ELEVENTH WEEK

TSGRA Convention Opens Sunday In San Antonio

Members of the Texas Sheep and Goat Raisers' Association, producers of more than 20 percent of the nation's wool clip and more than 90 percent of the domestic mohair yield, are to begin gathering in San Antonio Sunday for their 47th annual convention. The convention opens Monday and concludes Wednesday.

Top speakers have been engaged for the meeting. Paul Harvey, ABC news commentator, will speak Monday. Tuesday's speakers will include John O. Hickman, newly appointed executive secretary of the American Sheep Producers Council; Dr. Ty Timm, head of the Department of Agricultural Economics and Sociology of the Texas A. & M. Extension Service and Congressman O. C. Fisher of San Angelo. Joe Burger, California sales management consultant, and Penrose B. Metcalfe of San Angelo, president of the National Wool Growers' Association, will speak Wednesday.

4-H Club and FFA members will be recognized Wednesday.

PAUL HARVEY

morning with the presentation of awards and certificates to those outstanding in sheep and goat and wool and mohair work during the last year.

Registration for the convention is to begin Sunday in the Granada Hotel.

One of the most important matters expected to get attention of the growers will be the present and proposed farm programs in which the producers have much at stake.

The Women's Auxiliary, headed by Mrs. James Baggett of Ozona, will have its main session Monday and brief meetings Tuesday and Wednesday.

A reception and dance is scheduled Monday evening at the Granada and the annual membership banquet will be held Tuesday evening.

Committee reports, resolutions, election of officers and other pending business are to be considered at the final session Wednesday after which the first meeting of the new 1963 board of directors will be held.

12-Year-Old Dallas Youth Leading Now In Contest For Heaviest Deer Award

Cecil Nettle Middleton, Jr., age 12, of 3600 Rosedale Drive, Dallas, is now in the lead in the under age 14 hunters with his 127-pound deer brought in this past week. He is in line for Sonora Food Locker's \$25 Savings Bond, offered to young hunters for the heaviest deer of the season.

Doc Scott says the Food Locker has handled 266 deer the first ten days of the season. Scott reports the deer are getting a little heavier. As the weather gets cooler the big ones are brought in, he said. Turkeys are still scarce this year with only a few coming in for processing.

Sutton County Well-Represented At Recent Civil Defense Meet In Austin

Sonora appeared to have the largest representation of any small community at a statewide Civil Defense meeting in Austin November 19 and 20.

F. L. McKinney, Sutton County Civil Defense Director, reported there was a good informative program each morning with discussion groups on varied subjects both afternoons. Sonora was represented in all of them.

Those attending from Sutton County with McKinney were W. B. McMillan, Mr. and Mrs. J. W. Elliott, Ralph Finklea, E. B. Keng, Mr. and Mrs. Boyd Lovelace, Herman Moore, Troy Selzer, and Albert Ward. Luther Walker attended as a representative of the Caverns of Sonora.

Civil Defense has been set up to handle natural disaster, as well as nuclear warfare. Each family is encouraged to provide for its own. The local director said the program is moving ahead in Sutton County as rapidly as anywhere in the state, although some communities have licensed shelters, which the

government will stock with supplies. Sutton County has no building suitable for licensing as a shelter. Sonora Caverns as a private shelter area would not be eligible for such supplies.

Boyd Lovelace, in charge of local survival information and education, said the Austin meeting opened with the following statement: "This state is different from some others, in that Texas Civil Defense and Disaster Relief is combined to prepare and handle whatever comes with common sense, as Texans always have in planning to care for their own." A medical aid course is scheduled for Sutton Countians beginning in January, according to Lovelace.

Ricky McKee Will Compete In Dallas PP&K Contest

Ricky Allen McKee, seven-year-old son of Mr. and Mrs. H. A. McKee, Jr., will compete in the area Punt, Pass and Kick competition at the Cowboys vs. Browns pro-football game in Dallas on December 2.

Young McKee is one of five youngsters who will compete in the Cotton Bowl at half-time for the honor of going to Washington, D. C. for the nationwide competition. Ricky is in the second grade at Central Elementary School. This is his first year to compete in the local PP&K contest. It is the first time Sonora has ever had an area winner, selected by Ford Motor Company, to compete in Dallas.

The Ford people are rolling out the Dallas carpet for area winners. Reservations await them at the Sheraton-Dallas Hotel for December 1 and 2. A complete uniform, made to Ricky's measurements, will be ready for him there. A banquet is planned for the boys and their families.

Sonora Motor Company, local Ford dealer, has selected John Bell to represent them in Dallas. Bell has staged and directed the local PP&K competition for the past two years. Accompanying Ricky and Bell from Sonora will be Ricky's parents and Mr. and Mrs. Joe Neil Smith.

Hiway Commission Allocates \$44,000 For Sutton Work

The Texas Highway Commission this week approved the expenditure of \$44,000.00 for highway safety and betterment in Sutton County during 1963, according to an announcement by District Highway Engineer J. A. Snell of San Angelo.

He said a total of 20.7 highway miles in the county will be involved. The work will be under the supervision of R. N. Jennings, District Maintenance Engineer of San Angelo.

Snell said a total of 147.4 miles in this highway district will be involved, at a total cost of \$580,000.00.

The following improvement projects will take place in Sutton County: U. S. 277 from the Schleicher County Line to Sonora, a distant of 9.5 miles, apply asphalt seal coat; U. S. 290 from the Crockett County line to ten miles, west of Sonora, a distance of 11.2 miles, apply asphalt seal coat.

The Honorable O. C. Fisher, Congressman from the 21st district, will speak at the annual Sutton County 4-H Achievement Banquet Saturday, December 1 at 7:00 p.m. in the Sonora School Cafeteria. Bryan Hunt will introduce the speaker; John Paul Friess is to be Master of Ceremonies.

Sutton County Agent D. C. Langford reminds parents and all interested in the banquet to get their tickets at once from Mrs. A. E. Lowe or from V. J. Glasscock, so adequate seating and food may be planned.

This colorful occasion will honor 4-H members and leaders for outstanding 1962 accomplishments. Joe Brown Ross will present the Gold Star Award.

Awards in other divisions will be presented by Thomas B. Thorp, Rex W. Lowe, Judge J. W. Elliott, Mayor A. E. Prugel, C. T. Jones, Fred T. Earwood, Ray Sigmund, and Gene Wallace. Mrs. S. M. Loeffler will provide entertainment. Tom Glasscock will give the invocation and Diana Cahill, the closing prayer.

SONORA PTA TO MEET TUESDAY, DECEMBER 4

Sonora PTA will meet Tuesday, December 4 at 2:45 p.m. in the Sonora Central Elementary School Cafeteria.

Members and other interested citizens are invited.

Saturday Deadline To Apply For Student Loans

Saturday, December 1 is the deadline to apply for educational loans under the Sutton County Educational Trust. Applications must be turned into the Rev. Doyle W. Morton by Saturday to be considered for second semester college loans.

Applications forms may be obtained from Rev. Morton or from Stanton Bundy.

Johnny Pierce of Crane and Buddy Glaspie of Stanton.

Honorable Mention: Ends Bermea, Mike Coffee of McCamey, Ronnie Poole and Darrell Cone of Crane and Teddy Stewart of Stanton; Tackles Bob Penny of Crane and Jack Tompkins of McCamey; Guards Friess and Ben Matt of Stanton and Mike Blackwell of McCamey; Centers Bill Heiser and Kirk Looney of Crane and Mack Mathison of Stanton; Backs Samaniego, Castillo, Moore and Lunil Cardova of Alpine, Joe Williams of Stanton and Ray Dickson and Bill Elder of Crane.

Sonora-Sutton County Civil Defense and Disaster Relief will have its first aural warning during the Cuban crisis at 9:00 a.m. on Saturday, December 1 from Eaton Hill. This is a test warning.

Citizens are requested to report if they do not hear, or if the signals come through poorly. Please call KCKG Radio at 28711 or The Devil's River News at 21241. These reports will indicate coverage of the present sounding device on Eaton Hill. It is stressed that this is the only sounding device to be used for defense-disaster emergencies. The fire siren is never to be used for any other purpose than a fire alarm. When several local tests are made and coverage is established, future tests will then coincide with defense-disaster tests in the San Angelo district.

Following are the signals and schedule for the December 1 test. Please clip and save, as the signals will remain the same.

9:00 a.m. Tornado Warning: Three 30-second blasts.

9:05 a.m. Attack Probable: Steady blast of 3 to 5 minutes.

9:10 a.m. Attack Imminent: A series of short blasts for 3 minutes.

9:15 a.m. Attack all clear: Three one-minute blasts at two minute intervals.

Christmas Prizes To Be Awarded By Local Merchants

Several hundred dollars worth of cash gift certificates and nice gifts will be awarded to Sonora shoppers next month by local merchants and businessmen.

Any adult registering at participating stores can get a free ticket to make them eligible for the gifts. All the tickets that go in from now on will be eligible for all the drawings. Drawings are scheduled in front of the First National Bank Building December 22 at 3:00 p.m. Four drawings are to be held on December 24 at 10 a.m., and at 2:00, 4:00 and 6:00 p.m.

YOUR MINISTER SAYS

By Rev. Arno H. Melz, Pastor
Hope Lutheran Church
Our message for the week is taken from Jeremiah 22:29, "O earth, earth, earth, hear the

Word of the Lord." At the time these words were written the world was in a sad condition. Even God's chosen people, the children of Israel were rebelling

against God. They had joined their neighboring countries in worshipping idols. The people had forgotten God, they were seeking after worldly pleasures. Jeremiah came as a prophet sent from God, and warned the people of their sinful ways. He told of a destruction coming from the North, which would destroy their country and take the people captive. But this message fell on deaf ears. The people were happy in their sinful ways, they were secure with the protection of trained armies and walled cities. They had no time to listen to the prophet Jeremiah. Finally the prophet cried, "O earth, earth, earth, hear the Word of the Lord."

This cry of repentance has echoed from the pulpits of our churches for hundreds of years. It was renewed with the Reformation of 1517, which started the cry in the dark ages of Christianity. This cry today is about as effective as it was at the time of Jeremiah, it falls on deaf ears. The world is becoming less Christian each year. Our country is far from an ideal example. The church attendance of our nation is suffering because we are too busy seeking worldly pleasures; we feel too secure in our well defended nation. We are trusting in men and materials rather than in God. We the people of America need to repent of our sins and draw

The crime rates in our nation are climbing steadily, more people in trusted positions are dishonest, the divorce rates are higher, children at younger ages are committing crimes, and loose doctrines are creeping into our churches. Members of the churches are becoming lax in their study and desire to do the will of God. We need to turn to the one source of help, the Word of God. "O earth, earth, earth, hear the word of the Lord."

Completely re-styled for 1963 Ford's top-of-the-line Galaxie 500/XL convertible, shown above, offers luxury car features, such as bucket seats and console, a 260-cubic-inch Challenger V-8 engine, custom-designed interior appointments, and a console-mounted transmission lever. A padded, color-keyed boot covers the convertible top when it is lowered into the storage well, and special 500/XL emblems are mounted on the front fenders immediately behind the wheel openings. Through improved lubricants and special production procedures, Ford has been able to eliminate the historic 1,000-mile inspection on all of its 1963 Galaxies.

The 500/XL convertible is one of 14 Galaxie hardtop, convertible, station wagon and sedan models scheduled to go on display in dealers showrooms on Friday, September 28.

SPACE KITCHEN EXHIBIT SET FOR 1962 STATE FAIR

How the astronauts will eat in outer space — 250,000 miles from home — will be shown in a space-age exhibit at the 1962 State Fair of Texas, October 6-21. The mockup of the Space Kitchen recently constructed for the Air Force Systems Command will be a central exhibit in the Electric Building and will show how all foods and beverages required by a three man crew on a fourteen day mission could be stored and prepared.

An investment that pays off in dollars... and then some

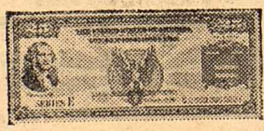

Some investments stop paying off when you redeem them. But with U.S. Savings Bonds, you keep getting benefits long after you get back \$4 for every \$3 you put in.

This happens because the funds you invest in Savings Bonds do even more than earn money for you. They also help your country defend freedom. While your investment is growing to bring you a nice return in dollars and cents,

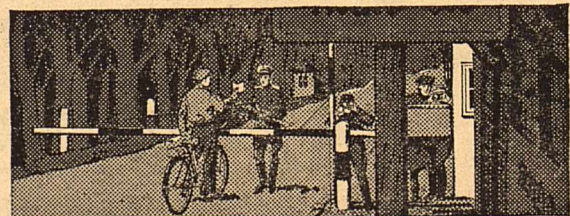

the government uses the money to help build our national strength.

This means that even after you've "cashed in", you'll continue to reap the priceless benefits of American freedom and security. And so will your children. And theirs.

Why not make this worthwhile investment now? All it takes is a trip to the Bond window at the bank, or a visit with your payroll clerk for automatic saving on the Payroll Savings Plan.

It never stops returning benefits. A U.S. Savings Bond earns money while you hold it — and helps to preserve our freedom, too.

Communists require citizens to carry special travel permits at all times. One way Americans defend their freedom to travel and vacation as they please is by buying U.S. Savings Bonds.

La Diabla

By Lindy Groda

Our turkey cooking is heresy by all good cooking standards. We stuff the fowl with plenty of cornbread, a little other bread, mixed with beaten egg and turkey broth. The secret of dressing in our clan is lots and lots of sage and onion. We stuff the old bird, cover him with butter, salt and pepper, wrap him in foil completely and cover in a large roaster, then pop the whole thing in a slow oven about midnight and never look at it again until morning. It comes out done, whatever size or shape bird. We used to be of the roasting in an open pan school with moistened cheese cloth and all that basting all day long, then once when we had an over that would barely heat, this cook joined the school of "let the bird stew in his own juice."

This bit is written for brides or bachelors or people who don't cook. Seasoned cooks have their elaborate ways, and they work out, but so does this one if the proof of the pudding is, was it eaten?

We enjoy hearing a soft female voice tell over the local radio station about Louis Davis and insurance. The voice is especially appealing because it belongs to a little Davis. The whole thing has the quality of believability in insurance and in her dad.

The human race is a fiction. An individual human being is the only reality, for there can never be a collective man, a collective conscience, a collective brain, a collective soul.

The Caverns of Sonora is a reality, a masterpiece that was made only once by the Unseen Hand. It would be slow death to this individual if nuclear war should come, to see human beings tramping through the growing part of the Caverns hopelessly destroying irreplaceable beauty in an attempt to save what must one day die anyway.

It's good to see Civil Defense and disaster preparation emphasize the individual family's need to care for its own. This is what all organization finally boils down to anyway... take care of what touches you and comes your way. And you don't even have to look for what needs to be done. It still goes, with nuclear war equipped submarines touring the world, our vehicles and theirs. It still goes in spite of all the committees for peace, world this and international that.

Life would go on. Truth and individual action would go on, if the United Nations came untied. The United Nations has been called a debating society or sometimes a language school, and life would go right on with "Untied Nations", even if the world has grown so small there's hardly room for us all.

Our changing world that shrinks a little with each alarmist lecture or writing has not changed so much. Modern day Christians, or other beliefs, are pretty much like the Children of Israel.

Any way you look at it, people, individual ones at that, preceded government. And life would go on in some fashion if government ceased to exist entirely. Local individual action would come to the fore. Truth would still be truth, not hinged on organized government, and the merit of the individual would surely stand out.

As the year ends it's time to get out a personal statement of profit and loss... discard what did not and will not work... list as assets the thoughts and actions that paid off... total up the interest on invested deeds that did work. And the hardest

Miss Annette Johnson

Engagement Announced

Mr. and Mrs. Nolan W. Johnson have announced the engagement and approaching marriage of their daughter, Annette, to

David Blanton Archer, son of Mr. and Mrs. Francis Archer.

Miss Johnson is a graduate of Sonora High School and Midland Business College. Her fiance is also a graduate of Sonora High School and is presently attending Texas A. and M. College.

The wedding will take place January 26, 1963 at the First Baptist Church here.

Congratulations To These New Parents

Lt. and Mrs. Raymond L. Darrow of Bitburg, Germany have announced the birth of a daughter, Melinda Lee. Born Monday, November 12, in a Bitburg hospital, she weighed five pounds eight ounces.

Grandparents are Mr. and Mrs. T. S. Darrow of Amarillo, formerly of Sonora, and Mr. and Mrs. C. S. Gentry of Denver, Colorado. Great-grandparents are Mr. and Mrs. O. W. Johnson of Fort Worth, Mr. and Mrs. W. H. Darrow of Washington, D. C., and Mrs. Bert Overby of Waco.

Flower Arranging Demonstrated At Garden Club Meet

Mrs. W. W. Wheeler of Menard demonstrated flower arranging to the Sonora Garden Club at their regular meeting in the home of Mrs. J. C. Stephen on November 26.

Mrs. Wheeler, assisted by a national flower judge, Mrs. Tom Grimes, also of Menard, showed a dozen displays. There were permanent arrangements made of dried materials and permanent flowers, also arrangements of fresh flowers. One stunning arrangement was made with a piece of teakwood, dried pods and an African figurine in a black ceramic bowl.

Mrs. Charles F. Browne presided over the meeting of about 18 members and guests.

Mrs. Edna W. Beam of Kerrville was a recent guest of her sister, Mrs. Ed C. Mayfield.

Pecans, Pictures Objects Of Holiday Thefts Or Pranks

Pranksters and/or thieves struck twice in Sonora over the Thanksgiving holidays. A large quantity of Burkett Pecans went missing Friday evening, November 23 from Leonard Sutton's Fur and Pecan business on Glasscock Avenue. The back door of the building was forced open between 5:45 and 8:00 p.m. The thief made off with four large bags of the Burkett variety, valued by local pecan buyers. Early Thanksgiving morning six large prints of American

scenery were removed with display easels from B. W. Gowens' Standard Service Station on Highway 290.

Edward Rapoza, a native of Lisbon, Portugal, who markets the imported pictures through the station, said the total loss was about \$25. Gowens, formerly of Juno, has been in business here about two months. He says this is the only prankster or petty thief activity they have experienced. Gowens remarked that the time of the theft was pretty closely pinpointed by an observer passing along 290.

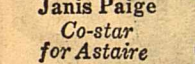

Miss Jeane Ane Crawford, a student at the University of Texas, was a guest of Mr. and Mrs. L. E. Johnson, Jr., over the Thanksgiving holidays.

Annual 4-H Achievement Banquet Set For December 1 With O. C. Fisher To Speak

Congressman O. C. Fisher of San Angelo and Junction is to be the speaker at the annual Sutton County 4-H Achievement Banquet, to be held at the Sonora Central Elementary School Cafeteria at 7:00 p.m., Saturday, December 1.

4-H Club parents and other interested persons may obtain tickets to the banquet from Mrs. A. E. Lowe or from V. J. Glasscock. All supporters of 4-H work in Sutton County are invited to attend the banquet to honor 4-H members and 4-H leaders for outstanding accomplishments during 1962.

4-H Club members are reminded to call at once and give the names of their guests so place cards can be made for the banquet. Mrs. Clint Langford, Mrs. George Wallace or Mrs. Gene Shurley must have this information not later than Tuesday, November 27.

Devil's River Philosopher Admits He Was Jiffy About Bomb Scare, For A Somewhat Peculiar Reason

2 SWC Grid Games On Radio Saturday Army-Navy On TV

The last two games in the Southwest Conference line-up will be broadcast over radio Saturday and the Army-Navy game will be telecast live.

The SMU-TCU game will be broadcast from the Cotton Bowl in Dallas by Kern Tips and Alec Chesser. Broadcast time will be

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River must have been affected about like

1:45 p.m. over KGKL, San Angelo-960 and KENS, San Antonio-680.

The Army-Navy game will be telecast by Lindsey Nelson and Terry Brennan. Television time will be 12:00 noon over KCTV, San Angelo and KENS-TV, San Antonio.

everybody else by the international situation, his letter this week indicates.

Dear editor:

Despite the fact I've tried my best to keep the international leaders informed that this bitter-weed ranch out here is the most un-bombworthy spot on the face of the earth, that nobody in his right mind would waste a bomb on it, I'll admit I was a little on the jittery side when those Russian ships were sailing toward those American ships off of Cuba two weeks ago.

Well, not jittery enough to make a run for any place, I don't have any place to run to, but I was uneasy, and the reason is that the world's not ready yet for an all-out missile war. It's too inexperienced.

I mean, its aim ain't good enough.

Oh, I know the experts talk about intercontinental ballistic missiles which are in place and zeroed in on this or that big population center, but judging by the number of failures, misfirings, and off-course satellite shots so far, how do I know a giant missile with an atomic warhead aimed at San Antonio might not get off two degrees and land on my chimney?

This is typical of the human race. You're required to have a license to drive a car 60 miles an hour, a license to get married, a license to sell real estate, a license to even cut hair or run a beauty shop, but any nitwit can pull the pin loosening a missile going 600 miles a second. I

tell you, this is a dangerous situation for a man who has spent years carefully developing a ranch that's not worth dropping a cannon ball on.

Building a big city, that's one thing, everybody know that's a bomb target, but when even this bitterweed ranch might get hit through some unlicensed gunner's bad aim, nobody's safe. Something ought to be done about it.

By the way, a lot of people are saying, "We sure proved Khrushchev was a liar when he said he didn't have any big missiles in Cuba, then agreed to remove them," by anybody who's just now finding out the Russians are liars, well, it's mighty late in the day for him.

Yours faithfully,
J. A.

TEMPLE TAGS

"GREATEST INVENTION SINCE THE BRANDING IRON"
For cattle—hogs—sheep—goats

Solid tough weather resistant life-time plastic. Easy to install.

GOOD-BYE TO SORE EARS

Temple Tags won't hang up and tear out and have no sharp corners or sharp edges to keep the ear sore, irritated and infected.

By using all 15 colors and one or both ears, you can work out over 200 different combinations for identification. Colors easy to see even at a distance.

Names or numbers will not rub off . . . years later, stock wearing Temple Tags are easily identified.

A must if you are keeping production records.

15 colors make identifying separating and culling easy.

Temple Tags come in 15 different colors. The color scheme can be used in a dozen different ways. By using a different color each year, a rancher can tell, at a glance, how old an animal is. By using color, you can separate families, strains, high or low producers, culls, etc. Turn them all out together, and when you want to separate them—there they are.

The color goes completely through the tag, not just painted on the outside. They will not discolor or fade, and will last the life of the animal.

Names, letters and numbers are printed free on both sides. Ideal for custom feeders or where performance records are kept.

Ranchmen May Sign 1963 ACP Program Starting Dec. 15

Beginning Saturday, December 15, Sutton County ranchmen may apply for participation in the 1963 Agricultural Conservation Program for the 1963 program year, according to Mrs. Marie K. Ellis, local ASCS office manager.

The program, written by the county agricultural group, has received official approval of the State ASCS office and will allow individual ranchers to earn cost-share at \$1,000.00. Prior approvals must be obtained from the county committee before work is begun. Practices offered for cost-sharing for the 1963 ACP program year are: grass seeding on cropland; grass seeding on range-

land; controlling competitive shrubs; pitting; water wells; concrete storage tanks; pipelines of galvanized pipe; pipelines of plastic pipe; pipelines of black pipe; permanent fences; construction of terraces, and construction of diversion terraces.

Handbooks giving full information will be mailed to each producer before the beginning of the 1963 program year.

Three Sonora Seamstresses To Compete In District Wool Sewing Contest Dec. 1

Three Sonora seamstresses will display and model woolen garments in the district Make-It-Yourself With Wool contest to be held at the Del Rio Country Club Saturday, December 1, according to Mrs. Glen Richardson, Sutton County contest chairman. Lue Smith and Irma Gonzales will have garments entered in the senior division and Mrs. S. M. McKenzie will compete in the adult division.

All Sutton County ladies interested in attending the luncheon which will honor contestants may make reservations with Mrs. Richardson. Luncheon tickets are \$1.50 per plate and reservations should be made by Wednesday evening, November 28. A style show of woolen fashions will also be a feature of the luncheon which will spotlight the contest seamstresses modeling their gar-

ments. Local entrants are advised to have their entries in Del Rio in time for examination by the judges which will begin at eight o'clock the morning of the contest. If unable to arrive in Del Rio by that time, they should mail garments to the district chairman, Mrs. John M. Jones, Jr. at Box 1088, Del Rio, Texas.

Fires A Hazard Of Nuclear Attack

Should America be attacked by nuclear weapons our nation's rural citizens would be greatly concerned with the problems of fire, according to a new leaflet by the U. S. Department of Agriculture's Forest Service.

The leaflet issued in cooperation with the Department of Defense-Office of Civil Defense, envisions each rural family as a self-contained fire protection unit.

"RURAL FIRE DEFENSE—You Can Survive," discusses these problems and suggests methods of meeting them. It explains that preparation is the basis for the National Civil Defense program and that preparedness in fire defense is a vital part of this preparation.

The leaflet is designed to be used as a training aid in teaching rural families to protect themselves and their property in a fire emergency. It describes the damage which a nuclear blast can cause on farms, woodlands and in the rural communities, and lists measures to reduce this damage.

In a foreword to the bulletin

Secretary of Agriculture Orville Freeman says, "Protection and survival of those living in rural areas, along with crops, livestock and other agricultural resources is vital. In addition, some rural families may be faced with heavy responsibilities for sheltering and feeding survivors, bringing fires under control and helping to rehabilitate nearby areas."

A nationwide civilian rural fire defense organization has been established under the direction of State and Federal forestry agencies to provide leadership in rural fire emergencies, the leaflet explains.

Copies of "RURAL FIRE DEFENSE—You Can Survive," PA-517, may be obtained from the Forest Service, U. S. Department of Agriculture, Washington 25, D. C.

Ben Castillo Named To "Who's Who" Of Universities

Ben G. Castillo, Jr. of Sonora has been named to represent North Texas State University in the 1963 edition of "Who's Who Among Students in American Universities and Colleges."

Thirty-six students were selected from the student body of 9,927, Vice-President J. J. Spurlack announced last week.

They earned the honor on the basis of high scholastic standing and participation in activities such as student government, publications, debate, music, art, drama, athletics and ROTC.

Castillo, the son of Mr. and Mrs. Ben V. Castillo of Sonora, is a senior government major and is a member of the Debate Club, Independent Students' Organization and Pi Sigma Alpha, scholarship society in government and political science.

Kerry Lynn Joy was visiting here from Bryan with Mr. and Mrs. John W. Joy, Lisa and Toby, and with Mr. and Mrs. Artie Joy. Kerry got his deer during his stay in Sonora.

-GREEN NEWS-

By Betty Jones

The friendly and enthusiastic support everyone gives the Sonora Golf Club is wonderful. Interested supporters have asked questions pertaining to a clubhouse, future meetings, pledges, etc. The time element interfered and we were unable to contact each member of the club personally. According to Auxiliary President Lunetta Morgan: "Each member is a part of 'project clubhouse'—so if you are one who was not contacted last week, we hope to get to talk to you this week."

-GN-

Told Boyd Lovelace to go over to the News Office and read "Green News" before it went to press last week. He went to the News Office but didn't read GN. We were a day late. But it isn't too late to thank you, Boyd, for the pictures. Photos were on display at the dance. If you missed seeing them there, you have only seen four of the 12 pictures in the Devil's River News and San Angelo Standard-Times. See them at the club shop.

November 23rd DANCE, cleared \$200.00. Thanks to the Sonora Food Locker for the turkey which was given away as a door prize. Edwina (Mrs. Joe) Friess was the winner. Special thanks to the Devil's River News for printing posters. And we can't forget the banner so thank you, Chamber of Commerce, West Texas Utilities, City of Sonora, and Wm Cameron Co. for tolerating our publicity chairman (name withheld by request). Cubby Emdy was one of the men who put the banner up and then did a trapeze act to change the date on the banner. There they were—traffic stopped—men working on poles on the 20th of November advertising a dance to be

held on the 19th of November. Cubby was probably a little shook up over it all, though. After his banner work, he was removing the "Men at Work" sign from the highway and the chairman almost ran over him because she was admiring the banner.

-GN-

President Lunetta Morgan said, "Thank you, everyone. All members and friends and the teenage set that bought and sold tickets, and everyone who attended. And the number of friends who bought tickets and were unable to come."

-GN-

We are proud of the Golf Club praises heard from Mr. and Mrs. Cecil Westerman, Mr. and Mrs. Joe Brown Ross, Dr. and Mrs. J. F. Howell, Mr. and Mrs. Glen Chadwick, Mr. and Mrs. Alvis Johnson, and Mr. and Mrs. Ralph Finkles.

-GN-

We welcome new members: Mr. and Mrs. Bryan Hunt, Ben F. Meckle and Mrs. Virgil Potter.

The Golf Auxiliary had a called meeting Tuesday morning at the Parish House. Ladies present: Mmes. Norm Rousselot, Web Elliott, Clayton Hamilton, Frank Bond, Edwin Sawyer, Lee Fawcett, Sam E. Jones, Jr., Raymond Morgan, Son Allison, Louis Davis, Lea Allison, Freddie Kemper, Jerry Hopkins, J. F. Howell, Armer Earwood, J. W. Neville, Bill Tittle and C. W. Cockrell.

It was voted to purchase the Calvary Baptist Church building to be placed on Golf Course property, to be use by club members. Of the 75 members contacted, a total of \$1,898.00 has been pledged toward the \$3,200.00 building.

After the meeting a number of ladies went out to look at the building.

-GN-

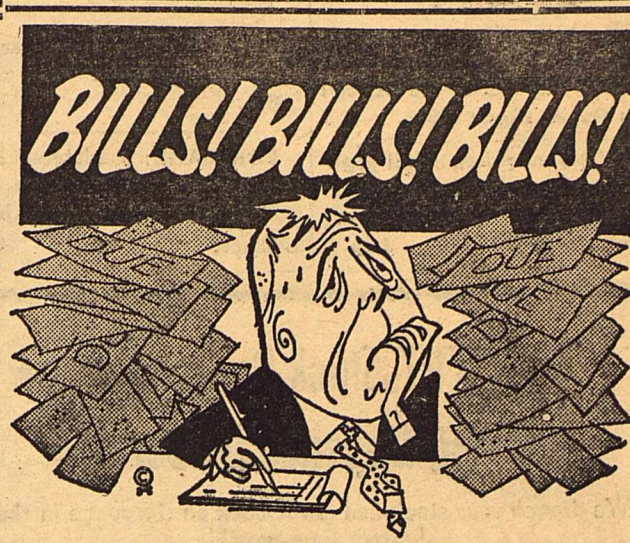

Reminders for Auxiliary: luncheon, bridge and golf meeting the second Wednesday in December. All meetings, after

Devil's River News-Sonora, Texas, Thursday, November 29, 1962

December, will be the third Wednesday of each month. Dates according to the October 17 meeting.

Call the membership committee (Monica Davis, Tina Whitehead and Jo Neville) if you wish to join the Auxiliary or to become an active member.

That's why it's so important to feed the dry cow a ration that has what it takes to help the cow grow and drop a husky calf and maintain her own body condition, too.

During 34 years of research Purina has developed a special dry cow feed, Purina D & F Chow. Tests show properly fed dry cows can produce up to a ton more milk when they freshen.
