

SONORA'S ANNUAL GRID CONTEST

Odds And Ends

We are highly complimented that a candidate for governor is making a special campaign trip to Sonora and hope a very large crowd will be on hand to meet Jack Cox Wednesday night.

We would like to see his opponent John Connally extended the same invitation and pay us a visit. We fully realize the heavy schedules which political candidates must meet and the campaign expenses involved. We also realize that, of necessity, candidates must spend their time and their funds in areas of greatest voting strength.

It is for this very reason that we appreciate Mr. Cox's visit and hope that an official invitation will be sent to Mr. Connally. It would not only be an honor to our city but would offer an opportunity for the voters of this area to decide from firsthand impressions which man they will back in the November election.

An while speaking of opponents—we re-introduce to our readers, after an absence of some years, those two mighty football forecasters, Ike and Mike.

It is interesting to note that, as usual, their opinions differ from the outset. Their batting average will also appear, beginning next week.

Gubernatorial Candidate Jack Cox will be at Sonora Municipal Airport, Joe Berger Field, at 7:15 Wednesday evening, September 26, for a barbecue and speech making.

City Commission Calls October 6 Election On Proposed Sewage Disposal Bonds

No new taxes will be needed this year, and perhaps not at all, for a projected new sewage disposal system now in sight for Sonora. If approved by a majority of Sonora property owners voting in a special election to be called Saturday, October 6 at City Hall, general obligation bonds in the amount of \$200,000 will be issued to cover the erection of the new sewage system.

Qualified electors for the bond question are property owners who have rendered same for taxation, have been residents of the state for six months and are otherwise legally qualified to vote in Texas elections.

With the go-ahead from qualified electors, bonds will be issued in the amount of \$200,000 with a maximum maturity of 20 years, with interest not to exceed four per cent. No tax boost will be needed this year from the present rate of \$1.20 per hundred, as utility revenues are expected to take care of projected principal and interest. Sonora's tax rate compares favorably with the average of about \$1.50 per hundred for towns this size, according to Texas Municipal League estimates.

Sonora has been favored with a federal grant approved for \$1,990 to be administered by the State Health Department, which has gone on record that the need for a new sewage system is here. This figure represents about a third of the erection costs of the sewage disposal plant and the trunk lines. The grant was given to Sonora over requests of many other towns, because of the extreme need here.

The City Commission announces there will be a community meeting the evening of October 2 at the elementary school for the purpose of bringing details of the improvement to interested citizens.

An engineering firm has been selected to draw plans for the project. **Continued To Back Page**

FLAGSTONE NEEDED FOR SUNKEN GARDEN

The Sunken Garden Site next to the post office is still in need of large flagstones, according to Garden Club President, Mrs. Charles F. Browne.

Volunteers are waiting to spread the dirt and do the planting, just as soon as the necessary large flagstones are obtained.

Governor Candidate Cox To Speak Here Wednesday

Arrival At Airport To Be Greeted By Young Texans Guard Of Honor

Sutton County youngsters and others from surrounding areas will form a "Young Texans Guard of Honor" to greet Jack Cox, when he touches down at 7:15 p.m., Wednesday, September 26 at Sonora Municipal Airport, Joe Berger Field.

Cox is to speak following a barbecue in his honor right at the airport. Barbecue will be served from 7:00 p.m. on. Tickets may be bought from Mr. and Mrs. Norman Rousselot, Mr. and Mrs. John Tedford, Mr. and Mrs. Frank Bond, Mr. and Mrs. Ralph

Mayer, Dr. and Mrs. Charles F. Browne or at the Barrow Jewelry Store. Adults tickets are \$1.50, while children under 12 will be served free.

Jack Cox is a native of Stephens County in West Texas, one of five children of R. M. and Louella Corgill Cox. He went to Breckenridge High School, University of Texas and took his Bachelors Degree in Government at North Texas State University. Cox served in the Texas Legis-

lature six years from 1947-52 and was never opposed as a Democrat for the Legislature in the primary or general election, even in his first race. He served on 12 different committees during his six years there including Oil, Gas and Mining; Revenue and Taxation; and Appropriations where he served as Vice-Chairman.

In 1961, Jack Cox stated publicly that he felt his conservative principles were no longer welcome in the Democrat Party. In his book entitled "And Pursuit of Happiness" Cox defines a conservative as one who wants to conserve liberty for the individual. Liberty, he says in the book, means there is no such thing as a common man and no such thing as a master. To those who would "leave politics to the politicians" Cox states in "And Pursuit of Happiness" that each voice is important as Texas was admitted to the union by just one vote. And the Senator who broke the tie was elected to his post by one vote!

Jack Cox is married to the former Joyce Smyrl of Breckenridge and they have two children Jack, Jr., and Callan Sue. The family attends the First Christian Church in Breckenridge, where Cox is an Elder and a teacher.

In 1956, Cox with a partner established an independent oil well drilling company and he is a member of the American Association of Oil Well Drilling Contractors. Since 1949, he has served as Texas Representative on the National Americanism Commission of the American Legion and has won the Freedom Foundation Award in 1958, 1959 and again in 1962.

STORES TO CLOSE EARLY

Four of Sonora's grocery stores will close a half hour early Friday afternoon to enable managers and their employees to attend the football game in Menard.

Stores to close at 5:30 instead of the customary six o'clock will be Evans Foodway, Modern Way Grocery, Howell's Home-Owned and Piggly Wiggly.

HOWELL AND STUBBLEFIELD PURCHASE STORE SITES

Announcement was made this week of the purchase of portions of the VanderStucken Building on Main Street from E. F. VanderStucken, Jr. of Princeton, New Jersey.

Calvin Howell and Nelson Stubblefield have purchased the portions of the building housing Howell's Home-Owned Grocery and Market and the Sonora Electric Company. No immediate plans for extensive remodeling or extension have been announced, but Howell plans to remodel the old postoffice portion of the building which was included in his purchase.

28th Lions Auction Raises \$4,242

Called One Of Most Successful To Date

It was a good show that sent Boyd Lovelace home with a sixteen-dollar cap pistol and Edwin Sawyer, a non-fisherman, bought a twenty-six dollar fishing lure. It all happened at the 28th Annual Sonora Lions Club Auction, held at the 4-H Club Center Tuesday, September 18. The Lions Club netted \$4,242, approximately, thanks to the rapid fire auctioneering of Lem Jones of Junction, who hypnotized the dollars out of a willing audience.

Dressed goats went for an average of \$25. Cakes brought from \$30 to \$50. It was a sellers market all the way, with reckless bidding that sent Doyle Morgan home with an electric toothbrush and J. L. Stambaugh took back a potted Magnolia Tree to San Angelo for General Telephone Company of the Southwest.

Robert Halbert went home with the Mystery Package for \$75. This is a time-honored auction item at this sale, that is always snapped up by a buyer and it always shows up the next year. H. M. Spiller of Menard was a contributor-buyer, as was Jack Hext of Jack Hext Gulf of Eldorado.

MRS. TISEL RECEIVES BS FROM OREGON STATE

Mrs. Bob Tisel received the Bachelor of Science degree in elementary education from Oregon State College August 28.

Broncos Travel To Menard Friday For Battle With Yellowjackets

The Sonora High School Broncos will travel to Menard Friday night to meet Coach Henry Hall's Menard Yellowjackets. Menard has a season record of one win, one tie, and no losses.

In their season opener, Menard tied Robert Lee 6 and 6 and last week took to the air to defeat the Junction Eagles 20-8.

The Yellowpackets work from a basic slot T formation and are fired this year with a burning desire to take the District 21-B title. Seven returning starters spark the Jackets, including All-District and All-West Texas full-back Wayne Pope, Quarterback and passer Ricky Powell, and Halfback Keith Winslaw. Returning linemen include Guards

James Pullen, Chuck Speak and Belvin Brummett and End Jim Ellingwood who receives Powell's tosses well.

The Broncos will be out to pull the win side of their record to the forefront but will possibly be minus three starters. Halfback Johnny Merck has been hospitalized this week for observation, Tackle Luis Perez may be on the bench after a possible heat prostration and Quarterback Primo Gonzales is nursing a right hand injured in Friday

night's game. Other minor injuries during practice this week have included foot injuries to backs Jim Brown and John David Fields.

Elsewhere in District 7-AA competition, McCamey will meet Big Lake, Alpine takes on Van Horn, Crane faces Rankin, and Stanton meets Fort Stockton.

Leading this year's Bronco Band onto the field are these high school twirlers and drum major: back row, left to right, Kathrine Adams, Janice Dunn, Janie Letsinger and Janet Johnson. Front row, left to right, Jessie Lem Johnson, head drum major Debbie Cooper and Mickey Hardegree.

Booster Club Buying Camera

Scouting reports and reports from football coaches were heard at Monday night's meeting of the Bronco Booster Club. Members present also saw films of the Sonora-Eldorado game.

It was announced that the membership of the organization had reached 152 as of Monday night, only 98 short of the 1962 goal of 250.

A brief directors' meeting followed at which directors gave their okay on the purchase of a movie camera for use by the athletic department. The camera is expected to be here in about 15 days.

In fact, some of the most consistent fishing to be found in Texas is in the stock ponds located on the farms and ranches throughout the state. Many small ones are less than five acres in size. The big ones run 10 to 20 acres.

You may not catch any record-breaking fish in those ponds, but you'll make a lot fewer water-hauls than you do out on the big, wide open lakes.

Getting to fish the farm tanks as they are popularly called means making friends with the landowners.

With a courteous approach, that's easy. But don't wear out your welcome by scattering trash around the pond, building fires, destroying property or worse yet—inviting the gang to "come along."

Tank farm fishing is rather specialized. Actually it calls for several types of fishing, a wide assortment of lures—and just in case, some live bait.

In farm tank fishing many anglers use baitcasting reels, spinning reels, and fly-fishing tackle—all three types of gear—since this kind of fishing calls for a lot of experimenting.

Fly-fishing the tanks is most effective in the early morning and late evening hours. That seems to be the time when the fish rise best to flies and popping bugs.

Spin-fishing is preferred at night because you don't have to worry about backlashes. For one reason or another one seems to get the messiest of backlashes at night.

Baitcasting tackle, or fairly heavy spin-casting gear, is preferred for midday, farm-tank fishing. The fish generally are down deep in the heat of the day, and you need a stout rod to work your lure through the snags and moss at the bottom of the pond.

You can't tell what they will hit, or how long they will hit it. But when they're not hitting, you

Devil's River Philosopher Takes A Look At The Cuban Situation, And Continues To Look And Look

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River discusses the Cuban problem this week, without making much dent in it.

Dear editor:
I was talking with a man in town the other day who keeps up with things in the world and he said it was time we did something about Cuba.

"Whatta you mean?" I asked.
"I mean it's time President Kennedy did something about Cuba, that's what I mean."

might as well change lures.

Take a five-acre pond, for example. You can work the entire pond—and at all depth levels—in the space of a morning. So you're bound to find fish some place.

Usually the real problem with farm-tank fishing is the lack of enough fishing pressure. If you catch a lot of small and stunted fish, you can bet that the pond is overpopulated. Only remedy is to increase the fishing pressure. If that doesn't help, then you'd better contact the Game and Fish Commission for assistance.

In addition to some choice fishing, farm tanks also offer sporty hunting, in season. These tanks are ideal spots to hunt doves when the birds fly in to get water.

You can pretty well control the flight of the doves by putting a few decoys on tree limbs. Or if there is a sandy shoreline, place some decoys there.

During the waterfowl season you can score well on ducks—provided you don't over-hunt the tank.

A tank of less than five acres shouldn't be hunted more than two or three times a week, and never two days in succession.

On the big 10 to 20 acre ponds you can hunt every day, if the blinds are spotted at opposite ends of the lake.

But—we repeat—don't hunt the same blind twice in succession.

"Whatta you suggest he do?"
"Me suggest? That's not my job. That's his."

I came on back home and got to thinking about this and decided he's right.

Something ought to be done about Cuba. Something ought to be done about the Berlin wall. Something ought to be done about Russia, about the Congo, India, Algiers. Something should have been done about Hitler before he got cranked up, something should have been done about the Kaiser, about Attila the Hun, Julius Caesar, the driver who nearly ran over me when I was coming back from town, high taxes, economic depressions, and the next man who's going to go berserk and shoot up his family.

The trouble is, there are some problems that can't be solved ahead of time. There are too many things in life that can't be headed off.

Regardless of how violent and dangerous a family squabble next door is, and regardless of how wrong one side is and how right the other is, where's the man who can solve it by wading in himself?

It's wrong for Castro to trample the Cubans with the aid of the Russians, but it might be wrong to start an atomic war about it. Don't ask me.

I'll tell you, being President is

How to help pay for freedom and make money at it

What are you looking for when you invest your money? Safety? A good return? A strong, reliable company?

You get all three when you buy Savings Bonds. They're one of the safest investments in the world, because they're backed by the credit of the U.S. Government.

They pay you 3 3/4% more money at maturity than what you put in—money that can help send a child to college or finance a new home.

And what better "company" is there than America itself?

What's more, you get an extra benefit from U.S. Savings Bonds that no other investment can give you. The extra "dividend" of a strong, free America. For America must be strong to be free. Your Bond dollars help make it so.

It's easy to buy Savings Bonds on the installment plan. Just ask your employer to set aside a regular amount from your paycheck. Or you can buy Savings Bonds at any bank. You'll find you've made one of the world's soundest investments—an investment in your future. And you'll get more than your money back.

This man says our system is decaying. An important way we can keep him wrong is to keep strong financially—as individuals and as a nation.

Keep freedom in your future with

a fine job, but it sure has its drawbacks.

Running the world, like raising a family, has problems no man has the answer to. You can do what you can, but half the time it won't work. The kid will either grow out of it or he won't.

Something ought to be done about Cuba, all right, just as something ought to be done about this bitterweed ranch. I'd rather think about Cuba, though. I know what ought to be done about this ranch.
Yours faithfully,

YOUR MINISTER SAYS

By Doyle W. Morton

The changing season—from summer to autumn—reminds us of the words of Jesus, as we find them in John 4:35. "Do you not say, 'There are yet four months, then comes the harvest?' I tell you, lift up your eyes, and see how the fields are already white for harvest."

Many of us will be looking for Mike Ellis has been visiting here with his mother and sister, Mrs. Marie K. Ellis and Kay. Mike attended the University of San Antonio this summer and will enter the University of Texas this fall.

signs of rain or cold weather. We will seek signs of economic prosperity. We will try to read the political signs. All of these are important, but Jesus would have us look at some of the spiritual signs. The harvest was a time of rejoicing for people in Jesus' time. Jesus points to the joy of people who are "gathered for God. Jesus also calls attention to the need for those who will work in the harvest. "Lift up your eyes and see." We need to see the need for those who will help bring people into Christ's fellowship. Christ needs reapers—men and women of pure hearts, forgiving attitudes, clean speech and winsome ways to help bring in those who are waiting.

May we be as concerned about our spiritual welfare, and the spiritual welfare of our neighbor, as we are about the changing seasons!

Here's why Martha puts laundry in the freezer

A woman's work, especially the ironing, is never done. Sometimes Martha just has to take time out for shopping or visiting during the day. But sprinkled clothes can't be left to sour or mildew! So Martha pops them into a plastic bag and into the freezer they go. When she gets back, they'll be ready for her to start ironing again. Isn't it amazing how many ways women have learned to use flameless electricity to make living better... and, it costs so little, you can use lots of it.

FREEZER TIP... Sprinkle your clothes and place in Freezer for about 10 minutes and they will be ready for ironing.

Coffee Break

Seco Mayfield, now a school boy, still lets fish eat out of his hands. He tells inquirers who want to fish for his pets, "You can have the old bass but leave my catfish alone." We're with Seco. There's something said and uncalled for about hooking a fish that will already eat out of your hand.

Forty-seven men wanting to join the Houston police force took lie detector tests and only 13 of them passed. This is a jolly idea and proves nothing. One man's stimulant is another man's poison.

You wonder if the man hiring is such a poor judge of men that he trusts a polygraph test above his own judgment. Who won—the machine or the men who didn't stand up to the questions, some of them very personal? A man's conscience barometer is surely within himself. And government makes liars and thieves out of men who want to be liars and thieves. Because you would not lie or steal today, does not make you immune from it tomorrow, and vice versa.

Quotable from George Dolan, Fort Worth Star-Telegram—"Do you advocate overthrow of the United States of America by subversion or violence?"
And the nervous little woman immigrant at Ellis Island paused before her choice, "Violence!"

And speaking of dailies, the Standard-Times has just initiated a front page Coffee Break with the most beautiful heading . . . prettier than the masthead of the paper. And the column is complete with pictures and sub-headings. Oh, well, imitation is the most sincere form of flattery. From where we sit neither flattery nor imitation is sincere. On second thought, we could change our spelling to Cough-y Brake, but that sounds like a cough drop. Coffee Brake, sounds like people should stop drinking coffee. Oh, well, we'll just compete as we are.

A psychiatrist addressing a group of students held up a 12-by-5 inch piece of white cardboard with a one-inch black circle painted in the middle. He asked each student, in private, what he saw. Without exception, each saw the small black circle. Not a single student mentioned the white space around it.

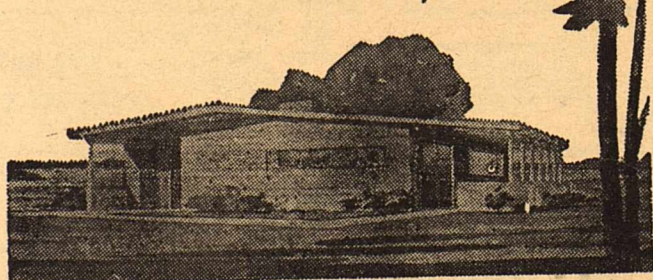

Not too long ago this newspaper ran a full page ad in our own behalf . . . a full page of white space . . . with "Farm and Ranch Spanish" printed in the center. Well, with only one ad, the books are all gone but three. Give me those white, open spaces. Good product or white space? Who Knows?

Halloween is a little early this year, as busy figures switch their elephant-donkey masks often on Capitol Hill. Recently, Senator Yarborough voted against Kennedy's space communications bill and Tower voted for it. More recently they voted alike on the tax bill, for different reasons probably. Senator Robert Kerr (D-Okla.) holds the same position as Tower on the Trade Bill. Both are for limiting the President's tariff powers. It's good to see the masks come off, and to see men voting 'em as they see 'em.

Tariff for revenue or for protection is as old as our nation. We've been flooded with foreign, priced-below-our-market goods ever since Roosevelt—by way of the State Department-cut tariffs as much as 50 per cent after 1934. Protection is needed more than ever. If revenue—or too

Miss Gwendolyn Kay Thomerson, daughter of Mr. and Mrs. A. R. Thomerson of Christoval, became the bride of Partick A. Thompson, son of Mr. and Mrs. W. J. Thompson of Sonora, Friday morning, September 14. The Rev. Raymond Soper, O.F.M., performed the ceremony at Holy Angels Rectory in San Angelo in the presence of the families and close friends.

Mead McShan of Ballinger gave his granddaughter in marriage. She wore a white wool suit designed with a slim skirt and short box jacket. A brief white veil was attached to her halo hat of white mink and she carried a white Bible topped with a white orchid and stephanotis with white satin streamers.

The bride's attendants were her sister, Miss Barbara Thomerson of Christoval, and Miss Anita Thompson, sister of the groom.

W. J. Thompson attended his son as best man.

A reception followed at the home of the bride's uncle and aunt, Mr. and Mrs. J. W. Henson. The serving table was covered with a white Madeira cloth and centered with an arrange-

BAPTIST FAMILY NIGHT HAS RECORD ATTENDANCE

The First Baptist Church held its regular monthly family night supper and related activities at the church Wednesday evening, September 12, with a record attendance of 105.

Sunbeams were directed by Mrs. Joe Nance, Mrs. Rex W. Lowe and Janice McKenzie. Mrs. Bill Morriss led the Girls' Auxiliary and Mrs. Smith Neal, assisted by Mrs. Rip Ward, led the Women's Missionary Union.

Lester Beyer was installed as president of the Baptist Brotherhood with Bill Morriss as vice-president, Troy W. Selzer secretary-treasurer. Additional officers will be named later. A film, "The Life of Christ", was shown. Clarence Key, Royal Ambassadors Counselor, Rev. Bob Brackney, Gene McCarver and Lester Beyer directed the R. A. activities.

Mrs. Thompson is a graduate of the Denver, Colorado schools and attended San Angelo College. Her husband is a graduate of Sonora High School and San Angelo College.

Miss Garrett Complimented With Luncheon

Miss Patsy Ann Garrett, daughter of Mr. and Mrs. Harold Garrett, was complimented with a luncheon at the Sonora Woman's Club Thursday, September 13. Hostesses for the event honoring the bride-elect were Mrs. Rip Ward, Mrs. John Cauthorn, Mrs. Albert Ward and Mrs. Jimmy Hugh Harris.

The honoree, her mother, her grandmother, Mrs. Joe Lambert; and Mrs. Dan Cauthorn, mother of the prospective bridegroom, formed the receiving line. Miss Mary Wilson registered guests.

The serving table was covered with a white cloth and centered with a pair of silver and crystal epergnes containing white gladioli, pink carnations and turquoise plumes. Quartette tables were centered with nosegays of white mums with turquoise net and satin ribbon.

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Round trip from Detroit to the end of the Baja Peninsula is over 8,000 miles.

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles. All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

JACK COX FOR GOVERNOR • State Campaign Headquarters
1908 GUADALUPE • AUSTIN 5, TEXAS • Greenwood 8-3451

Dear Friends and Voters of Sutton County:

I am looking forward to the privilege of meeting all of you in Sonora next Wednesday evening.

We, as Texans, must be concerned with the problems that confront us today—and there are many.

I am coming to Sonora because I believe in Conservatism, individual liberty, in a strong state and local government, and most of all I believe in YOU—the individual—that must decide what direction, what destiny your government holds for you.

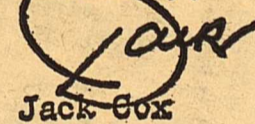

I believe in conserving Texas. I believe in Texas money, made for Texans by Texans, helping conserve Texas. I, as one totally independent conservative, am tired of the Federal takeover. I believe in the Tenth Amendment of the U. S. Constitution, which spells out that all powers not delegated to the Federal Government are reserved for the States. The individual, the community, the state must make up their own minds, must direct and steer their own destinies, through a government of and by themselves.

I, as an individual, choose to be numbered with the Republican Conservatives, because I believe the present party in power has abused our rights as individuals and are trying to channel all our thoughts and dollars through a huge Federal Bureaucracy.

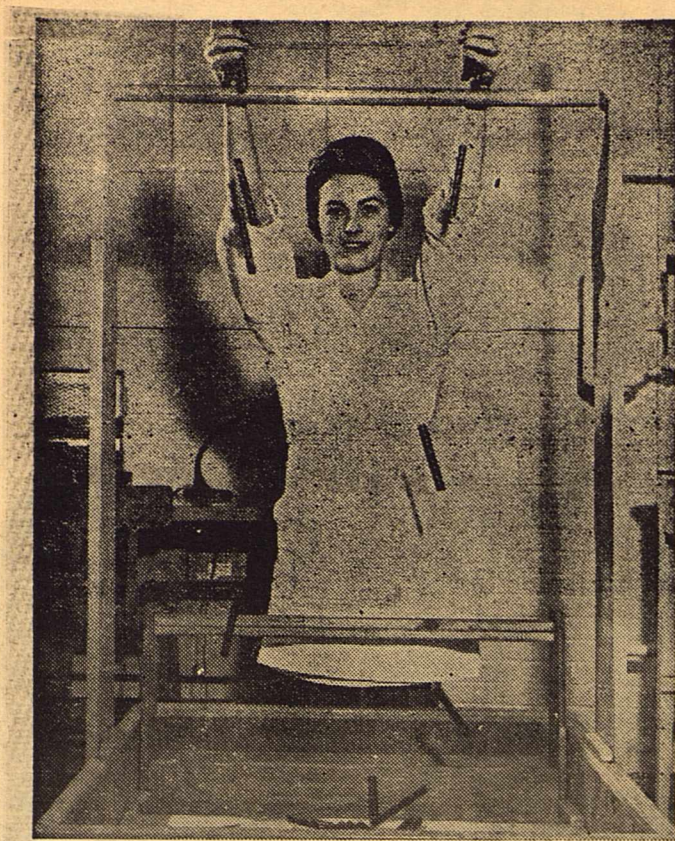

Let us all be grateful that we still are able to have these public meetings — that we are able to express our views—and let us all get together next Wednesday, September 26th.

I want to meet you — especially you!

Sincerely,

Jack Cox

The Make It Yourself With Wool contest to girls who like to sew their own wool garments. The contest is getting in full swing over the nation and Mrs. Glen Richardson, Sutton County chairman, has announced that entry blanks and contest information are available for girls and women in the county who are interested in entering.

Contest rules are easy to follow and lead to rewards at three times the value of the contest. The two major rules of the contest are: First, that the garment must be made from 100 percent wool loomed in America;

and second, that the wool garment must be entirely the work of the contestant. Mrs. S. M. Harvick of Ozona is state contest director and Mrs. C. W. Wardlaw of Del Rio is district director.

Mrs. Richardson and Mrs. A. E. Prugel, high school homemaking teacher, will be glad to furnish entry blanks and any contest information to all girls and young women interested in the contest.

Civil Service Applications Being Accepted

Local residents interested in becoming postal clerks or city carriers may make applications to Postmaster James D. Trainer. Applicants who pass a written Civil Service Commission examination will be placed on a list of eligibles to be considered for future job openings, Trainer said.

Clerks and carriers are now paid a starting rate of \$2.16 per hour. Complete information may be obtained from Trainer or from James Wilson, local Civil Service representative.

Mrs. Fawcett Wins Ladies' Tourney

Mrs. Lee Fawcett was winner in the September 15 ladies membership golf tournament at Sonora Memorial Golf Club. Mrs. Fawcett shot a 53 on the nine holes. Mrs. Bill Stewart was runnerup with a 58 and Mrs. Milton Cavaness third with a 61.

In the second flight Mrs. Carl J. Cahill was first with a 66, Mrs. W. W. Renfro second with 67 and Mrs. Raymond Morgan and Mrs. L. P. Bloodworth, Jr. tied for third with 70's.

Putting prizes went to Mrs. Bill Tittle and Mrs. Carl J. Cahill.

Mr. and Mrs. A. C. Elliott had the following family guests this week: Mrs. Elliott's mother, Mrs. W. T. McQuary of Abilene; Mr. and Mrs. T. E. Oglethorpe and son, Tommy Joe; and Mr. and Mrs. E. L. McQuary of San Luis Obispo, California.

HOUSTON LION VISITS SALE

Mr. and Mrs. Victor Landig of Houston were passing through Sonora and stopped to attend the Lion's Club Auction Sale, last Tuesday evening.

The Landigs were returning from a trip into the Rockies to arrange for buying of Christmas trees for the River Oaks Lions Club in Houston, where Lion Landig is an active member.

Landig is president and manager of the Landig Funeral Home in Houston.

Jerry Baldwin, Mike Evans and Elaine Mears left last week for San Marcos where they are enrolled at Southwest Texas State College.

Jimmy Cahill has returned to Texas Technological College, Lubbock, where he is a sophomore student.

Sonora students attending Texas A. & M. College, College Station, this fall include David Archer, Preston Neely and Sam Galindo.

Mr. and Mrs. George H. (Jack) Neill have had as their guests their daughter and family, Mr. and Mrs. Richard Cooper, Elizabeth and Carolyn. Elizabeth and Carolyn spent a week here with their grandparents while Mr. and Mrs. Cooper were on a vacation trip.

Mrs. S. M. Loeffler, Mrs. Herbert Fields, Mrs. Alvis Johnson, and Mrs. Zilpha Wheels attended officers training school for Wesleyan Service Guild Officers at District Guild meeting in San Angelo at Trinity Methodist Church.

THE STATE OF TEXAS
COUNTY OF SUTTON
CITY OF SONORA

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF SONORA, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Sonora, Texas, on the 6th day of October 1962, on the proposition and at the place more particularly set forth in the resolution adopted by the Board of Commissioners on the 17th day of September, 1962, calling said election, which is as follows:

RESOLUTION
BY THE BOARD OF COMMISSIONERS OF THE CITY OF SONORA, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF \$200,000.00 SEWER IMPROVEMENT AND EXTENSION BONDS.

WHEREAS, the Board of Commissioners of the City of Sonora, Texas, deems it advisable to issue the bonds of the City for the purpose hereinafter mentioned;

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF SONORA, TEXAS:

1. That an election be held in the City of Sonora, Texas, on the 6th day of October, 1962, at which election the following proposition shall be submitted:

"Shall the Board of Commissioners of the City of Sonora, Texas, be authorized to issue the bonds of said City in the amount of \$200,000.00, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty (20) years from their date, bearing interest at a rate not to exceed four (4%) percent per annum, and to levy a tax sufficient to pay interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving and extending the City's Sewer System, as authorized by the Constitution and laws of the State of Texas."

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed as officers of said election:

Edwin E. Sawyer, Presiding Judge.

America's Largest Independent Telephone System

Man against the sky

The telephone lineman is another active symbol of service at General Telephone.

He climbs a pole with spur-like "climbers" strapped to feet and legs, and is silhouetted against the sky held firmly by his safety belt.

With the tools hanging from his belt he installs new wires and cables, and repairs lines when storms, wind and ice damage them.

He is one of many folks at General Telephone who suggest the convenience of another telephone in your home, now that the busy Fall season is here. They save steps, are available in many colors, cost pennies a day. Call the Business Office now.

Broncs Lose First Of Season In 19-0 Shellacking By Eagles

The Sonora Broncos suffered an old-fashioned country licking at the hands of a fired-up Eldorado Eagle team last Friday night. The Eagles scored the first of their three touchdowns in the opening quarter with Lynn Meador going over on a 35-yard run on a lateral from Back John McGregor. The extra point try was good and the Eagles led 7-0.

In the second period of play, McGregor pushed through the entire Bronco line to score from the ten. The extra point attempt failed and the half ended on a 13-0 note.

The final Eagle touchdown came when Meador intercepted a pass by Bronco Quarterback Primo Gonzales and scampered 65 yards to raise the final total

to 19-0. Statistics: Yards gained rushing 161, Eldorado 123; First down Sonora 11, Eldorado 8; The Broncos attempted 11 passes, completing three for a total of 23 yards and having three intercepted, Eldorado attempted 8 passes and completed three for 26 yards with no interceptions; Penalties, Sonora 2 for 20 yards, Eldorado 2 for 30 yards; Punts, Sonora four for a 32 yard average, Eldorado eight for a 30 yard average; Fumbles, Sonora 6 with 2 recovered, Eldorado did not fumble.

In other 7-AA games Friday night McCamey lost to Class AAA Fort Stockton 33-0, Alpine fell to Sanderson 34-22, Monahans downed Crane 18-6 and Stanton was idle.

Abilene Minister To Be Main Speaker At Annual Lions-PTA Supper Tuesday

George W. Bailey, minister for the College Church of Christ in Abilene, will be the speaker at the Sonora PTA and Lions Club annual joint meeting, to be held at the Sonora School Cafeteria at 7:00 p.m., Tuesday, September 25.

The speaker is a staff writer for three Christian papers and has many published writings in other papers. He serves on the Board of Directors for the Ibaraki Christian Foundation for a Church of Christ College in Japan. He was educated at Freed-Hardeman College, Southwestern Tech, the University of New Mexico, and in Abilene Christian College.

The ministry has carried Bailey to four continents and about 30 countries. He has served as a member of the Board of Directors for the Abilene Civic Music Association and on the

board of the Downtown Rotary Club, Abilene. Bailey is married to the former Ela Beth Todd and they have two sons David 16 and Philip 13.

Out-of-town buyers and guests from San Angelo included Nathan Donsky of Nathan's Jewelers, Charles Coombs of West Texas Utilities, and Buddy Schneider of Hemphill-Wells. Friends were buying for the following San Angelo firms: Gandy's Anchor Serum Company, Robert Massey Furniture, Barnes and Company, Southwestern Salt and Supply, and Modern Way Grocery. An out-of-town buyer bought for Lea Aldwell of San Angelo.

Lions Club President Jack Kerbow expressed the club's gratitude to all who helped, ate, donated and bought. "It was a big success," Kerbow declared, "greater than even last year in returns. Thanks to all the local people and out-of-towners."

-GREEN NEWS-

There were 150 registered golfers from September 11 to September 17.

The Carl Cahills were on Number Seven around 5:30 Tuesday afternoon. They were on Number Seven at 6:30 the same afternoon. Rather than have you think they just couldn't tear themselves away from this green-Wanda was practicing her pitching and putting while Carl was grading the ridge in the draw that was a result of the recent rain wash-out.

July 5 we quoted Max Hardegre, "We need a couple of high-line poles and some two-by-fours to build a bridge across the draw (number 7)." Other members suggestions pertaining to the bridge, "It will have to be built wide and strong enough for electric golf carts which will be a future 'plus' at the course."

-GN-

Lady golfers with recent tournament victories Bobbie Fawcett, Betty Stewart, Jane Cavanness, Wanda Cahill, Betty Renfro, Lunetta Morgan, Marilyn Bloodworth and Jerry Tittle.

Junior golfer Lawrence Holland was out practicing on the putting green and playing golf this week.

Have you seen the addition to the picnic grounds that the Lions Club has contributed to the local course? A bridge that will appeal to the young and the young in heart.

Talked to Louis Davis yesterday and he had just finished reading an article in this week's Saturday Evening Post. "Goodbye to Golf" by Arthur W. Baum was the article he so heartily recommended. Naturally, I had no intention of saying goodbye to golf as I am just beginning to say hello. Fact is, our relationship is still rather formal-I salute before I tee off.

We just finished that article and are in agreement with Louis, you will like it.

A bit of Baum's humor from the article, "In a golf contest between human beings the opponents need not face or even meet each other, let alone wrestle, throw or bat a ball back and forth, maneuver or run with anything. The player merely whips a pellet around a prescribed section of countryside, at intervals dunking it into a tin can buried in an otherwise beautiful carpet of sward. Golf is a bitter contest between a small gob of elastic and a man weighing 1,000 times as much and who is armed

with the state sanitation-engineering departments. Dr. Browne says they found "the sewer system of Sonora inadequate to properly dispose of the sewage wastes of the city."

Chris Berger Again Steals Abilene Show

Chris Berger, son of Mr. and Mrs. W. F. Berger, was among the top exhibitors at the Abilene Stock Show and West Texas Fair. In the adult show, Chris showed the Reserve Champion Delaine Ram and Champion and Reserve Champion Ewes. In the Junior Division, he showed the Champion and Reserve Champion Delaine Rams and Champion and Reserve Champion Delaine Ewes. Chris retired the rotating Delaine trophy, having won it for three consecutive years.

State Health Dept. Analysis Awaited After Puppy Dies

A six-months old Pekinese-Cocker Spaniel puppy without Rabies shots bit 13 people and died foaming at the mouth.

Cut the story in half, as the local health officer did, and it's about true.

Dr. Charles F. Browne, city health officer, has treated one small boy for a small incision made by the puppy two days before the dog died. The boy is the son of Mr. and Mrs. F. G. Cramer, owner of the much-discussed dog.

The puppy died, in fact, die with a stick."

Charles Howard is now part of a golf threesome grudge game. He won.

BRONCO VICTORY TORCH TO GO ON THURSDAY

A victory torch will be lighted in the triangle at the Bronco Drive In Thursday night, September 20. Cheerleaders, students, and members of the Bronco Booster Club are requested to meet at the Dairy Mart at seven o'clock. Fans will then snake dance to the site of the torch, the flame lighted, and then return to the point of origin. The flame will remain lighted until a game is lost.

Among Sonora students attending San Angelo College this fall are Anita Thompson, Mary Ceil Hawkins, Prissy Linthicum and Lester Schmidt.

under suspicious circumstances. He had not eaten well for several days. About 13 people had been near the dog.

The dog's head is at present being analyzed. There is no cause for alarm, at this time, as the owners state that the dog did stay in the house or on the steps most of the time.
