No one really knows where the word "Yankee" comes from, but it was popularized in the 1700's by a Massachusetts farmer named Jonathan Hastings. Hastings used the word to express the idea of excellence, speaking of a "Yankee good horse," or "Yankee cider".

Some of the first "dog tags" were devised by Civil War soldiers because of heavy casualties. A soldier often wrote his name and address on a piece of paper and pinned it to his uniform before going into battle.

Three o'clock Saturday afternoon the first of a series of cash drawings sponsored by the Retail Sales Committee of the Sonora Chamber of Commerce will be held in front of the First National Bank on Main Street. Merchants participating in the Bonus Dollar promotion have been issuing tickets in the pro-

portion of one ticket for each two dollars in cash purchases or paid on account. Customers sign their names on the back of the tickets which are then placed in the store's container. All individual containers will be emptied into the single large drum from which the winner's name is to be drawn.

Judging Teams 3rd, 4th In State 4-H Contest

Sutton County 4-H wool and mohair judging teams placed third and fourth in the senior and junior divisions of the State 4-H Wool and Mohair Judging Contest held in San Angelo Saturday, May 26, according to County Agent D. C. Langford.

The Senior team of Libb Mills Wallace, Ray Glasscock, Tom Glasscock and Diana Cahill was third with 1,920 points. San Saba County 4-H was first with 2,046, Bandera County 4-H second with 2,030, Crockett County 4-H fourth with 1,871 and Kimble County 4-H fifth with 1,781.

The Junior judging team of Louis Wardlaw, Robert Brown, Mark Shurley and Debra Wardlaw was fourth in their division with a total of 1,632 points. San Saba 4-H was first with 1,886, Crockett 4-H second with 1,695, Bandera 4-H third with 1,632 and Kimble 4-H fifth with 1,560. Louis Wardlaw was fifth high individual with 578 points.

Occasional thunderstorms with little moisture continue to set the pattern for May rainfall. Good clouds dotted the Sonora area Monday night, but most ranchmen recorded only a trace. Showers reported included 40 on the Lea Allison ranch; Gene Wallace .50; Glen Richardson 1.00 and Libb Wallace .60.

Last Friday evening rainfall was more generous in a small area west of Sonora, and in the City itself. Lin Hicks reported a whopping 2.50; Hospital Ranch 1.2; W. F. Berger (O'Leary) .90; L. P. Bloodworth 1.00; Rip Ward 1.15; David Shurley (deBerry) .75; and John Ward .50.

Rainfall dropped off quickly north and east of Sonora with

Joe Logan receiving .07 to .12; James Hunt .13 to .28; Vestel Askew .12 to .25; W. L. Miers .30 to .40; Stella Keen .30 to .35; and the Hunt and Neill ranch near the Hospital received .41.

"The current dry weather is an unwelcome but factual reminder that drought is a common feature of our climate," said E. B. Keng, SCS technician. "Ranchmen can plan ahead and largely prepare for short drought periods by keeping a good grass cover on the land, and by carrying some dry animals or culling breeding herds when drought occurs," he added.

The current drought extends throughout the central and southern states, with many areas reporting the driest May on record.

Methodists Plan Dedication Of New Buildings Sunday

The public is cordially invited to attend Dedication Services for the educational building and parsonage of the First Methodist Church at the church at 7:30 Sunday evening, June 3.

Bishop Paul V. Galloway of San Antonio, resident Bishop of the San Antonio-Northwest Texas Area of the Methodist Church, will conduct the dedication service, assisted by the Rev. Doyle W. Morton, pastor.

The buildings were built in

1956 at an initial cost of approximately \$60,000.00. Since that time furnishings, air-conditioning and other additions have been made at an estimated cost of \$10,000.00.

The late E. A. Brodhead was chairman of the building committee which planned and completed the building project during the ministry of the Rev. W. H. Marshall. Donald Goss of San Angelo was architect.

A reception and open house will be held in the parsonage and educational building immediately following the service of dedication.

Bishop Galloway was elected to that post in June 1960 and assigned to this area of the Methodist Church at that time. He is a native Arkansan and held pastorates in his home state from 1928 to 1950. He was pastor of the Boston Avenue Methodist Church in Tulsa, Oklahoma, from 1950 until his election as Bishop. He administers the work of the Methodist Church in the Southwest Texas and Northwest Texas Annual Conference, comprising more than 640 churches with a total membership of about 222,000.

Devil's River Philosopher Comes Out With Solution To Problem Of Candidates Interfering With TV

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River discusses what he considers a vital problem this week. It might be. Dear editor:

Since nobody else seems to be working on this problem, I have decided to give it some thought. The problem is: what can the country do about candidates interfering with television programs during a hot campaign?

Everybody knows how important it is for a candidate with the guaranteed solutions to vital problems all the way from atom bomb testing to government waste to the salvation of civilization, to get on the air just ahead of an election and say so, makes no difference whether he's running for Justice of the Peace or Governor or the U. S. Senate. And yet everybody knows the groans that go up when the people settle down to see Gunsmoke and hear an announcer say the following time has been bought and paid for at regular commercial rates by somebody who is running for the State Legislature, Place 19.

Now I'd be the first to agree that the people need to be informed, and they need to be entertained, by television, although there have been times when I have been more entertained than informed by political speeches and more informed than entertained by entertainment programs.

But here's the thing: it's not fair to the people to have Gunsmoke, for example, put off the air temporarily for a political speech they don't want to hear, and it blamed sure ain't fair to the candidate to be the one who does it.

But I have hit on a solution. We can have both, at the same time. Haven't you noticed in a Western or nearly any other TV drama there are long stretches of silence, like when the killer and the marshal are stalking each other just prior to the slow-down fight?

Why couldn't TV producers stretch these stalking periods out a little longer and let a candidate come on for a few words connecting the election of him with the preservation of civilization? When the marshal is chasing the outlaw on horseback in a Western, or the private detective is chasing the killer by car in an Eastern, why not let them go two miles or ten blocks longer, as the case may be, and during the silence work in some more of the candidate's speech? Then everybody can go to bed, entertained and informed, and not sure which he's the sleepest from.

It's worth thinking about. This is a serious problem and needs solving right away.

Yours faithfully,
J. A.

Mrs. H. V. Morris will spend this weekend in Austin visiting her daughter and family, Mr. and Mrs. Jack Wheatley, Jeff and Karen, and in Marlin with her other daughter and family, Mr. and Mrs. Tex Farr, Dennis, Sherry, Regina, Bobby and Frank.

Mrs. G. E. Berry of Fort Worth has been a guest of her daughters and families, Mr. and Mrs. Lea Allison, Susan and Cha Cha, and Mrs. Katharine Linthicum, Suzy and Prissy. Mrs. Berry attended commencement exercises at which Prissy received her diploma.

Mr. and Mrs. John Eaton have as their guests their daughter, Mrs. Gene Groom and children Diana and Mark of Springfield, Missouri. Eaton met them at the airport in San Angelo last Tuesday and they visited with his mother, Mrs. J. D. Eaton, before returning to Sonora.

Arlington National Cemetery Built On Lee Estate

Arlington National Cemetery, home of the Unknown Soldiers, is a memorial not only to those who have died for the United States, but also to the man who tried, reluctantly, to divide the Union.

The cemetery is built around the home of General Robert E. Lee and stands on land that once formed part of the Confederate general's estate. In fact, Arlington is the original name of the property, located on the Potomac River in Virginia.

The home was built by a grandson of Martha Washington, whose great-granddaughter was Lee's wife.

During the Civil War, the Union army occupied the estate and used it as a training camp and a field hospital.

The cemetery is probably best known for the tomb of the Unknowns of World Wars I and II and the Korean War, guarded by a sentry 24 hours a day. But there is also a monument to more than 2,000 unknown soldiers who died during the Civil War.

YOUR MINISTER SAYS

By Doyle W. Morton

On Memorial Day we turn our thoughts to those who have given their lives for our nation. It is not enough just to think of them. We should live in such a way that their deaths shall not have been in vain. These died to give us freedoms that were cherished by the Founding Fathers. Freedom was held to be sacred to man. Those who are remembered on Memorial Day gave their lives to protect these freedoms. These are freedoms for which people gave their lives. They are, also, freedoms for which we should live. The best way to keep Memorial Day is to re-examine the way we live each day. Do we justify the sacrifices that have been made to give us the many freedoms that are ours? The children of Israel were commanded, "You shall blow the trumpets over your burnt offering and over the sacrifices of your peace offerings; that they may be to you for a memorial before your God: I am the Lord your God." Numbers 10:10. They had a sacrifice for peace. We, too, have a sacrifice for peace. It is left to us to live for the things for which these men died.

Let us turn to God and re-dedicate our lives. Jesus died that we "might have life," and that we "might have it more abundantly."

Edwards Plateau Soil Conservation District News

By E. B. Keng
Soil Conservation Service

Good soil and sufficient water are two of our basic, God-given resources. Out of these basic resources have grown much of our State's wealth and power. They have been essential to the growth and expansion of our Texas economy and population. They will continue to be essential to future development," so said Governor Price Daniel in his opening greetings proclaiming the week of May 27-June 3 as Soil Stewardship Week in Texas.

He continued, "Every citizen bears responsibility for the good stewardship of these vital resources. The Soil Conservation

Districts, Watershed Districts and all individuals and organizations interested in the conservation and development of our soil and water resources are making significant progress in this work. Soil and water conservation and development are important to the continual strength of Texas and the stability of the economy."

J. G. Phillips, Jr., chairman of the Soil Stewardship Committee, Association of Texas Soil Conservation Districts, and Lynn Pittard, soil conservationist for the Texas Agricultural Extension Service, reported that churches in every section of the State have planned special services for the observance. They hope that all citizens will attend and participate.

Chairman Phillips said, "It behooves all Texans to pause in their busy lives and offer thanksgiving unto our Lord for the super abundance that we enjoy. All must be made aware that from Mother Earth all that sustains life has its beginning; that we must protect it, husband it, and enrich it so that future generations of Texans may not be in want. Truly the earth is the Lord's and we are but its caretakers and guardians.

Soil Stewardship Week is sponsored nationally by the National Association of Soil Conservation Districts.

Fishing Arrests Top Violations In April Report

Three South Texas telephone fishermen last month dialed the wrong number. One was fined \$160, and lost his fishing license, and two were fined \$80 each and lost their licenses. They were charged with using an electric device to take fish, a practice commonly known as "telephoning."

Game warden during April made 251 arrests, and court fines and costs amounted to \$7,049.50, according to the monthly report of J. B. Phillips, coordinator of law enforcement of the Game and Fish Commission.

Most of the month's violations were made by persons fishing without a license. There were 141 sports fishing violations, 7 fish dealer violations, one commercial fisherman and one oyster dredging violation.

Night hunters also continued to plague game wardens, and 19 persons were arrested for hunting at night and headlighting game. Eleven persons were arrested for hunting from an automobile. Ten oyster fishermen were fined for possession of small oysters.

Jo Addah Johnson, who has been attending Sullins College in Virginia, will spend the summer with her family, Mr. and Mrs. L. E. Johnson, Jr., Jessie Lem and Janet.

Bill Karnes will leave Saturday for San Marcos where he will attend Southwest Texas State College during the first summer term.

Mrs. Marie K. Ellis is spending this week in San Antonio.

Mr. and Mrs. B. H. Cusenbary have as their guests their granddaughters, Susan and Kelley Cusenbary of Hondo.

IN THE YEAR OF

August 17, 1907
BIRTHDAY PARTY

Frank Decker celebrated his 11th birthday Wednesday, Aug. 7 by giving his young friends a play party. The following is a list of the young people present: Anna and Mable Morris; Asa Gailey, Harvey Morris, Edith Trainer, Erma Holman, Alice Trainer, Ralph Trainer, Amega Mims, Rosa Word, Hattie Glasscock, Maudie Berry, Beatrice Glasscock, Mary Salmon, Winnie, Hanie and Tom Davis, Joe Thomason, Velma and Miers Savell, Annie Thomason, Mamie Thomason, Manilla Smith, George Trainer, Nellie Rountree, Marie Lowrey, Grady Lowrey, Fritz Meckel, John Bird Salmon, Clyde Salmon, Henry Decker, Jim Decker, Ruth Morris and Jewel Decker.

Delicious refreshments were served and everybody had a good time.

Mr. and Mrs. Jess Mayfield and son Ed have moved to Sonora and are occupying the Newell place in East Sonora.

Mr. and Mrs. A. B. Awalt of Katemy, Mason County, were in Sonora several days this week visiting their daughter Mrs. J. D. Lowrey. They also visited Mrs. Awalt's sister Mrs. Sam Stokes on the ranch.

Form a Civic Cleaning Company of your own and cut the weeds and mesquite growth from around your premises.

The A. F. Bellows phone line is now in operation from Sonora to Juno and there connects with the line to Comstock and Del Rio. Patrons of this line apart from the improved service consequent on directions, may now talk to Del Rio for 75 cents where the charge formerly was \$1.80. The rate Sonora to Juno is 25 cents. The system will be continued and extended from the Mat Karnes ranch to Ozona via the Friend and Childress ranches and thence from Ozona to Stiles in Reagan County. On completing the system it will be necessary for Mr. A. Bert Bellows to move his family to Ozona. The News regrets this feature of the arrangements but wishes the young man the success his perseverance and industry deserves.

City Wide Clean Up Campaign Junior High Students Suggest

(Editor's Note: English students of Mrs. H. V. Stokes in Sonora Junior High School recently were required to write themes on improving their home town. We are reprinting the five themes judges considered best.)

"Ways To Improve Sonora" "Making Sonora Better Place To Live"

By Janie Letsinger
Sonora, built in 1890, has grown to a modern city of more than three thousand two hundred fifty people. It is named "The Capital of the Stockmen's Paradise" because it is in the center of the ranching country.

ces of Sonora are: gas, oil, wild life, vegetation suitable to ranching, temperate climate, and the caverns.

With all these advantages, Sonora needs many improvements. For a need such as this, we should stress the importance of a clean-up campaign. The appearance of our town is somewhat of a disadvantage to the progress of our town. Since most people form their opinion of something by the first appearance they have, they will not tend to trade in Sonora or live here.

We should begin our work in the clean-up campaign by forming committees and assigning each to one project. Maybe one committee could take the job of cleaning vacant lots of rubbish and overgrown vegetation. Another committee might take the job of repairing and painting old

buildings that have been worn out.

As students of the eighth grade, we should encourage others as well as ourselves to do all we can to make Sonora a better place to live.

Senator, 25th District
SAN ANGELO, TEXAS

May 30, 1962

I am respectfully asking the people of my district to vote for Preston Smith for Lieutenant Governor in the Democratic runoff June 2.

Having served with him in the Texas Senate, I am in a position to say that Preston Smith is a man of ability and integrity who can be counted on to do the right and fair thing. He is the only candidate who has had experience in the Senate. He is the only candidate who has served in both Houses of the Texas Legislature. In my opinion, he will be an outstanding presiding officer of the Senate.

Preston Smith is the man with whom I can work, closely and with mutual confidence, for the benefit of our district. I recommend his candidacy to you without reservation.

Sincerely yours,
s/DORSEY HARDEMAN

Mrs. Billy Shurley On Way To Nassau In Annual Women's Air Competition

When the All-Women's International Air Race goes into its second leg, Sonorans will be following its progress with a great deal of interest. Center of the interest will be the Cessna 1959 airplane co-piloted by Mrs. Billy Shurley of Marfa, wife of a former Sonoran and daughter-in-law of Mr. and Mrs. E. D. Shurley.

Piloting the craft will be Mrs. Edna Gardner Whyte of Fort

Worth, a registered nurse and grandmother who has four times won the 12-year-old event. The Texas pair left Houston on the first leg of the flight at eight o'clock Tuesday morning, May 28 to follow the charted course which included Baton Rouge, Louisiana; Mobile, Alabama; Valdosta, Georgia; Orlando, Florida and Fort Lauderdale, Florida where the first overnight stop was scheduled. However, it was reported Wednesday that bad

weather in the southern Gulf States had bogged down the race and was causing delays in the original schedule.

From Fort Lauderdale, the race, sponsored by the Florida Women Pilots' Association, will fly to West End, Bahama Islands, on to Gray Abaco and will end at Nassau International Airport. Those making the race will be guests of the Nassau Development Board for three days at the British Columbia Hotel.

Mrs. Shurley's plane is sponsored by the Highland Chamber of Commerce, AC Spark Plug Company, Pennington Chromel-cromium Company, Kahl Aviation Company of Fort Davis, and by her husband.

She and Mrs. Whyte were to present spur tie clasps, gifts of the City of Marfa, to the governors of Florida and of the Bahamas.

Mr. and Mrs. B. B. Ingham III, students at Sul Ross State College at Alpine, are spending the summer on the Mayfield Lower Ranch.
