## CINDERS

By John T. King

Labor Day is always the first Monday in September. It's the last holiday of summer and the last time you can kick up your heels before fall.

It's the wind-up of summer fun and vacation. In Sonora it's the day before school starts.

This week's Devil has news about sixty-six young people who will be heading for college. It's quite a feather in Sonora's cap to have such a large percentage of students working on a college education. It speaks well of our school system and the guidance these young people have received there and at home.

Too many times the youth of today are lured away from education by the glitter of "high wages." Unfortunately their judgment of what constitutes "high wages" is based on their own financial experience—usually their allowances. The \$40 a week they can get now may be 20 times their allowances, but it's hardly enough for a car payment when you come down to the facts of life.

Hearts and flowers to Mary Davis on her thorough job of covering the students going to college. With returns from the coupons and many telephone calls Mary gathered information on 66 young people. Mary, also our Teen Scene columnist, plans to study journalism at John Tarleton after she completes her senior year at Sonora High School.

One truly gifted child I know just turned 18 months and knows the alphabet, can count, and recognizes each of the states in his jigsaw puzzle. He also has picked up some Spanish from the lady who cares for him. One day when his mother was putting on a particularly difficult dress, the tot said something in Spanish.

The mother, not understanding, asked the child to repeat the phrase to the woman. After much encouragement the woman translated, "Mommie's too fat to get into her clothes."

I predict this boy will become one of our nation's great diplomats.

A neighbor, since retirement, has had difficulty keeping his self-winding watch running. These are the kind that wind themselves by the movement of the wrist. The gentleman didn't take kindly to a suggestion from his wife that he wear the watch on his chin so that it would stay wound.

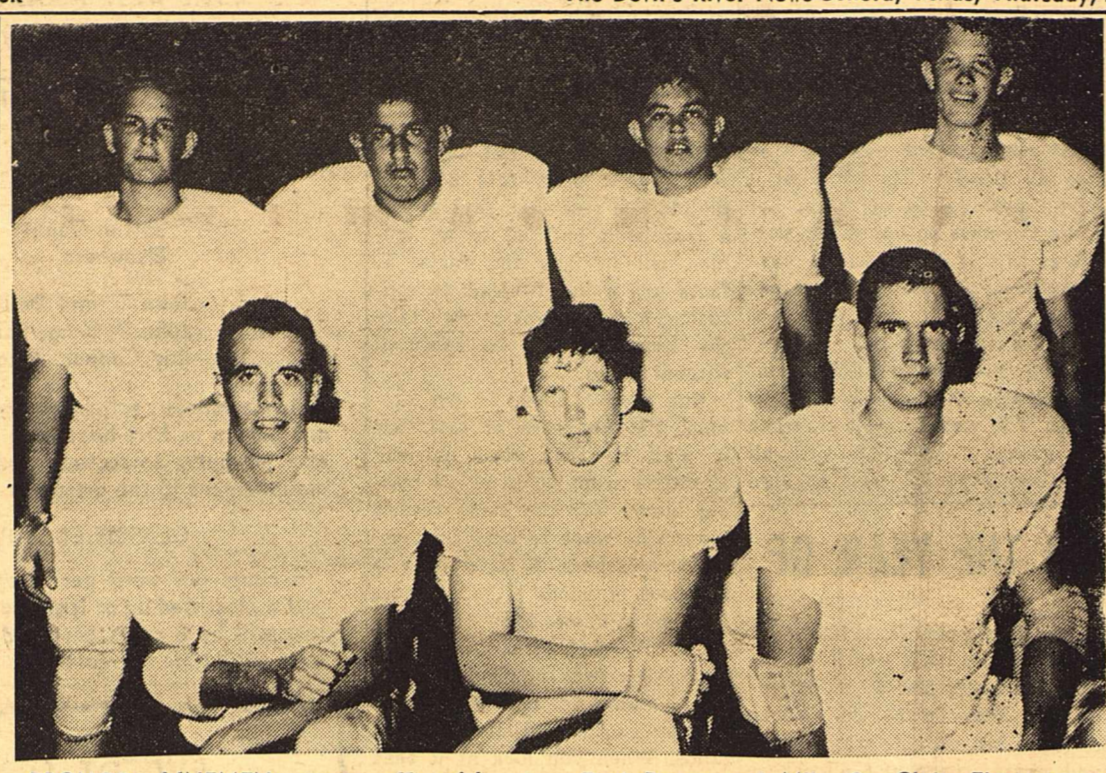

And there was the man who was always the butt of his friend's jokes. But he got even this summer. While vacationing in Louisiana the friend received this telegram: "Please ignore first telegram."

## Have A Happy Holiday Use Courtesy Caution

Public safety officials are urging motorists to drive with care over the Labor Day weekend. In Sutton County traffic concentration will be heaviest Saturday night and Sunday, according to Les Strawn of the Highway Patrol.

The director of the Texas Department of Public Safety announced that an estimated 31 persons will be killed in traffic crashes in Texas over the three-day weekend, and called for "an all-out effort to prove the statistics are wrong."

In Sutton County there were 24 traffic accidents during the first 7 months of 1963, compared with 13 during the same period of 1962. Three deaths resulted from traffic accidents during the seven-month period of 1963, com-

BRONCO LINEMEN start off with a scrimmage game at Del Rio Friday. They are Gil Trainer, Maxie Delrie, and Dick McMillan and (second row) John Paul Friess, Pat Castro, Fred Perez, and Mike St. Clair. First season game for the Broncos will be September 6 at Iraan.

## Boosters To Meet On Tuesday Night

Movies of Bronco football practice will be the main feature of the first meeting of the Bronco Booster Club. The movies taken with the new camera bought by the club will be shown at the meeting to be held Tuesday, September 3, at 8 o'clock at Central Elementary School cafeteria.

The first meeting is scheduled for Tuesday night to avoid conflict with Labor Day activities, according to L. P. Bloodworth, club president. In the succeeding weeks meetings will be held each Monday night.

Boosters are being signed up now for the 1963-64 season. Those interested in membership may contact Bloodworth, Joe Nance, Jimmy Harris, Bobby Granger, or any of the directors.

## Number Of Rabies Cases Increasing

The incidence of rabies among wild animals in Sutton County is increasing, according to Dr. Charles F. Browne, City Health Officer. Of the animal heads sent to the Health Department in Austin for examination, 80 to 90 per cent are reported to be rabid.

Dr. Browne urges people to avoid any wild animal, such as a fox or a raccoon, which is acting strangely. He says such animals should be considered rabid until proven otherwise.

## Lions Roar

Members of the Downtown Lions Club saw a film on communism at their regular Tuesday noon meeting. The film outlined steps that communists have taken to further their quest for world domination.

DO YOUR SCHOOL SHOPPING THIS WEEK IN SONORA

EAT MORE LAMB Two signs declaring "Enjoy Finest American Lamb" will soon appear on highways around Sonora. The signs were purchased by the Sonora Chamber of Commerce and are part of a national campaign to encourage more consumption of lamb.

## Mendoza Member Of Science Institute

Joe Mendoza, son of Mr. and Mrs. Julio Mendoza, took part in the Astro-Science Summer Institute held at Pan American College in Edinburg this summer. Along with thirty-one other students from across the United States and two students from Mexico, he was chosen to participate in the program as a result of his performance on a four-hour qualifying test last spring.

During the six weeks of the Institute, which was sponsored by the National Science Foundation, the students studied, attended lectures and laboratories, and built and fired rockets. They visited the Manned Spacecraft Center in Houston and the Monterrey Institute of Technology in Monterrey, Mexico.

For one week the students stayed on Infiernillo Peak at Nuevo Leon, Mexico, studying at the high-altitude observatory. Mendoza is a senior at Sonora High School and is a member of the National Honor Society. He hopes to study at Massachusetts Institute of Technology.

## Ex-Sonoran Named President Of Bank

J. C. Derebery, who served as cashier of the First National Bank in Sonora from April, 1949, until June, 1954, has been named president of the Odessa First State Bank, whose five-story downtown bank and office building has just been completed.

Since leaving Sonora, Derebery has served as vice-president of the National Bank of Sweetwater and vice-president of the Pueblo Savings and Trust Company, Pueblo, Colorado.

He is actively engaged in various Odessa civic projects. He is Chairman of the Board of Managers of the Medical Center Hospital, Treasurer of the Odessa Community Chest and United Fund, Chairman of the Budget Committee and a member of the Executive Committee of the Odessa Chamber of Commerce, a director of the Odessa Boys Club, and a member of the Advisory Board of the Odessa Opportunity Center. He also is a member of the Rotary Club of Odessa.

With his wife Jacqueline and children John, Joan, Jane, Jennifer and Jeffrey, he makes his home at 104 Santa Rita in Odessa.

## Greens In Fine Shape For Golf Tournament

The second annual Men's Club Golf Tournament has been set for the Labor-Day weekend by the Sonora Golf Club.

G. C. Allison, president of the club, said that the course is in good shape and that a large turnout is expected.

Contestants for Medalist and Championship Flight are to qualify on the Sonora Club Course Saturday. All others may qualify Saturday or turn in a score and registration fee to Gary Hardgrave at the club house.

The tournament will be match play in flights. First match will be played Sunday afternoon and semi-finals and finals will be played Monday. Flights will consist of eight players. Trophies

## MISS CHAVEZ RECEIVES DEGREE IN EDUCATION

Esther Chavez, daughter of Mr. and Mrs. Antonio Chavez, was awarded a Master of Education Degree from Texas Woman's University at commencement exercises Friday morning August 23.

Miss Chavez, a 1952 graduate of Sonora High School, received her Bachelor of Science Degree from TWU in 1955. She is returning to Corpus Christi to resume her job teaching the fourth grade.

# Lions Auction Sale Set For October 1

## Dove Season Opens September 1

Dove season opens in this area, the North Zone, September 1 with a bag limit of 10 per day and 20 in possession. Shooting hours are from 12 noon until sunset. The season will be open until October 30.

Nolan Johnson, game warden, reminds hunters that hunting licenses all expire August 31. Licenses for the 1963-64 hunting season are now available and may be purchased from Johnson or in several stores in Sonora.

He reports that during the 1962-63 hunting season the following numbers of licenses were issued: resident hunting, 508; non-resident hunting 15; fishing, 470; shooting preserve, 110; exempt resident hunting, 341; resident trapping 12.

## MAN INJURED SUNDAY IN FIREARM ACCIDENT

Ilee Simon of Brownwood was injured when his pistol accidentally discharged Sunday morning. According to Sheriff Herman E. Moore, Simon was visiting relatives on the J. A. Sykes ranch east of Sonora when the accident occurred. The pistol fired when he took it from a holster, and the bullet entered his leg.

He received treatment at Hudspeth Memorial Hospital.

## TWO BONUS DRAWINGS SCHEDULED SATURDAY

Mrs. Vivian Crites was the winner of 50 Bonus Dollars at the drawing held Saturday, August 24, in downtown Sonora.

H. V. (Buzzie) Stokes Chamber of Commerce manager announces that a double drawing, one at 10 a.m. and one at 3 p.m., will complete the cash drawing program this Saturday. The person whose name is drawn must be present in order to win.

A free barbecue will kick off the 29th annual Lions Auction Sale Tuesday night, October 1, at the 4-H Club Center. The directors, meeting Tuesday night,

## Pre-School Booster Shots Deemed Advisable

With the reopening of schools less than two weeks hence, every child entering for the first time should have the benefit of having his immunization record reviewed. Recall or "booster" inoculations are usually due at this time. The most important immunizations for children are for protection against diphtheria, pertussis, tetanus, poliomyelitis and smallpox.

A recall inoculation against diphtheria, pertussis, tetanus and polio is definitely indicated during the year just prior to school admission. This procedure will give the maximum protection against the most dreaded infections common in childhood.

A revaccination for smallpox is usually due at this time and should be repeated every three to five years thereafter. The main purpose of recall inoculations is to boost the immunity to its highest level.

Persons immunized by the new oral poliomyelitis vaccine do not need further poliomyelitis vaccine at this time.

A new measles vaccine is also available now and is advisable for weak or chronically ill children.

## SONORA CLUB SPONSORS ROPING SEPTEMBER 15

A roping sponsored by the Sonora Roping Club will be held September 15 at 2:30 p.m. at Sonora Park. Events will include goat roping, hair pulling and calf roping. A dance will be held at Liberty Park starting at 9 p.m.

## JIM RAY (BUTCH) BAKER SAVES GIRL IN POOL

Jim Ray (Butch) Baker, was credited with saving a 12-year-old girl from drowning in a San Angelo swimming pool recently. Baker, assistant manager of the motor hotel where the incident occurred, and a bell hop, jumped in the pool, pulled the girl out, and administered mouth-to-mouth respiration. Baker, son of Mrs. Louis Stockton of San Angelo, is a graduate of Sonora High School.

appointed committees and outlined the evening's events.

The yearly sale, largest fund-raising event of the year, always draws a large crowd of bidders. The directors decided to ask Lem Jones to be this year's auctioneer.

In 1961 the auction raised \$3,910 and in 1962 the total grew to \$4,527. Last year a cake donated by Mrs. Corky Schwiening brought \$32.50.

Lions Club projects supported by such funds include youth programs, community improvement projects, and aid to the blind. This year the Lions have discussed Sonora's need for a new swimming pool.

Committees named for the auction are as follows:

Merchandise—Leon Neely, J. W. Neville, Cleveland Nance, and Bobby Joe Granger.

Livestock—Jimmy Harris, George Brockman, Tom Davis, Joseph M. VanderStucken, and George H. Neill;

Food—Boyd Lovelace, W. F. Berger, Pat Combest, Alan Roe, C. W. Taylor and H. L. Stanley;

Bookkeeping—Joe Nance, Harold Scherz, and Jackie Wade;

Sale list—F. L. McKinney and Mrs. Marie Ellis;

Publicity—Albert Ward, John T. King and H. V. Stokes;

Public address system—Albert Ward and Clay Cade;

Out-of-town solicitation—H. V. Stokes;

Livestock receiving—D. C. Langford and the 4-H Club;

Chairs—Shelley Lowe and Richard Sellman.

## Screwworm Reports At Remarkable Low

D. C. Langford, County Agent, reports that Sutton County remains free of screwworm cases this week.

Only 2,000 screwworm infestations have been reported in five Southwestern states, including Texas, this year. This is a remarkable drop from the 23,000 cases reported in the same area in 1962.

Yet much remains to be done. The Texas Department of Agriculture urges ranchmen to maintain constant vigilance that no infestation goes unnoticed and untreated. All suspicious fly blows should be sampled and sent to the County Agent. This is especially important at this time of year to prevent winter carry-over of the pest. The infected animals must be treated and spraying should be followed where and when indicated.

GOLF TROPHIES to be awarded to winners of the Men's Club Tournament draw the attention of Elaine Mears and Mrs. Louis Davis.

The tournament will be held Saturday, Sunday and Monday at the Sonora Club Course.

### Hwy Not Make Spelling Easier?

Almost a full generation ago, The Chicago Tribune decided that it was time to do something about spelling in the English language. They adopted their own text, and began spelling such words as "graph" in a simpler way, or as "graf."

Printing Magazine, one of our trade publications devoted to the business and technique of printing, has an unusual article in their July issue which explains a new system being advocated by Lucian Bernhard, a noted designer of type faces.

Here are a few examples which he has cited: Hwy must we pronounce the "H" outside the word, but write it inside, as in WHY-WHEN-WHERE-WHICH? Hwy does FOWL rhyme with FOUL but not with SOUL, and COW with BOUGH but not with COUGH?

Hwy does BALL rhyme with HALL but not with SHALL, and ATE with EIGHT but not with HEIGHT?

And if these words rhyme, journal and colonel, steak and ache, virgin and sturgeon, laugh and giraffe, ocean and motion, major and nature, missile and whistle, porridge and adage—why don't these in the next paragraph?

Timber and climber, cough and bough, friend and fiend, denial and denial, print and pint,

tripe and recipe, hanger and stranger, and daughter and laughter.

Bernhard says that teaching children to read, write and pronounce with confidence is like trying to teach music on an antique piano with all its wires crossed.

It would be fairly easy to invent new words for old, or to substitute entirely different systems of spelling. The danger in that—and many such systems have been proposed—is that the millions of books now in libraries could not be read by the average student in years ahead. If a radical change in spelling were to be made, those who wanted to read books now available would have to learn a second language.

Bernhard recommends that changes be as tiny as possible, so that the vast stores of knowledge that have been accumulated can still be understood by those who come after us. He does recommend as a start the elimination of dead letters, such as Wednesday for Wednesday, anser for answer, musle for muscle, sord for sword, automobil for automobile, climat for climate and so on with thousands of present words.

He would retain the final "e" on such words as wine, cute, recipe, calliope and catastrophe.

One last example, and we shall stop—why should we say kurnel when it is spelled colonel? —Hondo Anvil Herald

### A Salute To Teachers And Students

Everyone's view of summer is different depending on his responsibilities, opportunities, and role in life. Many mothers very probably feel it has been long, noisy, busy and hot. But a good many million children and dogs probably find it hard to believe that three months could have sped so quickly and that the school doors are about to open once again.

The sounds and smells and experiences of summer vacation are still an important part of growing up. But there have been changes—the old swimming hole may have become a concrete-lined chlorinated pool. The automobile and airplane have vastly extended the scope of things

that can be seen on a vacation trip. School has changed too, as the frontiers of man's knowledge have been pushed back so rapidly in recent years. The amount of knowledge that must be packed into the heads of children in grade school and high school has vastly increased.

As school bells ring again, let's salute our young people and those who guide them through ever more complicated fields of learning. In the great affairs of nations, in science, and in the complicated business of leading a good and worthwhile life, our need has never been greater for concerned, intelligent, educated men and women. —Anson Western Observer.

## Devil's River Philosopher Says Yes And Then No To The Test Ban Treaty

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River takes a wide-angle view of the test ban treaty this week.

Dear editor:

Although Congress hasn't asked me for my opinion on the test ban treaty and I don't think I could get away from this bitter-weed ranch at the moment anyway to testify—it's not that I have anything to do here, but when it comes to not doing anything, this is the place to have it happen, not in Washington—I have decided to go ahead and state my views.

I did this after reading about the experts who have been testifying. The way I see it, when one group of scientists with all the facts says it's wise to sign

the treaty, and another group with the same amount of facts says it isn't, this opens the door to anybody. What I mean is, if the same set of facts can lead to two exactly opposite views, facts aren't as important as people claim and this allows me in, as I have about as few facts as anybody and half the time those I have are mis-placed. I don't know what this does to the old and respected saying that a man isn't entitled to an opinion till he has the facts. If facts are going to lead to confusion, a man might as well take the short cut and be confused without them.

But to get down to my opinion. I'm not sure of this, but it may be that some nuclear scientists want to keep on testing bombs for the same reason some kids want to keep on testing firecrackers. A firecracker is to shoot, a bomb is to explode. Everybody knows that.

On the other hand, the testers claim they need to keep on testing to figure out a missile that'll destroy another missile before it lands. When you look at it that way, and try to picture the job of shooting down 1,000 missiles flying at us from Russia at 15,000 miles an hour in the middle of the night during a snow storm, you begin to see you're getting more facts than a man can handle.

I therefore want to go on record as being for the test ban treaty if it's safe, and against it if it's not, although safety is a word the scientists have just about nuclearized out of the dictionary.

In other words, to make myself clear, I'm in favor of the ban on one hand, and opposed to it on the other hand, recognizing that the facts may be that both my hands are tied anyway, probably behind my back.

Yours faithfully,  
J. A.

## Parties Given To Honor Miss Jones

Mrs. Joe Brown Ross, Mrs. W. T. Hardy, and Miss Sarah Lu Hardy complimented Miss Claire Jones, bride-elect of Mickey Powers, with a breakfast in the Ross home Monday.

Summer flowers in white and gold decorated the tables. Twenty-four guests were present.

Also honoring Miss Jones were Mrs. Albert Ward, Mrs. Rip Ward, Mrs. Edgar Shurley, Mrs. Harold Friess and Miss Jan Keng at a party in the Friess home Tuesday.

Thirty-seven guests were present at the luncheon. White and yellow chrysanthemums and wedding bells decorated the tables. The centerpiece was composed of chrysanthemums and sprayed magnolia leaves arranged in the shape of a large daisy. Guests read verses written on the leaves.

Miss Jones is the daughter of Mrs. Cleve T. Jones, Jr. The wedding will be held September 7 at the home of the future bride's mother.

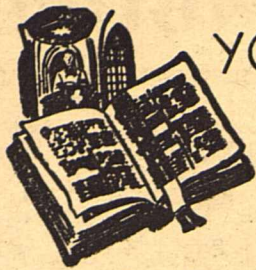

### CONFIRMATION SERVICE AT EPISCOPAL CHURCH

Confirmation services were held last Sunday evening at St. John's Episcopal Church. Those receiving the laying on of hands were Maria Bernal, Candace Cauthorn, Don Clausewitz, Olga Noriega, Diana Noriega, and Mr. and Mrs. Buster Shroyer.

The Rt. Rev. Earl Dicus, Suffragan Bishop of the Diocese of West Texas, administered the confirmation, which was followed by a reception at the church.

Mrs. Edgar Shurley will fly to Dallas Saturday to attend a jewelry and gift show. She will visit her mother in Jacksonville before returning to Sonora.

Glenda Roe, daughter of Rev. and Mrs. Allen G. Roe, left for Dallas to attend the orientation week at Richardson, where she will teach the fourth grade this fall.

### IMPORTANT TIES

Usually, when we think of ties we think of something that will hold us fast, something that will keep us from drifting off. In our relationship with God, however, we might do better to regard our ties like those of a railroad. For, as we all know, railroad ties are used not only to keep the two rails from sepa-

rating but also from bumping into each other and causing a train derailment.

So we in our lives have God's master rail to follow as a guide; our own wills are the other rail which we must keep parallel to God's-or suffer derailment. The church provides those needed ties; it is up to us to use them to spike our rails down hard to them. Far in the distance, the rails seem to collide, but we know this to be illusion and that the rails of a good track are parallel. Ahead of us, to a happy eternity. God's will and ours still parallel lead a true christian life on a journey of joy.

### Luncheon Held For Two Bridge Clubs

The Idle Hour and Just Us clubs met together for a luncheon at the home of Mrs. G. H. Davis on Tuesday, August 20. Summer flowers were used as decoration.

Winning bingo prizes were Mmes. J. F. Howell Rex Cusenbary, and Oscar Carpenter. Mrs. David Shurley won high score for guests.

For the Idle Hour club, Mrs. Belle Steen won high score, and Mrs. Lem Johnson won second-high score. Mrs. Ed Mayfield won high score and Mrs. Leo Merrill won second-high score for the Just Us club.

Others present at the party were Mmes. Edwin Mayer, Joe Berger, Ben Cusenbary, C. A. Tyler, J. C. Stephen, Norman Rousselot, E. E. Sawyer, Charles Davis, and Ruby Dameron.

Mrs. Edward B. Tipton and Hildy of Troup spent last week with her parents, Mr. and Mrs. O. G. Babcock. The Tipton family plan to move to Houston soon. Carol Tipton, who has been a student at TCU for a year and a half, will transfer to Houston University this fall.

### MONDAY NIGHT BRIDGE MEETS AT BERGER HOME

Mrs. Joe Berger's home was the meeting place for the Monday Night bridge club. Mrs. George Wynn, Mrs. Collier Shurley and Mrs. G. H. Davis were the guests present.

Mrs. Shurley won bingo for the guests, and Mrs. Davis won high score for the guests.

Mrs. Lee Patrick won high score for the members, Mrs. James Morris won the bingo, and Mrs. Howard Kirby won low score for members.

Other members present were Mrs. Francis Archer, Mrs. Ted Letsinger, Mrs. Norma Potter, and Mrs. Miers Savell. Mrs. Anna Morris won the traveling prize.

Black bottom pie and coffee were served.

Betty Jack Cooper performed a tap-dancing specialty at a luncheon for the New Neighbor's League Club at Western Hills Motel in Fort Worth last week. Ninety-three guests were present at the club meeting.

### Engagement Announced

Mr. and Mrs. H. K. Lee of Balmorhea announce the engagement and approaching marriage of their daughter, Rita Jo, to John K. Ballard, son of Mr. and Mrs. R. C. Ballard of Claude. The wedding will be held Sep-

tember 21 in the First Baptist Church at Claude.

Miss Lee is a 1959 graduate of Sonora High School and is presently employed as a receptionist in Amarillo. The future bridegroom is a graduate of Claude High School and of Texas Tech. He is now associated with the American Breeders Service.

### MRS. STITES HOSTESS FOR PASTIME 42 CLUB

The Pastime 42 Club met at the home of Mrs. C. E. Stites last Thursday. Guests present were Mrs. Ida May Kerbow, Mrs. Maysie Brown, Mrs. Arthur Simmons, and Mrs. Maud Posey.

Members present were Mmes. Joe Berger, J. A. Cauthorn, R. B. Kelley, Lee Labenske, Robert Rees, T. W. Sandherr, Rose Thorp and B. W. Hutcherson.

Mrs. Kerbow, Mrs. Simmons, and Mrs. Posey all tied for high score for guests. Mrs. Berger won high score for members, Mrs. Kelley won the traveling prize, and Mrs. Hutcherson won low.

### Group Discusses Youth Alcoholism

By Rev. Arno H. Felz

Alcoholism among teenagers was the subject of a discussion Saturday evening at the picnic area on the Dock Simmons ranch.

The discussion centered around the question, Can Your child be an Alcoholic? Statistics show that 1 out of 10 people who began to drink socially will eventually become alcoholics. This includes teenagers who drink just to be part of the gang.

It was pointed out that Alcoholism is a disease which is no respecter of persons, profession, race or creed, and that you don't have to be a skid row bum before you are an Alcoholic. In a guide used by John Hopkins University Hospital it was revealed that if you take a drink to give you more confidence you have a symptom of Alcoholism.

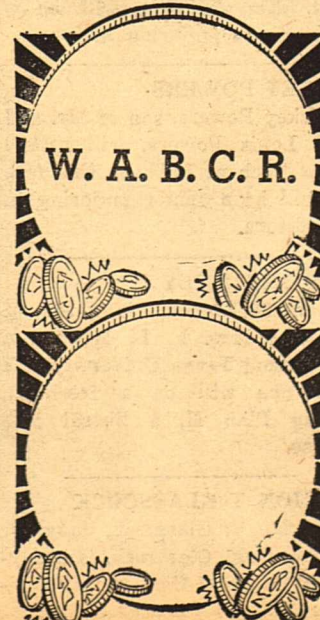

There is no cure for Alcoholism, but there is help. The most effective help available for Alcoholics known today is the Alcoholics Anonymous. Alcoholism is a disease which everyone must be concerned about because it affects the family of the Alcoholic, the friends and eventually the entire community.

The only way to fight this disease is by educating the public as to its danger, its symptoms and the methods to arrest it. We need to help fight this disease just as we fight heart's disease, cancer and polio. Join the fight today by becoming better informed on Alcoholism.

Visiting Mr. and Mrs. Joseph VanderStucken and Jan are their daughter and son-in-law, Mr. and Mrs. Jim Jackson of Durant, Oklahoma.

Mr. and Mrs. R. V. Haynes of Lawton, Oklahoma are visiting Mr. and Mrs. E. L. Harrell this week.

### THE TEEN SCENE

By Mary Davis

Does anyone realize that by this time next week we will be leaving away at school? That is, those of us who are in high school. College students have a few more days before they have to get back to the salt mines.

The band students and football boys have been practicing for the last couple of weeks. Things are beginning to shape up. Everyone is slowly realizing that school days are here again.

That first day of school will actually be fun what with everyone trying find lockers, classrooms, books and old friends that have been gone all summer. Then there will be the anticipation of the first pep rally, football game, and election of all sorts of officers and joining the different clubs. By the time all of the newness of this is worn off, six-weeks tests will be ready and the first six weeks of school will have passed as quickly as the first six weeks of summer.

Several of the kids are still making the best out of summer that they can. Nancy Prugel had Dava West as her guest last week; then she went back to Del Rio to visit her and go to a dance.

Bill Karnes and Jimmy Frank Richardson went to Coleman to a rodeo there last weekend. Frank and Preston Neely and Lester Schmidt went to Houston Friday and Saturday to see the Houston Colts play.

Jesse Lem Johnson and Diana Cahill were in Ruidoso a few days ago. Janet and Jo Addah Johnson were in Dallas at the same time.

Tom Ed Glasscock went to the AJRA Finals at Odessa. He was entered in bronc and bull riding contests.

James Stewart is home from Whitney, where he spent the summer on a farm.

Tea Glasscock came home for the weekend from Midland where she is going to business school.

Allison Espy spent the weekend in Del Rio with Linda Rose. She went back with Nancy and Dava West.

Cissy Young got home from Colorado this weekend, and Betty Jack Cooper is home from TCU.

Sue Greenhill, daughter of Mr. and Mrs. Henry Greenhill, is home visiting her parents and Mary Lena before returning to Austin to Texas University.

### Just Arrived

Mr. and Mrs. Joe Thomas Friess are the parents of a daughter, Sara Franciel, born at 11:30 p.m. Monday. She weighs seven pounds, three ounces.

Grandparents are Mr. and Mrs. Harold Friess and Mrs. Ed Hawkins.

Great grandparents are Mrs. Paul Turney, Mr. and Mrs. C. P. Friess of Rochelle, and Mrs. Bol Hawkins of San Angelo.

Three grandchildren have been born in the Lonnie Goss family this summer.

Mr. and Mrs. Jerry Goss of Bridgeport are the parents of a daughter, Patricia Gay, born August 12. She weighed seven pounds three ounces at birth. Maternal grandparents are Mr. and Mrs. Woodrow Patterson of Sheffield.

Mr. and Mrs. Jimmy Goss, also of Bridgeport, are the parents of a son, Brent Eldon, born August 19. He weighed seven pounds eight ounces at birth. Maternal grandparents are Mr. and Mrs. Sharp Elam of Arkansas.

The first arrival in this summer's trio of grandchildren for Mr. and Mrs. Lonnie Goss was Steven Ray Haynes, born July 13. His parents are Mr. and Mrs. Ray Haynes. He weighed seven pounds fifteen ounces at birth. The Haynes have another son, Dwayne, age three. Paternal grandmother is Mrs. Abby Haynes of Paris.

The last few pounds that go on the beef animal are the most costly for the producer. As cattle become more highly finished, the daily gain decreases and the feed required per pound of gain increases. For maximum efficiency, slaughter cattle should be marketed as soon as they reach the minimum standard for the grade.

Mrs. Ruth Anderson and daughter, Stanley Anne, of Beeville visited Friday with Rev. and Mrs. Allen G. Roe and Grady. Also visiting Friday were Mrs. Jack Spears and Mrs. R. R. Lowrance, both of San Angelo.

An Idle Mind Column

By Della King

Writing this column has so far been a pleasant task for me. Since a column is not restricted by the journalistic rules governing news writing, it can be done more freely. The ideas can be allowed to drift out of a relaxed and idle mind, and I hope they are read in the same spirit of enjoyment.

Naming the column, however, has been a real chore. I have worried and scribbled, and I have been so disappointed with the results that for a couple of weeks I requested a blank heading in preference to any of my ideas.

I have finally settled on the title appearing above. My weeks of pondering have made me develop an interest in column names. Here are some that appears in newspapers in this area:

Wool Gathering in The Menard News and Messenger, Post Script in the Eldorado Success, 'Round and 'Bout in the Junction Eagle, Sparks in the Hondo Anvil Herald, and Views and News in the Carrizo Springs Javelin.

Others that also win my admiration are Ad-Lib-Ben by Ben Oglesby in the Bronte Enter-

PREPARING TO LEAD those long, loud cheers for the Broncos are cheerleaders Jan McClelland, Diana Cahill, Allison Espy, Susan Allison, and Diana Black. The girls are pictured at SMU, where they attended cheerleading school this summer.

## Exchanging News

**OZONA**—The Air National Guard has turned down the Defense Department's offer of use of the Ozona radar station and other abandoned sites as week-end training stations, opening the way for shipment of equipment from the abandoned million-dollar base. Airmen remaining at the local base are receiving orders, one by one, for new assignments.

**OZONA**—In a recent agreement the Crockett County Water Control and Improvement District No. 1 acquired from Dick Henderson, rancher, water rights on a section of land adjoining the Ozona townsite. The acquisition increased the reserve of fresh water needed for the future growth of Ozona.

**FRIGIDAIRE**  
**1964 FLAMELESS ELECTRIC DRYERS**

Your best wife-saver and clothes-saver — the new 1964 Frigidaire flameless clothes dryer!

Dries breeze fresh, safer than sunshine. Flowing Heat tumbles clothes gently on a cushion of air, pampers finest fabrics! No sun-fading — clothes stay color-bright!

In many dryers, lint cleaning's a chore. Not with Frigidaire! Easy-reach, no-stoop lint screen in door of every Frigidaire dryer takes the headache out of lint cleaning. Fine mesh catches even tiny particles.

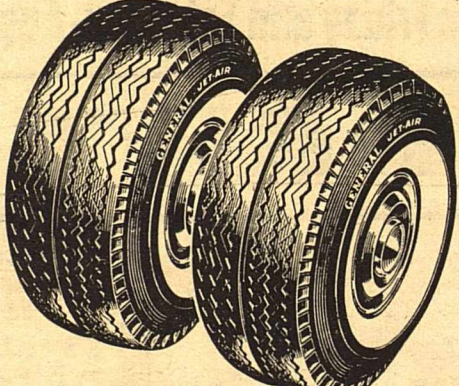

Better than all outdoors! Automatic Dry control thinks for itself — shuts dryer off when clothes are just-right dry! Ends drying time guesswork.

**FREE INSTALLATION** for WTU customers, eliminating the costly expense of the plumbing connection necessary for flame type dryers.

**-GREEN NEWS-**

By Monica Davis

Wednesday the twenty-first was our monthly golf and bridge luncheon day. Some golfers started their game around seven a.m. so they could play bridge at nine-thirty, and then all went on to Park Inn Cafe, where the luncheon was served.

Golf winners were Jane Cavanaugh, low gross and low net with a fifty-one, and Ernestine Hext won low putt with thirteen.

Bridge winners were Phoebe Kelly for high, Mildred Nance was second-high winner, and Mary Hayes won bingo.

The putting green is so popular, that there is talk of moving it up to the club house and putting in eighteen holes instead of the present nine holes. It will also be easier to light the green for night playing if it is at the club house.

Well, at last! We are moved! The pro shop is now at the club house, and the Coke and cracker machines are in their proper places. The awning or shed will soon be moved by the house.

Come Saturday, the Men's Club Tournament will start. All the rules and regulations will be found elsewhere in the newspaper. Be sure you all get those dues paid so you all will be able to enter. (No Pay, No Play).

Big Lake Golf Association is having their Annual Partnership Golf tournament. Big Lake has been here for several of our tournaments; so it would be nice if some of our men could make their tournament. They are going to have \$1,200 in prizes. All of the detailed information can be found at the club house.

Saw Stanton Bundy on the course Monday. Bob Teaff was with him and was looking for a five iron he lost. Has anyone found it? Bob would really appreciate getting it back.

Out of town guests this week were, M. M. Schlueter from Slaton, David Holden from Rankin, and Dell Hall from San Antonio. I suppose now that school is about to start, our guest list will become almost nil 'till holidays and next summer roll around.

Mrs. J. B. Shanks, Jimmy and Marilyn of Pasadena visited her mother, Mrs. Rena Trainer, and Mr. and Mrs. Tom Nevill last weekend.

**INTRODUCING Sonora Teachers**

NEW TEACHERS in the Sonora school system are Mr. and Mrs. Clay Cade. She will teach fifth grade at Central Elementary School, and he will be the principal and physical education teacher at L. W. Elliott School this year. They are both graduates of Sul Ross State College at Alpine. They came to Sonora after three years at Marathon, where he was high school principal and she taught in the business department. The family, which includes sons Jimmy and Larry, is living at the teacherage. They are members of the Methodist Church.
