## Twenty Miss Wool Finalists Visit Wool House, Caverns

By AUSTIN STOCKTON  
Twenty Miss Wool of America contestants arrived in Sonora on Sunday afternoon to visit Sonora Wool and Mohair Company and then tour the Caverns of Sonora. The girls entered Sonora in a

shiny caravan of new cars. Escorts from Goodfellow Air Force Base and chaperones accompanied the contestants. At the Sonora Wool and Mohair Company the girls were given a chance to see wool fleeces straight from the sheep. Fred Earwood and members of the Sutton County sheep and goat raisers association were hosts at the wool house. Earwood talked to the girls about the wool industry and the buying and selling of wool. Each girl took a sample of wool as a souvenir.

From the wool house the candidates for Miss Wool journeyed to Caverns of Sonora where the girls and their escorts were led through the caverns in groups of twenty-five. After a barbecue supper in the picnic area at the caverns a western dance was held. Lee Roy Val-

liant and the Melody Men provided music. Friday night one of the 20 beautiful contestants will be crowned Miss Wool of America for 1967. At this time many people across the nation for the first time will have the opportunity to watch and listen to the contest on a live color telecast. A portable microwave unit installed by General Telephone Company will make possible the pageant telecast.

Final judging will be completed during the program by a team of celebrity judges. The new Miss Wool will be crowned with the actual tiara Emperor Napoleon presented to Empress Josephine.

Another highlight of the wool show, with Jane Morgan and Donald O'Conner as special hosts, will be a look at some new fall fashions in wool. These fashions will be from 20 top designers and will be

modeled by the Miss Wool contestants. In this area the Miss Wool Pageant will be seen Friday in Sonora beginning at 8 p.m.

### Nelson Chadwick Dies In Australia

Nelson (Cedarberry) Chadwick, 50, former Sonora resident and a 1933 graduate of Sonora High School was killed instantly in a car wreck in Queensland, Australia, June 20.

Services will be held late Friday evening, June 30, in Roswell, New Mexico. Among those serving as pall bearers will be Wesley Sykes and Harold Garrett.

Mr. Chadwick and his wife, the former Vera Lynch, had been living in Australia for the past five months. They were engaged in farming.

Survivors besides his wife, are his parents, Mr. and Mrs. Jim Chadwick of Portales, New Mexico. He is also survived by two brothers, Aubrey and Glen and six sisters.

### Frank Savage, 71 Dies Suddenly In San Antonio

Frank Savage, 71, died suddenly at his home near San Antonio, June 24, 1967.

He was buried June 26 in Universal City cemetery.

Survivors include his wife and two daughters, Mrs. V. J. Glasscock and Mrs. R. D. Stephens of Marian and two grandsons.

### Downtown Lions Club Ladies Night Draws Near 150 to Hear Melvin Munn

A crowd of near 150 Downtown Lions Club members, their wives, and visitors attended the annual ladies' night supper Monday and heard Melvin Munn, "Life Line" speaker. After warming his audience with jokes, Munn challenged his listeners to involve themselves

in a government dedicated to a free, christian society of the future. He cautioned against accepting and embracing the theory that government can do a better job than the individual.

Jimmy H. Harris, outgoing president, was in charge of the program which began with a steak supper. Then the Davis sisters, Maxine, Irene, and Beth, accompanied by Mrs. James Wilson at the piano, sang a medley of songs.

Certificates of appreciation were presented to Boyd Lovelace and Rex Lowe. Both have been active members in the club, but they will soon move to San Angelo.

### Experiment Station Sets Angora Goat Field Day

The first Angora Goat Field Day will be held at the Ranch Experiment Station, July 7.

Jack Groff, sheep and goat specialist for the Texas Agricultural Extension service, said the program was designed to give those interested in Angora goats information which can be used in their operations.

Lunch will be served at the Station by the Sutton County 4-H Club. During the afternoon, station superintendent Dr. W. T. Hardy will welcome the group to the experiment station unit. J. W. Menzies, assistant animal husbandman at the station, will discuss the results of the first Angora progeny test. Gilbert Dunston, San Angelo, will discuss mohair marketing problems and give a demonstration on mohair grading.

Dr. Jim Bassett of Texas A&M's wool and mohair testing laboratory will report on fiber shrinkage test results and Gaylord Hankins, Rocksprings rancher and an official of the mohair promotion council, will report on the activities of the council. Groff said the program would be fast-moving but time would be available for questions and answers. He added that persons interested in Angora goats have a

special invitation to attend.

The program opens officially at 9 a.m. with president Stanley Lackey of the Texas Angora goat breeders' association from Junction opening the meeting. Those who arrive at the Station early will have an opportunity to look over the billies which have been in the progeny test, Groff said.

The morning session will be devoted to training in the judging of Angora goats and classes of buck kids, aged does and baby kids will be judged. Three judges from the TAGBA will make the official placings on the classes and one of the judges will give placing reasons on each class, Groff said.

### Angora Shearing Required for Shows

Angora goats which will be shown in the Sutton County 4-H Show and the Kerrville District Show must be sheared at the Sonora Livestock Exchange shearing pens starting at 8 a.m. Saturday, July 8, according to Clint Langford, county agent.

### V. Gorman Welch Is Commissioned As Game Warden

The Texas Parks and Wildlife Department this week graduated its 20th class of game wardens as 32 warden trainees received their commissions from J. R. Singleton executive director.

Venus Gorman Welch, one of the warden trainees receiving his commission, is scheduled to report to Van Horn, Culberson County, July 4 for his first duty assignment.

TWENTY FINALISTS and the 1966 Miss Wool (left seated) toured the Sonora Wool and Mohair Company and looked over fleeces of wool when they came to Sonora Sunday. From the warehouse the girls and their escorts traveled to the Caverns of Sonora for a tour, barbecue and western dance. Selection and

crowning of Miss Wool of 1967 will be held in San Angelo Friday evening and will be televised nationally beginning at 8 p.m. Below, Fred Earwood and others in a welcoming committee greet members of the Miss Wool caravan as they arrive at the wool house.

## CINDERS

by John T. King

Jim Barnett, the "Devil's" editor and regular writer of this column is on vacation. He left Wednesday afternoon when the paper was "put to bed" and headed for Houston, his home town.

Now when I go to Houston it's a natural expectation to wind up getting lost. What did Jim, a man born and reared in Houston, do? He got lost too!

The Texas Press Association held its annual summer convention in Galveston this year. Jim, Della, and I attended the three-day affair.

And each year at the convention Floyd Becker, vice president of the American Fidelity Assurance Company, appoints a Mr. X. The fiftieth convention to shake hands with Mr. X get a neat pad of fifty \$1 bills. This year's Mr. X was Raymond L. Martin of the Palo Pinto County Advance, and the fiftieth person to shake his hand was John King.

Becker told the story of a previous winner who came back to his home town flourishing the neat book of padded bills. The publisher took his friends to coffee, pulled out the book of \$1's, and tore one off to pay the tab.

"Not with that money you don't!" said the waitress. "I want some real money!"

Jim Barnett said he knew something good was going to happen on the trip. When he went to San Antonio his car broke down in Comfort and the "Devil" won two first place trophies. This time Jim's car broke down in Seguin and the "Devil" won \$50.

At the Downtown Lions Club ladies' night meeting Jimmy Harris, outgoing president, addressed a word of caution to the new president, Norman Rousselot. Norm will go to Chicago to the Lions convention soon and will march with the Lions down the streets of Chicago. Jim warned Norm not to get in the wrong group of demonstrators.

MICHAEL E. SMITH, June graduate of Texas Technological College, is here training under E. B. Keng, technician for the Soil Conservation Service, prior to being called to the armed forces as a second lieutenant. Smith was a member of the range plant judging team from the college which won the National judging contest for 3 consecutive years.

### Annual Community Worship Services Set For July 9

The Sonora Ministerial Alliance will sponsor the second annual community worship service on July 9, beginning at 7 p.m. with a basket supper on the courthouse lawn.

Everyone is invited to the supper and the service afterward to hear Dr. Donald Henning's message. He is rector of Saint Michael and All Angels Church of Dallas.

Dr. Henning is a native of Ohio, and was graduated from both Kenyon College and Bexley Hall Seminary, Gambier, Ohio, with the Ph.B. and B.D. degrees. Kenyon College granted him the D.D. in 1941; Southwestern at Memphis, the L.H. D. in 1953.

Dr. Henning served in North Africa and Europe as an army chaplain for thirty months during WW II and at the time of his release of active duty he was senior chaplain of the military railway service in the European theater of operations. During July and August of 1958 he was one of twelve American representatives in the pulpits of Britain.

He became the Rector of the Church of Saint Michael and All Angels on February 1, 1966. He is currently chairman of the department of stewardship of the diocese of Dallas.

### STEWARTS HAVE GUESTS

Mr. and Mrs. Peter Bretsky of New Haven, Connecticut, visited Mrs. Bretsky's parents, Mr. and Mrs. James Stewart, this past week.

### WAYNE E. MOORES VISIT

Mr. and Mrs. Wayne E. Moore of No. Little Rock, Arkansas, visited in the homes of George Smith and Wesley Sykes as well as other friends this past week.

Mrs. Moore the former Anita McMinn, taught in the Elliott and Central Elementary schools here before her marriage. She teaches 4th grade in Little Rock and Moore is a football coach.

## Sutton County Oil-Gas Provides \$1.2 Million

More than \$1.2 million a year of economic stimulation for Sutton County flows from its oil and gas wells each year, an annual study by Texas Mid-Continent Oil & Gas Association showed today.

"As one of the 206 producing counties in Texas, Sutton County's economy is sensitive to fluctuations in the oil industry generally," commented W. A. Landreth, Fort Worth association president. "Long range, the demand for oil looks strong and current production rates continue to provide Texas a major source of its income.

"On the other hand, Texas operators are beset by competition from other oil producing areas, government ceilings on natural gas prices, heavy tax payments, and a price for crude oil that is insufficient to encourage the amount of exploratory drilling that is needed to find future reserves."

Based on latest U. S. Bureau of Mines production figures, Sutton County in 1965 produced 4,100 barrels of crude oil, valued at \$12,200 and 9.0 billion cubic feet of natural gas valued at \$1.2 million, and ranks 168th among Texas counties in production.

A major distribution of income from sales of oil and gas went to county landowners in royalty payments totaling more than \$147,550. In 1966, a year that saw drilling in Texas fall to its lowest level since 1947, oil and gas operators

RELAXING IN THE OLD-TIME DENTIST CHAIR at the Caverns of Sonora is Miss Wool contestant from Utah, Janet Johnson. Final selection of Miss Wool will be made Friday evening in San Angelo and the program will be televised nationally in color beginning at 8 p.m.

MISS WOOL CONTESTANT, Cristin Czarnechi, and escort John Seybolt savor the atmosphere at the Caverns of Sonora as they sit on the porch of the headquarters building. The Miss Wool contestants were in Sonora Sunday for a tour of the Caverns of Sonora and a western dance and barbecue.

Cecil Westerman Would Like To Be Your Pharmacist

YOUR MINISTER SAYS

by the Rev. Arno H. Melz  
"In hell he lifted up his eyes, being in torments, and seeing Abraham afar off and Lazarus in his bosom, and he cried and said, Father Abraham, have mercy on me and send Lazarus that he may dip the tip of his finger in water and cool my tongue; for I am tormented in this flame." Luke 16:23-24

In this age of advancement many people are indifferent to the Word of God. There are many in our community that do not attend church, and could care less. Some worry occasionally, but quiet their conscience by saying, there isn't any hell. The above verses are part of a sermon by Jesus, and He declares there is a hell, a place of torment waiting for the unbelievers after they die.

The rich man was no different from many of our local citizens. He was a believer, but he did not have time to do the things God taught. It was not what he did, but what he did not do that sent him to hell. Because he was a man that knew God's Word, but did not live by it, he refused to help Lazarus who was sick and hungry. This man had too many pleasures of the world to take his time. He may have used some of the same excuses people use today, when asked about their spiritual neglect.

The sad ending is that he went to hell, and lived in torment. Take a look at your life to see where you are going. Are you a person that can get along without God? Never have to pray, read His Word or hear it? Do you feel it is a waste of time to meditate? Perhaps you make fun of the people that do believe in God and follow His Word to the best of their ability? If you do you may someday be asking them to cool your tongue with water, as did the rich man.

Accept Jesus as your Savior and you will find forgiveness of sins and eternal life. Reject Jesus and go to hell. The choice is yours to make. If you haven't made your choice do it today, accept Jesus. Amen!

If a salesman you want, use a "Devil" Want Ad. Phone 387-2222 Now!

MARTIN PLUMBING

Phone 387-2766 Sonora

THIS BLIND CRAFTSMAN, Manuel Mendez, is employed at the West Texas Lighthouse for the Blind in San Angelo and is engaged in custom chair recaning work for area people. Chairs or other furniture needing this type of work are brought to the Lighthouse at 30 North Chadbourne where visitors can see the quality work being done by trained blind craftsmen who proudly and expertly practice their crafts.

Texas Water Development Board States Crockett Abundant in Water

Much more underground water is available for development in Crockett County than now is being pumped, according to Texas Water Development Board's latest report.

Total pumpage of water in the county in 1963 was about 5,670 acre-feet. Approximately 45,000 additional acre-feet could be pumped annually from the Edwards-Georgetown aquifer alone, the publication notes.

Report 47, "Occurrence and Quality of Ground Water in Crockett County, Texas," was written by Hilary H. Iglehart. It was prepared by the Water Development Board in cooperation with Crockett County Commissioners Court.

Water quality in area wells varies greatly, but generally is good. Typically, water is hard and high in fluoride content. Only a few wells are considered unusable.

At several places in the county, oil-field brine has been disposed of by undesirable methods such as dumping it directly on the ground or storing it in open, unlined surface pits. Locally, lower water quality has resulted from these practices.

The report says injection of brine deep into the ground is the best method of disposal at present. Disposal by injection into overflowing wells or wells with corroded casing, however, may contribute to water contamination.

Copies of Report 47 may be ob-

What people are saying about...

A CLEAN BREAK WITH THE PAST

"SOLD ON IT!" say the Derwood Langstons of 107 Maple Street, McCamey, Texas.

Mrs. Langston talks about electric cooking. "I love it," she says. Mr. Langston talks about the comfort of electric heating and cooling. "Sold on it," he says. He also talks about the "very reasonable cost of operation." "Wouldn't any man? When you can cook, clean, cool, heat, light, do the dishes and the laundry for a family of five (and two of them teenage daughters) at an average cost of only \$26.37

per month, you are talking 'most any man's language!

The Langstons' inviting frame home has 7 rooms, 2 baths and a sewing room—2,000 square feet. They have electric base-board heating and evaporative cooling. Major electrical appliances include a range, dryer, washer, dishwasher, refrigerator and freezer.

Why don't you join the swing to total electric living and find out what you'll have to say on the subject.

Make a clean break with the past...convenience and comfort are great in Total Electric Living

THE DIMENSIONS OF LIBERTY

Have you ever taken her measure?  
— from base to torch: 151' 1"  
— from heel to top of head: 111' 1"  
length of hand: 16' 5"  
index finger: 8' 0"  
finger nail: 13" x 10"

But these are the dimensions of a statue only. The dimensions of liberty are greater.

And one of these is faith in God!  
The desire to worship faithfully and freely according to the dictates of one's own conscience inspired the birth of our Nation.

And to this day, every hymn, every prayer, every act of reverence and service and sacrifice which flows from our hearts toward God...

SONORA'S PEEWEES beat the Junction pee-wees 23-8 when they played at Charnax Field on a recent Saturday afternoon. Shown here are Gil Favila, Robert Hemphill, Charles Meador, Leroy Chavarria, Agapito Herrera, Allen Conger, Felipe Leyva, Richard Sewart, and Renee Samaniego.

## OUTDOORS IN TEXAS

BY VERN SANFORD

By Vern Sanford  
A new lake now being built on the Texas-Louisiana boundary line can swallow any other body of water in Texas.

No doubt it will furnish one of the greatest recreational areas available to residents of the southwest. In fact it could be that this new lake may even have more appeal than the Gulf of Mexico for the man who wants to play.

Toledo Bend Reservoir is its name!  
It will be created by a huge dam now being constructed across the Sabine River near the little town of Wiergate, some 20 miles east of Jasper.

When completed the dam itself will be nearly two miles in length. River channel at this point will be a little more than 100 feet in depth.

Water will back up the Sabine for 65 miles to Logansport, where Panola and Shelby counties corner at the Louisiana state line. It will cover 180,000 surface acres and impound something like 5,000,000 acre-feet of water. Approximately one-third of the reservoir will be in Texas, with the remainder in Louisiana.

But figures beyond this point are mostly for engineers and bankers. To the outdoorsman they mean that Texas and Louisiana will have a lake much larger than Lake Texoma. Furthermore, it will be in some of the most beautiful and productive areas of the southwest.

There is no question about the fish it will produce or the recreational advantages it will provide. Toledo Bend Reservoir is being built without federal aid. (Something really great in this country.)

The Sabine River itself is an historic stream which forms a 270-mile meandering boundary line between Texas and Louisiana. It passes through rich agricultural

and timber lands and a great deal of timber now is being removed. It will be necessary to relocate a score of roads, hundreds of homes and more than a dozen cemeteries. Prediction is that the dam will be completed in 1970.

East Texans already are predicting that Toledo Bend lake will yield 12-pound black bass. Perhaps this prediction is based on the tremendously large catfish presently being taken from the Sabine River. Many catfish weighing 70 pounds or more have been taken from the river.

Toledo Bend also should make one of the finest crappie lakes to be found anywhere. Mostly they will be black crappie. These require a lower pH factor than do the white crappie of Central Texas lakes.

Kentucky spotted bass, now found in Texas' deep-water lakes, also will provide a great many thrills for anglers at Toledo Bend Reservoir.

Texans can look forward with pleasure to this great new lake, larger than anything else available in the Southwest.

## Social Security News Especially For Young Families

Why should a man with a wife and young children concern himself with anything that seems as far away as social security? A new booklet, "Social Security Information for Young Families," specifically designed to answer this question is now available, social security district manager, Ted F. Moelner announced today.

"Social security is not just a retirement program, and it is not just for old people," he said. This new booklet gives the young worker important information about the survivors and disability protection that he and his family have now.

Nine out of ten families in Sonora have social security survivor protection which can amount to over \$75,000 in benefits if the bread winner in the family should die.

Disability insurance is the other social security program of particular importance to the young worker. After just five years of work under social security the worker and his family are eligible to receive monthly benefit payments if he should become severely disabled and the condition is expected to last a year or longer.

This booklet explains in detail survivors and disability protection, what it can mean to a family, and how to make an application should it become necessary. Also included is information on how to check your social security account and the financing of social security.

Copies of this pamphlet may be obtained without charge from the Social Security office at 3000 West Harris, San Angelo.

## Holiday Festival At Fredericksburg July 2, 3 and 4

Fredericksburg's Fourth of July festival will be held July 2, 3 and 4 at the Gillespie County Fair Grounds.

Horse racing will be each afternoon's featured entertainment. Horses will run daily in races ranging from short sprints to a mile and 70-yards in length.

Opening day's feature will be the five-eighths mile merchant's derby and the finale to the meet will be the annual independence derby of a mile and 70-yards in length. Distance races will be on each afternoon's program.

Pehl's Old Time Brass Band will play concert music daily.

Reserved seats are available for each of the three days, according to fair president E. W. Stroehrer.

MARK HEMPHILL and BOB WHITEHEAD are practicing their riding in the arena at Camp La Junta, a western camp for boys located at Hunt.

## Lengthening of 1967 Deer Season Possible for Some Texas Counties

Sportsmen, landowners and wildlife biologists will explore the possibility of expanding the 1967 deer

season in some counties under direct authority of the Texas Parks and Wildlife Department at the annual county hearings on game and fish regulations.

## Range Weed Control Booklet Available

A revised edition of range weed control has been released by the Texas A&M University Agricultural Extension Services, County Agent, D. C. Langford, points out. Methods of mechanical, biological, and chemical controls are listed, and the various advantages and disadvantages discussed. Precautions on the use of herbicides are suggested and a list of safety rules is provided.

Management following the use of these controls is developed to enable the rangeman to maintain a high level of production. A range management guide is listed to provide guidelines for profitable management.

The new publication, "Range Weed Control," MP-746, is now available at your county agent's office.

In the Edwards Plateau, Oak Prairie and South Central regulatory areas sufficient interest has been indicated in having an early season on antlerless deer and the subject of a deer season extending into January to justify placing the subject on the county session agendas according to the Department. A Department spokesman said no recommendation is being made at this time on the above topics and that the subjects are merely being opened for broad consideration at the county meetings.

The county meetings are required under the law to give all interested persons an opportunity to discuss proposed game and fish regulations. Recommendations from the county level are then relayed for finalizing seasons in the different areas at the regular July meeting of the Texas Parks and Wildlife Commission.

## Rocksprings Annual Rodeo Event Set July 2, 3, and 4

The Rocksprings annual rodeo has been set with performances scheduled Sunday, July 2, and Monday, July 3, at 8 p.m., and Tuesday, July 4 at 2 p.m. and 8 p.m.

Barbecue will be served twice each day of the event.

Mrs. Dollie Connell will be crowned queen of the old settlers, and she will head the parade scheduled for Tuesday morning at 9:30. Mrs. Otto Clout is princess and Mrs. Barney Weaver is duchess in the court.

Ex-students and old settlers are invited to attend the reunion held at Edwards County Park Building on July 4. Rocksprings Music Club will have a tea in the afternoon for the visitors.

## New Texas Driver Safety Act Provides Far-Reaching Motorist Protection

Great strides were taken to protect motorists on Texas highways when Governor John Connally signed his traffic safety program into law.

The first of the series of bills, the Traffic Safety Act of 1967, provides for authority of the Governor to establish a statewide traffic safety program which provides for research and developmental projects and direct cooperation of state agencies. The Act also provides for a Traffic Safety Fund into which all funds received for the purpose of implementing the Act of 1966 which requires all state governments to establish government-administered highway safety programs or lose 10 percent of the federal money.

Texas drivers' licenses will soon take on a new look by the addition of a picture of the licensee on laminated cards. Drivers' licenses for persons under 21 years of age will

be provisional and a different color than those issued to adults. The color of the license and the picture will help liquor store operators determine whether or not a customer is a minor.

Drivers' licenses applied for on or after January 1, 1968, will be renewable every four years on the birth date of the applicant at the rate of \$6 rather than the present \$3 fee. A fee of \$1 will be charged for duplicate licenses.

In order for an applicant to get a drivers' license he must be 18 years old unless he has completed a driver education course approved by the Department and is 16 years of age. Those who take driver education however, will as in the past, be granted a 10 percent discount on their bodily injury-property damage-medical payments and collision insurance by all insurance companies in the state who follow the prescribed rates set by the State Board of Insurance.

The only exceptions under which a license may be issued at the age of 15 are hardship cases and where the driver has completed the classroom portion of a driver education course and drives only with a licensed adult driver in the front seat with him. Previously the minimum age for obtaining a drivers' license was 14.

Effective January 1, 1968, all motorcycle operators and passengers will be required to wear protective headgear which meets the minimum safety standards set by the Department of Public Safety. Any person violating the law is guilty of a misdemeanor and upon conviction, may be punished by a fine of not less than \$10 nor more than \$50.

The fee for inspection of motor vehicles will be raised to \$1.75 rather than \$1.50. Now on the mandatory inspection checklists are front seatbelts where seatbelt anchorages are part of the manufacturers original equipment, wheel, rims, and steering.

## Broad Assortment Of Cheese Available

The broad assortment of cheses available at dairy counters today makes the shopper wonder what accounts for the vast differences in prices in many of them.

Gwendolyn Clyatt, Extension consumer marketing specialist with Texas A&M University, suggests that in order to find the relative cost of various cheeses, compare the price of equal weights of cheese.

Aged or sharp natural cheeses usually cost more than mild ones; imported cheeses frequently are more expensive than domestic ones; and prepackaged, sliced, cubed, or grated cheeses may cost more than wedges or sticks. Cream or cottage cheese flavored with chives, pimientos, or other ingredients sometimes are more expensive than similar cheese bought plain and seasoned at home. Pasteurized process cheeses often cost less than natural cheeses.

Most cheeses are served at room temperature to bring out characteristic flavor and texture. Cottage cheese and other soft, unripened varieties are served directly from the refrigerator. Remove hard varieties from the refrigerator at least an hour before serving, but do not allow cut surfaces to dry out. Remember that any cut apples and pears you may be serving with the cheeses darken unless dipped in lemon juice or other citrus juice.

### from HISTORY'S SCRAPBOOK DATES AND EVENTS FROM YESTERYEARS

June 27, 1957  
Postmaster James D. Trainer, announced last week that the Post Office will close a half hour earlier during the summer months.  
Betsy Ross, daughter of Mr. Mrs. Joe Brown Ross, is attending the National Intercollegiate Tennis Tournament for college women in St. Louis this week.  
June 27, 1947  
A follow-up rain, unusual for this time of year, fell Monday to give Sonora its second rain in less than a week.  
The Sutton County Ropers Association will hold its second calf roping contest Sunday at the race track.  
The Saturday Night Club met June 21 in the home of Mr. and

Mrs. Edwin Sawyer.  
June 25, 1937  
114 goats were dipped Saturday morning at the Joe Berger ranch in a demonstration, conducted by O. G. Babcock of the U. S. Department of Agriculture and H. C. Atchison, county agent. The new round vat on the Berger ranch is five feet deep and cost about \$50, Mr. Berger said.  
Wesley Sawyer and Jack Shurley left for Washington for the National Scout Jamboree. They will go to Holland after the Washington encampment for the World Jamboree.  
Miss Nancy Dawes, sister of Mrs. W. T. Hardy, has accepted a position as public school music teacher in Ozona next year.  
Mrs. B. E. Cartwright and daughters, Katherine and Billy are visiting her sister, Mrs. C. A. Lloyd in Roscoe.  
65 Years Ago  
Kid Estes the well known boxer of San Angelo is in Sonora and wants to arrange a setto with some of our fighters.  
Bill Ike Babb came here Sunday from the Pecos.  
Abe Mayer bought the W. R. Rudicil bunch of cattle, about 200, at \$16 a head.  
S. I. Nicks was in from the ranch Monday shaking hands with his old friends.  
Ed Martin the handsome young cattleman was in Sonora Wednesday and reports having bought the lower well ranch and 10 sections from W. F. Luckie for \$1500.

## -Editorials-Features-Columns-

### INDEPENDENCE DAY

The 4th of July is upon us again, and there should be a firm re-dedication to the principles and ideals that brought forth the "great experiment" in human liberty—the United States.

It is customary to recall with reverence an immortal remark of one of the nation's founders on this most important of dates, but perhaps at this time in our history, it would be more timely to quote a

political science at Mercy College, New York. The professor says, "the Constitution is just a piece of paper which can be scrapped if it has outlived its usefulness. Just like anything else." According to his remarks, as reported in the Portland, Oregon, Journal, the basic political and cultural system of the United States must be revised even if it means a revolution culminating in violence.

Fortunately the professor is pro-

tected by the very Constitution he belittles. Like any other citizen, he may speak his mind without fear, which in itself shows that we have kept faith with the founders of our nation. Because of this faith, the professor may speak with intemperance. Our detractors notwithstanding, the 4th of July has a deep meaning for most American citizens, and it will be so commemorated this year as it always has been in the past.

### Devil's River Philosopher Suggests Limiting Future Wars to Four Days

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River thinks he has learned something from the recent war in the Mid-East, his letter indicates this week.

Dear editor:  
As I understand the news now about the Israeli-Arab war (by the way, why doesn't the United Nations Security Council pass a resolution limiting all future wars to four days? How long do you think football would last if a game went on for days and days?) Israel was fighting to maintain its right to the use of the Gulf of Aqaba and the Suez Canal by its ships or, as it's put in international diplomatic language, "innocent passage" through those waters.  
Up till now I'll admit I wasn't familiar with that nautical term, "innocent passage," but I see what it means and would like to recommend a more widespread appli-

Mrs. Brad Henley and children, Dixie, Teddy and Royce Rode of Hubbard are visiting Mr. and Mrs. G. T. Rode.

### Legal Notice

CITATION BY PUBLICATION  
THE STATE OF TEXAS  
TO: Walter M. Johnson, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 112th District Court of Sutton County at the Courthouse thereof, in Sonora, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of August A. D. 1967, to Plaintiff's Petition filed in said court, on the 17th day of April A. D. 1967, in this cause, numbered 1516 on the docket of said court and styled Mary A. Johnson, Plaintiff, vs. Walter M. Johnson, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: A Suit for Divorce, as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Sonora, Texas, this 19th day of June A. D. 1967.

Attest: Erma Lee Turner, Clerk, District Court 112 Sutton County, Texas 4c41

### Social Security Benefits Increase 11.7 Percent for Sutton Countians

Social security benefits amounting to \$256,160 were paid to residents of Sutton County last year; up 11.7 percent from the year before.

At the end of 1966, 365 men, women, and children were receiving benefits at a monthly rate of \$21,430, Ted F. Moellering, social security district manager in San Angelo reported today. "259 were older people," he said, "receiving benefits as retired workers, the wives and husbands of retired workers or aged dependent parents of workers who have died."

But social security is not just for older people, Moellering pointed out. 63 young widows and children in Sutton County were receiving monthly benefits amounting to \$3,021 at the end of December. 34 disabled workers and dependents were receiving benefits at a monthly rate of \$1,605.00. Practically every young family in Sutton County has survivors protection under social security that can be worth \$75,000 or more, and equally valuable disability insurance protection.

"The average worker," he said, "can expect to collect more than the value of his social security tax contributions just in the benefits payable to him and his wife in retirement." If he does not live to retirement, his family stands to collect far more than the contributions he has paid; and the same will be true if he should become totally disabled for work before 65. Monthly payments to the family

of a worker who dies, leaving two or more children, can range from \$66 to \$368 a month, depending on the worker's average earnings under social security.

## Aug. Youth Rodeo Set At Uvalde

The Uvalde Youth Rodeo has been set for August 25 and 26 for high school age students and younger.

The entry fee is \$3 for each event except for age 7 and under and the entry fee is \$2.

Admission fee is 25 and 50 cents for the 8 p.m. performances. Mrs. Charles Raine, secretary for the association, states that the books will close for entry in the events on Thursday, August 24.

The world's largest collection of manuscripts by Robert and Elizabeth Browning resides at Baylor University. The collection is in the Armstrong Browning Library.

## GREEN NEWS

We want to welcome the new prospective golfer, Rebecca Jane, daughter of Mr. and Mrs. Mickey Powers. She tipped the scales at 8 pounds 8 ounces on June 14, 1967.

The July 4th women and men partnership has been scheduled. You guys and gals partner up and have a big time. There is talk we might take part of the entry fee and have a feed about 8:30.

Men who don't have women partners — we will figure out some kind of tournament for you. Do your dangdest to get you a gal and play.

Putting tournament scheduled for Monday evening 8 p.m.—all you putting enthusiasts let's play!

There will be a place on the bulletin board to sign up for this tournament. The fee will be \$5 per team. Further information, if any, will be put on the bulletin board.

Recently in a tournament at Roswell, Chris Berger made a hole in one on number 9. Good shooting!

On a weekend to Chandlers, J. Neville and George Johnson placed second in the championship flight. Also going to Chandlers were Mr. and Mrs. Darcy Carroll, Mr. and Mrs. Buddy Brown, James and Peggy Trainer, Sammie Espy, J. and Jo Neville, George Johnson and Batts Friend.

In the San Angelo partnership tournament participating were J. Neville, Norman Rousselot and Jerry Hopkins.

At the womens open tournament at Lubbock Sammie Espy and Bobbie Fawcett made a good showing. Bobbie won the consolation in the 6th flight while Sammie shot very good in the 3rd flight.

Batts Friend and George Johnson have just returned from the tournament at Marfa. The first day they were runners up.

The ladies auxiliary met this

last Wednesday at the Gulf Restaurant. Sammie Espy and Monica Davis served as hostesses. A cold plate luncheon was served.

A short business meeting was held during which the new officers were elected for the year. They are president, Libbye Lowe; vice president Peggy Trainer; secretary, Jo Neville; treasurer, Pauline Thompson and reporters are Sue Adkins and Yvonne Carroll.

Our new vice president is also the chairmen of the ladies golf play. All of us think we should have something new each time, Peggy, so get the "old brain" working.

The auxiliary would like to welcome Nova Olinick, our new member. We hope to see a lot of you in the future.

Golf socks were given as prizes for team play for the previous month. Prize winners were Jo Neville, Ann Hill and Ernestine Hext.

A few new hazards were noticed by the women Wednesday. Besides the work being done on the greens, we had to play over and around a road-grader. Seem to be really keeping every thing in good shape.

In Wednesday's ladies play Wanda Cahill won low net, Yvonne Carroll won low gross, and Sue Adkins won low putts. Putter covers were given as prizes.

All the members of the Auxiliary wish to thank Sammie Espy for the wonderful job she did this past year as president.

## Del Rio Horse Show Set for July 18

The District 6 4-H Horse Show will be held at the rodeo arena in Del Rio Tuesday, July 18, according to D. C. Langford, county agent. Judging of the halter classes will begin at 10:30 a.m. The judge will be Polly Hollar of Houston.

All 4-H members must have an up-to-date 4-H record book to be presented to officials at both the district and state 4-H horse shows.

All registered horses must have papers which must be presented at the time of registration at the show, and all entries must be certified by the county agent, signed by the parents and the club member. Entries along with an entry fee of \$2.50, must arrive before July 17.

Langford especially called attention to the fact that no stallion classes would be in the district or state 4-H horse shows. Halter classes at the district and state shows will include Class 1 registered mare, any breed, five years of age and over, Class 2 registered mare, any breed, under five years of age, Class 3 grade mare under 14 hands 3 inches.

Class 4 grade mare 14 hands 3 inches and over, Class 5 Champion and Reserve Champion mare, Class 6 registered gelding, any breed, five years of age and over, Class 7 registered gelding, any breed, under five years of age.

Class 8 grade gelding under 14 hands 3 inches, Class 9 grade gelding 14 hands 3 inches and over, Class 10 Champion and Reserve champion gelding, and Class 11 showmanship. Participants will be selected from halter classes by two or more judges and brought back to compete in this class.

Performance classes will be Class 12 Western Pleasure, Class 13 reining, Class 14 Pole Bending and Class 15 barrel race.
