Ranchers Urged To Save Best Fleeces For 25th Sonora Wool And Mohair Show

The twenty-fifth annual Sonora Wool and Mohair Show is scheduled to be held Tuesday, Wednesday and Thursday, June 11, 12 and 13 at the Sonora Wool and Mohair Company. The show sponsored by the Sonora Lions Club, will again feature the National 4-H Wool Judging Contest.

Ranchers and junior exhibitors are encouraged to save their top fleeces of wool and mohair and bags of wool for this annual event which has grown to be the largest wool and mohair show in the nation.

Cancer Crusade Surpasses Goal With \$1,134 Total

Mrs. W. B. McMillan, Sutton County Cancer Crusade Chairman, announced this week that this year's Crusade exceeded its \$900.00 pledge by more than 25 percent as Sutton County citizens contributed a total of \$1,134.02 in the 1963 drive.

The chairman pointed out that the cancer problem was a continuing one that requires continuing funds for research, education and service. "Until we bring cancer under control," she said, "there can be no letup."

Mrs. McMillan, on behalf of herself and the American Cancer Society expressed gratitude to the people of Sutton County for their "generous support in this humanitarian effort." She also expressed appreciation and "grateful thanks to all who helped in the Crusade... the hardworking volunteers, the press, radio, community leaders, and others devoted to the conquest of cancer."

Three Sonorans To Be Honored At San Angelo Banquet

Region II winners of the Fort Worth Press "Save the Soil and Save Texas" Awards Program will be honored in San Angelo on May 10, 1963.

Two local Junior High students—Margaret Bundy and Bonnie McKinney—won fourth and fifth places in the 51 county Essay Contest, and will be presented medals at the Awards banquet. Bryan Hunt, selected as conservation ranchman of the year from the Edwards Plateau SCD, will receive a plaque.

Winners will receive awards at a banquet at San Angelo College at 7:30 p.m. on May 10. The banquet is being sponsored by four soil conservation districts near San Angelo, and by a number of San Angelo business firms.

"Margaret and Bonnie deserve particular congratulations for winning essay places," said E. B. Keng, Soil Conservation Service technician. "They were in competition with thousands of high school and other students in the 51 county area," he added.

Classes are provided for both juniors and adult producers. Each exhibitor may enter two wool or mohair fleeces in each single fleece class and one bag of wool in each bag class.

Wool classes are for strictly finewool fleeces and include separate divisions for fleeces from range finewool sheep, registered Rambouillet sheep and registered delaine sheep. Classes are provided for yearling ewe, aged ewe, yearling ram, and aged ram fleeces for each division.

Mohair classes are for both registered and range mohair fleeces and include classes for doe kids, aged does, buck kids and aged bucks in both the junior and adult shows.

Bag classes include yearling ewe, aged ewe and eight month ewe wool in both junior and adult divisions. The adult division also includes bag classes for 12 months aged ram wool and for eight months aged ram wool.

The Sonora Wool and Mohair Show has established the reputation of being the outstanding show of its kind in the United States and this reputation can be maintained and improved through ranchers' support of the show by exhibiting their top fleeces and bags.

For information concerning the show, contact Sonora Wool and Mohair Company or County Agent D. C. Langford.

Sonora To Host Delegates From 38 SCD's May 7

On Tuesday, May 7, the local Edwards Plateau SCD Board of Supervisors will serve as host for election of a State Soil Conservation Board member for Area 2.

Delegates from 38 Soil Conservation Districts representing 51 West Texas counties will meet at the 4-H Club Center next Tuesday to eat barbecue and elect a board member. The barbecue is being provided by the Edwards Plateau SCD board of supervisors.

Arthur Leesch, Boerne ranchman, is the present State Board member for Southwest Texas. One member is elected each year for a five year term. The State Soil Conservation Board is one of only two state boards whose members are elected by the people—all other boards have members appointed by the Governor.

Each of the 48 soil districts in Area 2 will send one delegate to the election meeting. Fred T. Earwood is the delegate from the local Edwards Plateau SCD, while Edwin Sawyer is alternate.

Following the election, the group will make a brief tour of flood prevention structures on Dry Devil's River and Lowrey Draw.

Joe R. Lancaster left last week for Baton Rouge, Louisiana where he is making his home. He had been visiting here with his parents, Mr. and Mrs. A. C. Hudson.

Screwworm Case Found Last Week New Field Man Here

Sutton County's first confirmed case of screwworms was reported last week on the Mary Luckie ranch, according to D. C. Bruce, local representative of the Southwest Animal Health Foundation.

Bruce said last week that a suspected case reported by Aubrey Chadwick, who lives on the Luckie ranch, had been positively identified by the foundation laboratory and that sterile flies were to be dropped in the infected area.

No new cases had been positively identified as of Tuesday of this week although ranchman John I. King reported a suspected case on his Sutton County ranch Monday. Samples of the larvae had been sent to the laboratory for examination but no report received as of press time.

Any suspected cases may be reported to Bruce or to Pat Clifton, foundation field man now stationed in Sonora. Clifton may be contacted at his post located at the junction of Highways 277 and 290 north of town. Or ranchers may get in touch with Bruce at Twin Oaks Motel.

BAND PARTICIPATES IN ANGELO CONTEST

The Sonora High School band received a third rating in recent competition in San Angelo Friday, April 26.

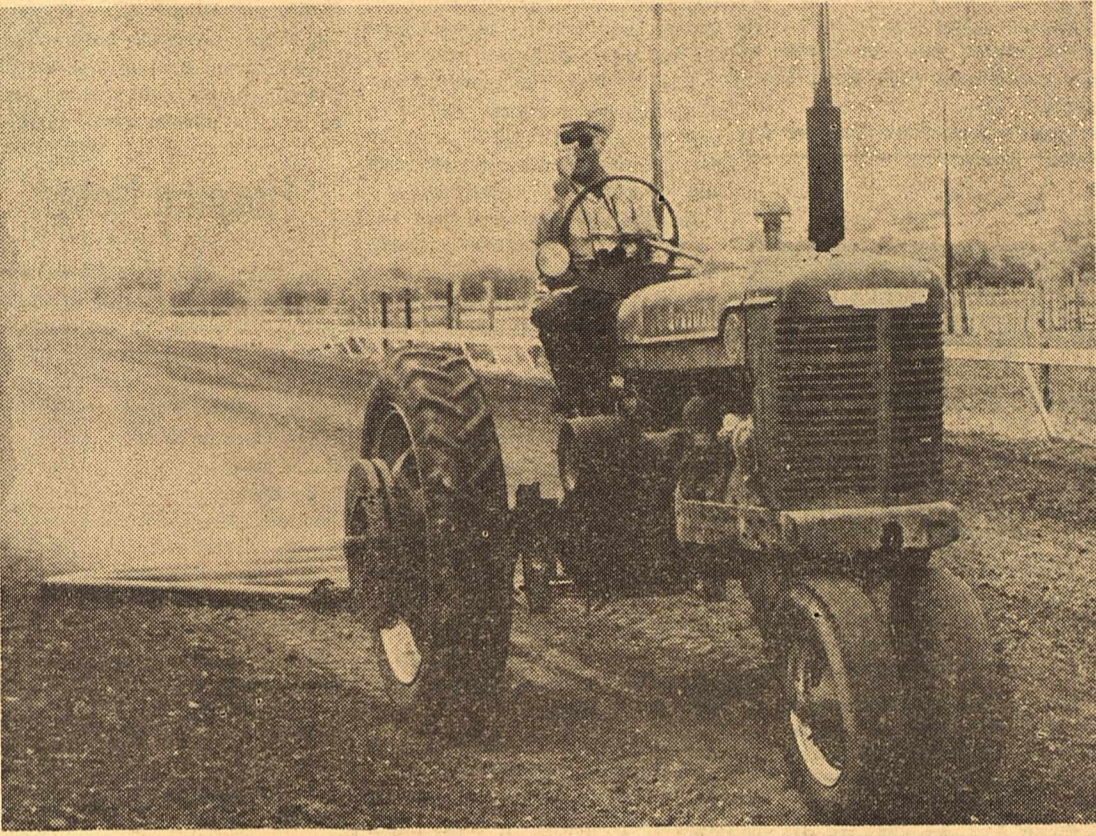

Student directors Debra Cooper and Alice Lee Duncan received first place ratings.

Ozona Indians Drop Colts 7-6

The Sonora Colts dropped a close game to Ozona 7-6 there last Sunday. The Ozona Indians were ahead 7-3 at the beginning of the ninth but a rally by the Colts resulted in three runs, just one shy of a tie.

Pitching for the Colts were Manuel Mata, John Robledo and Gene West. Ram Castillo was catcher, Alvino Hernandez first base, Marciano Hernandez, Jr., second base, Primo Gonzales short stop, Gene West and Nelson Guajardo third base, Cheo Cardona and Dimitrio Castro left field, John Robledo center field and Tino Noriega right field.

Next game for the Colts is Sunday afternoon in Eldorado with the Eldorado Eagles. Ram Castillo, team manager, announced Tuesday that the team's uniforms have arrived and will be used for the first time against Eldorado.

Rex W. Lowe Elected President Of Lions Club For Coming Year

Rex W. Lowe, superintendent of Sonora schools, was elected Tuesday to be president of the Sonora Lions Club for the coming year. Lowe will be installed Tuesday, May 14. He succeeds Jack Kerbow.

Other officers named to serve with Lowe are D. C. Langford first vice-president; Herbert Fields, second vice-president; F. L. McKinney, Lion Tamer; Jimmy Hugh Harris, Tail Twister; A. E. Prugel, secretary-treasurer. New directors are Bill Smith, Boyd W. Lovelace and George Brockman. Ralph J. Finklea is director to the Lions' Crippled Children's Camp.

Lion John Eaton made his traditional election-day speech. He declared the biggest program in the county at the time to be the screwworm eradication effort and suggested that the local Lions take it upon themselves to back a drive to elect a Miss Screwworm of Texas for 1963. The motion failed to carry.

Candace Cauthorn Is Valedictorian Ann McKinney Named Salutatorian

High School Principal Doyle V. Morgan has announced the school's honor graduates for 1963. They are Candace Cauthorn, Ann McKinney, Nancy Prugel, Debra Cooper, Francine Fields, Frances Crawford, Jessie Lem Johnson, Louis Perez, Ray D. Lancaster and Lue Smith.

Candace Cauthorn is valedictorian with a four-year average of 94.58. Ann McKinney is salutatorian with a grade average of 92.98 for four years. Louis Perez is high ranking boy with an average of 90.33.

Candace, daughter of Mr. and Mrs. Dan Cauthorn, has been a cheerleader, Senior Class Favorite, treasurer of the Student Council, treasurer of her freshman class, a member of the National Honor Society and the National Thespian Society.

Ann, daughter of Mr. and Mrs. F. L. McKinney, has been a three-year member of the National Honor Society, editor of the yearbook, a representative to the Student Council and an officer on the paper staff.

1st Grade Mothers To Meet May 10 At Cafeteria

Mothers of children who will be six years of age on or before November 1, 1963 and who will enter the first grade at Central Elementary School, will meet with school principal Ralph J. Finklea Friday, May 10. The meeting, which is expected to last about 30 minutes, will be held at 9:30 Friday morning at the school cafeteria.

At that time registration will be held for all children to enter the first grade in September. This does not include those who will enter kindergarten. Mothers are advised that it will not be necessary for the children to attend.

Finklea requests mothers to bring children's birth certificates if possible and urges that if the mother cannot attend, she send someone else to register the child. He also emphasizes the importance of this meeting since this pre-registration will determine whether there will be one or two sections of first grade next year.

First grade teachers Mrs. Audrey Bridges and Miss Margaret Schwiening will explain to mothers what they will teach

The first three weekends of top-bracket horse racing here drew excellent crowds Saturday and Sunday afternoons, April 27 and 28.

The preliminaries in the fifth running of the West Texas Quarter Horse Futurity Saturday afternoon drew good crowds as did the regular racing and continuation of futurity trials Sunday.

FUTURITY TRIALS
Qualifying to run in the Saturday, May 4, running of the West Texas Quarter Horse Futurity were ten two-year-olds. They include:

Sonora Water Rates For Below Those Of Other West Texas Cities

The simple facts are these: it's cheaper to have a pretty yard, it's cheaper to have a vegetable garden and it's cheaper to enjoy a cool home this summer—in Sonora.

Manager of City Utilities R.M. McCarver recently called to our attention an article citing water rates in three West Texas cities. San Angelo and Sonora have minimum 2,000 gallon charges of \$1.75 and \$1.50 respectively. Big

Spring's minimum is 3,000 gallons for \$3.00, while Odessa's minimum is \$5.50 for 4,000 gallons.

For 5,000 gallons Sonorans pay \$2.60, San Angeloans \$2.95, Big Spring residents \$4.40 and Odessans \$5.00. For 10,000 gallons Sonora charges \$3.80, San Angelo \$4.95, Big Spring \$6.65 and Odessa \$7.50.

15,000 gallons of water cost Sonorans \$4.55, San Angeloans

\$6.70, Big Spring residents \$8.90 and Odessans \$10.00. Sonora pays \$5.30 for 20,000 gallons, San Angelo \$8.45, Big Spring \$11.15 and Odessa \$12.50. The rate on 25,000 gallons is \$6.05 in Sonora, \$10.20 in San Angelo, \$13.40 in Big Spring and \$15.00 in Odessa.

The rate on 35,000 gallons in Sonora is \$7.55, in San Angelo \$13.20, in Big Spring \$17.90 and in Odessa \$20.00.

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford
Texas Press Association
COLLEGE BILLS—Governor Connally, Speaker Tunnell and Lt. Gov. Preston Smith all are anxious to see the Pan American and San Angelo college bills passed. Bills finally were pulled out of the House State Affairs Committee, chaired by reluctant Rep. John Allen of Longview.

Allen threatened to resign over the pressure (committeemen kept him from doing so) because he couldn't see the money in sight to support the 20 colleges already in the state family.

NO TUITION HIKE IN SIGHT—Dallas Reps. Ben Atwell and Dick Morgan's college tuition increase bills may never come out of the House Tax and Revenue Committee. This, even though Atwell is chairman and Morgan is a member of the committee.

Atwell proposed a doubling of

state college tuition, as endorsed by the Commission on Higher Education. Morgan offered a compromise of a 50-per-cent increase.

But word already had come "from above" that there will be no tuition hike this year. That virtually ended it.

NO MONUMENT FOR THE 49TH—A Senate resolution to place a monument honoring the 49th Armored Division of the Texas National Guard on the State Capitol grounds was all but killed by the House State Affairs Committee, after Alpine Rep. Gene Hendryx called it "a disgrace to every veteran who ever served overseas in every war that Texas ever participated in."

The former Marine said, "The greatest battle this organization ever fought was the battle of the canteen at Fort Polk, Louisiana."

Seguin Rep. John Traeger de-

fended the 49th, but the resolution was defeated by a vote of eight to seven.

However, a spark of life remains, since Rep. Ben Atwell used a device by which the resolution may be called up for another vote.

RAILROAD COMMISSION CHANGE PROPOSED—A plan to take the railroads and trucks away from the Railroad Commission has been proposed by Rep. Henry Grover of Houston, who told the House:

"Recent developments indicate that the Railroad Commission is overworked, and has more to do than it can handle."

Grover inferred that these indications are the slant-hole oil well scandals and the conflict of interest resignation of former Commissioner William J. Murray, Jr.

Grover introduced H. B. 1041, to ease some of the workload by removing the commission's authority over the transportation industry, and leaving it with just oil and gas regulatory authority.

The "Texas Commerce Commission", to regulate railroads, bus lines, truck lines, and so forth, would be made up of three \$15,000-a-year commissioners.

Railroad Commission was set up in 1891 to regulate the railroads. But authority over oil and gas, since 1917, has caused most of its time and attention to turn in that direction.

DOCTORS BEING CALLED—State draft boards have issued a call for 60 doctors for the Army, Navy and Air Force, according to State Selective Service Director Col. Morris S. Schwartz.

The 60 physicians would be the state's share of a national call for 1,350.

Physicians—either fathers or non-fathers—would be subject to call if they were born on or after January 1, 1935.

ONE-DAY SESSION—A special, one-day (\$8,000) session of the Texas Legislature would be held on December 1, 1964, under a House-approved resolution by Rep. Bill Dungan of McKinney.

Purpose would be to swear in House members and elect a speaker. Aim is to enable the speaker to make appointments so the 1965 session could get underway immediately.

Frank Leslie Moore of Houston spent the weekend here with his parents, Mr. and Mrs. Mike Moore.

Hunter Billingsley of San Angelo was among those attending last weekend's racing.

YOUR MINISTER SAYS

By Rev. Doyle W. Morton, Pastor
First Methodist Church

"But you are a chosen race, a royal priesthood, a holy nation, God's own people, that you may declare the wonderful deeds of him who called you out of darkness into his marvelous light." 1 Peter 2:9.

This scripture should have special meaning for us during this week, when we will be hearing many things about the value of the communistic approach to life. Before we go off on some tirade about our dislike of communism, let us turn our thoughts to God and ourselves.

We are a Christian nation. This is recognized around the world. There is much to be desired, but we are "a chosen race". Christians are "a royal priesthood," which means that we are to be God's agents to take the message of redemption to all people. We are "a holy nation", to show to all the world that God's purifying love is working in us. We are "God's own people", "bought with a price".

All of this is shown to us "that you may declare the wonderful deeds of him who called you out of darkness into his marvelous light." We need to remember that we belong to God. Because of this we should be declaring "the wonderful deeds" every day. It might help us to tell it to ourselves by counting our blessings. Then we could tell others about Christ.

Let us live as we should, since we are "a chosen race, a royal priesthood, a holy nation, God's own people."

Mr. and Mrs. Harold Louis Garrett and son of Junction were weekend guests of his parents, Mr. and Mrs. Lester Garrett.

Mrs. Jim Bob Altizer and children of Del Rio were Sonora visitors last week.

A weekly public service feature from
the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

The discarded rail was hidden in tall grass. The mower blade hit it and suddenly it was buried an inch deep along side the shinbone of the 23-year-old Williamson County secretary.

Accidents of this type will be on the increase now—this is lawn-mowing time, you know—until fall weather brings a welcome respite from the weekly chore.

The State Department of Health does not keep statistics on non-fatal accidents, so the extent of injuries from carelessly handled power mowers is unknown. But one Central Texas city reports, conservatively, that 15 to 25 serious accidents are reported each year.

Like the man who stopped his car at the curb, intending to say hello to his perspiring neighbor busily mowing the grass. Neighbor wheels up with mower to return the greeting. Man in car—elbow resting on window—finds his forearm pinned to bicep with a five-inch piece of wire flung at him by the whirling blade.

Power equipment is a tremendous boon to the man who likes to keep his yard neat with a minimum of effort. But it takes constant concentration to do the job safely. Even experience is no substitute for concentration.

A garden club member in a major Texas city used to pride himself on his safe and sane use of power tools that helped him maintain the sharpest yard in the block.

But no more. One afternoon recently, while trimming his driveway with a power trimmer, he reached down to lift a bloom-laden branch of a rose bush out of the way.

When he withdrew his hand two fingers were missing. "I wasn't alert," he wryly explained.

One of the most frequent mower accidents has this sequence:
A stick or wire or rock jams between cutting bar and blade. The operator attempts to clear the jam without going to the trouble of killing the motor. Results: Badly cut or severed fin-

gers when the surge of power spins the freed blade.

Most power mowers come equipped with safety guards. Trouble is that guards are removed by owners for one reason or another and never replaced.

But use one carelessly and you're liable to become a candidate for a quick trip to the emergency ward of a hospital.

Money that stands up to be counted

A lot of Communist eyes are watching the financial strength of our government and of our people like hawks. That's because their leaders have said they would "bury us" economically—and they're waiting for it to happen.

It must be a continuing disappointment to them that, year after year, U.S. savers put so much of their savings in U.S. Savings Bonds.

This stake that Savings Bond owners now have in the strength of our country is more than \$45 billion—an all-time high.

And because savers can get their money back when they need it, that's financial strength for mil-

lions of individuals and families.

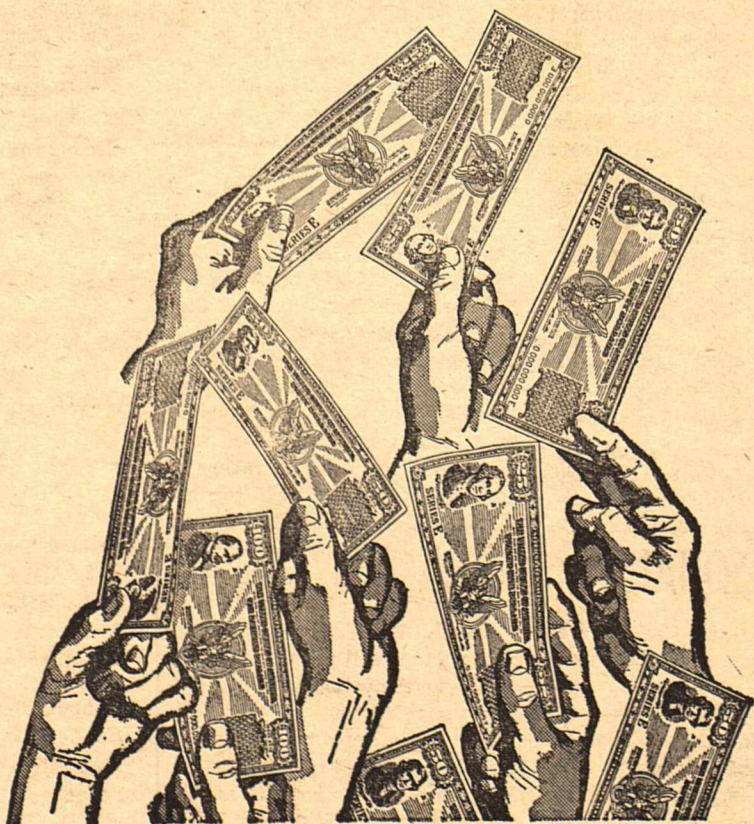

Your dollars in Savings Bonds do stand up to be counted—as a measure of the strength of our country and our people.

Help keep yourself and your country strong by regular buying of U.S. Savings Bonds, through the Payroll Savings Plan where you work, or from your bank.

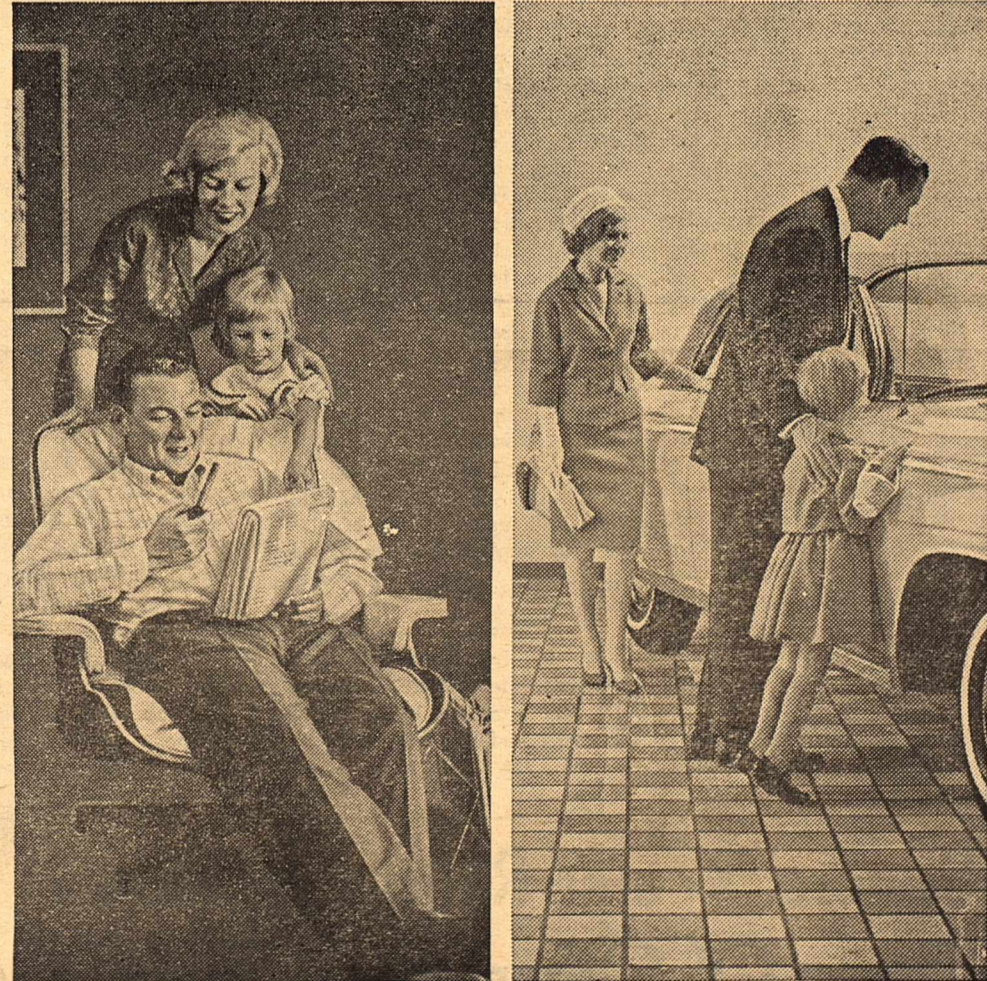

Quick facts about U.S. Savings Bonds

- You get \$4 back for every \$3 when your Bond matures • Your Bonds are replaced free if lost or destroyed
- You can save automatically on Payroll Savings.

Keep freedom in your future with **U.S. SAVINGS BONDS**

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media

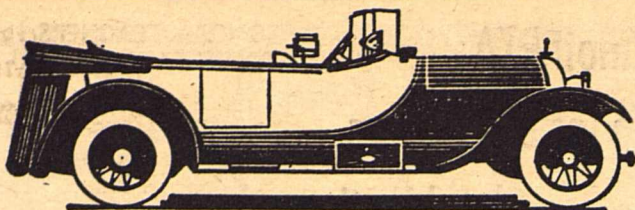

Don't you read before you buy?

Most people do. They count on advertising in print to give them the information they want on products that interest them—information on features . . . designs . . . and prices, for example. People not only read about products and services, they show ads to their family and friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping.

When you add it all up, print advertising—the kind you read in the pages of this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales. Most people read—and then buy. Don't you?

Devil's River Philosopher Hopes Rule Against Betting On Self Won't Be Applied To Ranchers

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River takes a look at gambling this week, his letter indicates.

Dear editor:
As I understand it, some professional football players have been caught betting on football games they've played in themselves and as a result have been suspended. They can't play for at least a year, maybe longer. It's just against the rules to bet on yourself.

Now at first glance this doesn't seem too important as far as me and my bitterweed are concerned, but then I got to thinking.

What if somebody in Washington for example comes out with a rule against betting on yourself in ranching? There'd be more suspended ranchers than you could count.

First, when a rancher starts a new year, he bets on the weather's being normal, whereas I have never seen a normal weather year over once or twice in my lifetime.

The odds against dry weather when you want it, rain when you want it, the right temperature when you want it, are so great

that most ranchers are incapable of carrying a bet alone on the sport and usually invite a banker to pitch in with them.

Then of course there's the matter of parasites, and since there are so many millions more parasites than ranchers, you can see what the odds are there. It almost fails to be a sporting event. Then if you make it through the year's weather pattern and fool the flies and parasites and get your stock to market, the odds against the price being what you want it to be are so great the favorable ones come up only a time or two a decade, and it sometimes takes a war to swing that.

In fact, looking the thing over, I sometimes figure us ranchers would be smarter and come out a lot better if we bet against ourselves, but it's hard to get any bets of that sort.

They can maybe enforce a rule against betting on yourself in ranching, but if they apply it to ranching, they'll wreck it.

Yours faithfully,
J. A.

Did you see the boys out playing baseball at the club park?

-GN-

Congratulations to Boys' Tournament winners: First, Dwayne Cox and Steve Thorp; Second, Lawrence Holland and Tony Renfro; Third, Dorr Scherz and Mitch Trainer; Fourth, Ed Lee Renfro and Mike Watson; Fifth, Jimmy Trainer and Dick Hamil-

ton. Jimmy Trainer was tournament chairman and did a fine job.

-GN-

The Harold Scherz family left right after the tournament for a weekend in Bandera. They stayed at the Guest Valley Guest Ranch and reported the nine-hole golf course is beautiful. Dorr and Harold played 18 holes and on the second round Dorr shot a 46 and Dad came out with a 46. We saw this father and son team out at the local course Monday. Did Harold come out the winner?

-GN-

Frances Grobe is a real golfer. Have seen her at the course three or four times this week. Didn't get to ask her score, but one thing for sure—Frances has a winning smile.

-GN-

Foursome: Bob Painter, Clyde Greer, Bob Snodgrass and Max Hardegreer. Greer said the spot I chose to gather news wasn't a wise choice—his golf ball cleared the car by about a quarter of an inch. Anyhow, he DID clear the car and made quite a bit of distance with that drive.

-GN-

Which reminds me: One of the cutest things we've seen at the course was Bob Painter and daughters at the putting green Sunday afternoon. He would putt and daughter would pick up the golf ball with the remark, "Daddy, stop hitting my golf ball. It looks pretty where I put it."

Last remark I heard from one daughter, "Now Daddy! Look what you've done now—you hit my golf ball into that hole!!!"

-GN-

Pauline Thompson and Lunetta Morgan teed off at seven A.M. Wednesday morning. No, we didn't see them at that time of day, just heard about it.

-GN-

Mary Jeanne Hamilton said there has been a real enthusiastic response from everyone on the trading stamps. Remember, these stamps are going to be used to get furniture for the clubhouse so be sure and call Mary Jeanne if you have stamps.

Some of our project "clubhouse furniture" contributors have been Marie Ellis, Jo Neville, Christine Morris, Jackie Hopkins, Dorothy Ratliff and Florence Davis.

-GN-

Twosome Sunday afternoon: Cubby Emdy and Charles Howard. Got their scores in a round-about way, so they may not be accurate. A 44 and a 45.

Monday afternoon saw Shelly Lowe and Ed Grobe at the course.

-GN-

Stanton and Mac Bundy Tuesday afternoon. Asked Mac what she shot. Answer, "Betty, that's almost like asking a woman her age."

-GN-

Committees working on plans for the Ladies June 1 Tournament. Some committee chairmen we've heard of are Doris Rous-selot, invitations; Lucille McMullan, refreshments; Betty Stewart, golf tournament; Wanda Allison, luncheon.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples. When people see an advertisement in print, they can compare designs... features... and prices of nationally known products and services. (And people do compare before they buy.) Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted. When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

THE TEEN SCENE

By Mary Davis

Last Thursday at high school the band played in assembly for the student body. They first played the pieces they were to play at contest, then they played some music that they thought we would enjoy.

A couple of weeks ago, the Ozona band director heard some Sonora band students when they were off at a contest. He was so impressed with their playing that he asked them to come to Ozona and demonstrate their practice technique. On April 16, Alice Lee Duncan, Bonnie McKinney, Janie Letsinger and Mickey Hardegre went to a night practice in Ozona. They benefited from the experience and hoped it helped students there.

In the early part of June Mickey is going to State Solo Contest in Austin. She won first place at regional when she played a first class piece, "Syrinx." The regional contest was March 23. Mickey plays flute.

The newly-elected cheerleaders Allison Espy, Jan McClelland, Susan Allison, Diana Cahill and Diana Black, plan to attend a summer school for cheerleaders the first part of August. The school will be at SMU in Dallas.

Visiting Kay Campbell and the high school in Kitty Crespin. Kitty has been in Sonora now for the past several weeks. She plans to spend a few weeks in Dallas and then return to Sonora for the summer. It's fun to listen to Kitty talk, because she from Los Angeles, California and has a very different accent from ours. We hope she enjoys visiting Sonora.

We noticed Anita Thompson home from SAC this weekend. It seems she is doing just what several high school students are doing—finishing her term theme. Good luck.

Betty Jack Cooper seems to have a pretty good idea on how to spend Friday evenings if you're tired of just going to the show. She has offered to teach couples the new dances. The way some of us dance, including and especially yours truly, this may not be such a bad idea.

Dick McMillan just couldn't wait for the final bell to ring Friday. He was ready to go to Mason. Dick has cousins and friends he likes to visit there.

Ask Nancy Prugel and Jessie Lem Johnson what it's like to lock the car keys in the car pocket. They seem to have had some experience along that line.

Mr. Morgan is trying to get all the schedules for next year lined up. He has taken each individual class and helped each individual student make out his or her schedule. Wonder how many will be changed and how often there will be changes before the next term starts?

Dick McMillan and Betty Jack Cooper are the Thespians of the Year. Congratulations to these two speech enthusiasts.

Artie Bert Adams and Carla Beth Cole were weekend guests of Mr. and Mrs. Mat Adams and Katherine.

Game Violations Show Decrease During February

Game and fish violations dropped in February in comparison to those in January, according to reports released by the law enforcement branch of the Game and Fish Commission. From 434 violations in January, they plunged to only 269 the following month. This, of course, was caused primarily by the termination of most hunting seasons.

Hunting without a license violations dropped from 58 to 21, while fishing without a license jumped from 24 to 32. Headlighting at night dropped from 92 in February to 48 in January; hunting from an automobile charges dropped from 25 to 10 and hunting in a closed season in February netted just half the number in January—from 26 to 13 violations.

Altogether, in January 336 persons violated game laws in one way or another. The following month the number dropped to 192 game law violations.

Fishing law violations following the closing of the hunting season were just beginning to climb in February with 26, compared to just seven in January. Four of the February violators were charged with using unsanitary containers for oysters, and one for selling bad oysters.

Check now for the proper fishing requirements, such as licenses and bag limits. Don't gamble with the laws.

Demo Leaders Said Planning Purge Of Conservatives

By Congressman O. C. Fisher TO PURGE OR NOT TO PURGE—That question is being discussed by political observers and writers.

This refers to a report that certain democratic political leaders plan a purge movement against conservative democrats in the south who do not go along with the New Frontier in Congress. It is reminiscent of the FRD abortive purge efforts of New Deal days when the President openly attempted to induce the voters to retire such men as Senator George of Georgia, Senator Tydings of Maryland and others who did not go along in those days.

The recent flare-up stemmed from some high level meetings between the AFL-CIO Committee on Political Education (COPE), and Charles D. Roche, deputy chairman of the Demo-

cratic National Committee. The latter, a close associate of Bobby Kennedy, is supposed to reflect the views of the Attorney General. President Kennedy has disclaimed any active part in the plan, and so has John M. Bailey, the Democratic National Chairman.

At a series of political meetings in March, held in Tennessee, Little Rock and Houston, Roche was present along with top level

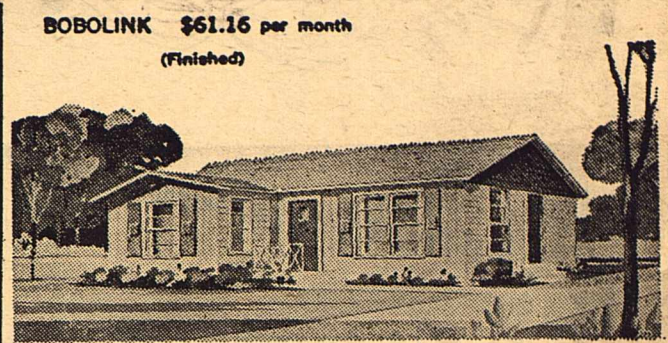

those of us who have not followed the party line in Congress. It was revealed that some such efforts were pushed during the last election year, with limited success. Charles E. Hooten, Jr., a Harvard classmate and close friend of Senator Ted Kennedy, and also a buddy of Bobby's, opposed conservative democrat Bob Casey of Houston in the primary last summer. During that campaign, the Democratic National Committee paid \$300 to Lou Har-

ris and Associates of New York in May of 1962 for a pre-primary poll in Casey's district, evidently for the purpose of helping Hooten's chances. Casey, however, won handily.

This incident is being cited as an indicator of steps the National Committee can be expected to take, along with others, promoting opponents against sitting Members who are on the conservative side.

Handy Shopping Guide to Series E U.S. SAVINGS BONDS

No matter what their denomination, all U.S. Savings Bonds have these things in common:

They're one of the safest and most widely held investments in the world—owned by tens of millions of American families.

They're replaceable in case of loss by fire, theft or plain carelessness.

They return \$4 for every \$3 invested, at maturity.

They're cashable at any time without red tape (and you can defer the tax on the interest until the Bond is cashed).

They do the double job of helping to make your individual future, as well as your country's future, secure.

Buy the ones that fit your budget—at your bank, or through the Payroll Savings Plan where you work.

Keep freedom in your future with **U.S. SAVINGS BONDS**

Makes an ideal gift for graduations, birthdays, communions, bar mitzvahs or any occasion when you want to be especially nice to someone. Including yourself. Sells for **\$18.75**

This is an increasingly popular size with millions of American families. If you'd started buying one every month ten years ago, you'd now have \$5,230. On sale at all times for **\$37.50**

In 7 3/4 years you can turn this Bond in for a crisp hundred dollar bill. You'll be getting 3 3/4% interest and your government's thanks. You can buy it for only **\$75.00**

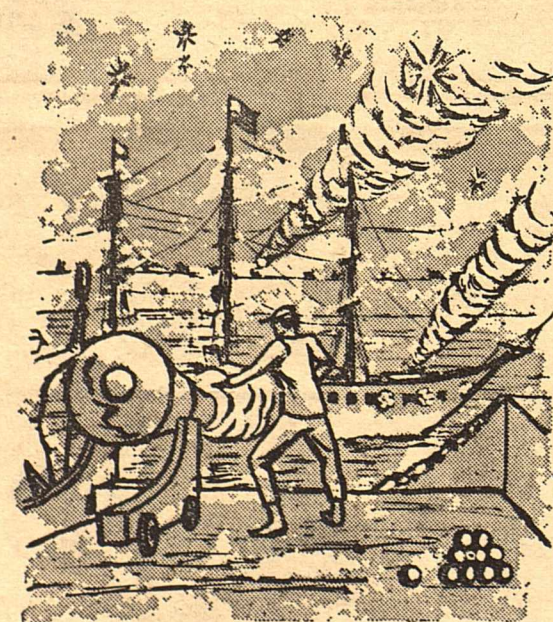

This one is tailor-made for the investment of bonuses, tax refunds and other windfalls. In 7 3/4 years it grows into a tidy \$200 nest egg, yet costs only **\$150.00**

Grandfathers can give one of these Bonds to eight grandchildren (or eight of them to one grandchild) in any one year without having to pay the gift tax, because the outlay per Bond is only **\$375.00**

Very few people can buy one of these out of every paycheck. But lots of businesses buy them as a good safe investment for company surplus funds. And widows who suddenly find themselves with a large insurance check can do no better than to put part of that money into one of these king-size Bonds. **\$750.00**

Issued for larger investors, whether individuals or institutions (yes, corporations, partnerships, credit unions, pension funds and any other group except commercial banks may own Savings Bonds—and many do). Price, **\$7,500.00**

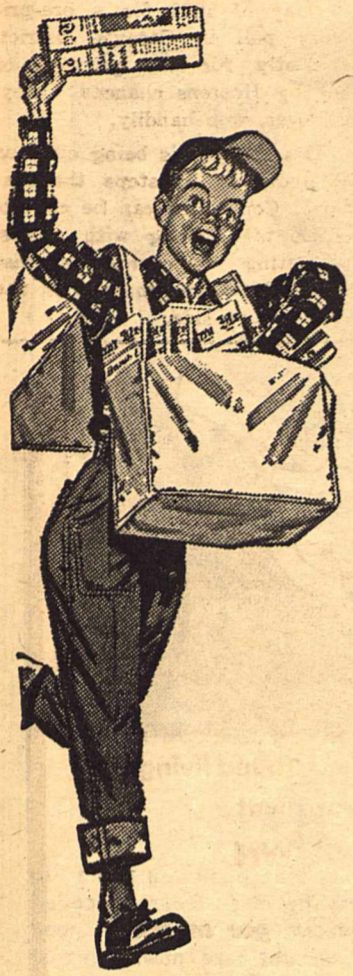

NAVY AND YOU

On April 16, 1862, Union Flag Officer David Glasgow Farragut ordered the advance unit of his fleet to open fire on forts Jackson and St. Philip which guarded the Mississippi Delta. This marked the beginning of the movement to take New Orleans. After bombarding the forts for five days, Farragut sent his fleet captain up river to destroy the chain-and-log barrier enabling the fleet to pass through in single file. Upon entering the bay, the ironclad Manassas led the southern attack, but was soon blown up and the battle of New Orleans was won for the U.S. Navy.

**Ranchers Urged To Be Alert After
Screwworms Identified Near Here**

With the continuation of warm weather, incidence of positive identification of screwworms is increasing. Lastest positive identification was made on the John Cauthorn ranch in Val Verde County some three or four miles from the Sutton County line. Sterile screwworm flies are being dropped in that area at the present time by the southwest Animal Health Foundation.

To date there have been no positive identifications of screwworms in Sutton County itself although cases have been found

in Kimble, Irion, Edwards, Val Verde and Presidio Counties. Suspected cases in Sutton County have so far been identified as blow fly larvae but ranchers are urged to keep a close check on stock for worm cases.

D. C. Bruce, Southwest Animal Health Foundation representative here, should be notified if screwworm larvae are suspected. If identified as screwworms, Bruce will mark the infested ranchland with a large white cross as a target for aerial fly release.

**Methodist Church
Plans Programs**

The First Methodist Church has scheduled two programs of unusual community interest this coming week.

At 7:30 Sunday evening, May 5, a film "Conversion Plus" will be shown. The film deals with the problems of a business man in today's world when he tries to apply Christian principles to everyday living.

Monday evening, May 6, at 7:30 the 25-voice choir of Lydia Patterson Institute in El Paso will present a choral program. A short slide lecture telling the story of the institute and its work will also be presented. A free will offering will be taken.

The public is cordially invited to attend both programs.

**St. Ann's Catholic
Communion Class**

Sunday, May 5, will mark the day for the 1963 First Communion Class at St. Ann's Catholic Church. The boys and girls will march in procession to their places in church with their sponsors before the eight o'clock morning Mass. This year's class numbers 29.

They are Luis Acosta, Emily Brown, Carlos Dominguez, Juanita Duran, Joe Espinosa, Jimmy Galindo, Sylvia Gamez, Virginia Garcia, Juanita Garza, Johnny Gonzales, Lamar Gonzales, Rudy Gonzales, Sally Gonzales, Josephine Gutierrez, Ernesto Jimenez, Dolly Leyva, Blanca Lumbreras, Ramiro Mancias, Ciria Ann Pena, Edna Perez, Joe Luis Perez, Lilia Rocha, Roy Ramon, Guillermina Romero, Bobby Samaniego, Ruben Samaniego, Hipolito Sanchez, Maria Carmen Sanchez and Margarita Saucedo.

**Lamb Numbers
Down In Texas
But Prices Strong**

This year's early lamb crop in Texas is smaller by one percent than in 1962, says Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service. The drop is blamed on a lower number of ewes on farms and ranches and a lower lambing percentage.

Also, range conditions in the Edwards Plateau were below those of a year ago and wheat and small grain pastures have furnished only limited grazing since hard freezes in January. However, recent moisture in some areas and unusually warm weather will improve the grazing situation, Uvacek says.

The number of lambs placed on feed in Texas this year is about 16 percent below the number for last March. Also, many of the lambs on feed are in the light weight group, indicating that fed lambs will probably be marketed later this year than normally.

Lambs slaughtered by federally inspected plants during 1962 were one percent less than the previous year and indications are that for the first half of 1963 the number will again decline slightly.

Lamb prices will be a little stronger this year because of the growing demands of an increasing population and the slight decrease in lambs slaughtered. However, the decline in the beef market is expected to have a depressing effect on sheep prices.

Spring lamb prices should be slightly higher than a year ago are expected to reach their peak some time during April or May. However, Uvacek does not expect them to stay at this high level as long as they did the previous year.
