HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford
Texas Press Association
Gov. John B. Connally signed 27 bills into law . . . then he and Lt. Gov. Preston Smith left the state.

The departure was to permit Sen. Martin Dies, Jr. of Lufkin to take over as "Governor for a Day."

Each bill applied to a special area of interest. For example:

1. House Bill 16 by Rep. Olen R. Petty of Levelland interests (State banks. It exempts them from the State sale tax and franchise tax so long as federal bank are exempt. Saves them \$1,000,000 a year.

2. House Bill 588 by Houston Rep. Tom Bass interests firemen and policemen. It enables them to "credit toward "job seniority" time taken off for military service and guard duty. This speeds up their promotions.

3. House Bill 614 by Rep. Amando Canales of San Diego and Rep. Jerry Butler of Kenedy interests hunters. It puts a "No-Hunting" sign on Duval County for the next five year.

These laws will go into effect late in August.

GOVERNOR FOR A DAY—Sen. Martin Dies, Jr. wanted only a simple ceremony when his time came to be Governor for a Day. So he managed to hold the celebration down to a day of greetings in the governor's reception room in the Capitol.

But the simplicity of the event didn't keep the folks from coming to shake his hand and pay their respects. Among nearly 1,000 visitors were many relatives including the senator's well known father and mother from Lufkin.

More than 400 friends came all the way from East Texas in private planes and cars. Only side celebration was the traditional luncheon in the Governor's Mansion. It was attended by kin-folk of both Senator and Mrs. Dies.

CRIMINAL CODE REVISION—The much-opposed revision of the State Criminal Code now has the approval of the District and County Attorney's Association, through an endorsement by its president, Alton Griffin of Lubbock.

Endorsement applies to the House Criminal Jurisprudence committee's version of the State Bar Association's plan for streamlining the code. House version is so different from San Angelo Sen. Dorsey Hardeman's bill which passed the Senate, that

it may be a long, hard fight for approval. And there's less than three weeks left in this session. It must end by May 27.

FOR MEN ONLY—Decision by Texas A & M's board of directors, to make the college coeducational provoked introduction of a House resolution against the board's decision. Also a bill designed to prevent entrance of females.

Rep. Will Smith of Beaumont introduced both measures.

1962 VOTERS' REGISTRATION—State Comptroller Robert S. Calvert reported a total of 2,020,183 voter registrations issued through January 31, 1963.

This included 1,654,805 poll tax payments and 365,378 exemption certificates, to be used in any elections held through January 31, 1964.

Loving County issued the least poll tax receipts—90. Harris County, the most—282,768.

GUARD COMMANDER TO RETIRE—Major Gen. Lloyd M. Bentsen, Sr. of Mission will retire as commander of the Reserve Corps of the Texas State Guard on May 11.

He will be succeeded by Major Gen. John L. Thompson of Houston.

WATER SAFETY ACT SUNK—Rep. Ben Atwell failed in a third attempt to launch a water safety bill which prohibited fees for use of public em-poundments.

BEER IS A NATURAL

As natural as the wholesome grains and tangy hops from which it is brewed, beer is Texas' traditional beverage of moderation — light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the good living it provides for so many folks in Texas. Not only for employees of the Brewing Industry itself, but also for the farmers and other suppliers of beer's natural ingredients. In Texas, beer belongs — enjoy it.

OZONA—Walker W. Walker, a member of the Board of City Development in San Angelo, this week accepted the post as manager of the newly organized Ozona Chamber of Commerce and moved with his family to Ozona to make their home.

Walker taught in Sonora schools. While in Sonora he was manager of the Sonora Caverns, "Ozona Stockman".

FORT STOCKTON—A decision was made Monday afternoon, April 29, by the sports subcommittee of the civic affairs committee of Fort Stockton Chamber of Commerce to begin the third annual sixweeks city wide summer recreation on Monday, June 17.

Floyd Coker, Jr., high school teacher, was re-named for the third consecutive year as director. He was authorized to employ three assistants. "Fort Stockton Pioneer".

ROBERT LEE—A new well drilled by the city tested 100 gallons per minute Tuesday and is to be put under electric pump for continued testing.

After two years without enough hard rain on the Mountain Creek Reservoir watershed to run water into it, the City of Robert Lee this week looked for possible supplementary supply in wells.

Mayor Robert Vaughan told the BCD Tuesday afternoon that the city commission estimates that wells supplying 200 gallons per minute on a 24 hour basis would supply the present needs of the town. "Robert Lee Observer".

MENARD—Menard County gained another oil producer this week, a small Strawn lime discovery 21 miles northwest of Menard.

It is Cree Oil Inc., Abilene, No. 1 Tomlinson, 3 5/8 miles southeast of the F & H Cisco Field and four miles north of the Shaheen Field.

It was completed to pump 5.8 barrels of 40.8 gravity oil and 45 percent water with gas-oil ratio of 462-1, from 3,848-852 feet. "Menard News".

JUNCTION—Jim Hodges has been employed as dog catcher with instructions to pick up all dogs in Kimble County which do not have tags showing proper immunization against rabies. He went to work Wednesday.

The officer was employed by cooperative effort of the city and county after the Kimble County Program Building committee recommended the action to reduce danger of a widespread rabies outbreak.

Dogs will be held in the dog pound for three days and owners of any pets may claim them on payment of \$3. If unclaimed in three days the animals will be destroyed. "Junction Eagle".

ELDORADO—The Texas Highway Department announces that it will open bids in Austin on May 17 for construction of 8 1/2 miles on Highway 277 in Schleicher County—this being from Murchison Avenue in Eldorado and on north for the 8 1/2 mile distance.

Plans and specifications are available at the office of R. A. McCulloch, Sonora resident engineer.

Included in the plans are specifications for running curbs in the city out to the city limits.

The first part of the job here, according to McCulloch, will be building detours to take care of traffic in and out of Eldorado. "Eldorado Success".

BIG LAKE—Officials report that Big Lake citizens are showing a good response in cooperating with the city's urgent request that all dogs and cats be inoculated against rabies. By three o'clock Wednesday afternoon, May 2, 40 pets had received shots. A total of 85 was vaccinated last week, and counting the approximate 50 receiving shots earlier this year, a total of 175 pets has been inoculated since Jan. 1.

Citizens are again reminded that all untagged dogs running will be impounded and will be destroyed if not claimed within 72 hours. To date eight dogs have been impounded and 31 others destroyed at the request of the owners. "Big Lake Wildcat".

A weekly public service feature from the Texas State Department of Health

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

On your next backyard cook-out, don't make your weenie skewer from an oleander branch. Even if your host offers you one peeled and sharpened, tell him politely but firmly: "Thanks, but no thanks."

The things are poisonous-leaves, limbs, flowers, bark and roots.

When a group of hunters suddenly sickened after broiling steaks over an open fire, a doctor detected symptoms of digitalis poisoning. All disclaimed any connection with digitalis, a powerful heart stimulant.

But when the medico learned that oleander limbs had been used to skewer the steaks, he had his answer: oleander branches contain a poison which acts like an overdose of digitalis.

Chances are many of your back yard shrubs and flowers actually are masking powerful poisons behind a facade of beauty.

Of all plants grown in the average American home garden, an expert on plant poisons counted more than 100 which contained poison, some lethal. The same authority counted 54 harmful plants in a single issue of a seed catalog.

A dime package of castor bean seeds, for example, packs a poisonous punch sufficient to kill five children.

One tulip bulb contains enough poison to kill a man. And sweet peas, although seldom fatal, are poisonous enough to keep a victim bedridden for weeks with a form of paralysis.

A poison in elephant ears, so plentiful in Texas, causes a painful swelling and itching of the mouth, tongue and throat when chewed. A growth called "dumb cane" gets its name from the fact that when chewed it causes tongue swelling to the point that speech is impossible.

Admittedly there are few actual deaths attributed to eating poisonous plants. But the potential is always there. And your guess is as good as anyone's as to how much disabling illness is caused by back yard foliage.

Besides the ones mentioned, here's a partial list of the most common poisonous plants. Poisonous parts are indicated in brackets.

Monks hood (all parts), water hemlock or poison hemlock (all parts), larkspur (foliage), fox glove (foliage), Christmas rose (roots), mountain laurel (all parts), golden chain (seeds), all species of rhododendron (foliage), wild black cherry (dried foliage).

MUSIC CLUB RESCHEDULES MEETING FOR FRIDAY NIGHT

Sonora Music Club has postponed its regular May meeting to avoid conflict with the Sonora High School band concert Thursday evening May 9.

The club will meet Friday evening, May 10 at the home of Mrs. Norman W. Rousselot, pre-

ident. This will be a regular business meeting instead of the covered dish supper and guest night formerly scheduled. This will be the final meeting of the 1962-63 club year.

Mrs. Cook Installed PTA President At Tuesday Meeting

Mrs. Vernon Cook was installed president of the Sonora PTA at its regular meeting Tuesday afternoon, May 7, at Central Elementary School. Mr. Bill Ledbetter of Donna, state PTA vice-president, was installing officer, using as her theme "A Garden of Flowers for a Bouquet".

The office of president was an orchid; Mrs. Tommy Smith, first vice-president, marigold; Mrs. Sam E. Jones, Jr., second vice-president, green fern; Mrs. Hillman D. Brown, secretary, blue-bonnet; Miss Margaret Schwiening, treasurer, red rose, and Mrs. D. C. Langford, publicity chairman, narcissus. Mrs. Herbert Fields, parliamentarian, was instructed to pick the flowers and Mrs. Roy Coker, historian, to press them.

A Life Membership was awarded to Mrs. Ruth E. White, fifth grade teacher at Central Elementary School. Presentation was made by Mrs. Cook.

Mrs. Tommy Smith presided over the business meeting which preceded the program in the absence of Mrs. Norman W. Rousselot, outgoing president.

A style show was presented by homemaking students of Mrs. A. E. Prugel. Mrs. James Wilson, pianist, furnished background music. J. L. Steed, band director, introduced four of his students who played their solo and trio selections. They were Mickey Hardegree, flute solo, and Alice Lee Duncan, Bonnie McKinney and Janie Letsinger, clarinet trio.

Annual reports were heard from standing committee chairmen.

A total of 55 members were present and one guest, Mrs. Arlice Brooks of San Angelo, district president.

Our congratulations to Kay Shurley. She went all the way to state with her prose reading. At state she made a second place. SHS is awfully proud.

Last Friday in assembly the Future Homemakers of America had their installation of officers for the coming year. The outgoing officers are president, Alma Sanchez; vice-president, Maria Santos; secretary, Alma Perez; treasurer, Maria Elena Baltazar, and parliamentarian, Amanda Gomez.

Officers for next years are as follows: Amanda Gomez as president; Juanita Brown as vice-president; Delia Duran as secretary; Estella Ramos as treasurer; and Vicki Santos as parliamentarian. The girls looked quite striking, for all of them were dressed completely in white. As an introduction to the program Alma Sanchez and Maria Santos explained the ideals and aims of FHA. The FHA creed was given for a closing.

There are two new sophomore boys in high school. They've both been here for a little while now and have gotten accustomed to the goings-on.

Donny Allbright came from San Angelo. He attended Lake View High there. Donny likes cars and sports. He commented on the fact that Sonora isn't like San Angelo and that he really likes being here.

Buddy Nelms is the other addition to our high school. He comes here from Cisco. The school there is just about the size of our own, so there wasn't much of a change for him. Buddy said, "I really didn't want to leave Cisco, but now I'm glad I'm here. Sonora is real friendly."

It kind of makes us feel extra specially good to hear such nice things about our school. We are awfully glad people like our school and us.

4-H Grass Judges to State Contest

By D. C. Langford
Diana Cahill turned in a perfect paper to win high individual honors in the District 6 grass judging contest held at the Experiment Station near here Saturday, May 4. Ray Glasscock also made a perfect score on identification in the grass contest but lost to Diana because he capitalized the second word in the name of a grass for his only error. Jessie Lem Johnson and Libb Mills Wallace tied for third place in score but Jessie Lem was awarded the third place ribbon and Libb Mills the fourth place ribbon because of spelling.

The Sutton County senior grass team composed of four high individuals won first place, Ward County 4-H placed second and Brewster-Jeff Davis 4-H was third.

In senior range judging, Jerry Shurley, Jr. was high individual followed by Larry Williams, second, and David Jacoby, third, of Crockett 4-H. Jerry was the Sut-

Colts Down Eagles 7-2 Here Sunday

The Sonora Colts took their second win over the Eldorado Eagles 7-2 here at Allison Field Sunday afternoon, May 5.

Credited with the win is Colt pitcher Ernest (Jumbo) Benson who struck out 12 Eagles and allowing only one walk. The Eagles tallied their only two runs in the first inning and were unable to score after that.

Seeing service for the Colts were Ram Castillo, catcher; Alvin Hernandez and Cheo Cardona, first base; Marciano Hernandez, Jr., second base; Primo Gonzales, short stop; Gene West, third base; Jaime Flores, Dimitorio Castro and Tommy Hernandez, left field; Nelson Guajardo and John Robledo, center field; and Tino Noriega and Ruben Castillo, right field.

The Colts next game will be Sunday afternoon, May 12, with the San Angelo Angels in San Angelo.

Caverns Of Sonora Given Citation By State House of Representatives

The Caverns of Sonora this week received a citation from the House of Representatives in Austin, praising the Caverns as a tourist attraction and giving, in effect, an official endorsement of the Caverns.

In the past, one of the main disadvantages confronting the touring public has been "tourist traps" between California and

Florida. The citation will serve to assure tourists that the Caverns is not only a legitimate but an outstanding attraction.

The citation describes the Caverns, tells of their location and gives a brief history of its discovery, exploration and subsequent development. In conclusion it states:

"WHEREAS, The Caverns of Sonora are of untold value to the state of Texas as a place for scholarly research, for adventure, and most of all for the wonder and mystery of their beauty; now, therefore, be it

"RESOLVED, That the House of Representatives of the Fifty-eighth Legislature of the State of Texas expresses pride in this natural wonderland of our State and designates these caves as one of the natural wonder of Texas and recommends a visit there by Texans and others who may tour the State."

The document, dated April 11, 1963, is signed by Representative James E. Nugent, Speaker of the House Byron Tunnell, and Chief Clerk of the House, Dorothy Hallman.

Devil's River Philosopher Looks With Disfavor On New Invention To Force The Use Of Seat Belts

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River doesn't seem to like a new in-

vention he read about somewhere. Dear editor:

With so many things needing to be invented, like a salt shaker that works in damp weather or an automobile tail pipe that won't rust out or a light bulb that notifies you a day ahead of time it burns out, it always puzzles me to see people working on non-essential ideas.

For example, I read in a newspaper last night about a new invention that's now on the market that made me throw the paper down and turn on television.

This new invention is a gadget that keeps you from starting your car until you've gotten your seat belt fastened. An electronic device is connected to the starter, and the switch won't work until the seat belt is strapped around you.

Now I haven't got anything against seat belts, they save lives if you're going to have a wreck and if you keep driving you probably are, but if I haven't got sense enough to use one, I don't want anybody inventing something to make me.

I have enough trouble starting my car now, without having to check to see if the wire from the seat belt to the starter is broken. Cars have too many wires anyway, if you ask me. And if it's a five-passenger car, would all five belts have to be fastened before you could start? This sure would require hauling a lot of people around unnecessarily.

The whole idea is a trend that can lead to more and more complications. For example, some smart alec may invent a gadget to keep you from turning on your television set until you've worked 8 hours, or a device to keep you from turning your sprayer engine off until you're through spraying regardless of whether the fish are biting.

If the trend keeps going, and cars get more and more electrical devices, like a radio-controll-

Highway Deaths Still Free From Sutton County

Sutton County continues to maintain a three-year deathless highway traffic record through April 1963, according to figures released this week by the Texas Department of Public Safety.

During April one person was injured in Sutton County and one accident involved property damage in the amount of \$1,495.00.

For the San Angelo Sub-District, one person was killed and 27 persons injured during April. Property damage in 45 accidents totaled \$54,429.00.

During the first four months of the year Sutton County showed seven persons injured and property damage in the amount of \$5,143.00 in a total of ten highway accidents. In 1962 the same four-month period showed seven persons injured and property damage in the amount of \$14,765.00 in a total of six accidents.

For the San Angelo Sub-District, 11 persons were killed during the first four months of this year and 123 persons injured. Property damage of \$187,758.00 was sustained in an additional 176 accidents. For the same period in 1962 15 persons were killed, 134 injured and property damage of \$169,871.00 sustained in a total of 226 accidents.

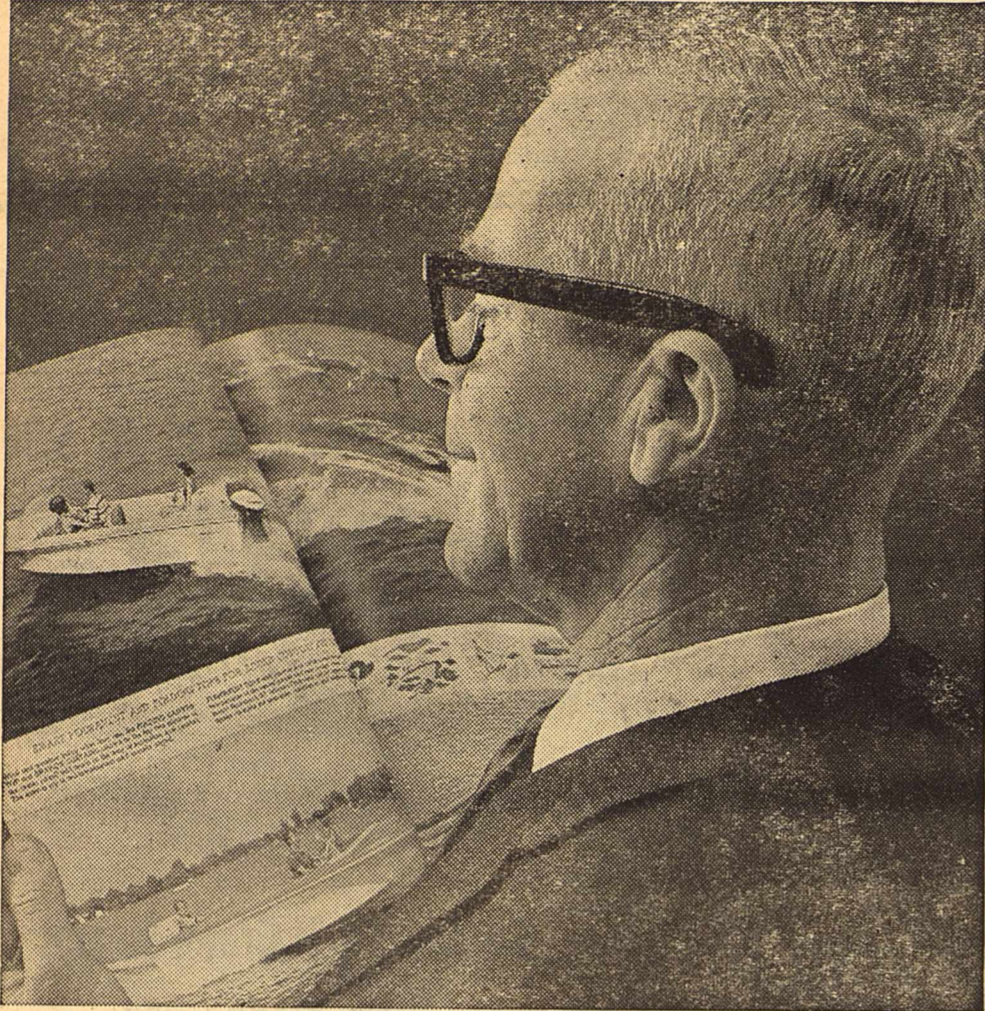

ed system that automatically applies your brakes when a stop light turns red, or a gadget to lock the steering wheel when you try a right turn from the wrong lane, etc., the time may come when you have to go into intensive training for years like an astronaut before you're qualified to drive one.

This might be the answer to the traffic problem, but I doubt it. There are only a handful of astronauts now, but sooner or later if they keep hurtling around one of them is going to collide with another out in space.

Yours faithfully,
J. A.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples.

When people see an advertisement in print, they can compare designs... features... and prices of nationally known products and services. (And people do compare before they buy.) Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted.

When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

Corvair Monza Club Coupe

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

His appointments have been at St. Anthony Church in Wichita, Kansas; Sacred Heart Cathedral in Gallup, New Mexico; St. Bonaventure in Cincinnati, Ohio; St. George in Cincinnati; St. Mary's in Metamora, Illinois; and Big Lake, Texas. He has been at St. Ann's here twice for a total of eight years.

The local celebration is being held early since Fr. Cyril will be in Cincinnati for a class reunion May 30 and at a parish celebration June 2 with four of his classmates. A celebration was held at Sacred Heart Cathedral in San Angelo April 17 for Fr. Cyril and his classmates, fellow "Texans" Fr. Anthony of Ozona and Fr. Raymond of San Angelo. A large number of priests were in attendance, including classmates from Kansas, Louisiana and New Mexico. The original class number 18, of whom 16 are still living.

The present St. Ann's Church was built under Fr. Cyril's supervision in 1951. More recent improvements include new roofs for all buildings, a central heating and air-conditioning system for the rectory, and a complete repainting program now in progress.

GI FORUM SPONSORING DANCE FRIDAY NIGHT

The Sonora Junior GI Forum will sponsor a dance at the Sutton County 4-H Center Friday evening, May 10.

Music for dancing from nine until one will be furnished by Alfonso Ramos and his ten-piece orchestra from Austin. The public is invited to attend.

He is also in charge of Our Lady of Guadalupe Church in Eldorado.

Father Cyril plans to return to Sonora early in July, dependent on the condition of his mother who has been in ill health for a number of years. Both his parents are still living. He also has a sister in religion who is currently teaching in Greensburg, Indiana. He has two brothers who, with their wives and families, live in Cincinnati. A cousin is pastor of a large parish there.

In announcing the observance of his anniversary, Fr. Cyril said, "I wish to thank all who have helped me during my eight years in Sonora. They will be remembered in my prayers on this special day."

Cancer Crusade Workers Listed

Mrs. Pat Brown, chairman of the Latin-American Cancer Crusade, reported this week that her group raised \$67.24 in the recent Cancer fund drive.

Workers with Mrs. Brown were Mrs. Teo Chavez, Mrs. Frank Morales, Mrs. Willie Ramos, Mrs. Irene Gonzales, Tina Leija, Mrs. Pedro Virgen, Jr., Armando Noriega, Sam Noriega, Juan Jimenez, Lupe Leija, Mrs. Eliseo Cardona, Yolanda Samaniego, Mrs. Pedro Chavez, Mrs. Alfred Sanchez, Mrs. Juan Bautista and Mrs. Minnie Gonzales.

Mrs. Brown expressed thanks to the public for their generosity and to her co-workers for their assistance.

Mrs. Fritz Stengel and daughter Kay of Mason and Kris Stengel of Howard Payne College, Brownwood, were weekend guests of Mr. and Mrs. Wallace Wartenbach and toured the Caverns of Sonora.

Gary Boring of College Station was a Sonora visitor this week.

3 Judging Teams From Sutton 4-H Attend Contest

By D. C. Langford
Three teams from Sutton County 4-H Club competed in the annual Crockett County range and grass judging contest Thursday, May 2.

The junior range team composed of Chris Berger, Louis Wardlaw, Mark Jacoby and Robert Brown placed first. Louis Wardlaw was high individual, Mark Jacoby second high, and Chris Berger fourth. Crockett County 4-H placed second, Glascock County 4-H third, Sutton County Number Two team (Bill Green, Debra Wardlaw, Tom Green and Scott Jacoby) placed fourth, and Crockett County 4-H fifth.

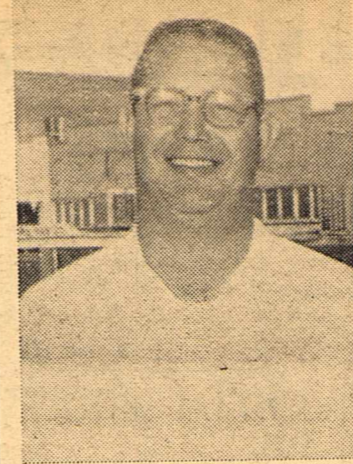

In senior range judging Ozona FFA Number One and Number Two teams placed first and second, Glascock 4-H placed third, Sutton 4-H fourth and Crockett 4-H fifth. The Sutton County senior team was Diana Cahill, Ray Glascock, Libb Mills Wallace and Jerry Shurley, Jr.

Chris Berger won top honors in junior grass judging, followed by Louis Wardlaw in second, Mark Jacoby third, Robert Brown fourth and Bill Green and Debra Wardlaw tying for fifth.

In senior grass judging David Whitten of Schleicher 4-H won top honors with a perfect score. Libb Mills Wallace was second, Ray Glascock third, Diana Cahill fourth, John Paul Friess fifth and Jerry Shurley, Jr. sixth. Missy Brown and Mark Shurley also attended the contest.

Adult leaders from Sutton County included Edgar Glascock, Philip Jacoby, Mrs. Hillman D. Brown and Mrs. Louis J. Wardlaw II.

Lester L. Byer received this week a Certificate of Merit from the U. S. Department of Agriculture. The document cites Byer for outstanding production in obtaining hydrologic records and in the construction of complicated installations for obtaining hydrologic data at sites in the Lowrey Draw watershed near here.

-GREEN NEWS-

By Betty Jones
We would like to thank all those who helped during the past few days with the improvements at the Golf Clubhouse. As a result of the efforts of Golf Club members and many other interested people we can now view with justifiable pride our newly constructed patio, walks and steps, fresh paint, kitchen installation, insulation, needed carpentry work as well as other desirable repairs.

We are especially grateful to those who just came out and worked at such unwanted tasks as cleaning and trash removal. Even more, we now have prospects of grass around the Clubhouse.

We hope that our new facilities will be used and enjoyed by many, both young and old.
