Lions Roar

A concert of Western music for Sonora music lovers was presented at the Tuesday meeting of the Sonora Lions Club this week by the John A. Martin, Jr. string quintet. Old and new favorites in Western music were played by the group composed of Oscar Galindo, Trav Glasscock, Turk Martin, Lee Roy Valliant and Johnny Himself.

Mrs. Harold Scherz, president of the Sonora Woman's Club, announced that the club will hold a food sale February 20 at the old post office building.

Bill Whitehead, chairman of the March of Dimes, reported the drive still short of its goal.

Mr. and Mrs. Veron Marion, Mr. and Mrs. Thomas B. Thorp, Tim and Steve were among those attending the San Antonio Stock Show last weekend.

School Burglar Caught In Act At L. W. Elliott

A mystery of several weeks standing was solved at Elliott School last week by three students. For some time cookies, food and silverware had been disappearing from the school with alarming regularity. All attempts to catch the sneak thief failed.

Wednesday of last week Victor Fuentes, Noe Chavez and Ernest Berrera spotted the criminal and with the assistance of Principal Troy Selzer and others made the capture of a wild ringtail which had stored his spoils in the school.

With the solution of the crime come a question-how to punish the guilty party. At present he is in the custody of Victor, Noe and Ernest.

W. A. Stroman Candidate For State Senator

W. A. (Bill) Stroman, of Tom Green County ranchman, has announced that he is a candidate for State Senator of the 25th Senatorial District of Texas, subject to the Democratic Primary May 5.

Stroman is a native Texan and a graduate of Uvalde High School. He attended business college and worked in court houses and abstract offices, including that of Vice-President John Nance Garner at Uvalde. He studied law and was admitted to the bar in Texas in 1923. He was elected County Attorney of Tom Green County in 1924 and 1928, then was elected District Attorney of the 119th Judicial District in 1935 and 1936. In 1951 he was elected to fill the unexpired term of Hon. Peppy Blount who resigned from the Legislature. He was re-elected State Representative from Tom Green County in 1952, 1953, 1956 and 1958.

He is married to the former Miss Elsie Clout of Rocksprings and they have three children, Mrs. John Lemp of Washington, D. C.; William J. Stroman of Concho County and Mrs. Fred O. Brewton of Levelland.

In announcing his candidacy, Stroman said, "I do not have now, nor will I have, any outside interests or entangling alliances that might tend to influence my decisions adversely to the best interests of the people or interests of this District or to the State. I consider being a ranch owner an advantage since it affords me practical first hand knowledge of the problems and needs of the livestock industry.

Arthur Stuart, Retired Sonora Ranchman Buried In Bryan Sunday, February 11

Funeral services for Arthur Stuart, 88, retired Sutton County rancher, were held in a Bryan funeral home Sunday afternoon, February 11. Mr. Stuart died in a Bryan hospital Friday, February 9. He had been in ill health for several months.

Mr. Stuart was born near Groesbeck in 1874, the son of the late Mr. and Mrs. Tom Stuart. He was married to the former Miss Annie Jackson, also of that area in 1898. The couple moved to San Angelo and made their home there for about two years. In 1900 they purchased a ranch in Sutton County from Keaton

Brothers and lived on the ranch until 1959 when the ranch was sold and they moved into Sonora. In February 1961 they moved to Bryan.

He was a member of St. John's Episcopal Church and Dee Ora Masonic Lodge.

Survivors include his wife; two sons, Henry Stuart of Cotulla and Louie L. Stuart of Bryan; one grandson, Lynn Stuart of Bryan, and two great-grandchildren.

Burial was in Bryan Cemetery with graveside services by the Bryan Masonic Lodge.

Lea Allison To Head Sutton County Heart Fund Campaign During February

For the second consecutive year, Lea Allison will be chairman of Sutton County's annual Heart Fund Drive, Dr. John L. Read, president of the San Angelo District Heart Association has announced.

In accepting the appointment the chairman pointed out that local Heart Fund contributions make possible the support of research and aid scientists in clinics and universities throughout the nation. "Research", he said, "has top priority in the Heart Association program, and in the past 13 years has been responsible for great progress in saving heart trouble victims through new methods of diagnosis, treatment and prevention."

Anyone desiring to mail in their contributions or memorials may do so the chairman said. All checks should be made payable to the "Heart Association" and mailed to Mrs. Marie K. Ellis, treasurer of the Sutton County Unit.

"The heart and blood vessel diseases are still the nation's number one health enemy," Allison said. "I believe that if we can firmly establish this in the minds of the people of our community, they will recognize the importance of putting the Heart Fund at the top of their gift list."

TRAINING IN COLORADO
Stanley Harris, son of Mr. and Mrs. Pete Harris, left Wednesday for Fort Carson, Colorado, where he will receive his basic training with the U. S. Army.

One pressing need now is the move to eradicate the screw worm. I am in favor of returning control of insurance rates and rules to the State Legislature from the State Board of Insurance. As your State Senator I would give the utmost attention and study to all legislation coming before the Senate in order to cast a vote that would be in the interest of good and honest government of the people, by the people and for the people."

Trio Jailed Here After Theft Try Near Fort Terrett

Three men are in Sutton County jail charged with theft after being apprehended by the Sutton County Sheriff's Department Monday night, February 12. The three, James Vernon Lewis, Jr. of Greensboro, North Carolina, Billy Joe Horton and William Edward Gardner both of Fort Hood, are charged with the theft of guns and tools belonging to Billy Frank Turney.

According to Sheriff H. E. Moore the trio spotted Turney's pickup parked in a pasture near Fort Terrett Station and, being almost out of gasoline, were attempting to siphon some gasoline out of the pickup when they were spotted by Ramon Olguin, a ranch hand hired by Turney. Olguin saw the men removing the articles from the pickup and was warned to leave when he attempted to stop them.

Olguin went to Fort Terrett Station and the Sheriff's Department was notified. The car in which the men were riding was stopped and the trio apprehended near the Crockett County line.

Mike Ellis returned Monday from San Antonio where he attended the stock show and rodeo.

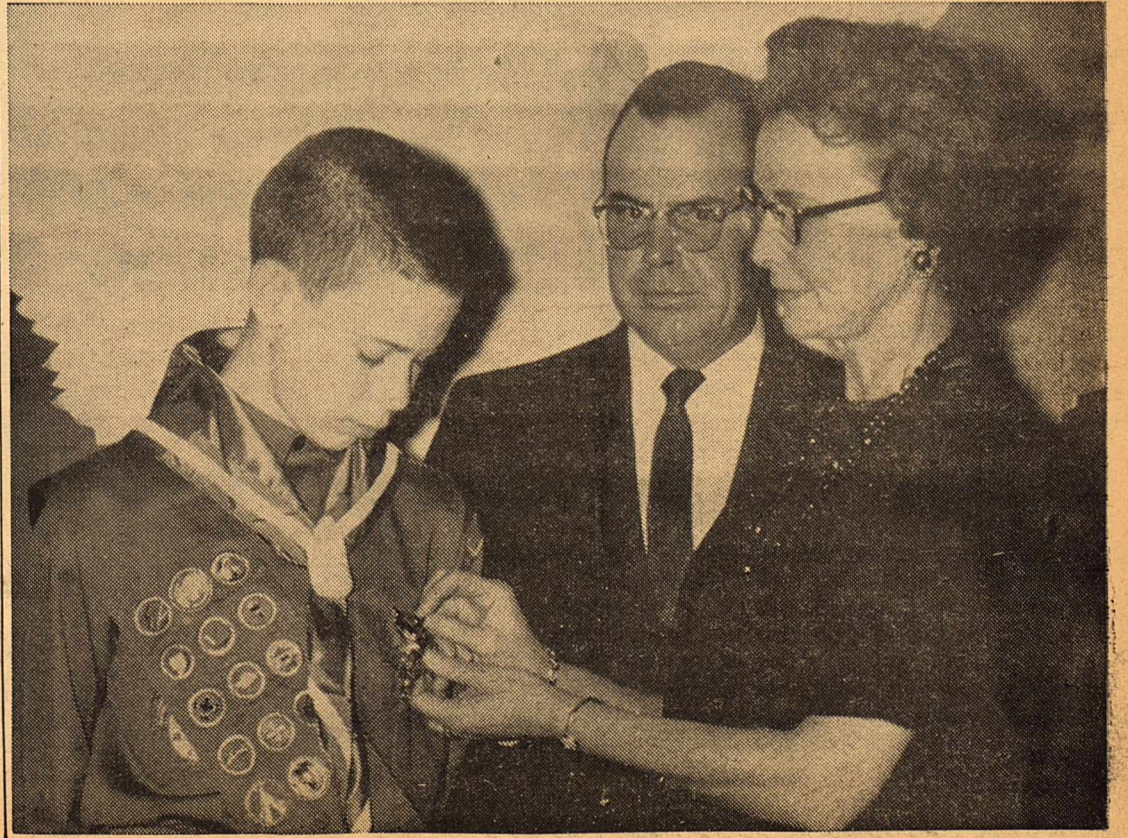

Mr. and Mrs. Phillip Jacoby, Mark and Scott were in San Antonio last weekend attending the stock show and rodeo.

Yvonne Young and Brent Johnson, seventh grade students at Central Elementary School, were crowned King and Queen of Hearts at the annual Valentine Pageant at the school Tuesday evening, February 13. Yvonne is the daughter of Mrs. Lois W. Young and Wesley C. Young. Brent's parents are Mr. and Mrs. Nolan W. Johnson.

Laney Cook, president of the school's Student Council, crowned Yvonne with a crown carried by Chuck Browne. Princesses from the classes in the school and their escorts formed the Court. They were Michelle Rousselot

and Drew Scherz, Alice Ruth Cook and Wade Richardson, Terry Lynn Shurley and Mark Rousselot, Kelly Sue Sentell and Timothy Cole, Cynthia Hopkins and John Schnase, Debbie Wipff and Scott Jacoby, Lucy Bundy and Taylor Jones, Susan Stewart and Jess David Cook, Brenda Dunn and Ted Fish Jane Sawyer and Al Elliott, Linda Ann McBride and Michael Redman and Gilda Ingram and Jim Fish.

Prize Money Winners Announced In Annual SCS Essay Competition

The 17th annual conservation essay contest, sponsored by the Fort Worth Press, has been concluded with approximately 125 essays submitted by Sonora students.

The Edwards Plateau Soil conservation district, which sponsored a local contest, announced the following winners: First Cindy Galbreath; 2nd, Diana Cahill; 3rd, Irene Davis; 4th, Elsie Earwood; 5th, John Paul Friess; 6th, Margaret Bundy; and 7th, Ray Glasscock. Many fine essays were submitted, with honorable mention given to Mickey Hardegree, Buck Bloodworth, Zane Powers, Mary Fay Baker, Larry Moore, Alma Perez, Dick McMillan, Virgie Lou Franks, John Merck, Jan McClelland, Jack D. Wardlaw, Tino Noriega, Kay Campbell, Gil Allison, Carla

Whitworth, and Elsa Martinez. The subject for this year's essay was "Conservation and the Population Explosion". Essays, in general, pointed out that the United States gained 48 million people between 1940 and 1960, and would approximate 215 million people by 1970. World population, now estimated at 3 billion, is expected to reach 6 billion by the year 2000.

The tremendous increase in population, if not decimated by war, pestilence or starvation is expected to put heavy pressure on the soil the source of most of our food, shelter and clothing. Erosion, roads, and urbanization is rapidly taking many acres out of food production. In view of the rapidly expanding population it is imperative that every effort be made to wisely use our soil, for-

ests, range, wildlife and mineral resources.

One essayist, however, expressed the belief that soil conservation is not as important as it used to be. She pointed out that we might obtain food from "the moon and other planets, the ocean, and perhaps we might just take a pill to fulfill our appetite". She closed with "Why conserve the soil when possibly in future years it will seldom be used?"

District supervisors of the Edwards Plateau Soil Conservation District express their appreciation to all of the students who prepared essays. They also thank the teachers who helped with the contest, particularly Bob McMinn, Smith Neal, Harry Hurley and Ralph Finklea.

Devil's River Philosopher Claims Code Of The Old West, TV Style, Needed In Today's Foreign Policy

Editor's Note: The Devil's long as Castro doesn't launch River Philosopher on his bitter- one of those missiles at us, we weed ranch on Devil's River dis- can't do anything. Our hands are cusses a new frontier in foreign tied. We have to sit around relations, his letter this week re- wondering if or when he's going veals. to pull the trigger.

Dear editar: I got tired of working on a solution to the farm problem the other day and just to rest my mind shifted over to working on the problem of foreign relations. This came about because I had just read that Castro reportedly is setting up some guided missile launching sites up in the moun- tains over there in Cuba and they're pointed at the United States, only 90 miles away, which is just about point-blank with one of those things.

Now here's our problem: up to now in international law, what- ever that is, there has been nothing wrong in building guid- ed missile launching sites. So

a gun, it's only when he goes for it that another man is entitled to fire first if he can manage it.

This brings up my contribu- tion to foreign policy. All the United States has to do is to decide what stage in launching a guided missile corresponds to the moment when a gun slinger makes a play for his gun. The code of the West doesn't say you have to wait till the other man fires. No sir. You have to wait only till he starts for his gun, then you can go for yours and shoot him even before he gets his out of his launching pad, I mean holster, if you're fast enough and the law is satisfac- ed.

Right now, not having any guided missile launching sites on this bitterweed ranch to study, I can't say exactly what point in the enterprise corresponds to the move toward a .45, but if some expert in the State De- partment will figure this out, Castro may not be as happy over his launching sites as he thought he'd be and it sure will make things more comfortable. What sort of a life could anybody have led in the old West if people

This is the Ford Fairlane's new Challenger "260" V-8.

There's no other V-8 like it. It's the latest in a series of Ford V-8 triumphs that started back in 1932 when Ford introduced the world's first popular-priced V-8. Today—30 years and 30 million V-8's later—the Challenger "260" adds new fuel to the hottest performance record in V-8 history. It gives you all the time-tested toughness of iron—with a lightness and compactness iron never had before. A muscular 164 hp, this new Challenger "260" V-8 is all snap, sparkle and smoothness. *It runs on regular, yet gives you better gas mileage than any standard-size 6-cylinder car.* Price it and you're in for a surprise—a Fairlane V-8 carries a smaller price tag than some compact Sixes. And, of course, a Fairlane gives you big-car room and fine-car quality you'll find in no other car anywhere near Fairlane's amazing low price. There's never been a buy like Fairlane because there's never been a car like Fairlane; that's why this all-new car from Ford is now out-selling every other "new-size" car!

Archers Report 65 Deer Killed In Texas Hunting

Members of the Texas Field Archery Association reported a total kill of 65 deer in the 1962 hunting season, according to a letter received by E. A. Walker, director of program planning for the Game and Fish Commission. The report was made by Jimmie D. Dickens, secretary-treasurer of the archery organization.

Survey information on 35 of the deer showed there were 21 bucks and 14 does, and they averaged 74 pounds each, field dressed.

There were 13 killed in the October special season hunting; 12 in November, and 10 in Dec-

Vehicle Licenses On Sale At Sheriff's Office

Vehicle licenses for 1962 went on sale Thursday morning, February 1, in the office of Sheriff

and Tax Assessor-Collector Herman E. Moore. The 1962 licenses will be black with white numbers.

License plates assigned to Sutton County will bear the following numbers: Passenger cars JY 2000 through JY 3299; Commercial Trucks 2M 3450 through 2M 4099; Far Trucks 8P 2600 through 8P 2874; Truck Tractors J2 6419 through J2 6458; Trailers B5 8535 through B5 8684.

Mrs. Zilpha Wheelis, chief office deputy, reminds vehicle owners that they must present their certificates of title and 1961 registration receipts in order to purchase new license plates. She also urged owners to get their license plates as early as possible in order to avoid the rush which always develops just before the March 31 deadline.

Doe Reports Needed From Landowners

Landowners who received doe permits for the 1961 hunting season are expected to make their reports to the Game and Fish

Commission at once, according to H. D. Dodgen, executive secretary of the Game and Fish Commission.

These doe permits were issued to landowners for removal of surplus doe deer during the hunting season, with the understanding that unused tags and reports of the kill should be made by February 1.

There were no checking stations in the state during the past ports are needed to make an accurate record of the kill of ant-

lerless deer in those counties where the antlerless harvest was authorized by proclamation under regulatory authority.

In some counties, the killing of a third or bonus doe was authorized, where there was an unusually heavy population of doe. The effectiveness of this program can be determined with a study of the reports.

The landowner should send the report to the biologist in charge of the area.

Birds Begin Spring Move Through State

Spring migration of birds has begun in Texas, although some of the waterfowl heading north for their nesting area have hit new cold waves. But robins have moved into South Texas by the thousands. This is the report reaching Howard Dodgen, executive secretary of the Game and Fish Commission.

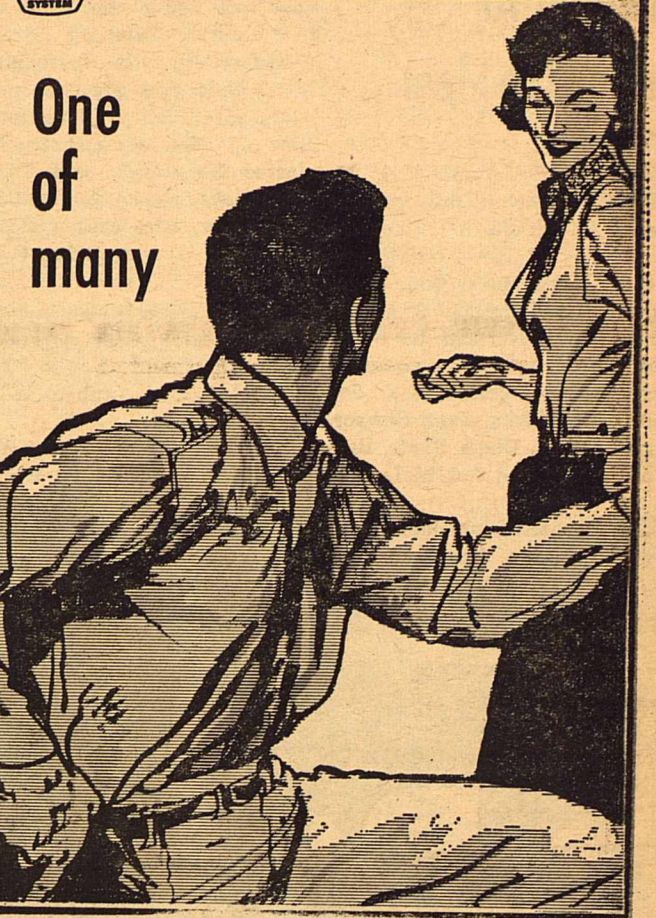

Most interesting news of the week, however, was the an-

nouncement of H. J. Johnson, Aransas Wildlife Refuge manager, that two more whooping cranes had been counted on the refuge. This now brings the total to 38 birds wintering there.

At first it was believed there were only 36 whoopers on the area. However, flights over the area during the past 10 days have proved conclusively that there are now 38 birds, with 33 adults and 5 juveniles.

Johnson also reports the present deer population on the area is approximately 7,200, along with many young javelinas. The quail population is very low, with only two small covies seen following Hurricane Carla last September.

Thank you, Texas Newspapers!

For 20 years, Texas newspapers have been giving the government free space in which to advertise U. S. Savings Bonds.

You've seen the ads: you save more than money with U. S. Savings Bonds. Those ads have sold an impressive number of bonds in Texas, bonds that have helped, and are helping, your government defend freedom at a precarious moment in history, when freedom is in desperate need of defending.

When you buy these bonds you serve well the cause of liberty. You enable your country to build up her own defenses without doing damage to her economy. You insure the future for this and succeeding generations.

The space occupied by the ads that sold those bonds was donated to your government — and that means to you — by the newspapers of Texas.

We thought you'd like to know.

"The public-spirited newspapers of Texas have made an important contribution to the well-being of this country,"

says Ed Gossett, Co-Chairman of the Texas State Savings Bond Committee.

"We are happy to salute the generous newspapers of this State. They have done their part, and more, in giving the public an understanding of the importance of Savings Bonds — to individual buyers, and to the cause of freedom. And they have certainly made this Committee's job easier."

Broncs In Cellar With 2 More Losses

Sonora High School's Broncos dropped two more district basketball games during the past week. Friday night the Broncos lost to district leading Ozona 57 to 40 on the Lions' home court. The Lions took a seven point lead in the first quarter and the Broncos never could close the gap despite Primo Gonzales's 20 point scoring. Hal Long was high point man for Ozona with 18.

Tuesday night, the Broncos knuckled under to Big Lake 59-40. The first quarter saw Big Lake in front by only 10-9 but the Owls launched a scoring attack in the second period and the half ended 28-19 for the Owls. Finn Watkins was high point man with 22 points. Mike Ellis led the Broncos' scoring with 12.

The Broncos meet Eldorado here Friday night.

Marion Downs, Famed Lyric Soprano, To Appear Here Wednesday Night

Marion Downs, nationally known lyric soprano, will be presented in recital called "Magic Melodies", at the First Methodist Church at 7:30 Wednesday evening, February 21.

The talented artist has the distinction of a Fulbright Grant from the U. S. State Department. She was the recipient of an Atkinson Foundation Award for opera and folk studies. She has concertized in the Scandinavian countries, Europe, Mexico and across the United States.

Marion Downs is a graduate of Columbia University with her

Marion Downs

Masters in music; has studied at the Juilliard School of Music in New York City and at the Verdi Conservatory in Milan, Italy.

Mrs. Downs is the widow of the late Karl Downs, young minister who, at his sudden passing, was the president of the then Sam Houston College in Austin. In his memory there is the Downs Memorial Methodist Church in Oakland, California.

As a concert personality, the lyric soprano convinces the listener instantly of her versatility and talent. Her unusual programs are performed to her own

accompaniment. Her singing of Negro spirituals has both warmth and depth. Very naturally her audience is drawn into singing and her stage presence inspires people to respond.

The coming of Mrs. Downs to Sonora offers an unusual treat to music lovers.

**Drive Carefully
More Winter Ahead**

When Old Man Winter puts on a late season blitz, all drivers must sharpen their wits. Rains, fog and storms are certain this time of year. The weatherman may even have to predict blizzards or freezing rain—which becomes of utmost importance to the motorists who "must get through" to their destinations in bad weather.

Highway maintenance crews do a heroic job in keeping roads open for essential traffic in the worst of bad weather, but they need the cooperation of the public which expresses its gratitude in the exercise of caution.

A few foolish and unprepared drivers can tie up traffic for long stretches and for a long time. Law enforcement officers are on duty to aid disabled motorists, of course, but often the reasons for becoming stranded contain evidence of thoughtlessness or neglect.

Certainly the driver who runs out of gas hasn't shown much forethought. The driver whose battery fails hasn't checked this vital piece of equipment recently. The driver whose windshield wiper arms or blades fail to give unobscured sight hasn't taken time to make adjustments which are vital to keep this "visibility insurance" in force. And the driver who has failed to check his car from stem to stern and who forgets to have such vital things as a pair of reinforced tire chains, has neglected his moral responsibility when the going gets rough.

Motorists should beware of highway-rail grade crossings in bad weather. When car windows are closed tightly, hearing is restricted, and visibility is obscured in bad weather. The approach of a train may not be noticed until it is dangerously close. On the approaches to railroad crossings, highway intersections, and ramps leading off super highways, the driver needs to be especially alert and cautious.

Drivers operating during time of storm should keep a sharp lookout for emergency vehicles—which may at times be forced to use "your lane" in their errands of mercy.

I Give You Texas

By Boyce House

Champ Clark received a majority of the votes at a Democratic national convention but he did not receive the presidential nomination. The two-thirds rule was in effect and William Jennings Bryan put up such a fight against some of the elements backing the Missourian that the nomination eventually went to Woodrow Wilson. The nomination virtually meant the presidency as that was 1912, the year that Theodore Roosevelt split the Republican vote by organizing the Progressive Party.

Not long after the election—(so a traveling man who visited Piggott, Ark., related to my friend Herschel Potter, the druggist, and he told me the story)—Bryan was in a city in Clark's Congressional district for a lecture. It was Sunday night and the silver-tongued orator was to speak on a religious subject.

A crowded house greeted him. Many were supporters of Clark and when Bryan rose to speak, someone called out in a hostile tone, "Tell us about the Baltimore convention."

There was a murmur which meant that the heckler had struck a favorable chord. Bryan flushed and said:

"Ladies and gentlemen, if you do not object to such a topic on Sunday, I will be happy to oblige the gentleman."

He then launched into a justifi-

**Lake Lowering
Not Practical
In Texas Area**

Lowering of lake levels in Texas in a fight on trash fish is an impractical proposition because of insufficient water for necessary refill, according to Marion Toole, inland fisheries coordinator.

He points out that in many states the water level can be lowered several times during the spring months, exposing carp and buffalo spawn to sun. This would kill the eggs and prevent heavy spawns of rough fish.

Carp spawn on submerged aquatic vegetation. A drawdown of about four feet is required for each spawning period to expose the adhesive eggs attached to

vegetation. Since carp spawn during a season of about five weeks, a drawdown of about 20 feet would be required to eradicate most of the spawn.

Since the refilling of Texas lakes is uncertain because of lack of rain, this might prove very disastrous. The agencies operating the Texas reservoirs refuse to permit this type of management. Quite a few of the lakes are down considerably anyway because of drawdown for irrigation and power generation. In Austin, Lake Austin has been dropped 12 feet to permit the annual cleanup of the lake and work by adjacent landowners in preparing docks and boating facilities. Lake Austin then will be refilled from Lake Travis, which in turn gets its water from other lakes on the Highland Lake chain.

**Army Reservists
Commended For
Attendance Record**

Seven members of the First and Second Platoons of Troop "B", 15th Cavalry, U. S. Army Reserve have received unit com-

mandation for perfect attendance records from November 1, 1961 to January 28, 1962.

They are Sp 4 Antonio Gomez of Sonora; Sp 4 James Doyle, Sp 4 Gail Mittel, Pvt. Jimmy Mackey and Pvt. Robert Sauer, all of Eldorado; and Sp 5 Howard Huerca and Sp 5 Daniel Rios, both of Ozona.

Also posting a perfect attendance record for the period were Second Lieutenant James Kimrey of San Angelo and Major Bedford Cain of Eldorado. The Sonora Reservists met all day Sunday, January 28, in multiple as the last drill date in January.

AN ORDINANCE

At a regular meeting of the City Commission of the City of Sonora, Texas, held on the 5th day of February, 1962, all members of said Commission being present, Commissioner Fred Earwood introduced a proposed ordinance, which was read in full; and Commissioner W. B. McMillan made a motion that the rule requiring ordinances to be read at more than one meeting be suspended, which motion was seconded by Commissioner Earwood. The motion was carried by unanimous vote.

Commissioner Earwood then made a motion that the ordinance be passed finally, which motion was seconded by Commissioner McMillan, and the motion was carried by the Mayor and both Commissioners voting aye, and none voting no.

The Mayor then announced and declared the ordinance had been finally passed. The ordinance is as follows:

AN ORDINANCE AMENDING THE FIRE ZONE ORDINANCE OF THE CITY OF SONORA, TEXAS, PASSED MAY 17, 1928, PROVIDING FOR FIRE WALLS WITH PARAPETS EXTENDING ABOVE THE ROOF, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF SONORA, TEXAS:

That the Fire Zone Ordinance of the City of Sonora, Texas, shall be amended by adding the following section to Section 4 thereof:

4 (a) All exterior walls, party walls, and division fire walls shall have parapets extending at least eighteen inches above the roof, with the exception of buildings twenty-five feet or more from any other building; and said parapets shall be at least twelve inches thick, except where eight inch walls are permitted by this ordinance, in which case parapets may be eight inches thick.

The fact that the Fire Zone Ordinance does not contain any provision for fire walls to extend above the roof would allow the construction of buildings containing inadequate fire walls creates an emergency requiring the suspension of the rule that ordinances shall be read at three meetings of the City Commission; and said rule is therefore hereby suspended, and this ordinance is put upon its final reading and passed by a vote unanimously, and this ordinance shall be effective from and after its passage, and it is so ordered.

Passed, Approved and Adopted, this the 5th day of February, A. D., 1962.

A. E. Prugel,

Electricity Powers Progress

FEB. 11-17, 1962

During this National Electrical Week, Feb. 11 through 17, take time to take stock. Take a look at the economic health of your community, and at the part flameless electricity has played in it.

Your city's continued economic growth will come from a continued spirit of cooperation, from a continued dedication to the needs of all the community.

We at West Texas Utilities pledge all our facilities and personnel to the continued betterment of all our customers.

And may every week be electrical week!

SONORA SHEARING CREW
BRINGS \$1,500 PAYROLL
BACK HOME TO SPEND

Local shearing contractor Felipe Bernal recently returned from Marfa where he just completed shearing 7,000 sheep. In returning to Sonora with his crew, Bernal has also brought home a \$1,500 payroll to be SPENT AT HOME.

Bernal, Sonora resident for over 50 years, has found it necessary to go out of the county in search of work to keep his machine busy. This has become necessary because of the ever-increasing competition of "foreign" machines.

Bernal's crew offers ranchmen experience, efficiency and dependability.
