Aline Schwiening, daughter of Mr. and Mrs. Curt Schwiening of Sonora, will accompany a group of University of Texas art students and instructors on a ten-day tour of art galleries and private collections on the East Coast.

Aline will be a guest of the group on the tour which will include stops at Washington, D.C. where their itinerary has been arranged by Mrs. Lyndon B. Johnson, New York City and Philadelphia. The group will leave Austin Thursday, January 25, and return February 4.

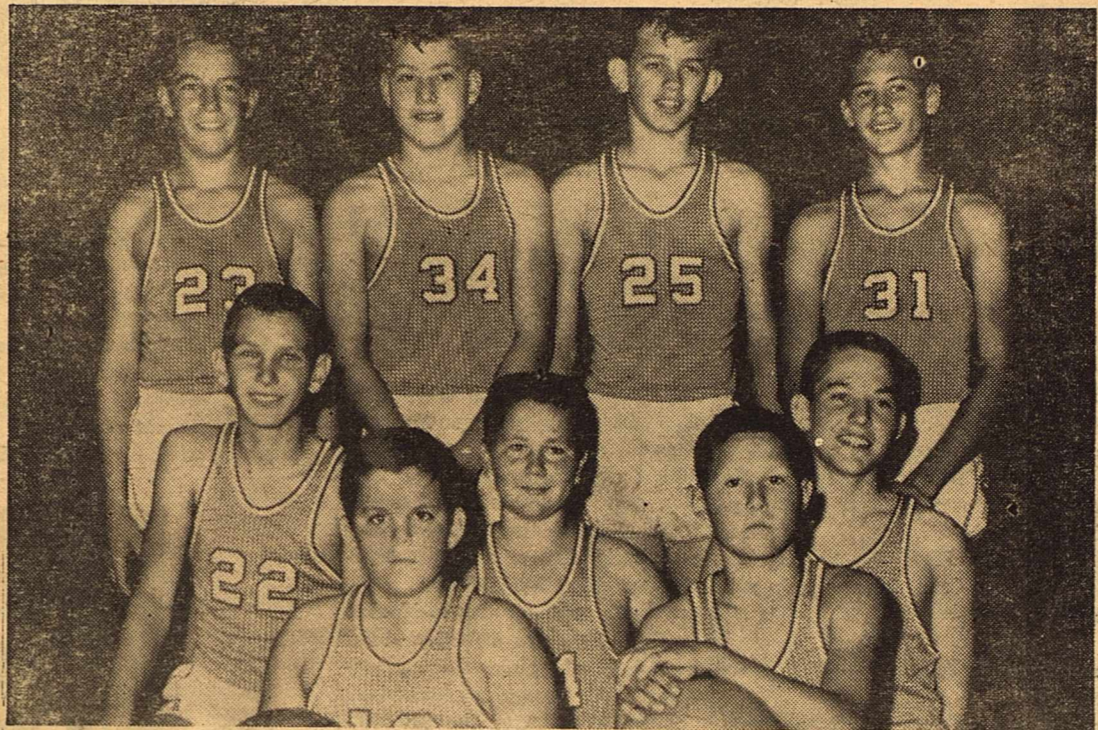

R. Q. Harris, Jr. Candidate For County Surveyor

County Surveyor R. Q. Harris, Jr. announced Monday that he will be candidate for election to the office to which he was appointed early in 1961.

Harris was appointed to fill the unexpired term of the late H. C. Saunders, Sr. by the Commissioners Court early last year. He is a licensed surveyor and has been surveying for 15 years. He is also a member of the Texas Surveyors Association.

A rancher, Harris lived in Sutton County from 1945 to 1948 and returned here in 1959. He is married and the father of one daughter, Mrs. John W. Mittel. He is a native of Fort Worth and attended schools there.

In announcing his candidacy Harris said, "If elected I will continue to execute the duties of the office to the fullest of my capabilities. I will appreciate all votes cast for me and will do my best to warrant the confidence placed in me."

Friday Deadline For Voting In C Of C Election

Friday, January 26, is the final date for members of the Sonora Chamber of Commerce to cast their votes for new directors of the organization. Ballots were mailed to all members January 16, listing 11 names as nominees for the six directorships open.

Names on the ballot include: Henry Greenhill, Max G. Hardegre, Jimmy Hugh Harris, Calvin Howell, Santos Lopez, Boyd W. Lovelace, Jack Mackey, Herman E. Moore, Raymond Morgan, Albert Ward and Cecil Westerman.

Directors will be installed at the annual banquet to be held later this year.

Hosting more than 200 guests expected for the 5th annual Sonora Junior High basketball tournament February 2 and 3 will be these members of the school's cage team: back row, left to right, Carl Teaff, Joe Moore, Mike Sims and Bill Glasscock; kneeling, left to right, Mike Wuest, Gaddy Lyles, Ray Glasscock, Duane Cox and Eddie Howell.

Jack H. Pfiester announced this week he will be a candidate for Justice of the Peace, subject to the Democratic Primary May 5.

A native Sonoran, Pfiester was born here February 11, 1914, and is the son of Mrs. Beulah Pfiester of Sonora. He is a 1931 graduate of Sonora High School and attended San Angelo Business College. He has worked for lumber companies and service companies in West Texas and New Mexico for several years, returning to Sonora in 1958. He has made his home here since that time.

Pfiester issued the following statement in announcing his candidacy: "If elected I will devote all the time necessary to fulfilling the duties of the office of Justice of the Peace to the best interests of the people of Sutton County. I pledge full cooperation and fair play to all."

Mr. and Mrs. Fred T. Earwood and Mrs. Ed C. Mayfield attended the National Wool Growers' Association convention in Salt Lake City, Utah this week.

meet Eagle Pass whom they defeated in the consolation finals.

Yvonne Young Elected Valentine Queen To Be Crowned At Pageant February 13

Yvonne Young, daughter of Mrs. Lois W. Young and Wesley C. Young, was elected Queen of Hearts of Central Elementary School and will be crowned at the school's annual Valentine pageant Tuesday night, February 13. Yvonne will be escorted by Brent Johnson, son of Mr. and Mrs. Nolan W. Johnson. Both are seventh grade students at the school.

Princesses and their escorts for the coronation will be:

Michelle Rousselot and Drew Scherz, Mrs. Lacy Steed's Kindergarten; Alice Ruth Cook and Wade Richardson, Mrs. Bridges' first grade; Derry Lynn Shurley and Mark Rousselot, Mrs. Brown's first grade; Cynthia Hopkins and John Schnase, Mrs. Hardy's second grade; Kelley Sue Sentell and Tim Cole, Mrs. Loiry's second grade; Debbie Wipff and Scott Jacoby, Mrs. Green's third grade; Continued To Back Page

With less than a week remaining in which to purchase poll taxes, a total of 522 voters in Sutton County had done so, according to Mrs. Zilpha Wheeler, chief office deputy in the office of Sheriff and Tax Assessor Herman E. Moore. This is some 206 fewer than the 840 sold in the last major election year of 1960.

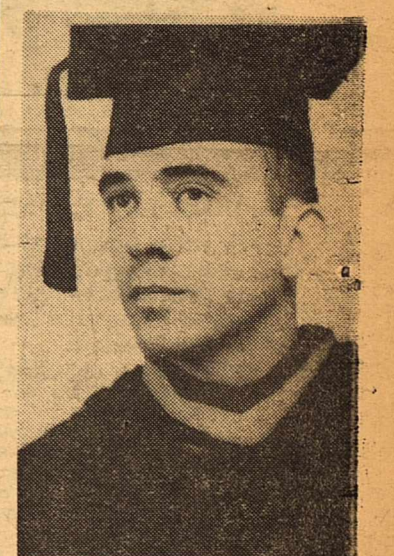

Candidates have filed for all of the offices to be filled this year with contests slated in two. Jack H. Pfiester announced this week that he will be a candidate for Justice of the Peace, opposing incumbent Alfred Cooper. D. L. Locklin filed earlier as a candidate for County Judge, the position also sought by present County Judge J. W. Elliott.

Others who have announced for re-election include District and County Clerk F. L. McKinney, County Treasurer Mrs. E. Lucille Hutcherson, County Surveyor R. Q. Harris, Jr., and Commissioners R. L. Hardgrave and Collier Shurley. Deadline for filing as a candidate subject to the May 5 Democratic Primary is Monday, February 5.

Final date for paying poll taxes is Wednesday, January 31.

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford
Texas Press Association

A highway policy matter which has plagued both Houses of the Legislature for 10 years was settled when the House of Representatives passed a Farm-to-Market road bill introduced by Sen. Neville Colson of Navasota and Rep. Grainger Melhany of Wheeler.

Senate already had approved the bill by a 26-2 vote. At first, it looked like the House Agriculture Subcommittee, dominated by rural representatives, would succeed in pushing through a modified version of the bill by Rep. Max Carriker of Roby. His proposal was to space out the switch of funds from farm-to-market road construction to maintenance over 10 years.

House Agriculture Committee approved Carriker's bill unanimously until Gov. Price Daniel attended a final hearing with President J. H. West of the Texas Farm Bureau, Executive Vice-President Callan Graham of the Texas Good Roads Association, Highway Chairman Herb Petry, Jr. and a dozen members of the County Judges and Commissioners Association.

After their urging, the House Agriculture Committee reversed its original decision and voted 10-9 to table the Carriker version and submit the Colson bill, which reduces the annual appropriation for rural road construction by about \$17,500,000.

When the Farm-to-Market road bill becomes effective about May 1, it will make these provisions:

1. Restoration of the \$15,000,-

Oct. 6, Minors and non-residents who became eligible to vote since January 1 may obtain exemption certificates from tax collector not later than 30 days before election date.

October 17-November 2, Absentee voting.

NOVEMBER

November 6, General Election Day.

November 7, Votes to be counted and tabulated within 24 hours after closing of polls.

November 23, Governor, Secretary of State and Attorney General to canvass general election returns.

000 appropriation from general State taxes to the Colson-Briscoe farm-to-market road program for the year starting Sept. 1, 1962.

2. A flat instruction for the State Highway Department to build \$23,000,000 worth of newly-designated farm-to-market roads a year from now on, using the \$15,000,000 plus Federal aid of \$10,000,000 a year.

3. Allocation of half the surplus in the road bond assumption fund—which comes from one fourth of the gasoline sales taxes to maintenance of farm-to-market roads in the State system. That will be \$17,500,000 the first year . . . gradually increasing as gasoline sales tax revenues rise.

4. Freeing an equal \$17,500,000 in the State Highway Fund, now being used for rural road maintenance, for construction and improvement of secondary and primary highways.

5. Application of the balance in the farm-to-market road fund (between \$17,500,000 and \$20,000,000 in the 1962-63 fiscal year) toward improvement of existing FM roads, which need some 11,000 miles of repairs.

6. Agreement by the State Highway Commission to raise its goal from 35,000 to 50,000 miles of farm-to-market roads.

Treated Lake Now Ready For Feb. Reopening

Lake Sweetwater will be reopened to anglers February 15, after having been closed down since the complete kill by biologists in August, 1960. Bass planted in the lake after this kill now have reached sufficient size and weight to justify reopening of the lake, according to Marion Toole, inland fisheries coordinator of the Game and Fish Commission.

Lake Sweetwater was given a rotenone treatment to kill all the fish in the lake after netting samples had shown that 99% of the fish population of the lake was undesirable.

Lake Sweetwater covers 550 acres, and is operated by the

the long-time goal of the Highway Commission and Good Roads Association.

TOWERY JOINS LAKE- Secretary of State P. Frank Lake has acquired a new director for the corporation division.

He is Robert L. Towery, 29, of Austin.

Towery was one of former District Attorney Les Proctor's assistants. He replaces Pat Cain who resigned to run for the House of Representatives in Travis County.

City of Sweetwater as a municipal water supply and recreational area. A fish kill by the Game and Fish Commission was in cooperation with the Sweetwater City Council.

After the kill, the lake was stocked with black bass fingerlings, and netting samples showed that these fish now have attained a weight of two or three

pounds each. Several channel catfish caught in nets average 2 3/4 pounds.

Recent netting samples showed no carp, suckers or shad.

Linda Discards Braces, Crutches; Mother Praises March of Dimes

(EDITOR'S NOTE: Dorothy E. Breese, young Columbus, Ohio, mother, tells of the remarkable progress made by her daughter in overcoming the disability caused by a severe birth defect.)

By DOROTHY E. BREESE

My little Linda has done far more things in her five years than most people even dream of being able to do in an entire lifetime.

As the March of Dimes 1961 National Poster Child, she met President Kennedy in person and rode on a float in his inauguration parade. She starred in an hour-long television program with some of the country's most popular television and movie stars.

Linda has traveled from coast to coast and seen her picture in nearly every newspaper printed. She has autograph books filled with the signatures of celebrities and famous people she has visited.

These are just some of the things Linda has done that are beyond the reach of most of us. But the one thing we wanted most for her was something the average person takes for granted—the ability to walk alone and unaided.

There were many times during the years that my husband, Dean, and I thought that Linda would never be able to throw away her braces and crutches. And to be truthful, there were terrifying moments when we feared we might even lose her.

Linda was born with an opening in her spinal column, a condition known medically as spina bifida. As a result, her body was seriously affected from the waist down.

When she was only a few hours old, Linda underwent a delicate operation that partially corrected this condition. The surgery was performed at Children's Hospital in Columbus where subsequently The National Foundation with March of Dimes funds established the first of its Birth Defects Clinical Study Centers in 1959.

When she was nine months old, it was found that Linda had water on the brain, which has the medical name of hydrocephalus. This condition was

Linda at 23 months after two operations for her defects. And . . .

. . . Linda today, now able to walk without her crutches or leg braces.

treated by the insertion of a "shunt" tube which drains the excess fluid from the head into the blood stream.

You can imagine how much we worried about our little girl in those early days, because we knew she was never far from death. It could have come at any time. After all, 250,000 infants are born in this country each year with a significant birth defect and 21,000 of them die.

But Linda continued to improve. She received specialized treatment at the March of Dimes-supported center. She got her leg braces and crutches. Linda hated them, but she learned to use them.

Only the other day, Linda took her first halting steps across our living room without her crutches or leg braces. It was an unforgettable experience. In my excitement, I telephoned the good news to everyone I knew—and probably quite a few I didn't know. It was a real shout-from-the-households event.

Linda has won through. She improves every day. Now her trips to the birth defects center have been cut to just one every three months. Best of all—we have been able to enroll her in kindergarten.

Dean and I and the children remember the gloomy days. We know that many other parents of afflicted children are going through similar days of anxiety and heartbreak right now. But we also know that The National Foundation-March of Dimes is looking for the cause and cure of birth defects. March of Dimes contributions led to the triumph over polio, and I'm a firm believer in the slogan that "Your Dimes Will Do It Again."

Ford frees you forever
from the expense and bother
of frequent car servicing.
Twice-a-year maintenance is here—
and only the cars from Ford
have it!

In a new Ford Galaxie or Fairlane, the odometer rolls off a long 6,000 miles between every service stop. Compare this with other '62 cars and here's what you'll find: many cars still have to check in for service every 1,000 miles; some every 2,000 miles; others every 4,000 miles. Only the cars from Ford need service only twice a year, or every 6,000 miles.

When you own a '62 Galaxie or

Fairlane, you don't have to drive with one eye on the odometer to make sure you're not forgetting an oil change or a grease job or other servicing. Ford's twice-a-year maintenance saves you time, saves you money. Just one stop every 6,000 miles takes care of servicing. You'll go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications, 2 years or 30,000 miles without changing

engine coolant-antifreeze. Brakes adjust themselves.

Broncos Split Two Games At Ozona, Lose Game Tuesday

The Sonora High School Broncos whizzed by the Rocksprings Angoras 59 to 40 to take the first of two games in the Ozona Basketball Tournament last weekend. Mike Ellis and Augustin Chavez scored 13 each, Primo Gonzales 12, Bob Nevill 8, Arturo Bermea 7, Mike Evans 4 and Johnny Glasscock 2. The Broncos took the lead in the first quarter and were in front of the Angoras all the way.

In conference play here Tuesday night the Broncos trailed Ozona 41 to 53. The team could not seem to click on rebounds and free throws, missing enough free throws to have made the difference. Bob Nevill was high point man for the Broncos, scoring 13. Gonzales hit 11, Chavez 9 and Ellis 8.

The Broncos meet Big Lake here Friday night, January 26.

Mr. and Mrs. James Hunt and Hillary left Wednesday on a business trip to California.

New Department Of Urban Affairs Being Proposed

By Congressman O. C. Fisher

Will the City Hall and the Courthouse be bypassed in the quest for federal dollars to help finance local projects? That question has been raised with the drive for legislation to create a new government agency to be known as "The Department of Urban Affairs and Housing", to be acted upon in Congress early in the session.

If approved, this proposal will create a Secretary as head of the new agency and he will be-

come a member of the President's cabinet.

The primary purpose of the new agency is to enable local cities and communities to come directly to Washington for federal assistance, and avoid dependence on local tax revenues to finance certain functions of a local nature which are normally financed locally. At least, the new agency would facilitate that procedure. And the big cities are pushing hard for this new approach.

Another motive behind the Administration's insistence on the creation of the new agency, according to observers, is to enable the President to appoint Robert Weaver, presently Administrator of the Housing and Home Finance Agency, as Secretary and thereby be able to placate the Negroes who would like to

see a member of that race in the President's cabinet.

IN ANY EVENT, if the new department is created it will not be good for American taxpayers because it will open the gate for more and more dependence by local communities upon federal financing, and will undoubtedly cost billions in additional spending in the years ahead.

This, it is said, would be only the first step of the long-range strategy—a strategy apparently designed to bring the solution of the day-to-day problems of community life under the direction of centralized government.

Bills approving this new agency have been reported by committees in both the House and Senate. It remains for the House and Senate to act, and action in both bodies is expected within the next two or three

weeks. Unless public opinion manifests itself strongly against this new spending program, it now appears likely that House and Senate approval will sur-

ly result. RECENT VISITORS include John A. Ward of Sonora, an attorney now with Sun Oil Co. in Philadelphia.

CHAMBER OF COMMERCE COMMENTS

HORSES—Did you know that 91 two-year-old Quarter Horses have already been entered in the Fourth running of the West Texas Quarter Horse Futurity? A list of the first 68 entries shows 14 states represented with nearly half the entries being from out of state. The purse this year should be about \$15,000.00. Did you know that in a recent Quarter Horse hand book put out by the American Quarter Horse Assn., a nation wide organization, that nine horses are shown who are the winners of the Register of Merit rating and that two of these nine were from Sutton County? The Register of Merit is earned not only by showing but by performance, over a period of

years. Sonora Monkey, P-34,047, was raised by Stanley Mayfield and Joe Lauro, P-90,890 was raised by L. P. Bloodworth. Two out of nine. PROJECT—Since the moving of the post office many have suggested that the sunken garden, next to Sonora Men's Store, be landscaped and maintained as a beauty spot rather than a dump ground. What do you think? All it would take is your cooperating and yours and yours. We have a man who will buy a \$100. worth of rose bushes to begin with, we have an offer of some black dirt, the City could easily make water available. Well, what are we waiting on?

Nine Schools Scheduled To Participate In 5th Annual Junior High Cage Tournament

Some 120 boys representing 9 junior high schools will participate in the fifth annual Sonora Junior High Invitational Basketball Tournament. Accepting the host school's invitation to take part have been Iraan with seven boys, Big Lake with 11, Christoval with 14, Rocksprings with 12, Eldorado with 12, Junction with 15, Del Rio with 15 and Ozona with 17. Coach and tournament director Oliver Wuest will have 17 boys on his team roster.

Lee of San Angelo was winner of the 1961 tournament but will not participate this year. Runner-up Big Lake will be on hand as will fourth place Iraan. Listed on the Colts roster are Eddie Howell, Carl Teaff, Duane Cox, Bill Glasscock, Mike Wuest, Gaddy Lyles, Joe Moore, Rudy Bautista, Ray Glasscock, Sam Odom, Eddie Sawyer, Jessie Villarreal, Bobby Kelley, Mike Sims, Pat Brown, Stan Bundy and David Castillo. Tournament dates are February 2 and 3.

Mrs. Ernest C. Stephen

Geraldine Alexander, Ernest C. Stephen At Home In Arizona After Missouri Rites

The marriage of Miss Geraldine L. Alexander, daughter of Mrs. Joyce King of Flat River, Missouri, to Ernest C. Stephen, of Fort Defiance, Arizona, son of Mr. and Mrs. J. C. Stephen of Sonora, was solemnized in the First Baptist Church of Flat River Saturday evening, December 23. The Rev. Arthur R. Hicks assisted by Rev. Chester C. Holley performed the double ring ceremony.

Miss Irma Cook, organist, presented traditional music and accompanied Orville Dale Harter, vocalist.

The bride was escorted to the altar by her brother-in-law, Francis E. Cortor, Sr. of Esther. She chose an original gown of white chiffon velvet design with princess lines and a long train. The sweetheart neckline was accented by long pointed sleeves and self-covered small buttons down the back. Her only jewelry was an heirloom necklace, a gift of the groom, which had belonged to his grandmother. The bride's fingertip tulle veil was secured to a tiara decorated with pearls and white velvet petals. She carried a white Bible topped with a cascade bouquet of white orchids and stephanotis with white streamers.

Mrs. Francis E. Cortor, Sr. attended her sister as matron of honor. Bridesmaids were Mrs. James House of Herculaneum, Missouri; Mrs. Everette Wilfong of Flat River, Mrs. Watha Johnson of Memphis, Tennessee; Miss

Miss Fae Adams Honored With Gift Coffee

Miss Fae La Rae Adams, bride-elect Dwayne Hill, was honored with a gift coffee at the home of Mrs. Palmer West in Eldorado Monday morning, January 22. Co-hostesses with Mrs. West were Mrs. W. F. Edmiston, Mrs. L. L. Kinser and Miss Lee Halbert of Eldorado and Mrs. Cris Haines, Mrs. Curt Schwiening and Mrs. Maud Doran of Sonora. Guests were received by the honoree and her mother, Mrs. P. E. Adams of Sonora.

Mrs. Estes Adams, aunt of the honoree, registered guests. Mrs. Cris Haines served and Miss Halbert furnished background music.

The serving table was covered with a white cloth and centered with a milk glass stand holding an arrangement of red and white peppermint carnations and tiny red hearts. Other decorations were in the bride's chosen colors of red and white.

Marion Curry of Groves and Miss Betty Engelke of Fort Defiance, Arizona. They wore dresses of rouge red velveteen accented with a sweetheart neckline adorned by a single strand of pearls. The three-quarter length tapered sleeves and side bustles with insert zipped back adorned with a large satin bow and streamers of contrasting tint. Their head pieces were white velvet pill boxes with matching red face veils. They carried white fur muffs adorned with Happiness roses and white velvet streamers.

Candles were lighted by Phillip Dean and Francis E. Cortor, Jr., nephews of the bride. Billy Edwards and Francis Cortor, Jr. unrolled the white aisle carpet David Wilfong of Flat River was ring bearer and Lori Wilfong of Flat River was flower girl.

Following the ceremony a reception was held in the educational building of the church. The four tier wedding cake was served by Mrs. Peter Langer of Norman, Oklahoma.

The bride's table was covered with a white linen cloth with a white satin skirt over which hung red net. Decorations for the table were in the form of a wedding ring, using talisman roses, holly and white baby breath and candles.

After a honeymoon trip to Hawaii, the couple is at home at Fort Defiance, Arizona, where the groom is a teacher at the Window Rock Public School.

Mrs. Stephen is a graduate of Esther High School; Southwest Baptist College, Bolivar, Missouri; Memorial Hospital School of Nursing, Memphis, Tennessee; and holds a Bachelor of Science degree from Baylor University. She is presently nursing instructor at the U. S. Public Health Service Indian Hospital at Fort Defiance. Her husband is a graduate of Sonora High School, holds a Bachelor of Arts degree from the University of Texas and a Master of Arts from Texas College of Arts and Industries at Kingsville.

HELEN PARKS CIRCLE MEETS AT LEE HOME

Mrs. H. K. Lee was hostess to the Helen Parks Circle of the First Baptist Church Wednesday, January 17.

Mrs. Alvie Brewer, circle chairman, presided and Mrs. J. E. Eldridge led in prayer for missionaries and their work.

Mrs. Laura Odum presented the Royal Service mission program on the topic, "What Do Roman Catholics Believe?", opening the program with scripture readings by members. The program was a panel discussion with Mrs. Alvie Brewer, Mrs. J. E. Eldridge and Mrs. Wallace Wartenbach assisting. Mrs. Clarence Key gave the closing prayer.

Cake topped with ice cream and coffee were served to members and one guest, Mrs. Jim Cauthorn.

MRS. MITTEL HONORED ON BIRTHDAY SATURDAY

Mr. and Mrs. R. Q. Harris, Jr. honored their daughter, Mrs. John W. Mittel, with a surprise dinner on her birthday, Saturday evening, January 19.

An arrangement of pink carnations and heather in a crystal basket flanked by white candles in crystal candelabra centered the table which was covered with a white linen cloth.

Those present included the honoree and her husband, Mr. and Mrs. Harold Schwiening, Jr., Mr. and Mrs. Billy Frank Turney and Mr. and Mrs. Raymond Mittel of Eldorado.

Sonora Girl Scouts, Brownies Selling Cookies

Sonora Girl Scouts and Brownies are taking orders for Girl Scout Cookies to be delivered to customers next month. This is a deviation from the usual practice of selling the cookies direct and is being done by Scouts everywhere to enable leaders to order the right amount of cookies.

This is the organization's only fund raising drive of the year and all money will go toward establishing a camp at Camp Jo-Jan-Van.

Monday, January 29, is the final day to place orders for cookies. Orders may be placed with any Girl Scout or Brownie or their leaders.

Devil's River Philosopher Wonders How City People Ever Got Along Without Urban Affairs Department

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River recently encountered a city man, his letter this week reveals. What else it reveals, you'll have to decide.

Dear editor:
I was visited by a friend from a big city recently and he was all excited over the latest development out of Washington. "Say," he said, "did you know Washington is thinking about establishing a new Cabinet post,

the Department of Urban Affairs?"
"Nope," I said, "What for?"
"Why, to help the cities solve their problems, like you ranchers have got a Department of Agriculture," he said. Then he went on to explain that cities have grown by leaps and bounds in recent years, problems have piled up, like traffic congestion, noise, inadequate police protection, water shortages, classroom shortages, worn-out city streets, slums, crime, high taxes, etc.

"You name the city," he said, "big or little, and it's got problems. There just isn't enough money coming in to satisfy all the demands and needs of city people, and the bigger the city, the worse the problem. The Department of Urban Affairs is the answer."

"Why, that's fine," I said, looking at him out of the corner of my eye, "wonder why somebody didn't think of that a long time ago? You city folks have been asleep. Why, us ranchers thought up the Department of Agriculture to solve our problems years ago. In fact, the Department of Agriculture is celebrating its 100th anniversary this year, and where do you think ranching would be today if we hadn't had that Department?"

"That's right," he said, "but we're catching on. We're going

to get some help finally."
"Why," I said, seeing he wasn't catching on, "you simply can't imagine what shape ranching would be in today if us ranchers couldn't turn all our problems over to the Department of Agriculture. You take cities. You've got a surplus of cities, haven't you? Must have, since no city government is breaking even, they can't quite make ends meet, population piling up in huge surpluses, labor costs are high, street paving equipment wearing out and no money to replace it with, and things like that. It's sure clear to me that what cities need is a Department of Urban Affairs to handle their problems. It's the only answer."

"Say," he said, "are you kidding me . . . ?"
But I told him I had to go feed my chickens and would see him

Four Lone Star State 4-H Graduates Given Recognition

Two Texas farmers and two housewives have been honored as "outstanding former members of 4-H Clubs" in the 1961 national 4-H alumni recognition program conducted by the Cooperative Extension Service.

They are Maynard Abrahams of Taft, Lawrence Pfluger of Pflugerville, Mrs. Lionel Richmon of De Leon and Mrs. Dewey Burrous of Lufkin.

Each has received a burnished copper alumni recognition plaque from the Olin Mathieson Chemical Corporation, Chemicals Division-Agricultural.

One of the objectives of the program is to highlight the ideals of clearer thinking, greater loyalty, larger service and better living as expressed in the 4-H pledge.

Abrahams, who operates a 520 acre farm in San Patricio county, was a fier in World War II and was awarded the distinguished flying cross, the air medal with five oak leaf clusters and five battle stars.

He served as Sunday school superintendent for two years and was president of the Methodist Men's Club in his community.

Abrahams, manager of a Little League baseball team, is a Boy Scout leader. He is active in several civic groups.

In 1938 while a 4-H'er in Republic county, Kansas, he won a Sears-Roebuck scholarship to Kansas State University. He has been active in several key 4-H posts in his community. He has served as managing director of the county fair for two years.

Pfluger, who operates a 415 acre farm, has served as a member of his local school board and president of the Pflugerville PTA.

He helped organize a Community Youth Canteen and served as president of it. Pfluger has been an adult 4-H leader for 10 years and his wife is also a club leader. Their three children have been active in 4-H. Pfluger as a youngster was a 4-H'er in Travis county.

Mrs. Richmon, housewife, has been a leader in many local charity and health drives. She is a leader in the local Youth Center, Camp Fire Girls and the Girl Scouts.

As a surprise, her four daughters prepared a record book citing their mother's accomplishments and submitted it in the 4-H alumni competition.

They are Mrs. Frances Powell, Mrs. Reta Hood, Mrs. Geneva Wilson and Nancy.

Mrs. Richmon is a leader in the Comanche county 4-H organization.

Mrs. Burrous is also a housewife, but prefers to call herself a "homemaking executive." She is a Sunday school teacher and was head of the vacation church school for two years.

She is an adult 4-H leader and has two daughters active in club work. She is a former school teacher.
Mrs. Burrous in 1942 won a state fair scholarship in 4-H as a youngster in Angelina county.

IN THE YEAR OF

Saturday, June 15, 1895

The stock holders of the proposed Sonora National Bank are requested to meet in Sonora on next Tuesday night.

John Martin and family of Junction City was in Sonora this week visiting their relatives.

There will be a grand tournament in Sonora on July 4th for a fine saddle manufactured by R. C. Dawson.

Sonora invited you to be present on July 4th. Don't make arrangements to go elsewhere.

Saturday, July 22, 1895

There will be several match races on the fourth. Some young men thoughtlessly set fire to some cedar and rub-

bish taken from the church, Saturday night, and for a few minutes caused considerable excitement. If you have anything to set fire do so in the day time when people can watch their premises.

J. C. Johnson of London, Ky., has been awarded the contract for carrying the mail between Sonora and Junction City, twice a week for \$563.00 a year, for three years, beginning July 22nd, 1895. Mr. Johnson probably figured feed as cheap in West Texas as in Kentucky. We hope however that he will make a success of the contract.

Jess Mayfield is going to enter his bay pony that won the sweepstake race in Sonora two years ago.

Families Should Keep Records Of Health History

Sooner or later, everyone needs a family health record. Dr. J. E. Peavy, state health commissioner, suggests you start yours now if you aren't already keeping one. Kept accurate and current, it can be of permanent value for the children's school records, for in-

urance data, and for your family doctor's use, the health official says. A school note pad makes a good record book, but don't use it for anything else. And remember it has to be carefully kept if it is to be of full value. You can start by jotting down the basic information you already have at hand concerning the injury and illness history of each member of your family. Start it off with a brief listing of family history. Enter the date and place of birth of each person, and the place and date

and cause of death of any deceased. Also enter pertinent information and the medical facts about each family member, such as the presence of chronic illness or physical handicap. Next, start a section for dates of immunizations, being sure to provide space for each member of the family. Allow room for entering dates of immunizations against whooping cough, polio, smallpox, diphtheria, tetanus, and typhoid fever. Don't forget to include the date of booster shots.

In a section of general information, list such things as the type of blood each member of the family has, and the drug sensitivities or special allergies of each. If the RH blood factor is known to be present in anyone, be sure to record it prominently. The health record ought to include a check list of who in the family has had the more common diseases of childhood—chicken pox, measles, mumps, whooping cough, scarlet fever, diphtheria. Most of these are diseases of childhood, but sometimes an adult is exposed. German measles is a serious threat to expectant mothers, and mumps is a dangerous disease in any adult.

Dates of physical examinations, with a line or two for notes of special advice or instructions that followed the check-up should be noted in the health record. So also should illnesses requiring hospitalization, listing the nature of illness or injury, name of physician and hospital, dates of entry and discharge, length of illness, and type of surgery, if any.

Finally, list the family's health and accident insurance information for quick and easy reference when needed.

Hopes Still High For Coast Fishing Despite Freeze

Although thousands of pounds of edible fish were killed in the heavy freeze on the Texas coast within the past ten days, it is believed that prospects for spring and summer fishing will remain good. This is the optimistic report of Terrance R. Leary, coastal fisheries coordinator of the Game and Fish Commission. Biologists are studying the fish loss along the Texas coast, and report that it was only a fraction of the 1951 kill, when thousands of tons of fish were destroyed as a result of prolonged freeze.

Apparently, the heaviest kill this year was in the Laguna Madre, from Three Islands south to Port Isabel, where the temperature dropped to 10 degrees, and much of the water was glazed over with ice. Fortunately, very low tides drove many fish to deeper and warmer waters before the cold spell hit the coastal region.

Many stunned fish were reported in other areas along the coastline, and many of them were taken by fishermen and converted to use rather than

waste. Leary says the kill did take a toll of trash fish, drum, and small trout; however, early reports indicate that losses were not as severe as might have been

expected with prolonged, low temperatures.

Full extent of the freeze damage will not be known for several days yet, until frozen fish which may have gone to the bottom

float and rise to the top, and are floated in to shore by wave action.

In the meantime, biologists are continuing to study the coastline for additional information as to the freeze results.

New Arthritis Test Developed By March of Dimes Research

A new and sensitive blood test for diagnosing rheumatoid arthritis in children was one of the medical achievements of 1961 highlighted by The National Foundation in a year-end review of progress by March of Dimes-supported scientists.

The report, by Dr. Thomas M. Rivers, vice president for medical affairs of The Foundation, cited accomplishments related to birth defects, virus diseases, polio and genetics as well as arthritis.

Dr. Rivers also noted that 1961 will be memorable because of the licensing by the U. S. Government of two of the three component types of Sabin oral polio vaccine which, like the Salk killed-virus vaccine, was developed with money given to the March of Dimes.

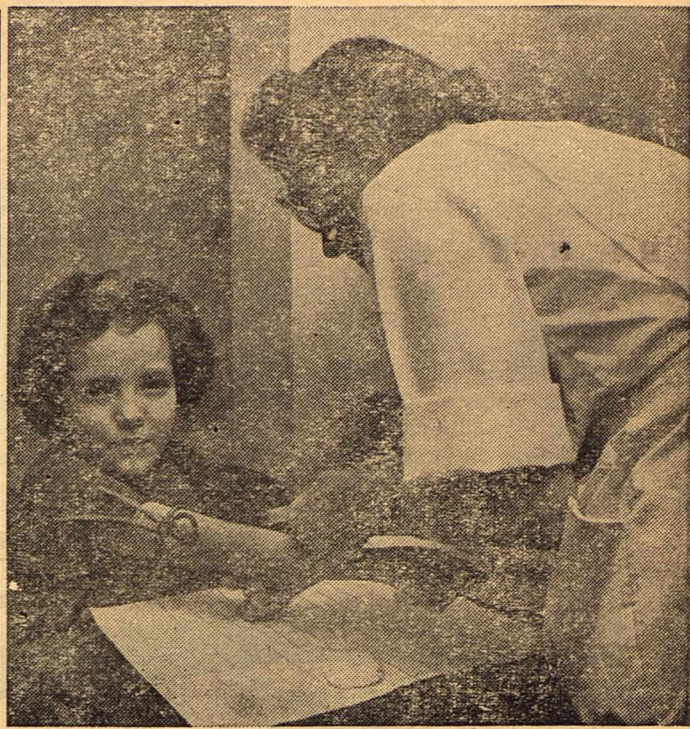

The new arthritis test was developed by Dr. Morris Ziff and his research associates at the University of Texas Southwestern Medical School in Dallas. In their studies, the test proved positive in 76 per cent of children with rheumatoid arthritis. By contrast, other tests currently in use seldom pinpoint the disease in more than 20 per cent of youngsters known to have it, according to Dr. Rivers.

Dr. Rivers pointed out that few people realize how very serious rheumatoid arthritis can be in children, or how common it is among them. It is estimated that there are about 30,000 children under 15 in the U. S. who have it, many of whom are severely crippled, he said.

It is also suspected many other youngsters may have the disease, with perhaps only minor or vague pains and no clear-cut symptoms to label arthritis as the culprit.

The arthritis test, which is particularly sensitive in detecting an unusual blood factor frequently found in persons with rheumatoid arthritis, may fill its greatest role in uncovering undiagnosed rheumatic disease in children.

This could be vitally important, because the earlier diagnosis is made and treat-

ment started, the better the chances for prevention of disability in young victims of the disease.

A second scientific achievement highlighted in The Foundation's year-end review was a special field study which disclosed that a great many birth defects are not detectable in early life but may remain hidden until infants reach the age of one or two.

This report was made by a research team headed by Dr. Frank R. Lock of the Bowman Gray School of Medicine, Winston-Salem, N. C.

Among the other developments singled out in the March of Dimes research progress report were the following:

1. Dr. Joseph L. Melnick of Baylor University has come up with two chemical discoveries that promise major improvements in the manufacture of oral polio vaccines. It had previously been necessary to keep

such vaccines in deep freeze until just a few days before use. With the new chemical treatment, however, they can be kept at room temperature for as long as a month. The second chemical improvement removes undesirable viruses that contaminate the vaccine at certain stages of preparation.

2. A new radioactive method of detecting how viruses are formed inside cells was reported by Dr. Councilman Morgan and associates at Columbia University. Another group of workers at the University of Michigan described similar results with techniques involving use of fluorescent materials.

3. Additional evidence that one of the intestinal viruses may also cause an infectious heart disease, sometimes fatal in infants, has been obtained by Dr. George Dempster and colleagues at the University of Saskatchewan.

Services For R. P. (Bob) Odom Held Tuesday

Funeral services for Robert Paschil (Bob) Odom, long time resident of Sonora, were held Tuesday afternoon, January 23, at the First Baptist Church with the Rev. Alvin Loiry, pastor, officiating. Odom, who would have been 70 years old January 30, died at Hudspeth Memorial Hospital Saturday, January 20, after a prolonged illness.

A native of Hopkins County, Texas where he was born January 30, 1892, Odom had made his home in Sonora for the past 57 years. He was a trucker for many years prior to his retirement three years ago for reasons of health. He was a member of the Baptist Church.

Survivors include his wife, Grace Odom; five sons, Rev. Paschil Odom of Edna, Delma Ray Odom of Blanding, Utah, Chief Warrant Officer Odell Odom with the U. S. Army in Alaska, Master Sergeant Edgar Justin Odom with the U. S. Marines at Raleigh, North Carolina, and Technical Sergeant John Clay Odom with the U. S. Marines at Cherry Point, North Carolina; one daughter, Mrs. Jackie Adwell of Arlington, and 15 grandchildren.

Interment was in Sonora Cemetery under direction of Ratliff-Kerbow Funeral Home.

Pallbearers were Jackie Adwell of Arlington and Sam Odom, Melvin Glasscock, Jack Hearn, Nelson Stubblefield and Bobby Joe Granger.

TPA

TEXAN OF THE YEAR

AWARD

Presented to

VAN CLIBURN

of Kilgore

THIS AWARD is presented to Van Cliburn, one of the great pianists of all time, by the Daily, Weekly and Semi-Weekly Newspapers of Texas represented by the Texas Press Association. It is presented in appreciation of the high honor and distinction he has brought to his beloved Lone Star State.

After winning numerous competitive awards in his own country, Van Cliburn rocketed to worldwide fame when he won the Tchaikovsky Competition in Moscow in 1958.

Since then, this modest young Texan has shown that he is an artist of which his State and Nation can be extremely proud. Additional evidence of his superior talent came with the recent announcement that a million copies of his recordings had been sold . . . the first classical album ever to achieve this milestone.

For his great talent, his humility of spirit, the gracious charm of his personality, his Texas pride, his contributions as an international ambassador of goodwill, and the fame he has brought to our State, we salute Van Cliburn as "Texan of the Year."

Presented by The Texas Press Association on Jan. 20, 1962 at TPA's Mid-Winter Convention in San Antonio, Texas
