

SONORA'S BEST \$BD BUYS

Halfback Julio Samaniego (arrow) plunges over from the four yard-line for the second touchdown against Menard Friday night. Other Broncs identifiable are Danny Rutherford (31), Bobby Castillo (21) and Primo Gonzales (10). Menard's Wilkerson (71) brings Samaniego down, but too late.

Odds And Ends

It is with real regret that we see the Alanson Browns leave. During the seven years that we have known Al and Peggy we have reported the birth of two of their three sons—Mark in September 1955 and Frank in February 1959.

We have had Peggy as teacher for three of our children.

We have learned to count on them both for a good conversation, a timely comment, and a good hearty laugh. We'll miss them.

Well, old friends leave but old friends return.

Mrs. Pauline Barnes was in the office this week with news of an old friend to many Sonorans. As she told us the story, quite a few years ago a large bomber made a forced landing on the Ozona highway just in front of Zola's Courts. The bomber was piloted by Lieutenant Nicholas Manfredi, then stationed at Randolph Field, San Antonio.

Mrs. Barnes recounted all of the excitement of notifying the big brass in San Antonio and how all the officers and citizens here helped guard the plane and made Lt. Manfredi feel at ease.

She also remembered the accompanying comedy of a Model T touring car, without top, pouring on all available speed in order to get out of the path of the plane as it was attempting to land. In the T-model were Guggle Marion, Doris and Kathleen Keene, and Clayton White.

Nick and his wife passed through Sonora last Friday, en route to California from Florida and stopped for a visit with Mrs. Barnes, Guggle (Now Mrs. Tommy Thorp) and Doris (now Mrs. Glen Chadwick). He says he will never forget Sonora, its fine people and its hospitality.

Sonora Golf Club To Meet Thursday

Sonora Memorial Golf Club will hold its annual membership meeting Thursday, September 27 at 7:30 p.m. at the courthouse to adopt new by-laws and to elect officers for the new year.

The female of the species is more deadly than the male every time. It's not against the law to grow male marijuana, but don't try it, because gender can't be determined until the plants blossom. Then you're in trouble, because only girl plants bear flowers. Medicinally, only female marijuana is considered a narcotic.

The smartest man in the world used to say that women ought not to vote.

He always added, "But we

men have made such a mess of the world that it's time for women to step in and get it straightened out." His daughter thinks he was right about women voting. It should not have to be.

And the female of the political species is deadly, too, public figures tell us, for women don't let go. Women are not so much gifted, as they are just plain old persistent. However much you dislike a woman with a political

Rites Today For Otis H. Murray, Former Resident

Otis H. Murray, age 52, died in the Veterans Hospital at Kerrville on September 24. He was born September 18, 1910 in Sonora, attended public schools here. He served with the United States Army overseas from 1942 to 1945.

Funeral services will be held at 4 p.m., Thursday, September 27 at the Church of Christ with Mr. Clifford Fehl officiating. Burial will be made in Sonora Cemetery. Survivors are a son, Max D. Murray of Saddlebrook, New Jersey and three grandchildren; two aunts, Miss Jennie Murray of Sonora and Mrs. Belle Purcell of Christoval.

Rev. Alanson Brown Leaving St. John's

The Rev. Alanson Brown, rector of St. John's Episcopal Church since August 1954, will leave October 1 to assume the duties of rector of the Church of the Good Shepherd in Wichita Falls.

The Rev. Brown came here from San Antonio where he had been assistant director of St. Luke's Episcopal Church. During his eight years in Sonora, Mr. Brown has been president of the Sonora Ministerial Alliance, president of the Community Welfare Council, chaplain of the Sonora Volunteer Fire Department, and has been active

A community meeting has been set by Sonora City Commission for 7:30 p.m. Tuesday, October 2 at the elementary school for the purpose of studying the details of the proposed sewage disposal system.

A map and survey of the planned plant and trunk lines will be on display at the meeting. A spokesman of Hassie and Green, engineering firm in Lubbock who recently made the survey of Sonora's sewage requirements, has been invited to this community meeting.

Qualified electors, who own property rendered for taxation in the city, will have a chance to approve or reject a \$200,000 general obligation bond issue on Saturday, October 6 at City Hall. Presiding judge for the October election will be Edwin E. Sawyer with Mrs. George Wynn and Mrs. Louie Trainer serving as election clerks.

With the go-ahead from a majority of property owners voting in the special election, Sonora's projected sewage needs to the

SECOND WEEK

Jack Cox Brings Governor Race To Local Airport

"The Eyes of Texas" from Sutton County and surrounding areas were on Jack Cox, as the crowd chorused the song as he stepped into the hangar at the local airport about 7:45 Wednesday evening.

Cox was welcomed by Sonora Mayor A. E. Prugel with, "Jack, I hope you are governor of Texas next time you are here," and was introduced by local conservative Mrs. Charles F. Browne as a "Man's man, a ladies' man, Texas' man."

Cox said hello to old and new friends, ate barbecue, and posed for pictures with the red-decked Honor Guard of Young Texans before he got into his serious second speech.

"Change . . . change . . . change" was the reverberating them of

Cox's speech. "There's something going on with the people who know something is wrong in Washington and in Austin." He spoke of a youth parade in Austin, where a youngster and a lawn mower ladeled, "This is not a political machine, this is for cutting Johnson grass." Laughter echoed, but it was the only time Cox departed from his serious warning that the political life of the nation hinges on what Texas does now.

Cox foresaw no difficulty in dealing with the legislature, which he said he found, in his six years there, deals with issues not determined along party lines, but on principle.

He identified his position, when he said that yesterday's liberal, who believed in liberal freedom of the individual, would be today's arch conservative. He said today's liberal is liberal with government control as he sees them.

Cox touched on Texas dependence on the basic industry of oil and offered himself as a salesman to sell Texas to tourists and to other industry. He spoke of Texas' need for research in higher learning instead of sending its research money out of state.

Cox called for election law reform, absolute secret voting, and the wiping out of intimidation and coercion made possible under Texas' antiquated voting systems. He drew applause at least twice, when he called for an election code to prevent a man from running for two offices at the same time and, again, when he called for equal legal rights for women.

Cox concluded by inviting his audience to put its political ear to the ground and hear the echo of change, change, change. And although it was his fifth speech of the day and he had an Amarillo plane to catch, Cox himself took time to listen to the local echoes before leaving.

Cox was evasive when a local radio newsmen asked him about the race question in Mississippi. He replied that higher education is already integrated in this state, that this was Texas' problem at the time it happened. Jack Cox showed some political stature in taking criticism of his speech and views after the meeting. One critic-spectator who did not like his views but liked Jack Cox commented after the meeting, "He was small enough to listen, big enough to care, what I thought."

City Health Officer Says Study Shows Sewage Disposal System Inadequate

Charles F. Browne, M.D., Sonora City Health Officer says that a careful study made by local and state health authorities, in cooperation with the state sanitation engineering department, shows the sewer system of Sonora is inadequate for proper disposal of the sewage wastes of the city.

The system has been overworked for several years, but by keeping it at peak efficiency the City Utilities Department has managed to get by with the

present facilities; however, according to the finding, the sewer load has increased to the point that the present system cannot accommodate the need. The Texas State Health Department has advised that extension of the existing system would be too costly and inefficient, and not the solution to the problem. The conclusive finding of the study made jointly by local and state health authorities is that a completely new disposal plant is needed.

Regan Owls Arriving Friday To Battle The Sonora Broncs

The Sonora High School Broncs will play host for the second time this season when the Regan County Owls arrive here Friday night for a non-conference game.

The Owls, considered very much in the running for District 8-A honors, will be seeking to maintain a perfect record of two wins, no losses. The Big Lake eleven took their opener with Marfa 40-22 and clobbered McCamey 32 to 6 last week.

Spearheading the Owls' attack will be All-District Mike Holmes in the quarterback slot aided and abetted by 210-pound fullback Tommy Franklin and halfbacks Monte Nevills and Charles Mil-

wee. Holmes won state in the 100 and 220-yard dashes last year and is also a fine passer and kicker.

Probable starting linemen for Big Lake will be Ends James Dupree and Johnny Howard, Tackles Bill Shields and Johnny Ratliff, Center Dan Loftin, and Guards Bruce Colvin and Jerry Aly.

The Broncs are still below normal playing strength with at least two regulars out and possibly three. Tackle Louis Perez is unlikely to see service and Fullback Danny Rutherford will be out for at least two weeks with a fractured foot. Halfback Johnny Merck now recovered from

a head injury, will possibly be back in the ranks. Fullback John David Fields and End Arthur Bermea will be on the field this week.

Probable starters for the Broncs will be Ends Arthur Bermea and Mike St. Clair, Tackles Alfred Perez and Richard Sanchez, Guards Bob Nevill and Pat Castro, Center Buck Bloodworth, and Backs Primo Gonzales, Julio Samaniego, Johnny Merck and John David Fields.

Other District 7-AA games slated Friday night include McCamey vs Iraan, Alpine vs Rankin, Crane vs Pecos and Stanton vs Fort Stockton.

**Devil's River Philosopher Says
If There Are Intelligent Beings
Out In Space, Let Em Look Us Up**

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River takes a non-progressive view toward space this week, his letter indicates.

Dear editor:

A man asked me the other day if I was opposed to exploring outer space.

"Didn't know Congress was going to put it to a vote," I said. "That's not what I mean," he said. "But from what I read in one of your letters a while back, I got the notion you think we could be spending our money some place else."

"We are spending our money some place else; in fact, every place else there is," I told him, and added that I wasn't opposed to exploring space, but space ain't my main preoccupation.

Here's the thing: we ought to explore space, but it has always

struck me as funny to speculate on a scientist taking aim to fire a space ship a million miles out into the unknown and having to stop to scratch a chigger bite. What sort of scientific advance is it if a scheduled trip to the moon, after years of painstaking planning and with all lights flashing GO, has to be postponed because the astronaut has a bad cold?

This year we're spending five billion dollars on space, and seven million on trying to get fresh water from the ocean. That's what I'm talking about. I can see a lot more fun in having all the fresh water this bitter-weed ranch needs than in traveling through space. I think we ought to whip space, but I'm in favor of whipping droughts, flies, chiggers and mosquitoes too.

Now I know people will say, yeah, but space is a great new adventure, nobody knows what's out there, there may be untold resources, there may be even creatures more intelligent than we.

Well, there may be, but my position is, if there are intelligent creatures out there, why aren't they looking us up? Let's let them share at least part of the tax burden and explore us. There must be as much scientific data they could collect from us as we from them.

This is like saying a man isn't really educated until he's visited Europe. Or making it worse, a European isn't educated till he has visited us. My contention is that a man can be ignorant either way, whether he goes or stays.

I hope my television set doesn't blow a tube right when we send a man to the moon. I'll be there watching, fly-swatter in hand.

Yours faithfully,
J. A.

Tomorrow-GO JET-SMOOTH CHEVROLET for '63

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors... plus a lot of invisible ways to keep it looking and running like new when a lot

IT'S EXCITING!

of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting... self-adjusting brakes... Delcotron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions.

GO CHEVY II for '63-IT'S EXCITING!

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

GO CORVAIR for '63-IT'S EXCITING!

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

Howard R. Turnbow To Preach Sunday For Presbyterians

Howard Ronald Turnbow, second-year student at the Austin Presbyterian Theological Seminary, will be guest pastor Sunday, September 30, for the Church of the Good Shepherd here at the eleven o'clock service. He will preach at the Roosevelt Presbyterian Church at seven o'clock Sunday evening.

Turnbow attended high school in Litchfield Park, Arizona, and Phoenix College and Arizona State University. Before his decision to enter the seminary, he was a factory laborer for Reynolds Aluminum in Phoenix, and was a patrolman for the Arizona Highway Patrol for five years.

He is married to the former Wanda Jo Scott of Avondale, Arizona. They have four children.

Turnbow has his church membership in the First Presbyterian Church of Chandler, Arizona.

The following prizes were awarded: High, Mrs. Norman Rousselot; Second high, Mrs. Clayton Hamilton; Traveling, Mrs. Jerry Shurley; Bingo, Mrs. Tommy Smith.

Broncs Topple Menard 29-12 In Non-Conference Grid Bout

Sonora High School's football team took an opening-minutes lead over the Menard Yellow-jackets and never lost their lead with the final score reading 29-12.

With Menard to receive the opening kickoff, the Jackets fumbled and Sonora recovered on the Menard 42 yardline. Two plays later, Bronco Quarterback Primo Gonzales connected with a pass to End Mike St. Clair who made the needed 20 yards with no trouble. Gonzales' kick was good. Still in the opening period, Halfback Julio Samaniego drove over from the four to end a 45-yard drive by the Broncs. Gonzales ran for the two bonus points. Again in the first quarter, Fullback Danny Rutherford bolted 35 yards for the third touchdown. The extra point kick was blocked.

Menard's first touchdown came in the first quarter, also, as Halfback Guy Seat struck out up the middle for 42 yards. The extra point try failed. In the second quarter, Menard's Fullback Wayne Pope culminated an 80-yard Yellowjack drive by round-

Teachers, PTA, Lions Hear Speaker At Annual Barbecue Tuesday Night

"The best things in life are not free, despite earning without learning and wages without work," George W. Bailey declared to over 200 Sonora PTA-Lions Club members Tuesday evening at the annual banquet in the school cafeteria.

Bailey, world traveler, writer and now minister of the College Church of Christ in Abilene, told of the expressions on the faces in the Ukraine, in Moscow, in Stalingrad (now Volgograd), "where the people have everything free but themselves." He illustrated that there is always cheese in a mouse trap, but you never saw a happy mouse there.

Bailey talked of paying our debt to the past by making our present indebted to the future.

In his talk entitled "Service Is My Business" he labeled the teachers the great investors of our day, not stopped by stock market crashes or depressions, because their investment is in something that will outlast their own lives.

Lions Club President Jack Kerbow presided over the meeting. He presented 4-H Club and athletic enthusiast James "Curley" Hayes of Abilene, who introduced the speaker as a "good Rotarian he brought down here to the Lions Club." PTA President Mrs. Norman Rousselot introduced every faculty member of all Sonora schools. New residents of the community were also introduced.

MISS NETTIE WORD HONORED ON BIRTHDAY

Miss Nettie Word celebrated her birthday September 22 at the Scott Roberts home in Del Rio. Turkey dinner was served to the honorees and her nieces and their families: Mr. and Mrs. M. M. Rutland and sons Hunter and Bill of Houston, and Mr. and Mrs. Scott Roberts and daughters Fonda and Wanda.

A birthday cake, decorated with ranch motifs in brown and a happy birthday message in red roses was also served.

SPEECH CLUB DIRECTORS TO MEET TUESDAY NIGHT

The board of directors of the Speech and Drama Interest Club will meet at the high school auditorium at seven o'clock Tuesday evening, October 2.

Members of the board are Harold Friess, Nelson Stubblefield, Mrs. Marion Elliott, John R. Tedford, Jr., Mrs. Rex W. Lowe, Albert C. Ward, Norman W. Rousselot, Mrs. Sam E. Jones, Jr., Mrs. George Brockman, the Rev. Doyle Morton and Mrs. Billy Galbreath.

ATTEND TSTA WORKSHOP

Robert McMinn and Troy Selzer, local officers of the Texas State Teachers Association, attended a workshop held by that group in Ballinger Monday, September 24.

A training course for local officers and a discussion session was led by TSTA Vice-President C. O. Chandler of Victoria.

Hunt Home Scene Of Luncheon For Bridal Attendants

Mrs. Bryan Hunt, Mrs. Duke Wilson and Mrs. Fred T. Earwood were hostesses to a bridesmaids' luncheon honoring Miss Patsy Garrett in the Hunt home Saturday.

White cloths covered the luncheon tables which were centered with arrangements of white asters in cutglass bowls. Asters and white gladioli in a cutglass pedestal bowl decorated the buffet, and arrangements of roses were used throughout the house. Guests were Miss Garrett's wedding attendants and members of the houseparty. Approximately 30 were present.

Breakfast Honors Bridal Couple

Mr. and Mrs. Dan Cauthorn were hosts to a breakfast in their home Saturday morning, September 22, for Miss Patsy Garrett, Dan Carter Cauthorn and members of their wedding party.

A blue bowl of pink and white pom poms centered the serving table which was covered with a white linen cutworth cloth. Quartette tables were centered with small brandy sniffers filled with pink, white and turquoise pom poms.

Places were marked for the honorees, their parents, Mrs. James Wilson, Mrs. John Bell, Mrs. Elsbeth Scott; Misses Jane

Congratulations To These New Parents

Mr. and Mrs. Bill Stallworth are the parents of a 7 pound 10 ounce son, William Wardlaw Stallworth, born September 23 in Houston.

Mr. and Mrs. Jack Wardlaw are the maternal grandparents. Paternal grandparents are Mr. and Mrs. Ira Stallworth of Rosebud.

YOUR MINISTER SAYS

By Rev. Doyle W. Morton
Pastor, First Methodist Church

Acts 4:14 brings an interesting truth to our attention. Peter and John, on their way to the temple at the hour of prayer, had healed a lame beggar. This brought about their arrest and imprisonment for a night. On the morrow, as they were being tried, the man stood by them. The scene is described: "But seeing the man that had been healed standing beside them, they had nothing to say in opposition."

This must have been very striking evidence. The tongue of criticism was silenced. Here was proof that the man had been healed. The change had really taken place.

Christianity is judged by the lives of those who claim to be Christians. Creeds and doctrines are good, but the world judges Christianity by the lives that are lived before men. Men judge us

by what they see. "By their fruit ye shall know them." Matthew 7:20. Therefore, we should be careful to let the world see Christ in us. This will stop criticism, as it did in this trial.

We are telling the Nation's industrial leaders that..
EVERYTHING IS... "GO!"
... in this West Texas area
Because the space age we live in is a fast moving period of business and industrial expansion, we are working hard to see that this area gets its share.
We advertise the area's industrial advantages in national publications, and send factual mailing pieces to selected lists of business leaders. The Wall Street Journal advertisement and the colorful area folder shown above are current examples of this material.
In addition, our Area Development Representatives make periodical trips to the North and East, for personal contacts with these business executives.
WTU is enthusiastically engaged in this continuing program because we are convinced the Center of the Southwest faces GROWTH UNLIMITED.
We are backing this belief with a multi-million dollar expansion program of our own to serve more people, more businesses, more industries.

GREEN NEWS-

By Betty Jones

Sonora Golf Club Ladies, there has been a special invitation extended to you from the Ozona Ladies Bridge and Golf Association of the Ozona Country Club, to the bridge and golf tournament Thursday, October 18. All entries must be complete by Monday, October 15. There will be a coffee at 8:30 and bridge and golf at nine. Entry fee is \$3.00 which includes bridge and golf.

Wilfred Berger bought the Sonora golf hat at the Lions Auction.

If anyone would like to have a large collection of small frogs, try Number Six green. If the frogs can be trained to carry a golf ball on their backs in the desired direction—forget the collection and leave them right where they are.

TSGRA Directors Meet This Weekend In Fort Stockton

More than 500 members of the Texas Sheep and Goat Raisers' Association are expected to attend the fall quarterly meeting of directors in Fort Stockton Friday and Saturday, September 28 and 29, according to Tom Wallace, executive secretary of the association.

Registration will get underway at ten o'clock Friday morning at the Ramada Inn, headquarters for the meeting. Committee meetings will be held at 2:30 and four o'clock Friday afternoon and a reception for members and directors will be held from 6:30 to 7:30 Friday evening.

Saturday's schedule includes the general session at 9:30 Saturday morning in the high school auditorium with president E. G. Cauble, Jr. of Big Lake presiding. A barbecue lunch will be served at Rooney Memorial Park following the session.

The Ladies' Auxiliary, with Mrs. James Baggett of Ozona, president, presiding, will meet in the high school patio Saturday morning. A coffee and fall style show will be held for the ladies along with the business meeting.

BROWNIE TROOP 75 ELECTS OFFICERS

Brownie Troop No. 75 met September 19 at the Scout Hall, where Mrs. Louis Wardlaw was speaker.

Brownie officers elected at the meeting were: President, Nancy Hawkins; vice-president, Selma Nelle Stubblefield; secretary, Cindy Hopkins; treasurer, Billie Anne Stewart; and reporter, Leslie Johnson.

Three pixies were chosen: Jessie McCutchen, Kelly Sue Sentell, and Nina Gale Selzer.

Refreshments were served by Barbara and Brenda Granger.

scoops are comparable to continued stories—always forget who or what it was about by the next installment.

November 23 is a date to remember for an evening you won't forget. More later about plans the Ladies Golf Club has for this date.

A borrowed quip—Husband, answering phone: "She's not home, Mrs. Calabash. Would you care to leave a rumor?"

Just wait until you see our "Golfing Gizmo". It is so believable it sounds unbelievable and I know you will have one next week. You tee the ball in the usual manner, hit hard with iron or wood clubs. If you hit correctly, the ball will return near the tee showing 175-yard drive. If ball returns to your left—a slice, etc. This is with a real golf ball, to; best of all, the golf ball always returns.

We have had a soundoff from some of our junior and peewee golfers because Jo (Mrs. J. W.) Neville hasn't been presented the trophy she won at the last golf club tournament and barbecue.

A special welcome for our Atlantic golfing families.

Ethelda (Mrs. Coon) Holland has a weekend time-saver-planned. The time element for nine or eighteen holes of golf is unpredictable. Weekend planned meals for husband and son golfers are still planned meals, but planned for the wrong time of day. Really now, who enjoys breakfast at dinner time? Ethelda's time-saver—meals in little paper sacks packed in with the extra golf balls.

Saw George and Mary Barrow early Sunday afternoon. "Golf news?" we asked. Mary remarked that her golf news wouldn't be complete until late Sunday afternoon. They were planning a whole afternoon on the course.

Lions President Jack Kerbow was working at the picnic site in the recreation area this week.

A reward for everyone, Sunday afternoon, the younger children enjoyed the playground equipment, testing new bridge and climbing trees while parents and friends visited around the tables. Again, the youngest of the golfing families have ignited a new interest.

Early morning "before golf" conversation: Harry Harrison said some golf pros in San Antonio stated that putting is 60 percent of the golf game. Max Hardegree and Jo Hardgrave agreed that was pretty close when you considered Arnold Palmer's recent loss because of his putting. Don't believe Vernon Rogers would have agreed with them. After participating in the recent tournament at Jal, New Mexico, he remarked that he didn't even win honorable mention, even though he made it to semi-finals in putting.

Overheard Ladies Golf Club President Lunetta Morgan talking about the complete face-lifting the Uvalde Golf Club has just completed—with the free-will labor of members and \$11,000. As she walked off she was muttering something about "free-will labor of members came from the members—now that I understand. But Eleven Thousand Dollars—that I don't understand."

"Uncle" Bud Smith always said he would sell his golf clubs if Sammy ever bet him. Bud's clubs are for sale.

The interest and support shown by this community for the golf course is wonderful. A few non-golfers who have stopped to

Edwards Plateau Soil Conservation District News

By E. B. Keng
Soil Conservation Service

Proper range use, simply defined, means harvesting from the land about half of Nature's yearly production, and leaving about half to maintain and improve

plant vigor, protect against water loss from excessive runoff and evaporation, and to compete against worthless or poisonous invading plants. In addition to providing the most stable and profitable ranching system over the long stretch, proper range use has many intangible values which are hard to measure in exact dollars and cents.

WHAT IS IT WORTH TO A RANCHMAN-

To have a good grass reserve on the ground at all times?

To have enough cover on the land to catch and use the next rain?

To have on the land at all times vigorous grass competition to help prevent or reduce bitterweed, horehound, grassburrs, and mesquite?

To look at fat, healthy livestock on the land, rather than anxiously scanning the sky for a promise of rain, or facing the banker for a feed loan?

To know that you have feed on the ground to carry you through a 6 to 12 month drought, without sacrificing good breeding stock or having to feed?

To have a ranch that is im-

proving in carrying capacity and value each year, rather than deteriorating?

To ranch with a minimum of worry about drought or ruinous feed bills? To have food and cover for quail and other wildlife?

To operate with a minimum of "hard-to-get-and-keep" labor?

Proper range use is the most practical answer to all of the above problems. In time of extended drought culling should be prompt to reduce grazing pressures before the grass reserve is depleted. Other practices such as providing periods of pasture rest, adequate cross fences and water distribution, and brush control are often valuable. Increase the safe carrying capacity of the ranch.

NOTICE OF ELECTION THE STATE OF TEXAS COUNTY OF SUTTON CITY OF SONORA

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF SONORA, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Sonora, Texas, on the 6th day of October 1962, on the proposition and at the place more particularly set forth in the resolution adopted by the Board of Commissioners on the 17th day of September, 1962, calling said election, which is as follows:

RESOLUTION BY THE BOARD OF COMMISSIONERS OF THE CITY OF SONORA, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF \$200,000.00 SEWER IMPROVEMENT AND EXTENSION BONDS.

WHEREAS, the Board of Commissioners of the City of Sonora, Texas, deems it advisable to issue the bonds of the City for the purpose hereinafter mentioned;

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF SONORA, TEXAS:

1. That an election be held in the City of Sonora, Texas, on the 6th day of October, 1962, at which election the following proposition shall be submitted:

"Shall the Board of Commissioners of the City of Sonora, Texas, be authorized to issue the bonds of said City in the amount of \$200,000.00, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty (20) years from their date, bearing interest at a rate not to exceed four (4%) percent per annum, and to levy a tax sufficient to pay interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving and extending the City's Sewer System, as authorized by the Constitution and laws of the State of Texas."

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed as officers of said election: Edwin E. Sawyer, Presiding Judge.

Mrs. Ada Wynn, Clerk, Mrs. Metha Trainer, Clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of Texas, 1925, as amended, including the provisions of Article 704, as amended, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots of said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF SEWER IMPROVEMENT AND EXTENSION BONDS".

"AGAINST THE ISSUANCE OF SEWER IMPROVEMENT AND EXTENSION BONDS".

Concerning said proposition, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at

mind, let's face it. If a woman refuses to vote, then even her boys may grow up without that right.

At least two bright lawyers campaigning for governor this year have promised equal legal rights for women, which is one of the oldest pages out of the socialists' book.

This is one woman that does not want to go into business on her own money without her husband's consent, or sign a note, or buy property alone, or any of that claptrap. Oneness is what marriage is. No governor can get enough laws to make it right for a woman to go against her own husband. Hoop skirt thinking? Further back than that. From the beginning it was not so.

September is American Wool Month, all month long. Always one to fall into the spirit of the occasion if it involves clothes we ran out and put a Miss Wool selection in lay-away, not because it was slightly over \$10, but because it is the best looking dress we've seen for less than \$25. It's about 85 per cent wool and the rest Dacron. It hangs and looks better than the wool jerseys and knits of the last two seasons.

There are brown patent pumps this fall. Then there is something called "Antique", in dress pumps and loafers, that is a pretty no-color. It's an uneven dark tan that goes with anything, and looks as though it would stay uneven, rich tan.

Mrs. Pat Cooper and Betty Jack had as their guest last Thursday, Mrs. Oran Nicks of Fort Stockton. Mrs. Nicks was en route home from San Marcos where her daughter, Martha Lynn, is attending Southwest Texas State College this fall.

There is an innovation in belts this season. No hooks, loops, or holes. Just push the belt through the buckle and it stays. The buckle has some kind of padding that holds the belt in place, like it was magnetic. It works.

It works... a welcome sound. The outbreak of peace settles all over the home, when the washing machine, the refrigerator, the iron, the electric frying pan, and the mixer works. The saddest scene of the day is when the man of the house is greeted by the woman in his life, "Nothing in this house works but me."

There is an electric brain called RAMAC 1401 that tells you what to cook for dinner and makes out your shopping list. It works! And if it doesn't International Business Machines will refund you the half a million dollars, the 1401 sells for. Or you can rent it for about \$10,000 a month. Then there's a "cheap" copy for about \$2,500. It flubs up tho' and repeats a menu once or twice a year. You get what you pay for, if you can do either, with these electric brains. Guess we'll struggle along with our old created one, which frequently repeats menus and mixes up the shopping list.

Is your name Smith? Then don't name your child Mary or William. There are already 43,017 Mary Smiths on Social Security records and 36,174 William Smiths. The Smiths have conquered Social Security. At least, they own a good chunk of the market with over a million Smiths on the records.

"The flies have conquered the flypaper" was the theme of a play at National Theater in Washington, D. C. during World War II. Conrad Nagel was a German officer in the play, which had a political theme that

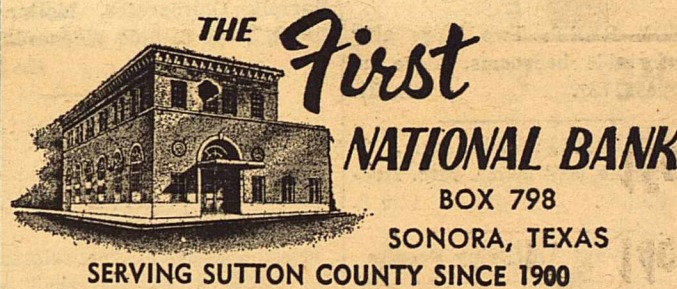

Individual Germans are bigger than Hitler, if they will be." The flies have conquered the flypaper kinda haunts us. We live in a land where the devil and big government are strong. Big government is a trap that can be sprung, if people will not be counted like sheep. It's time to bolt, before the ribbons on the gifts from Washington become chains... like unbreakable.
