## Good Food, Good Speaker Highlight Booster Club Football Feed Monday

Approximately 175 members and guests of the Bronco Booster Club were on hand for the organization's annual football feed at the school cafeteria Monday night, December 11.

Principal speaker was "Catfish" Smith, assistant coach at Baylor University in Waco. Smith told of his experiences as

a college coach and emphasized the character-building properties of team athletics.

Booster Club President W. B. McMillan was master of ceremonies. Head football coach Jerry Hopkins introduced other school coaches and members of the varsity and "B" teams.

## "Here Comes Charlie" To Be Presented By Junior Class Monday, December 18

The Junior Class of Sonora High School will present the three-act farce-comedy "Here Comes Charlie" Monday, December 18, in the High School Auditorium. The afternoon matinee is scheduled for one o'clock and the evening performance will be held at 7:30. Admission will be 25 cents for students and 75 cents for adults.

The play gets off to a lively start when Larry Elliott, a young bond salesman played by Danny Rutherford, who thinks he is becoming the guardian of a small boy from the hills of Arkansas, is jolted to discover that the "boy" is a girl, 17 and pretty. Charlotte, played by Betty Jack Cooper, is called Charlie, hence the mistake.

Neither Larry's Aunt Fanny (Mary John Espy) nor his

sweetheart, Vivian (Candace Cauthorn) delights in having a rough, uncouth "boy" come to live with them. When the "boy" arrives, the snobbish Aunt Fanny, her friend Mrs. Smythe-Kersey (Kay Shurley), Vivian's mother, and Vivian begin making plans to get rid of this "Ozark Amazon" who is trying to "vamp" Larry in her "quaint hillbilly way."

Crafty old Uncle Aleck (Bob Nevill), no relation to Charlie but her deceased father's partner and now her protector, is every bit as "country" as Charlie. In spite of this handicap, Mrs. Farnham makes him butler so that he may earn his keep. And what a butler he makes—even with the help of the maid Nora Malone (Francine Fields).

Farce comedy is heightened by such characters as Policeman Tim McGrill, Nora's boy friend (Zane Powers), Mortimer Smythe-Kersey, Vivian's absent-minded brother (John Eeds) and Ted Hartley, Larry's college pal (Calvin Berry).

## Benino Gandar, Longtime Sonoran, Buried Tuesday

Requiem mass was sung for Benino Gandar, 70, longtime Sonora resident, at St. Ann's Catholic Church Tuesday morning, December 5. The Rev. Cyril Hermann, O.F.M., officiated. Gandar died at his home here Saturday, December 2, after a long illness.

He was born in Uvalde November 28, 1891 and had made his home in Sonora for 43 years.

Survivors include his wife, Mrs. Paulita Gandar; three sisters, Mrs. Francisco Avila of Sonora, and Mrs. Evaristo Ortiz and Mrs. Filomena Arredondo, both of Uvalde, and several nephews and nieces.

Burial was in Sonora Cemetery Tuesday afternoon under direction of Ratliff-Kerbow Funeral Home.

## SGT ALVIN L. McDONALD AT SHEPPARD AF BASE

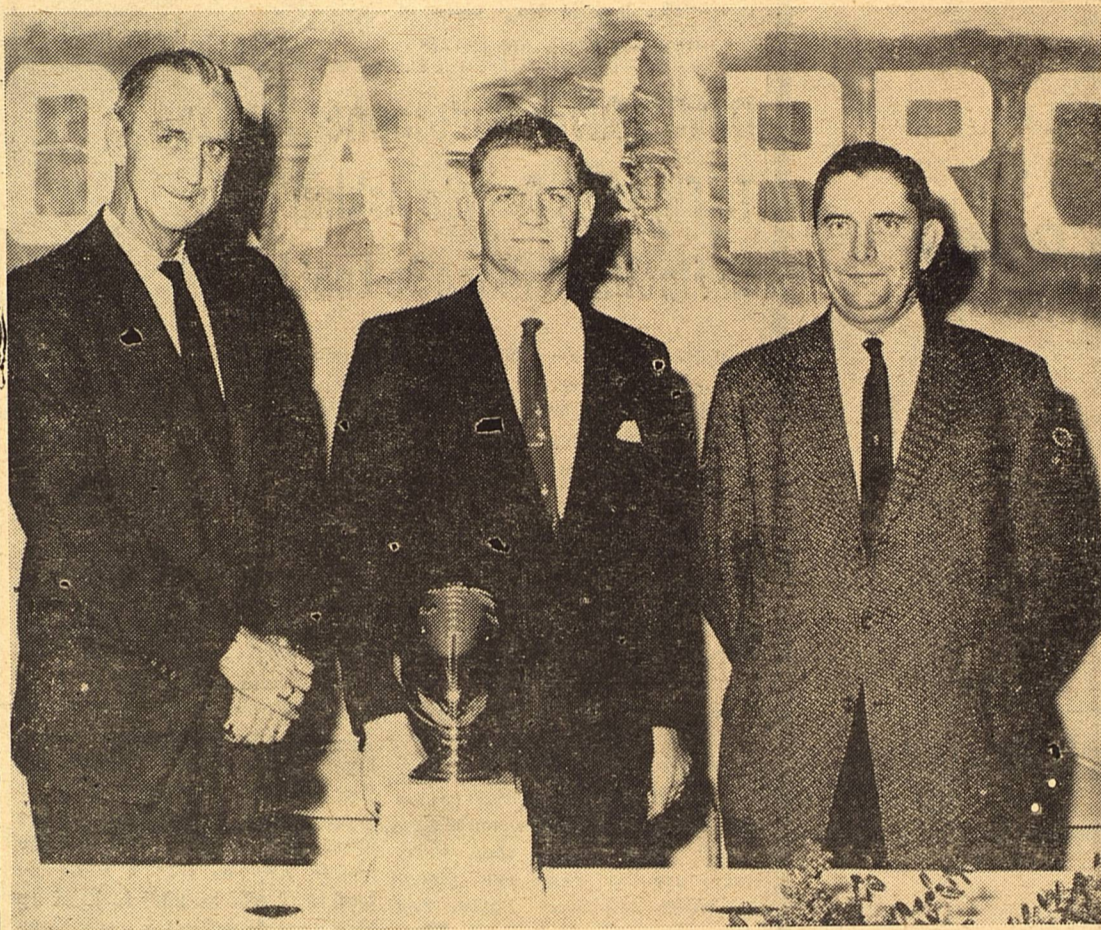

Staff Sergeant Alvin L. McDonald is being assigned to McCord Air Force Base, Washington, following his graduation from the United States Air Force technical training course for aircraft maintenance technicians at Sheppard AFB.

Sgt. McDonald studied maintenance management and inspection, test analysis, and repair of reciprocating engines.

He is married to the former Barbara Mayhew of Sonora and the couple have three children, Devonna, Beverly and Patricia.

Weekend guests of Mr. and Mrs. G. T. Rode and Gail were Mr. and Mrs. Bill Price and Mr. and Mrs. Jack Garber of San Angelo.

## Drum Major, Twirlers Chosen For Next Year

Drum major and twirlers for the 1962-63 school year were selected recently at Sonora High School in auditions before out-of-town judges.

Debra Cooper, daughter of Mr. and Mrs. Roy Cooper, was named Drum Major. Katherine Adams, daughter of Mr. and Mrs. Mat Adams, was chosen assistant drum major and head twirler. Jessie Lem Johnson and Janet Johnson, daughters of Mr. and Mrs. L. E. Johnson, Jr.; Janice Dunn, daughter of Mr. and Mrs. A. C. Dunn; Mickey Hardegree, daughter of Mr. and Mrs. Max Hardegree; and Janie Letsinger, daughter of Mr. and Mrs. J. A. Letsinger; were named twirlers. Karen Davis, daughter of Mr. and Mrs. Damon Davis, is assistant twirler.

The 1961 District Football Championship trophy won by the Sonora Broncos was on display at Monday night's football banquet held at the school cafeteria. Pictured with the trophy are "Catfish" Smith of Baylor University, main speaker at the supper; Head Football Coach Jerry Hopkins and Bronco Booster Club president W. B. McMillan.

## Elliott School To Publish Annual

The L. W. Elliott Elementary School is publishing a school yearbook this year for the first time, according to Principal Troy W. Selzer. The annual will be a paperback book containing 48 pages. Individual and group pictures will be used.

Selzer reports 120 annuals sold to date and says he considers this new activity an important part of the school's extracurricular program.

## CORRECTION

The names of several of the original directors of Lillian M. Hudspeth Memorial Hospital were inadvertently omitted from the first of a series on the hospital currently being published.

Not listed were Mrs. John A. Ward, Jr., Mrs. Mack Cauthorn, Joe F. Logan, J. M. Vander Stucken, Dan Cauthorn, Clay T. Puckett and Joe B. Ross.

Dr. and Mrs. Charles F. Browne, Brenda, Chuck and Paul had as their guest last weekend Dr. William Ainsworth of Galveston. Dr. Ainsworth and Dr. Browne each got a deer while hunting at the Hospital Ranch.

## Mike Ellis On All-Tournament Team At Eldorado Basketball Tournament

Sonora High School's Bronco Basketball team took seventh place in the Eldorado Invitational Basketball Tournament last weekend. The Broncos dropped their first match Thursday to tournament runner-up Wall 42 to 36. Friday they fell to consolation winning Miles 55 to 42 and Saturday they defeated Mason 68 to 41.

Mike Ellis won the free-throw award and was also named to the All-Tournament team. Other members of the honor team were

Pete Logan and John McGregor of Eldorado, Billy Glass and Lary Schwertner of Wall, Wayne Pope and Roy Murray of Menard, Gerald Elliott of Miles, Stanley Sartain and David Wilson of Mertzon.

Total individual scoring for the tournament shows Bob Nevill tallying 18 points, Augustin Chavez 28, Mike Ellis 55, Mike Evans 17, Johnny Glasscock 17, Calvin Berry 2 and Arthur Bermea 9.

(Editor's Note: In conjunction with the series of articles currently being published on Hudspeth Memorial Hospital we have asked Albert M. Everett, hospital administrator, to prepare an article on hospitalization insurance. The following article describes various types of hospital insurance plans and explains the importance of some type of provision for payment of medical and hospital costs.)

By Albert M. Everett

A better informed American public with higher income and higher standards of living is demanding and receiving a greater quantity and higher quality of hospital care than ever before.

The greater complexity of hospital services is pushing the cost of care higher.

The community's economy problem of assuring that hospital care for all segments of the population will be available is for these reasons a growing problem.

The simplest method in existence today to prevent economic hardship to most of us is the budget.

Include in your budget the cost of a hospital insurance plan or a savings account in your bank for the sole purpose of paying for hospital care.

Buying hospital insurance is almost like buying diamonds. You should know the value of the diamond or know that the man who sells the diamond is honest and reliable. The same principle should be applied to insurance. See your local insurance representative or company. They can help you select a policy with a wide range of benefits, they can, and should, help you when you file a claim for these benefits.

One out of the three families in the United States will have someone in the hospital this year. The majority of these admissions to hospitals will be for routine medical and surgical causes and not for the rare or unusual diseases such as polio, cancer, meningitis, leukemia, etc.

There are many good hospital insurance companies. Most good policy benefits pay: Hospital room \$10 to \$12 per day; Drugs and medicines \$50 to no limit; X-ray \$25; No limit on X-rays on accident cases. All benefits should be payable for 100 days for one sickness or accident.

Many insurance companies, in addition to their regular benefits, have an endorsement that covers 9 to 11 dread diseases up to \$5,000 and up to five years on any one illness. This amount can be added to

## Basketball Season Tickets On Sale Now

Season basketball tickets for the four home conference games went on sale at the superintendent's office Monday, December 11.

Included on the season ticket are the January 23 Ozona game; the January 26 Big Lake game; the February 2 Junction game and the February 16 Eldorado game.

All games start at eight o'clock or immediately after the conclusion of the "B" game. Holders of season tickets are also entitled to those "B" or other games scheduled on the night of the varsity conference games.

Randy Awalt, 11-year-old son of M/Sgt. and Mrs. Sidney Awalt of San Angelo, had a thrilling outing at the Mack Cauthorn ranch last weekend. Randy outdid many an experienced hunter by bagging his first two deer in one day. His first was a seven-pointer and the second a ten-pointer. His dad also got a seven-point buck.

Eddie Howell got his first deer last Thursday—a six-point buck. Eddie got the big buck with a .222 rifle. He is the 14-year-old son of Mr. and Mrs. Calvin Howell.

## Hunters Warned Of Residence, License Rules

Landowners must reside on the property before they will be eligible for hunting license exemption because of ownership, it has been announced by J. B. Phillips, coordinator of law enforcement of the Game and Fish Commission.

On the other hand, ownership of the land is not required where the person actually lives on land which might be leased or rented. This precludes a landowner who lives in another area from hunting on property he owns, because of ownership, according to Phillips. "The law is very plain in requiring residence on the pro-

erty before deer or turkey can be hunted on it legally without a purchased license," he said.

Persons who are entitled to hunt under exemption requirements because of being over or under age, are required to have an exempt license with deer tags, because these tags must be attached to the animal when it is killed.

Phillips also warned persons to securely attach properly filled in deer tags to a deer as soon as it is killed, and not attempt to transport it without a license tag. To do so would make the hunter subject to violation and the possible revoking of his hunting license.

Where antlerless deer are legally killed, it is necessary also for the hunter to obtain a doe permit from the authorized landowner, and this permit must be attached to the carcass of the deer.

## Devil's River Philosopher Amazed To Find City People Asking Help In Finding A Place To Loaf In

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River discusses loafing this week, a field he is very familiar with.

Dear editor:  
I was in my house last night sitting in my rocking chair reading a newspaper, there's one thing you can say for my rocking chair, I can sit in it without a fraction of the responsibility Mr. Kennedy has when he sits in his, and over on an inside page I found an article that almost floored me.

According to it, a lot of people in big cities are complaining about their set-up, they think there are too many ugly places in cities, too much hurry, and not enough places to loaf. They want the Federal government to do something about it.

It was the latter complaint that got me—wanting the government to furnish a place to loaf in.

I'll tell you, it's a sad day for American enterprise when people have to ask Washington to furnish them a place to loaf. A man who hasn't got enough get-up about him to figure out a place on his own to loaf in, is in pretty bad shape. I don't want to brag, but I've never see a place yet I

couldn't loaf in.

Why, I wouldn't be surprised if these city people not only want the government to furnish a place for them to loaf in, but before long would be asking the government to provide supervised loafing.

I am worried about this situation, and had no idea enterprise and self-reliance were disappearing so fast in this country.

But I was just thinking. Now I'm an expert in finding a place to loaf, and if Washington can keep a straight face—which won't be hard, it's had a lot of practice—and seriously goes about undertaking to teach city people how to find a place to loaf in, I will be glad to head up this department, at a reasonable salary. A specialist is entitled to adequate pay.

It takes years of practice to learn how to loaf, all the parks in the world won't accomplish it if a man hasn't got the inner resources to swing it by himself. I never figured there'd be an opportunity to get paid for this accomplishment, but I'm willing to give it a try. A man should never get so busy at his job that he refuses to share his achievements with others.

Yours faithfully,  
J. A.

## Superb craftsmanship

From the standpoint of fine craftsmanship, Cadillac enjoys a position unique in the industry. First of all, Cadillacs are built in one plant by craftsmen who share their skills with no other car... who know only Cadillac's high standard of quality. Secondly, the average Cadillac

craftsman has been working to these high standards for more than a decade. And finally, all these skills are checked by more than 1400 separate inspections. A revelation drive at your authorized dealer will give you the story of Cadillac craftsmanship first hand.

The home of Mrs. Albert M. Everett was the scene of the Lillian M. Hudspeth Memorial Hospital Auxiliary Christmas party honoring hospital nurses Monday afternoon.

Mrs. Rip Ward presented "A Christmas Legend" by Archer Gordon as the program.

The serving table was covered with a red Christmas cloth and featured a centerpiece of angels and candles. Mrs. J. M. Vander Stucken served cake and Mrs. O. G. Babcock, auxiliary president, was at the coffee service.

Honor guests were presented with corsages and gifts to be used by children patients in the hospital were placed under the lighted Christmas tree.

Mrs. L. E. Johnson, Sr. reported that a new television set and coffee urn had been placed in the hospital by the organization.

The entertainment was under direction of the hospitality committee composed of Mrs. C. M. Epps, Mrs. Bryan Hunt, Mrs. J. M. VanderStucken and Mrs. W. L. Davis.

Jack Christie and children of Brownfield spent last weekend here visiting his parents, Mr. and Mrs. Roy Christie, and his sister and family, Mr. and Mrs. W. F. Berger, Chris and Larry.

Mrs. R. S. Teaff spent Tuesday and Wednesday in San Antonio where she visited her parents, Mr. and Mrs. Fred Ross and Stanley.

Dan Eaton, a student at University of Texas Dental College in Houston, will arrive Saturday for a holiday stay with his parents, Mr. and Mrs. John Eaton.

**March of Dimes Clinic Head Forecasts Pre-Marital Tests for Birth Defects**

Before most thoughtful young couples marry, they do a great deal of planning for the future. They ponder about jobs, homes of their own, saving money for their retirement years.

All well and good, but—  
The pediatrician-in-chief at famed Johns Hopkins University Hospital, Baltimore, Md., wishes they would invest as much thought—before marriage—in their planning for healthy children.

Dr. Robert E. Cooke predicts the development of pre-marital tests which would forewarn of genetic deficiencies or flaws in either or both parties to a marriage that could cause their children to be born with serious defects due to heredity.

Dr. Cooke speaks from extensive knowledge of this problem. In addition to his academic position, he is responsible for the Birth Defects Special Treatment Center at Johns Hopkins, which is financed by March of Dimes contributions from the Baltimore City and County chapters of the National Foundation.

The genetic tests which Dr. Cooke sees for the future would bring to light gene patterns in potential parents that could cause their children to be born deaf, blind, mentally retarded or malformed.

By the same token, the tests when adequately developed would also reassure the vast majority of young couples of the likelihood of their having normal, healthy families.

What if a young couple agrees to undergo these searching tests, and the results show they might have babies with congenital malformations? Would such a marriage be forbidden?

**Tests Are No Bar To Marriage**

"By no means," Dr. Cooke said in a recent interview. "The tests should be voluntary. An unfavorable prognosis or prediction should not provide, in my view, either legal or moral grounds for advising against marriage."

"The results of biochemical examination of their blood and cell enzymes should be made available to prospective parents and the outlook for their offspring made quite clear. But ultimate decision as to marriage should be left to the individuals themselves."

Dr. Cooke added that genetic defects in the husband and wife may also be the cause of childlessness.

Pursuing his line of thought further, Dr. Cooke said that our young people should be given a better understanding of the subject. Proper instruction would minimize anxiety and permit them to plan their futures in a mature manner. The noted pediatrician would like to see more genetic investigation and counseling of patients by physicians—he calls it "anticipa-

tory medicine." He feels that medical students should become much more knowledgeable about human embryology.

"More than a quarter of a million babies with significant birth defects are born every year in the United States—almost 700 daily. Until scientific research can develop means to prevent these tragedies, young people who are the mothers and fathers of future generations should understand how and why they happen," he said.

Such premarital tests as Dr. Cooke advocates are not practical today on a widespread basis because of a lack of appropriate laboratories.

"But with increased research in birth defects, and with improvement in our medical technology and our laboratory facilities, genetic tests will soon become practical and feasible," he predicted.

**He Defines 'Birth Defects'**

Dr. Cooke says there is a great confusion regarding the term "birth defects." Medically, these are congenital anomalies caused by genetic factors or by injury to the embryo during its life in the womb. Most of the general public mistakenly believes that birth defects are limited to those apparent at birth, such as missing extremities, an enlarged head (hydrocephalus) or open spine (spina bifida). But many more subtle birth defects are not disclosed until maturity and even middle age.

For example, severe high blood pressure appearing in later life has been shown in many instances to result from congenital malformations of the blood vessels of the kidneys, a disorder present at birth but unrecognizable at that time. Birth defects also account for many cases of diabetes, urological disorders and gout that do not become apparent until middle life. The list could be substantially lengthened, Dr. Cooke pointed out.

The Birth Defects Special Treatment Center at Johns Hopkins is one of a rapidly growing number of centers in various parts of the nation financed by National Foundation chapters using March of Dimes contributions. They provide comprehensive medical care for victims, with emphasis on early diagnosis, prevention of disability, rehabilitation and expansion of knowledge concerning birth defects.

In addition, the voluntary health organization has established university-affiliated birth defects clinical study and research centers in Columbus, Ohio, Oklahoma City, and Nashville, Tenn. A similar program of March of Dimes-supported treatment and research centers in arthritis is also in effect across the country.

"Birth defects cause 21,000 deaths each year in the United States," says Dr. Cooke. "That's twice the toll taken by tuberculosis and ten times the annual number of deaths from whooping cough, measles, polio and infectious hepatitis combined."

"The National Foundation—March of Dimes is taking a historic forward step in searching for a preventive. Until it is found, one thing we might do is to determine, before marriage, what types of family genetic histories are likely to lead to the calamity of major birth defects. The means to do it are within our reach."

**TWICE TUESDAY CLUB HAS PARTY AT SMITH HOME**

Members of the Twice Tuesday Bridge Club and their husbands were entertained with a Christmas dinner party at the home of Mr. and Mrs. Tommy Smith Monday night. The Christmas theme was used in decorating.

Mrs. Tommy Smith and Norman W. Rousselot held high score; traveling prizes went to Mrs. Norman W. Rousselot and David Shurley, and bingo prizes were awarded Mrs. W. A. McCoy and George D. Wallace.

Those present were Messrs. and Mmes. Clayton Hamilton, Nolan W. Johnson, D. C. Langford, Cleveland Nance, Robert Pfluger, Norman W. Rousselot, David Shurley, Jerry N. Shurley and George D. Wallace.

**MRS. HOPKINS HOSTESS TO SEVEN ELEVEN CLUB**

Members and guests of the Seven Eleven Bridge Club were entertained by Mrs. Jerry Hopkins at her home Monday evening, December 4. Christmas decorations were used and refreshments of mince pie with whipped cream and coffee were served.

Prizes for high score went to Mrs. David Shurley for high guests and Mrs. Doyle W. Morgan for club members. Mrs. Fred Adkins won the traveling prize and bingo prizes went to Mrs. Cleveland Nance for guests and Mrs. John R. Tedford, Jr. for members.

Guests present were Mmes. Cleveland Nance, David Shurley, Sears Sentell, D. C. Langford, Jerry N. Shurley, Rex W. Lowe, Dennie L. Hays, Norman W. Rousselot and Clyde Greer.

Members attending were Mmes. Fred Adkins, Albert M. Everett, Ralph J. Finklea, Bobby Joe Granger, Jimmy H. Harris, Doyle W. Morgan, Bill Morriss, J. L. Steed, Dick Street, John R. Tedford, Jr. and Albert C. Ward.

Mr. and Mrs. James Wilson and sons have as their guests Mrs. Wilson's mother and brother, Mrs. J. H. Kavanaugh and Bill Kavanaugh, both of Round Rock.

Mr. and Mrs. Vestel Askew were in Fort Worth this week attending the Texas Sheep and Goat Raisers' Association convention.

**Basketball Season Tickets Go On Sale**

Season basketball tickets for the four home conference games will go on sale at the superintendent's office Monday, December 11, according to Superintendent of Schools Rex W. Lowe.

Included on the season ticket will be the Ozona game Tuesday, January 23; the Big Lake game

Friday, January 26; the Junction game Friday, February 2 and the Eldorado game Friday, February 16.

All games start at eight o'clock or immediately after the conclusion of the "B" game. Holders of season tickets are also entitled to those "B" or other games scheduled on the night of the varsity conference games.

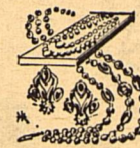

The gymnasium floor has been re-finished and is in excellent condition for basketball season and a concession stand and coffee stand will be open during these games.

STATIC is what Albert Ward says we will not have after Station KCKG opens. Rex Cusenbary remarked that he was erecting a tall tower so that he could pick up the signal of KCKG. Albert answered that his signal would be so strong that Rex might receive it, even without a radio set. The nice thing about station KCKG is that it has the power to bring perfect reception to Eldorado, Ozona and Rocksprings, as well as Sonora. Bob Hemphill, KCKG engineer, says this plant is ready, just waiting for the OK.

TOURISM: This writer accompanied Mr. and Mrs. Frank Frech to Austin last week to attend the state wide tourist promotion meeting called by Gov. Price Daniel. San Angelo had two chartered busses, on which we rode, and the Town House Hotel served a complimentary breakfast to all going. Some 600 from all over Texas attended this meeting and heard the sad news that the tourist business in Texas has dropped from 10,300,000 tourists in 1957 to 8,600,000 in 1960 whereas the national chart for tourist business has spiraled up during these past four years.

Even with a million and half loss in tourists yet \$457 million was spent in Texas in 1960 by tourists and they dropped 23 million in our direct tax kitty. Now we have a sales tax. 86 years ago a law passed in Texas prohibiting advertising outside of Texas, as we were getting too many undesirables in land promotions. This law has remained on our books since that day. Three years ago a constitutional amendment was passed authorizing Texas to advertise our tourist attractions nationally. The agency was created but no appropriation has ever been made. A later meeting will be asked for one.

Tourism is the third largest industry in the United States, only exceeded by agriculture and manufacturing. Texas is a natural, even before the Caverns of Sonora were opened now we are very much in the limelight. Those in the know say the Caverns of Sonora should become one of Texas greatest attractions and even go in the Nation.

Most every state, except Texas, advertise their tourist attractions. Arkansas reports for every dollar spent in advertising the states economy received back \$616. Their tax funds received \$50 for every dollar spent. The state of Washington reports \$1,084 spent in the state by tourists for every dollar spent in advertising with \$40 received in Taxes for every dollar spent. Should Texas spend \$300,000,000, as asked for, we could expect at

least 150 million additional expenditure by Tourists and tax receipts increase of at least 15 million per year. This is the direct tax such as gasoline, motels, sales, in addition to the indirect taxes. Looks like GOOD BUSINESS, especially if you live on a major highway.

Article Tells  
Of Going, Gone  
Texas Wildlife

Vanished and vanishing wildlife of Texas is described in art and stories in an 8-page section of the December issue of Texas Game And Fish magazine.

The text was prepared by Dr. W. B. Davis of Texas A. & M. College, and the art work done by Nancy McGowan of the Texas Game and Fish magazine staff. According to T. D. Carroll, coordinator of information and education for the Game and Fish Commission, the article covers the wild bison, grey wolf, black-footed ferret, the grizzly bear and the Merriam elk, as vanished from Texas.

Among the vanishing are the bighorn sheep, the kit fox, the river otter, black bear and prairie dog. These animals, in their day, were all plentiful in Texas, but are being pushed out with the increasing human population and destruction of native habitat.

The magazine also contains an article by the Rev. Joseph A. McGehee, minister of the First Presbyterian Church of Beeville, on the subject of "Caretakers for the Master."

**How To Raise Delinquents**

The following "Twelve Rules for Raising Delinquent Children" were issued by the Houston Police Department and are here reprinted from the December issue of "The Lion".

1. Begin with infancy to give the child everything he wants. In this way he will grow up to believe the world owes him a living.
2. When he picks up bad words, laugh at him. This will make him think he's cute. It will also encourage him to pick up "cuter" phrases that will blow off the top of your head later.
3. Never give him any spiritual training. Wait until he is 21 and then let him decide for himself.
4. Avoid the use of the word "wrong". It may develop a guilt complex. This will condition him to believe later, when he is arrested for stealing a car, that society is against him and he is being persecuted.
5. Pick up everything he leaves lying around—books, shoes and clothing. Do everything for him, so that he will become experienced in throwing all responsibility on others.
6. Let him read any printed matter he can get his hands on. Be sure the silverware and drinking glasses are carefully sterilized, but let your child's mind feast on garbage.
7. Quarrel frequently in the presence of your children. It will keep them from being too shocked when the home breaks up.
8. Give the child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?
9. Satisfy his every craving for food, drink and comfort. See that every sensual desire is gratified. Denial may lead to harmful frustration.
10. Take his part against neighbors, teachers and policemen. They are all prejudiced against your child.
11. When he gets into real trouble, apologize for yourself by saying "I never could do anything with him."
12. Prepare for a lifetime of grief. You'll probably have it.

Charlie Howell and Johnny Fields, students at the University of Mississippi, will arrive Friday night to spend the Christmas holidays with their parents, Dr. and Mrs. J. F. Howell and Mr. and Mrs. Herbert Fields, Corky and Tryon.

### SUCCESSFUL HUNTER

Mrs. Charlie Hull ended a successful deer season with two good bucks. She bagged a seven-point whitetail on the Hull Ranch near Brackettville and a trophy 24-inch spread on a 155-pound, eight-point black tail killed on the ranch near Marathon.

Mr. and Mrs. A. W. Awalt had as guests last weekend their son, Sid Awalt of Fort Hood and his wife and children of San Angelo.

### CHAMBER OF COMMERCE COMMENTS

HOME- Establishing a home is one of the most thrilling experiences in most anyone's life. It is always interesting news, when a home is bought. During the past several months several home purchases have been made in So-

nora and on some of these additions and improvements have been made.

Recently Mr. and Mrs. Duard Archer sold their new home, in the Castle Hills addition, to Mr. and Mrs. J. P. Reiley. More recently Katharine Linthicum sold her home, adjoining the Archer lot, to Mr. and Mrs. G. W. (Bill) Stewart. And even more recently, Mr. and Mrs. Les Strawn have purchased the Claude Lee Prater home, in the Ford Allen addition.

During the past few months Milton Ricks sold his third house to Mr. and Mrs. Lacy Steed; Dr. Tom White sold a house to Mr. and Mrs. Byerl Dillard, on Glasscock Ave.; Wm. Cameron Lumber Co. sold their new home, on the old Menard Road, to Mr. and Mrs. J. B. Merck; the A. F. Clarkson Estate sold a home, on Tayloe Ave., to Mr. and Mrs. Ben D. Gilley, who are with the El Paso Natural Gas Co.; Robert D. Williams recently sold his home to Mr. and Mrs. M. C. Scott; Seth Prater sold his home, on the Hospital street, to Culver R. Emdy.

Then in West Sonora several homes have sold during the immediate past. Freddy Adkins sold two homes, one to Frank Adkins and one to Horace Hill. Mrs. Mary Heflin has sold a house to the Bob Hendricks and the S. R. Hull Estate sold a home in West Sonora to Mr. and Mrs. J. C. Floyd, who are with Carl J. Cahill, Inc.

The Sonora Chamber of Commerce is having a membership meeting on January 9, 1962, at the Elementary Cafeteria, when a panel discussion will be held concerning Sonora and Sutton County's pertinent problems. At this meeting ballots will be passed for nominations for new

### Lions Roar

Over 80 girls from five Sonora Girl Scout and Brownie troops presented a Christmas program for members and guests of the Sonora Lions Club at its regular Tuesday luncheon meeting at the First Methodist Church this week.

Troops taking part on the program, which was introduced by Jo W. Hardgrave, were Mrs. Jerry Shurley's third year Scouts, Mrs. Jerry Hopkins' first year Brownies, Mrs. Doyle Morton's second year Brownies, Mrs. A. E. Lowe's third year Brownies, Mrs. Bill Wade's first year Scouts and Mrs. Billy Galbreath's second year Scouts.

Guests present were Sears Sennell, Edmund Olinick and O. C. Ogden.

One look tells you this is no ordinary watch ...and no ordinary gift

Thanks to its revolutionary one-piece waterproof\* case, the new "Ocean Star" is elegantly slim. And note the unusual dial; the way the strap hugs the case in an unbroken line. The stem (almost invisible!) is used only to set the time. You never have to wind a Mido. Handsome, yes - but rugged, too. And superbly accurate. Swim with it? Of course!

In stainless steel case, 18K gold markers \$110; yellow Midoluxe \$125; 14K gold \$275. Fed. Tax Incl.

\*As long as case, crystal and crown remain intact.
