If Players Were as Faint Hearted as Fans...

... many of football's last-minute victories would be lost, commented John Bridgers, (standing, right) athletic director and head football coach of Baylor University, at the Bronco Booster Club banquet January 27. Sonora's head coach, Jerry Hopkins, seated, was among the many boosters and players to hear Bridgers praise the role football played in developing the character of youths through dedication, practice, and guidance.

"College entrance scores don't measure determination," said Bridger. "If the same determination used on the football field is used in the classroom, slower learners can make academic accomplishments in college and graduate work."

Then joking that one didn't have to be a Baptist, just a believer, to play for Baylor, Bridger said that many of the Bears' football games tested the loyalty of the alumni. Many alumni, he said, failed.

Below, Jimmy Harris, left, presents desk sets to Sonora coaches Hopkins, Dennie Hays, Bob Painter, Oliver Wuest, Bob Snodgrass, and Bob McMinn. Shown seated are a Standard Times reporter, Jamie Parker, and Brent Johnson.

Hilary B. Doran Jr. To Seek Position Of Representative

Hilary B. Doran Jr., of Del Rio, officially announced that he would seek election to the Texas House of Representatives in the Democratic primary on May 7.

The Redistricting Act passed by the 59th Legislature resulted in a considerable shifting of district boundaries, and as a result District 65 is one of the largest legislative districts, comprising the nine (9) counties of Concho, Sutton, Crockett, Edwards, Schleicher, Menard, Kinney, Maverick and Val Verde for the 1966 election.

"I am looking forward to the opportunity of representing all people of all areas of the new 65th District," said Doran.

"I greatly appreciate the friendships which I have established in the counties in this district, and I am looking forward to meeting many others during my campaign."

"Fatbellies" To Meet "Flatbellies" Feb. 10

by Norman Rousselot, president, Bronco Booster Club. The Sonora Bronco Booster Club will display their full talent February 10 when the "Fatbellies" vs. the "Flatbellies" in a Booster inter-squad basketball game.

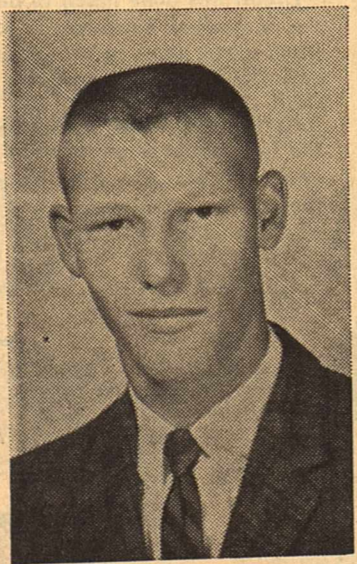

Because feelings ran so high in the annual football inter-squad game last year, we decided to reduce our activity to the basketball floor where the tension will be reduced and we will be able to restrain and control our players bet-

ter. We want to invite all the real fans out to this gigantic occasion and we defy any of them to distinguish the "Flatbellies" from the "Fatbellies" at that time.

All members of the Booster Club are invited to play and we will practice at 6 p.m. the night before the big ball game.

We remind all members to do their wind sprints and isometrics from now until game time.

Tickets will be sold at the door.

County Sheep Flocks To Undergo Inspection

D. C. Langford announces that the Texas Animal Health Commission assisted by the Animal Health Division of the United States Department of Agriculture launched an extensive inspection of all sheep flocks within Sutton County February 1. All inspections are under the supervision of Dr. W. A. Belcher, area veterinarian, and will be conducted in Sutton County by C. W. Taylor.

As a result of two outbreaks of sheep scabbies within the last year, other states have imposed dipping requirements that hamper the marketing of Texas sheep, explained Langford. Relinquishing of these requirements will be considered upon an inspection of all flocks

without evidence of scabbies being found.

"Being quarantined this summer and fall could have an adverse effect on the sheep market in Texas," stressed Langford. He said that the inspection program will be carried out in Sutton County with a minimum amount of hardship on producers.

Ralph Mayer, county chairman of the Southwest Animal Health Research Foundation, and the Agricultural Extension Service through Langford, county agent, are assisting in the cooperative effort.

BOY SCOUT WEEK

During the week of February 7-13, the 56th anniversary of the Boy Scouts of America will be observed by more than 5,665,000 boys and adult leaders in 143,300 Scout units throughout the United States. Scouting is a tremendous force for good in the lives of millions of boys, broadening horizons and creating an inbuilt sense of responsibility and duty that can never be forgotten in later life.

Today, over 93,000 organizations use Cub Scouting, Boy Scouting and Exploring as a part of their youth program for boys 8 through 17. The national organization charters Scout units annually, and they are sponsored by religious orders, veterans, governmental groups, business

and industry, labor unions and other civic and community organizations.

Every Scout takes the following oath: "On my honor I will do my best—To do my duty to God and my country and to obey the Scout Law; to help other people at all times; To keep myself physically strong, mentally awake, and morally straight."

Any boy who makes this oath an important part of his life in his formative years will grow to be a man of which his family, his community and his nation may justly be proud.

The Boy Scouts of America deserve the recognition, support and thanks of all of us during their anniversary week.

J. A. Thinks 1 Percent Land For Cities Is Fair

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River takes a look at big city problems this week, from a rather odd viewpoint.

Dear editor:
 While I don't understand New Yorkers, what I mean is, during the transit strike everybody up there was so put out and outraged because they couldn't get to work, almost having a nervous breakdown, whereas any day I can't get to work I'm fairly well satisfied, still big cities do have some big problems and us people in smaller towns and the country ought to be giving some thought to them, for a special reason.

The last thing we want is some big city mayor, overwhelmed with absolutely unsolvable problems, to get the idea that if you can't make it in the city you ought to move to the country.

One per cent of the land for cities, 99 per cent for the rest of us—that seems like a fair division.

Yours faithfully,
 J. A.

For example, I read last night in a copy of a magazine which I keep handy for use during commercials that 70 per cent of the people in this nation now live in the cities, but they occupy only 1 per cent of the land. Furthermore, the trend is still increasing toward more and more migration to the cities.

This is what I'm talking about. If we can manage to keep 70 per cent of the population content to live on 1 per cent of the land, think how much room that leaves us.

Credit ... A blessing Not a Burden

The magic words "Charge it" ring out across this nation seven days a week, every week, to give people what they want and can enjoy today but pay for at a later date.

In the early 1900's credit was restricted to the wealthy, but today practically everyone buys some things on credit and debt is no longer a stigma.

There are still a few people who assert, "I always pay cash," but each time they flick on a light, bake a cake in the range, or turn on the faucet to wash their hands, they are using a service they buy on credit.

Without consumer credit our economy would not have grown to such outstanding proportions, and if credit were discontinued our nation would suffer economic collapse.

Credit has done much to aid the business world as well as the individual consumer. Credit has given us the highest standard of living in the world despite the fact that we have only about 7% of the world's population.

As of now, credit is a blessing, not a burden; and, with the help of intelligent credit granters and the education of credit buyers, the business community means to keep it that way.

FIRST METHODIST CHURCH
Rev. Allen G. Roe, Pastor
Church School 9:45 a.m.
Worship Service 10:50 a.m.
If you do not worship at some other church, we will be very glad to have you worship with us.

When Millie goes to bed she stops by the stairway window to say good night to her favorite star. It twinkles in the frosty evening sky, and to me it seems remote and cold. But to Millie, the star is a warm and glowing friend. It's just a matter of viewpoint. A growing-up sees through the eyes of experience. The child gazes through the eyes of innocence. And as we all know, it isn't easy to exchange our experience for innocence again.

Yet, this is exactly what many of us need to do. Many of us need a new approach, a new look at the old things, the old truths. It's just a matter of viewpoint. A growing-up sees through the eyes of experience. The child gazes through the eyes of innocence. And as we all know, it isn't easy to exchange our experience for innocence again.

There is no better place to discover this new approach than in your church. In church next Sunday you will find a new point of view. Let yourself see, let yourself hear. You will be surprised at the results.

Sonora Women Take Off Pounds Sensibly

A local chapter of a national tional Bank building and now has club, T O P S, or Take Off 18 members. Pounds Sensibly, recently has been organized in Sonora.

Officers of the club include Mrs. Clayton Hamilton, leader; Mrs. T. C. McCutchen, co-leader; Mrs. A. C. Hudson, treasurer; Mrs. L. E. Holland, secretary; Mrs. T. K. Nevill, weight recorder; Mrs. Bill Whitehead and Mrs. Charles Howard, program and awards committee; and Mrs. Frank Adkins, news reporter.

The club meets regularly at 7 p.m. each Tuesday in the First Na-

Recently, Dr. Charles F. Browne was guest speaker and brought the group a lecture on the dangers of obesity.

Tuesday, February 3 will be observed as guest night and interested persons are cordially invited to attend this open meeting.

TOPS was founded in January, 1948 in Milwaukee, Wisconsin by Mrs. Esther Schuland Manz, a housewife who suffered from overweight.

The purpose of TOPS is primarily to help all the overweight who are sincerely interested in losing pounds sensibly. It is based on the principle of group therapy, getting together with those who have a common problem and discussing it frankly without fear of being laughed at or misunderstood. TOPS is not a course of a few weeks or months duration. It is a well-planned continuing program dedicated to helping the overweight.

Snips, Quips, And Lifts

by Mrs. Lottie Lee Baker

Why is the little ground-hog responsible, For sun or more wintry weather? He is just trying to get along, Come clouds or sun or whatever.

Lives of great men remind us, As their pages o'er we turn, That we're apt to leave behind us Letters that we ought to burn.

A politician thinks of the next election; the statesman of the next generation.

When success turns a man's head, he faces failure.

A truth that's told with bad intent, beats all the lies you can invent.

There are too many hydromatic people—shiftless and easy-going.

In youth we learn; in age we understand.

When the day is done, you frequently discover that not much else is.

A mountain is made out of a molehill, just by adding a little more dirt.

A LIFT FOR THE WEEK
"Hem in both ends of the day with prayer, and then it won't be so likely to unravel in the middle."

Don't you think our cemetery is beautiful? Our thanks goes to Mr. George Kisselburg for the loving care he has given it.

Now we can repay George. He is seriously ill at a hospital in Houston.

The George Kisselburg fund jars have been put in several stores and Mrs. Lee Fawcett, Mrs. Raymond Morgan, and Mrs. Ernest McClelland will be glad to take your contributions. Please help all you can. They will certainly appreciate it.

Geo. Baker Named Top Man of Year At Fort Stockton

George Baker, once owner of the Devil's River News here, was honored before about 450 persons January 28 when the Fort Stockton Chamber of Commerce named him the outstanding citizen of the year.

Baker, a long-time publisher of the Fort Stockton Pioneer, was the first man to receive this newly inaugurated award.

Dr. C. E. Oswalt Jr., past chamber president, made the award and described Baker as "a doer of good deeds and a dynamic person who starts every project with the idea of finishing it."

Last Thursday, the Booster Club had the annual Bronco football banquet. The varsity and "B" team players were honored, and the head coach from Baylor spoke to the group.

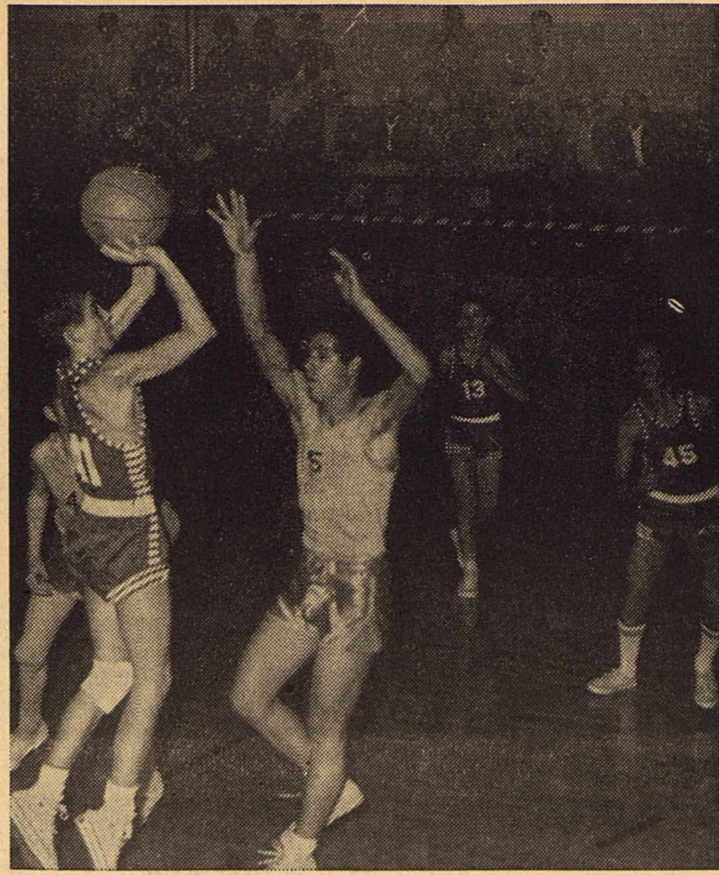

Friday and Saturday the Junior High held a basketball tournament. Del Rio won the championship, with Sonora as runner-up. Big Lake took third, and Junction received consolation. David Wuest and Erasmo Lumbreas received trophies for being on the All-Tournament Team.

Several of the former graduates of Sonora High were home during the past week. These include Carla Whitworth, Cleve T. Jones, Betty Jack Cooper, Dick McMillan, Bill Elliott, Maxie Delrie, Joyce Hearn, and Jack Hearn.

Last week's "Who's Who" was Libb Wallace. This week's unknown is a senior boy. He stands about five feet, nine inches tall, has hazel eyes and blond hair. He is known throughout the school for his crazy personality and cute sense of humor.

The G.A.A. girls have started practice for their volleyball season. Good luck this year, y'all!!! Mickey Hardegee was out of school Friday when she went to participate in the area contest with her flute.

The basketball team has done pretty well in their district games. They have finished the first round of games and now have to play each team again. Why not go out to the gym Friday night and support your team in their game against Eldorado.

THE SONORA JUNIOR HIGH TOURNAMENT was filled with action such as this displayed here with Jesso Cook going into the air for a jump shot. Going for the possible rebound is Erasmo Lumbreas (45) while Dick Bundy (13) looks on.

THE MYSTREY MAN in this week's Teen Scene is a senior boy, who is known throughout SHS by his cute personality. See next week's column for the answer.

Know Your Enemy!

Communists are an enemy to American patriots. Renegades are an enemy to right, but You are your own worst enemy. You alone are the one that keeps you from reading the Bible. You alone are the one that hinders your faith in its veracity. You alone are the one that keeps you from obeying its precepts. And YOU are the only one who can take YOU to Hell. Self must be conquered to find God. Self must remain conquered to live for God. Only God gives power to conquer self. Matt. 16:24, Romans 8:6-7, 1 Cor. 2:14 Only the word of God reveals your enemy. Take time to see what it says for yourself. The other fellow may tell you wrong. St. Luke 6:39 Remember! It takes no fight to go the wrong way.

Still more new cars and diesels, too, for Santa Fe.

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2 1/2 times; many haul double the tonnage of cars they replace. Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules. How can we help you? Just call your local Santa Fe Agent.

Sr. Citizens Urged to Examine Medicare

More than 900,000 Texans over 65 are eligible for coverage under the Medicare program according to Mrs. Patsy Yates, Texas A&M University Extension family life education specialist.

Mrs. Yates states that of this number, more than 55,000 Texans over 65 who are not now receiving social security or on welfare rolls are eligible. All persons concerned with the Medicare program should contact their local federal social security office now to obtain detailed information.

"We are interested in the senior citizens of Texas understanding any program that affects them—and the federal Medicare program is one that is extremely important to them. Because of this, we urge that senior citizens who are not drawing state welfare or federal social security contact their social security offices to learn the significance of the program to them," Mrs. Yates explained.

The local county Extension Service office advises eligible persons who desire detailed information about Medicare to contact their social security officer. The officer maintains an office at the County judge's office in the Courthouse on Friday from 8:30 to 10 a.m. on February 11 and March 11.
