### Charles H. Waid Dies Sunday From Head Injury

Funeral services for Charles H. Waid, 35, were held in a Mesquite funeral home Tuesday morning, November 28, Waid, a tunnel machine operator, died at Hudspeth Memorial Hospital here Sunday morning, November 26, as the result of head injuries suffered when he fell from the jeep in which he was riding on the Stanley Mayfield ranch Saturday afternoon.

Waid, an employee of the Hugh B. Williams Co. had operated a tunneling machine at the Caverns of Sonora last year. He was hunting when the accident occurred.

He is survived by his wife; one daughter, Rebecca; his parents, Mr. and Mrs. Charles W. Waid of Dallas, one sister and two brothers.

Tom Elaine Espy has returned to Southern Methodist University after spending the Thanksgiving weekend with her mother and sister, Mrs. Howard D. Espy and Mary John.

### Louis J. Wardlaw, Former Sonoran, Buried In Marlin Wednesday, Nov. 29

Funeral services for Louis J. Wardlaw, 81, of Fort Worth were held at a Marlin funeral chapel Wednesday afternoon, November 29, Wardlaw, a former Sonora attorney, died in a Fort Worth hospital Tuesday, November 28, after a four-year illness.

Born in Falls County, he moved to Runnels County when he was nine and came to Sonora in 1894. He lived here for 17 years and was admitted to the bar in 1902.

In 1928 he was an unsuccessful candidate for governor. From 1935 to 1948 he was chairman of the old Texas Livestock Sanitary Commission and under his chairmanship the tick eradication program was carried out in Texas.

Survivors include his wife; 8 sons, A. L. Wardlaw and Jack Wardlaw, both of Fort Worth, and N. J. Wardlaw of Port Lavaca; 2 sisters, Mrs. E. E. Dillingham of Dallas and Mrs. Maggie McCamey of Corpus Christi; 3 brothers, Jack Wardlaw of Sonora, L. B. Wardlaw, Sr. of Del Rio and Newt Wardlaw of Waco, and nine grandchildren.

Burial was in Calvary Cemetery of Marlin.

Sonora merchants will join in the second annual special Christmas shopping preview Saturday, December 2, under the auspices of the retail sales committee of the Sonora Chamber of Commerce.

The preview, in the form of a general open house, will begin at eight o'clock Saturday morning and continue until five o'clock in the afternoon. Visitors will register at participating business houses for door prizes to be given away later in the afternoon. They will see the merchants' new Christmas merchandise displayed and all stores are now putting the final touches on their holiday decorations.

Businessmen and women and their employees will be hosts for the occasion.

Street decorations are installed now with employees of the City Power and Light Department completing installations Wednesday afternoon.

A drawing for door prizes will be held at five o'clock Saturday afternoon on Main Street following the official opening of the Christmas shopping season by Mayor A. E. Prugel. Gift or gift certificates will be presented winners whose names appear on the registration lists from each of the participating stores.

### Services For Miss Anne Palmer Held Saturday

Funeral services for Miss Anne Palmer, about 65, were held from a Comanche funeral home Saturday afternoon, November 25. Miss Palmer, a long time teacher in the Sonora schools, died in a Brownwood hospital Friday, November 24, after an extended illness.

Miss Palmer was a native of Comanche and had made her home there since her retirement from the teaching profession in 1960. She had taught English in the Sonora High School from January 1942 until her retirement. Prior to coming to Sonora she had taught in Richland Springs, San Saba, Comanche, Dawson and Coolidge. She held a Life Membership in the local PTA.

A widely read and highly educated person, she held a bachelor's degree in English from Baylor University and a master's degree from the University of Colorado. She had also attended Howard Payne College in Brownwood, Tarleton State College where she taught for a time, and Breadloaf School of English in Middlebury, Connecticut.

Survivors include the son, and a sister, Mrs. Marie Reams of San Angelo.

### Sonoran's Niece Dies In El Paso

Mrs. Mary L. Collins, niece of Mrs. J. G. Cox of Sonora, died suddenly in El Paso Tuesday, November 21. The early death of the former Mary Louise Reams, 25, daughter of the late George W. Reams and Mrs. C. L. Muse of San Angelo, was attributed to choking from food particles.

Mrs. Collins formerly resided in San Angelo and attended San Angelo College. More recently she and her son, Steve, had made their home in El Paso.

Survivors include the son, and a sister, Mrs. Marie Reams of San Angelo.

## Hudspeth Hospital Serves Over 8,000 Patients In First Ten Years Of Operation

Sonora's Hudspeth Memorial Hospital is now in its eleventh year of service to the people of Sutton and surrounding counties. The hospital is the culmination of a desire of the late Roy Hudspeth who donated a sum of money in 1947 to the establishment of a hospital in Sonora as a memorial to his deceased wife, Mrs. Lillian M. Hudspeth, provided the citizens of Sutton County would donate a like amount.

Following the subscription of necessary funds the hospital was

incorporated as a benevolent, charitable, scientific and educational hospital under Texas law in November 1947. On Hudspeth's death, it was learned that he had left a large portion of his estate to the hospital. In addition to his gifts, the Federal Government contributed toward the construction and furnishing of the hospital which was opened for operation July 1, 1951.

Since that time more than \$1,000,000 has been spent on operation of the hospital with some \$200,000 going for charity patients in this and neighboring counties.

The present administrator, Albert M. Everett, Jr. is the fifth administrator to serve the hospital. Others have been William Burge, R. B. Vandiver, Edwin M. Murphy and G. M. Owens.

The original budget set for the first year of operation was \$63,000. In the intervening ten years, costs of all business and hospital operations and the price of drugs have risen so that the current budget calls for approximately \$1,000,000 annually.

Some 8,440 sick and injured persons have been served during these ten years and 1,333 babies have made their entry into the world at Hudspeth Memorial.

In February 1956 the local hospital was selected to receive a Ford Foundation grant of \$10,000. The last of the grant funds were used in July 1960 and funds were used to purchase an incubator, x-ray equipment, a fracture frame, an additional bed, an ophthalmoscope, a dictaphone and transcriber, an electrocardiograph machine, a ther-

mofax duplicator and to make general improvements to the building and to the home and grounds.

Besides Sonora doctors and those from neighboring towns, the hospital is served by specialists from San Angelo, Galveston,

## Contestants From 5 Counties To Model Woolens Here

Young seamstresses from five counties will model woolen garments they have made for themselves in the District Make It Yourself With Wool Contest to be held at the auditorium of Central Elementary School at 2:30 Saturday afternoon, December 2.

Contestants will represent Crockett, Edwards, Schleicher, Sutton and Val Verde Counties and their garments are expected to range from casual sportswear through semiformal gowns, jackets, suits and coats.

Representing Sutton County will be Elaine Mears, Delia Duran, Virgie Franks and Alta Lee McKenzie who will model, respectively, a magenta suit, a blue suit, a purple afternoon

dress and a blue and brown checked suit. Mrs. Carl Stevens of Eldorado will be commentator for the district show.

Contestants will register at the school at ten o'clock Saturday morning. A luncheon honoring contestants will follow in the school cafeteria at noon. Places will be marked with belted sheep and the serving table will feature wool sheep in pink and white. Contestants will also receive maps of Texas cut from woolen fabric. Mrs. Edwin Jackson of Eldorado is district chairman and Mrs. A. E. Prugel of Sonora is chairman in charge of the contest.

Awards to be presented winners include travel sewing kits, Vogue patterns, Vogue Sewing Books, Dritz skirt makers and woolen car robes. Jewelry worn in the show will be furnished by the Ruth Shurley Jewelry.

District winners will be eligible to enter state competition later. State winners will compete for national honors.

The nation-wide contest is held annually and is sponsored by the Women's Auxiliary to the National Wool Growers Association, the Ladies Auxiliary of the Texas Sheep and Goat Raisers' Association and the American Wool Council.

Mrs. S. M. Harvick of Ozona is state chairman.

### Fire Auxiliary To Renovate Old Used Toys

The Women's Auxiliary of the Sonora Volunteer Fire Department has adopted a project of restoring old toys to be distributed by the Community Welfare Council of Sonora this Christmas.

Any toys which may be repaired will be put in good condition by the members of the Auxiliary. Toys should be taken to Martin Plumbing.

Road Maintenance Full Time Job In Winter Weather

Keeping streets, highways and bridges open during severe winter weather conditions is a problem to which state, county and city road officials are constantly alert. Though sleet, icing and heavy snow is practically non-existent in extreme south Texas, it can and does occur occasionally and more frequently in the middle portions of the state and is always a likelihood in far north Texas and in the Panhandle.

When snow, ice or sleet is predicted, road crews go into immediate action to take the necessary steps to keep bridges, streets and highways safe and open to the public. On rural roads, from the most modern expressway to the oldest type road, highway maintenance crews work extremely hard during storms and blizzards in a mammoth effort to keep roads open for essential traffic.

The public should cooperate to the fullest extent possible. Travel should be restricted to essential trips only in adverse weather, and to emergencies only in severe ice, sleet or snow storms.

Last March officials of several large Eastern cities became so concerned over the chaotic traffic conditions which followed severe blizzards that they called the first Annual Conference on Urban Snow Removal Problems. In addition to agreeing on the need for better equipment for snow removal, stronger enforcement of parking and emergency condition regulations, the delegates stressed the paramount problem caused by many private cars and trucks becoming stalled and abandoned in the snow because they did not have needed tire chains.

The National Safety Council's Committee on Winter Driving Hazards says that scientific tests show reinforced tire chains are the most practical means of preventing prolonged delays and winter skid-wrecks during severe weather and road conditions.

It also urged motorists to be on the alert for fog which makes vision almost nil. Fog "patches" are especially tricky.

Motorists should keep their vehicles "winterized" during the entire winter. This includes anti-freeze, adequate brakes, lights in order and properly adjusted, muffler and tail pipes ok, and heater and defroster working.

Winter driving can be both safe and pleasant for the driver who "winterizes" his car and who also adjusts his driving and walk-

## Engagement Announced

Mr. and Mrs. W. E. Smith of Waco have announced the engagement and approaching marriage of their daughter, Margaret Ann, to Jack Charles Burch of Sonora. The wedding will take place December 28 in Waco.

## YOUR MINISTER SAYS

By Rev. Doyle W. Morton, Pastor First Methodist Church

The Gospel of John bears witness to the fact that Jesus Christ is the light of the world. "The light shines in the darkness, and the darkness has not overcome it." John 1:5. Jesus explains even more fully by saying, "I have come as light into the world, that whoever believes in me may not remain in darkness." John 12:46.

Jesus did not come into the world just to be a light. There is a purpose in the light, namely, that everyone who believes may not remain in darkness. Let us remember that the light of Christ is always shining. If a person remains in darkness, it is because he chooses darkness.

Let us look at our own lives and see if we are in darkness. Most of us do not live in complete darkness, but in the dim twilight zone. We want to live with Christ in the light, but also try to live with the world or our selfishness in the darkness. It is

most difficult to live in "no man's land." We should seek to live in the light of Christ in all areas of life.

## Football Feed December 11

Bronco Booster Club president W. B. McMillan announced this week that the date for the football banquet has been set for Monday night, December 11 at the school cafeteria. Speaker will be "Catfish" Smith of Baylor University.

Members of the A and B high school teams and their coaches will be honor guests. Tickets for members will be \$3.00 per plate and reservations must be made by Sunday, December 3.

Reservations may be made by calling Mrs. O. L. Carpenter at the office of the Superintendent of Schools or by contacting McMillan, Calvin Howell, Alvin Loiry, Dr. Charles F. Browne, John Fields, Pedro Galindo or John McClelland.

## Methodist District Conference Concluded At Sonora Church Wednesday Afternoon

Delegates from the 58 churches comprising the San Angelo District of the Methodist Church held their annual District Conference at the First Methodist Church here Wednesday, November 29. The Conference meets each year to discuss and transact business for the District.

The Rev. Lawrence K. Brown of San Angelo, a former pastor of the local church and now District Superintendent, presided over the business meeting. Conference preacher was Dr. Durwood Fleming, President of Southwestern University at Georgetown. Dr. Fleming is considered one of the Methodist Church's finest preachers.

Mr. and Mrs. Fred Trainer, Jr. and daughters of Pasadena and Mr. and Mrs. Jack Whitmore and sons of Houston spent last week-end here visiting Trainer's grandmother, Mrs. Rena Trainer and touring the Caverns of Sonora.

Representing the local church as delegates were the pastor, Rev. Doyle W. Morton, and Bill Tittle, Mrs. Mae B. Sawyer, Mrs. J. F. Howell, Edwin Sawyer, Mrs. H. M. Smith, George D. Wallace and R. L. Hardgrave.

### License Lack Tops October Game Arrests

Fishing without a license continued to be the major game law violation in October, according to a report of J. B. Phillips, law enforcement coordinator of the Game and Fish Commission.

Wardens charged 114 persons with fishing without a license. There were 23 hunters also charged with hunting without a license. Hunting from an automobile, and hunting in closed season were next high on the list, with 25 violations in each category.

Ten persons were arrested for killing doves in closed season, 11 for killing quail, and 13 for killing squirrels.

In all, wardens made 295 arrests, and fines and court costs amounted to \$7,987.01. Five hunters paid fine ranging from \$50 to \$200 for deer violations. Their licenses also were revoked.

### Figures Compiled On Antelope Hunt In Trans-Pecos

Antelope hunters in the Trans-Pecos area took 1,725 animals this year, during the open season in early October, according to figures just compiled from landowners. In a pre-season count, biologists of the Game and Fish Commission had set a desired kill at 2,100. These figures have been announced by H. D. Dodgen, executive secretary of the Game and Fish Commission.

Of the kill, 1,373 were bucks and 352 does. In Borden County, where shooting was permitted this year for the first time in many years, 50 permits were issued to landowners and 35 legal bucks were killed.

The antelope were in good condition, and most hunters throughout the area bagged their antelope.

There was also a limited season in the Panhandle, but total figures for this area have not been compiled as yet.

Alice Claire Jones, a student at the University of Texas, spent the holidays with her mother and brother, Mrs. Alice S. Jones and Cleve T.

Dan Carter Cauthorn, a student at Sul Ross State College, was a holiday guest of his family, Mr. and Mrs. Dan Cauthorn and Candace.

### Teen-Agers Add Lively Lift To New March of Dimes Drive

Slave auctions in this Civil War Centennial Year?

It can—and does—happen here, with the flower of American youth on the block.

But in this century, there's a difference. Now it's all in a good cause. Members of the New March of Dimes Teen Age Program (TAP) auction their services to the highest bidder among local merchants. The money goes to support The National Foundation - March of Dimes attack on birth defects, arthritis and polio.

It's all part of TAP members' lively approach to volunteer community service. They also sponsor walkathons (shades of the Thirties!) in which teams from rival schools move toward the finish line as dimes are contributed. They dance for dimes at casual sock hops and formal balls, man concessions at school sports events, and hold community car washes.

Through such ingenious fun-for-funds projects, TAPs raised nearly three-quarters of a million dollars during the 1961 March of Dimes.

For the 1962 New March of Dimes in January, tens of thousands of the youthful volunteers are literally "on TAP." In more than 75 per cent of The National Foundation's 3,100 local county chapters, active TAP committees are determined to hit new highs in fun as well as funds.

Adult advisors who work with TAPs point out that underlying the outward frivolity of the teenagers' projects is a deep awareness of the need for increased research and progress in the fight against crippling birth defects, arthritis and polio. During the year, many youngsters assist in local patient services by reading to disabled children, writing letters for severely crippled arthritics or working as hospital aides.

A prime year-round responsibility of TAP members is distribution of information about National Foundation Health Scholarships to students in high schools and colleges. Each year, more than 500 four-year scholarships with a full value of \$2,000 apiece are offered for study in medicine, nursing, physical therapy, occupational therapy and medical social work. TAP members know the desperate need to reduce the shortage of manpower in the health professions by encour-

TOP TEEN—Katherine Anne (Katie) Keith, 18, of Columbia, Mo., has her hands full as newly-appointed chairman of the 1962 New March of Dimes Teen Age Program (TAP).

aging students to undertake careers in these fields.

Leader of the Teen Age Program for the 1962 New March of Dimes is national chairman Katherine Anne Keith, 18, of Columbia, Mo. Blonde, brainy and born to be busy, Katie will handle her major responsibilities as top TAP while she pursues an ambitious freshman schedule at the University of Missouri.

On the basis of past performance, juggling scholarship and volunteer service won't intimidate Katie. She was 1961 Missouri state TAP chairman during her strenuous senior year in high school. Under her leadership, Missouri TAPs showed record gains in membership, services to chapters and funds raised for the March of Dimes.

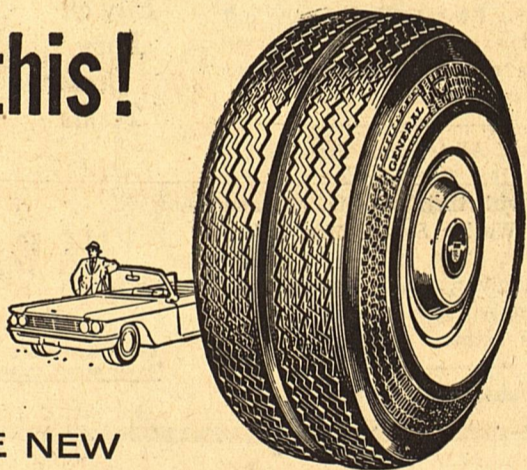

At the same time, Katie maintained grades that ranked her third in her graduating class of almost 300 students. She was a National Merit Scholarship finalist and received the Kiwanis Good Citizenship

award. She was business manager—and occasional sports-writer—for the school paper, treasurer of the National Honor Society, queen of the major social function of the school year, had a lead role in the school play, "Teahouse of the August Moon," and actively participated in math, history, English and French clubs.

She also teaches a Sunday School class at Missouri Methodist Church in Columbia. After a summer in Europe, including study at the Sorbonne in Paris, the energetic Katie began to plan for a banner year of TAP activity for the March of Dimes.

"Teenagers who are looking for a sense of satisfaction along with fun and friendship are missing a bet if they don't check TAP activities in their local March of Dimes chapters," she said. "A TAP committee isn't just another youth organization—it's not merely a club to serve youth. Instead, it gives us an opportunity to serve our communities."

## Devil's River Philosopher Not Worried Because Rest Of World May Get Our TV Programs Too

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River discusses a cultural problem this week, without much effect on it. Dear editor:

Ordinarily more newspapers than magazines turn up out here on this bitterweed ranch but yesterday I found a magazine on the road near my place and took it home and last night instead of watching television I looked it over. A tube was burned out anyway.

There was one article in it that got me to thinking. According to it, scientists will soon whip the problem of sending televi-

sion across the ocean and before long American television shows will be available all the time to the people of the rest of the world.

Now this writer was worried about this, he's afraid the rest of the world will get the wrong impression of us. "Dare we entrust to commercial television the broadcasting of America's image to the rest of the world?" he asked. "What will barefoot Congolese think of a master of ceremonies on a quiz show bestowing free refrigerators, cash and a multitude of other prizes upon screeching ladies?" This is one problem I'm not

## I Give You Texas

By Boyce House

Life as editor of a small daily in a West Texas town in the 1920's had its lighter side. After working up into the night Saturday, in order to get out the Sunday issue of the Eastland Daily Oil Belt News, there was the luxury of sleeping late and then having as the first meal of the day the six-course dinner (seventy-five cents) at 1 o'clock at the Majestic Cafe.

After consuming the feast in leisurely fashion, I would walk to Connellee Park in the edge of town to see a baseball game. Our town had a good team, made up mainly of oil field workers, with a sprinkling of players who had professional experience, though now slowed down from age.

The star slugger was "Big Boy" Davis, owner of a bakery; and the ace pitcher was Rawley Fairbairn, electrical shop proprietor. Fairbairn was a "slippery elm" (pronounced "em-um") pitcher and when he moistened the ball, neither batter nor catcher and, for that matter, not even the pitcher himself, had any idea where the ball would go.

There was a leather lunged Eastland fan who was good at "riding" players on the visiting team. He carried a baseball bat, which had the effect of discouraging others from taking a swing at him and when anyone tried to make a retort, he thumped the bat on the floor and

drowned out the other's words.

The summer sunlight was dazzling and the heat was intense in the day-time but it was cool at night. It was in late September that I made an acquaintance with a Texas "Norther". Attired in a summer suit, I was watching a baseball game with great enjoyment when, all at once, I realized I was freezing. The temperature had toppled thirty degrees in fewer minutes than that and we fans built bonfires and shiveringly watched the last four innings. Chilled though we were, it never occurred to us to leave.

Eastland had a country club which, besides a semi-annual tournament, also was the scene of many dances, the music usually furnished by an out of town orchestra from Ranger. (When Ranger gave a dance, the orchestra usually was brought in from Eastland.)

going to lose any sleep over. In the first place, I don't suppose the Congolese will think any more of it than I do, and in the second place, if those barefoot Congolese sitting around in their mud huts watching T.V. get unhappy about our material possessions, they could at least sell their television sets and buy some shoes.

If I understand this writer, it's all right for us to have refrigerators and such things, so long as we don't let the rest of the world know about it.

He was worried also about the cultural impression American television will make on the people of the rest of the world. "Do we want Burmese to think that private eyes and Western sheriffs are our national heroes?" he asks.

This displays a considerable ignorance of human nature. Americans watch these shows all the time and they don't think Western sheriffs and private eyes are national heroes. They know, and the Burmese can find

out too, that not a one of them ever hit a home run or made a touch down.

I claim the rest of the world is not any better than us and if science is going to bring American television shows to them, they'll just have to face up to it. You don't find us crying to the Burmese to protect us from Russian fall-out, do you?

Yours faithfully,  
J. A.

### Enrollment Up Attendance Down At Local Schools

The Sonora School System gained a total of 29 new students this past week. Most of the gain was the result of the Thompson Drilling Company's moving into Sonora.

The high school registered eight new students, Central Elementary registered 15, Junior High one, and L. W. Elliott Elementary five. Five students withdrew during the week of November 20.

At a corresponding time this past year, the schools registered an average daily attendance (ADA) of 842.55, while the current year's ADA is 823.20, resulting in a net loss of 119.35 ADA.

This is a significant factor as far as school finances are concerned since the state allots teacher units on the basis of average daily attendance and could result in the loss of corresponding state funds to support a teacher unit now allotted to the schools. All parents are urged to see that children attend school regularly unless sickness interferes, primarily for the sake of the child's education and, secondarily, for financial reasons.

Sunday guests of Mr. and Mrs. D. L. Locklin were their daughter and family, Mr. and Mrs. Jerry D. Larremore and Lance and Mr. and Mrs. J. D. Alexander, all of Odessa.

Weekend guests of Mr. and Mrs. Herbert Fields, Corky and Tryon were Mr. and Mrs. Raymond Summers, Louise and Robert of Pasadena.

### Lions District Governor Jones Speaks To Both Sonora Clubs Tuesday

#### Friday Deadline To Apply For College Loans

Friday, December 1, is the deadline for students to apply for educational loans under the Sutton County Educational Trust for the second college semester. All applications must be in the hands of the Trust's advisory board at that time for applicants to be eligible for loans.

The advisory board will meet at the fellowship hall of the First Methodist Church at one o'clock Friday afternoon, December 22, to consider the applications.

Students now receiving funds from the Trust must report to the board at that time and will be required to present a photostatic copy of their grades or a progress report from their dean.

New applications will also be considered at the December 22 meeting.

Jimmy Cahill has returned to Texas Technological College at Lubbock after a holiday visit with his family, Mr. and Mrs. Carl J. Cahill and Diana. The Cahills also had as a guest Gene Brodhead, a student at Teyas Christian University at Fort Worth.

Sarah Lu Hard, a student at the University of Texas, was a holiday guest of her parent, Dr. and Mrs. W. T. Hardy.

J. T. Jones of Goldthwaite, District Governor of Lions District 2-A1, was the principal speaker for both the Sonora Lions Club and the Sonora West-side Lions Club Tuesday.

Speaking at the luncheon meeting of the Sonora Lions Club, Jones reminded the Club of the Lions International motto "We Serve", and of the many opportunities of serving the community and the nation.

Jones also pointed out that the letters of the word "Lions" stand for Liberty, Intelligence, Our Nation's Safety. He urged members to become more appreciative of our liberty and to be alert to efforts to deprive us of our personal freedom, citing the case of Cuba where Lions Clubs can meet only under the supervision of armed guards.

Other visitors included District Judge Steve Preslar, M. C. Gonzales of San Antonio and Carl Grubb of Lampasas.

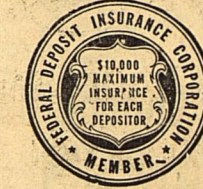

Jones, who is superintendent of Goldthwaite schools, told West-side Lions that 25 cents per month of each member's dues goes to support the Lions Crippled Children's Camp at Kerrville, the only free camp in this country which required that a child be crippled to gain admission.

"When you see the happy faces of the children as they swim, camp or work at crafts, it makes you very proud to be a Lion," Governor Jones said. Several hundred handicapped children are admitted for two-week periods each summer. During the other nine months the Camp is used as a training
