What is news? How is it made? Why does it (or doesn't it) get in the paper?

Long ago some newspaper man explained that when a dog bites a man that's not news. When a man bites a dog, that's news.

This evaluation of news still might hold true with large dailies and other mass communication media, but it just ain't so when it comes to a weekly.

A weekly is a reflection of the community around it. A weekly records births, deaths, historical events, social events, anything that is of interest to its readers.

And a funny thing about weekly readers. The more they know about a subject or a meeting or an event, the more they want to read about it in the newspaper. This is what makes a weekly what it is . . . the house organ of the community.

But then there is many a boastful and hearty soul who would beat his chest at any small deed but shy away meek as a lamb when a news story is mentioned.

Maybe it's the real modesty in the person coming out.

Yet there is sometimes a resentment toward the newspaper when a story is overlooked.

A few years ago the newspaper I was working on lost a subscriber. He was mad because he had been ignored. His trip to California had not been recorded in the personals of the paper. It was the biggest event in his life, but it had been completely ignored by the "community house organ." But how could the newspaper print the news? No one had called it in.

News is news. Whether it's about a party, a birth or a visit, there are people who are interested and want to read about it. The people who appear in the news columns are there because they have overcome the self-conscious attitude that keeps other names out of the paper, when there is a legitimate news story.

An old saying still as true today as when it was made is "He who tooteth not his own horn, same horn shall not be tooted." It applies to getting news items in the paper too.

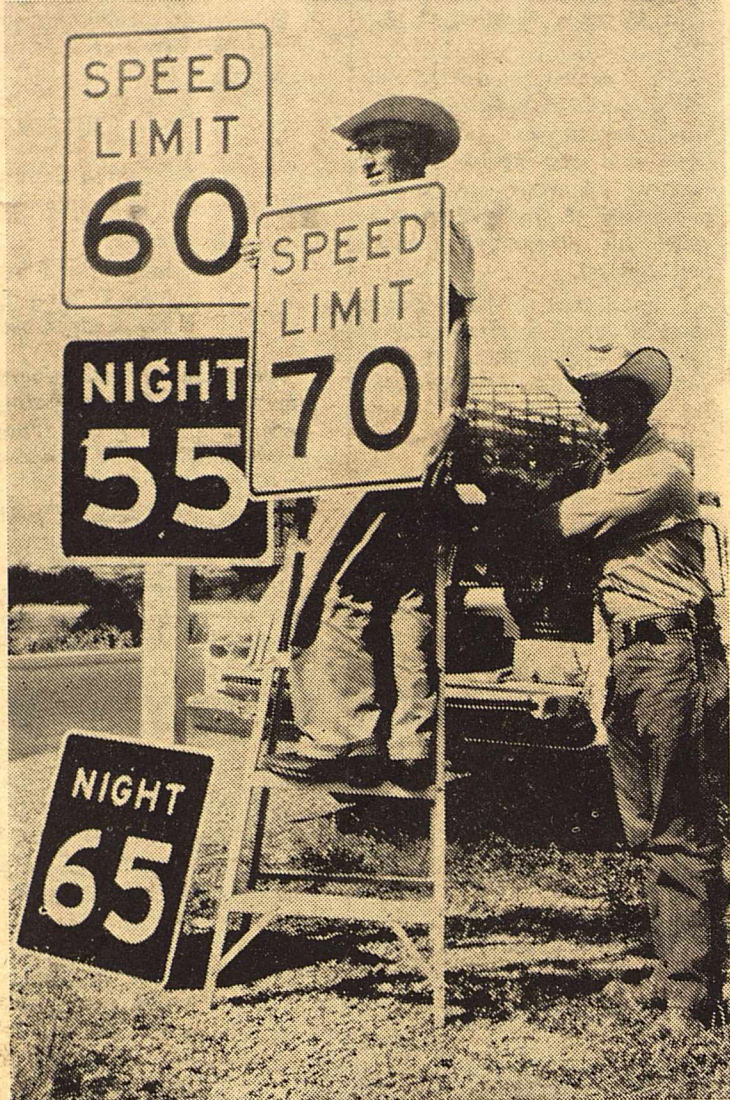

The Devil's River News is your paper. It's up to you to make it interesting and personal. Give us your news. Tell us about your coming plans. It need not be in journalistic form ready for the typesetter. A brief, thorough outline will do just as well or better. Turn it in and we'll see that it gets into journalistic form and into the Devil.

I note that one state official, Walter Richter, finds there is more to his job than legislating for his constituents. They also expect him to help land a job, get a pension increase, speed up an admission, extend invitations, support appointments, keep a traveling salesman from losing his drivers license, arrange for the governor to address a community celebration, investigate burial insurance, speed up a parole, " . . . and so on and on. Let me hear from you," says Richter. "If I can't find an answer, maybe Ann Landers can."

And in El Paso police reported that on a traffic sign reading "School Zone—Don't Kill a Child" somebody had added in a childish scrawl: "Wait for a teacher."

BIBLE STUDY

The Hope Lutheran Church has begun a series of 16 meetings to study basic teachings of the Bible, according to the Rev. Arno Melz. The meetings, which are open to the public, are held each Wednesday at 8 p.m.

J. C. Luttrell, State Highway Department maintenance foreman for Sutton and Schleicher Counties, and Robert Duran, Highway Department employee, demonstrate the activity to take place across the entire state after midnight August 22 when the new speed limit law goes into effect.

New Speed Law To Be Effective At Midnight

Friday August 23 is the day when, on most Texas highways, the maximum speed for passenger cars will become 70 miles per hour during the daytime and 65 miles per hour at night. New speed limits for trucks will be 60 mph during the daytime and 55 mph at night.

J. C. Luttrell, State Highway Department maintenance foreman, says that the Highway Department will have 48 hours to post about 100 new signs on approximately 300 miles of roads in Sutton and Schleicher counties.

Remaining restricted to 60 mph daytime and 55 mph nighttime in these two counties will be Ranch Road 189 to Juno, Ranch Road 1691, which is known as the Bond Road around Sonora, and Farm to Market Road 2129. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accommodate a 70-mile-per-hour maximum.

Luttrell says that a ball bank indicator, the same device used in airplanes to indicate degree of banking, was used to determine new speed limits on highway curves.

New Teacher Elected At Board Meeting

The Sonora School Board met Monday, August 12, to approve a new budget, elect one new teacher, accept the resignation of another, and discuss other business.

At the meeting in the office of Rex Lowe, superintendent of schools, the budget for the 1963-64 school year was approved in the amount of \$391,947.

Mrs. Alma Connaway was elected to teach fifth grade at L. W. Elliott School.

The Board accepted the resignation of Clyde H. Greer, the principal and math teacher at Junior High School last year. He is going to the University of Texas for special courses in school administration. Robert Mc-

LIONS ROAR

Allen G. Roe, pastor of the Methodist Church, addressed the Downtown Lions Club at their noon meeting Tuesday.

At a directors meeting after the lunch, members discussed the forthcoming annual Lions fund-raising auction. The auction is the main fund-raising event of the year and sometimes an article as small as a pound of pecans will bring as much as \$50.00.

Minn was elected to take his place.

The Board set the tax rate at \$0.28 for retirement of bonds and \$1.22 for local maintenance and operations.

In other business the Board considered the fire insurance for the next five years and asked for a survey of the buildings. Also discussed were needed improvements at the football field.

Army Pvt. Bicente M. Garza, son of Mr. and Mrs. Pedro R. Garza, of San Angelo completed eight weeks of military police training at Fort Gordon, Ga.

He is the brother of Mrs. Maria G. Mancias of Sonora.

TICKETS FOR FOOTBALL SEASON NOW ON SALE

Rex W. Lowe, superintendent of schools, reminds Bronco football fans that season tickets are now on sale at his office.

The season tickets will be \$6.25 for the five home games. Those who purchase them before September 3 may reserve the same seats that they had in prior years.

Boys' Records Win At District Meet

At the District six 4-H record contest at Fort Stockton, Sonora 4-H members did quite well with their entered records, according to D. C. Langford, County Agent. John Paul Friess placed first in district sheep and goat raisers award contest, and Tom Glasscock placed first in district boy's achievement.

These boys will have their records sent to College Station, where they will be entered in the state contest. If they should win there, the boys will go to Chicago to the National 4-H Congress held at the International Livestock Show.

Jerry Shurley won a first in the county sheep and goat raisers award contest and John Paul won second best boy's record in district and a second in the J. T. Rutherford contest.

Elliott Pupils To Register Tuesday

The registration schedule for L. W. Elliott School was announced this week by Clay Cadu, principal.

Elliott School kindergarten pupils should register on Tuesday August 27 between 9 and 11 a.m. Pupils must be five years old on or before November 1, 1963, to be eligible for kindergarten. The fee is five dollars per month which must be paid in advance. Parents must present the child's birth certificate at the time of registration.

New Elliott School pupils who have not pre-registered may register Tuesday afternoon between 1 and 3. To be eligible for the first grade, the pupil must be six years old on or before November 1 this year. Parents must present the birth certificate of all new first graders at the time of registration.

First grade pupils who registered at first-grade roundup last spring and pupils who attended Sonora schools last year need not register at this time.

Registration Set At Central School

Ralph J. Finklea, supervisor of Central Elementary School, announced the registration schedule this week.

Early registration of Central Elementary kindergarten pupils will take place Tuesday, August 27, between 9 and 11 a.m. To be eligible for kindergarten, pupils must be 5 years old on or before November 1, 1963. The fee is \$10 a month, which must be paid in advance. Parents must present the pupil's birth certificate at the time of registration.

New Central Elementary pupils who have not pre-registered may register Tuesday afternoon between 1 and 3. Parents must present birth certificates of all new first graders at the time of registration. To be eligible for the first grade, the pupil must be 6 years old on or before November 1, 1963.

Finklea says that parents with questions about registration may call him at 2-2051.

Workouts Begin For Eager Broncos

Twenty-eight boys began workouts Monday as the Broncos readied themselves for a rugged football season. Jerry Hopkins, head coach, said that this year's team was younger and less experienced than last year's team, but that they were eager to play.

Hopkins said that the team would have an intra-squad scrimmage Friday night at 7:30 under the lights. Some spectators are already showing up in the evenings to watch the boys practice.

August 30 the team will go to Del Rio for a scrimmage game that will start at 7. "This game," said Hopkins, "usually helps us find our faults." The Broncos, first game is September 6 at Iraan.

The Varsity team has been working out twice daily, 7:30 a.m. and 5:30 p.m., with meetings afterwards. The B-team will begin practice August 26.

Bishop To Conduct Episcopal Service

The Right Rev. Earl Dicus will be in Sonora this weekend for confirmation services Sunday evening at St. John's Episcopal Church, according to Rev. James Billingsley. Several adults plan to be confirmed at the services to be held at 7 p.m. The public is invited to attend.

Rev. Billingsley says the women of the church plan a reception in the Parish Hall honoring Bishop and Mrs. Dicus and the newly confirmed immediately following the service.

Bishop Dicus is Suffragan Bishop of the Diocese of West Texas. The Vestry of St. John's Church will entertain him and his wife at a dinner Saturday evening. Sunday morning he will go to El Dorado for services at St. Mary's Church at 11 a.m.

There will be no 11 a.m. services at St. John's Church this Sunday morning.

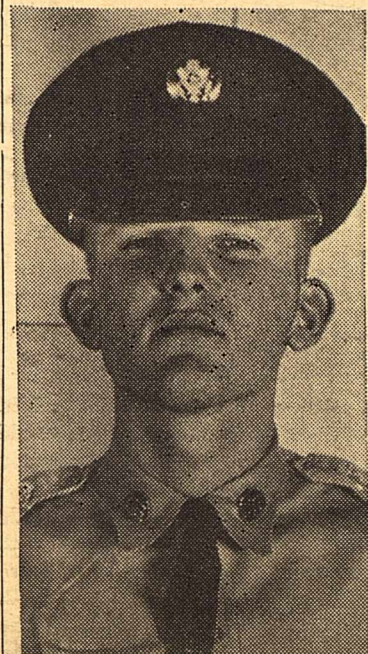

CHAMPIONSHIP GAME

The championship or World Series game of the Little League will be televised Saturday at 3:30 over the ABC network.

SAN ANTONIAN SPEAKS HERE ON ALCOHOLISM

Jack Smith, counselor in the Alcoholics Division of the San Antonio State Hospital, will speak Saturday night on the topic "Can Your Child Become an Alcoholic?" explaining the disease of alcoholism.

He will speak at 8 o'clock at the Dock Simmons ranch 8 miles west of Sonora, and the public is invited to attend.

McCoy Stationed In Bamberg, Germany

Pvt. James Richard McCoy, son of Mr. and Mrs. W. A. McCoy, is now stationed at Bamberg, Germany, about 40 miles from the Czechoslovakian border. He is serving as a jeep gunner in the headquarters company of the infantry. He has been in the Army since February and received his basic training at Fort Polk, Louisiana.

Badillo Member Of Strike III Plans

Army Cpl. Armando A. Badillo, son of Mr. and Mrs. Leandro V. Badillo of Sonora, is participating in Exercise Swift Strike III, a U. S. Strike Command exercise in Georgia and North and South Carolina, involving more than 75,000 armed forces personnel.

Swift Strike III pits two task forces against each other in a four-week mock war ending August 16, and includes airborne maneuvers, long-distance airlifts, air-ground support missions and counter guerrilla operations.

Corporal Badillo, a team leader in Company A, 5th Battalion of the 1st Armored Division's 6th Infantry of Fort Hoot entered the Army in November 1961 and completed basic training at Fort Carson, Colorado.

The 24-year-old soldier is a 1957 graduate of Sonora High School and attended San Angelo College.

OUTSTANDING RESTAURATEUR reads the plaque presented to Mr. and Mrs. Frank H. French by the Texas Restaurant Association. The plaque, presented at a TRA board meeting in Austin, was the only one awarded in the San Angelo district encompassing 85 restaurants. French is second vice-president of the TRA and Mrs. French is assistant secretary-treasurer. The plaque was presented by TRA for "participation in civic, religious and TRA activities, business ethics, success as a restaurant operator, and popularity within the restaurant industry."

Wesley C. Young was elected president of the Texas Water Well Association and installed in office Friday, August 2 at the group's convention in Corpus Christi. Young is a Sonora drilling contractor.

What's A Little Paper?

Last year Texas taxpayers paid \$1.4 million to clean up litter deposited along Texas highways by Texas taxpayers. Increases in population, wider use of disposable containers, and general lack of pride made this expenditure necessary. Texans believe in getting rid of their trash as easily and quickly as possible.

In Sonora hundreds of dollars will be used for the same end—getting rid of trash. Trash is like a weed. It grows without any special care or attention until one day there is a yard full or a lot full or a park full of trash.

Last year about this time several of our good citizens, spurred by the Garden Club, took on the project of improving the lot between Sonora Men's Store and the Courthouse. The wall was painted, dirt was hauled in, trash and weeds were cleared, and plants and orderly arranged rocks and borders graced the one-time eyesore.

This year much of the clean up work was to be done over. Many of the travelers who walk the narrow rock-lined trail return by the same route depositing bits of trash as a sign that they passed this way.

Beer and soft-drink containers also have a mysterious way of multiplying themselves when once allowed to become a part of a vacant lot. As if by magic

... litter seems to have found an effective way to multiply itself in our downtown rock garden . . . the secret . . . People.

they appear, one by one, each detracting a bit from the park's beauty. Our rock garden had its share of new arrivals during the year.

The good ladies of the Garden

Club spend lots of time and money to keep this lot clean and attractive. Clean Up Week in Sonora is a good time to resolve NOT to leave our "calling cards" when we pass this little garden.

Billboards And The Bureaucrats

THE PRESENT federal highway act gives a "bonus" to those states which prohibit most types of billboards on private property within 660 feet of an Interstate project. The "bonus" amounts to one half of one per cent of a given project's cost. Last month Kentucky, one of 19 states accepting the federal offer, became the first to get any of the money—about \$35,000. According to "The American Businessman," the law was lobbied through Congress principally by nurserymen, the extra funds being an incentive for states to plant shrubs and trees—sold by nurserymen.

Texas is not one of the 19 states going along with the idea. There is a widely held belief in this state that the private landowners would be entitled to compensation for restricting the use

of their land; that such compensation might amount to more than the "bonus." And it would be hard to figure losses to Texas businessmen and the tourist trade by restricting advertising.

Congress is now considering a bill which would penalize the states which do not comply with the billboard exclusion, rather than reward those which do with a "bonus."

Without going into the pros and cons of the billboard controversy, Texas Parade submits that each state should have the right to handle the issue in its own way; that it is a misuse of federal power and money to coerce states into giving up the right to settle this issue for themselves without meddling of any kind by the federal government.

Devil's River Philosopher Takes A Close Look At Idea Of Selling Farm Vacations To City People

Editor's Note: The Devil's River Philosopher on his bitter-week ranch on Devil's River discovers a new idea on increasing farm income, his letter this week indicates.

Dear editor: With so many other grave problems facing the thinkers of the nation the farm problem lately and it was therefore a pleasure to find an article in a newspaper last night getting back to the subject.

According to it, one way for a farmer to increase his dwindling income is to sell-farm-vacations to over-worked, wound-up city people. Instead of going to the beach or the mountains, a city family relaxes on a farm.

The way it works is, a wound-up city man comes out and spends a week or two in your home, away from the noise of the metropolis, where he can get close to nature, study your folkways, view the scenery, enjoy a simple life, help with the fascinating chores, watch the sun go down, eat three solid meals a day, walk through the countryside, sleep soundly, and awake to the sweet lowing of cows,

which generally takes place around daybreak.

There he pays you for all this, and you take the money and light out on a vacation of your own.

Now I don't know whether this will work or not, but I can testify that I have tried it on a limited basis and my advice to any farmer planning on making money off of city visitors is to watch his prospective clientele pretty close.

I mean, the first thing you want to do is to steer clear of relatives and in-laws. You can do lots of business with them, but the financial gains are awfully meager. It's sort of like the foreign aid business, all you get is goodwill and that stops when the aid does.

If there are any city people who want to vacation on this bitterweek ranch, I want it understood it's cash in advance. I wouldn't be interested in a swap where I'd have to spend a week in the city. I don't need to un-wind. I never have wound up.

Yours faithfully, J. A.

O. C. Fisher Summarizes The Results Of His Public Opinion Questionnaire

By Congressman O. C. Fisher

The people who live in our 21st District are solidly opposed to civil rights legislation proposed by the Kennedy brothers.

According to the tabulation of results of our questionnaire, just completed, 85% of our people are against the civil rights proposals, while only 6% favor them.

This tabulation reflects, accurately, a cross section of public opinion in our area. The response to the questionnaires was tremendous.

President Kennedy's record on foreign affairs is rated 16.9% "good", 71.3% "poor". In domestic affairs, 8 out of every 10 people in the 21st District rate the President's record as "poor" while only 10% give Kennedy a "good" rating, with 9.6% having no opinion.

Nearly 80% of our people want a balanced budget before there is a tax cut; 91% call for a reduction in foreign aid; and 74% are opposed to Kennedy's medicare proposal.

On the Cuban issue, 8 out of every 10 approve my proposal that ships which trade in Cuba ports be thereafter barred from entering U. S. ports.

W. A. Miers the new Commissioner of Precinct No. 2 was attending the Commissioners Court in Sonora this week.

Miss Estelle McDonald left this week for Pecos on a visit to her aunt Mrs. Otis Mitchell. She was accompanied to San Angelo by her mother and D. J. Wyatt.

R. F. Halbert and daughter, Miss Sulina and Mr. and Mrs. Robert Halbert of Eldorado were the guests of Mr. and Mrs. Basil Halbert in Sonora Friday.

The Sonora High School will convene September 9th and it is the desire of the Board of Trustees that the coming session be made most successful.

The superintendent is Dr. J. F. Peek of Abilene who for 11 years was with the Rockwall College and is endorsed as a thorough and able educator. Dr. Peek will teach the 11 grade in connection with his duties as superintendent.

The Principal Professor A. F. Williams of Commerce will teach the 9th and 10th grades. Professor Williams is very highly recommended and has been principal of West Texas schools for several years.

Miss Estelle Ballew of Troup will teach the 7th and 8th grades. Miss Marion Woodford the 5th and 6th grades.

Miss Lucelle Grimland the 3rd and 4th. Miss Jessie Smith the 1st and 2nd.

Misses Woodford and Smith taught in the Sonora school last session while Miss Grimland taught at the Bryson school house.

The new teachers are college graduates with permanent certificates.

Last week Preston Prater of Killeen visited M. M. Stokes and Mr. and Mrs. A. W. Awalt.

COURTROOM DRAMA

We've all seen a great many courtroom dramas in the movies, on the stage or on television. Too many, some may say, but there's no denying the drama to be found in the courtroom.

A theater seat or a comfortable chair in front of the TV screen is the closest many of us ever get to a courtroom. It's from such a vantage point that most of our ideas come today about court procedures and how a trial is carried on.

Stage and screen trials normally present only the highlights and take many shortcuts in the interest of brevity and audience appeal. Often an attorney is pictured making objection after objection to the questions and answers as witnesses testify.

ut, "sustained" or "overruled", and those of us in the audience usually are at a loss over why he made his decision.

In a real courtroom it's true that attorneys protest against what's being done or said, as a means of assuring a fair trial, and the judge must allow or disallow each objection.

The principals in the real courtroom are just practicing common sense when they follow the "rules of evidence" in placing facts before the judge and jury. If there's to be a fair trial and a just verdict, there must be true facts.

Evidence in the courtroom may take several forms, but two are most common. Answers to questions from a witness under oath are the best-known type of evidence. Exhibits—written records, letters, "the murder weapon," and other physical objects having to do with the case—are the next most common.

Perhaps you've heard: "A trial is not a contest of learning, skill, or tact between lawyers, but a proceeding to find out the truth according to the evidence received and the law as explained by the judge."

That's about the size of it, and that's the way each of us wants it to be if ever we are placed on trial or take to court for even so much as a speeding ticket.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Mrs. William Robert Touchstone

Miss Betty Ann Patrick Bride Of William Touchstone In Church Rite

Miss Betty Ann Patrick and William Robert Touchstone were married in the First Baptist Church at 7:30 p.m., Saturday by the Rev. Bob Brackney.

The bride is the daughter of Mr. and Mrs. Lee Patrick. The bridegroom is the son of Mrs. Alice Touchstone of Ozona.

Mrs. Garland Hillmer of San Antonio was the matron of honor. Also from San Antonio, Misses Carol Tondre and Sherry Wiedenmann, cousin of the bride, were bridesmaids.

Thomas Ray Touchstone of Seguin, the bridegroom's brother, was the best man. Groomsmen were Johnny Smith of El Paso, cousin of the bride, and Joe Lee Touchstone of Waco, brother of the bridegroom. Ushers were Louis Olinck, E. R. Olinick, Jr., and George Smith of El Paso, cousin of the bride.

The bride chose a floor-length gown of peau de soie with a chapel-length train. Seed pearls outlined appliques of heavy Chantilly lace at the portrait neckline and down the front panel of the dress. The gown was accented by long, tapered sleeves and a bow in the back.

Her elbow-length veil was held by a queen's crown of lace hearts, seed pearls, and crystal beads. She carried white roses on a white Bible which was a gift from her grandmother.

Mrs. Dave Locklin was the soloist accompanied by Mrs. S. M. Loeffler, organist.

At the wedding reception held at the church, Karen, Marsha, and Brenda Anderson of San Antonio distributed rice. Members of the houseparty were Mrs. Rip Ward, Mrs. George Barrow, Miss Nova Crawford, Mrs. Kyle Donaldson, Miss Mary Hawkins, Mrs. J. R. McMillan, and Mrs. W. A. Smith.

After the reception the couple left for a trip to San Antonio and Dallas. She wore a powder blue silk suit with white accessories.

The bride is a graduate of Sonora High School, where she was a member of the Thespian Club and was a twirler for four years. After graduation from Draughon's Business College, she work-

ed at a San Antonio saving association. Touchstone was graduated from Waco High School and served with the Army for two years in Germany. He is employed by a milk company in Beaumont, where the couple will make their home.

IMPRESSIONS OF THE DARKROOM

By Della King

Learning to develop film and print pictures has given me the following impressions of the darkroom.

Working in the darkroom means getting to stay in a pleasantly cool place. The fact that the temperature is held at 68 degrees for the benefit of the developing process, not for the comfort of the workers, does not detract from the joy of staying cool these August days.

But working there also imposes the awkward job of winding a roll of exposed film around a metal spool in pitch-black darkness. Touching the film too much might damage the undeveloped image. Winding it crooked will cause an air bubble that ruins the film. And dropping anything means groping over the entire floor in blackness to find the lost object. Ten fumbling fingers, a confused mind, and common sense all argue, "Let's turn on the light and see what's going on."

Once the film is on the spool and is safe from light in the metal container, the job is a pleasure. After preparing the negative and exposing the photographic paper, it is quite exciting for the beginner to see the image rise on the paper floating in the developing liquid.

Several years ago in the Hondo newspaper plant the darkroom was in the ladies rest room. One day the publisher's small daughter saw the photographer coming out of the darkroom. She turned to her mother in surprise and said, "Oh, Mommy, I never knew George was a girl."

Fair Jubilee Held At Fredericksburg

Gillespie County Fair at Fredericksburg will mark its 75th-annual or Diamond Jubilee Fair this week, August 23, 24, and 25. Oldest county fair in Texas, the exhibition is making extensive plans to entertain one of its greatest crowds in history Friday, Saturday and Sunday. Horse racing will be the featured entertainment each afternoon with over 175-horses ready to run in the daily purse races. Feature race of the meet will be the annual Gillespie County Fair Derby of a mile and 70-yards. Baseball will be a daily attraction with Fredericksburg Giants meeting Pat's Cubs of the Hill Country League Friday afternoon and the Boerne White Sox, another Hill Country League club, on Sunday. Real merriment is in store Saturday afternoon when the Giants Old Timers, who played during the 50 years prior to 1955, will play a three-inning contest. Band music, carnival midway, the Fair Championship Twirling Contest and many other features are set for the fair which will open with a street parade Friday morning. Admission for school children will be free Friday. Outstanding exhibits are slated

Sonorans Urged Not To Delay Clean-Up Too Long

Mrs. Davie H. Taylor, city secretary, urged Sonorans not to put off clean-up too long. She said that last year many people called one and two weeks after pickups had ended and asked that their trash be removed. Mrs. Taylor said that pickups were slow during the first two days of Clean-up Week, but that she expected calls to begin com-

ing in soon. "Cleaning weeds and trash from lots not only helps beautify the property, but also cuts down on fire hazards," said Mrs. Taylor. "Insects, rodents, and snakes like these places and usually reproduce there." Trucks will be available until August 31 to pick up trash piled in alleys. Residents should call 2-6841 or 2-2331 to request a pickup. City mowers will also be available on a cost basis for vacant lot owners to use in clearing their city lots.

ASCS Election Set For September 10

Ranchers of Sutton County are being urged to take part in the election of their local County ASC Committee, which is scheduled for this coming September 10, 1963. This election will be held by mail and ballots will be mailed the last of August. Additional ballots can be picked up at the ASCS office. An announcement by Bill Morris, County Agricultural Stabilization and Conservation Committee Chairman, points out that this annual election is one in which all eligible ranchers should feel a duty to participate. The County ASC Committee to be elected consists of three regular members and two alternates. The Chairman and vice chairman of the elected committee will serve as delegate and alternate delegate to the county convention where the County ASC Committee will be chosen. Any person may vote in the county election who is of legal voting age, who has an interest in a farm as an owner, tenant, or sharecropper, and who is taking part in one of the farm programs administered by the committee. Also any person not of legal voting age, but who is in charge of the supervision and conduct of the farming operations on an entire farm is eligible to vote. In the case of joint ownership by two or more individuals, each is an eligible voter. There are some limitations on voting. Each voter is entitled to only one vote on any ballot. Voting by proxy is not allowable. In the case of partnership farms, the vote may be cast by any authorized officer of the corporation. Because of the vital part that the ASC county committees play in the ranching affairs of the county, it is important that each rancher give serious consideration to the men elected to these posts. Petitions signed by 10 or more eligible voters nominating persons for membership on the committee will be received at the County ASCS office not less than 20 days before the date set for the return of the ballot, August 20. The names of persons so nominated will be included in the slate of nominees if found willing to serve and are eligible. If a person nominated by petition is found ineligible he will be notified of such determination prior to completion of the slate of nominees and that he may appeal to the county committee any time prior to the date set for completion of the slate of nominees. The county committee may make such additional nominations as are required or as it determines desirable. All information concerning the election, on September 10, may be obtained by contacting the ASCS office.

SHROYER GIRL MEMBER OF ANGUS ASSOCIATION

Annette Shroyer, 11, Sonora, has been granted a junior membership in the American Angus Association announces Frank Richards, secretary. Her new junior membership, issued during July, enables her to register her purebred Angus at regular membership rates and entitles her to the privileges of the Association until she reaches the age of 21. At that time she will be eligible to convert to a lifetime membership in the Association. Annette was one of 229 young people in the United States to receive junior memberships last month.

Owners Warned Of New Horse Disease

A new kind of horse influenza that is causing great concern in the eastern states may soon spread into Texas, says Dr. C. M. Patterson, extension veterinarian at Texas A. and M. College. Dr. Patterson warns that horse owners in Texas should pay special attention to their animals during the next few weeks for signs of respiratory infection. An affected animal will cough, run a fever up to 105 degrees, have a slight nasal discharge, and show a loss of appetite. An animal with the disease should be isolated as soon as it is detected because local outbreaks may affect 80 to 90 percent of a horse population. This precaution reduces the danger of passing the infection on by direct contact or contamination of feed and water, says Dr. Patterson. He stresses that animals showing these symptoms should not be exercised. A veterinarian should be called immediately and with proper treatment the animal usually recovers in five to ten days, Dr. Patterson explains.

No Screwworms In Sutton This Week

Sutton County remains free of screwworm cases this week, according to D. C. Langford, County Agent. The last reported case was June 14, over two months ago. Across the entire Southwest the number of screwworm infestations being detected has dropped to the lowest levels since spring, screwworm eradication officials have announced. Texas livestock producers, who have been reporting an average of 100 infestations each week during the summer, detected only 13 cases during each of the past two weeks. New Mexico has also experienced a decrease. At the same time that the native fly population has been declining, sterile fly production at the Mission "Fly factory" is reaching new highs. More than 132 million flies were reared, sexually sterilized and distributed by airplanes in the Southwest last week. Eradication officials expect to bring production up to an average of 135 million flies per week. The action taken by livestockmen during the next few weeks could well determine whether they will experience the usual build-up of screwworms which follows the arrival of cool, wet weather in the fall, said Dr. S. C. Gartman, U. S. Department of Agriculture veterinarian. Dr. Gartman, Federal co-director of the eradication program, pointed out that if producers prevent infestations from developing now while the native fly population is low, the danger of a fall build-up will be lessened. He recommends that producers check their livestock at least twice a week and treat wounds with preventive smears and sprays. Samples should be col-

lected from worm-infested wounds and sent to the Mission laboratory for positive identification. The wound should then be carefully treated to kill all remaining larvae, Dr. Gartman said.

"One year, I didn't send any Christmas cards. Figured who really cared? Just a seasonal nuisance. Think of all the bother of addressing, of putting little notes in some of the cards. None of that for me.

"But, as Christmas neared, each visit of the mailman pinched my conscience. Here were cards from friends I had known through the years. Just to see their names on a card brought back many a mind picture, a memory. Because what we are is what we have been, the past became the present and I became mightily embarrassed.

"I considered a shotgun operation, two days before Christmas. Rush out, get cards, start addressing.

"But I didn't. Just vowed never to think that the choosing, addressing and mailing of Christmas cards was a chore.

"It isn't. It's a renewal of friendships, some of them long ago and far away. Perhaps the recipient might remember the time that . . .

"So, this week, I'll be addressing those envelopes, writing a few words inside many of the cards. Nothing mechanical, no pressure from something commercial is doing it. I thought so for just one Christmas—the one I skipped sending the cards.

"Never again. Friendships—even far back—are to be cherished. Christmas is the time to pay them personal attention."

—George Grim,
Minneapolis Morning Tribune

Everyone out at the Dairy Mart misses Loretta. It seems just plain horrid not having anyone to holler at us when we get to cutting up too badly. We're sorry to see that Brenda went home, too.

Nancy Prugel went to Del Rio

last weekend to visit with Dava West and to go to a match roping contest at Sanderson.

Gil Allison has gone to Fort Worth to vacation. He plans to see Jane Loiry there sometime. After he finishes his visit there, Gil plans on going to San Angelo for a while and getting back to Sonora just in time for school.

Tas anyone seen Gil's car? It is getting to be real wild looking. He has covered the side panels with black and white checked material and hopes to cover the seats with the same pattern. It is his own style of interior decorating.

Carol and Charlie Hopf have moved into Lonnie Taylor's old house. They both plan to be in the high school band and are busy renewing old acquaintances before school starts.

Sandy Glasscock is still going to rodeos. Last weekend she went to Big Lake at a rodeo there.

There are only 12 more days until school starts; so everyone get all your school supplies together plus a year's supply of corny jokes, pranks and school spirit.

Mr. and Mrs. Bill Whittemore and children of Wichita, Kansas and Miss Susan Hurst are visiting in the homes of Mr. and Mrs. Roy Cooper and Mr. and Mrs. D. L. Locklin this week.

Guests in the Clarence Key home this past weekend were Dr. and Mrs. C. G. Smith and family of Midland.

Angora Said To Be Fine Money Maker

Editor's Note: Presented here are observations of the Angora goat industry sent to us by an Angora goat breeder. We invite observations from other livestockmen.

By Melvin Camp

The Angora goat is still one of the top money-makers in the livestock industry. Where else can you buy an animal that will pay its purchase price back in one year's time from its fleece alone under range conditions with little or no supplemental feed?

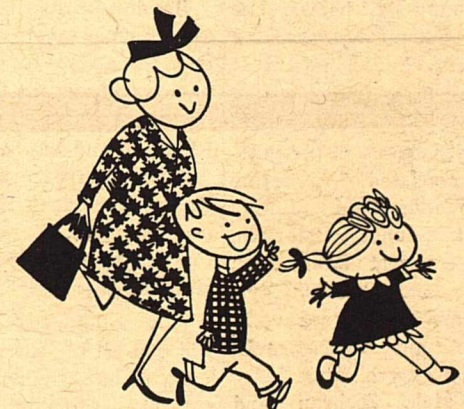

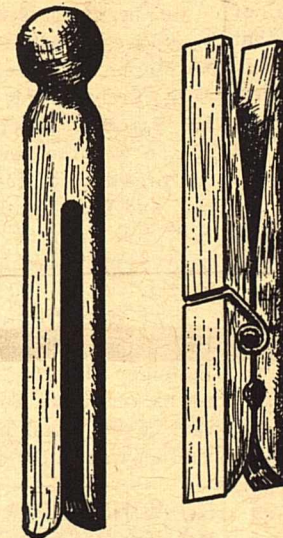

It is in this area where some of the top flocks in the United States today were developed. From these flocks bucks have gone out to sire thousands of commercial kids each year.

Back in the early 1900's commercial goat raisers felt that any goat shearing one and a half to two pounds of mohair per year was a very good producer. Today we have some good commercial flocks that will clip seven pounds or more each shearing for total of fourteen pounds per year. And all of this is done under range conditions that may not be as favorable in relation to available forage as they were in those earlier days.

Claude Haby of Leakey reports that a yearling buck he sold earlier this season sheared 25 pounds in a six-month's growth.

These remarkable shearing weights have come about because our registered breeders are a dedicated group of people. They have not left anything undone to make their flocks better producers of mohair.

I now dry clothes the EASY way with flameless ELECTRICITY

Electric drying is so simple my wash days are cut in half. My clothes appreciate it, too. They come out soft and fluffy — are really easier to iron.

Yes, dearie, I'm through wasting my time on a clothesline when I can spend more time with my grandchildren.

We're on our way to the zoo.

-GREEN NEWS-

By Monica Davis

Our Ladies Day was lots of fun this week. There were twelve of us playing. Bobbie Fawcett was low gross, Libby Lowe and Pauline Thompson tied for low net while Wanda Cahill and Pauline tied for low putt.

Sunday we had our first putting contest. Twenty six played thirty-six holes. We were going to play twenty-seven holes but we were having so much fun we decided nine more would make it more interesting.

Patch Cochran and Bobby Joe Granger were eleven under par for the thirty-six holes. The team of Raymond Morgan and Donnie Letsinger tied Jack Hext and Lea Roy Aldwell to come in second.

The thirteen teams in the putting contest consisted of Ernestine Hext and Wanda Cahill, Jimmy Harris and Lounetta Morgan, Sammy Jones and John Bell, Louis Davis and Dennie Hays, Bill Tittle and Ora Granger, L. P. Bloodworth and Monica Davis, Marilyn Bloodworth and Jerry Hopkins, Patch Cochran and Bobby Joe Granger, Carl Cahill and Wilfred Berger, Jack Mackey and Jerry Tittle, Lea Roy Aldwell and Jack Hext, Donnie Letsinger and Raymond Morgan, Tommy Thorp and Judy Letsinger.

There were a lot of junior golfers this week: Diana Cahill, Jesse Lem Johnson, Steve Thorp, Robert Brown, Dorr Scherz, Gary Hardgrace, Ronnie Saterfield, Jim Billingsley, Chris Berger, Larry Berger, Wynn Saunders, Dock McMillan and Kenny Nunley.

Some of our out-of-town guests were Ronnie Saterfield from North Carolina, Don Brown from Midland, Delbert H. Taylor, Ralph and D'aun Taylor from

Caverns Featured In Texas Parade

"A Sonoran Fantasy" is what Texas Parade magazine labeled the Caverns of Sonora. The magazine, dedicated to describing Texans, their activities, and their state, devotes almost three pages of its August issue to pictures and details of the cave.

"Deep in the fantastically beautiful Caverns of Sonora, goggle-eyed tourists who have seen the most bragged-about caves of the world are stricken speechless by the surroundings. For no cavern approaches Sonora's beauty," writes E. P. Haddon.

"Amidst this living symphony of color, one passes forests of coral, lakes with shores of crystal, and waterfalls that seemingly could exist only in fantasy. Towering white waterfalls of stone and translucent streams of vivid orange add their bit to this geological phenomena."

Haddon, a feature writer and expert color photographer, came only for a day but spent a week photographing the caverns.

Eldorado and San Angelo. Jack Kerbow and Hillman Brown were seen this past week on the course. We don't see them too often, and hope to see lots more of them.

Wow and a double, double wow! Did you all see the new cart, bag and clubs Jimmy Harris is sporting around? How's the game going with all the new gear, Jimmy?

Don't forget about the Labor Day Tournament. Qualifying rounds are to be held Saturday and Sunday afternoon. Matched plays (18 holes—semi-finals and finals) on Monday and then—supper. Be seeing you all.

Merchants donating trophies for the tournament are First National Bank, Neville's Department Store, Foxworth-Galbraith, Cameron, Home Hardware, Pearl Distributing, Bob Teaff Oil Co., Stanton Bundy, Thorp's Laundry, Twin Oaks, J & S Motors, Sonora Feed and Supply, Ratliff Store, Stockmen's Feed, Hardegree "66" Station, and Barrow Jewelry.

Sonora Firemen Play Host At Pumpers Meet

Del Rio nosed out Sonora by three-tenths of a second in an unofficial six-man pumpers' race Sunday. Sonora's time was 18.7 and Del Rio's time was 18.4. Eldorado's time was 22.4.

Point of the race was to be the fastest team to get water through 100 feet of hose. This involved pulling 100 feet of hose off the truck, breaking it from the main line, connecting the line to the truck, attaching the hard suction hose to the truck and hydrant, and turning on the water.

Members representing the Sonora Fire Department were John A. Martin, Jr., George Barrow, Leon Neely, Buddy Brown, and Lee Patrick. Palmer West of Eldorado was the starter. West is the president of the State Firemen and Fire Marshals' Association. Bill Zorn of Del Rio, immediate past president, was time keeper.

Next official convention of the Hill Country firemen will be in Ballinger October 12. Seventeen towns including Sonora will be represented. Last year the convention was in Sonora.

NO WINNER FOR BONUS MONEY LAST SATURDAY

Fifty bonus dollars went unclaimed last Saturday when the woman whose name was called was not present at the drawing.

H. V. (Buzzie) Stokes, manager of the Chamber of Commerce, reports that the next drawing is scheduled for 3 p.m. this Saturday afternoon in front of the First National Bank. The cash drawing program is conducted by the Retail Sales Promotion committee of the Chamber.

A double drawing for cash prizes, one at 10 a.m. and one at 3 p.m., will wind up the bonus dollar drawings series August 31.
