The Devil's River News-Sonora, Texas, Thursday, October 26, 1961

FIFTH WEEK

WATER...

A VITAL ASSET

One of the greatest blessings that Sonora enjoys is a fine supply of pure underground water. Thousands of caves and cracks in the limestone formation drain huge quantities of rainfall into an underground basin—which we tap for City use, domestic and livestock water.

Sonora was shocked last week when it was widely reported that a well had been drilled—allegedly to take sewage effluent from a large septic tank.

Though knowledge of the complicated underground formation is necessarily limited, it is generally concluded that almost all of our underground solution caverns have openings into the water level. Even though effluent from a properly operating septic tank might be harmless, the thought of drinking water mixed with human sewage effluent is repulsive to Sonora citizens.

Too, there is always the danger that a covered septic tank might fill up, with raw sewage flowing directly into the well—and caverns that could quickly lead into the water supply.

According to medical and health authorities, it is now known that certain viruses, primarily that of infectious hepatitis are carried in human waste and are not destroyed by the chlorination process in the strength used by most city water supplies. State and city health officers have agreed that there is definite danger in the reported disposal plan.

We believe that a safer method of sewage disposal can and should be worked out. We hope—if a sewage well has been drilled—it will be properly plugged and that no precedent will be set for using our underground formations for a sewer.

Our water supply is a vital asset and every citizen is interested in protecting it at all costs.

Livestock Losses

From Screw Worms \$119,400 Annually

The likelihood of eradicating completely livestock loss from screw worms promises to be one of the greatest monetary benefits to ranchmen in the history of the livestock industry. Savings, and therefore increased income, in Texas alone will run into the millions of dollars.

An idea of what screw worm eradication could mean in Sutton County alone may be obtained from the following figures compiled by County Agent D. C. Langford and Soil Conservationist E. B. Keng.

There are in Sutton County an estimated 67,500 animal units, not including swine or horses. Some 26,000 of these are cattle, another 26,000 sheep and about 15,000 goats. Total estimated evaluation based on values of \$150.00 per cow, \$9.00 per sheep and \$10.00 per goat, is \$5,970,000.

The long range death loss from screw worms alone is estimated at two percent of the 67,500 animal units. This means that Sutton County ranchmen are suffering an annual dollar loss of \$119,400 from screw worm fatalities.

Others losses cannot be evaluated as accurately in dollars and cents but include weight loss in healed animals at market time; additional labor costs in riding, treating and spraying stock; increased costs of sprays, dips and medications; loss of income from downgrading of healed animals at marketing.

These losses when added to the conservatively estimated annual death loss of \$119,400 make the \$35,000 goal insignificant in comparison to the increased annual income.

More Than 8,000

Deer In Sutton Die Of Screw Worms

A recent deer count for Sutton County shows a deer population of approximately 84,000 head or about one deer to every 11 acres. Per acre game counts in the county showed a variation from a high of one deer to 1.37 acres to one deer to 40.76 acres.

The Texas Game and Fish Commission estimates screw worm death losses in our area to range from 8 to 12 percent (all ages), depending on the severity of infestation in the parti-

RODNEY DAVIS NAMED JTAC CADET OF WEEK

Rodney Davis, son of Mr. and Mrs. W. L. (Tom) Davis of Sonora, has been named as outstanding cadet by the Military Department of Tarleton State College for the week of October 14.

Davis, a junior history major, is one of 15 cadets participating in the advanced military program at Tarleton. He is presently serving on the Cadet Battle Group Staff as S2.

At Tarleton, Davis has served as president of the Wesley Foundation, Methodist student organization, and is a member of the Texas Student Education Association.

Ranchers May Get

Doe Permits Next Week

Ranchmen who desire doe permits for the coming hunting season may apply for them at the County Judge's Office in the courthouse Monday, Tuesday, and Wednesday, October 30, and 31 and November 1.

Calvin Van Hoozer, game biologist with the Game and Fish Commission, will be in the office from eight until five o'clock to issue permits on those days.

Sutton Bond Sales

Reach 77% Quota

The people of Sutton County purchased \$7,082 in savings bonds during the months of September, according to George H. (Jack) Neill, chairman of the Sutton County Savings Bonds committee. Bond sales in this county during the first nine months of the year were \$61,586 or 77 percent of the county's goal of \$80,000.

Texas savings bonds sales for the first nine months of 1961 totaled \$119,954,483, of which \$11,692,606 were purchased during September. Texas has achieved 72.7 percent of its 1961 goal.

Annual year and fawn losses alone at 25 percent.

Using 10 percent as the mean, an estimated 8,400 deer die in Sutton County annually as a result of screw worms. Aside from the humanitarian value of eradicating the screw worm this can mean an additional monetary loss to the rancher. Using the Game Department's harvested value of \$50.00 per adult deer, the annual dollar loss in deer in the county is about \$42,000.00.

Ranchers Vote To Raise Funds For Screw Worm Eradication

Services Held For Mrs. Roy Valliant Wednesday

Funeral services for Mrs. Roy Valliant, 57, were held Wednesday afternoon, October 25, at the First Baptist Church with the Rev. Alvin Loiry, pastor, officiating. Mrs. Valliant died Monday, October 23, at M. D. Anderson Hospital in Houston after an extended illness.

Born Lotia Cozby March 23, 1904 at Wolfe City, she was married to Roy Valliant July 9, 1932 in Ballinger. The couple had made their home in Sutton County since that time.

She is survived by her husband; one daughter, Mrs. Dean McLain of Perryton; one son, Lee Roy Valliant, Jr. of Sonora; two sisters, Mrs. Arch Edmiston of Eldorado and Mrs. T. R. Knight of Houston; and two brothers, W. D. Cozby of San Angelo and G. W. Cozby of Pittsburg.

Interment was in Sonora Cemetery under direction of Ratliff-Kerbow Funeral Home.

Pallbearers were Birl Davis, Joe Hull, Artie Joy, Wess Hill, Mat Adams, G. T. Rode, Wesley Sykes, and Elmer Wilson.

Named honorary pallbearers were John Reiley, Bill Savell, G. H. Hall, Bryan Hunt, Beal Freeman, Alfred Schwiening, Sr., Bill Drennan, Dantes Reiley, C. T. Jones and Joe Logan.

Among those attending Grand Chapter of Texas Order of the Eastern Star in Fort Worth last week were Meses. David Shurley, Jack Kerbow, Alfred Schwiening, Jr., W. A. McCoy, Joe Hull, Wallace Renfro and Frank French, Mrs. Mary Johnson also attended, representing the Ozona Chapter.

Sonora Downs Junction 35-6 For Second Conference Win

The Sonora High School Broncos maintained their perfect record in both pre-season and conference football by downing the Junction Eagles 35 to 6 here Friday night. It was a far closer game than the score would indicate with the Eagles keeping the Broncos on their toes all evening.

The Broncos scored first in the first quarter with Danny Rutherford carrying over from the 15 to climax a 45 yard drive. Halfback Johnny Morris skirted left end for the two bonus points.

In the second quarter Junction's Roy Modgling terminated a 55 yard Eagle Drive by plunging over from the four yard line. The try for extra point failed. Shortly after, the Broncos set up a series of downs on their own 25 which ended in a 20-yard pass from Primo Gonzales to Arthur Bermea. Gonzales kicked the extra point and the half found the Broncos leading 15 to 6.

The only third period score came when Sonora recovered a Junction fumble on the eight yard line. Halfback Rutherford carried over from that point and the conversion attempt failed.

In the final quarter a 31-yard pass from Gonzales to Bermea culminated a 95 yard drive. Gonzales passed to End Augustin

JO ADDAH JOHNSON AT SULLINS COLLEGE

Jo Addah Johnson, daughter of Mr. and Mrs. L. E. Johnson, Jr. of Sonora, has recently begun her studies as a first year student at Sullins College, Bristol, Virginia.

Jo Addah is following a scholastic program leading to the Associate in Arts degree. She is a member of the Campus Religious Organization and the Campus Chest.

Mrs. Francis Munson and sons, Dave and Les, of Midland were weekend visitors in the home of her father, Joe Lancaster.

Pfc. George Ed Hill, son of Mr. and Mrs. Wess Hill, arrived in Beyreuth, Germany on September 8. Pfc. Hill is an M.P. with the U.S. Army.

Turney Infant Buried Saturday

Graveside services were held at Sonora Cemetery Saturday morning, October 23, for the infant of Mr. and Mrs. Billy Frank Turney with the Rev. Doyle W. Morton, pastor of the First Methodist Church, officiating. The infant died shortly after birth at Hudspeth Memorial Hospital.

Survivors are the parents; a brother, Zack Turney; the grandparents, Mrs. Hilton Turney of Sonora and Joe Mikekas of San Angelo; and great-grandmothers Mrs. Frank Turney of Sonora and Mrs. Leona Kelley of Junction.

Record Crowd Expected For Sonora-Eldorado Battle

The Sonora Broncos play host this Friday night to the state-ranked Eldorado Eagles in what should be one of the most exciting games of the 1961 season.

In seven games this season the Eagles have tallied 174 points while allowing their opponents only 32. In comparison, the Broncos, in eight games, have scored 187 points to their opponents' 62.

The Eagles are the heavier team, outweighing the Broncos about four pounds per man with the main weight difference in the backfield where the Eagles' backs will average 157 pounds to the Bronco backfield's 151.

The two teams' paths have crossed four times this year,

with each team having played Rankin, Rocksprings, Iraan and Junction. Eldorado beat Rankin 14 to 6 while Sonora won over the Red Devils 21 to 20. Sonora downed Rocksprings 33 to 0 while Eldorado trimmed the Angoras 40 to 6. Each team held Iraan scoreless, Sonora by 27 points and Eldorado by 38. Junction scored six points against both while Sonora scored 35 and Eldorado 36.

Outstanding players for the Eagles this year are 170-pound back Jim Cheek who is the chief figure in kicking and passing, 180-pound halfback Donnie Holden who is the Eagles' plunger, 160-pound fullback John McGre-

gor, receiver and kicker, tackle Mikel Jurecek and 200-pound Pete Logan switched this year from center to end where he is a favorite target for passes.

Probable starters for Eagles will be backs Cheek, Holden, McGregor and Fisher; Center Childers; Guards Draper and D. Jurecek; Tackles Thackerson and M. Jurecek; and Ends Logan and McAngus.

Likely to start for the Broncos are Backs Primo Gonzales, Lester Schmidt, Julio Samaniego and Johnny Morris or Danny Rutherford; End Augustin Shavez and Arthur Berman; Tackles Luis Perez and Square Sanchez; Guards Preston Neely and Bob Nevill and Center George Robertson.

The only other 8-A conference game slated this weekend is Big Lake vs. Junction.

Sonora's Sister

Buried Saturday

Funeral services for Mrs. A. W. Bales, 66, of Lampasas were held in Lampasas Saturday, October 21. Mrs. Bales died Thursday morning in Austin where she was visiting in the home of her son, Billy Bales.

Survivors include her son, one daughter, five sisters including Mrs. H. V. Stokes of Sonora, and several grandchildren.

Seventy-five ranchmen and interested people met Tuesday night and voted to adopt a voluntary per section donation of \$25.00 to finance Sutton County's part of the Southwest Animal Health Foundation screw worm eradication program. Total goal for the county is \$35,000.00.

A. H. Baumhover, entomologist at the Kerrville Experiment Station, showed movies on how a screw worm eradication program worked in Florida. The film showed every stage of the program from the sterile fly breeding program to complete screw worm eradication. The program was virtually 100 percent successful in Florida. The only outbreak there since the program got underway in 1959 was a small outbreak this summer from rodeo stock imported from Texas.

So successful has the program been that the Florida fly breeding plant has now been closed down and flies used in controlling the recent outbreak were flown to the location from the laboratory in Kerrville.

The current eradication plan is expected to control the area from Mississippi to the Continental Divide in New Mexico and from the Rio Grande to the Texas Panhandle.

Donations, which are tax deductible, may be made at the First National Bank, the Sonora Chamber of Commerce, or to any one of the committees: Edwin Sawyer, Ralph P. Mayer, Stanton Bundy, George H. (Jack) Neill, Fred T. Earwood, W. E. McMillan, Bill Morris, Joe E. Ross, H. V. (Buzzie) Stokes or Clint Langford.

Checks should be made payable to "Sutton Screw Worm Fund" and all money will be held in escrow in the bank until the program is assured.

B Team, Colts Take On Big Lake

The Sonora Junior High Colts tied the Junction Eagles 12 and 12 in Junction last Thursday night. The High School B team was idle.

This Thursday, both teams play Big Lake there, with the Junior High game scheduled to begin at five o'clock and the B game to follow.

Mr. and Mrs. Bernas White-lock of Caviva, California spent a few days here visiting Mr. and Mrs. Henry Decker, Mrs. White-lock and Mrs. Decker are cousins.

JO BESS VANDERSTUCKEN IN NTSU MARCHING BAND

Jo Bess VanderStucken of Sonora is one of the 112 members of the North Texas State University Marching Band at Denton this fall.

The daughter of Mr. and Mrs. J. M. VanderStucken, Jo Bess is a freshman music major at NTSU.

Directed by Maurice McAdow, the band has gained a wide reputation for its performance at football games both on and off the NTSU campus. The marching group is reorganized into the concert band after the marching season and makes extensive tours each spring.

Queen Coronation, Parade To Open Annual School Halloween Carnival

Sonora High School will crown its Halloween Queen Saturday night, October 28, as the high school and Central Elementary School join to have their annual Halloween Carnival in downtown Sonora. Candidates for Queen their escorts will lead the traditional parade of spoons from the courthouse to the coronation platform to be erected at the end of Concho Street in the business section.

Candidates are Carla Whitworth, freshman; Jan McClelland,

sophomore; Francine Fields, junior and Sarah Sawyer, senior. Spooks will assemble at the courthouse at six o'clock and the parade will begin with the candidates and their escorts leading at 6:30. Coronation of the Queen will get the festivities underway to be followed by judging of costumed children in classes from preschool and kindergarten through the sixth grade. After awarding of prizes the Queen will officially declare the Carnival opened.

Attractions at the carnival will include the concession stand, bingo, dart board, string pull, teddy bear throw, fortune telling, turkey shoot, talent and fashion show, fish pond and country store, teeth throw, pony ride, sponge throw, turtle race, and cake walk.

To conclude the evening the senior class will sponsor a dance at the 4-H Center from 10:30 until midnight.

Devil's River Philosopher Not Afraid Of Machines Enslaving Man, Says Man Can Do It Alone

Editor's Note: The Devil's River Philosopher on his bitter-wood ranch on Devil's River is not afraid of machines, his letter this week claims.

Dear editor:
I never have been worried over the chances of machines replacing man, as some people seem to fear as the machines get more and more complicated, especially the big, block-long electronic brain machines. In the first place, any time a machine can take over any job of work I'm doing, it's welcome to it. Nothing about that prospect that scares me.

sons a scientist gave the other day on why machines will not replace man.

According to this scientist, machines can't really think, they have to depend on man to put them into operation and to tell them what to add or subtract or multiply. And therefore, he said, to clinch his point, "machines will never outstrip and enslave man, they lack reason and cannot do what man endowed with reason can do, namely, screen sense from nonsense and make decisions from inadequate or even incorrect data."

As I understand this scientist's argument, if you feed a machine the wrong information, it'll come up with the wrong answer, it's only when you feed it the right information that it can come up with a correct answer, whereas if you feed man with the wrong information, he'll reason his way out and still come up with the correct answer.

Now I'll tell you. This scientist may know a whole lot about machines, but I'm afraid he doesn't know a whole lot about people.

Two-thirds of the world today is being fed the wrong informa-

Edwards Plateau Soil Conservation District News

By E. B. Keny
Soil Conservation Service

E. B. Keny, local Soil Conservation Service technician, this week received a set of instruments for use in monitoring radiological fallout.

tion and so far the people have reasoned their way through it no better than what you'd expect out of a hand-cranked adding machine.

Invariably, I suppose, when you feed the wrong information to a machine, bells ring and lights flash "tilt" and it comes up with the wrong answer, but feed the wrong information to people and you never know whether they're going to blow a fuse or throw their hats in the air and vote for you. There's many an office-holder today who owes his success to the fact people aren't as apt as machines when it comes to analyzing data.

People are more like my jeep engine. Regardless of what kind of gasoline you pour into it, it won't always run.

It may be true that machines will never enslave man, but we really don't need a machine for that anyway. Many is managing to do that by himself.

Yours faithfully,
J. A.

Instruments received included a "Geiger counter" used to measure milliroentgens or very small doses of radioactivity. Two other survey meters, which can measure both beta and gamma rays up to 500 roentgens per hour were received. Two dosimeters for measuring the personal radiation dose absorbed were included. The set of equipment contained a dosimeter charger, and two gas masks to lessen the danger of breathing radioactive dust particles while making measurements.

"Although Sonora is not designated as one of the 3,000 fixed monitoring stations, the instruments would provide valuable local information in event of an atomic attack," Keny said. Since the radioactive fallout dust is often invisible, instruments must be used to determine the extent of radiation.

Radiation doses of 200 roentgens for an hour will make half of the people sick, while 400 roentgens will make everybody sick, and half the people will die.

In event of atomic attack and fallout a dose rate of 1,000 roentgens per hour would not be unusual at least during the first few hours or days. It is of utmost importance, therefore, that the dose rate be accurately determined so that people can stay in shelters until it is safe to emerge.

I Give You Texas

By Boyce House

"Show business."

It's glamorous even when one's connection is only that of publicity man—the job I had with the original Fort Worth Casa Manana for three of its four seasons.

I am what you might call a visionary; certainly I make no claim to be a promoter, a salesman, a go-getter when it comes to business. So that is the reason I take pride in this little incident.

In 1939 (the final season of the old Casa Manana) the two producers were high-powered individuals from New York and Hollywood. As a trouble-shooter, they engaged a very resourceful chap, who we will call Joe. They needed a car for the summer and so they asked Joe to see what kind of deal he could come up with, the idea being to buy the auto but trade it back for as much cash as possible around September 15.

One day I ran into a friend whom I had known when we both lived in Eastland some dozen years before. He was now an authorized dealer for a medium-priced car in Fort Worth. He said, "Boyce, you and I are friends. Why don't you use your influence to get the management of Casa Manana to use one of my make as the official car?"

"What kind of deal would you offer?" I asked.

"I'll furnish the car free; all that the producers will have to do is to put a banner on the side that our make is the official car of the show; then when the season is over, they just return the automobile to me."

I replied, "Because of our long friendship, I'll try to persuade them to do it."

So I strolled into the office and asked Lou Wolfson and Lou Epstein if they had made a deal and when they said they hadn't, I remarked, in a casual tone, "I can get you a dandy."

"How much?"

"You pay for a banner to go on it."

They yelled for Joe and said, "You're supposed to be a stem-winder but you haven't been able to buy a car and Boyce has got us a car for nothing!"

(I never did tell them how the deal was just tossed into my lap.)

Here is the most exciting new toy of the year!

The ENCO Energy Rocket

with coupon from your neighbor in a HUMBLE uniform

Only \$2.95*

This Humble exclusive is a fascinating toy. So safe and easy to use, a small fry of six can run it. So much fun, even Dads will monopolize it.

Its principal parts are of Esccon,® Humble's tough new plastic. It's battery powered, easy to assemble, (and the car is securely held together by screws). Simply start it, place on track and after a turn or two, throw the switch. The car zips down the side-track into a plastic bumper and wh-o-o-sh! The rocket zooms toward the ceiling (but doesn't hit it).

Ask for a coupon at the Humble sign in your neighborhood today. Mail with \$2.95* (cash, money order or check) to address on coupon.

*plus State tax where applicable

Without coupon—You can buy the Enco Energy Rocket without a coupon for \$5.95.* Mail cash, money order or check with name and address to Rocket, Humble Oil & Refining Company, P. O. Box 1244, Houston 1, Texas.

4-H Program To Include Quarter Horses

The Sutton County 4-H Club has added a Quarter Horse Program for club members this year. Accordingly, the Sutton County 4-H Show January 20, 1962, will have the added attraction of two classes of Quarter Horses: yearling fillies and yearling stallions (foaled in 1961). This program is being encouraged by the American Quarter Horse Association and, in order to get the program started, it will not be necessary this year in our county show for entries to be eligible for registry with the AQHA. However, it is uncertain at present, whether horses not eligible for registration can be entered in other shows.

To be eligible for the program a boy or girl must be enrolled in the local 4-H Club and at least eight years old to exhibit in the County Show, and nine years old for the major shows. They must, also, be capable of exhibiting and controlling their own entry.

Further rules and requirements on showmanship and facilities will be set at a later date by the committee.

Deadline for members entering this program is November 8. Entrants must notify Jerry N. Shurley by this date. The committee working with D. C. Langford, county agent, on this program is composed of Jerry N. Shurley, chairman, and Gene Shurley, Hoot Nix, Billy Galbreath and L. P. Bloodworth, Jr.

A meeting of all entrants will be held later at which time rules will be explained and entrants will be instructed regarding showmanship of horses.

YOUR MINISTER SAYS

By Rev. Allan Guthrie
 Church Of The Good Shepherd
 Presbyterian, U.S.

"One other thing I would like to mention. It is not directly related to the above, but does have to do with the issue of communism. There is another terrible damage in our country now that is spreading like wild-fire—perhaps even a worse danger than communism itself.

"It is the tendency in our country to think and act only in terms of being against communism—and the willingness to do anything, give up anything, even our democratic principles—to defeat communism. We are so desperately afraid of communism, that we forget what we are for.

"More and more people are willing and even eagerly calling for exactly the same kind of thing the communists practice in order to be against them. Free speech is frowned upon at best, and actually persecuted (with the threat of loss of jobs, social ostracism) if one does not agree with the generally popular position on politics. To be "different" is to be accused of being a communist. And the result is more and more that there is only one acceptable way of thinking—just as communists must adhere to the communist line or else.

"Or again, we are building up a policy of secret police spying on and arresting people, smelling out "subversion" under every

bush; and a policy of secret diplomacy. Can't we learn from Gestapo techniques among the Nazi, and from the system of denouncement and accusation (without evidence) among the communistic, what this can lead to if we are not careful?

"Or again, we are willing more and more to give up the democratic procedure of letting the people elect its leaders, because it is more "efficient" in "such dangerous times" for an elite which is safe politically to dictate what is right or wrong (i.e., the Birch society, with its authoritarian structure and its secret policies dictated from above, which one must simply accept if he is to belong).

"Or again, more and more people are willing to let our diplomatic and economic policies be determined by the military (i.e., the pentagon). As opposed to the traditional American insistence that the government and its policies must be determined by civilians, we think more and more that military people (most of whom are incompetent and uneducated in political and economic policy) should tell us what to do. Haven't we learned from all of history that it is dangerous for the military to control things?

"These are only a few indications of the fact that, while we haven't fallen overboard yet, more and more people are willing to surrender our democratic way of doing things to a dictatorship, in order to be against the communists! Without even firing a gun, we are willing voluntarily to surrender to totalitarianism—from within.

"I admit that I have exaggerated here, but the tendency is nevertheless recognizable—in any case, I think it quite possible that we are in for another period of McCarthyism, witch-hunting, enforced conformity, persecution in one form or another of anyone who does not scream anti-communist loud enough.

"Does this mean I am "soft" on communism, a pink, a dupe? I don't think so. I recognize the communist danger, but I recognize just as clearly the danger of the kind of anti-communism which make a full circle and comes back within an inch of where communist totalitarianism itself stands. To put it in an extreme way: fascism is as bad as communism."

From a letter to me from Dr. Shirley C. Guthrie, Jr.

LL Uniforms Still Not In,

Little League Director Oliver Wuest has repeated a request for Little League boys to turn in their uniforms. Each team was assigned 15 old and 15 new uniforms at the beginning of last year's season and a large number of these have still not been turned in.

"Unless these uniforms are returned, and soon," Wuest said, "there simply won't be enough for next year."

Still out, by teams, are the following articles:
 Yankees: socks, 4 new, 13 old; pants, 5 new, 11 old; shirts, 5 new, 10 old.

Giants: socks, 6 old; pants, 3 new, 6 old; shirts, 3 new, 5 old.

Cubs: socks, 7 new, 15 old; pants, 7 new, 15 old; shirts, 7 new, 15 old.

Tigers: socks, 7 new, 4 old; pants, 6 new, 4 old; shirts, 7 new, 3 old.

Boys are asked to turn these in to their manager or to Wuest or at the Thorp's Laun-Dry.

Modern Drugs A Bargain

Best Qualified In an endeavor to get some of the answers to these currently vital questions, American Druggist interviewed Mr. Yackel and his superior officer, Howard D. Forbes, director of the Eastern Instructor Training Center.

"Ever since the recent tension over Berlin," noted Mr. Forbes, "there has been a marked increase in applications to take our civil defense instructors course."

"We feel that pharmacists are among the people best qualified for this type of work. I would strongly recommend that every pharmacist contact his local, county, or state civil defense office and volunteer his services."

District Federated Music Clubs Concluding Convention Here Today

Delegates to the Eleventh District Federated Music Clubs are concluding their first convention here today, with members of the Sonora Music Club as hostesses.

Registration began at eight o'clock Wednesday morning, October 25, at Central Elementary School with registration by Mmes. D. L. Locklin, J. M. Adamson, Herman Smith, Alvis Johnson, O. G. Babcock and Sterling Baker.

Following a business meeting presided over by Mrs. E. E. Trainer of Abilene, district president, delegates were guests at a luncheon at the Commercial Cafe. Arrangements for the luncheon were by a committee composed of Mmes. Herbert Fields, Albert M. Everett, R. Q. Harris, Jr., Louie Trainer, John W. Mittel and F. H. French.

A banquet at the fellowship hall of the First Methodist Church was held Wednesday night planned by Mmes. David Shurley, Alfred Schwiening, Jr., G. H. Davis, J. C. Stephen, S. M. Loeffler, Bryan Hunt, D. L. Locklin, Marie K. Ellis, Katharine Linthicum, Ruth Leiper and J. L. Steed.

Following the banquet a musical program was presented in the church sanctuary. The program featured a choral group from San Angelo College under the direction of Eldon Black, a musical number from the Abilene Music Club and a group of two piano selections by Mrs. Norman W. Rousselot and John Tedford.

Thursday's program included a business session at the auditorium of Central Elementary School and after adjournment at noon, the group will have a picnic lunch at the E. S. Mayer ranch and a tour of the Caverns of Sonora. The committee for the picnic included Mmes. W. L. (Tom) Davis, C. A. Tyler, E. E. Sawyer, Norman W. Rousselot and J. A. Letsinger.

Congratulations To These New Parents

Mr. and Mrs. Don Valliant of El Paso announce the birth of a daughter, Sylvia Daneyce, on October 16, weighing seven pounds one-half ounce.

Paternal grandparents are Mr. and Mrs. Clarence Valliant of Sonora. Mrs. Rosalie Woodward of San Angelo and R. B. Woodward of Albuquerque, New Mexico, are the maternal grandparents.

Sylvia is welcomed by a sister, Donna, aged 16 months.

Mr. and Mrs. Bill Decker of Stamford have announced the birth of a son, Thad Randall, born Thursday, October 19, in a Stamford hospital and weighing seven pounds, three ounces.

Grandparents are Mr. and Mrs. Henry Decker of Sonora and Mr. and Mrs. Theodore T. Chandler of Stamford.

MRS. BREWER HOSTESS TO HELEN PARKS CIRCLE

The Helen Parks Circle of the First Baptist Church met in the home of Mrs. Alvie Brewer Wednesday, October 18.

Mrs. Brewer, circle chairman, presided at the meeting. Mrs. Laura Odom led the opening prayer.

Mrs. Rip Ward, WMU president, presented a talk on the closing chapter of the study book, "Christian Sharing of Possessions".

Fall flowers were used in decorating and refreshments of pumpkin pie, halloween mints and coffee and tea were served to Mmes. Rip Ward, Laura Odom, J. E. Eldridge, H. K. Lee and Wallace Wartenbach.

Mr. and Mrs. Billy Bob Ellingson of Tucson, Arizona, arrived Wednesday morning for a visit here with their parents, Mr. and Mrs. D. L. Locklin and Mr. and Mrs. T. E. Glascock, Marion T. and Bill.

FOSTER SHURLEY HONORED ON FIFTH BIRTHDAY

Mrs. David Shurley honored her son Foster with a party at her home on Foster's fifth birthday Friday, October 20.

Cowboy and Halloween themes were carried out with guests receiving cowboy favors. Halloween games were played and refreshments of cowboy birthday cake, yellow owl and black bat cookies and punch were served.

Those present were David Wallace, Terry Mathis, Kevin Halbert, Mark McMillan and Bill Finklea.

MRS. TRAINER ENTERTAINS THURSDAY BRIDGE CLUB

Mrs. Laura Trainer was hostess to the Thursday Bridge Club at her home last week.

Mrs. T. W. Sandherr held high score and Mrs. Robert Rees held low.

Refreshments of cake and coffee were served to Mmes. O. G. Babcock, Joe Berger, R. B. Kelley, A. W. Awalt, Lee Labenske, Rose Thorp, Maysie Brown, Karen Peterson, C. E. Stites, Lucille Hutcherson, T. W. Sandherr and Robert Rees.

BABY SHOWER SATURDAY COMPLIMENTS MRS. SMITH

Mrs. Joe Neil Smith was honored with a baby shower at the Parish House Saturday evening, October 21. Hostesses were Mmes. Jackie Sharp, Billy Savell, Charles Howard, Claude Lee Prater, Joe Morrison, Ford Allen, Gene Henderson, H. A. McKee, Jr., and Bobby Joe Granger.

Gifts were displayed on tables covered with natural lace over pink. Pink and lace also covered the serving table which was centered with a large stork in an arrangement of pastel flowers. Refreshments of cake, punch and coffee were served.

Mrs. D. Q. Adams Honored Sunday

Mrs. D. Q. Adams was honored at her home on the Llano River on her 79th birthday Sunday, October 22.

Games of 42, dominoes and canasta were played by guests and refreshments of cake and coffee were served.

Approximately 55 guests were present including seven of Mrs. Adams' 11 children: Mrs. Willie Andrews, Mrs. Leslie Malmstrom, Oscar Adams and Gene Adams, all of Sonora; Mrs. J. F. Crawford of Belton, Mrs. Ray Dickson of San Antonio and Mrs. Leroy Russell of San Angelo; five of her grandchildren and five great-grandchildren.

Winners Named In Contest For Young Gridders

Fifteen Sonora boys, aged six through ten, will receive awards for their accuracy in punting, passing and kicking footballs in the contest held at Bronco Stadium Saturday morning, October 7.

John Bell, contest director, announced the following winners: Six Year Olds: first, Steve Street; second, John Brown; third, Ramiro Mancias.

Seven Year Olds: first, Tom Green; second, Henri Berlanga, Jr.; third, Robert Duran, Jr. Eight Year Olds: first, Bobby Wayne Granger; second, Tony Renfro; third, Rick Street.

Nine Year Olds: first, David Wuest; second, Ramiro Martinez; third, Linos Martinez. Ten Year Olds: first, Richard Cox; second, Bill Green; third, Mitch Trainer.

First place winners in each contest will receive football uniforms, second place will receive warm up jackets and third place will receive footballs.

Scores of the top five boys in the Sonora contest will be compared with the top scores from all other contests held in the region. Top competitors, one in each age group will appear on television during a November home game of the Dallas Cowboys to test their football skills against winners of other regions.

The contest was sponsored locally by Sonora Motor Co.

Sylvia Gonzales Halloween Queen At Annual L. W. Elliott Carnival

Sylvia Gonzales, daughter of Torres and Ernest Berrera, Mrs. Mr. and Mrs. Evaristo A. Gonzales, was crowned Queen of the Elliott School Halloween Carnival Tuesday night, October 24.

Edward Noriega was crown bearer and Lilian Rocha was flower girl.

A program of dances, action songs, choral reading, singing and a play were presented by first, second, third and fourth grade students.

Following the program booths were opened and included a concession stand, cake walk, bingo, dart throw and bottle throw.

A total of \$667.86 was raised by the carnival. The Queen's contest raised \$179.00 and the PTA raised \$140.43 for use in the kindergarten.

Jack Baker, a student at Sul Ross State College, was a weekend guest of his mother, Mrs. Dorothy Baker.

CHAMBER OF COMMERCE COMMENTS

FROSTY, MAN, FROSTY: For fall weather this is hard to beat. Cool nights, warm, balmy days. And to think, right after a wonderful rain. Sutton County has never gone into a winter in better condition.

HOSPITALITY- Sonora has had the opportunity this past few months to be host to many groups and in all events we have gone all out in the showing our type of hospitality. No group has shown more appreciation than the recent All Texas Air Tour.

While marooned here all Monday morning, while it rained, there was not a frown on the face of a flyer. Many said, "If it had to happen on this trip we are glad it happened here." Most of the 100 on the tour have written nice letters of the appreciation for Sonora's hospitality.

QUITS-TOO BUSY- Billy Galbreath has established an enviable record in the Quarter Horse show ring. His stallion Bee Play has won many championships in the field of super keen competition. Bee Play has been sold to J. Frank Daugherty of Olton, for the tidy sum of \$30,000.00. Making the show circuit is very time consuming so Billy retires from the Quarter Horse business to devote all his time to ranching. The show ring has lost a competitor.

BOY SCOUTS- Did you know that the official board of the Concho Valley Council, Boy Scouts of America, have had every business meeting for seven years in Sonora? Did you know that E. S. Mayer is Chairman of the Southwest Range, composed of seven councils and that he serves on the National Board and that the Concho Valley Council comprises 37,000 square miles? As Mayer spends much of his time working with Southwest Range and as a National Board member, Joe B. Ross spends much of his time working with the Concho Valley Council.

HUNTING- These cool nights bring to mind, also, that the hunting season is drawing near. With the game in the best of condition and super plentiful, this should be our best season. This office offers its full cooperation to the land owners and hunters. If we can help build the hunting industry from \$100,000.00 annually to \$250,000.00 annually and then to \$500,000.00 annually, we feel that we are justifying our existence. We have our hunting preserve license, come by at your convenience, Mr. Ranchman.

School Favorites, Mr. & Miss SHS Named Last Week

Students at Sonora High School last week named All-School Favorites and Mr. and Miss SHS for the 1961-62 school year.

All-School Favorites are Mary John Espy, daughter of Mrs. Howard D. Espy, and Lester Schmidt, son of Mr. and Mrs. Elgin Schmidt. Mary John is a junior and Lester a senior.

Named Mr. and Miss SHS were Cissy Young, daughter of Wesley C. Young and Mrs. Lois W. Young, and Johnny Morris, son of Mr. and Mrs. James Morris. Cissy is a junior and Johnny a senior.

Nominess for All-School Favorites were Allison Espy and Bill Elliott, freshmen; Debra Cooper and Gil Trainer, sophomores; Jimmy Frank Richardson, junior, and Barbara Wright, senior.

Mr. and Miss SHS candidates were Kay Campbell and Dick Hearn, freshmen; Diana Cahill and John Paul Friess, sophomores, Buck Bloodworth, junior, and Sondra Nicks, senior.

Santa Fe hauls 2.3 million bales of western cotton to markets

King Cotton has moved west.

In 1945, only 36% of the nation's cotton was grown in the West. Today over 62% of it comes from states served by Santa Fe.

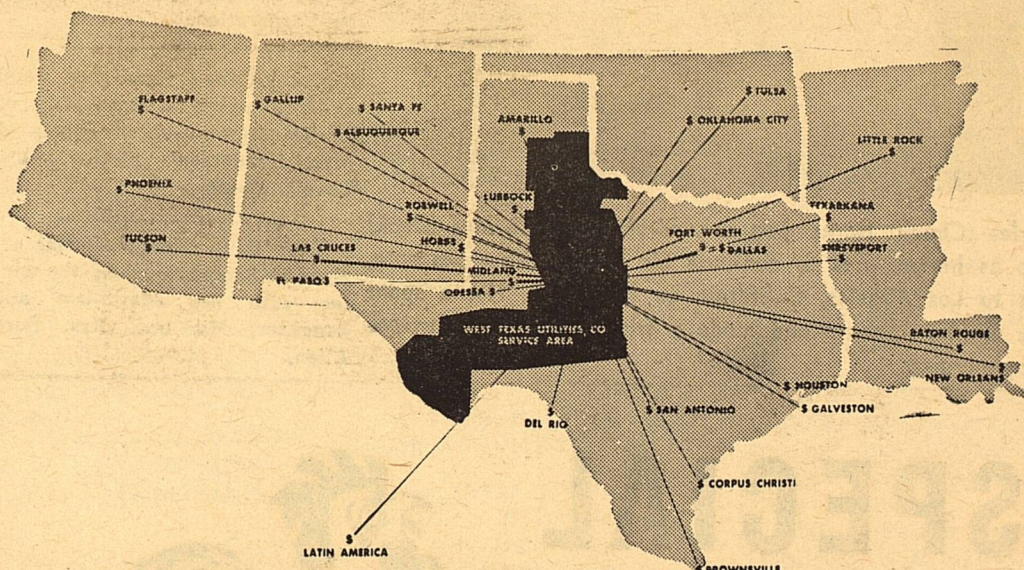

This year Santa Fe will haul over 2,300,000 bales of cotton to markets in 34,000 box cars—enough box cars to make up a train 284 miles long.

Hauling cotton and other important crops, materials and products from where they are grown or made to where they are needed is another example of how Santa Fe is meeting the transportation needs of a growing America.

The railroad that is always on the move toward a better way

SANTA FE SYSTEM LINES

TELLING AMERICA ABOUT THE BUSINESS AND INDUSTRIAL ADVANTAGES OF THE...

"Center of the Southwest"

We call our service area the CENTER OF THE SOUTHWEST, because that is a literal description of it.

In a two-gun campaign, our industrial development program capitalizes on this fact.

We tell expanding industry by mail and in our national advertising that the fast-growing Southwestern market can best be served from the heart of the region.

In addition, our area development representatives tell the same story in personal contacts with business executives in large industrial centers.

West Texas Utilities Company believes in the business and industrial advantages of the CENTER OF THE SOUTHWEST.

And, we are telling America about them.

West Texas Utilities Company

Calvary Baptist Plans Revival

The Calvary Baptist Church will hold a three-day revival meeting Friday, November 3 through Sunday, November 5. The Rev. Porter Simmons of Brownwood will bring the message each evening. The public is cordially invited to attend.

"Special Delivery" Letter Carrier Making Old Spanish Trail Ride

Sarasota, Florida to Los Angeles, Calif., by Hours? That's the assignment handed 27-year-old Charles "Chuck" Horne who made Sonora an overnight stop Monday, October 23.

Horne left Sarasota the morning of June 1 carrying letters from the Sarasota mayor and the Governor of Florida to the mayor of Los Angeles and the Governor of California.

His first mount was a 12-year-old American Thoroughbred saddle horse who made it as far as Waelder, Texas where he went lame. Horne bought (for a dollar) an eight-year-old Joe

Mrs. W.H. Hill of Fort Leavenworth, Kansas, is visiting here with her parents, Mr. and Mrs. R. S. Teaff, Carl and Trouba.

Mr. and Mrs. Calvin Howell have returned from a hunting trip to Colorado.

Mrs. W. P. McConnell, Jr. of Fredericksburg is spending several days here attending the Eleventh District of Texas Federation of Music Clubs convention.

Army Reserve Has Multiple Drill Here Last Sunday

Sonora-Eldorado - Ozona - Junction U.S. Army Reservists fired pistols and rifles for record as part of their Sunday, October 22, multiple drill period at Mayfield Range here.

S/Sgt. Charles L. Haines of Sonora was in charge of the pistol shoot and Sp4 Kenneth Love of Eldorado directed the rifle shoot.

Morning training for the multiple drill periods saw Reservists undergo instruction on the 4.2

Three SWC Games To Be Broadcast

Three Southwest Conference football games will be broadcast over radio Saturday by Humble Oil and Refining Co. The Texas A & M-Baylor

motar; a period of lesson planning and instructional methods, and an hour's instruction on anti-communism.

The next regular drill period is scheduled for November 7.

Here's proof of a coon hunt that really got results! Sheeny Adkins (right) and Earl Smith (left) took out Sheeny's four coon-dogs Monday night for a run on the Thomas Morriss ranch. The hunt got underway about eight and when they came in at 11:30 they had 17 coons. Lovelace Photo

game will be broadcast from College Station by Ves Box and Dave Smith. Radio time will be 1:45 p.m. over KGKL, San Angelo-960.

The SMU-Texas Tech game will be broadcast from the Cotton Bowl by Eddie Barker and Eddie Hill. Radio time will be 1:45 p.m. over KDLK, Del Rio-1230 and KAPE, San Antonio-1480.

The Texas-Rice game will be broadcast from Austin by Kern Tips and Alec Chesser. Radio time will be 7:15 p.m. over KGKL, San Angelo-960 and KENS, San Angelo-680.

Hancock Quarterhorse. Horne has followed the Old Spanish Trail as nearly as possible and on reaching Sonora had killed a total of 28 rattlesnakes on his journey.

He has managed to average about 30 miles a day and hopes to make his trip in a total of 100 days.

Horne bedded his horse down at the stables here and made a tour of the Caverns of Sonora before being wished a successful journey and extended an invitation to return by Chamber of Commerce President Charles F. Browne Tuesday morning.

Charles (Chuck) Horne gets a send-off from Charles (Dock) Browne as he prepares to continue his journey from Sarasota, Florida to Los Angeles, California on horseback. Horne spent Sunday night in Sonora and made a trip through the Caverns Tuesday morning.

PERSONALS

Recent guests of Mr. and Mrs. Edwin Sawyer and family were Mrs. Sawyer's uncle and family, Mr. and Mrs. Tex Colbert of Detroit, Michigan. Colbert is the recently retired president of Chrysler Corporation.
