Tabor was arraigned before Justice of the Peace J. R. Thornton. Bond of \$1500 was posted and Tabor was released immediately.

The \$70 Tabor is charged with stealing was in form of a \$70 check made out to Luther Vaughn, Shallowater contractor who installed water and sewer lines in Redgelea Addition last fall. Vaughn had told city commissioners that he has no record of receiving the check.

The case is scheduled to go before grand jury at its next session.

Announcement of the suspected missing total of \$13,000 plus was first formal announcement made by the commission since checking of records began in February.

The commission issued no statement as to what its next step would be in regard to the matter.

Delbert Downing, . . . banquet speaker

Membership Drive Starts Friday Morn.

Bovina Chamber of Commerce and Agriculture will launch a membership drive Friday morning at 7.

Announcement of the drive was made by Bedford Caldwell, chamber president.

Directors and membership committeemen will meet for a breakfast session at City Drug at 7 Friday.

J. E. Sherrill has been named membership drive chairman. Teams will be appointed and the drive is expected to be completed by Tuesday of following week.

With memberships totaling about 50 now, slogan of the drive will be "102 in '62." Chamber operated in '61 with 83 members.

WEATHER

by

WILLIE

Warmer weather this week. Looks like a little rain. I think the centrifugal force in the ionosphere has weather all out of kilter.

LAST WEEKEND--

Bovina Animals Place In Show

Seven Bovina animals placed and were sold at Parmer County Junior Fat Stock Show at Friona last weekend.

Included in the group were one steer, three barrows and three lambs.

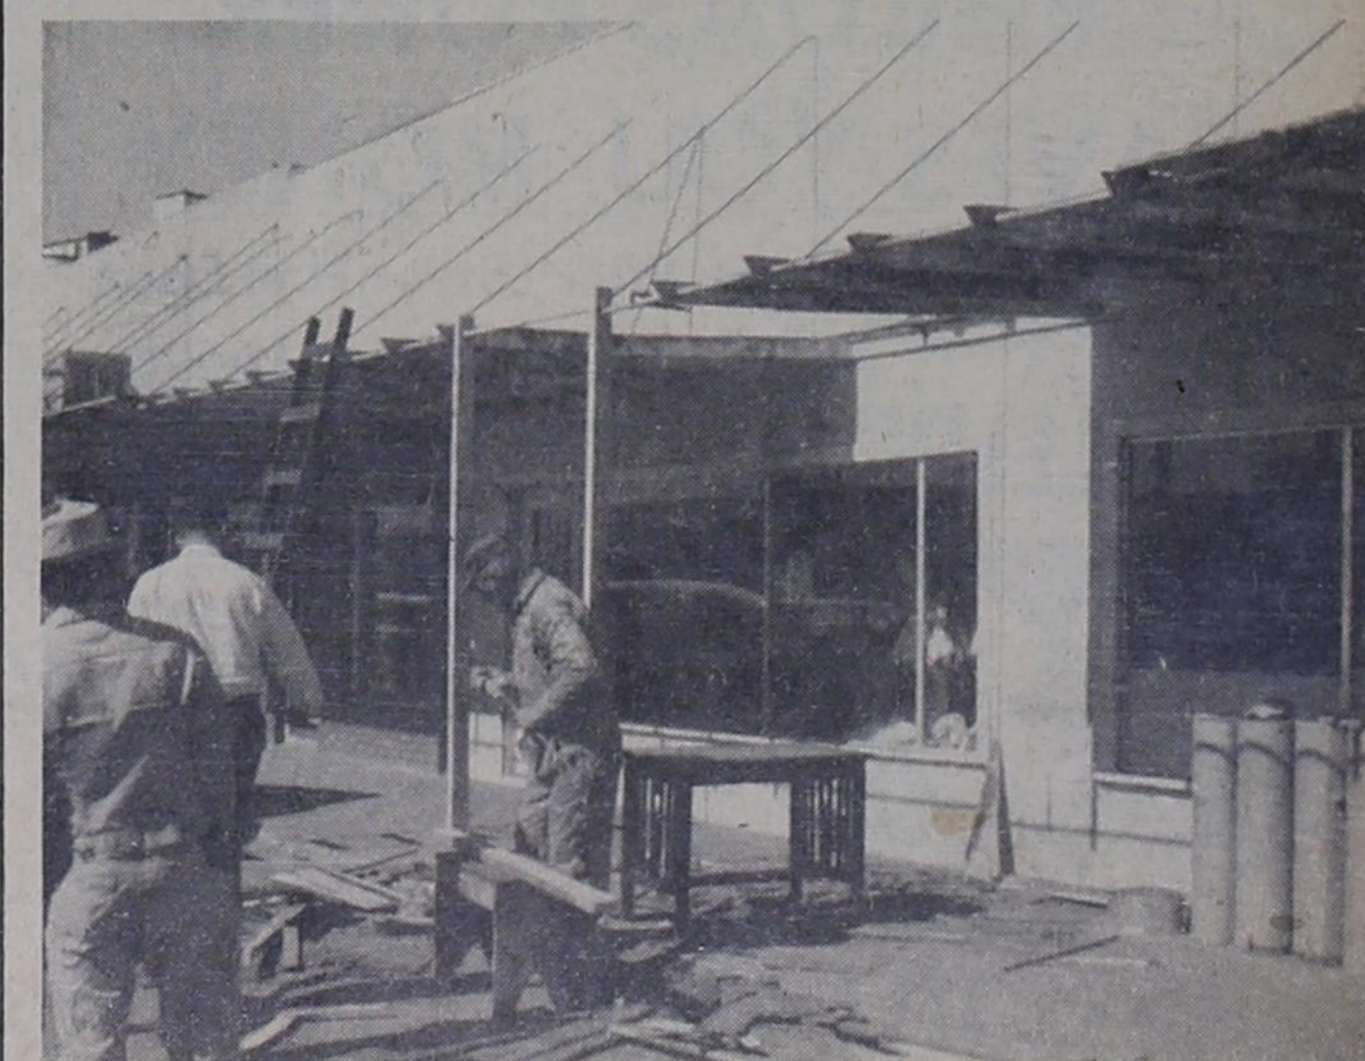

Wayne Davies exhibited the steer which was champion of project show here the previous week. The steer placed sixth in its class and was sold to First National Bank of Bovina for 41 cents per pound.

Placing barrows in the county show were Jimmy Redden, fourth in crossbred class, and sold to Parmer County Farm Supply for 53 cents per pound; Ronnie Taylor, sixth lightweight Duroc, sold to Oklahoma Lane Farm Supply for 53 cents per pound, and Ronnie Sudderth, sixth heavyweight Duroc, sold to Hartzog Seed Farms for 52 cents per pound.

Pat O'Brien placed a lamb third in Southdown class. It was purchased by First National Bank for \$1.05 per pound. Wyn-dol Davies placed two lambs, ninth and 10th, in fine wool class. Each brought 95 cents per pound. They were bought by First National and Hartzog Seed Farms.

Since it has been anticipated that a larger number of Bovina

animals would be auctioned at the county show sale, several (Continued on page 4.)

REMODELING--Bovina Dry Goods, Main Street business, is getting a new look this week as workmen go about task of remodeling front of the building. Both the store and the building are owned by Edward Isaac, who recently moved here from Lubbock.

Annual Banquet Thursday Night

Second annual banquet of Bovina Chamber of Commerce and Agriculture--which its planners hope will be social event of year here--is scheduled for tomorrow (Thursday) night at 7:30. It will be in school cafeteria.

Banquet highlights include presentation of plaques to Bovina's outstanding man and woman of the year. Delbert Downing, former manager of Midland Chamber of Commerce, will deliver the address.

A crowd of some 300 is expected to be on hand, Chamber Manager Jack McCracken says.

A ticket sales campaign for the banquet was launched last week and will be concluded tomorrow morning. "It's hard to say exactly how many tickets will be sold, but we expect to be near the 300 mark when we finish Thursday at noon," McCracken says.

Tickets, at \$2.50 each, will also be available at the door. Bedford Caldwell, newly-elected president of the chamber will serve as master of ceremonies. Warren Morton will introduce special guests.

Invocation will be by Rev. John Ferguson, pastor of First Baptist Church of Bovina. Father Declan Gilligan, pastor of St. Ann's Church of Bovina will offer benediction.

Meal, which will feature turkey and dressing, will be prepared by cafeteria staff. Members of Bovina High Future Homemakers of America chapter will serve.

Vocal entertainment will be presented by Bovina High choir which is directed by Earl Hise.

Program will be concluded by presentation of plaques to outstanding man and woman of year.

Downing, who comes here highly recommended as a speaker, is a native West Texan. He has lived in Midland since 1938, serving as chamber manager there from 1941 to 1952.

During time he was chamber manager, according to Bill Collins, editor, Midland Reporter-Telegram, he was recognized with more plaques and citations than any other man in his walls. He is an honorary member of Lions, a past president and active member of Rotary and a past president and life member of Jaycees.

A newspaper woman dubbed Downing "the Perry Como of the lecturing platform" claiming he was the most relaxed story teller she had heard.

Adding to his already imposing list of accomplishments Delbert Dean Downing is now an author. His book, ON THE DARK SIDE OF MIDNIGHT, is to be in book stores by late summer, according to The Carlton Press of New York, its publisher. Downing, himself, describes the book as "scraps of things that I have written and said down through the years. It is a pot-pourri of whimsical humor and useable philosophy."

Perhaps the best insight into the character of this unusual man can be gained through the off-hand remark he made to Sunday School Class which he teaches when he said, "Insofar as possible, I try to do everything anybody asks me to do," Collins says.

Concludes Collins, "You will enjoy this humorist-philosopher--not because he is a humorist nor because he is a philosopher; but because his faith in his neighbors and in his country is so evident that it becomes contagious and flows out to his audience."

Barbee Quits Mayor's Race

S. A. Barbee, Jr. announced this week that he was withdrawing as a candidate for mayor of Bovina.

Barbee's resignation leaves number of candidates at two. Still running are Boyd Gilreath and L. M. Grissom. Joe Moore withdrew as a candidate two weeks ago.

Election is set for Tuesday April 3. Deadline for candidates to file was March 3, Barbee, in announcing that he

was withdrawing as a candidate, said that he felt he couldn't afford to devote enough time to the city office to do it justice. He had been petitioned as a candidate a few weeks ago.

Winner of the election will replace C. R. Elliott, who has held the post since mid-February. He was appointed by city commission to fill unexpired term of Emmett Tabor, who resigned.

Millinery Workshop Planned

A millinery workshop will be held in the homemaking cottage during next week, Monday thru Friday.

Mrs. Jesse Walling will instruct the course with the assistance of Mrs. Barbara Thompson, homemaking teacher.

Approximately 30 have enrolled. If enough interest is shown another course will be offered later for those who did not register for this one.

Club Plans Style Show

Plans have been completed for a style show, which is being sponsored by Bovina Woman's Club in the school auditorium at 7:30 p.m., Tuesday, March 20.

Homemaking girls will model garments they have made this school year and spring wearing apparel from local stores will be modeled.

There will be no admission charge and the public is invited to attend by sponsoring organization.

Dilger's CLEANERS

BOVINA, TEXAS

Study Club Meets In Crump Home

Bovina Woman's Study Club met in the home of Mrs. A. E. Crump for regular meeting Thursday afternoon. Topic of study was Legislation, Samuel Johnson's statement, "Knowledge without integrity is dangerous and dreadful," was used as a program guide.

Roll call was answered with each person present naming her favorite politician. Mrs. Clarence Jones, program leader, introduced a guest, Mrs. Clarence Gaunt, who conducted a question and answer session on Equal Rights Amendment.

General Federation of Women's Clubs Resolutions was the topic discussed by Mrs. H. L. Ivy.

Shower To Honor Mrs. S. Killough

A bridal shower has been planned for Mrs. Sid Killough, the former Carolyn Sell of Lubbock. It will be at the Church of Christ minister's home from 2:30 to 5 p.m., Saturday, March 17.

Friends of the couple are invited to attend by the hostesses, Mesdames Warren Embree, Billy Marshall, Sam Suderth, Harley Riddle, Don Bandy, Earl Richards, Earl Stevenson, Levi Johnson, Charley Jefferson, Chester Rogers, Don Stone, H. H. Kelso, Joe Pinner, William Gromowski and Roy Dodson.

WSCS Meets

Mrs. W. M. Thornton was hostess at the regular meeting of Women's Society of Christian Service of Bovina Methodist Church at the church Monday evening.

Mrs. W. E. Williams directed the devotional and program.

Judy Crawford FHA President

Senior members of Bovina High Future Homemakers of America Chapter were honored with a salad supper Monday night in homemaking cottage by other members.

Seniors present included Marilyn Brandon, Margaret Taylor, Christine Wassom, Janet Gooch, Kay Looney, Judy Meachum, and Patricia Crawford.

In a business session which followed, Judy Crawford was elected president of the chapter for next year. Also, Mary Ann McKinney was named delegate to state FHA convention in Dallas April 19-21. She and Miss Crawford will attend.

Other officers will be elected later in the year.

Youth Choir Honored With Banquet

A youth banquet in Fellowship Hall of First Baptist Church honored members of the youth choir and their guests. Barbecue, baked beans, potato salad, tossed salad, ice cream and cake were served to about 62 young people.

Mrs. Eva Miller, pianist, Karen Turner, vocalist, and Jere Buske, vocalist, all of Friona, were guest entertainers. In addition to accompanying Miss Turner and Miss Buske as they presented vocal numbers, Mrs. Miller showed slides of Glorieta music camp.

Adults present were Rev. and Mrs. John Ferguson, Mr. and Mrs. Charles Embry, Mr. and Mrs. Weldon Moody, and Mr. and Mrs. Harold Hawkins.

Those assisting with preparation and serving of the meal were Mesdames Clarence Gaunt, Ed Hutton, Earl Dean Boyd, Henry Minter, Alan Cumpston, Tony Ivy and F. D. Carter.

BIRTHDAY PARTY---

Members of 39ers Birthday Club met at the home of Mrs. Otis White Friday evening for supper and a party honoring Jewel Tabor. Fried chicken, hot rolls, potato salad, tossed green salad and burnt sugar cake was served buffet style by the hostess.

Ice Skating Party Honors Bible Class

Nine members of the junior high Bible class of the Church of Christ and nine were guests were honored with an ice skating party at Clovis Friday afternoon. After the skating session, the group returned to the Howard Ellison for a western supper.

Mrs. Thomas Rhodes and Mrs. Joe Pinner assisted Mr. and Mrs. Ellison in serving sandwiches, beans, chips, dips, cold drinks and strawberry shortcake.

Class members present were Billy Lynn Marshall, Beverly Pinner, Mickey Ellison, James Lee Calaway, Roy Lee Stowers, Bobby Stowers, Tommy Crump, Vicki Rogers and Randy Jones.

Guests were Toni Pinner, Melony Marshall, Dennis Ellison, Jan Gromousky, Mike Grisson, Roxie Hutto, Janie Hawkins, Rhonda and Alan Rhodes.

HERE'S GRANNY'S CAKE--Rev. John Ferguson, pastor of First Baptist Church, (left) and Mrs. S. A. Barbee Jr., granddaughter of Mrs. Gaines (right) pose with Granny Gaines and her birthday cake. Granny's birthday party has been an annual event for a number of years and was attended by about 50 persons.

Granny Gaines Honored On 85th Birthday

Friends and relatives from three states gathered at the home of Granny Gaines Wednesday to observe her 85th birthday. As has been the custom for several years, Mrs. S. A. Barbee Jr. and Rev. John Ferguson, both having birthdays the same day, were jointly honored.

Hostesses were Mrs. Neal Mager of Spokane, Wash. and Mrs. Lady Armstrong of Bovina, daughters of the honoree, and Mrs. Bettie Adams of Paris, Texas, who is a sister of Mrs. Gaines.

Other relatives present were Mr. and Mrs. S. A. Barbee Jr. and daughters, Rhonda and Sheila Gay, grandchildren and great-grandchildren of Granny Gaines.

Following the noon luncheon, which was served buffet style, the afternoon was spent visiting.

Guests signing the register were Mrs. and Mr. Manor Samples, Tulla; Clifford Belles and Ascha Armstrong of Amarillo; Mrs. Giles Williams and Mrs. Oleta Hoffman, Hereford; Mr. and Mrs. Dan French, Littlefield; Mrs. Maude Trimble, Alamogordo, N.M.; Mrs. Ethel McCasland, Clovis; and Mrs. A. W. Wood, Friona. Also Mrs. Arnold Hromas,

Harold Morris, Mrs. Margaret Caldwell and Rita, Loula Smith, Mrs. Charlie Gray, Mrs. Pearl Hastings, Ellen Remmsnyder, Mrs. Maurine Edens, Mrs. G. E. Free, Mrs. J. R. Glover, Mrs. J. H. Steelman, Mrs. J. A. Combes, Mrs. C. F. Hastings, Mrs. Dottie Ward and Mrs. Lucille Walling.

Also Mrs. Oma Gunn, Mrs. Ora Williford, Mrs. Bob Wilson, Kregg, Ann Lynn, Candy and April, Mrs. Joe Wilson, Lillian Fisher, Mr. and Mrs. Don Stone and Laura, Mr. and Mrs. Dean Hastings, Mrs. J. R. Caldwell, and Rev. and Mrs. John Ferguson.

Bridge Luncheon In Wilson Home

Mrs. A. M. Wilson was hostess at a bridge luncheon in her home Tuesday afternoon. Between bridge sessions guests were served buffet style.

Those playing were Mesdames Carl Rea, Jay Sherrill, Jim Henke, C. E. Trimble, Bill Whitecotton, C. R. Brandon, Tommy Bonds and the hostess.

NOTICE OF CITY OFFICERS' ELECTION

THE STATE OF TEXAS CITY OF BOVINA TO THE RESIDENT QUALIFIED VOTERS OF THE CITY OF BOVINA, TEXAS:

TAKE NOTICE that an election will be held on the 7th day of April, 1962, in the City of Bovina, Texas, at the place, in the manner, and for the officials set forth in the attached copy of an order for City Officers' Election, duly adopted by the Mayor of said City on the 30th day of March, 1962. Said attached order for City Officers' Election being made a part of this notice for all intents and purposes.

Virgil G. Tritsch City Secretary

ORDER FOR ELECTION OF ALDERMEN

THE STATE OF TEXAS) COUNTY OF PARMER) CITY OF BOVINA)

WHEREAS, on the 30th day of March, A. D. 1962, I, C. R. Elliott, as Mayor of the City of Bovina, ordered an election to be held on the 7th day of April, 1962, to determine whether or not the City of Bovina shall change from a commission form of government to aldermanic form of government; and,

WHEREAS, if the qualified voters of the City of Bovina change said form of government on the date above mentioned, it will be necessary for said voters to select three additional city aldermen; and,

WHEREAS, it is believed that all purposes will be better served and in the interest of economy one election only should be held for a more expeditious handling of city affairs;

NOW, THEREFORE, I, C. R.

Elliott, Mayor of the City of Bovina, hereby order an election for the election of three aldermen to be held on the 7th day of April, 1962, at the American Legion Hall in Bovina, Parmer County, Texas, and the three persons receiving the highest number of votes shall be declared the duly elected city aldermen.

It is further ordered by me that the City Secretary receive petitions for names to go on said ballot as candidates for the office of aldermen, and all petitions must be in the office of the City Secretary at least five full days before the date of the election.

It is further ordered that the City Secretary transmit the names of all candidates duly petitioned to some competent person who shall print said ballots, and same shall be known as the official ballot for the election of city aldermen.

Notice of this election shall be given by publishing such notice in some newspaper within the city limits of the City of Bovina 30 days, if there be one, and if none, then by posting notices of same at three public places in said City of Bovina.

I further order that A. B. Wilkinson be and he is hereby appointed presiding officer to hold said election, and he shall select two judges and two clerks to assist him in holding the same, and he shall within the time prescribed by law make due return hereof as is provided by law, and such returns shall be canvassed by the City Commission within 5 days after said election.

Dated this 3d day of March, A. D. 1962.

C. R. Elliott Mayor of the City of Bovina 36-4tc

PUBLIC NOTICE

Notice is hereby given, in compliance with Section 26, of the ZONING AND BUILDING PERMIT ORDINANCES of the City of Bovina, Texas, that on the 30 day of March, A.D. 1962, at 7:30 o'clock P.M., the City Commission of Bovina will conduct a public hearing at the City Hall in the City of Bovina to consider a proposed Ordinance to re-zone and change all of Lot 3, of Block 80, of the Original Town of Bovina, Parmer County, Texas, from "D' District - Restricted Retail" to "E' District - Retail," as described in Sections 7 and 8 of the ZONING AND BUILDING PERMIT ORDINANCE of the City of Bovina.

SCD Calls For Meeting To Discuss Area Dams

Advantages, uses and details of construction of three dams across Running Water Draw in Parmer County will be discussed at a county meeting in the Hub Community Center next Tuesday at 7:30 p.m.

The meeting was called by the District Soil Conservation Supervisors for the purpose of representing county residents with complete information on the proposed watershed project.

Under present plans, three dams, costing about \$250,000 each, would be constructed at strategic locations along the draw in the county. The dams

would be constructed as part of a flood control program for the area along the draw. The area around Plainview would benefit most from the flood control aspect but dams must be erected in Parmer and Curry Counties before similar structures will be placed further down the draw.

The cost of the dams, under minimum specifications, will be paid by the federal government as part of a flood control program.

Among the advantages to Parmer County are: added possibilities for irrigation water; recharge of underground water

supply; providing recreation facilities; and provision for fish and wildlife. There is also the possibility that trapped water could be used for municipal purposes.

Construction of the structures would mean that about three-quarters of a million dollars would be spent in the county.

Several aspects of the proposed dams should be considered very carefully. The value of land in this area is keyed to the supply of water. Therefore, water which can be retained in the county will serve to maintain the value of land.

According to several experts, the only recharge to the underground water supply here is through the surface. If the dams would help to retain water in the area and give it a chance to penetrate the water-bearing sand, recharge would be stimulated to some degree. If only the wells around the artificial lakes benefited directly through recharge, other wells would benefit because of the decrease in supply of water drawn from the entire pool. (This could hold true even though the movement of water is extremely slow in the formation.)

Minimum specifications for the dams call for a reserve of 200 acre feet below the drain pipe and a capacity of 5,000 acre feet above the level of the drain. The top water would drain out within a period of about 30 days, according to reports.

Additional water could be retained if interested parties paid the extra cost of enlarging the dams above the minimum specifications. This cost would be considerably less per yard of fill needed to enlarge the dam than would be the cost per yard to meet minimum specifications.

Maintenance is quoted at approximately \$200 per dam per year. This cost would be borne by the county.

SCD officials and interested parties in Curry County have agreed to the necessary structures in that area and are awaiting for approval from Parmer officials. Should it become impossible to construct one of the dams, the entire project is scuttled.

Construction would begin in Curry county and proceed down the draw. The Parmer dams would be the second set of three constructed.

All water retained by the dams will be the property of the owners of the land and may be used as they see fit.

Theresa Seaton, Lazbuddie 4-H, proudly holds the blue banner across the back of her Hampshire barrow after winning the Grand Champion ribbon at the Parmer County Junior Livestock Show in Friona last weekend. The 191 pound animal was bought by Cumming's Farm Store for \$229.20.

WITH THE COUNTY AGENT DERYL COKER

Well, the 1962 Jr. Fat Stock Show is history now and from what I have been told, it was one of the better shows to date. The people in charge did an outstanding job of planning and carrying out those plans. All of the stock was of high quality and 4-H members and FFA members did a good job of feeding and fitting their livestock.

The Parents and 4-H Leaders who participated, also, deserve a great deal of credit for all the work they have done in helping 4-H members with their projects.

Four-H members must have cooperation from their parents to be able to carry on livestock projects, as well as any other project.

Another thing that we all can appreciate is the buyers who got right in there and bought the livestock at a very good price. I don't believe that I have ever seen or heard of stock bringing such a good price all the way through. The sand and dirt didn't seem to bother anyone a great deal, all though I bet there was an above average amount of bath water used Saturday.

The sand storm did make it very difficult for the exhibitors to have their animals in good

show condition, but at least everyone was in the same boat. A great number of soil samples have been coming back to Parmer County; however, not near enough farmers have sent them in yet.

A majority of the soil samples call for phosphorus on grain sorghum and all of the soil samples call for phosphorus on cotton. Let's all keep in mind that phosphorus does not move around in the soil, so we need to band it in, a position where the root system can readily get to it.

Phosphorus is the maturing agent and in cotton this is very important, since we have a relative short growing season.

Large amounts of nitrogen on cotton without any phosphorus could be dangerous. It could put your cotton into vegetative growth, and not set a good crop of fruit. It will soon be time to plant, and if you have not applied any fertilizer it would still pay you to send in a soil sample. A soil test is the best known tool at the present to determine your fertilizer needs. Our office has a good supply of soil sample boxes and soil sample sheets. If I could be of any help to you on fertilizer problems, please come by the office.

THE HIGH PLAINS FARM AND HOME

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

Farming sure is changing fast, Bruce Parr & Harry Hamilton were in Washington a couple of days last week on farm legislation business and we didn't even know they were gone till they got back. Bruce went to testify on the Bracero Labor program and Harry was looking into that and the general farm program. We haven't talked to either of them, so that's the reason we're not saying any more about what they actually did while there. We do know that they met several Texas and American Farm Bureau staff members there on the same business, though.

Membership workers will meet for a banquet and Kick-Off program Monday night and then they'll be out the next day or two to sign up new members. Nearly all renewals for the month of March have come in by mail, so they won't have to spend much time looking up renewal members, which is good. About ninety percent of the 217 renewals have come in by mail. If the drive is as successful as most of these in the past have been, the quota of 540 will be exceeded within the next ten or twelve days. Calvin Meisner, Vice President and chairman of membership will be real happy with the results, we believe.

We urge those who have not already done so to file for tractor gas tax refund. That is, if you are not sure whether you have filed within the last year, Farm Bureau was successful, after several years, in

getting the time extended from six months to one year, and we sure don't want you missing some of that money with that much time to file for it.

If you want to be a member of Farm Bureau, just come in or mail a check for ten dollars. That's all it costs for a whole year. If you don't already know, Farm Bureau believes in individual enterprise for all business pursuits, farming and otherwise with no more GOVERNMENT interference than is necessary for orderly production and marketing with the highest possible net income for everybody concerned. Farm Bureau believes that if a man wants to starve, that is his right, but if he wants to earn a better livelihood, it is his right to find a way to do that, too, without restraint from government or any organization.

To industry nothing is impossible

THE DAM SHOWN HERE IS SIMILAR TO THE THREE PROPOSED FOR CONSTRUCTION ON RUNNING WATER DRAW.

Safety Sticker Deadline Arrives In Thirty Days

Texas drivers have approximately one month in which to have their vehicles inspected before the April 15 deadline. "After that date," said Captain Alan Johnson, Motor Vehicle Inspection Service of the Texas Department of Public Safety, "enforcement officers will begin to issue tickets to those drivers who fail to display the new 1962 safety stickers." There are over 325,000 vehicles in the Northwest Texas Region of the DPS that must be inspected before the April 15 deadline. Although there are 611 approved inspection stations in this 60 county region, these stations will be hard pressed to finish the job before

the deadline, unless the motorists start having their vehicles inspected now.

Johnson stressed the importance of car owners having their annual safety check at a licensed inspection station as soon as possible. The DPS captain cautioned that motorists are likely to experience last minute traffic jams at inspection stations if they don't move without delay. "As spring approaches, we face the possibility of wet weather, which means that most inspection stations cannot utilize all of the working days left. Take advantage of this pretty weather and take your vehicle in now for the state inspection," Captain Johnson concluded.

Patrol Reports Nine Accidents

The Highway Patrol investigated 9 rural accidents in Parmer County during the month of February according to Sergeant Roger Sosebee, Patrol Supervisor of this area.

These wrecks accounted for five persons injured and an estimated property damage of \$4,205.00.

The rural traffic accident summary for Parmer County from January through February of 1962 shows a total of 20 crashes. As a result of these crashes there was one person killed and ten persons injured. The estimated property damage amounted to \$12,475.00.

The patrol supervisor reported that as of Thursday,

March 1, a total of 227 traffic deaths had been reported to the department, as compared with 264 during the same period in 1961. "This represents a decrease of 37 deaths or 14 per cent," he said, "and represents all of us with a stern challenge to help in further reducing deaths for the remainder of 1962." This will not be an easy job.

"Defensive driving is one of the keys to traffic safety," the sergeant added. "If all motorists were alert when driving and knew the defensive procedures used by a professional driver, the number of monthly traffic accidents would drop sharply."

4-H Club Leader Training Planned

A special training for 4-H Club adult leaders in the Foods subject matter groups will be conducted March 12 at 9 a. m. in the Community Room of the Friona State Bank.

All additional leaders who are planning to work with the Foods groups are asked to attend this first training for the year. Training will be conducted by Miss Ettie Musil, County Home Demonstration Agent, according to Unit 1, My Favorite Foods written by State Foods and Nutrition Specialists. Each leader will be furnished a Leader Guide and enough Member Guides for her Foods subject-matter group.

For the first training Miss Musil plans to discuss general goals of the foods project. This discussion will be followed by method demonstrations in the first three lessons or group meetings. These lessons include Easy - do -Chocolate Fudge, Sandwich and Banana Milk Shake, and Peanut Butter Cookies.

Each trained leader will then meet with her group of four to six 4-H club members at her and their convenience. The leader will present the same demonstration and program as trained by the agent. Afterwards each girl or boy will practice preparing the same food. This is the method of teaching the members "to learn by doing".

As a climax to the Unit 1, Leader and Member Guide, it is hoped to conduct a Club and/or County Favorite Goods Show. County winners will be eligible to enter an exhibit of their favorite food learned in the foods guides in the District Contest. District winners will show the exhibit in the State Favorite Foods Show to be held in College Station September 22. State winners will be awarded trips to Chicago to 4-H Congress.

Miss Musil asks, "If you are not sure which 4-H girls or boys you would like to work with, but want to work with a group, do come to the training."

Cattle flies prefer red cows to white ones. The earth is slightly pear-shaped.

HD Agent's Notes

BY MISS ETTIE MUSIL

Are you wondering about the new coin-operated cleaning machines? You are not alone since we have had a number of questions concerning these new automatic machines.

Are you wondering what can be cleaned? According to information received from the home management specialists, any garment that you do not include in your laundry can be cleaned. Of course, there are a few exceptions of plastic, leather, rubber, fur, or garments trimmed with these materials.

Garments can be cleaned as often as necessary to keep the items clean and sanitary. Since cleaning is less expensive people who use the coin-operated cleaners say they clean their clothing more often.

Even pressing is easy with only a touch-up with a steam iron necessary. Garments are supposed to come out remarkably wrinkle-free. Creases and pleats on garments are still sharp after cleaning.

The actual operating of the machine is very simple. First of all, turn out all pockets and cuffs. Shake away all loose sand and lint as you would for regular laundering. Then examine each garment for spots.

Brush loose matter from spots, then spray the spot with a fine water mist. Some of the newer cleaning machines and

establishments have omitted this step. For some water soluble stains another ingredient has been added to the cleaning fluid.

For most dry-cleaning machines eight pounds can be filled or a certain amount to a certain marked line in the machine. After the clothes have been placed into the machine the money is added in the designated slot.

Homemakers are reminded to be present and ready to remove the garments from the machine when the load is finished. Like a dryer, they might wrinkle if you do not take them out immediately. Wrinkles fall out while the garments are warm. Just hang the clothes on hangers and smooth them with your fingers.

Of course, commercial dry cleaners are still very important in cleaning garments that are not recommended for machines. Be sure all garments cleaned in a coin-operated machine are color fast.

Last week was a busy week for everyone. It was good to

see so many 4-H Club and FFA members taking an active part in the Jr. Livestock Show in Friona.

It was good to talk with several of the 4-H members' parents discussing the hard work their sons or daughters had put into the care and feeding of the livestock. In spite of the bad weather many parents and other brothers and sisters were there backing the boys and girls who were showing the steers, swine, and sheep.

Not only do the boys and girls learn and gain much from management of feeding their livestock throughout the year, but they gain much character building. Learning to win honestly and humbly, and to lose graciously are part of the character building.

There is another year ahead in which to try. Keep trying. It is not always the goal of winning that is all important. Blue ribbon boys and girls are far more important than red ribbon projects. Yes, it is great to be a blue ribbon boy or girl and have tried for a blue ribbon project.

Playa Lake Study Planned For Area

A meeting of about twenty men was held today in the Lubbock office of the High Plains Underground Water Conservation District. The men, representing local, state and federal agencies, make up a committee created for

the purpose of studying the hydrologic, economic and biologic aspects of playa lakes in the High Plains' area.

The committee is called the Advisory Committee for Water Supply and Pollution Control Project. Co-Directors of the project are W. L. Broadhurst, Chief Hydrologist of the High Plains Water District and David Cowgill, Director of the Lubbock City-County Health Unit.

The project is being financed by a grant from the National Institutes of Health, a section of the U. S. Department of Health, Education and Welfare. Money has been appropriated to finance the project for three-year period.

The purpose of the project is to conduct detailed studies and research on nine specific playa lakes in the vicinity of Lubbock. The lakes are typical of those found throughout the area.

A history of the playa lakes included in the study is presently being gathered. Rain gauges have been installed in the nine lakes, staff gauges in 6 of the lakes, and one of 5 automatic water-level recorders has been installed. Eight of the lakes have been surveyed and field data compiled. Drafting has been completed for 4 of the 8 lakes, and topographic maps, elevation-volume and elevation-surface area curves have been prepared.

A limited number of soil auger samples have been taken and soil maps have been obtained.

Procedures for the determination of mosquito production including larval and egg surveys have been outlined, and field work will commence as soon as the lakes begin to fill with rainfall runoff.

Detailed procedures have been established for biological studies, lake floral study, water chemistry and meteorological data collection.

Preliminary plans for the economic evaluation of the lakes and modifications in the configuration of the lake beds have been formed.

Results of the project should show people in this area how to obtain greater economic returns from playa lakes on their land. Other than for drainage, most lakes are presently not developed

for beneficial purposes. Even though some water that collects in the lakes is used for irrigation, most evaporates into the atmosphere and produces no income.

Cooperating in the project will be the High Plains Water District, Lubbock City-County Health Unit, Texas Technological College, U. S. Fish and Wildlife Service, Agricultural Research Service of the U.S.D.A., U. S. Public Health Service, Texas Water Commission, Texas Agricultural Extension Service and the Soil Conservation Service.

Darrell Morris, Lubbock, has been employed full-time by the Committee to head up the project. Field work, Morris is an expert in the field of wildlife management.

FOOTSAVING EDUCATION

by James E. Edwards

We Come To Another Important Finding

If the active foot changes shape and sizes in many places (ball, length, toes, arch, heel, waist, instep, ankle), then shoe fitting itself must be something far more than fitting to foot length and ball width. We're now confronted with the challenge of properly fitting the whole foot. And because there is such a pronounced difference between the shape and size of the resting and the weightbearing or active foot, the one-sized, one-shaped shoe must be adapted so that it strikes the "happy medium." (Cont.)

Lazbuddie 4-H members walked away with the champion banners in the sheep divisions at the Parmer County Junior Livestock Show in Friona Friday. Shown with their prize winning sheep are Steven Foster, Champion Southdown (L); John and Mike Ward, champion Fine Wool; and Steve Young, champion Medium

Wool. Foster's 95 pound sheep was sold to Parmer County Farm Bureau for \$118.75. Hurst's Department-store paid \$88.74 for the Ward's 87 pound Fine Wool champ and Young's 114.5 pound Medium Wool went to Plains Hardware for \$114.50.

The HAPPY HOMEMAKER

BY JUNE FLOYD

I tried a new congealed layered salad over the weekend. It turned out to be very delicious, but not very pretty and it should have been both. Trying the recipe reminded me of a small boy learning to shoot firecrackers a few years ago.

Some older boys were teaching a six year old the art of making the most of small fire crackers. David Ray was told that by putting a small fire cracker under a tin can he could create an explosion that would shoot the can high into

the air.

David Ray took the fire cracker and ran out away from the group, put the can carefully over the fire cracker than ran away as he had been instructed to do.

After a few minutes without any explosion, someone said, "David Ray, did you light the fire cracker?" Of course, the answer was in the negative.

Farwell 4-H

Farwell 4-H club met at the city hall in Farwell for a regular meeting Thursday night with the meeting called to order by Reba Lesly, president, and Larry Gregory leading the 4-H pledge. Debbie Hargrove led the 4-H creed and Vicky Kaltwasser gave the purpose of 4-H.

Debbie Hargrove and Kandy Meeks gave a demonstration on vegetables, and Vicky Kaltwasser and Connie Dennis gave a poultry demonstration after which Miss Musil made comments on the demonstrations. Miss Musil also told about the different subject matter available and discussed projects for the year. Projects were chosen and group leaders selected.

Then the small boy added, "You didn't tell me to."

The recipe I used called for 1/2 pint sour cream, not whipped. I used it just that way, but when the cream was poured onto the first layer of salad and the other layer was added, I definitely did not have a layer of cream.

Nobody told me to whip the cream after I measured it. Take this hint and the salad will turn our beautifully and deliciously for you.

STRAWBERRY SALAD

- 2 packages strawberry jello
- 3 cups boiling water
- 2 packages strawberries, frozen
- 2 mashed bananas
- 1/2 cup nuts
- 1/2 pt. sour cream, not whipped

Put frozen strawberries in Jell-O. This will thaw berries and help set the jello. Pour part of this mixture into a glass baking dish and let set. Spread sour cream (which has been whipped) over this layer and add remainder of jello mixture. A variation of this recipe is to use only two cups of boiling water and add one #2 can crushed pineapple.

Some farm homemakers need meat dishes that can be kept warm long enough to take to persons who may be working away from home. The following recipe is ideal for this type serving.

BARBECUED CHICKEN IN A BAG

- 3 tablespoons catsup
- 2 tablespoons vinegar
- 1 tablespoon lemon juice
- 1 tablespoon Worcestershire
- 4 tablespoons melted butter
- 2 brown paper bags
- 1 teaspoon salt
- 1 teaspoon dry mustard
- 1 teaspoon chili powder
- 1 teaspoon red pepper
- 3 teaspoons brown sugar

Mix ingredients and heat. Dip each piece of chicken, which has been cut in frying pieces, in sauce and place inside the paper bags. To prepare the bags, grease each one and place one inside the other.

Twist bags in which chicken has been placed and place in roaster with tight fitting lid. Put in 500 degree oven for 15 minutes; then reduce heat to 350 degrees and bake 1 1/2 hours. Do not open until cooking time is up.

Keep inside sacks in roaster until ready to serve.
