## Building Time Extension Granted by School Board

The Sonora School Board approved an extension to the time clause in the school's contract with the H. V. Burk Construction Company for the new buildings at the central school location and L. W. Elliott School.

On a motion by member L. P. Bloodworth, the extension will be until September 19, and will include normal extension of days lost due to bad weather.

The original completion date in the contract was August 19, and

is based on calendar days. A penalty clause in the contract gives the School Board authority to assess a \$50 a day penalty on the contractor if completion is not made on the agreed date.

H. V. Burk, owner of the construction company, told the board that the main problem on the building was a shortage of workmen. "Carpenters, particularly, were hard to find. We had to pay them above the San Angelo scale to keep the ones we had."

Burk also said that work on Interstate Highway 10 and construction projects for HemisFair 68 in San Antonio had drained much of the labor force from the area. He also said that the recent railroad strike held up the delivery of some of the materials.

Both architect John Gary and clerk of the works, Ray Dunlap, agreed that an extension would be possibly beneficial to all the parties involved.

Gary said, "The speed of the work on the building has increased considerably in the past month and a half."

Member Bob Teaff, also agreed strongly with the extension. He said, "We are getting a good job from these people and even if we give the extension we still save money on the contract." The next lowest bid on the project was \$10,000 higher. The extension will not go over the other contractors time bids.

Members present at the regular meeting Monday, August 24, were Armer Earwood, president, Gene Shurley, L. P. Bloodworth, Jr., George Wallace and Bob Teaff.

**New Teachers**  
On the recommendation of superintendent of schools Ralph Finklea, four new teachers were hired for the coming school year.

Mrs. Ray Barleman was hired to replace Mrs. Alma Conaway as sixth grade teacher at L. W. Elliott School. She has one year of experience. Mrs. Conaway resigned to accept a position in the Brownwood schools.

Mrs. Joycelyn Hepburn will replace Mrs. Dennie Hays in commercial subjects. She has had teaching experience and also business experience.

Mrs. Gwendolyn Kordzik has been hired to teach girls physical education. She has about 10 years experience.

Mrs. Ethel Mae Olsen will begin here with teaching experience in Germany, Saudi Arabia and the United States.

According to superintendent Finklea, all of the vacancies made by resignations have been filled.

**New Car**  
Board members authorized Finklea to draw up specifications for a new station wagon for school use. Finklea said that old car would not be dependable enough on long trips. It is the 1957 model used to transport the cheerleaders to football games.

## Two Hospitalized In Auto Accident

An automobile accident about four miles South of Sonora on U. S. Highway 277 early Sunday, August 13, hospitalized two Sonorans.

Wes Granger and Batts Friend were admitted to Hudspeth Memorial Hospital, and according to administrator Albert Everett, are in satisfactory condition. Wade Stokes, driver of one of the trucks, was not injured. Granger suffered a fractured arm and ribs and Friend suffered multiple bruises, Everett said.

According to accident investigator, Bryon Smith of the Department of Public Safety, the two vehicles were approaching each other and collided after the truck driven by Stokes moved in the path of Granger's truck. Granger's truck overturned. The other, belonging to Friend, remained upright. The point of impact was at the left front fender of each vehicle, Smith said.

### SHIRLEY HUBBLE IMPROVES

## Injured Eldorado Girl In High Spirits Here

Accidents easily injure the body; but the spirit is made of stronger stuff. At least as far as Shirley Hubble, 17, of Eldorado is concerned.

Shirley suffered a severe brain concussion last July 3, in an automobile accident in front of her parent's Eldorado home. She is the daughter of Mr. and Mrs. W. D. (Bill) Hubble, and has a twin sister, Stella, and a brother, Billy, 13. Hubble is an employee of Southwest Texas Electric Cooperative.

Shirley suffered the injuries as a result of striking her head against a door post in a car driven by Bobby DeLong of Eldorado. The collision threw DeLong from the car and slightly injured him. The driver of the other car was not injured. Until July 27, Shirley remained in a coma in Hudspeth Memorial Hospital. She is now able to walk with the aid of a support and Monday experimented with walking without assistance of the device under the watchful eye of her father.

Hubble said that the accident was a terrifying experience. "When my wife and I got to the car, it was apparent that Shirley was not breathing." He said he quickly applied mouth-to-mouth resuscitation but was not completely successful. He said, "She had apparently swallowed her tongue and it was difficult to get air into her lungs." An Eldorado truck driver, George Mill-sap, who was on the scene of the accident was able to successfully administer mouth-to-mouth resuscitation until an ambulance arrived with oxygen equipment.

Hubble said he told the driver to go to the nearest hospital, which was Hudspeth. "It seemed like the slowest trip I ever took," Hubble

Mr. Johnson is survived by his children, Robert D. Johnson, local manager of the Chamber of Commerce and Mrs. Emerald Smith of Corpus Christi. Mrs. Smith taught in Central Elementary school for the past several years. He is also survived by two brothers, Elmo Johnson and Alvis Johnson.

Services will be held at the First Baptist Church at 4 p.m., Thursday, August 17, with the Rev. Rodney C. Dowdy officiating. Pall bearers are Marvin Ashley, Ray Ashley, Lloyd Ashley, Robert D. Johnson Jr., David Smith and John David Fields.

Harris will be in charge of water, sewer, and street departments, will oversee general operation of the City systems, coordinate various departments, and help with long-range planning for the City.

Prugel, in making the announcement, said the council felt that a more effective operation would result from the addition. Commissioners are W. B. McMillan and Fred Earwood.

R. M. McCarver, 66, will be manager for the city's electrical system. He came to Sonora 24 years ago as plant manager and since that time has held this and other positions with the city, but his specialty has been in electricity.

Harris came to Sonora in 1950 as bookkeeper for Stockmen's Feed. He was named manager in 1956 and has since held that position. He studied accounting at San Angelo College.

He and his wife, Annie Lou, have three children: Allen, 10; Robert, 7; and Jana, 5.

In other business the City Council approved selective wage increases for city employees.

## CINDERS

by Jim Barnett

Someone once said that man made his biggest mistake when he allowed women to obtain a driver's license.

The reported problem of women drivers is not as new as most people may think.

According to Petroleum Today, a magazine published by the American Petroleum Institute, Gaius Julius Caesar was not only an accomplished general and statesman, but also a traffic engineer.

During his time, some parts of Rome had areas for pedestrian traffic only and one-way streets. He also took steps to combat downtown parking.

While modern cities have their problems with smog and auto horns, ancient Rome had dust, the clatter of hooves and roar of chariot wheels.

The farsighted Caesar, however, apparently conquered the alleged problem of the woman driver. He made it illegal for lady charioteers to drive in Rome on Sundays or at times of heavy traffic.

### Keep It A Happy Day

Labor Day is just around the corner. The symbolism of the day has been lost to many in the enjoyment of the good life. Never in history has such a high level of well-being been the lot of so many people. For most of us, the struggle and deprivation of the centuries have faded into the limbo of history and are no longer comprehensible.

Since this is the case, it may be the better part of wisdom to consider some of the practical as-

pects of Labor Day as it is now observed. Coming as it does at the end of summer, it is an invitation to one last fling. This means countless millions of us will take to the highways and byways, to mountains, lakes and the sea. An army of attendants, maintenance crews, firemen, police, first-aid and rescue personnel will be on hand to minimize the casualties. Their task is formidable at best, and unless holiday throngs co-operate, it becomes a hopeless

rearguard action. So this Labor Day, drive carefully, put out your campfire, handle firearms with care and use common sense precautions around "the old swimming hole". Above all, remember there will be other holidays and other trips. Don't leave the countryside a no man's land of litter. There are millions of litter receptacles around the country. They are there to help preserve the beauty of the land—so let's use them.

### A Strength Of Freedom

Although there are no two individuals alike in all the world, the human animal does have some common characteristics, both good and bad. One of the better ones

seems to be that the greater a person's education and awareness of current events, the more anxious he is to express his opinion on issues affecting his life or his nation.

Judging by all the uproar that various minorities are raising in the United States about everything from the personal integrity of our highest public officials to birth control, civil rights and the Vietnamese war, it would appear that this country must be succeeding in educating and sparking the intellectual involvement of a good share of its citizens. Admittedly, not all of this protesting makes good sense and some may border

on the downright illegal. But, short of offending public decency or endangering the national security, the right of free expression of opinion is fundamental in our governmental system.

It seems likely that as the Soviets achieve their purpose of raising the educational level of their people, more Russians will want to think for themselves, and what is worse from the Kremlin point of view, express their opinions freely. In the age of mass education and communications, the human urge to express an opinion may gradually make inoperative the machinery of oppression.

**STATE Capital NEWS**  
By VERN SANFORD

One day after receiving a 40-year service award from the Texas Highway Commission, State Highway Engineer Dewitt C. Greer announced his retirement.

AGENCIES — A deed has been signed by the School Land Board giving the United States the minerals under 47,995 acres in Guadalupe Mountains National Park.

Two days of hearings, October 17-18, have been scheduled by the Texas Water Rights Commission on proposed cancellations of unused water rights for diversion of water from the Rio Grande, indicating that the Commission will apply the newly passed Water Rights Adjudication Act to Rio Grande rights first.

Water Rights Commission has found that directors of Brazoria County Water Control and Improvement District No. 8 have failed to comply with the law by appointing directors to fill vacancies for which there is no unexpired term of office; by not holding annual elections for directors; by assessing taxes which are not equal and uniform; by not appointing a board of equalization; by collecting too much from the District for services and expenses; and by not calling a special election to fill vacancies.

Board of Insurance put the new driver penalty point system into effect on August 1. By levying \$6,439,362 in penalties on drivers who had wrecks or serious traffic offenses during the year just ended, the Board was able to cut average rates by one per cent.

Lt. Gov. Preston Smith, acting as governor while Connally hunts in Africa, called on Greer at his office to present him with a framed copy of a proclamation making August 4 "Dewitt C. Greer Day" in Texas.

**SUCCESSOR NAMED** — Succeeding Greer on January 1, will be Asst. State Highway Engineer J. C. Dingwall who has been with the Department since 1928 except for the World War II years when he served in the U.S. Army Corps of Engineers and four years he spent as Engineer-Manager of the Texas Turnpike Authority, supervising the financing, the design and construction of the \$58,000,000 Dallas-Fort Worth Turnpike.

The Devil's River Philosopher sez:  
**Professional Jurists Might Hasten The Whole Judicial Procedure**

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River comes up with an odd idea this week, but it's not the first time.

I was looking over a three-weeks-old newspaper I found in some weeds out here on my ranch yesterday— you know, there's a lot to be said for a paper that old, what was headlined as a major crisis then by now has turned into something you can hardly remember, and you can relax and read worry-free.

At any rate, over on an inside page I read about a murder trial where it already had taken five weeks to pick a jury and they were still three short. I presume they finally made it, but that's beside the point. I thought of something else.

I talked with a neighbor who got called to jury duty some time past and he said as he understood it, the job of lawyers on both sides was to find 12 people who didn't know anything about the case.

With newspapers, radio and television going 24 hours a day, not to mention women, this is getting harder and harder to do.

Therefore, I have a suggestion for the courts. Why not specialize? If you're going to send some men on a space flight, you don't go out on the street and pick up a few, do you? Of course not. You pick them carefully ahead of time and then keep them in train-

## A PARSON'S EYE-VIEW OF SONORA

BY THE REV. ROSS T. WELCH

We arrived back on the local scene last Friday afternoon—and Sonora never looked so good! We went to Europe determined not to be ugly Americans—at least in our manners. My good wife and traveling companion had done some home work and we wanted to eat the foods that were typical of the country in which we were visiting.

Starting in Amsterdam, we ate at a nice Indonesian restaurant. This meal consisted of a large bowl of rice or noodles and six or eight small side dishes with a variety of meats, vegetables, etc. The food was well cooked and well seasoned, but it was a bit too sweet to suit me.

Most of our meals were provided by the tour company who sponsored us. Breakfasts were 'continental'—cold hard rolls, a bit of jam or marmalade, butter—if you insisted—and a cup of tea or coffee. We had the same breakfast until we returned to London.

When she brought the 'ice' it was a glass of cold water with two or three minnow-like slivers of ice floating in the water. The tea was darker than black coffee. The bar-keep was right—it was disgusting.

It is great to be back where one can drink a glass of water without having to be afraid of getting the bug. It is nice to sit down to tables where the linens are invariably clean, where one does not have to check the silver.

And I do not mean to leave the impression that all our food was bad. Most of it was good and we ate like pigs. One of the most delightful eating experiences that stands out in my memory was tea time in rural England as we were

returning from Stratford on Avon to London. We stopped at a quaint little inn, walked into a room where the table was already spread for our entire group (the tour leader had called ahead), and sat down at a spotless table.

We had English biscuits (not at all like our biscuits), the homemade bread was already sliced and buttered, and the tea was delightful. And even though we ate too many potatoes, they were nearly always well cooked and pleasing to the palate.

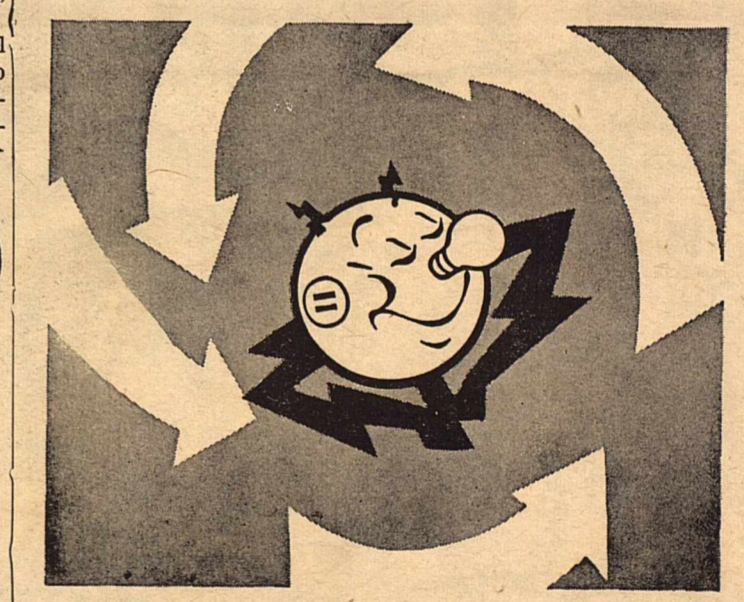

The life-saver for some of us was ice cream. Nearly every place the bus stopped, whether at an historical monument or a sacred shrine, there was an ice cream wagon. The cream was varied in taste and texture but it would always serve to supplement a scanty meal or s-t-r-e-t-c-h a coffee break.

Fresh fruit was in season every where we traveled. Since it is never shipped far to market, it is delightfully fresh and delicious. In all my life put together I have never seen as many pears as were in the orchards of Northern Italy.

We hope we did not let our prejudices show, but we return to Sonora convinced that no other nationality has the abundance of good food appetizingly prepared and attractively served that we enjoy right here in our homes.

- Your conscience can't keep you from doing wrong-but it sure can keep you from enjoying it.

## Wedding Tips

It is perfectly possible that the shower gift and the wedding gift will be combined. However, an acquaintance invited to a shower is under no obligation either to attend or send a gift. She must, though, in all courtesy, reply to the invitation and give some believable excuse for not attending.

Your selection of a gift for the bride is made easy when you shop at the Ruth Shurley Jewelry. Among our many patterns and designs in silver, crystal, china, pottery, and stainless is the gift that will effectively convey your best wishes.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Copyright 1967 Keister Advertising Service, Inc., Strasburg, Va.

In every city, there are places that never sleep. Industries, hospitals, police stations, fire stations, churches . . . yes, churches! Oh, you may drive past one at three in the morning and find the building dark, but the Church is not asleep!

For the Church sets the moral tone of our society and without the concern that the Church injects into our community there would be no hospitals, nor homes for children and the aged, nor even police and fire stations. It was only after people learned to care about each other that they began to provide these services, and His Church has always cared. "As I have loved you, love one another."

Every minute of every day and night, compassionate hands are reaching out to someone in need because the Church is awake to that need.

The Church is made up of people. When you become a part of a church, you have contributed to the continuity of its work which has sustained and refreshed humanity through the centuries. Also, you are helping to perpetuate and strengthen your own faith.

do men say that the Son of man is?" And they said, "Some say John the Baptist, some Elias, and others, Jeremias, or one of the prophets." The rash and weak Herod thought Jesus was John the Baptist risen from the dead, for he had had no peace of mind since the day he had allowed a woman's revenge to go unchecked (Mark 6: 13-15). Some thought he was Elias, considered by many to be the greatest of all Old Testament prophets. Others thought he was Jeremias, who played so large a role in the restoration of Israel after the Babylonian captivity. It is striking that wherever Jesus went, wherever people saw him work miracles and heard him teach they thought about someone who was great. Yet, in spite of the unintentional compliment implied in their discussions, they did not recognize Jesus as the Son of God.

As Jesus was neither John the Baptist, Elias, nor Jeremias, so the Church of Christ is neither Catholic, Protestant, nor Jewish. We are unique and different for we are endeavoring to go all the way back to the original New Testament church.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 1, proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations; and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows: "Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature. "The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present. "The Veterans' Land Board may provide for the issuance of not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund, which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes. "All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund. "When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter of the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party. "The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam; and who, upon the date of filing his or her application to purchase any such land is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above mentioned, and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any person, firm, or corporation who has been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law. "Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds. "All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction or installment of bonds) may be used for the purchase of lands as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows: "Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4 1/2%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein. "All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law. "Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks. "While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, for the purpose of paying the principal and interest on such bonds issued by said Parks and Wildlife Department, or its said successor, income from such investment shall be used for the purposes prescribed by the Legislature. "From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. ### YOUR MINISTER SAYS

by the Rev. Arno H. Melz  
"If you love Me, keep My commandments." John 14:15

A wife might say to her husband, if you love me you would take me out to dinner, or to a movie, or bring me a surprise gift. The husband might say to the wife, if you loved me you would cook my favorite food, or allow me to relax and watch my favorite television program. We do show our love for others by doing what pleases them. Today Jesus speaks to present day believers also when He states, if you love me Keep My Commandments. If you love Jesus you will automatically try to live a life which is pleasing to Him. The way God would have us live is explained clearly in the Bible. God gives us a guide and rule for our life in the Ten Commandments. All the Commandments of God can be summarized briefly by saying: Love God above all things, and love your neighbor as yourself.

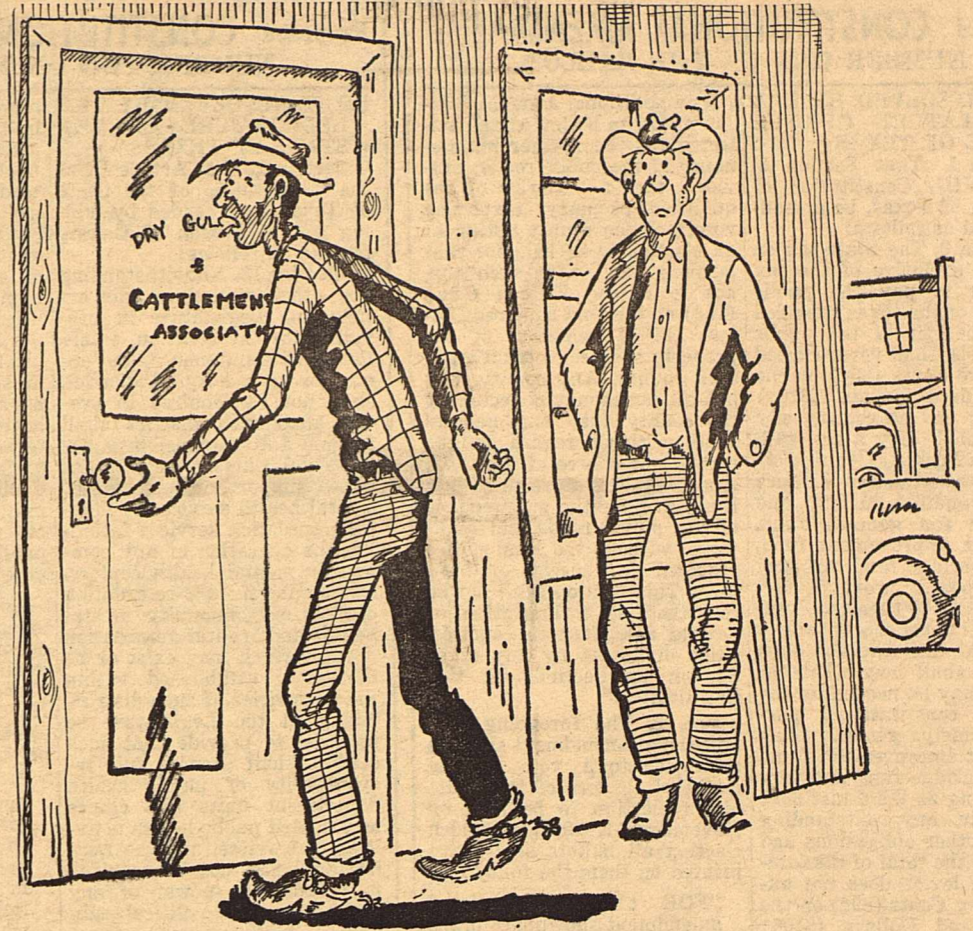

God has commanded that we give Him our complete love, honor and trust. He has promised in return to provide for us and protect us if we turn our life over to His care. We are not to trust in our own ability, money or any security the world has to offer. We show this trust when we turn to God in prayer daily, and many times each day to seek help in the time of trouble, to express thanks in the time of joy. God has also commanded that we hear His Word, worship in His House, receive His baptism and Holy Communion. We will want to do these things if we love God.

We are also commanded to love our neighbor, to be kind, considerate and helpful to him. We are to be patient and forgiving to him. We are to witness to him by our lives and with our tongues, telling him about God's love for him in sending His Son to be the Savior of all mankind.

If you love God you will want to do what is pleasing to Him and keep His Commandments. Show your love for God today. Amen!

### "Make It With Wool Contest" Set For Early December in Eldorado

Girls interested in sewing and clothing design will have an opportunity to show their creativity and construction ability in the 1967 "Make It With Wool Contest."

Mrs. A. E. Prugel, county chairman of the contest, said it would be held in Eldorado during the early part of December.

She said that clothing designs in style for fall wear were coat dresses, three-piece suits and a more fitted look. Mrs. Prugel

said, "Wool garments need few decorations for the fabric itself gives an interesting and pleasing appearance."

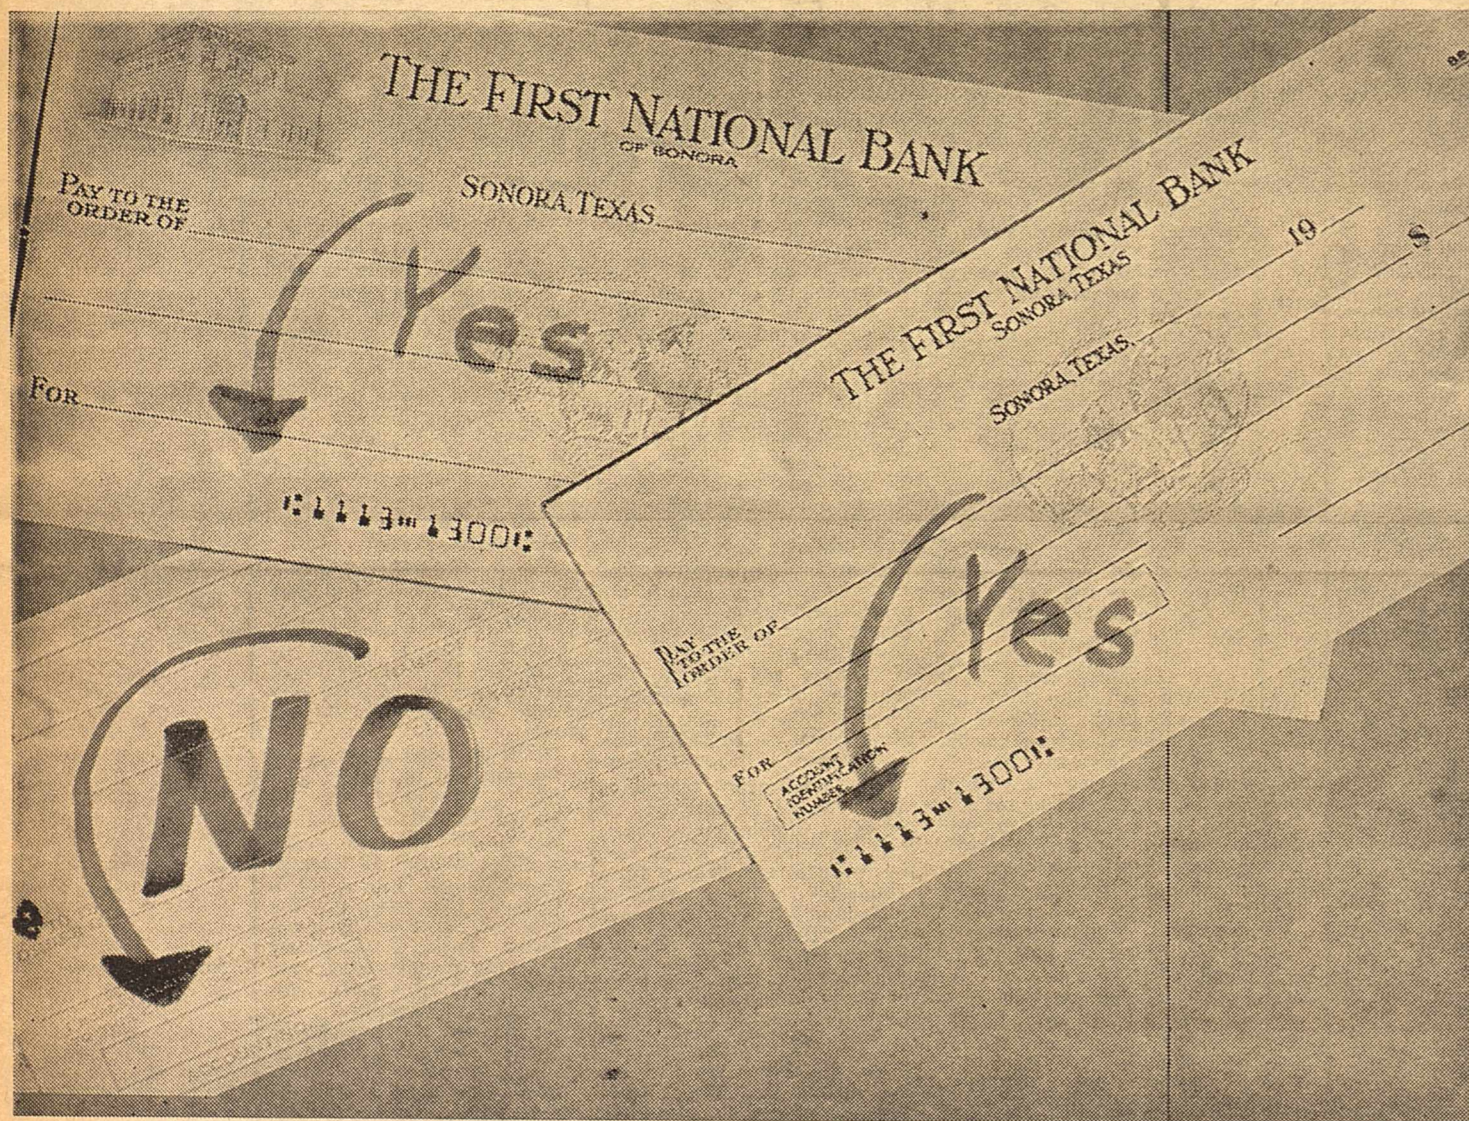

Mrs. Prugel said that girls interested in entering the contest may contact her for further information. She concluded, "Garments entered in the contest need not be elaborate; a simple, well-made wollen garment often wins a prize after the more intricate ones have been eliminated."

### Tennis Tournament Begins Today

Junction's three-day invitational tennis tournament will begin Thursday, August 17 on the public school courts at 9 a.m.

Plans have been made for matches in boy and girls singles and doubles in four age classifications. Youth matches will be played during daylight hours. Adult matches are planned each night of the tournament.
