## License Plate Sales Still Slow As Deadline Nears

License plate sales for 1963 have reached a total of 580 for passenger cars and 185 for commercial vehicles, according to Mrs. Lottie Adkins in the Tax Assessor-Collector's office.

Sutton Countians are reminded there are only eight days left until license plate deadline date, April 1.

## FRED E. FIELDS NAMED ON U OF T HONOR ROLL

Fredrick E. Fields of Sonora has been listed on the honor roll of the University of Texas College of Business Administration for the fall semester, according to Dean John Arch White. Fields was listed as "With Honors".

Fields is the son of Mrs. W. J. Fields, Jr. of Sonora and is married to the former Miss Jo Ann Capps of Sonora.

## Honor Society Initiates New Members At SHS

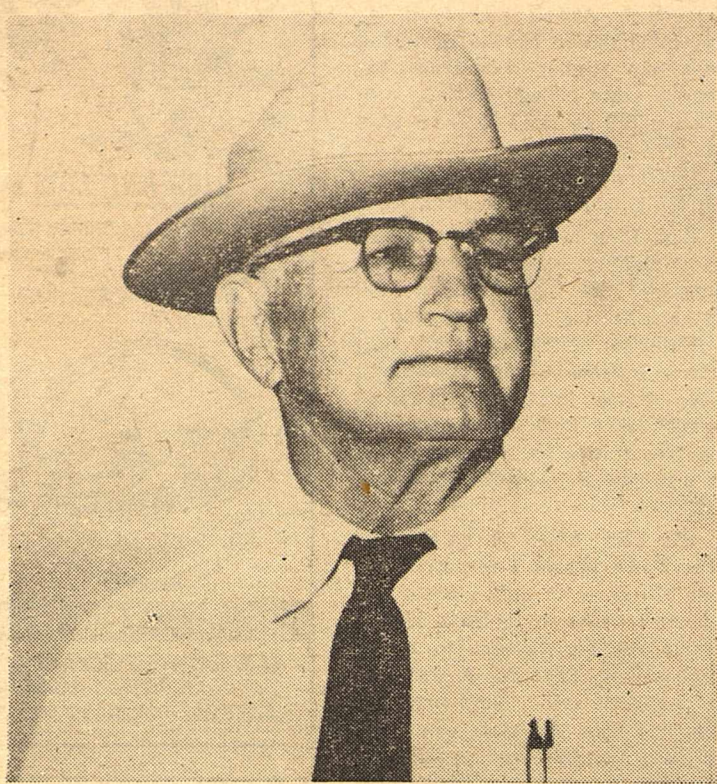

New members were initiated into the Sonora High School chapter of the National Honor Society Thursday, March 14. Election to the Society is based on scholarship and leadership.

Those initiated were Alma Sanchez, Edwina Ibarra, Martha Moxley, Alice Lee Duncan, Joe Lopez, Joe Mendoza, Mary Davis, Joyce Hearn, Patty Smart, Tino Noriega, Cindy Galbreath, Barbara Holland, Carla Whitworth, John David Fields, Dick Hardgrave and Bill Elliott.

## NOTICE

There is to be a Little League Baseball meeting Monday, March 25 at 7:30 p.m. at the Fire Station.

All prospective managers, parents and helpers should be on hand, according to Little League president, James D. Trainer.

## Bryan Hunt Top Conservationist For Battle With Bitterweed

Bryan Hunt, well known Sonora ranchman, was selected as the outstanding conservation ranchman in the Edwards Plateau Soil Conservation District for 1962. In making the selection, in connection with the Fort Worth Press Conservation Awards Program, the Edwards Plateau district supervisors made these comments regarding Hunt's nomination:

Bryan Hunt is a widely recognized leader in the ranching industry. He has made outstanding contributions to the livestock industry in soil and water conservation, breeding of sheep, goats, Hereford and Angus cattle, and quarterhorses. He is a past president of the Texas Sheep and Goat Raisers' Association.

Hunt's achievements in soil and water conservation are highlighted by his control of poisonous bitterweed, and his pioneering a modern concept of improved range water development.

From 1925 to 1940 bitterweed spread rapidly over many ranches in this area, causing tremendous death losses in sheep. Many ranchmen were forced to abandon sheep entirely to avoid financial ruin.

Hunt bought this 14,720 acre ranch in 1938. The ranch was moderately infested with bitterweed at the time, but a few large areas of heavy bitterweed were present, and the stage was set for a rapid spread. Hunt was determined that the noxious weed would not be allowed to take the ranch. He started an intensive, never-ending fight that resulted

in reducing bitterweed to a bare trace, or occasional plants that appear where he joins bitterweed infested ranches.

One of the first steps was construction of a deer-proof fence around the outside boundary, since deer jumping into the ranch often brought in bitterweed seed on muddy feet. Fences were also "brushed" where water from infested land entered the ranch. Brush fences also "deferred" a small strip along the fenceline, allowing grass to grow tall and form an effective filter to "strain out" bitterweed seed.

In 1947 Hunt "cabled" or knocked down some 13,000 acres of heavy oak brush. The oak was tall and thick, robbing the soil of moisture and nutrients and contributing little or no feed for livestock or deer. By opening the land up through brush control Hunt was also able to find more of the bitterweed and prevent the production of seed. An original idea was carried out with the brush control. Veils of trees were left standing across draws at regular intervals to catch brush and form natural brush dams to slow runoff water.

With the deer-proof fence, brush fence, and brush control program, Hunt did a very thorough job of pulling every bitterweed plant on the ranch. Each bitterweed plant will produce thousands of seed—some of which lie in the soil for years before germinating—so a thorough job was a must for the success of the program.

Many ranchmen in the bitterweed infested Edwards Plateau area have pulled bitterweed—some for many years—and finally lost the battle. Bryan Hunt is one of the very few who have successfully reduced bitterweed to a bare trace on an entire ranch. Only through years of tireless and continuous devotion to the task has this feat been accomplished.

Other conservation practices were used as a major contribution to the control of bitterweed. These included wider distribution of water to prevent trampled areas naturally attractive to the weed, diversion terraces to trap seed-infested water, and developing a good grass cover which is a natural deterrent to germination and growth of bitterweed.

In addition to soil and water achievements, Hunt has carried on an outstanding livestock breeding program. He is widely recognized as a breeder of fine sheep, registered Angora goats, and both Hereford and Angus cattle. His range produced rams, billies and bulls are being used on many West Texas ranches.

Hunt has been a co-operator with the SCD since 1949. He has maintained an active interest in soil and water conservation, and has done extensive "missionary" work with landowners over a much wider area than the Edwards Plateau SCD.

## Annual Lions Club Broom Sale Scheduled For Tuesday, March 26

### Invitational Golf Tourney Slated At Local Course This Weekend

An invitational golf partnership tournament will be held at the local golf course Saturday and Sunday, March 23 and 24, according to G. C. (Son) Allison, golf club president.

The tournament will cover 27 holes of medal play with the first nine-hole score placing each team in a flight. Matches can be played Saturday and or Sunday. Entry fee is \$10.00 per team

or \$5.00 per individual golfer. All entrance fees will be given back in prizes to two winners in each flight. No entries will be accepted after 9:30 Sunday morning.

A large number of out-of-town golfers are expected to be on hand and additional information may be obtained from J. W. Neville, Allison, or Clayton Hamilton.

Sonora Lions will have their annual sale of blind-made brooms and other similar products Tuesday afternoon, March 26, according to Rex W. Lowe, sale chairman. D. C. Langford is vice-chairman of the sale which each year offers products made by the visually handicapped in the Lighthouses for the Blind.

"Sale of these products are the only means of income for many of the Lighthouse workers,"

Mr. and Mrs. Adolf Stieler of Comfort were in Sonora Friday for the Fling Ding.

Subscribe To The News

said Tuesday. One-fourth of the proceeds from the sale remain with the local club for use in aiding the blind or near-blind in the community.

The sale will begin at one o'clock with workers picking up wares at the Lighthouse truck which will be parked at the First National Bank. The city has been divided into zones with one Lion as chairman for each zone.

Zone chairmen and their assistants are:

Zone 1, Leon Neely; Cleveland Nance, George E. (Bud) Smith and Rev. Doyle W. Morton.

Zone 2, Calvin Howell; Pete Thompson, Herman Smith, Max Hardegree and Albert C. Ward.

Zone 3, Byerl Dillard; Bill Stewart, Hillman D. Brown, Gene Shurley, Leo B. Merrill and John R. Tedford, Jr.

Zone 4, H. L. Stanley; Richard Sellman, R. S. Teaff and W. J. Thompson.

Zone 5, Bobby Joe Granger; Tommy Smith, E. B. Keng, Darcy Carroll and Bill Morris.

Zone 6, Nolan W. Johnson; Gene Wallace, Jerry N. Shurley, George Wallace and J. C. Luttrell.

Zone 7, Jimmy H. Harris; Jo W. Hardgrave, Harold Scherz, Rev. J. C. Billingsley and Frank P. Bond.

## A&M Prexy Rudder To Speak At Substation Field Day March 23

Earl Rudder, president of Texas A and M. College, will be one of the main speakers at the annual Ram Progeny Test Field Day to be held at Sub-Station 14

near here Saturday, March 23. Rudder, himself a rancher and producer of fine wool sheep and Angora goats, will deliver the

principal address. Dr. H. O. Kunkel, associate director of the Texas Agricultural Experiment Stations, will also be among the featured speakers.

H. M. Phillips, editor of the Sheep and Goat Raiser magazine, will preside over the meeting which will get underway following a smoked lamb lunch served by the Sutton County 4-H Club.

Jim Menzies, animal husbandman at the station, will speak on "Results of the 1962-63 Ram Test"; Dr. Kunkel will discuss "Nutritional Diseases of Lambs"; O. D. Butler, head of the Department of Animal Husbandry at A. and M., will speak on "Lamb Carcass Evaluations"; and James L. Powell of Fort McKavett, President of the Texas Sheep and Goat Raisers' Association, will discuss problems confronting the sheep and wool industry.

Ranchmen and other interested persons are invited to arrive at the station by ten o'clock Saturday morning for informal talks and inspection of rams on test.

## Football Field Due New Fence

At their March meeting, members of the board of trustees of the Sonora Independent School District, voted to erect a cyclone fence around the football field, to replace the board fence.

Other business transacted included renewal for a two-year period of the contracts of school principals Doyle V. Morgan, Ralph J. Finklea, Troy W. Selzer and Clyde H. Greer. A new elementary teacher, Mrs. Myra Hanszen, was hired for the 1963-64 school year.

## Red Cross Fund Drive Moving Slowly; Less Than Half Of 1963 Quota Raised

After an initial spurt, the local Red Cross Fund Drive is lagging far behind in its effort to meet its 1963 goal of \$659,000, Mrs. Nelson Stubblefield, drive chairman, said Wednesday.

Total contributions received to date are only \$247,500, some \$400.00 shy of the goal.

Contributions, which are tax deductible, may be made to Mrs. Stubblefield, to Miss Nann Karpnes, or to any of the employees at the First National Bank.

## Ranchers May Call Mission Collect To Report Any Screwworm Infestation

Arrangements have been made so that livestock producers may call collect the Screwworm Eradication Headquarters in Mission to report a screwworm infestation. Producers should collect a screwworm sample and have it ready to be picked up before they telephone. The number to be called in Mission is Justice 5-1646.

Screwworm cases are presently being located only in deep South Texas, where intensive treatment of sterile fly release and livestock spraying is being conducted. However, warmer weather and shearing time means that screwworm activity may not be too far in the future for this area.

Nicks and cuts caused by shearing are prime targets for the screwworm fly and proper treatment of these wounds will prevent further development and

migration of the screwworm fly. Most medicinal screwworm preparations on the market, when properly applied to a wound, will prevent it from becoming a source of infestation.

## Broncos Capture Own Relays Two New Records Set

Two records fell in Saturday's ninth annual Sonora Relays and the host Broncos emerged sole champions for the first time since 1957. It was the Sonora mile relay team of Jim Brown, Danny Rutherford, Primo Gonzales and Buck Bloodworth that shaved 2.1 seconds off the old mark established in 1959 to set a new record of 3:33.1 for the event. Eldorado's 440-yard relay team of Lynn Meador, Gary Turner, Gary Whitten and Ronald Griffin cut the old 1958 record of 45 seconds flat to 44.9.

Crane took second place honors and Eldorado third.

Team totals were Sonora 100, Crane 91, Eldorado 79, Big Lake 68, McCamey 52, Ozona 45, San Angelo "B" 41, Sterling City 28, Junction 24, Alpine 15, Eden 12 and Rocksprings 3.

Field Events  
Shot Put: 1 Kenneth Van Zandt of Crane, 50' 11 1/4"; 2 Lee of Crane, 49' 6 1/2"; 3 Tommy Franklin of Big Lake, 47' 7"; 4 Penn Baggett of Ozona, 44' 5 1/2"; 5 Bill Wooten of San Angelo, 42' 10"; 6 Pat Reedy of San Angelo, 48' 0".

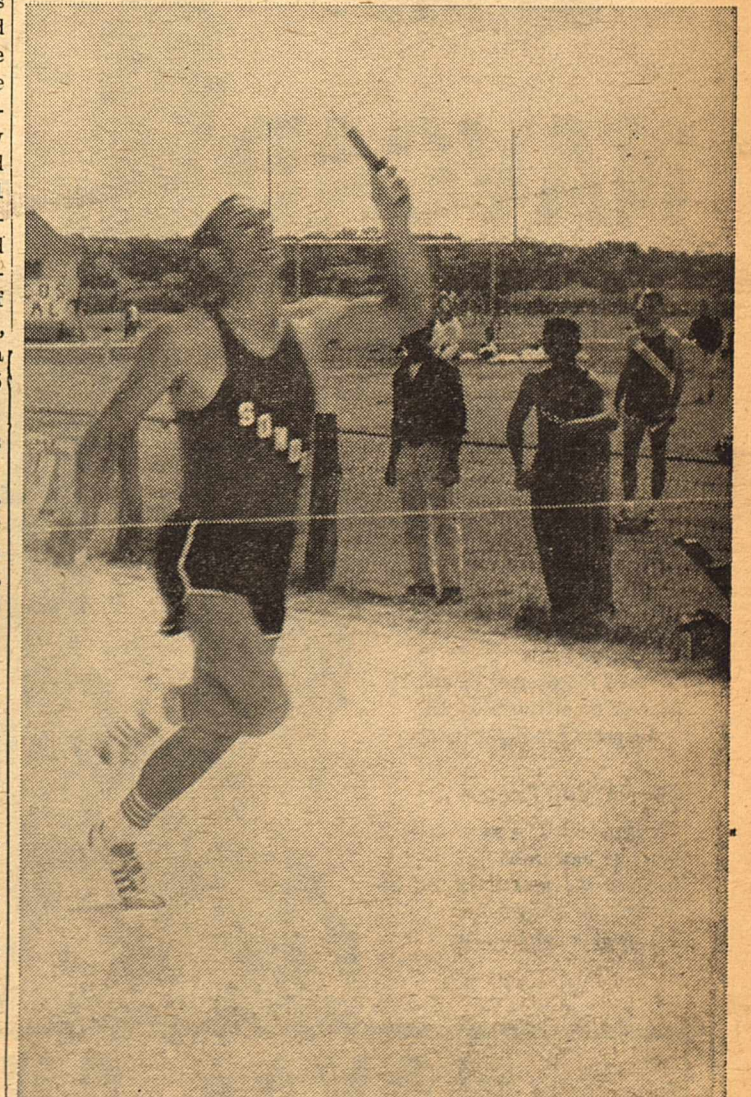

Discus: 1 Tommy Franklin of Big Lake, 139'; 2 Bill Wooten of San Angelo 117' 10"; 3 Lee of Crane, 116' 5"; 4 Rodney Stewart of Ozona, 115' 9"; 5 Joel Huff of Ozona, 109' 7 1/2".

High Jump: 1 Philip Thompson of Crane 6' 1/2"; 2 Jerry Payne of Sterling City; 3 Mike St. Clair of Sonora; 4 Joe Favila of Sonora; 5 Wayne Sawyer of

Continued To Back Page

Veteran producer of fine wool and winner of championships, W. L. (Tom) Davis took top honors at the San Antonio Livestock Exposition by exhibiting the Grand Champion Wool Fleece of the show. Davis (center) examines the revolving trophy awarded by Frost National Bank of San Antonio while Miss Wool of Texas, Katharine Anne Spence of Austin, and Tom Frost of the bank hold the trophies.

Anchor man on the mile relay team, Buck Bloodworth, hits the finish line to qualify for Saturday night finals. Buck and his teammates Jim Brown, Danny Rutherford and Primo Gonzales racked up a record time of 3:33.1.

By Vern Sanford  
Texas Press Association  
A great many anglers like to fish whenever and wherever they can.

These fellows are ready to go at the drop of a hint, anytime. Some keep a rod and reel and a small tackle box in the car, handy at all times. More avid anglers even carry fishing "gear" in their suitcases . . . just in case.

In such instance the "gear" usually includes a three-piece bait-casting rod, protected against breakage by a metal tube. Also a reel encased in a leather or cloth bag, to keep it clean and to protect clothes from oil or gear grease.

A very small aluminum tackle box, that holds the minimum of lures and other essentials for lake or pond fishing, completes the equipment.

Those who like to bay-fish, of course, include the necessary salt-water tackle.

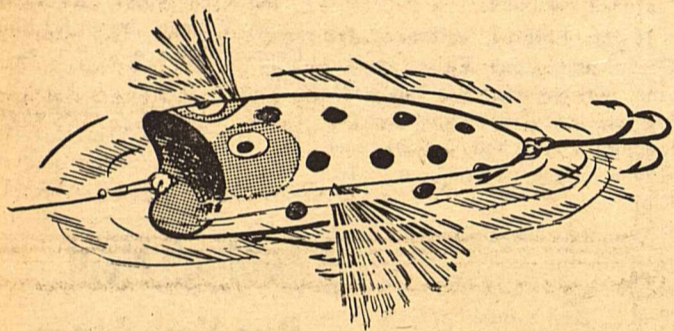

A looksee at one angler's gear revealed the following items:

1. A three-piece, suitcase-sized bait-casting rod in an aluminum case, small enough to fit into almost any size travel bag.
2. A narrow-spool Ambassador bait-casting reel.
3. An aluminum tackle box of midget size, but adequately supplied with lures.

He was ready to go now. And with lightweight equipment that didn't up the baggage scales much.

In the tackle box, about 6 x 9 inches in size, and some three inches deep, were the following items:

- 3 Heddon Spook topwater chuggars, all in the smaller size. Colors: black, silver and yellow.
- 3 pen-shaped topwater spinners, similar to the Gold Digger, with blades on both front and back. Colors: black, white and yellow.
- 3 Extractors: the jig with the spinning blade.
- 6 spoons: 2 gold Johnsons; 2 Sparkling Dixie Jets; and 2 Mr. Champs—all with white or yellow buck-tails attached.
- 4 black bucktails, for replacements if needed.
8. Floating, artificial worms: 2 each in solid black, blue and brown. Also in white with black polka dots.
- 6 weedless hooks (2/0).
- 6 sliding sinkers, in the very smallest size.
- 1 small box of medium-sized split shot.
- 8 snap swivels.
- 8 double swivels.
- 1 penny box of matches.
- 1 extra spool of monofilament line for the reel.
- 1 pair of fingernail clippers, for line cutting purposes.

**NEW LURES YOURS FOR FREE**—Jimmie Yett of the Jensen Fishing Tackle Co., Austin, is featuring a new top-water lure. It's a chuggar called the Instant Bass Wiggler! Comes in 27 different colors. Unique feature is its side-whiskers or wiggly rubber legs.

A total of 24 strands of rubber fan out from each side of the lure, a little behind the gill area. These "whiskers" give the bait buoyancy, as well as a granddaddy look and lifelike action in

the water. Like to try one? Jimmie left us 300 samples to mail to the first 300 readers of this column who write for one. Clip this entire "OUTDOORS IN TEXAS" column and enclose it with your letter. Be sure to mention the name of the newspaper from which you obtained the clipping. Mail your request to "OUTDOORS IN TEXAS," Care of Texas Press Association, 1716 San Antonio Street, Austin 1, Texas.

## FROM THE STATE CAPITOL HIGH LIGHTS AND SIDELIGHTS

By Vern Sanford  
Texas Press Association  
A \$3,000,000,000 budget bill has been passed by the House of Representatives.

Before it cleared the House and went on to the Senate, the bill elicited several cries of anguish from some who protested agency bequests as too small and some who claimed certain allotments were too big.

Rep. Forrest Harding of San Angelo claimed appropriations for the State Armory Board and the State Board of Control were too big, since they involved \$1,000 salary raises for executive directors of those agencies.

Rep. Terry Townsend of Brady claimed deputy commissioners in the Texas Education Agency draw a total of \$14,800 more than the Legislature authorized. Townsend also tried to cut out a \$250,000 appropriation to improve the newly-donated Wheatly Raanch in Blanco County as a state park. He claimed the money was needed for establishment of parks. But this move failed.

**LOW COST OF EDUCATION**—Complaints about too-low appropriations came from members who said allotments for higher education in 1964-65 are too small.

The last Legislature appropriated \$159,600,000 from the State General Revenue Fund for higher education in 1962-63.

State college administrators requested \$243,000,000 for the coming two years. Former Gov. Price Daniel and the Legislative Budget Board recommended \$226,000,000. Gov. John B. Connally

recommends \$225,000,000. Paducah Rep. Bill Healy's appropriations bill allows for \$187,600,000 to educate the bumper crop of war babies that is expected to begin to flow into state colleges next year.

Rep. Hugh Parmer of Fort Worth claimed the Healy committee had slashed Arlington State College's library budget so drastically, the school might not be accredited next year.

So, Parmer and Rep. Don Gladden of Fort Worth begged for an amendment to raise Arlington's appropriation. It failed by a vote of 94-41.

The \$172,000 needed to make the Texas Maritime Academy in Galveston a reality was absent from the appropriations bill. But Governor Connally said, "I have real hope of getting the Legislature to restore the maritime money." He didn't say whether he had any hope of getting the allotment for higher education boosted.

**COUNTY BUYING MAY BE EASIER**—Rep. Vernon Beckham of Denison got a green light from the House Committee on Counties on his bill to raise the amount a county purchasing agent may spend on emergency purchases without advertising for competitive bidding.

1 knife with scaling niches on the back of its long slender very sharp blade.  
1 stinger.  
That guy was ready to go! All he needed was a boat and motor. He really didn't need them if he was content to pond fish.

**JO BESS JACKSON APPEARS IN SYMPHONY CONCERT**

Mrs. Jim A. Jackson performed with the North Texas State University Symphony Orchestra in a concert held March 12 in Denton.

A sophomore music education student at NTSU, Mrs. Jackson plays clarinet in the orchestra. She is the daughter of Mr. and Mrs. J. M. VanderStucken of Sonora.

Mrs. Muriel Hamilton and granddaughter, Gail, visited in Austin recently with Mr. and Mrs. George Hamilton.

Since 1925, the amount that may be spent without competitive bidding has been \$150. Beckham said this is unrealistic in the view of rising costs. He proposed it be raised to \$500. However, the subcommittee set it at \$300.

Reps. Henry Grover and J. C. Whitfield of Houston won approval from the House State Affairs Committee on their bill to require competitive bidding on public school purchases above \$1,000.

**TUITION RAISES PROPOSED**—Rep. Atwell picked up a recommendation by the Commission on Higher Education to double state college tuition, and filed a bill to raise it from \$50 to \$100 a semester.

Governor Connally has ignored the commission's suggestion. Rep. Dick Morgan, Republican from Dallas, chose "a good compromise." He introduced a bill to raise tuition to 75 a semester. Children of members of the Texas National Guard who have been killed in the "cold war crisis" since 1950 will be provided free tuition in state colleges, it a bill by Rep. Parmer is passed.

**STATES RIGHTS STAND**—The House passed a resolution to ask Congress to call a constitutional convention to leave legislative reapportionment to state legislatures. Rep. Bill J. Parsley of Lubbock said, "This may be the last time the state can take a stand on what may be the last

of state's rights." if the proposed amendment is adopted by a sufficient number of states, Texas could insure a rurally-dominated legislature, despite urban growth.

Mrs. Pat Brown has received recognition from the state office for completion of a Parent-Teachers leadership course.

A LITTER OF 18 NEW-BORN OPOSSUMS CAN FIT INTO AN ORDINARY TEASPOON!

**U.S. SAVINGS BONDS** PAY YOU MORE THAN INTEREST BECAUSE THEY DO MORE THAN EARN MONEY—THEY STRENGTHEN OUR ECONOMY AT HOME!

# Why U.S. Savings Bonds make such good gifts for your grandchildren (or children or nieces or nephews)

The U.S. Savings Bond you give to a loved one carries two important messages with it.

First it says that here's a gift that will grow in value and some day go toward college tuition or a home or keep on growing as a nest egg for the future.

Even more important, it says to a grandchild or niece: Here's a gift that makes you a saver. That helps you take your place among a nation of savers. That starts you off on the road to financial strength which is really the strength of your country.

And while your gift is growing, the dollars are working hard for freedom in a world where the

enemies of freedom grow tougher and more determined every day.

Few other gifts accomplish as much as Savings Bonds. Why not start giving them today? (If you're a grandfather several times, you'll probably be most interested in the \$25 variety which sells for \$18.75 at any bank.)

#### Quick facts about U.S. Savings Bonds

- You get \$4 for every \$3 at maturity • You can get your money anytime • Your Bonds are replaced free if lost, destroyed, or stolen • You can save automatically on Payroll Savings.

## Texas Ready For '63 Tornado Season

Texas will meet the 1963 tornado season with one of the world's most complete storm warning systems, and with a well-oiled public health relief organization.

Radar storm warning sets are in operation in 15 of the state's 18 first-order weather bureaus. All state highway patrolmen have been carefully schooled in the wily ways of the weather and are keeping a sharp eye on the sky as they patrol their sectors.

Texas' "local severe weather warning system," the first of its kind established anywhere in the world, is made up of sets operating around the clock in Amarillo, Abilene, Austin, Corpus Christi, Brownsville, Galveston, Fort Worth, Houston, Port Arthur, San Angelo, San Antonio, Victoria, Waco and Wichita Falls.

Of the first-order weather stations which cover all sections of Texas, only El Paso, Laredo and Del Rio do not have radar storm warnings sets as part of their regular equipment inventory.

All stations are connected by teletype and radio. Any station is able to instantly appraise all other stations of a tornado traveling in their direction. When such a storm warning is given, the weather bureau in its line of approach immediately notifies all communities in the area via commercial radio and television sta-

tion bulletins.

The radar sets are owned by the Weather Bureau, having been supplied from U. S. Government surplus stocks, but the cities concerned paid installation costs.

Louisiana and Oklahoma are cooperating in the southwestern warning network by operating networks of their own. The Texas network is larger, however, by virtue of the area to be covered.

State Health Commissioner Dr. J. E. Peavy says the State Department of Health and local health departments stand ready at all times to provide public health know-how to steam health threats occasioned by weather.

Meanwhile, these precautions are still valid if and when a tornado is sighted:

Cut off gas and water before it strikes. Open windows on the north and east side of the house. If possible, take shelter in a storm cellar or cave. If this is impractical, sit down on the lowest floor of a strongly reinforced building, or against the southwest corner of a house. Stay away from windows.

## MRS. MERRILL HOSTESS TO JUST US CLUB MONDAY

Mrs. Leo B. Merrill was hostess to the Just Us Club for a dessert-bridge the afternoon of March 18.

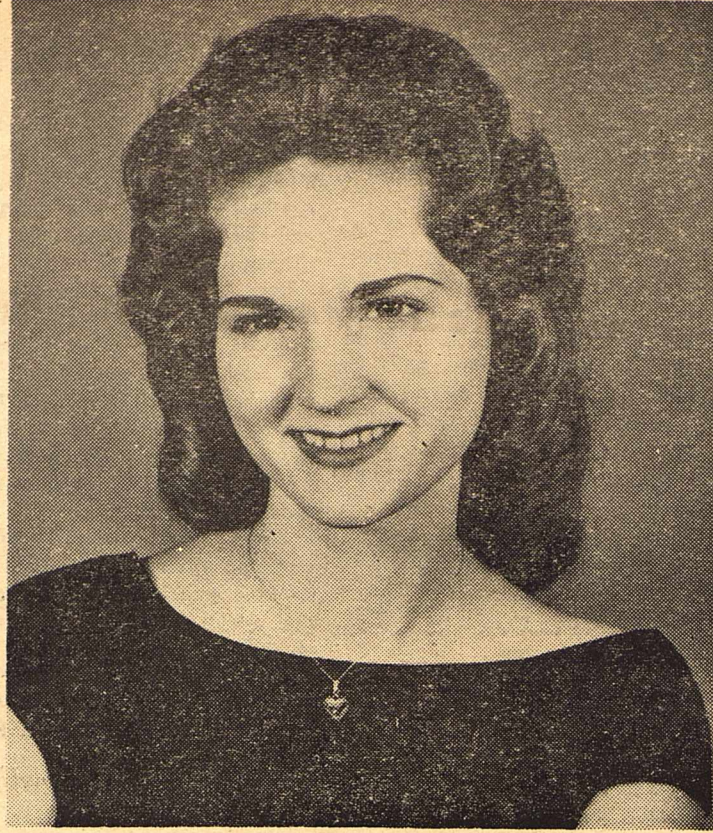

Guests were Mrs. W. H. Brown of Maxfield, Maine, Mrs. W. R. Cusenbary, Mrs. Ben Cusenbary, Mrs. Belle Steen, Mrs. Joe Brown Ross who won high and Mrs. Frank Bond who won bingo.

Members were Mrs. Paul Turney who won high, Mrs. R. A. Halbert who won traveling prize, Mrs. J. S. Glassecock who won bingo and Mmes. Rip Ward, Cleve Jones, r., J. F. Howell,

## BREAKFAST AT BROWNES COMPLIMENTS GUESTS

Dr. and Mrs. Charles Browne entertained with a post Fling Ding breakfast honoring their house guests, Dr. and Mrs. Maynard Knight of San Angelo and Dr. and Mrs. T. C. McCormick of Austin.

About 45 guests were present. Mr. and Mrs. Dick Black, Diana, Barry and Jimmy have had as their guest Black's mother, Mrs. Upel Black of Del Rio. Libb Wallace, C. A. Tyler, Ed Mayfield and E. E. Sawyer.

## Wedding Plans Told

Mr. and Mrs. Boyd C. Price of Stephenville have announced the engagement and approaching marriage of their daughter Beverly Alice to Rodney E. Davis, son of Mr. and Mrs. W. L. (Tom) Davis of Sonora. A June wedding is planned at the home of the parents of the bride-to-be. Miss Price is a sophomore music student at Tarleton State College in Stephenville. Her fiancée is a senior history major at Tarleton and is a Captain in the Tarleton Army Reserve Officers' Training Corps.

## PASTIME 42 CLUB MEETS AT THORP HOME THURSDAY

Mrs. Rose Thorp entertained the Pastime 42 Club the afternoon of March 14. Guests were Mmes. J. B. Renfro, Ida Mae Kerbow, Belle Steen, Karen Peterson, Auther Simmons and Maysie Brown. Members present were Mmes. B. W. Hutcherson, O. G. Babcock, R. B. Kelley, C. E. Stites, J. A. Cauthorn and Lee Labenske. Ice cream and cookies were served. Jan Keng and Andy Shuvall of Austin spent the weekend here with Mr. and Mrs. E. B. Keng.

## Congratulations To These New Parents

Mr. and Mrs. Bob Tisdell of Portland, Oregon have announced the birth of a seven pound, eight ounce son, Keith Earl, born Thursday, March 14, in a Portland hospital. Welcoming the new baby is a four year old brother, Curtis. Grandparents are Mr. and Mrs. Maurice Tisdell of Vancouver, Washington, and Mr. and Mrs. Curt Schwiening of Sonora. Mr. and Mrs. Alfred Schwiening of Sonora and Mr. and Mrs. H. L. Hamer of Giddings are the great-grandparents.

A daughter, Marcie Marie, was born to Mr. and Mrs. John W. Mittel at Hudspeth Memorial Hospital Thursday, March 14. The eight pound, three ounce baby is welcomed by a sister, Tonia Lynne. Grandparents are Mrs. Bernice Jones and Mr. and Mrs. R. J. Harris, all of Sonora. Mrs. Ella Holman of San Angelo and Mrs. Ethel Wright of Midland are the great-grandmothers.

## Music Students Present Program For Music Club

Sonora Music Club met in the home of Mrs. Leo B. Merrill the evening of March 14 with Mmes. Ted Letsinger, Marie K. Ellis and J. L. Steed as co-hostesses. Mrs. R. Q. Harris presented the following music students: Miss Kay Shurley sang, accompanied by Miss Marie Watkins. Walter Speck, Susan Hill and Billie Gail Blalock of Eldorado were piano students performing. John Tedford presented the following piano students: Becky Tittle and Dale Selzer. Mrs. S. M. Loeffler presented piano students Jane Sawyer and Kay Campbell. Mrs. Oliver Wuest presided over the business session. Mrs. Norman Rousselot was elected delegate to the Texas Federation of Music Clubs to be held in Dallas, March 25 and 26. Plans were made for the presentation of "Lily, the Drunkard's Daughter", a melodrama to be co-produced with the Woman's Club on April 4 and 5. Guests present were Mrs. Henry Speck of Eldorado, Mrs. W. H. Brown of LaGrange, Maine and Mmes. Bill Tittle, Arno Melz, E. D. Shurley and J. Wray Campbell.

## La Diabla

By Lindy Groda

Every mother will remember something about that moment when her first baby was laid in her arms. For some of us, it was not like any other given moment. In childhood, the parallel experience may have been the day you knew that space and time never stopped, or the first time your garden came up, or maybe when the dog had pups.

For me, it was the day my dad took my little brother and me to see Clyde Beatty put his head in the lion's mouth. Clyde Beatty was the bravest of 'em all. I never thought about the lion. He was just a wild beast to be feared.

Last week, Fred Logan put five circus lions through their paces. One lovely, aloof lioness sat on her perch, unchallenged. She did what she was told, but she was not told much, which may be just the way to get obedience from females. It works with children, and I'll vouch for it.

Logan was good, but the lions were better to me. One of them did not want to perform. The whip was cracked, the blanks were fired, but this cat was reluctant. In each case, Logan would pick up a chair and the lion responded pronto. You wonder if the chair was a symbol of a severe beating with the same or a similar object. Whipcrackers and lion tamers have their methods.

It was a great performance, but I was with the lions all the way. As they sat on their prescribed perches with one human mind in the middle, you had the feeling that they ought to be free, that lions do not belong in bondage for human amusement.

Any one of the animals, had they not been beaten into submission, could have overcome the man. They were once not like that. Together, the lions could have still overcome the whipcracker. Once in the cage, with the door fastened tight, even with the whipcracker dead, not a single prisoner could ever again open the door to freedom. And another tamer would always simply take the ousted one's place. Most lions would not have been subdued, had they known about freedom... and how awful it can be to live without it.

Sign of the time: "This is your office-welcome" on the local Agriculture Office door, where the coffee is good and the chatter better. The office does have an 'ours' atmosphere.

So does the post office. The rushed-er things became during the holidays, the nicer the postal employees were here in Sonora. If these two offices were the worst things in the U. S. Bureaucracy of America, we could all breathe easy. Come to think of it, I believe I will anyway. Huf-fin' and puffin' is not gonna blow the lion cage in. And if it should, I might be more afraid

Club on April 4 and 5. Guests present were Mrs. Henry Speck of Eldorado, Mrs. W. H. Brown of LaGrange, Maine and Mmes. Bill Tittle, Arno Melz, E. D. Shurley and J. Wray Campbell.

## Engagement Announced

Mrs. Sadie Archer announces the engagement of her daughter, Miss Janie Fay Hill, to Jerry Henry McCoy, son of Mrs. Vera McCoy, Odessa.

The wedding date has been set for May 11 in the First Baptist Church in Sonora.

The bride attended Sonora schools and a Midland business school. She is employed with Union Oil Company in Midland. The groom attended Odessa schools and is now in the Air Force, based in Big Spring.

## BOOK REVIEW SCHEDULED

Mrs. Rex Lowe is to review "The Chains Are Strong" before the Women's Missionary Union at 9:30 a.m., Wednesday, March 27 at the First Baptist Church.

Visitors are welcome to attend the regular meeting and the book review.

Fling Ding guests of Mr. and Mrs. J. W. VanderStucken were Mr. and Mrs. Roy Spiller of Junction, Mr. and Mrs. Ed L. Mears of Menard and Dr. and Mrs. Harvey M. Williams of San Angelo.

of the mob of lions than of the whipcracker, except I keep thinking I could be one of the lions. And my cubs' cubs might be born behind the iron.

Another sign of the times: A stranger just walked in, "Ma'am I want a couple of those signs that say, 'there ain't hardly any business got these days that ain't went out after.'" That was the Devil's holiday message in all its beautifully ungrammatical truth. More are in the making, as more than a few have requested copies.

## TV Subscribers Vote To Receive 3 Major Networks

By an overwhelming majority, subscribers to Sonora TV Service Co., Inc. cable system indicated a preference for receiving all three major television networks. Voting by mail, some 85 percent of the ballots showed cable subscribers want to receive NBC on San Angelo's Channel 2 KACB, ABS on San Antonio Channel 4 KONO, and CBS on San Angelo Channel 6 KCTV.

Before January of this year, subscribers had been receiving NBC on Channels 2 and 4, KACB, San Angelo, and Channel 4, WOAI, San Antonio, and CBS on Channel 6, KCTV, San Angelo. In January the cable service offered the other channel combination on a trial basis, leaving the final decision up to subscribers.

Mrs. Joseph M. VanderStucken was official tabulator of ballots.

## Medical Care Begins With You

In time of sickness you want—and demand—the best of care. But do you know that much of this care must come from yourself?

Too many people consider that a doctor's advice is something to be taken or ignored—depending on how they feel at the moment. These people do not receive the fullest benefit from their physician's attention.

Care begins when you conserve your strength and follow your doctor's orders. Keep him accurately informed about your condition; take your medicines according to directions; and follow his instructions carefully. By so doing, you become a good patient, one who gets the greatest possible benefit from the care he receives.

Bring your doctor's prescriptions to our Pharmacy to be filled by our highly-skilled personnel.

**-GREEN NEWS-**

By Betty Jones

The number of golfers at the course this week show the rapid growth of the Golf Club. Registered golfers from the following towns are listed this week: Del Rio, Ozona, Fort Stockton, San Angelo, Eldorado, Austin and San Antonio. And that reminds me—a supporter of the Golf Club asked a question. He said he understood most golf terms

but the "registered" golfers was something new to him. He added he has some registered sheep on his place, but golfers—well, that was going a little too far!

Guess we should clarify this but "registered golfers" does sound important, doesn't it? Golfers sign their names in the book at the pro shop before a round of golf—result, "registered golfers".

375 Golf Group: Professor Morgan fires a sizzling 39 after purchasing new set of clubs! Hamilton and Thompson are

NOT excited about this.

Jerry Hopkins and Oliver Wuest have a match going. Winner to be announced next week.

A golf match with a real gallery of spectators Saturday and Sunday: J. W. Neville, Lonnie Taylor, Ed Gorman and local pro Jim Attaway. Winners? It was a draw. Did hear J. W. say he had more bogeys than birdies.

Don't know how many golf balls Uncle Bud Smith has lost while golfing but I have heard that he has lost two inches in the waist.

Saw Francis Archer working at the clubhouse yesterday.

"New" golfers Frances Grobe and Libby Lowe are nursing some "new" blisters from golf grips.

Building committee (Jerry Titte, Vanda Cahill and Jo Neville) report that a stove and refrigerator have been donated for the clubhouse and they are getting bids on other kitchen appliances.

Saw the Carl Cahills and weekend guests playing a round of golf Saturday morning.

There will be sandwiches and cold drinks served at the golf course this weekend during the tournament (for a small, nominal fee, of course).

Bill Neeley of Austin said our greens are in better shape than the greens he had been playing on in Austin. If this statement gets back to any of your fellow golfers at home, Bill, just tell them we were happy to hear it and you had no idea you were going to be quoted.

Need a job??? We need about 25 or 30 boys to caddy. Pay is \$1.25 for nine holes of golf. And, boys—some of those golfers just "breeze" through 18 holes of golf.

An unusual and unavailable golfing gift: "Impervo-Plugs", ear-plugs designed as attractive earrings. These will be appreciated by the lady who plays often with her husband. And (this I would like)—do you spend frustrating hours in the rough? Then, the "Bird-Watcher's Kit" will give your game new meaning.

Stanton Bundy and Bob Teaff-golf twosome.

Another twosome, the Reverends Jake Billingsley and Lea Roy Aldwell.

According to J. W. Neville

some 100 golfers are expected for the tournament this weekend, weather permitting. Matched play-invitational tournament starting at nine o'clock Saturday. The fee will be \$10.00 per partnership and \$5.00 per individual golfer. Get your entry in early.

Tournaments and invitations. The cleverest yet is one President Lunetta Morgan received for the Sonora Auxiliary from the Del Rio Women's Golf Association. It's April 19 and 20, ladies, and entries due by April 15.

**YOUR MINISTER SAYS**

By Rev. Arno Melz, Pastor Hope Lutheran Church

This week we go to an unknown mountain, for another mountain top experience to help prepare our hearts for the Easter Message. The event is recorded by Matthew, Mark and Luke; we will meditate on Matthew 17:1-5, "and after six days Jesus taketh Peter, James and John his brother, and bringeth them up into an high mountain apart, and was transfigured before them. And His face did shine as the sun, and his raiment was white as light, and behold, there appeared unto them Moses and Elias talking with Him. Then answered Peter, and said unto Jesus, Lord, it is good for us to be here. If Thou wilt, let us make here three tabernacles; one for thee, and one for Moses, and one for Elias. While he yet spake, behold a bright cloud overshadowed them: and behold a voice out of the cloud, which said, This is My beloved Son, in whom I am well pleased; hear ye Him."

Through the inspired writers of God we are able to witness a very wonderful sight. Only three select disciples were allowed to witness this in person; they were Peter, James, and John. In the privacy of this mountain top Jesus appeared before the three disciples in all His heavenly glory. Moses and Elias also appeared and were talking with Jesus. This sight prompted Peter to say, "Lord it is good for us to be here." Now the voice of God came to them saying, "this is My beloved Son, in whom I am well pleased. hear ye Him." The disciples were allowed to witness this event, so their faith

would be strengthened, and they would be better workers in God's Kingdom. When we read this message our faith should be strengthened, for we are assured this was the Son of God. We read that Jesus appeared in His heavenly glory, and on the last day all believers will be fashioned like as unto His glorified body. This message gives us a small preview of heaven. This brief glance should renew our zeal to walk with Jesus all through our life, and especially during this Lenten Season as we meditate on the Passion Story. Jesus is speaking to us through the Bible, hear ye Him.

**Baptist Revival Scheduled For March 31-April 7**

The First Baptist Church of Sonora has scheduled a series of revival services for the week of March 31 through April 7, according to the Rev. Bob Brackney, pastor. The Rev. J. N. Coffman of Fredericksburg will be the evangelist and Dale Pogue of Taft will be song leader.

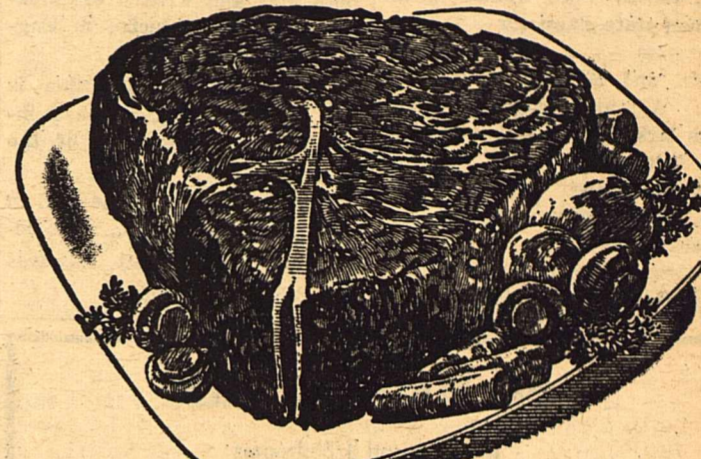

Dale Pogue

**Edward H. Smith To Preach Sunday For Presbyterians**

Edward H. Smith, a second-year student at Austin Presbyterian Theological Seminary in Austin, will be guest pastor at the Sonora and Roosevelt Presbyterian churches Sunday, March 24. He will speak at the eleven o'clock morning service at the Church of the Good Shepherd here and the seven o'clock evening service at oosevelt.

Smith received a bachelor of arts degree in international relations from Southwestern at Memphis, Tennessee. Before entering the Seminary he was employed as an engineer draftsman in Forrest City, Arkansas and as a personnel supervisor in Memphis. He has also served four years with the U. S. Army in Korea, Okinawa and the United States.

## Special Drivers License School Schedule In English And Spanish Here March 25-28

Sheriff Herman E. Moore of Sutton County announced Tuesday his office, in cooperation with the Texas Department of Public Safety, will conduct a

Drivers License School Monday, March 25, through Thursday, March 28. The special course will be held at Central Elementary School and will be conducted in both English and Spanish for persons who do not now hold a Texas Drivers License.

Sheriff Moore said, "This is an opportunity for those who do not read or write English or Spanish to secure a license. We realize many of our citizens need and want a license, but that they feel they are not qualified to pass the required test. We want everyone to feel free to attend this school as it is an unusual opportunity to secure a drivers license."

Classes will be held from seven until ten o'clock beginning Monday, March 25, and continuing through Thursday, March 28. Both oral and written examinations will be conducted in English and Spanish.

The school of instruction is free and the only expense involved will be the cost of the license.

Similar courses will be held in cooperation with the Sheriff's departments of Crockett, Edwards and Schleicher counties.

## LOCAL NEWS BRIEFS

Miss Nina Jennings, formerly of Waco, visited here recently with her parents, Mr. and Mrs. B. R. Jennings. She was en route to Miami, Florida, where she is employed.

Mrs. Gene Eubank, the former Dale West of Eldorado, won a 175 arm patch, shooting a 192 after splitting the tenth frame in the 1963 State Women's Bowling Tournament in Waco on March 9. She is a member of the Gibson Girls Team of San Marcos, fourth place winner in the annual state classic.

Mr. and Mrs. A. H. Cook of San Antonio recently visited with Mrs. Cook's mother, Mrs. C. A. Tyler and with J. T. and Melissa Evans. Michael Evans was also home from San Marcos, where he is in school.

### MR. BRYAN WILL VISIT SONORA IN FALL

L. J. Wardlaw, E. S. Briant, Dr. John S. Allison, J. J. Ford, A. C. Fambrough and James Cornell have returned from Brownwood where they enjoyed hearing the Hon. W. J. Bryan. Mr. Cornell states that Mr. Bryan said it was impossible for him to visit Sonora at this time as he had engagements up to the first of September. In fact at first it appeared as though Mr. Bryan would decline entirely to come to Sonora, but after reading Governor Cambell's letter and the resolutions passed by the various interests in Sonora, began to ask questions regarding the location of Sonora as to railroads, population, etc. He then gave the delegation the assurance that he would visit Sonora in October or possibly November. This assurance being as nearly a promise as an engagement so far in advance could be well made, Mr. Bryan gave the delegation instructions as to when and where to write him for definite date of his coming to

## Devil's River Philosopher Reports

### There Are Plenty Of Answers On Cuba But None Of Them Will Work

Editor's Note: The Devil's River Philosopher on his bitterweed ranch on Devil's River looks at a problem this week, but then throws up his hands.  
Dear editor:

Somebody has to do it, and there's always plenty of men hunting the job, but being President of the United States is one job I wouldn't be interested in. Too many problems with no answers.

I don't mean to say that running this bitterweed ranch doesn't involve a lot of problems, and some of them may not have any answers, but I don't have to contend with a lot of people furnishing answers

Sonora.

Mr. Bryan afterwards told citizens of Brownwood and other visitors that he was going to visit Sonora, a town of 1,000 and 70 to 100 miles from the railroads and that he looked forward to the trip as an incident and a pleasure in his life. It is so unusual that inland towns, particularly those so far from railroads, take an interest in public speakers that this interest places Sonora in a class by itself. Mr. Cornell says Mr. Bryan is if anything more eloquent, magnetic and forceful than when he heard him last.

About 3,000 people heard Mr. Bryan at the Daniel Baker college in Brownwood and the local correspondents in writing the daily papers of the event say: "they came from as far east as Temple and as far west as Sonora" And that's the way it goes if its good, Sonora is in-it.

that won't work. And even in the worst year, there are always times when I can wake up some mornings without anything really bothering me. This doesn't happen in the White House.

For example, right now everybody wants the United States, and therefore the President, to do something about Cuba.

One man out of many I was listening to on television said the way to handle Cuba is simple, just cut off the flow of oil to the island, that'll bring Castro to his knees. Now I'll admit you can't run machinery or a country very long without oil, I've tried it with my pickup and it's the quickest way I know to bring it to its knees, and also to the repair shop.

So when somebody asked, "Wouldn't stopping a Russian ship bearing oil to Cuba be an act of war?" this man said, "Well, naturally, I'm not in favor of war, what I mean is I'm in favor of stopping the flow of oil to Cuba provided it wouldn't be considered an act of war."

Yeah, and I'm in favor of skipping the payments on my television set provided it wouldn't be considered a default. I'm in favor of abolishing all taxes provided it wouldn't abolish the country.

One of the easiest jobs on earth is to tell somebody else what he ought to do, then move on to something else, and if you look back over your shoulder and discover he's done it and the results are disastrous, you can always turn around and ridicule him for not having more sense than to do a fool thing like that.

This just doesn't happen under one certain President, it happens under all Presidents. But I guess they must have known this when they applied for the job.

Personally, I not only don't know what to do about Cuba, I don't know what to do about Africa, Egypt, France, Russia, China, bitterweed, the state legislature, the high cost of living, or the knock in my 1949 pickup.

Yours faithfully,  
J. A.

## Permian Flyers Tour Caverns

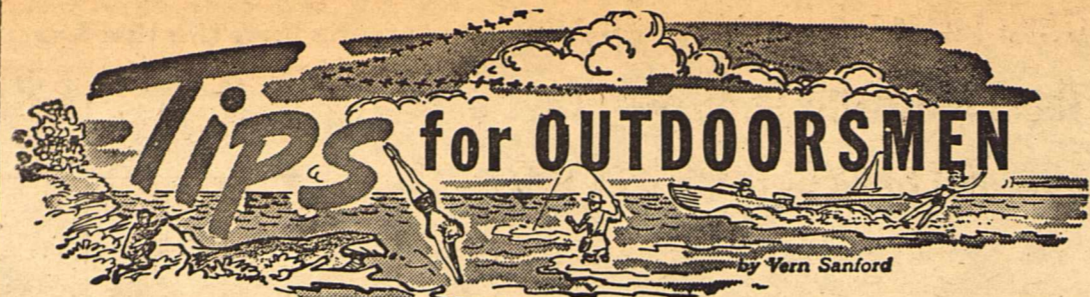

Nine Permian Basin Aviation Association planes participated in a fly-in tour of the Caverns of Sonora Sunday morning, March 17.

The group head by President Sterling J. Talley flew out of Midland. They called ahead, buzzed the Caverns and were picked up at Stanley Mayfield's adjacent landing strip.

About 18 flyers toured the Caverns Sunday morning before departing for Lowake Inn, north-east of San Angelo.

Mr. and Mrs. Pearson Brummett and son Theron of Menard were weekend visitors with Mr. and Mrs. James Brummett.

Mr. and Mrs. David Smith of San Angelo were weekend guests of Mr. and Mrs. M. F. Daughtry.

**Pot Won't Boil Over—**  
Even a watched pot boils over occasionally.

To prevent kettles from bubbling all over your outdoor cooking fire, cut a couple of green hardwood sticks and lay them across the top of the utensil.

This is one of the tricks used by the early Indians.

**Removing Shot From Quail —**  
If you've ever clamped your choppers down on embedded shot, when eating quail, you will appreciate this hint:

After skinning a quail, hold the carcass up to strong light. Shot then will be silhouetted . . .

much as an X-ray . . . and can be quickly removed.

**Arrow Backdrop—**  
An archer living in town is faced with a serious problem when target practicing. Too many times an arrow will miss the target and do great damage in a crowded neighborhood.

Eliminate the danger by stretching an old wool rug behind the target to catch stray arrows. To be most effective stretch it far beyond the four sides of the target.

**Keep A Straight Tongue—**  
Hunters often have a hard time keeping the tongues straight

in their boots, causing great discomfort when walking.

Prevent this by cutting two slits on each side of the boot tongue; two near the top and two midway between top and bottom. Run laces through each of these four slits and further trouble will be eliminated.

**Handy Boat Bailer—**  
No need for duck hunters to sit in a boat with their feet in cold water.

Come prepared with a couple of boat bailers made by cutting L-angle openings in plastic bleach bottles.

But be sure the opening is cut out opposite the handle.

### GOT AN IDEA

Everyone has a way of doing something "different"—a time-saver, a short-cut, or a less ex-

pensive method or procedure. You do too.

When you have a tip you'd like to share with others who enjoy the great outdoors, write to "TIPS FOR OUTDOORSMEN" in care of this newspaper.

**Nature's Salt—**  
Should the salt you bring with you dissolve in bad weather, search out the nearest hickory tree, char several pieces of the bark, and use as a salt substitute.

The Devil's River News-Sonora, Texas, Thursday, March 21, 1963

Mashed and powdered, the stuff is so good you won't miss the real thing.

**Don't Make This Mistake—**  
A serious mistake made by many hunters is in buying outdoor boots and shoes the same size as the ones worn in town.

Outdoor life in cold weather demands woolen socks and wool-

en socks demand larger shoes and boots.

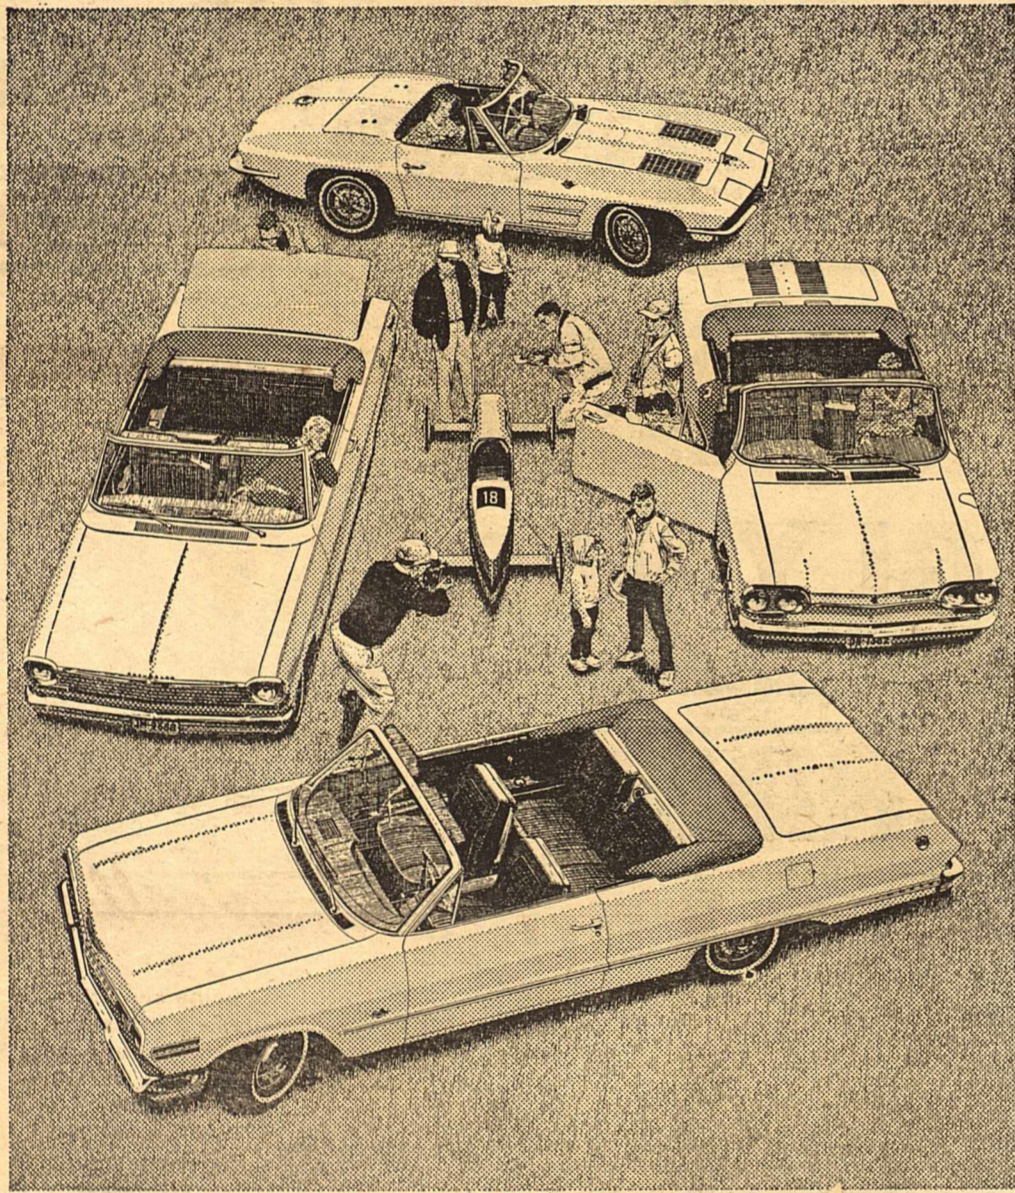

Here is a rough guide to follow: For thin or medium weight wool socks, wear one size larger shoe. For heavy wool socks, wear one-and-a-half size larger shoe. Should extreme weather call for two pair of woolies, you must gauge your shoes size accordingly.

## Skip the sulphur and molasses— get a CHEVROLET SUPER SPORT

Chevrolet Super Sports\* have a charm that soothes your springtime yen for romantic adventure as fast as you can slip into a bucket seat. (Especially the Impala's, with its adjustable new Comfortilt steering wheel\*) Front bucket seats are a great start, but Super Sports also feature plush all-vinyl interiors, special interior-exterior trim in tasteful touches, and a veritable feast of goodies we call performance options\*. Chevrolet and Chevy II Super Sports invite adventure in convertible or coupe form. That same Super

Sport zing applies to the Corvair Monza Spyder, very breezy with its air-cooled 150-horsepower rear-mounted engine, and 4-speed shift\*. Ditto for the new Corvette Sting Ray, a magnificent thoroughbred among pure-blood sports cars with not a single sacrifice in comfort. Both Spyder and Sting Ray come in coupe or convertible styles. All Chevrolet Super Sports are like spring days—you've got to get out in them to savor them. So catch yourself a passing zephyr and wait on down to your Chevrolet showroom.

\*Optional at extra cost.

Models shown clockwise: Corvette Sting Ray Convertible, Corvair Monza Spyder Convertible, Chevrolet Impala Super Sport Convertible, Chevy II Nova 400 Super Sport Convertible. Center: Soap Box Derby Racer, built by All-American boys.

## PERSONALS

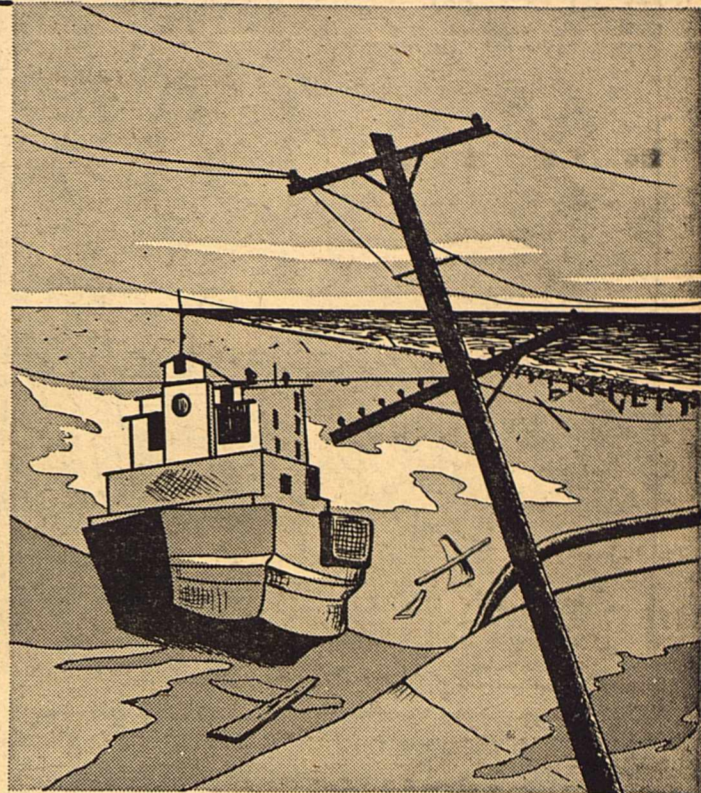

Weekend guests of Mr. and Mrs. Sears Sentell and Kelly Sue were Sentell's brother and sister-in-law, Mr. and Mrs. Marvin Sentell of Snyder.

Among those from Eldorado attending the Fling Ding Friday night were Mr. and Mrs. Eldon Calk, Mr. and Mrs. J. R. Ledingham, Mr. and Mrs. Jimmy West, and Dr. and Mrs. J. D. Blackburn.

Johnny McClelland, who is attending Texas Tech in Lubbock, spent the weekend here with his family, Mr. and Mrs. John R. McClelland and Jan.

General Telephone towns are on the move!

## Port O'Connor Defies a Hurricane's Fury

In September of 1961, the Texas Gulf resort and fishing center of Port O'Connor suffered almost total destruction from Hurricane Carla.

come-back is another reason why we say that big things are happening in General Telephone towns.

But the proud, determined and energetic community of about a thousand people, refused to admit defeat. Today, homes, business buildings and fishing facilities have been rebuilt larger, more permanently and with a fresh, new look.

Yes, towns in our service area are on the move. Community improvements are under way, local resources are being developed, new industries are coming in. If your town seeks additional information about this expansion, we are at your service. Just write our Community Development Dept., Box 1001, San Angelo, Texas.

Port O'Connor's amazingly complete
