TWENTH WEEK

Bigger And Better Deer Coming In With 365 Deer The First Three Weeks

The deer are getting bigger with nicer heads, the Blacktails from West Texas are coming in, and the wild turkeys are picking up, local processors say.

Odds And Ends

The Christmas spirit comes but once a year, and Calvin Howell's coke machine proves it. For one dime the whole door flies open, and you help yourself.

Ruth Shurley's door chimes just make you want to have good will toward all men. She has a little copper stamp box and an early American clipboard every home needs. Lovely lookings.

Sonora is the prettiest sight at night with the lights strung across the streets. Joseph's window is breath-taking in red and white and glitter. It's pretty by day, but magic by night.

Doc Scott cooks turkeys. Sometimes he burns them by the rack full. Men are good cooks, but they are extravagant.

Sonora is out of step with John Eaton. All citizens reported they heard poorly or not at all in Saturday's Civil Defense test alarm. But John heard too well, of course. "Too loud", he said. This anti-"me too" enjoys sharing the hill with the air horn, but he enjoys being out of step more.

Back the Broncos tonight at 6:00 p.m. at the Eldorado Tournery, when they meet Miles. These kids were great against Iraan Tuesday in the last quarter, and they were polished to a shine against Ozona. Back the Broncos this night in Eldorado!

Three Horsewomen Pass Thru Sonora

Three Erie, Pennsylvania horsewomen are on their way to deliver a note to Bob Hope in Pasadena, California.

Mrs. Thora Ganther, Miss Mary Jo Alfieri, and Miss Naomi Scully were on their way, horseback, and acquired the note for Hope as an accidental part of their mission when they met his sister at Mt. Gillie, Ohio.

They left Erie early in September and have ridden their horses about 20-30 miles a day through Ohio, Indiana, Illinois, Missouri and into Texas. They expect to travel 290 to El Paso and to get to Pasadena by Christmas. They camp out each night and expect to hold expenses below \$1,000 for the entire trip. They each carry a pet cat, a bedroll, a gun and a radio.

Sonora Food Locker has processed 365 deer the first three weeks of the hunting season, and they are still pouring in. Doc Scott of the Food Locker reports that Cecil Nettle Middleton, Jr., age 12 of Dallas is still leading in the young hunters under age 14 for the heaviest deer prize of \$25 in a U.S. Savings Bond. Young Middleton's deer was a 127-pounder.

LIONS ROAR

Sonora Lions Club met December 4 at the Fellowship Hall in the First Methodist Church with Rex Lowe presiding.

Basketball Coach Bob Painter reviewed the basketball team's prospects for the year, gave statistics on individual team members, discussed offensive and defensive formations, also rules and officiating at this sport. The Methodist Parsonage Committee served the luncheon.

DON CLAUSEWITZ BUYS SONORA COURTS

Mr. and Mrs. Dick Layer of San Antonio are the new assistant managers of Sonora Courts, which has just been bought by Don Clausewitz, also of San Antonio.

Clausewitz has other properties in San Antonio and will divide his time between there and his recently acquired business here.

Wesley C. Young Named Vice-Pres. Of Water Well Assn.

Wesley C. Young was recently chosen Vice-President of the Water Well Association of Texas and President-elect in two years. He is to be installed as

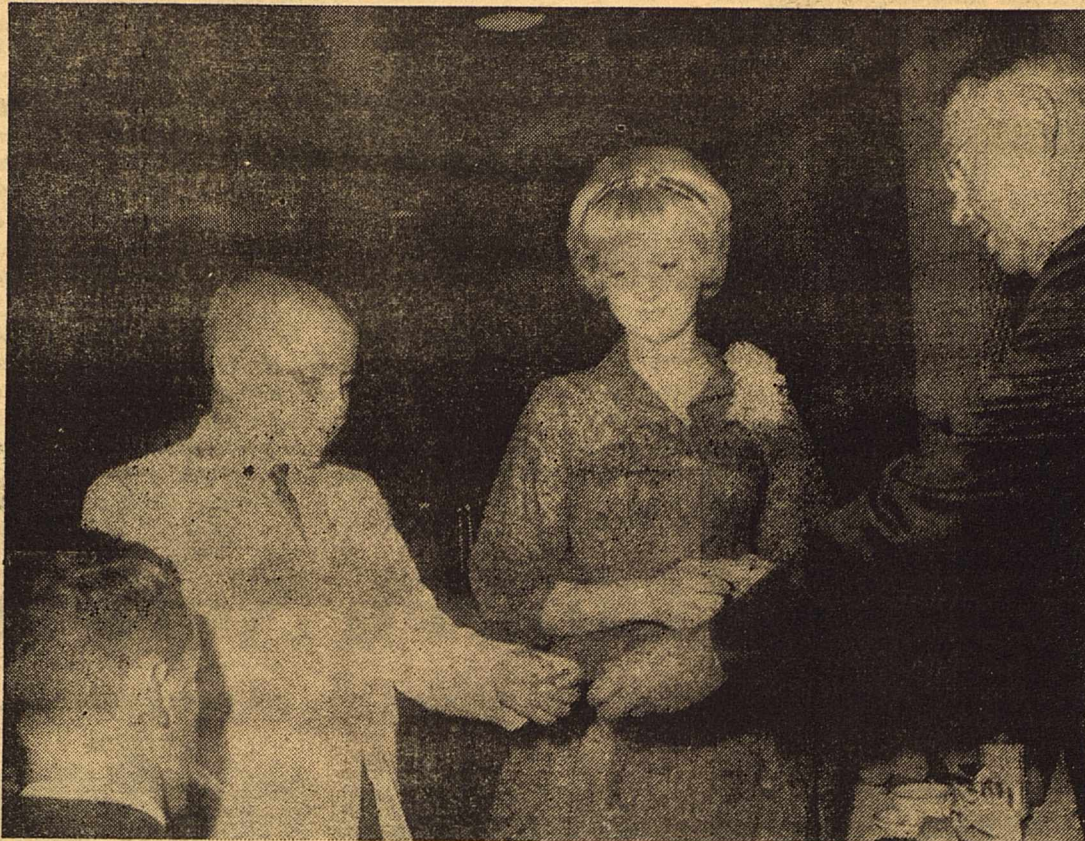

Wesley C. Young

the organization's vice-president in Corpus Christi at the 1963 convention, date to be announced.

Young has been a Sonora-Sutton County businessman for about 15 years.

4-H Members And Parents Get Awards At Achievement Banquet Saturday

Ray Glasscock and Miss Diana Cahill were presented with Gold Star 4-H Awards by Joe Brown Ross at the annual 4-H Banquet. This is the highest honor possible in County 4-H work.

Ray Glasscock and Diana Cahill won the 1962 Gold Star Awards at the annual 4-H Banquet held December 1 in the Central Elementary School cafeteria. Gold Star is the highest county award presented in 4-H work and can be won only once.

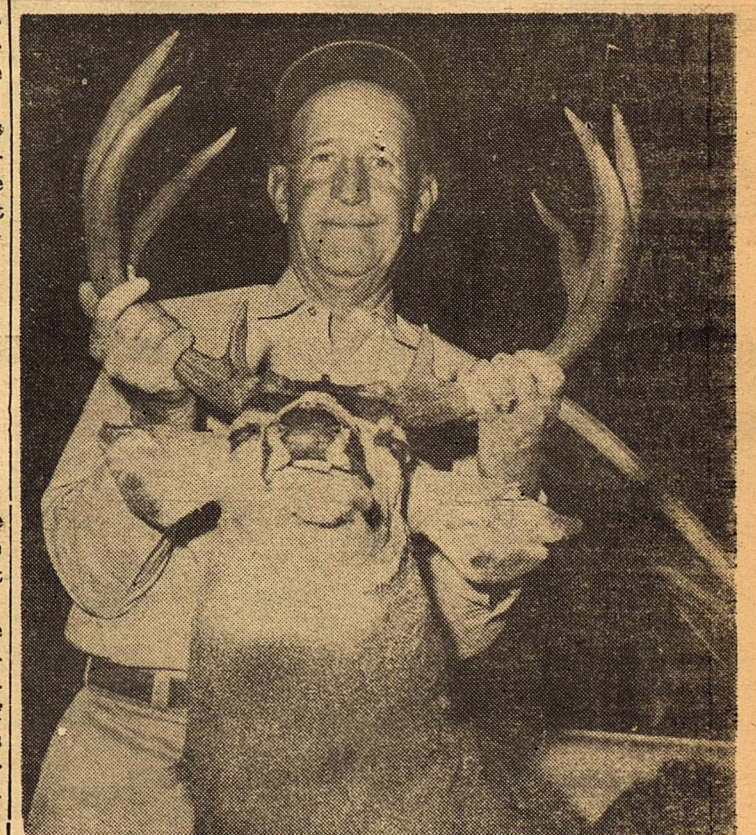

Phillip Jacoby and Mrs. Gene Wallace, chosen outstanding father and mother for the adult leadership awards, were given a rising vote of thanks by the audience.

Bryan Hunt introduced the speaker, Congressman O. C. Fisher, who has represented the 21st District since 1943. Fisher spoke on the need for the competitive spirit found in 4-H. He gave the young people a success formula, put together by Charles Steinmetz, electrical genius: "Do work you like, do a little better every day, feel down in your heart that what you do contributes something to humanity of which you are a part." He quoted the Princess in Alice in Wonderland: "You got to run fast to catch up. You gotta run twice as fast to get ahead."

Fall leaves and horns of plenty erupting with the harvest graced the candlelit tables with background music provided by Mrs. S. M. Loeffler. 4-H mothers served mounds of fried chicken and all the fixings. The whole evening, chaired by John Paul Friess, went off smoothly as award after award was harvested by the following:

Agricultural awards went to it is faint outside and inaudible indoors almost anywhere in the city. There was comment that radio would be a surer communication if a war or weather emergency should be suspected.

One lone citizen reported the warning device had too much volume. This unique citizen reported his books and maps rattled through the alarms. John Eaton heard the warning to be too loud even inside. Defense director F. L. McKinney has not released any planned action for correcting the sound device.

Ricky Allen McKee In PP&K Contest At The Cotton Bowl

Ricky Allen McKee got the biggest hand of all at half-time in the Cotton Bowl in Dallas last Sunday afternoon.

The Cowboys and Browns were competing and so was the seven-year-old second grader from Sonora. Young McKee was one of five entrants in the Punt, Pass and Kick area competition. Other entrants were from Earth, Lancaster, Winters and Dallas.

In his football suit tailored just for him, Ricky stepped out on the field, calm as the pros he was hobnobbing with that day. Dallas Cowboy Tackle Clark gave Ricky a special sendoff. John Bell, local PP&K official, said Ricky did great and that results will be in from the area contest in about 10 days. McKee, son of Mr. and Mrs. H. A. McKee, Jr., is in the running for the national competition in New York by way of Washington, D. C. and the White House, all courtesy of Ford Motor Company and its local dealers.

Thomas A. Morriss, Sutton County rancher, brought home a ten-point, 200-pound Blacktail Deer from the Davis Mountains this week.

The big buck, with extra large beams and heavy horns, is prized by hunters and was considered of exceptional size and beauty even in the hunting country near Balmorhea. The buck was a short, stocky pony type deer. He is sometimes called a Mule Deer. The ears are unusually large, a trait peculiar to deer in the Davis area, and unlike any other specie. The deer dressed out 165 pounds and is the largest one Morriss has ever bagged anywhere, he said.

Morriss brought the deer down on Cherry Canyon Ranch, where he was visiting with his son, Tommy Morriss, a former Sonoran who has lived there for the past 12 years. Mrs. Morriss accompanied her husband on the trip and visited her children and grandchildren. Others in the hunting party were Fred Shields of San Antonio, Mr. and Mrs. Joe Morriss of San Antonio and their two daughters, and George Robey of Coleman.

Broncs To Meet Miles In Tournery

Sonora High Basketball Team will meet Miles at the Eldorado Tournament December 6 at 6:00 p.m.

If Sonora wins they will play the winner of the Mason-Mertzon game Friday at 1:50 p.m. Should they lose to Miles, Sonora will then play the Mason-Mertzon loser at 6:00 p.m. Friday, December 7.

Sonora-Sutton County Has First Test Saturday Morning December 1

The following Sonora citizens reported they could not hear the warning horn except outside of their houses: Mrs. A. H. Adkins, Mrs. Maysie Brown, Mrs. Harold Garrett, R. S. Teaff, Mrs. Shelley Lowe, Mrs. O. F. Wilford, Sonora Wool and Mohair, Dr. Charles F. Browne. Mrs. Curt Schwiening commented that the alarm sounded more like a train. Santos Lopez reported he could hear the sound only from the rooftop of the Commercial Cafe. Mrs. J. M. Vander Stucken heard it outside faintly.

Abilene Man Found Dead In Car

An Abilene man was found dead in the back seat of a car by Sutton County Deputy Sheriff Lewis Rutherford, when he was making a routine traffic check at 12:40 A.M. December 6.

William Fanning, 67, was pronounced dead by City Health Officer Charles F. Browne, M.D., at Hudspeith Hospital. P. R. "Jack" Fanning, 55, and Benjamin F. Boston, 40, other occupants of the car, are currently being held in Sutton County Jail pending investigation. Justice of Peace Alfred Cooper ordered an autopsy to establish the cause of the elder man's death.

He spoke at the morning service on "The Challenge of World Missions" and in the evening he showed slides and told of his work. His wife and sons accompanied him here. They have returned to Meridian for reassignment by the Foreign Board of Southern Baptist Conference. His next assignment is to be Italy.

MRS. L. O. BIGGS RECOVERING FROM FALL

Mrs. L. O. Biggs, former Sonora resident, recently had a fall that resulted in a broken back. She is now resting in her home and may be reached at Box 432, Marble Falls, Texas. Mrs. Biggs' daughter, Mrs. Sam Odum has just returned home after a stay in Marble Falls.

MRS. L. O. BIGGS RECOVERING FROM FALL

Mrs. L. O. Biggs, former Sonora resident, recently had a fall that resulted in a broken back. She is now resting in her home and may be reached at Box 432, Marble Falls, Texas. Mrs. Biggs' daughter, Mrs. Sam Odum has just returned home after a stay in Marble Falls.

Broncos Win Over Braves 64-47 For Third Victory

By Dick McMillan

The Sonora Broncos roared past the Iraan Braves 64-47 Tuesday night for their third win without a defeat. Again, the Bronco scoring was well-balanced, Bill Elliott with 16, Bob Nevill with 13 and Primo Gonzales with 10 led the Bronco attack.

The Broncos next action comes

Producers Urged To Report New Screwworm Cases Immediately

WEATHER

Wednesday, Nov. 21	0	75	29
Thursday, Nov. 22	0	72	36
Friday, Nov. 23	0	70	48
Saturday, Nov. 24	.13	73	59
Sunday, Nov. 25	.01	84	55
Monday, Nov. 26	.01	69	60
Tuesday, Nov. 27	0	73	51
Precipitation for the month 1.07; for the year 20.55.			
Wednesday, Nov. 28	0	71	48
Thursday, Nov. 29	0	65	47
Friday, Nov. 30	0	63	40
Saturday, Dec. 1	0	59	50
Sunday, Dec. 2	.18	68	52
Monday, Dec. 3	0	73	33
Tuesday, Dec. 4	0	70	33
Precipitation for the month 1.25; for the year 20.73.			

Any producer finding new screwworm cases should immediately send samples to the Mission, Texas plant.

This is urgent, according to Sutton County Agent Clint Langford. It is important to report new cases and to send the samples so sterile fly releases will be continued by the Southwest Screwworm Eradication Program. Future fly drop patterns will be determined according to location of screwworm cases reported.

1,439,103,260 sterile flies have been released in the nation this year, wherever outbreaks have been reported. Over three million were released in Georgia recently where a small outbreak was reported and treated.

Devil's River Philosopher Comes Up With An Impractical Idea For Controlling Speeding Cars

Editor's Note: The Devil's River Philosopher on his bitterweed ranch on Devil's River got out on the highway the other day, with the following results. Dear editor:

I don't have one myself but I've been looking at these new cars on television with steering wheels that swing out of the way and that use buckets for seats, and I've figured out still another new gadget that ought to go on cars.

I thought of this when I was riding with a neighbor the other day and we passed a Highway

Patrolman who had stopped a car and was giving the driver a ticket for speeding. We hadn't gone far down the road when another car whizzed past us going at least 90.

I guess I've been spending too much time on my bitterweed ranch, because I said, "Look at him. You'd think he'd slow down after passing that cop giving that other man a speeding ticket."

"You don't understand," my neighbor said. "He figures he's got clear sailing, the cop's back there and he can now go as

fast as he pleases for a good while."

This got me to thinking and I would like to know why Congress doesn't pass a law requiring automobile manufacturers to invent a special radio transmitter to go on cars. When the car passed the legal speed limit, the radio would automatically broadcast the speed and the license number to the nearest Highway Patrol listening post, which would mail the owner a bill for speeding. Get three bills, and your license is suspended.

Now I know somebody is going to say this isn't practical, there wouldn't be enough wave lengths to go around and the reception center would be jammed, but I was reading last night that the satellite we shot toward Venus has now traveled nine million miles out into space and its radio is still sending back

FEDERAL LAND BANK REDUCES INTEREST COSTS

The Federal Land Bank of Houston has announced that effective on January 1, 1963, it will reduce temporarily to 5% the interest rate on all outstanding loans which presently bear

messages loud and clear, and any country that can do that can figure out a way to get a message from a speeding car to a control tower fifty miles away. It's just a matter of working out the details, which I've never had time for. I just think up the ideas and then turn to other matters.

Yours faithfully,
J. A.

Traffic accidents during the three-day 1961 Christmas weekend killed 523 persons. More than 24,000 suffered disabling injuries. Cost to the nation was approximately \$130 million. On a comparable non-holiday weekend 342 are killed, 16,000 disabled. Cost is \$85 million.

Three out of four fatal Christmas accidents involve driving too fast for conditions or in excess of a stated speed limit. Normal average is 35 percent. Most fixed object collisions, nearly all non-collision accidents and most collisions with other vehicles involve excess speed.

a rate in excess of 5%. The contract rate on new loans will continue to be 5½% but interest on loans closed on and after December 1, 1962, will be billed temporarily at 5% until further notice by the bank.

In making the announcement, Hal Weatherford, President of the bank, said that of its \$260 million of loans outstanding more than \$100 million bear contract rates in excess of 5% and that the savings to Texas farmers and ranchers by this action will be more than a half million dollars in the year 1963 alone. Weatherford said this is the fourth time the Bank has voluntarily reduced the interest on its outstanding loans.

The Houston bank makes long-term farm and ranch loans through 73 Federal Land Banks Associations located throughout Texas. The one serving this area is the Federal Land Bank Association of Sonora. A. E. Prugel is the Manager and the other officers and directors are Frank Bonk, President, Sonora; Chas. E. Davidson, Jr., Vice-President, Ozona; Pleas L. Childress, Jr., Ozona; B. E. Moore, Eldorado; and James Williams, Eldorado.

Drinking drivers are involved in more than half the fatal Christmas-time accidents. During the balance of the year, they are involved in one out of three.

LOWER COSTS ON Farm and Ranch LOANS

The Federal Land Bank of Houston has announced that effective on January 1, 1963, it will reduce temporarily to 5% the interest rate on all outstanding loans which presently bear a rate in excess of 5%. The contract rate on new loans will continue to be 5 1/4% but interest on loans closed on and after December 1, 1962, will be billed at 5% until further notice by the bank.

This action is further evidence of our announced goal to supply your loan funds at the lowest possible cost. Without obligation, come in and let's see if you and your land can qualify for the special benefits provided through one of our loans.

Land Bank Association**

SONORA, TEXAS

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford
Texas Press Association
Twenty changes in Texas' two per cent sales tax law are recommended by the Texas Commission on State and Local Tax Policy.

Some changes would result in decreased revenue and some would mean an increase. But the total outcome of a legislative put-and take would produce an additional \$10,500,000 a year from a tax that is expected to bring \$170,000,000 into state coffers this year.

Sen. George Parhouse of Dallas is chairman of the commission. Other members are Hugo H. Loewenstern of Amarillo; Dr. John R. Stockton of Austin, Senators Louis Crump of San Saba and Jop S. Fuller of Port Arthur; Representatives Charles Sandahl of Austin and Charles Wilson of Trinity.

Parkhouse predicted that if spending in the next biennium is in line with the present level, no additional taxes would have to be levied.

A large addition to income—if recommendations are adopted—would come from applying the

state sales tax to motor vehicle sales in place of the selective excise tax now levied on vehicles.

ELECTION CHANGES—The Election Law Study Committee released a 221-page report on proposed changes in Texas election laws.

Sen. Tom Creighton of Mineral Wells, chairman of the committee, said the main goal is to remove conflicts and deficiencies from the present code. The more palatable suggestions will be included in one bill for legislative consideration. More controversial items will be presented separately.

Some of the 120 proposed amendments concern:

1. Having voters check preferred candidates on paper ballots, instead of scratching those opposed.

2. Requiring write-in nominees and runoff candidates to pay the same fees as other candidates.

3. Fining voters who cast a ballot in one party's primary and then vote in the runoff of another party.

4. Requiring campaign expense reports by newspapers, magazines, billboards, printers,

radio and TV stations, on all advertising contracts.

5. Requiring all voters over 60 years of age to get annual examinations.

6. Permitting different parties to hold primaries in the same building, as long as there is no means of direct passage between polls.

DEBT INCREASED—State Treasurer Jesse James reports that the deficit in the General Revenue Fund increased by \$6,000,000 between November 11 and November 23, when it was \$34,146,666.

SAFETY STRESSED—Governor Daniel has proclaimed December 9 as "Safety Sunday" in an effort to stress the hazards of holiday traffic.

He recalled that highway collisions in the state in 1961 took 2,314 lives. They caused 132,000 injuries and a loss of \$356,000,000 worth of property.

Each Christmas-New Year's holiday from 1954 through 1957 averaged 106 traffic deaths. From 1958-61, when safety campaigns were conducted, there were 23 fewer traffic deaths.

HUNTING DEATHS—Cecil Reid of the Sportsmen's Club of Texas urges hunters to put a stop to a tragic string of hunting deaths and injuries by practicing caution in the field.

He cites three recent deaths where hunters were mistaken for game and killed.

Reid said no hunter should allow himself to shoot at anything which he has not identified fully as game.

He urges hunters to request passage of legislation such as the "careless and reckless hunting" laws in effect in some other states.

BRACERO CALLS DOWN—Texas cotton farmers reacted to a U. S. Department of Labor age standard of 70-cents an hour,

for braceros hired to chop cotton, by restoring to almost exclusive machine harvesting.

While 45,000 Mexican contract laborers were hired in August of 1961, only 16,000 were used in August this year, and they also harvested vegetables and grain.

TO HONOR DANIEL—Vice-President Lyndon B. Johnson and Governor-elect John Connally will join other Texans in paying tribute to Gov. and Mrs. Price Daniel with an appreciation dinner.

Many members of the Texas congressional delegation, Texas Legislators and other state of-

ficials will participate.

Former Lt. Gov. Ben Ramsey, now a member of the Railroad Commission, is arrangements chairman.

The \$10 per plate appreciation dinner will be held in Austin's Municipal Auditorium on December 12.

Thanksgiving guests of Mrs. H. V. Morris were her daughters and their families, Mr. and Mrs. Tex Farr and children and Mr. and Mrs. J. F. Whitley and children.

THAT'S A FACT

ON A STRING...
SIR FRANCIS DRAKE—THE GREAT EXPLORER AND ADVENTURER—CARRIED A COMPLETE STRING ORCHESTRA WITH HIM WHEN HE CIRCLED THE WORLD IN THE 16th CENTURY. THE MUSIC WAS SUPPOSED TO ASTONISH THE NATIVES.

WHY...
... DO U.S. SAVINGS BONDS PAY YOU MORE THAN INTEREST? BECAUSE THEY DO MORE THAN EARN MONEY, BOND DOLLARS HELP STRENGTHEN OUR NATIONAL ECONOMY!

ROCKET ROUTE
BECAUSE OF THE MOTION OF THE EARTH, A ROCKET FIRED FROM THE NORTH POLE AND AIMED AT NEW YORK CITY WOULD LAND A HUNDRED MILES SOUTH OF CHICAGO!

THE MINUTE...
... YOU FLUNK DOWN YOUR \$18.75 FOR A \$25 U.S. SAVINGS BOND, YOU ARE INSURING A SUBSTANTIAL RETURN ON YOUR SAVINGS DOLLAR—AS WELL AS INSURING YOUR OWN PERSONAL FREEDOM.

An investment that pays off in dollars... and then some

Some investments stop paying off when you redeem them. But with U.S. Savings Bonds, you keep getting benefits long after you get back \$4 for every \$3 you put in.

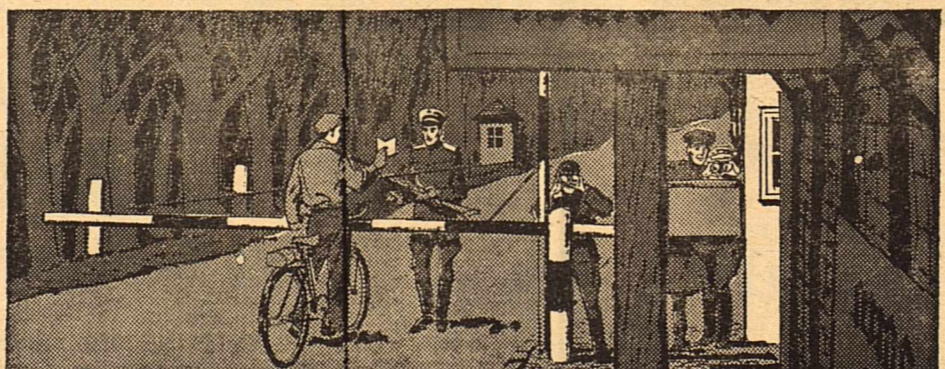

This happens because the funds you invest in Savings Bonds do even more than earn money for you. They also help your country defend freedom. While your investment is grow-

ing to bring you a nice return in dollars and cents, the government uses the money to help build our national strength.

This means that even after you've "cashed in", you'll continue to reap the priceless benefits of American freedom and

security. And so will your children. And theirs.

Why not make this worthwhile investment now? All it takes is a trip to the Bond window at the bank, or a visit with your payroll clerk for automatic saving on the Payroll Savings Plan.

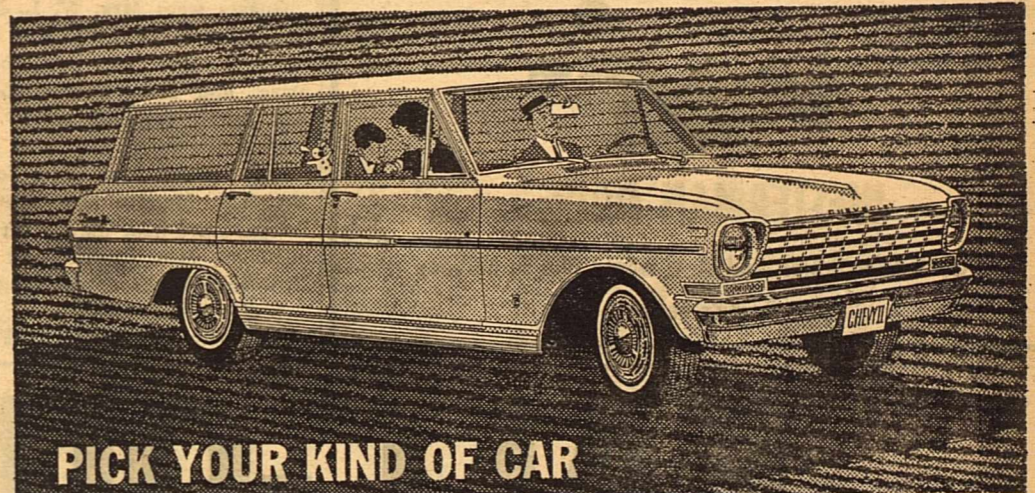

Communists require citizens to carry special travel permits at all times. One way Americans defend their freedom to travel and vacation as they please is by buying U.S. Savings Bonds.

It never stops returning benefits. A U.S. Savings Bond earns money while you hold it—and helps to preserve our freedom, too.

Keep freedom in your future with

U.S. SAVINGS BONDS

Dr. Browne Named Director At Large Of Cancer Group

Dr. Charles F. Browne of Sonora was elected to the Board of Directors of the Texas Division of the American Cancer Society at the closing session of the Society's annual meeting in Dallas November 30.

Dr. Browne previously served as a representative Director from District Four and is now a Director-At-Large. The Division Board meets twice annually, furnishing volunteer leadership and guidance for the total cancer control program in the state.

The 350 delegates attending the meeting divided time Thursday afternoon between special sessions on public relations, industrial education and problems in cancer.

At the membership meeting, 62 directors-at-large were elected, and the 110 member board elected an executive committee of 31 members which will conduct the month-to-month business of the Society in Texas during the coming year.

MRS. G. H. DAVIS HOSTESS TO JUST US CLUB DEC. 3

Mrs. G. H. Davis entertained the Just Us Bridge Club in her home on the afternoon of December 3.

Chrysanthemums were used in decorating and a salad plate was served.

Guests were Mrs. W. L. Morris, Mrs. R. W. Wallace, Mrs. Gene Wallace who won bingo prize, and Mrs. Shelley Lowe, who held guest high score.

Members present included Mrs. R. A. Halbert, Mrs. Alice Jones, Mrs. Leo Merrill, Mrs. May B. Sawyer who held high score for members, Mrs. C. A. Tyler and Mrs. Libb Wallace who binged.

WMU OBSERVING WEEK OF PRAYER

The Southern Baptist Convention is observing a week of prayer for foreign missions all this week. The Sonora WMU joins in the week of prayer every day to study and to pray.

The special week will be culminated with a special Missions' Day offering on December 9. The offering is in memory of Lottie Moon, who was a missionary to China.

MRS. HOWELL ATTENDS LUNCHEON AT SAN ANGELO

Mrs. R. C. L. Robertson of Houston, president of the Woman's Auxiliary, Texas Medical Association, was honored with a Christmas luncheon at the Town House in San Angelo on Monday, December 3.

The Tom Green Eight-County Medical Auxiliary gave the luncheon-meeting.

Mrs. J. F. Howell attended the luncheon and met with the auxiliary executive board in the home of Mrs. Dale Hater.

HOSPITAL AUXILIARY TO MEET DECEMBER 10

The Lillian M. Hudspeth Memorial Hospital Auxiliary will meet on Monday, December 10 at 3:00 p.m. at the home of Mrs. J. F. Howell.

This is to be a Christmas party with Mmes. Dan Cauthorn, Thomas Morris, and W. L. Davis as co-hostesses.

Each member is asked to bring a child's gift to be given to the hospital for young patients.

FIDELIS CLASS MEETS IN CRITES HOME

The Fidelis Class of the First Baptist Church met with Mrs. Pearl Crites in her home last Friday evening.

Seven class members were present: Mmes. J. A. Cauthorn, Jim Perry, J. E. Eldridge, W. M. Potteet, Agnes Cash and Very Key.

Cake, coffee and tea were served.

La Diabla

By Lindy Groda

There is a sleek sports model Jaguar and what a vehicle . . . for casual fashion. This one's a three-quarter length coat with huge patch pockets, a standaway collar—all Jaguar. We'd settle for a scrap of this lovely animal's coat. What fur! For hats, for collars, belts, buttons and even on gloves.

A simple gray wool coat with inset pockets lightly edged with dark Mink, not used anywhere else, is a stunt an old weaver in Kansas City showed me long ago. This old, old woman did hand weaving. Real invisible hand weaving by picking up the threads and making the material fuse, so the hole was as tho' it had never been. I took her a coat of an unusual fabric that had pulled an unsightly hole.

About a week later the weaver presented the coat to me and would take no money for that particular work. "No," she said, "every Sunday I take a good fabric home with me to weave. What I don on that day I do without pay on a material that's worth it. I pick something I want to weave, and I do it because I want to."

This needs no comment, except that it happened during World War II, when drawing room graciousness went out of business. Bet it never did in Sonora.

Colors in furs this year run the gamut with Mink mutations from pale pearl and palomino to dramatic sapphire and gunmetal tones. There are full-length capes, brief fur triangles to curve around shoulders, reversible fur coats, and fur combined with fabric for ball gowns and dinner suits. There's plenty of fur flair and fashion fun this season.

From heel to toe: There are brown patent walking shoes with stacked heels. And calf shoes in Antique with three inch heels and a heavenly heavily-cushioned sole. The heels are not needle sharp and the toes are square. And thank goodness some shoes are out of the "how much sillier can we get" class.

Deck the halls with advertising . . . fa . . . la, la . . . la . . . is something we used to sing around another advertising medium (a five letter word beginning with "R" and no, Albert Ward, we are not going to mention it) . . . Fa . . . la, la . . . and 'tis the season when I spend more than I can afford. And that's no fund.

A wise woman who knows how to Christmas shop intelligently once said: List a certain amount for each family and stay with-

in it. Don't decide ahead on too many expensive items in gift catalogs and magazines. Shop with an open mind for what's right within the money set aside. And that's fun-with-funds recipe. We add. Shop Sonora first, where windows are prettier than ever. Ditto, interiors.

Overheard from a pre-schooler: "Real school is funner than Sunday School." Oh joy, little one, and all learning is funner than not knowing. For "Truth is beauty, and beauty is truth. And that is all ye know, and all ye need to know."

Post election post-mortem: Jack Cox got a better return on his money in the governor's race with \$310,976 spent, he had a return of 708,576 votes; while the next governor of Texas spent \$644,512 and got back \$38,012 votes. Which proves something about the law of diminishing returns, that it can't be repealed. The more you spend, the less you get back. It also proves it takes about three-quarters of a million dollars to be Texas governor and that most of us still believe in Santa Claus. That's sweet.

In the very first murder recorded back in the Genesis, a farmer killed a rancher. And something called "imports" may kill 'em both today. Wait until this 1962 Trade Bill gets moving. Exporters to dear ole U.S.A. will be justified in believing in Santa, if the New Frontier is as kind to foreign goods as the New Dealers were in 1934 and on, with our boy Alger writing Trade Agreements in the State Department.

Alger Hiss of recent ABC-TV fame enjoyed a comradeship back in the thirties with a man called Whittaker Chambers. In retrospect, Chambers wrote after leaving the Communist Party: ". . . all the New Dealers I had known were Communists or near-Communists . . . It was only of incidental interest that the re-

volution was not complete, that it was made not by tanks and machine guns, but by acts of Congress and decisions of the Supreme Court, or that many of the revolutionists did not know what they were or denied it."

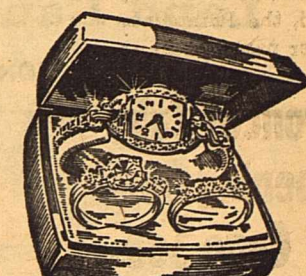

Letting Hiss talk for TV sensation's sake . . . just timely showmanship . . . was not nearly so bad as letting the damnable Trade Bill pass. We did that, you and I, this last session. All this and the Castro-tastrophe in one little year.

PAUL BROWNE HONORED ON SIXTH BIRTHDAY

Paul Browne is celebrating his Sixth Birthday with his parents, Dr. and Mrs. Charles F. Browne, and with his godparents at a dinner party the evening of December 6 in the Browne home.

Guests will include Mr. and Mrs. Joseph Vander Stucken, Mrs. Wesley Young and the Rev. Stanley Hauser of Houston, who has not seen his godchild since he was six months old.

Hope Lutheran To Observe Mission Festival Sunday

The members of Hope Lutheran Church will hold their annual fall Mission Festival service Sunday, December 9, with the Rev. Carl A. Heckmann of Austin as guest speaker.

The Rev. Heckmann is the Stewardship Director of the Texas District. He has served as pastor of churches at Navasota, Eden and Menard. While serving at Eden he began the first survey in the Sonora area which resulted in establishment of the present congregation. He served as Chaplain during World War II with the 79th Infantry Division in Europe and was awarded the Purple Heart and the Silver Star. He now holds the rank of Lieutenant Colonel in the U. S. Air Force Reserve.

The public is invited to attend Bible Class at 9:30 and the worship service at 10:30 Sunday morning. Offering will be used to support missionaries in Japan, Africa, New Guinea, India, Thailand, the Philippines, Korea, and other parts of the world.

Broncos Take Two Opening Games Of Cage Season

By Dick McMillan

The Sonora Broncos got the 1962-63 basketball season going in flying fashion last week by taking their first two games.

The Broncos opened the season in Eldorado last Tuesday by bombing the Eagles 65-47. Bill Elliott had 22 points and Johnny Glasscock added 16 to lead the Broncos. Primo Genzales must be credited with a great defensive job as he held the Eldorado ace, McGregor, to 12 points, while picking up ten himself.

The Broncos won their second game Friday night with a 51-41 decision over the Ozona Lions in Ozona. Tino Noriega and Primo

WOMAN'S CLUB TO HAVE LUNCHEON DECEMBER 6

"The Christmas Story in Art" will be shown in colored slides from National Art Gallery, Washington, D. C. at the luncheon meeting of the Sonora Woman's Club on December 6 at 12:30 p.m. in the club room.

Rev. Arno Melz Speaks To PTA Tuesday Afternoon

"Good Citizenship through Faith and Moral Growth" was the subject of Rev. Arno Melz, local Lutheran minister, in an address to the Sonora PTA Tuesday afternoon in the Central Elementary cafeteria.

The High School Choral Club, directed by Miss Charlotte Wilson and Mrs. A. E. Prugel sang "Tell It On The Mountain," "Winter Wonderland," and "White Christmas."

Mrs. Oliver Wuest introduced the speaker, Mrs. Norman Roussetol presided over the business meeting, and the Second Grade mothers furnished refreshments.

The PTA voted to get two baby sitters for the playground during future meetings. The organization voted to send \$10 to Tri-County Council for membership dues. Tri-County Council will meet in Sonora on January 10 at 9:30 a.m. The public is invited.

Mrs. Herbert Fields reported on her trip to State PTA Convention in Fort Worth.

Doyle Morgan announced the next PTA meeting is to be Men's Night on January 8. Pie and coffee are to be served, and all PTA men are invited.

Mrs. Clyde Greer's Third Grade won the attendance pennant for

Gonzales led the well-balanced Bronco attack with 12 points. The Broncos opened their home season against the Iraan Braves Tuesday.

The Bronco freshmen have a one won, one lost record, after a loss to Eldorado and a win over Ozona.

Many thanks to J. W. Neville and Joseph's Department Store for the revolving golf trophy given Wednesday at the Auxiliary meeting. This is a ladies trophy, that will be returned by the winner each time; however, any woman winning the trophy

Scanning The Movies This Week

"We are all islands shouting lies to each other across the seas of misunderstanding."

Or NO MAN IS AN ISLAND. Poets made both statements. Poets fight as men do... as the adventure drama, NO MAN IS AN ISLAND shows... in a true war story filmed in the Philippines. Jeffrey Hunter (portrayer of the Christ in "Kings of Kings"), stars in a role just opposite, that of a fighting man. He is a U.S. Navy radioman, George R. Tweed, who actually hid on

three times becomes the permanent owner.

Devil's River News-Sonora, Texas, Thursday, December 6, 1962

Guam for three years when the island was captured by the Japanese during World War II. He signaled information to the American fleet on Japanese troop movements. Hunter is often befriended by a Guam native, played by Philippine actress Barbara Perez.

War may be hell, but it's a subject the movies like this week in Sonora. THE TARTARS fight it out with the savage Vikings with Victor Mature leading the Vikings and Orson Wells as ruler of the Tartars. This reviewer once saw Victor Mature on stage and down the aisles of a Kansas City theatre. He threw out his chest and drew up his powerful muscles. We're betting on Orson's voice over Victor's

muscles. Gunpowder was used in the 1st cannon to defend the mighty Court of Kubla Khan, the Great China Wall, and an exotic princess, played by Yoko Tani in MARCO POLO. China, Red thorn in the globe's side today, even the criminal-infested Kremlin,

was once a place where the honor system was practiced by all Chinese, where art was highly developed, and where printed currency was in use over 700 years ago. MARCO POLO, European globe trotter, recorded it all in the 13th century. And Rory Calhoun in the title role unfolds the actual history.

All's not war, but all's fair with the fair LOLITA. Tell you about her next week.

Devil's River Philosopher Wants Ranch Income Tied In With The National Economic Index Plan

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River looks at the economic index, his letter this week reveals.

I don't know where they get the figures, I know they don't use any of mine, but some government experts come out once a month with a report on what the cost of living index was the previous month.

Under this system, if the cost of living goes up so many points, as it has for the past several years, certain wage earners gets an automatic increase in pay.

I was reading the figures the past month and noticed that among the people getting an automatic increase were farm and ranch equipment workers. What I would like to know is why don't these experts figure out a way to give us farmers and ranchers an automatic pay increase that's tied in with the economic index? It's the only way to meet the increased cost of equipment resulting from the increased pay for the equipment workers. It wouldn't be too hard to do. Since we don't get paid by the hour, it would have to be figured on a yearly basis, but I'd agree to wait till the end of the year for my check.

As I understand it, the value of a dollar fluctuates, it's not the same today as it was last month or last year, and this program is designed to see that workers get a living wage. When a dollar buys less, they get more dollars; when a dollar buys more,

they get a little less, although this latter situation hasn't come up so far in the last 25 years. The experts say this program makes sense.

Well, I'll tell you, it's good enough as far as it goes, but it doesn't go far enough.

A living wage is not enough to get by on these days. It takes more than that. At least, there aren't very many people left willing to try it.

Excuse me, I've got to end this letter and get out and try to make some money ranching. I need \$40 had. The picture tube on my television set has just busted.

Yours faithfully,
J. A.

NOW IN MISSOURI

Pvt. Alfred Bearmea, Jr., is now stationed at Fort Leonard Wood, Missouri with the 62nd Engineer Battalion.

Bearmea is the son of Mr. and Mrs. Alfred Bearmea, Sr., of Sonora.

Mrs. Robert Kelley, Jr. returned Sunday from Beaumont where she had been visiting with her mother, Mrs. Harry Pearson, and an aunt, Mrs. Ann Becker, who had undergone surgery.

Mr. and Mrs. George Hamilton and daughters Trisha and Tyra of Austin were Thanksgiving guests of his mother, Mrs. Muriel Hamilton.

Shoppers Urged To Select Toys Built For Safety

The Texas Safety Association today advised Christmas shoppers to keep safety in mind when selecting toys for children. The association emphasized the need for selecting toys that are sturdy and well-made.

Cheaply constructed or breakable toys may come apart or be broken under strenuous child play and broken or jagged edges from toys can cause cuts and infection.

Test the strength of a toy to see how much bending it will take and whether it will last past Christmas Day. Choose the toy which is suitable to the strength of the child. A toy which is too heavy for a youngster to handle easily could cause an accident to that child.

Beware of toys manufactured with sharp edges or pointed ends, and check all playthings to make sure there are no parts which may become loose and find their way into the mouth. Babies and toddlers invariably follow the "hand to mouth" rule for everything they touch. See that they do not play with small toys, marbles, coins, beads or other tiny objects.

Other things such as stuffed animals with button eyes which may become loose, whistles with removable mouth pieces and pull-toys with small removable parts also are dangerous for small children. Nearly 600 children under age five die each year in the U. S. as a result of suffocation from ingestion of small objects. Last year in Texas, 16 children under age five died from ingestion of objects other than food.

Shoppers should keep in mind the age, interest, and physical and mental abilities of a child in selecting toys. An archery set, dart game or chemistry set may become dangerous if a child does not know how to use them or is too young for such games.

It is sometimes necessary for parents to supervise the use of such toys, but children should not be overburdened with toys that require constant adult supervision.

Electrical toys of any type are unsafe for the very young and such toys for older children should be carefully selected. Inspect electrical toys for frayed cords or any defect which may cause shock. Teach your child how to handle electrical toys and warn him not to play with electrical equipment with wet hands or when wearing damp clothing.

Even if a toy is safe, it may not stay that way. Inspection of toys and play equipment periodically is important. Check wooden toys for splinters, wagons for loose wheels and baby's rattler for cracks which may free the little stones inside. If satisfactory repairs can't be made, discard the toy immediately.

Toys can be hazards not only for children at play, but also for adults. Serious falls may result from toys left on steps, stairways, walks or in the yard. Have a place for toys and teach children to put them away.

Here's Your 1962-63 Cage Schedule

Sonora High School's head basketball coach Bob Painter this week released the school's basketball schedule for the 1962-63 season:

December 6 through 8, Eldorado Tournament.

Tuesday, December 11, Eldorado here.

Friday, December 14, Big Lake, there.

Tuesday, December 18, Iraan, there.

Thursday, December 20, Ozona, here.

Friday, December 28, Menard, there.

January 3 through 5, Big Lake Tournament.

Friday, January 11, Mason, there.

Tuesday, January 15, Big Lake, here.

January 17 through 19, Ozona Tournament.

Tuesday, January 22, Stanton, there.*

Friday, January 25, McCamey, there.*

Tuesday, January 29, Alpine, here.*

Friday, February 1, Crane, here.*

Friday, February 8, Stanton, here.*

Tuesday, February 12, McCamey, here.*

Friday, February 15, Alpine, there.*

Tuesday, February 19, Crane, there.*

*District Games.

All pre-conference games are scheduled for eight o'clock in the evening. All conference games other than those with Stanton and Alpine will start at eight. The Stanton and Alpine games will begin at four o'clock in the afternoon. "B" squad games begin approximately an hour and a half before the varsity games.

TV TODAY AND TOMORROW
BY RALF HARDESTER
Feature Editor of TV GUIDE MAGAZINE

TAMMY GRIMES, OF BROADWAY'S "Unsinkable Molly Brown," has guest-star dates coming up with Andy Williams (Nov. 8), Garry Moore (Jan. 15) and Ed Sullivan (no date set)...

Ed Sullivan ... with Tammy Grimes

Ed Sullivan (no date set)... Paramount, virtually dormant in the field of TV films these many months, has nine shows on its agenda for the 1963-64 season, including a planned 90-minute musical comedy, series titled "How to Break into the Movies," and an hour-long anthology featuring a company of eight stars who rotate in top roles... Robert Taylor, absent from TV this season, is dickering to return in 1963 in the starring role of a health officer in 330 Independence Drive. The series, earmarked for NBC, will be adapted from an episode on The Dick Powell Show last year which starred William Bendix... Four Star is preparing a series dealing with behind the scenes stories about U. S. Presidents.

EDDIE CANTOR, LONG INACTIVE BECAUSE OF a heart condition, is trying to put together a two-hour, three-network benefit show to raise \$15,000,000 in a single day for the Salk Foundation. The show would be called "Something to Remember," and consist of clips of outstanding TV performances over the past dozen years. Included would be the famed Mary Martin-Ethel Merman-duet medley performance of 1953... Official Films is preparing a half-hour special, "The Marilyn Monroe Story," to be aired in December... TV documentary producer David Wolper is on the same track with a different destination. He's preparing an 80-minute feature called "Marilyn" for theaters. Music for both films will be by Elmer Bernstein... Here's a switch: MacDonald Carey's upcoming Broadway play, "Memo," may double for a test film for a TV series.

JULIE HARRIS IS TO APPEAR IN "Pyg... in Show classes malion" Feb. 6. This decision by Hallmark Hall of Fame means postponement of Hallmark's "Hamlet" until next season. The Hallmark special will mark the first TV adaptation of the George Bernard Shaw classic... Danny Thomas turns director for an episode of his own show, "10 Years Ago Today," scheduled for Nov. 19... Bipartisan: The NBC special on our new National Cultural Center in Washington, D. C., scheduled for Nov. 11, will have Mrs. Jacqueline Kennedy and Mrs. Mamie Eisenhower, honorary co-chairmen of the Center's committee, appearing with newsmen Sander Vanocur... AT&T has postponed Telstar II indefinitely. Says the company: Telstar I is working so well there's little need for a second satellite. Also, the Delta rocket needed to launch it is unavailable at this time. (All rights reserved - TV GUIDE)

YOUNGEST CADILLAC IN SIXTY-ONE YEARS!

Take a good look at a new 1963 Cadillac and you'll see what we're talking about. For this one has a freshness... a brightness... a spirit... a flair that has never been seen before in a Cadillac car. It's the look of youth—and it's written in every clean, crisp line... and mirrored in every lithe, nimble move that the car makes. And so it is not surprising that this beautiful new Cadillac is adding a host of youthful admirers to the ranks of its enthusiasts.

Nor is it remarkable that so many younger motorists can be seen this year at its wheel. In fact, motorists of all ages have taken this Cadillac to their hearts as never before. The reputation that has been accorded this new "car of cars"—whether measured by the praise of its followers or the number of its owners—is simply without precedent. Why not visit your authorized Cadillac dealer soon—and see for yourself what the talk is all about? Young in fact or young at heart—we know you'll want to make it yours!

'Miracle Baby' with Birth Defects Is Named March of Dimes Child

Jimmy Boggess' mother, Mrs. Shirley Boggess, reads a fairy tale to the 1963 National March of Dimes Boy, a victim of the birth defect known as open spine. She is a March of Dimes volunteer in her home town of Coy, Ark., because she wishes to encourage research "to learn why some children, like my Jimmy, aren't born perfect."

Five-year-old Jimmy Boggess of Coy, Ark., a "miracle baby" who has survived a constant battle against serious birth defects, has been named the 25th Anniversary March of Dimes Boy for 1963. Jimmy, the son of Mr. and Mrs. James Boggess, was born with a birth defect known as spina bifida, or open spine. He underwent an operation when he was five days old to correct this condition. A few months later, it appeared that he also had hydrocephalus, or water on the brain. However, this condition has apparently arrested itself without need of surgery. In spite of the fact that he also has defects in both the genito-urinary and digestive systems, Jimmy is a happy, inquisitive child who plays with his pets and his toys as eagerly as any other youngster his age. He walks with the aid of steel braces and wooden crutches. He looks forward to his nationwide tour scheduled for January, which marks the 25th anniversary of The National Foundation-March of Dimes. His picture will be on millions of coin collectors, leaflets and school cards used in every county in the nation. He will also visit with a number of congressmen, senators, governors, mayors, screen stars, TV personalities and stage celebrities. A winsome, intelligent lad, Jimmy was born in Panama City, Fla., Jan. 20, 1957. His parents, both natives of Arkansas, took him soon after to their home state to be nearer specialists and medical facilities there, so that their son could get the expert medical care he needed to survive. "Jimmy is a symbol of the 250,000 children born each year in this country with significant birth defects. He is living proof that something can be done for seemingly hopelessly crippled children," said Basil O'Connor, president of The National Foundation-March of Dimes. Jimmy's mother, Shirley Boggess, who was a model before her marriage, today is a March of Dimes volunteer. One of the satisfactions she finds in this work is the hope it affords that "research will find the reasons why some children are not born perfect, and then will find a way to prevent these tragedies. The March of Dimes helped wipe out polio with the Salk and Sabin vaccines. I am certain that something can be done about birth defects. "I am going to work as hard as I can to see that Jimmy continues to get the best possible medical care, and that funds are available for research so that someday other mothers won't suffer the terrible shock that I did. "Children like Jimmy will benefit most from expansion of the March of Dimes-supported nationwide network of clinical study and treatment centers, which bring the most modern medical care to victims of birth defects, arthritis and polio. Today there are more than 50 of these centers. Our nation could easily use twice that number."

Ranchmen May Sign 1963 ACP Program Starting Dec. 15

Beginning Saturday, December 15, Sutton County ranchmen may apply for participation in the 1963 Agricultural Conservation Program for the 1963 program year, according to Mrs. Marie K. Ellis, local ASCS office manager.

The program, written by the county agricultural group, has received official approval of the State ASCS office and will allow individual ranchers to earn cost-share at \$1,000.00. Prior approvals must be obtained from the county committee before work is begun.

Practices offered for cost-sharing for the 1963 ACP program year are: grass seeding on cropland; grass seeding on rangeland; controlling competitive shrubs; pitting; water wells; concrete storage tanks; pipelines of galvanized pipe; pipelines of plastic pipe; pipelines of black pipe; permanent fences; construction of terraces, and construction of diversion terraces.

Fatal accidents occur early in the holiday period. During the last six hours of Christmas Eve, the hourly rate for fatal accidents is approximately five times greater than it is for the remainder of the holiday.

Most frequent holiday accidents occur in the evening between six and nine o'clock. The hours between noon and six o'clock are the safest.

Most common accident; the 2-car collision. It accounts for nearly one third of all holiday accidents, more than one third of the fatalities. Next in rank are non-collision accidents, and fixed object collisions.

Holiday time is danger time for the walker too. One out of four Christmas accidents involve pedestrians. Forty percent occur between 4:00 p.m. and midnight Christmas Eve, and nearly 75 percent during the first 30 hours of the holiday.

License A Must For Hunting Deer Or Turkey

If you intend to hunt turkey or deer during the remainder of this season, you will need a license of one kind or another. You must have the required deer tags to put on your deer and these are found only on the hunting license.

If you are 65 or over, or under 17, or residing on the property on which you plan to hunt, you still need a license, but in these instances you can get an exempt license. If you meet any of the requirements just listed and you don't plan to hunt deer or turkey, you don't need a hunting license. When hunting in the county of your residence you don't need a hunting license unless you hunt deer or turkey.

"The law is very plain," says J. B. Phillips, law enforcement coordinator for the Game and Fish Commission. "It requires that a person must actually reside on a piece of property before he can hunt deer or turkey on it legally without a purchased license."

There are two things all hunters should understand clearly, according to Phillips: anyone hunting deer or turkey must have a hunting license, either purchased or exempt and all hunters must have a valid hunting license and a special antlerless deer permit if they plan to kill a doe or antlerless deer.

He reminded hunters that the bonus tag is the single one at the left of the license, and this tag is good for antlerless deer ONLY. The two tags together at the right side are the only ones which can be used on bucks. All three tags can be used on antlerless deer if you have permits to go with them.

Handbooks giving full information will be mailed to each producer before the beginning of the 1963 program year.

Doyle Morgan Releases Honor Roll

One-seventh of Sonora High School's total enrollment of 204 made the Honor Roll this past six weeks with ten belonging to the straight-A peak and 19 making all A's with one B.

Jim Fish had all "A's" and is the only Eighth Grader making this record for this period.

The Senior Class tops the Honor Roll with one A student, Candace Cauthorn, and nine with all A's with one B as follows: Betty Jack Cooper, Debbie Cooper, Frances Crawford, Alice Lee Duncan, Francine Fields, Jessie Lem Johnson, Louis Perez, Nancy Prugel and James Stewart.

The Junior and Sophomore Classes tied numerically with seven each on the Honor Roll; however, the Sophomores had five straight-A students as follows: John David Fields, Sandy Galbreath, Peggy Grobe, Barbara Holland, and Carla Whitworth. Bill Elliott and Mary Floyd had all A's with one B.

For the Juniors, Diana Cahill, John Paul Friess and Dick McMillan had straight-A's, while Joyce Hearn, Joe Lopez, Larry

Sonora Reserve Unit Moved To Boerne

The 1st and 2nd Platoons, Troop B, 4th Reconnaissance Squadron, U. S. Army Reserve, now located in Sonora, will be relocated in Boerne, February 25, 1968, according to the office of the Commanding General, Headquarters VIII United States Army, Austin.

Transfer of the Reserve in Sonora has been ordered under the McNamara plan for the strengthening and modernization of the United States Army and its Reserve Components, as directed by the Department of Army.

Members of the unit will be given every opportunity to transfer to other Reserve units

Moore and Tommy Raye had all A's with one B.

The Freshmen accounted for the remaining six on the Honor Roll with Josephine Torres making all A's. (This was a repeat performance of Josephine's last six weeks grades, which was inadvertently omitted in Devil's River News listing). James Conway, Ray Glasscock, Gary McGilvray and Mike Wuest had all A's with one B.

in the area, including those newly-activated, redesignated or re-organized, or to a control group so they may continue military training.

In addition to fulfilling the requirement for greater mobilization readiness, the Army reorganization plan will provide needed top priority units and place individual Reservists into units where their skill can be used to better advantage.

It will result in more effective utilization of equipment and bring Reserve Components in line with existing war plans. Within VIII Corps the command structure will be considerably improved through consolidation of units and reduction of dispersion. This will permit more effective supervision of administration and training of units.

Mrs. Pearl Crites has had as her guests her son and his family, Mr. and Mrs. Bruce Crites from Snyder, and her daughter Mrs. George Kyle of Paris, California.

Mr. and Mrs. Curt Schwiening have their daughter and son-in-law visiting them Mr. and Mrs. Robert Gilbert.

CHAMBER OF COMMERCE COMMENTS

CHRISTMAS, 1962. Sonora, Texas, is a fine little city, nestled in the hills of southwest Texas. We have a fine citizenship, beautiful homes, dedicated and active Churches, a fine School system, a modern hospital and active strong institutions and organizations, all so very important to the well being of the community.

Sonora, situated on two national highways with many feeder roads, on the Santa Fe Railroad, has a modern Airport and many fine Motels, Restaurants and Service Stations. It is truly a wonderful stopping point, going or coming.

Sutton County contains nearly one million acres of land and is known as the "Stockman's Paradise" for it is one of the greatest diversified ranching areas in the U.S.A. Many believe that Sutton County is one of the

best watered, best improved ranching areas in Texas. Sutton County is famous for the quality of its livestock, its wool and mohair. The ranchmen of Sutton County are recognized for their progressive and efficient ranching practices. The Ranch Experiment Station has been active in the field of better ranching practices for years.

The nucleus of Sonora is its business institutions. We have strong and progressive financial, retail and service institutions. These merchants are important to Sonora in many ways, but one is their daily support of the many organizations and activities in which we are all interested and of which we are proud. A merchant can only stock his shelves properly, price his merchandise competitively and continue in the good role of being an active community benefactor by receiving the patronage of the people of Sutton County.

We find that Sonora merchants this year are well stocked with practical, useful and attractive gift items. We believe that they are priced right. We sincerely hope that you will shop your Sonora merchants first. You may be surprised. Too, it is important to know that the merchant is here to back up what he sells.

For several months the merchants of Sonora have chosen to pass back to their customers, twice monthly, handsome Bonus Dollar cash prizes. This Christmas they have adopted the plan, for showing their appreciation of your patronage, by having six give-aways, one at 10 A.M. Saturday, December 22; a \$75 cash drawing at 3 P.M. on that date, a drawing at 10 A.M., 2 P.M. and 6 P.M. Monday, December 24. Each of these drawings will offer many cash gift certificates and useful and practical gifts, all totalling more than

Christmas Prizes To Be Awarded

Several hundred dollars worth of cash gift certificates and nice gifts will be awarded to Sonora shoppers next month by local merchants and businessmen.

Any adult registering at participating stores can get a free ticket to make them eligible for the gifts. All the tickets that go in from now on will be eligible for all the drawings. Drawings are scheduled in front of the First National Bank Building, December 22 at 3:00 p.m. Four drawings are to be held on December 24 at 10 a.m., and at 2:00, 4:00 and 6:00 p.m.
