

# 400,000 Lbs. Adult Hair Moves At 73½¢

Some 405,000 pounds of straight adult mohair sold at 73½ cents per pound this week, Fred T. Earwood, manager of the Sonora Wool and Mohair Company announced Wednesday. Buyer in the Tuesday sale was Louie Ragland of Junction, representing Collins and Robotom of Boston.

The 73½ cents is the highest price paid for straight grown hair this year. Mohair can be contracted today for 76½ cents for grown hair with a percentage of kid. Reason for the increased strength of the mohair market is greater domestic consumption. Forty percent of production was consumed by the United States

in the past 12 months. This figure might have been higher except for the fact that American textile industry is not equipped to comb mohair in quantity. Fashion trends and retail sales are largely responsible for increased consumption and market strength shown in recent weeks.

Estimated net to growers from the Tuesday sale will be approximately \$290,000.00. PROSPECTS GOOD Only about one and a half million pounds of old clip mohair remains in storage in Texas. This figure compares to an 18 million-pound carry over last summer in Texas alone and a 30 million-

hair is in a "good healthy position—the best position we've been in for three years." He continued that the future is bright, generally speaking, not only for mohair but wool as well. WOOL IMPROVING There is considerable activity in the wool market, Earwood reported. The D. Jones clip of New Mexico, a reputation clip which shrinks about 58-60 percent, was

contracted recently for 60 cents per pound. The Steve Stumberg clip at Sanderson was also contracted at 60 cents for March delivery, Earwood said. News of increased activity in the fiber markets will be welcomed by Texas growers who have felt the market slump keenly during the past year and a half.

### Sonoran's Father Buried Tuesday At Crystal City

Funeral services for Hugh Greer, 64, long time resident of Crystal City were held in the First Methodist Church in Crystal City Tuesday afternoon, January 29. Greer has been in the farming and produce business in Zavala County for 42 years.

He is survived by his wife, Mrs. Wilma Greer; two sons, Harold Greer of Corpus Christi and Clyde Greer of Sonora; a daughter, Mrs. Wesley Reagan of Ft. Lewis, Washington; two brothers, Noah Greer and Jim Greer, both of Uvalde, and five grandchildren.

### Broncs Vs. Cranes In District Tilt Here Friday Night

The Bronco Cagers will meet the Crane Golden Cranes here at the high school gym at eight o'clock Friday night in their first conflict of the basketball season. The Cranes were generally favored to win the conference but if Coach Bob Painters quintet hits the pace it is capable of doing, they are still in the running in a big way.

It should be an exciting game and basketball fans can see two good games by showing up for the freshman game at 6:30.

Tonight I Am A Mother: Here's Bill Whitehead, local rancher, sudsing the dishes while his wife, Tina, heads up the Mothers March of Dimes. As campaign director of the Sutton County drive, he and co-chairman Glen Richardson will be counting the proceeds and tabulating, following the mothers march from 6 to 7 p.m., Thursday, January 31.

### CUB SCOUT PACK MEETING HELD JANUARY 19

Concho Valley Council Scout Executive J. B. Morris of San Angelo presented awards at the Cub Scout Pack 19 meeting Wednesday evening, January 19, in a candlelight ceremony at the First Methodist Church.

Chairman of Pack 19 George Wallace was master of ceremonies in Cubmaster J. W. Sutton's absence. Local awards chairman, S. E. Jones, Jr., assisted in the presentations.

Chuck Browne was initiated a Bobcat. Bear awards were presented by Taylor Jones, Joe Wallace, Cleveland Nance, Roger Langford, and Bob Brockman of Den 6. Special recognition went to Eddie Sutton, already a Bear, who declined to wear his badge until he helped the others in the den win theirs, so they could all be Bears together.

Wolf awards went to the following: Jeff Schoell, David Holley, Mike Dillard. Dinner and assistant dinner stripes were awarded, also.

Den 2 had the opening and lead the program on Freedom. Dens 3 and 4 had skits carrying out the program theme. Den 1 led the closing. Den mothers Mmes. S. E. Jones, W. B. Dillard, H. V. Humphreys, Glen Richardson were given special recognition with the reading of a poem by Morris.

The friendship circle was formed and the Akela yell given for the award winners.

### 1962 Bond Sales 52.8% Of Quota In Sutton County

December Savings Bonds sales in Sutton County were \$5,028.00, according to George H. (Jack) Neill, chairman of the Sutton County Savings Bonds Committee. During 1962 the citizens of this county purchased \$42,217.00, which represents 52.8 percent of the 1962 sales goal of \$80,000.00.

Sales in Texas during 1962 totaled \$143,146,965.00 which is 86.7 percent of the state goal of \$165,100,000.00.

### Honor Roll Named For 1st Semester, Third Six Weeks

High School Principal Doyle V. Morgan this week released the school's honor roll for the semester and for the third six-week period.

Listed as making all A's for the third six-weeks are Jim Fish, eighth grade; Josephine Torres, freshman; John Paul Friess, junior; and Candace Cauthorn, Alice Lee Duncan and Ann McKinney, seniors.

Recording all A's with one B were freshmen James Conway, Ray Glasscock, Mickey Hardegre and Gary McGilvray; sophomores Judy Carlile, John David Fields, Cindy Galbreath, Peggy Grobe, Barbara Holland and Carla Whitworth; juniors Diana Cahill, Mary Davis, Delia Duran, Joe Mendoza, Larry Bob Moore, Dick McMillan and Tommy Dock Raye; and seniors Betty Jack Cooper, Debra Cooper, Jessie Lem Johnson, Nancy Prugel and James Stewart, Jr.

Averaging all A's for the first semester were Jim Fish, eighth grade; Ray Glasscock and Josephine Torres, freshmen; John D. Fields, Cindy Galbreath, Peggy Grobe, Dick Hardgrave, Barbara Holland and Carla Whitworth, sophomores; Diana Cahill, John Paul Friess, Joe Mendoza and Tommy Dock Raye, juniors; and

### VALENTINE PARTICIPANTS' MOTHERS MEET THURSDAY

Mothers of Valentine princesses and their escorts are requested to meet in the library of Central Elementary School at 3:30 Thursday afternoon, January 31. At that time Mrs. W. T. Hardy, overall coronation chairman, will discuss plans for the February 14 school program.

The school choir will also appear in the program under direction of Mrs. Ruth E. White, Mrs. J. L. Steed will be in charge of dances.

### Adult Drama Group To Meet Thursday, Talk Speech Meet

Thursday, January 31 at 7:00 p.m., there will be a meeting of the recently organized adult Speech and Drama Interest Club in room 11 at Sonora High School.

The Sonora Speech Meet, scheduled for March 1 and 2, will be discussed. Anyone who is willing to help with judging or housing is encouraged to attend. All members or prospective members should be present.

### Today Is Deadline For Securing Your Right To Vote

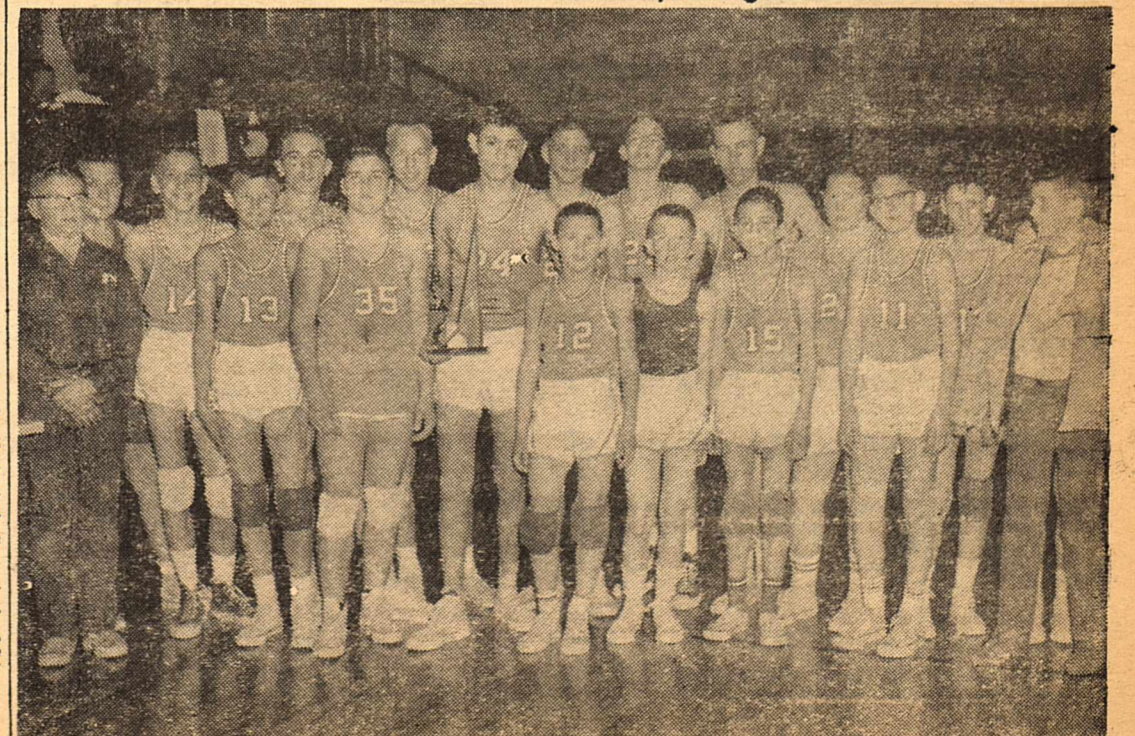

Less than half of the Sutton County adults have gone on record as wanting to be ready to vote in any election that comes up in 1963. And today is the deadline.

Only 382 of more than 900 Sutton County adults had paid up their \$1.75 by Tuesday morning of this week, according to Mrs. Zilpha Wheelis, chief office deputy in the tax assessor-collector's office. Mrs. Wheelis reminds voters that poll tax payment is still the only form of voting registration in the state and is an absolute requirement for participating in any 1963 referendum.

Candace Cauthorn, Alice Lee Duncan and Nancy Prugel, seniors.

All A's with one B were made by freshmen Susan Allison, James Conway, Gary McGilvray, Brenda Parks, and Mike Wuest; juniors Joe Lopez and Larry Bob Moore and seniors Debra Cooper, Francine Fields, Jessie Lem Johnson and Ann McKinney.

Runnersup in their Junior High Invitational Tournament last weekend were the Sonora Junior High Colts. Team members are, left to right, Robert Brown, Al Letsinger, J. V. Cook, Tommy Glasscock, David Moody, Brent Johnson, Bert Bloodworth, Benjy Perez, Laney Cook, Richard Cox, Dorr Scherz, Dick Hamilton, Jimmy Trainer, Mark Shurley, Allen Hearn, Gary Hardgrave, Tim Thorp, and Michael Redman who is out of sight behind Steven Whitworth. "Most husbands would don the apron, feed the children and tidy up the kitchen for a cause like a child. Turning an arthritic or birth defective child into a productive human being is worth one evening," declared Mrs. Tina Whitehead in announcing the Mothers March from 6 to 7 p.m. this Thursday.

Mothers will call at all homes in the city limits. Mailers will be left at the homes where there is no answer. Mrs. Whitehead said the Mothers March went to the country via the mail this week and that response from the ranchers has been good.

### 1963 License Tags Go On Sale Here Tomorrow Morning

Motor vehicle license plates go on sale tomorrow at the Sutton County Tax Assessor-Collector's office.

Mrs. Zilpha Wheelis, chief office deputy, urges Sutton County tax payers to get their license plates as early as possible after February 1 to avoid the inconvenience of the April 1 deadline rush.

Texas 1963 plates will be white with black numerals. Sutton County passenger cars will bear plates numbered KA 3000 to KA 4299; farm trucks, SP 6700 to SP 6999; commercial trucks, 2N 2775 to 2N 3299; truck tractors, J2 5756 to J2 5795; and trailers B6 4700 to B6 4899.

### BETTY JACK COOPER SHOWS WINNERS AT FORT WORTH

Miss Betty Jack Cooper placed seventh out of 56 entries in the Junior 4-H and FFA Club calves in the Fort Worth Stock Show on January 26.

She placed fourth in her group of three calves entry from the same breeder.

Betty Jack's entries were from the herd of her grandfather, C. T. Jones, who accompanied her to the show. Others in the family attending were Mrs. C. T. Jones, Mrs. Pat Cooper, Mrs. Alice Jones, Don Cooper and Claire Jones.

Mrs. Whitehead, assisted by Mrs. Glen Richardson, has been lining up mothers all week to collect funds for the March of Dimes polio drive. She says her husband is manning the kitchen on marching night. He hasn't divulged his menu yet.

Whitehead is a rancher who will be working goats the latter part of this week, but he will still be in town to don his apron, feed the children. Then he and Glen Richardson, his co-chairman in the fund drive, will be counting and banking the proceeds the evening of January 31.

Mrs. Whitehead says her husband often batches at the ranch and does some cooking. "He's used to cooking, but he will leave out some of the strong seasoning for the children, I suppose." She says ranchmen often cook, and this might be a good chance for some of the city men to cook to free their wives for the Mother's March.

### Points For Polio

### Cage Game Slated

"The nice guys are bound to finish first in our basketball game, because with each point scored dollars will be collected to help the thousands of Americans disabled by birth defects, arthritis and polio," Bill Whitehead, campaign chairman of the 26th Anniversary March of Dimes, said this week.

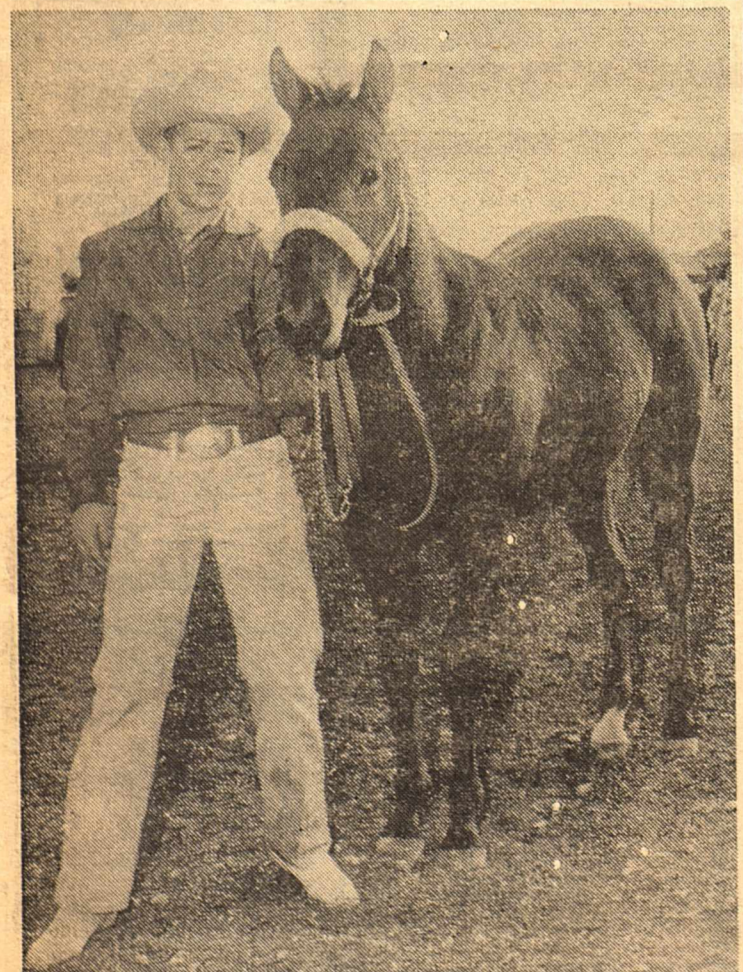

The Points for Polio Basketball Game will be held at four o'clock Tuesday afternoon, January 29, with Sonora and Alpine meeting in a conference game at the Sonora High School gymnasium.

"This will be an exciting match on its own merits," Whitehead said, "but I think the fans will enjoy it even more knowing that children handicapped by birth defects, arthritis and polio will benefit."

"Our theme is 'Give for the Life of a Child'," he said, "and I am sure everyone will enjoy pledging to the 'Points for Polio' drive."

Sutton County has obtained in past years more than \$5,000.00 from the National Foundation to handle local polio cases. One case is being handled at the present time and funds are needed to care for this case and others that might arise.

"When you are asked to sign up for 'Points for Polio', we hope that you can say yes," Whitehead concluded.

Ed Lee Renfro, son of Mr. and Mrs. W. W. Renfro, shows his Grand Champion Horse of the 1963 4-H Quarter Horse Show held Saturday, January 26. Ed Lee's Peppy Aledo was also Champion Stallion Colt of the show.

## Motorists Warned To Be Prepared For Winter Driving

Some of the worst Texas weather of the winter season may be expected during January, according to the Texas Safety Association.

The perils of winter pavement are very much with us at this time and motorists must care for their vehicles and reduce speed on slippery roads, maintain longer distances between vehicles, make gradual rather than sharp maneuvers in braking and turning, and use reinforced tire chains for extra traction if driving during snow and ice conditions.

Faulty driver vision—the inability to see danger in time to avoid an accident causes too many deaths and injuries on Texas roadways in winter. Many drivers fail to keep windshield wipers in top condition. When bad weather strikes they are a hazard to themselves and others because they can't see.

Check windshield wiper blades and arm pressure frequently. An ounce of wiper arm pressure for each inch of wiper blade is recommended by engineers for most efficient operation.

Motorists are offered these additional driving tips:

1. Use good tires, snow tires if you prefer, but in any event have a set of reinforced tire chains in your trunk ready for snow or ice conditions.
2. Get the "feel" of the road. To avoid unintentional sliding and spinning of your wheels, occasionally try your brakes or gently press your accelerator while driving slowly as traffic and highway conditions permit. The adjust your speed to road and weather conditions.
3. Follow at a safe distance. Keep well back of the vehicle ahead so you have plenty of room to stop. It takes from three to 12 times more distance to stop on snow and ice as it does on dry pavement.
4. Pump your brakes to maintain best steering control when breaking on ice or slippery snow. "Pumping" is a fast application and release of the brakes, one, two or more times per second. This gives short intervals of maximum braking separated by short intervals of effective steering while wheels are rolling.

Snow and ice, early darkness, sudden snowstorms and splattered windshields are causes of the high auto death and injury toll at this time of year.

There's one sure way to cope with January driving. Be prepared for it.

**HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL**

**BRUCELLOSIS TESTS**—Dr. John L. Wilbur, Jr., U. S. Department of Agriculture's animal disease eradication division, reported that public stockyards inspection last month revealed brucellosis infection ratios of 1 to 11 per cent.

High ratio was revealed at the Port City Stockyards in Houston. An infection ratio of only one per cent was found at San Antonio's Union Stockyards. Ft. Worth Stockyards' ratio was 3.7 per cent.

**NO EMERGENCY**—The man who holds the state purse strings for the House of Representatives said he sees no urgency requiring fast legislative action to bolster the screwworm eradication program by \$1,400,000.

Chairman Bill Heatly of the House Appropriations Committee said his conclusion of a recent hearing is that livestock producers have raised enough money to keep the program going until March 1.

Meanwhile, an interim study committee headed by Sen. Culp Krueger of El Campo strongly recommended that the \$1,400,000 be appropriated now, and another \$1,600,000 be appropriated for the year beginning September 1.

This would make up the \$3,000,000, members of the

Southwest Animal Health Research Foundation have been seeking from the state.

**FIRST APPOINTMENT**—Gov. John Connally's first appointment act was to name Judge Louis T. Holland, Jr. of Montague as Presiding Judge of the 8th Administrative Judicial District.

Judge Holland will succeed Judge Jack M. Langdon of Fort Worth.

**TRADING STAMP TAX**—As an alternate to sending "the cream of business profits to out-of-state trading stamps companies," Rep. Jim Segrest of San Antonio proposed a 10 per cent gross receipts tax on trading stamps.

"Trading stamps are the most hated of all competitive weapons by even those who use them so why not tax such an unhealthy item?" Segrest asked.

He said the bill would bring millions to the state treasury as a balance to "some fifty million dollars" taken out of Texas annually by trading stamp companies.

**\$18,000,000 PLANT SECURITY**—Governor Connally, who's been determined to make this state a leader in securing new industry, was greatly pleased with the announcement that the Holly Sugar Corporation of Colorado Springs, Colorado, will

establish an \$18,000,000 sugar beet processing plant in Hereford.

Construction will begin soon, and the 1,700-acre plant is expected to be in operation by September 1, 1964.

"Establishment of this refinery is a big step toward providing new job opportunities for the citizens of Texas," Governor

Connally wired the sugar firm.

**OIL ALLOWABLE UPPEP**—Texas Railroad Commission has given oilmen their biggest production raise in many months.

Commission has set the February allowable at 29 per cent of potential.

**TOO BIG**—Rep. V. E. "Red" Berry of San Antonio wants to divide Texas into two states.

A constitutional amendment proposed by the colorful retired gambler would create the "State of South Texas." Berry envisions it as a tax-free paradise in which horse racing, liquor by the drink and tourist trade would flourish.

"Nearly all counties in South Texas" voted for racing last year," he said enthusiastically.

**RAPID PACE**—Highway construction moved along at a rapid, but not record, pace in Texas during 1962. State Highway Engineer D. C. Greer says Texas is "on schedule" in the interstate program.

He particularly notes, however, that Texas is building its mileage at about 60 per cent of what the cost per mile in other

states has been.

Sprawling interstate systems and unique bridge projects highlighted the year for the Texas Highway Department.

Eighty-one new interstate miles were built in the state, bringing the total now open to traffic to 1,895 miles.

Texas' target is 3,000 miles by 1972, Greer says.

**YOUR MINISTER SAYS**

By Rev. Doyle W. Morton  
Pastor, First Methodist Church  
In Philippians 3:13-14 Paul says, "Brethren, I do not consider that I have made it my own; but one thing I do, forgetting what lies behind and straining forward to what lies ahead, I press on toward the goal for the prize of the upward call of God in Christ Jesus." Paul expresses the human need of constantly striving for the perfect life. In humility he sees that he falls short, but he is pressing on "toward the goal for the prize of the upward call of God in Christ Jesus."

We must all seek this goal each day. Each day brings its new beginning. We build on the past, but we cannot stand on past performances. Each day brings its creation—or re-creation—in our lives. When we think more of what we have done than of what is to be done, we lose the incentive to overcome the obstacles before us. We should renew our fellowship with God in prayer each day. We should ask God's forgiveness each day. We should seek God's guidance each day. We should renew our dedication to God each day. In this way God's creative power is kept up-to-date in our lives.

Let us put God first in our lives each day.

## La Diabla

By Lindy Groda

Statistics may lie, but insurance companies would not. Women are, of course, decidedly better drivers than men. Given the same set of circumstances a man may wreck twice as much property as a woman.

A Sonora woman driver had just hit a gate and knocked it down. Her husband chastised her. She quietly moved over and said, "If you can drive so well, just go ahead."

They went a short distance and hubby crashed into the next gate with equal force and then some. He roared, "Why didn't you tell me the brakes went out?" The wife smiled an I-can-afford-to-be-generous smile in her sweetest submissive manner.

And I love this story, because I've waited all my life for it to happen. Men sometimes get the fool notion that women can't drive just because they report things like "the combustion in the carburetor's not working" or "the radiator was gooking today."

Celebrities may come and go, but Sonora is the crossroads of the world. Loretta Young is the only star I've ever seen who was pretty in the night of day. She's the only one that doesn't look weary and strained.

I like the people that pass through Sonora better than all the celebrities in the cities. This week I talked to a plain ole American who saw enough of the pre-invasion plans the day before the Bay of Pigs battle, that I'm convinced this was calculated failure that the US can be ashamed of. The President was a man several weeks ago when he accepted responsibility for the Central Intelligence Agency's failure. His little brother can't make it any clearer. The obvious answer is a question: "Why don't you speak for yourself, John?"

Nothing the US Attorney General can ever say will ever outweigh Varona and Darlas and Penabaz who were right there on the Cuban Beach fighting for what they believed. They aren't trying to protect anybody's brother, now.

To try to say at this point that American-made planes, bearing the Cuban freedom fighter insignia, were not around and ready for action would seem to be error. Americans in Florida were aware that it was a part American fight.

The Cubans are emotional about their failure and imprisonment, but who has the most to cover up? Manuel Penabaz is a young Cuban lawyer who fled Cuba because of the Castros. He returned to unseat them. Penabaz says, "We did not fail. We were betrayed." I believe him.

Penabaz heard American orders all through the invasion. He heard the final, "We cannot give you any further support." Further certainly indicates there was American support in the beginning until the White House called it off. The Cubans knew the USS Boxer was standing by. They knew two of our destroyers had escorted them.

History and time may show that the Bay of Pigs was simply a plot to identify and collect all the anti-Castro forces. With a \$70 million bounty for Castro to boost his failing socialist economy. Our "honest" mistakes certainly are helping the Castro lie. I am not willing for my sons to die for this kind of honesty.

## Frances Crawford Elected Homemaker Of Tomorrow At SHS

Frances Crawford, daughter of Mr. and Mrs. Doyle Crawford, has been named Sonora High School's Homemaker of Tomorrow. She achieved the highest score in a knowledge and aptitude test sponsored by General Mills and administered in all schools to all Senior girls in December.

Frances Crawford

The test is designed to enhance the dignity and prestige of the American home, stimulate interest in the art of homemaking and help emphasize the outstanding contributions to the home being made by high school teachers throughout the United States.

Frances is now eligible to compete in the state contest, the winner of which receives a trip to New York City, Washington, D. C., and Williamsburg Virginia.

## Miss Nancy Wilson, Richard W. Davis Wed Here Saturday

Miss Nancy Wilson, daughter of Mr. and Mrs. Duke Wilson, and Richard W. Davis of San Angelo, son of Mrs. Dickie Davis of Menard, were married Saturday afternoon, January 26. The Rev. Doyle W. Morton, pastor of the First Methodist Church, read the vows in the home of the bride's parents before members of the families.

The bride wore an off-white silk suit with brown alligator accessories. Her corsage was a purple cattleya orchid.

Miss Lenore Loeffler of Mason attended the bride as maid of honor. She wore a blue wool dressmaker suit with black accessories and carried a nosegay of pink carnations.

James A. Davis of Houston served his brother as best man.

A reception followed the ceremony. The table was covered with a white cloth and centered with a compote of pink carnations. Miss Mary Adele Wilson, sister of the bride, and Miss Sue St. Clair of San Angelo alternated at the bride's cake. Miss Suzy Johnston of Pittsburgh, Pennsylvania registered guests.

Mr. and Mrs. Davis are at home in San Angelo where he is an attorney.

Out-of-town guests present for the Davis-Wilson wedding Saturday afternoon included Dr. and Mrs. F. A. Davis, Mr. and Mrs. James A. Davis and Saylor Porter, Clara and Suzanne, all of Houston; Dr. Don D. Smith, Miss Sue St. Clair, Miss Jan McDougall, Mrs. Mary Wilson, Duke and Word, all of San Angelo; Mrs. Phil Ray and Luann of Dallas, Mrs. Dickie Davis of Menard, Miss Lenore Loeffler of Mason and Mr. and Mrs. Joe Sandlin of Blackwell.

## Broncs Take Two Cage Games

Sonora High School's Bronco cagers upped their district record to two wins, one loss after taking two games in the past week. The season record is 14 wins, 8 losses.

The Broncs started their winning streak with a 77-38 victory over the McCamey Badgers there Friday night. The freshmen also had a 37-32 win over the McCamey frosh.

Sonora took a six point lead in the first quarter, had the Badgers 36-23 at half time and scored 41 points in the second half while allowing the McCamey team only 15 in the final two quarters. Tino Noriega led the Broncs scoring with 22 points. Johnny Glasscock had 15 and Bill Elliott 12. Bill Clary led the losers with 12. Mike Sims paced the Broncs freshmen with 9, Mike Wuest had 8, Eddie Howell and Carl Teaff 7 each. Rucker of McCamey was high point man with 10.

Meeting the Alpine Bucks for the first time this season Sonora emerged the victor with a 76-57 tally here Tuesday afternoon. The Broncs took another first period lead scoring 19 to Alpine's 10. In the second quarter they racked up 17 to Alpine's 10. The third period saw a rally by the Bucks who tallied 21 points, holding Sonora to 14 but a fourth-quarter drive by the Broncs resulted in 26 points for the home team and only 16 for the visitors. Bill Elliott hit a scorching 23 points to lead the Broncs. Primo Gonzales had 18 and Bob Nevill 14. Joe Molinar was high for Alpine with 21.

Mrs. Edna W. Beam of Kerrville is visiting here with her sister, Mrs. Ed. C. Mayfield.

A flower show, confined to the membership, is to be held late in April in the home of Mrs. Harold Scherz. Officers were nominated and are to be elected at the February 25 meeting to be held in the home of Mrs. Dantes Reiley. Coffee and muffins were served by the hostess, assisted by her mother, Mrs. C. E. Stites.

## Hundred Female Possums Needed In Vita! Study

The common East Texas opossum, at least the female, is on the brink of attaining importance other than being used for a dish of "possum and taters." One hundred adult female, live possums are needed for research aimed at developing a vaccine for one of mankind's most feared diseases, leukemia. The story of the discovery and use of this most ancient of Texas mammals in research is one you won't want to miss.

Conservation Officer Jack Hardie, 516 Peach St., in Tyler, is standing by with holding pens and shipping crates, plus \$1 per head in payment to help defray transportation costs to the person who delivers animals alive to him. He has air freight facilities for shipping the animals to Dr. Matthew Block at the University of Colorado Medical Center in Denver, where the research work on cancer of the blood is being conducted.

For a complete story on the cancer-fighting possum hunt, be sure and check the March issue of Texas Game and Fish, Texas' most complete outdoor magazine. If you are interested in subscribing to the magazine, simply drop a card to Texas Game and Fish Magazine, Austin, Texas.

## Ranchers Reminded Doe Permit Books Due February 1

Ranchmen are reminded that Friday, February 1, is the deadline for turning in doe permits to the local representatives of the Texas Game and Fish Commission.

Permits may be turned in to Calvin Van Hoozer or may be left at the Chamber of Commerce office. Ranchmen desiring to mail in their permits may address them to Van Hoozer at Post Office Box 132, Sonora, Texas.

## Luncheon Honors Archer-Johnson Wedding Party

Mrs. E. D. Shurley and Mrs. Rip Ward entertained in the latter's home with a buffet luncheon Saturday, January 26, for the Johnson-Archer wedding party and out-of-town guests.

The luncheon honored the bride, Miss Annette Johnson, daughter of Mr. and Mrs. Nolan W. Johnson and the groom, David Blanton Archer, son of Mr. and Mrs. Francis Archer.

## Kitchen Shower At Willman Home Honors Bride-Elect

Mrs. Pete Thompson and Mrs. Ervin Willman were co-hostesses in the latter's home last Wednesday evening for a kitchen shower honoring Miss Annette Johnson, bride-elect of David Blanton Archer.

The bride's colors were carried out with arrangements of white mums and blue Dutch irises. Punch and coffee with cake were served. About 50 guests called including the bride's mother, Mrs. Nolan W. Johnson and the groom's mother, Mrs. Francis Archer.

## PROPOSED LEGISLATION DISCUSSED BY PTA GROUP

Sonora was host to the 28.C. Tri-County Council at Central Elementary School on Thursday, January 17. The council is made up of the local PTA units of Sutton, Schleicher and Crockett Counties. Delegates from Ozona, Eldorado and L. W. Elliott PTA's participated. Sonora PTA is a member but was not represented.

Mrs. Herbert Fields of Sonora, president of the council, and Mrs. Boyd Baker of Ozona, district vice president, led the program on the National Congress Legislation for 1962-63. The program adopted by the National Congress must now meet with the approval of 31 state congresses. Texas state congress will determine its position on the legislation program when all local units' votes are tabulated. The program relates to federal bills either pending or to be proposed in this session of the U.S. Government Congress.

The National Congress of Parents and Teachers desires more federal aid to public education, creation of a Department of Education as a separate federal agency under a federal board of education, creation of federal agencies in education, health, juvenile protection and home-making, and PTA support of the United Nations and such UN agencies as World Health Organization; UN Educational, Scientific and Cultural Organization; UNICEF, FAO, and TAO. Some of these debatable aims have come up year and after and have previously been voted down by other state congresses of Parent-Teachers.

The Tri-County Council discussed procedures for informing local PTA memberships of upcoming federal legislation affecting children. The next meeting of the council is to be held in Eldorado in March.

## ATTEND WEDDING

Attending the Archer-Johnson wedding from out-of-town were Mrs. O. L. Willmon, Mr. and Mrs. Howard Willmon and Howard, Jr., Mrs. Freddy Pond and Miss Carol Brinnon, all of Crystal City; Mr. and Mrs. Pete Howard, Kathy and Stewart and Mr. and Mrs. Jim Pond and Sheila, all of Carrizo Springs, and Mr. and Mrs. Jerry Pittman of Kingsville.

## NOTICE

The First Baptist Church will begin a religious survey of the city of Sonora on February 17. Members of the church will call on every family. Information obtained will be shared with the other denominations.

## Miss Annette Johnson, David B. Archer Married In Church Rites January 26

Miss Annette Johnson, daughter of Mr. and Mrs. Nolan W. Johnson, became the bride of David Blanton Archer, son of Mr. and Mrs. Francis Archer, Saturday, January 26. The Rev. Bob Brackney read the double ceremony in the presence of members of the immediate families at the First Baptist Church.

Traditional wedding music was presented by Mrs. S. M. Loeffler, organist.

Given in marriage by her father, the bride wore a gown of pure white imported Chantilly lace, fashioned with a scooped neckline bound in white satin. The waistline dipped in front, with a clipped design of lace and a satin sash which tied in back and extended to the hemline.

The full-pleated skirt terminated in the hand-clipped pattern of the lace. Her elbow-length veil of illusion was attached to a crown of seed pearls. She wore brief white satin

gloves and carried a cascade bouquet of gardenias and stephanotis accented with white and blue Frenched carnations.

Mrs. Paulette Pittman of Kingsville, cousin of the bride, was her only attendant. Her gown of Copen blue brocaded satin was designed with a round neckline, elbow-length sleeves and a fitted bodice. The extremely full skirt was street-length. She carried a nosegay of white carnations.

Joe Gale Willman attended the groom as best man.

A reception followed at the home of the groom's parents. The table was laid with a white damask cloth and centered with an arrangement of white chrysanthemums. Miss Kathy Howard and Miss Sheila Kay Pond, both of Carrizo Springs, cousins of the bride served the wedding cake and punch.

The couple are at home in College Station where the groom is a student at Texas A. & M. College. Mrs. Archer is a graduate of Sonora High School and Midland Commercial College. Her husband is also a graduate of Sonora schools.

We've just read about a collection of useful, unusual and unavailable golfing gifts for the golfer who has everything. There is the "Getaway Kit" for golfers with trouble getting away from the office. Included are a "Fever-Rite" thermometer with built-in 102-degree reading, and "Sneeze-ezy" that induces sneezes, red, watery eyes, allergy symptoms (non-allergic). The same article suggests perfect 19th hole protective devices, buttons that come in a series of six to fit golfers' varying moods, such as: "WHO'S PALMER?", "HATE GOLF", "HELP TAMP OUT PENALTIES", AND "ANYONE FOR TENNIS?"

There will be a general meeting of the golf club membership within the next two weeks, according to President Son Allison. Each member will receive a letter next week with information pertaining to meeting date and matters to be voted on. Each member is urged to attend and exercise his vote, Son said. There will be one vote per member and any member unable to attend may vote by phone through the executive board during the meeting. Members' questions and votes may come by mail but we

hope you can be there for this important meeting.

GN-  
Know there will be one question we will not have to vote on, unless you just want to count heads by the number of "yes" votes. That is—"Do you think the golf course is a welcome addition to Sonora?" Our membership is small compared to the number of people who enjoy the course and its related activities. The Sonora Golf Club is young but just look how we've grown, and the course looks every day of four years work. Ten years from now we can sit back and say, "Why I remember when I walked that whole course and these young'uns with their souped-up golf carts just don't appreciate real golf—but I do." Some miss all those rocks. Those paved run ways and grass took away the rustic nature look. The "remember when" may have to be more than 10 years in the future because most of the younger set have worked and played golf with mother and daddy. Some of their work has been, "Well, it's peanut butter sandwiches tonight, the family is helping with the tournament."

GN-  
THE NEW LOOK 375 Revolving Trophy was on display Tuesday afternoon during the play-off. Clayton Hamilton is 375 Golf Champion now. He shot a 38. No, it was a 44. I really don't know WHAT he shot. Tried to

get accurate notes but it was impossible with this particular golf group. Every time I got an answer, there was a conference, score cards checked, etc. It was almost dark, so you will have to appreciate the fact that the winner's name was obtained. Know Clayton was the winner because he drove off in a cloud of dust, clutching the trophy. Oh, Clayton—you forgot your clubs!

John McClelland was 375 Trophy Winner last week but after my score question to Clayton, I didn't dare ask John what his winning score was. W. J. Thompson said he won the Trophy twice when it had the old football on it and after they got the New Look Trophy, the group had their play-off on the day they knew he was worn-out from his recent victories just so they could take it away from him.

Doyle Morgan asked if we had printed their rules. Pencil in hand, we asked for them. Doyle said, "Oh, we don't have any, just sort of improvise as we go

along, but I thought if you had written some for us, we'd be glad to use them."

GN-  
An idea that will not be on the PGA Scoring Record, but would be on record as exciting and fun. Let's have a Sonora Open (or whatever you call them) and sell tickets for gallery to watch the 375 Trophy Play-off. So--- TV has Championship Golf---We have the 375 Golf Group.

GN-  
Lost: Six new golfballs and eight new golf tees. In vicinity Number Seven green at local golf course. If found do NOT call Jack Mackey. No reward.

GN-  
Am anxious to hear about Bobbie and Lee Pawcett's golf in Las Vegas, Tucson and El Paso. Rande says they have some beautiful pictures and most of them are centered around golf courses. Bobbie and Lee played golf with Bob Byrd, a former Sonoran, in Tucson. Heard that

Bobbie challenged Bob and won.

GN-  
Randy Wuest, I misspelled your name last week. It really wasn't fair after we had enjoyed such a nice visit, too. How is your putting after all the practice?

GN-  
The Carl Cahills had planned a round of golf but Diana and Pam convinced Carl he could enjoy the view of golf and golfers from the plane more than a game of golf. Pam and Diana got the plane ride. Carl did not get to play golf.

GN-  
Glad to see you at the course this week, Charlie Howell, while you were home between semesters.

GN-  
The Pascal Alisons of Austin were golfers this weekend while visiting in Sonora.

**Bishop E. H. Jones To Institute Rev. Billingsley**

The Right Rev. Everett H. Jones, Bishop of the Episcopal Diocese of West Texas, will in-

stitute the Rev. James C. Billingsley as rector of St. John's Episcopal Church here this Sunday at 11 a.m.

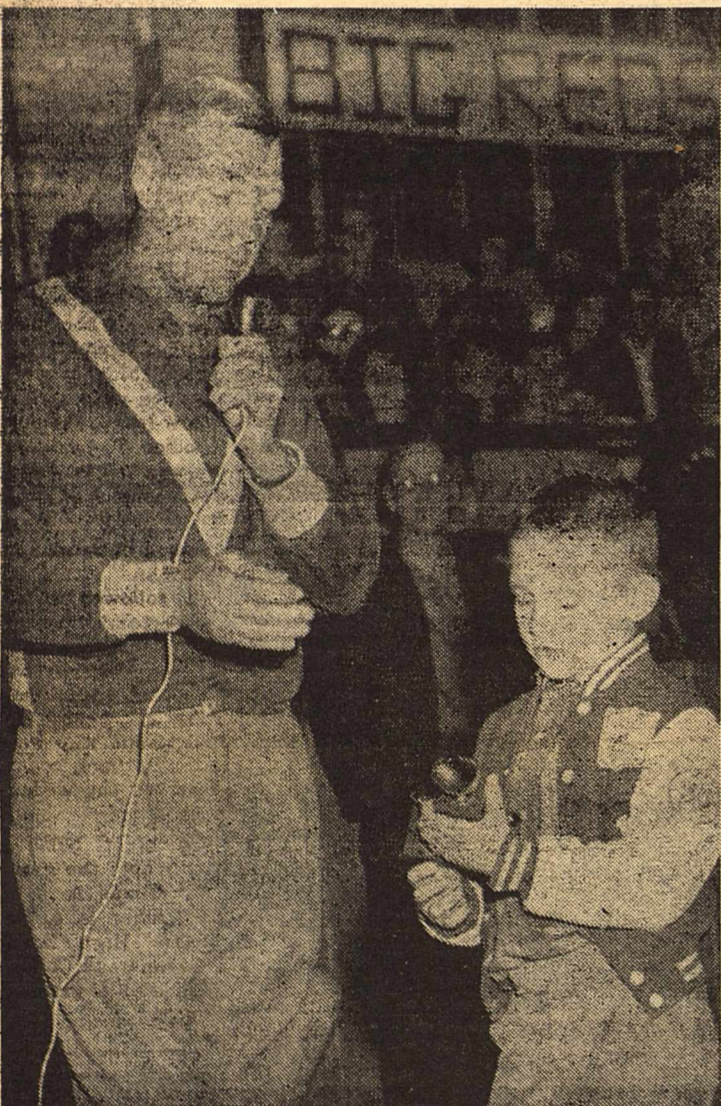

Following his institution as head of the parish, the Rev. Billingsley will baptize Walter Cadsman Pope IV, infant son of Mr. and Mrs. Walter C. Pope III.

The service is to be followed by a luncheon, where lamb bought at the recent 4-H Show will be served by the women of the church.

Bishop Jones will spend the day here and then go on to El Dorado for evening prayer and preaching at St. Mary's Episcopal Church at 7:30 p.m.

Herman Moore, Jr., was home from Abilene Christian College this weekend for a visit with his parents, Mr. and Mrs. Herman Moore.

**Scanning The Movies This Week**

Edward Byrne, Kookie of TV fame, is here for the weekend in "Yellowstone Kelly." Clint Walker is Kelly. The kid always strained to match Big Kelly's stride... and finally did... one Indian-screaming afternoon. Andra Martin provides a blanket interest.

"THE WAR LOVERS" tells a story of 20 years ago when the B-17 Flying Fortress was in the news. Dawn at a U. S. Air Force Base, England, 1943 is full of agonies, conflicts and even humor. It depicts Steve McQueen's intense passion for killing. As pilot of his B-17, he ignores every rule of the game to bomb his target. Squadron formations meant nothing to him, his undoing. His co-pilot Robert Wagner abhors war. Every mission is torment. He detests cowardice and knows he has to play his part in destruction. Shirley Anne Field finds herself attracted to McQueen, the killer, but genuinely in love with Wagner.

"DESERT PATROL" is more ack-ack and gunfire. And war marches on... on a smaller scale with the patrol. Sweetness and light and comedy conclude the movie week with Doris Day, No. 1 box office draw, in "TWINKLE AND SHINE." Jack Lemmon and Ernie Kovacs join the pert, wholesome blonde who sings in recognizable English and seems so unsexually happy all the time.

"The Phantom of the Opera" will be here next week. This is a thrill classic. Can't say why, yet.

Win, win, win, when? Contest details will be announced next week. The subject: Judy Garland in "GAY PURREE."

# March of Dimes Pioneers Plan To Improve Child Medical Care

Top-quality medical care, though often capable of changing the whole life prospects of infants and children with crippling disorders, is unavailable to the majority of these patients.

That is why The National Foundation-March of Dimes is pioneering with a project designed to remedy this situation by financing a network of more than 50 treatment centers across the nation for birth defects, arthritis and polio.

But fully twice this number of centers is needed because of the magnitude of the problem. This urgent need is one of the chief reasons for the current March of Dimes campaign here this month.

"No other health organization in the United States, or for that matter not even the federal government, has attempted any such comprehensive network of special treatment centers," Basil O'Connor, president of The National Foundation-March of Dimes, said recently.

"We invested a great deal of study and thought in this project before we began in 1960 with the three pilot units patterned after our polio respiratory centers," he added. "But even with all this planning and preparation—which included medical conferences across the country—we did not foresee the full magnitude nor the urgency of the needs that these special treatment centers very soon brought to light."

**Some Headway Made**  
"The thoughtful and compassionate generosity of the American public has permitted the March of Dimes to make some headway in meeting the research and medical care problems posed by 250,000 infants born each year in our country with major birth defects; and the 42,000 children and adolescents crippled by some form of arthritis or rheumatic disease."

These treatment centers for birth defects, arthritis and polio, whose costs are borne directly by about 500 March of Dimes chapters as well as national headquarters, are affiliated with more than one-half

March of Dimes-financed treatment centers in great medical institutions like these care for hundreds of afflicted children.

of the medical schools in the United States. They are located from the Atlantic to the Pacific, from the Canadian to the Mexican borders.

**'Health Teams' Used**  
Each provides continuous and comprehensive care for inpatients or outpatients by specialist members of "health teams." In the case of birth defects, this would often mean a pediatrician, a pediatric neurosurgeon, urologist, orthopedist, physical therapist, medical social worker, psychologist or psychiatrist, and others. Similarly, all of the special medical and other skills needed for the research study and the treatment of arthritis are enlisted in the "health teams" at the arthritis centers sponsored by the March of Dimes.

These March of Dimes-financed centers are the setting sometimes for family dramas where emotions range from despair to jubilation. More than once have parents given up hope for their child only to find that early treatment has made it possible for their youngster to escape seri-

ous disability or death. It is so often a matter of prompt action and expert treatment that makes the difference.

In a review of the progress in scarcely two years of these special treatment centers, Dr. William S. Clark, director of the medical department of The National Foundation-March of Dimes, reported:

### The Guiding Principle

"What we have been achieving through our centers may seem breathtaking and miraculous to some people. But the underlying principle involved here is really very simple. It has been the guiding principle of The National Foundation-March of Dimes throughout its first quarter century, the anniversary of which we observe this month. It is this:

"Do something to prove that the best care can be brought out of our great medical centers and hospitals to America's doorstep in every town and village, and the American public, seeing that it can be done, will demand that it must be done. That's the March of Dimes in a nutshell."

## Not Enough Sleep Is Hazard Of Modern Times

The super-speed of modern life is costing us one of the most vital ingredients of good health—sleep.

Twenty years ago people got plenty of sleep and were better off for it, because sufficient sleep is unreplaceable if denied. People knew about fission in those days, but it was the hook and line variety, rather than nuclear. Things have changed...

Say you stay up for 20 hours a day. If you follow this routine for a week or so at a time, first thing you'll notice is your hands jumping from nervousness. A dull ache will begin gnawing at the base of your skull. You'll be picky and indifferent toward food.

You'll be quarrelsome—projecting casual remarks all out of proportion. It will sound like an insult when someone says hello. You might think a good night's sleep will fix you up. Maybe it will—on the surface. The nervousness might leave you and the headache might disappear. It could be that a single night of sleep will give you the sweet disposition that was formerly sour grapes.

But it's all on the surface. During the stretch of sleeplessness your heart may have been strained, your blood pressure increased, your digestion upset.

Sleep gives the human body a chance to recover from the fatigue of the next day before the assault of the next. And it has to be natural to be beneficial. That's why sleeping potions are undesirable as a steady diet.

A few habits may help you get a better night's sleep. Do your heavy thinking before supper. Make it a rule that after the evening meal your brain gets a rest. Subdue the lights around the house. Lights keep you alert, besides being rough on the power bill.

Get lots of fresh air. Sitting quietly on the porch might encourage the relaxation so necessary for dropping off into sound sleep. So might a short drive—if you avoid main traveled roads. Reading light fiction is also relaxing, but stay away from the gory private eye stuff.

Develop a bedtime ritual, the more sedate the better, to condition your mind for bed. And when you do retire, deliberately try to blank out those random thoughts that steal into your mind.

## Unions Should Be Under Anti-Trust Fisher Believes

By Congressman O. C. Fisher  
RECENT DISASTROUS STRIKES which closed all eastern and southern ports for a month, and the strike that has shut down all newspapers in New York for longer than that, plus scores of others, point up the pressing need for more effective protection for the public against this sort of thing.

It is said that if Jimmy Hoffa desired, with his transportation union, he could very nearly shut down the nation's economic life with a general strike. That is more power than bad men should have, and it is more power than good men should want.

There is no good reason, for example, why unions should not be subject to the anti-trust laws just as business is. By doing that the Congress would fill a gaping hole in our management-labor laws. If that should be done the public could breathe much easier.

I have repeatedly introduced bills to accomplish this purpose, and have done so again this year. But it is difficult to buck the power of the politically-conscious unless there is a public demand that is really meaningful.

A few union leaders are becoming aware of the need for a new look at their obligations to the public. They are recognizing the fact that unions are now of age; that they themselves are Big Business; that many of them are rich and more powerful than their counterparts in industry; and that there is no longer any justification for unions to be coddled and wet-nursed by the government.

That attitude is labor-statesmanship—of which there has been a tragic shortage in this country in recent years. ANOTHER BILL I have introduced on this subject would require secret ballots, under government supervision, among all union members before a union can call a strike. This is hotly opposed by union leaders, but their opposition is obviously ill-founded.

The outlook for passage of constructive and progressive legislation in this field this year is, to say the least, not bright. But the issue must be kept alive.

Preston Neely, who is attending Texas A. & M. College, spent the mid-term holidays here with his family, Mr. and Mrs. Leon Neely and Frank.

# Local El Paso Plant Kept Busy Supplying Gas To Coast Recently

Sonora El Paso Natural Gas Plant is a workhorse that met the cold weather's demand by pumping 56,000,000 cubic feet of gas a day for 6 days this month. Minimum plant load is 8,000,000 cubic feet.

The plant, under the management of superintendent Herman Stanley ran at capacity to keep the lines full, as needed, due to the extreme cold here and further

west. A high-line broke down for four hours the night of January 11. The plant was frozen off until the current came back on. With temperatures ranging, all around, between 2 and 8 degrees, field foreman Vernon Rogers described the situation: "The hot water we were working with froze as it touched our skin and clothes."

The natural gas company

wholesales its product all over the Pacific Northwest. El Paso has an extensive gathering system of over 50 miles of lines in Sutton County alone. It has been a major developer of the Sonora gas field which extends into Schleicher County. About 176 miles of 20-inch line was installed from here to Hobbs, New Mexico when the vast Sutton County gathering system, the dehydration plant and the 2,000-horsepower compressor station were put in. At the completion ceremonies held here in August 1958, Sutton County was described by a Permian Basin oil official as being in its infancy so far as gas producing exploitation was concerned.

The plant in addition to the superintendent employs Jim Morris and Ralph Perry. Field employees besides Rogers include Jack H. Sharp, L. P. Bloodworth, Jerrill Young, D. L. Fisher, Fred Kemper, Ray Mathis, Vernon Bailey, Clarence Cockrell, Bailey Rogers, Ben Gilly, E. F. Browning and Bob Ledingham. El Paso families form a stable and vital part of the community. And the company, itself, with its gathering- and distribution system has since 1958 connected wells that

had been capped for years awaiting a means of getting to market. Oil well gas for a long time was flared into the atmosphere.

## John W. Solomon To Preach Sunday At Good Shepherd

John William Solomon, second-year student at Austin Presbyterian Theological Seminary in Austin, will be guest pastor at the Sonora and Roosevelt Presbyterian Churches on Sunday, February 3. He will preach at the eleven o'clock morning service at the Church of the Good Shepherd here and at the seven o'clock evening service in Roosevelt.

Solomon received a bachelor of arts degree from Austin College in Sherman. He was president of the Student Senate, vice-president of Phi Sigma Alpha social fraternity, and a member of Alpha Psi, national dramatics fraternity.

He has his church membership in the Third Presbyterian Church of Houston.

That's why it's so important to feed the dry cow a ration that has what it takes to help the cow grow and drop a husky calf and maintain her own body condition, too.

During 34 years of research Purina has developed a special dry cow feed, Purina D & F Chow. Tests show properly fed dry cows can produce up to a ton more milk when they freshen.

Next time you're in the store ask us to tell you more about Purina's proved, profitable Dry Cow Program.
