## Cancer Fund Drive Underway With \$900 Pledged For County

The 1962 American Cancer Society Crusade got underway this week with a meeting of Crusade workers at the home of Mrs. W. B. McMillan, Crusade chairman. This local task force of some 18 women will be part of a nationwide army of more than 2,000,000 volunteers who will launch the annual fund raising drive.

Beginning Tuesday, volunteers of the Sutton County Chapter of the ASC will call on friends and neighbors with the double-barreled objective of saving lives now as well as in the future.

Right now, half of all cancer patients who will get cancer this year could be cured if their cancers were detected and treated in time, Mrs. McMillan asserted. "Our immediate objective is to help save these lives—an estimated 260,000 men, women and children."

"The long-range objective," she added, "is to save the other 260,000 cancer victims who will get cancer this year. Hope for them rests with scientists who are searching for breakthroughs that will cure all types of cancer or perhaps prevent them."

She further stated that the more money we can earmark for cancer education, the more people we can reach with the life-saving information and the more money that can be invested in cancer research will lead to a quicker solution to the cancer problem.

Working with Mrs. McMillan will be these Crusaders: Mrs. Alice S. Jones, Mrs. J. Wray Campbell, Mrs. Lee B. Fawcett, Mrs. Bill Fields, Mrs. B. H. Cusenbary, Mrs. Melvin Hearn, Mrs. Harold Friess, Mrs. Collier Shurley, Mrs. Alvis Johnson, Mrs.

## Marcos Perez, 57, Longtime Resident Buried Monday

Funeral services for Marcos Perez, 57, long time resident of Sonora, were held Monday afternoon, April 2, at St. Ann's Catholic Church with the Rev. Cyril Hermann, O.F.M., officiating. Perez, who operated a salvage business here, died Sunday, April 1, at Hudspeh Memorial Hospital after suffering a heart attack.

Born December 29, 1905 in Del Rio, Perez came to Sonora with his parents, Salome Perez, Sr. and the late Mrs. Perez, in 1917.

He is survived by his father; his wife; two sons, Ermilio Perez and Ismael Perez, both of Sonora; two daughters, Mrs. Gus Flores and Miss Alma Perez, both of Sonora; four brothers, Salome Perez, Jr., Luis Perez, Ernesto Perez and Alfredo Perez, all of Sonora; three sisters, Mrs. Candido Duran, Mrs. Juanita Mejia and Mrs. Eva Santos, all of Sonora, and several grandchildren.

Burial was in Sonora Cemetery under direction of Ratliff-Kerbow Funeral Home.

## Red Cross Drive \$179.50 Short Of Fund Quota

Mrs. Nelson Stubblefield, chairman of the Sutton County Red Cross fund drive, announced Tuesday that only \$179.50 is needed to meet the county's quota of \$288.00.

Contributions received by Mrs.

## Warren Bailey To Preach Sunday For Presbyterians

Warner McReynolds Bailey, second-year student at the Austin Presbytery Theological Seminary in Austin, will be guest pastor at the morning service of the Church of the Good Shepherd here and at the evening service of the Roosevelt Presbyterian Church on Sunday, April 8.

A native of Orange, Texas he was valedictorian of his high school graduating class. Bailey's college degree is from Texas Christian University in Fort Worth, where he was honored as the outstanding chemistry major, and was named to "Who's Who in American Colleges and Campuses", and was a member of the Horned Frog Band.

Bailey worked as a research chemist for the E. I. Du Pont de Nemours Company in Wilmington, Delaware, before entering the seminary.

With the St. Stephen Presbyterian Church in Fort Worth his home church, Bailey is under the care and sponsorship of the Central Texas Presbytery while attending the seminary.

Curt Schwiening, Jr., a student at Sul Ross State College in Alpine, was a weekend guest of his parents, Mr. and Mrs. Curt Schwiening.

Stubblefield as of that date totaled \$648.50. She expressed confidence that the full quota will be filled.

Contributions to the American Red Cross are tax deductible and may be made to Mrs. Stubblefield or to any one at the First National Bank.

## School Board Elections Scheduled For Saturday, April 7, At Courthouse

Three members of the board of trustees of the Sonora Independent School District and two members of the Sutton County School Board will be elected in balloting at the court house Saturday, April 7.

## JUDGING TEAM ATTENDS LANO JUDGING CONTEST

County Agent D. C. Langford accompanied four Sutton County 4-H Club livestock judging team members to Llano Saturday, March 31. The team competed with 61 other FFA and 4-H teams in the livestock judging contest sponsored by the Llano Chamber of Commerce.

Members of the team are Jerry Shurley, Cleve T. Jones, John Paul Friess and Tom Glasscock.

# Dedications Services Scheduled Sunday For Hope Lutheran Church Building

Hope Lutheran Church will have dedication services for its new church building at 3:30 Sunday afternoon, April 8, with the Rev. A. O. Rast, executive director of missions of the Texas District Missouri Synod, as speaker.

The church was organized in 1957 and was served for a time by pastors from the Eden Lutheran congregation. In 1958 the church called Rev. William Mitschke as its first resident pastor. He served the congregation until 1961 when he accepted a call from St. Luke's Lutheran church at Elizabeth, New Jersey. Other pastors in this area served the church until November 1961 when the Rev. William Petzke moved here to serve as pastor pro tempore.

At first Hope Lutheran worshipped in St. John's Episcopal Church, holding their services on Sunday afternoons. Later the church rented and used the facilities of the Sonora Woman's Club building for its services and activities.

Early in 1961 the congregation began planning its new church building. The Texas District of the Lutheran Church-Missouri Synod promised to help in erecting the church and the architectural of Chakos and Zentner of San Angelo was engaged to design the building.

Members of the church's building committee are Robert Pfluger, Oliver Wuest and Carl Appel of Ozona. Construction was by H. V. Burk Construction Company of San Angelo. Construction began early November and the building accepted by the congregation Saturday, March 21.

Exterior construction is of masonry, redwood and glass and features a stained glass window accented with a gilded cross.

Interior construction is also masonry and is decorated in gray with accents of black wrought iron and blue and green tones. Gray vinyl tile covers the floor and church furnishings are in wrought iron and mahogany. Three Sunday School rooms are separated from the sanctuary by sliding folding doors which may be opened to give the sanctuary a seating capacity in excess of 150. The building also houses a foyer, restrooms and a pastor's study. All are centrally heated and air-conditioned.

Pastor Petzke and the congregation extend a cordial invitation to the community to be present at the dedication service.

## No Quarantine To Be Imposed In Screwworm Control Program

By D. C. Langford  
Individual ranches or farms on which screwworms are found will not be quarantined, advises Dr. R. G. Garrett, executive director of the Texas Animal Health Commission in Austin. Authorities must have reports on all suspected screwworm

cases at once in order to conduct the eradication program effectively. Livestock owners who report screwworm cases promptly will get the earliest and most thorough relief.

If worms are found in animal wounds, their identity should be established as quickly as possible. Ranchers in Sutton County should collect 10 or 12 worms from the wound, put them in a bottle of water or alcohol, and bring them to the ASC Office, the Chamber of Commerce office,

or the County Agent's office. These samples will be sent to Screwworm Identification, A. D. E., U. S. D. A., Box 969, Mission, Texas. Identity of the worms will be made known to the owner immediately and control measures will be started.

Screwworms generally become active in Sutton County around the first of April, so it is very important that we are alert and report the first cases found in order to prevent their spread in Sutton County.

## Lions Roar

Members of the Sonora Lions Club honored winners in the recent "I Am An American" essay contest and saw a film at this Tuesday's meeting at the First Methodist Church. Honor guests of the club were Bob McMinn, high school English teacher, and his three prize-winning students, Mike Evans, Elaine Mears and Margaret Sanchez.

John R. Tedford, Jr., program chairman for the month of April, also showed a film of a portion of the world tour recently made by Mr. and Mrs. E. S. Mayer. The film covered visits to Australia, Japan and Hong Kong. Dr. W. C. McCully of College Station was a guest.

## Devil's River Philosopher Says Supreme Court Decision Relieves Rural Areas Of All Future Blame

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River tries to interpret a Supreme Court decision, his letter this week indicates.

Dear editor:  
This thing is a little complicated, but as I understand it, Congressional districts are supposed to shift when the population does, so one district with a few thousand voters won't have the same voice in Congress a district with a million votes has, or something like that, and the Supreme Court has ruled that if a state won't re-district when its population shifts, the people can sue and the Federal government has a right to make it re-district.

I don't think I've made this very clear, which is understandable since it's not clear to me, it's sort of like a psychologist with an I.Q. of 99 trying to measure the IQ of somebody who possibly has 140, but what it boils down to is that the experts are

now saying that the Supreme Court ruling will mean that the balance of power in this country will shift from the rural areas to the metropolitan areas.

A lot of people regret this, but I would like to say, as a man from a rural area—and it's harder to get much more rural than this bitterweed ranch—that the decision suits me fine.

The shape the world's in today, I don't want anybody pinning the blame on us country folks. I say, let's get all the states re-districted as soon as possible and let the city people try running things for a while. I don't say they can do it any better, nor judging from the way the average city operates with one headache after another, but when it's impossible to run something successfully, my policy is to let somebody else get the blame for the failure.

Agriculture for example might be in the same shape, with or without a Washington farm program, but it's a lot handier to

## Ranchmen-These Instructions Are Vital To Follow In Controlling Screwworms!

Measures for livestock producers to take for individual assistance in screwworm eradication:

1. Inspect all livestock frequently. Pay particular attention to the navels of new-born animals, a favorite site of the screwworm.
2. Collect ten maggots from every infected wound after treatment. Place in a container of alcohol or water, and take to County Agent D. C. Langford, ASCS Office Manager Marie K. Ellis, or H. V. (Buzzie) Stokes, manager Chamber of Commerce.
3. Do not move animals from any area unless all wounds are treated with a recommended insecticide. Be sure to follow directions on insecticide label.

District Clerk J. D. Lowrey does not expect that the jurors will be retained long or rather that there will not be much court, without referring to the docket he thought that were about four felony, and five or six civil cases to be disposed of. Asked if there were any divorce cases for this term, he said there were three but that they were included in the civil cases enumerated. It struck the News that divorce cases were univul.

## Report Made For First Season On Sandhill Cranes

The report of the first open season on sandhill cranes in Texas was made at the Central Flyway Waterfowl Council Technical Meeting in Denver last week, by A. J. Springs, wildlife coordinator, Texas Game and Fish Commission.

According to his reports, the average weight of the cranes killed in Texas last year was 6 1/2 pounds on juveniles, and slightly more than 7 pounds on adult cranes.

The sandhill crane season was authorized in West Texas and New Mexico last year to harvest the surplus of this game species. Although no official state-operated checking stations were set up, spot checks were made by Game Department personnel in various hunting areas. It was estimated that approximately 2,100 hunters went after cranes, and approximately 1,900 birds were harvested.

Springs also pointed out that fewer depredation complaints have been received by the Commission since the opening of the season.

A statewide inventory of sandhill crane populations made in November and December by warden personnel in 183 of the 254 counties in the state indicated no unusual movement of the birds as a result of the hunt.

It is estimated that at least half of those who develop cancer could be saved through earlier diagnosis and prompt treatment. The 1962 Crusade of the American Cancer Society urges you to "Fight Cancer With a Checkup and a Check-To Cure More, Give More."

## YEARS AGO

March 2, 1907

The oyster, cake and coffee supper given by the Woodmen Circle ladies at the Decker Hotel, on the night of Washington's Birthday, was a financial and social success. The dancing crowd materially assisted in making it a paying proposition. The service was good and the tables well attended.

Bob Lowrey who has a big horse ranch in Montana, was visiting his brother John Lowrey this week.

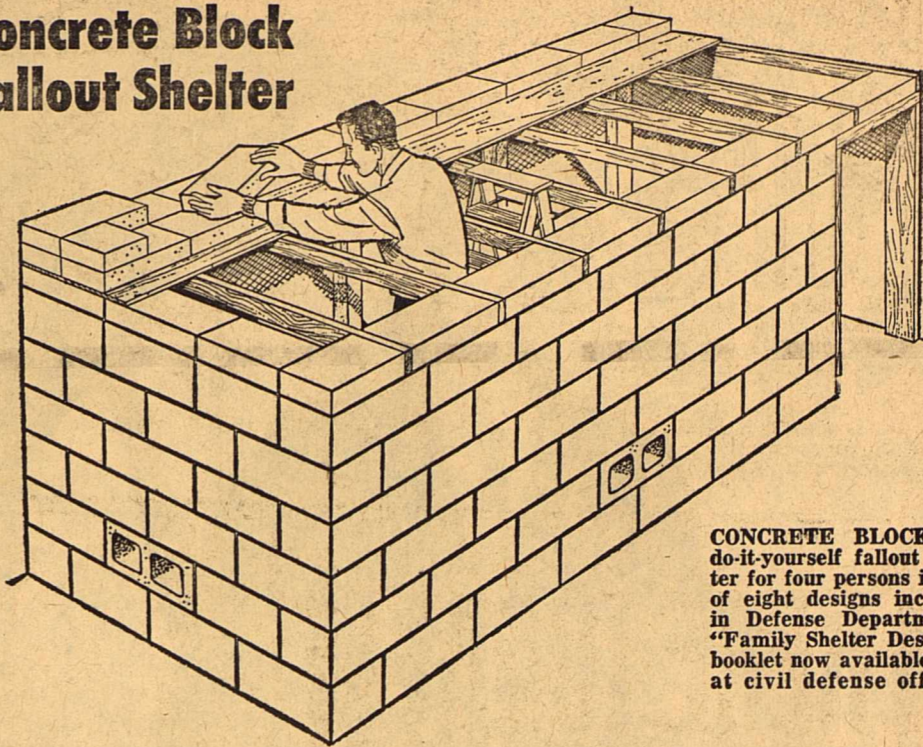

The Washington Birthday dance in Sonora last Friday night, was an old time success. For some reason the "Fancy Dress" feature was not carried out, but the ladies were charmingly attired and the men just as fancy as usual. Probably fifty couples engaged in the pastime and there were a large number of spectators present. The music, the floor and the place brought other days vividly to mind.

A splendid rain fell in Sonora Saturday night and Sunday morning and extended in all directions for considerable distance. It was a very welcome visitation for the sheepmen and in fact was a benefit to all interests. The downpour was about one inch at Sonora and is reported heavier in the south east.

The rain Thursday night at Sonora was one-tenth of an inch, but does not appear in this week's summary, because of the record for day being taken at sun down.

# Live it up!

Presenting the cars  
for the lively life:  
3 New Lively Ones  
from Ford!

### New Galaxie 500/XL!

Start this one and you really start something. Available with Thunderbird V-8 power up to 405 hp (coupled to a 4-speed stick shift), the XL outperforms America's most expensive cars. Standard features include all-new bucket seats with a Thunderbird-style console in between. The XL needs service only twice a year, or every 6,000 miles. Hardtop or convertible. Definitely not for pedestrian tastes!

### New Falcon Sports Futura!

Here's a hot new number from the compact leader. The tempo starts fast with foam-padded bucket seats and a handy console in between... hits a new high note with a stylish new Thunderbird roof (vinyl-covered if you want it)... then goes into the lively melody of an optional 170 Special Six engine. Economy with a flair is the Sports Futura idea... it's priced below many standard compacts.

# FORD

### New Fairlane 500 Sports Coupe!

Don't flirt with this one unless you mean it. It has foam-padded bucket seats with a console in between... and an all-new optional "260" Challenger V-8 that packs 164 hp. Fairlane's room, ride and performance are bigger in every way, but this new fine car costs less than many compacts.

## Mrs. McCoy Named PTA President At April Meeting

Mrs. W. A. McCoy was re-elected president of the Sonora Parent-Teacher Association at its Tuesday, April 4, meeting at the school cafeteria. Other officers named were Doyle V. Morgan, first vice-president; Mrs. Tommy Smith, second vice-president; Mrs. Hillman D. Brown, secretary; Mrs. George D. Wallace, treasurer; Mrs. Herbert Fields, parliamentarian; Mrs. V. T. Cook, historian; Mrs. James Morris, publicity chairman, and Ralph J. Finklea, auditor.

Other business transacted included the hearing of a report by Mrs. Fields, president-elect of the 2SC Council, who announced a school of instructions in leadership training to be held at Eldorado April 12. Those interested in attending the school should contact Mrs. Fields. Mrs. McCoy reported on the spring conference in Del Rio which she, Rex. W. Lowe, Ralph J. Finklea, Troy W. Selzer and Mrs. Alfred Bermea attended.

Dr. R. M. Cavness, president of San Angelo College, spoke to the group on lung cancer. He reported incidence of this particular form of cancer to be on the increase while fewer cured cases are reported.

Homemaking students of Mrs. A. E. Prugel modeled garments they have made in class during the year. Elaine Mears, Delia Duran and Alta Lee McKenzie modeled wool suits they made for the Make-It-Yourself-With-Wool contest earlier this year. Second year students modeled dresses and first year students modeled spring skirts and blouses. Stage decorations were furnished by Joseph's Department Store.

Sixth grade mothers were hostesses at the social hour following the meeting.

## Music Club Hears San Angelo Group At Hunt Home

Several members of the San Angelo Philharmonic Society presented a program of "Portraits from the Opera" for the Sonora Music Club at a meeting Sunday afternoon, April 1, at the home of Mrs. Bryan Hunt.

Mrs. Claude Beall, pianist, accompanied soloists and vocal groups in singing favorite selections from well-known operas. Mary Howe was narrator.

Performers and their selections included John Edward Carlson, "Che Gelida Manina" from Puccini's "La Boheme"; Eddie Lou Neel, "Jewel Song" from Gounod's "Faust"; John Edward Carlson, Eddie Lou Neel and Eldon Black, "Anges Purs, Anges Radieux" by Gounod; Eldon Black, "II Lacerato Spirito" from Verdi's "Simon Boccanegra"; Bonnie Park, "Caro Nome" from Verdi's "Rigoletto"; Carroll T. Aly, "Siegmund's Love Song" from Wagner's "Die Walkure"; and Louise Snell and Marie Watkins, "Fu la sorte dell' armia" from Verdi's "Aida".

At the tea hour which followed, refreshments were served from a table covered with a lace cloth and centered with an arrangement of mixed spring flowers. Mrs. Norman W. Rousselot and Mrs. S. M. Loeffler alternated at the coffee service.

Co-hostesses with Mrs. Hunt were Mrs. S. M. Loeffler, Mrs. Oliver Wuest, Mrs. F. H. French and Mrs. Monty Yants.

Mrs. Brad Henley and daughter Dixie returned to their home in Hubbard Friday after spending several days visiting her parents and sister, Mr. and Mrs. G. T. Rode and Gail.

**TIPS for OUTDOORSMEN**  
by Vern Sanford

**Play Your Fish-**  
Never "horse in" a fish. Chances are you'll lose it. Instead, "play your fish." So long as your line is tight and the rod bowed, the fish has little chance of throwing the hook.  
Don't reach for the fish until it's pooped, belly showing. Then, use your landing net, if you have one. If not, grab the fish firmly over its back, just behind its gills. This partially paralyzes it.  
Hold firm until the fish is securely in boat.  
**Check Your Flies-**  
Check the bite of your flies if you have trouble keeping the striking bass on the hook.  
Some of the heavier flies have too small a space between hook and fly. This causes the hook to fail.  
Spread hook point farther away from the fly body if you have this trouble.  
**Bottom Bouncing for Bass-**  
When bottom bouncing for bass you will catch more fish if you handle your lure in such a way that it rolls up the bottom sand and mud.  
Such action attracts more fish than does a straight retrieve and bounce.  
To accomplish this, drag the lure a short distance along the bottom, after each bounce.  
**Emergency Bait Idea-**  
Salt water fishermen sometimes find themselves far from shore with an empty bait bucket.  
Should this happen to you, try cutting a belly strip from almost any medium weight fish you may have caught.  
Cut a rough triangle, then slice toward the tail, making indentations for wings to stir up action when trolled.  
Sew to leader with half-stitches to take trolling pressure off the hook.  
**Sure Getter-Upper-**  
Nothing is more exasperating than to oversleep and miss the early-morning golden hours of fishing.  
If you're camping out—open the valve of your air mattress as soon as the alarm goes off. It won't take long for the air to leak out.  
Have you ever tried sleeping on a deflated air mattress?  
**Good Substitute Gaff-**  
Next time you leave on a fishing trip, without your gaff, look for a bailing hook such as farmers and ranchers use. In fact, most farmers will lend you one.  
Such hooks can be bought in most country stores at small cost.  
**Warn Ships With Foil-**  
Salt water fishermen who pursue their sport near the shipping lanes should carry a good-sized sheet of aluminum foil to hoist should a fog close in unexpectedly.  
The metal foil enables any passing or approaching ship to detect your whereabouts on the ship's radar.  
**Novel Garfish Bait-**  
To catch large garfish try this:  
Attach a fair-sized plug to a long piano wire leader. Then wrap part of a squirrel pelt around the plug, and sew or pin in place.  
Gar seem to really go for this offering.

**Cushion Jaws of Pliers-**  
When working on delicate parts of fishing equipment with pliers or wrench, cushion jaws of these tools with small trips of adhesive tape for protection of parts.  
**Thumb Causes Backlash-**  
Backlashes usually are not caused by your rod, reel, or line. They are caused mostly by improper pressure of your thumb.  
**Use The Right Lure-**  
Gamefish, such as bass, are predators who live by eating smaller fish.  
Small fish are quicker in movement than the predator bass, so the big bass hide around stumps, lily pads, etc., to surprise them.  
Your lures must imitate these small fish if you are to fool the big bass. And they must be presented just right!  
Here are a few suggestions:  
Work the shoreline with surface lures such as chuggars. If you get no strikes at surface, or near surface levels, try one of the sinking baits like a river runt.  
Should you still have zero luck, chances are the fish are somewhere else. So experiment with jig and eel, or similar bait, among the lily pads and moss pockets.

**Antlerless Deer Figures Released**

There were 3,567 antlerless deer taken in the 1961 season in the eight county section making up the Possum Kingdom Game Management Area, according to a report released this week by Clyde Holt, wildlife biologist in the area.  
Only 42.56% of the antlerless deer permits issued were used by hunters. In Bosque County there were 170 bonus deer tags issued. However, only 43 of the bonus tags were used.  
In Brown County, there were 819 antlerless deer permits issued to 80 landowners on 57,330 acres. This represented an antlerless deer permit for each 70 acres in the county. There were 445 antlerless deer harvested in the county, which represented an antlerless deer kill of one to each 128.8 acres.  
In the eight county area, made up of Bosque, Brown, Ellis, Erath, Hood, Jack, Palo Pinto, and Stephen counties, there was a total of 8,380 antlerless deer permits issued to 1,048 landowners on 1,138,416 acres. Most of the permits were in Jack County, which received 2,653 antlerless permits.

**STEEL IGLOO** fallout shelter, more roomy than corrugated pipe type shelters of steel, could be self-assembled for about \$175 from prefabricated sections available in department stores, building supply outlets and mail order firms. **Shelter Design Book Available**

Those wishing to build their own home fallout shelters can now obtain the most up-to-date information through a handbook, "Family Shelter Designs," just distributed by the Department of Defense.  
The booklet, prepared by the Defense Department's Office of Civil Defense, provides designs and detailed construction data for eight fallout shelters of different types. They range in cost from \$75 to \$850. All would cut to at least 1/100th the amount of outside fallout radiation reaching occupants.  
These shelters, the booklet explains, are designed for "use by families who do not have access to community shelters or who prefer that their shelters be at their homes."  
The handbook may be obtained from local Civil Defense offices or by writing to Office of Civil Defense, Department of Defense, Battle Creek, Mich.

# Sonora Long Time Leader In Texas Racing Circles

(Editor's Note: The following story is being reprinted, with permission of the author, from an article in the April issue of the magazine "American Quarter Horse Journal".)

By Jim Seabrook  
Quarter Horse Racing, and many of our great Quarter Running horses of today, can attribute a great deal of their status and success to a small but very active Quarter Racing town called "Sonora".

Sonora, lying 2,230 feet above sea level, is located in the heart of the Edwards Plateau Region of Texas. Sixty-seven miles southwest of San Angelo, its elevation gives cool, pleasant, summer evenings.

Sonora is proclaimed by its 3,250 citizens the "Friendliest Town in West Texas". Having been there, it would be hard to dispute their slogan.

The quiet, contented, but industrious town has a not too old but most colorful background. According to Buzzie Stokes, manager of the Sonora Chamber of Commerce, in the 1880's and 90's the sheepmen would winter their flocks, without water, on what is now the townsite. This was possible because of the abundance of lush green vegetation. After the winter, the sheep were driven back to water holes to spend the summer months.

A pioneer named Adams, Stokes related, brought his sheep in one particular winter and set up camp. After enjoying a couple of beautiful serene West Texas

mornings, Mrs. Adams decided this was the land in which she wanted to settle, and readily convinced her husband of that fact.

Adams bought a section of land to find later that he had bought the wrong section. Since the land belonged to a New York Syndicate, he sneaked off to New York to buy the correct land before anyone else heard about his mistake. He bought the correct section on the second go-round and thus began the town of Sonora, Texas.

According to old-timers, "Short-Horse" races have been popular around Sonora since the 90's. Such noted horses as "The Traveler, Gussie Sykes, Mamie Sykes, Judge Thomas, Midnight, and other great foundation horses of the breed raced at Sonora in the early days. Reportedly, there were a lot of colts and fillies sired by Harmon Baker which were raced at Sonora all, of course, before records were kept.

Also, there were numerous colts and fillies raced there which were sired by Little Joe, Uncle Jimmie Gray, and before that a lot

of Sykes' mares and horses.

Bud Stokes, one of Sonora's elder citizens, Quarter Horse Breeder and Racer, now a Cattle Broker, recalled a match-race between Judge Thomas and Mamie Sykes around 1898.

"There was just a doggone bunch of money up on that race," Stokes said, "everybody in the country, seemed like, was there to see it. They were starting lap and tap, of course, and it took a long time to get the race started."

Stokes went on to say that, "John Stokes, my uncle, owned Mamie Sykes at the time and John Cooper of Sonora owned Judge Thomas. Course I was just a little kid at the time, but I remember that it was a hard fought race all the way. They were running the quarter and along toward the end of the race Judge Thomas pulled out in front and just barely won by a head."

"That same year, they took Judge Thomas to Montana and he was supposed to have set a world's record for the quarter

mile," Stokes related.

An editorial by James Hunt and Ralph P. Mayer, written for the Devil's River News, published at Sonora, stated that, "Another well-known horse in this area was Little Joe by Traveler, owned toward the end of his career by O. W. Cardwell of Junction. The dam of Little Joe, Jenny II, was by Sykes Rondo, foundation sire of the Sykes family. Another well-known horse owned by Cardwell was Sam King, a great producer of broodmares. Sam King was by Hondo, which was by John Crowder, which was out of Paisana. Paisana was the mare which produced most of the foals by Old Billy that developed the Billy Family."

Many of the foundation sires and mares of the Quarter Horse breed have been in or near Sonora at one time or other. "The Traveler was reported to have been match raced in Sonora at one time.

According to Helen Michaelis in her "Quarter Horse Blood Lines" recorded in the Volume 1, Number 1, AQHA Stud Book, John Cooper of Granbury, Texas traded a mule for Traveler and later the famous sire was moved to Alice, Texas.

Whether the John Cooper mentioned above is the same John Cooper of Sonora is not known to this writer, however, it seems feasible that since Traveler was in that part of the country he could very likely have been raced at Sonora. To back up this theory, John Cooper of Sonora owned and raced Judge Thomas, a son of Traveler.

In more recent years, the names of Jap and Nell Holman of Sonora were quite well known in West Texas and Sonora Quarter-Racing circles. Jap had a well-known horse, to people in
