

# Broncos Meet Ballinger in Season Opener

Sonorans suffering from the seasonal virus of football fever will receive their first shot in the arm Friday when the Broncos meet the Ballinger Bearcats in the Ballinger stadium.

Game time will be 8:00 p.m., September 8. While waiting for the first game, Bronco practice sessions are still being held. After

Hopkins said, "We should be ready for Ballinger if we don't have any more rain."

Ballinger, a AA school with a 6-4 record last year, will probably come into the game with revenge in their hearts. The Broncos defeated them last year 12-6.

The Bearcats are picked for fourth place in District 8-AA, be-

hind the second Bronco rival, guard Chester Johnson, center Johnny Jacobs and linebacker Lupe Gonzales.

The Bearcat to watch is quarterback Sam McLarty. He made the All-West Texas team last year as a junior. Otherwise Ballinger has only five returning regulars, two on defense and three offensive players. Experienced linemen will include tackle Barry Hilliard,

The Bronco "B" team will meet Eldorado there Saturday, September 9, in their opening game at 7:30 p.m. The junior high school team scheduled their first game with Junction there September 21.

# School Year Begins With 881 Enrolled

Enrollment on the first day of the 1967-68 year for the Sonora Public School system amounted to 881 students plus 45 kindergarten students.

According to superintendent Ralph Finklea, the number is a slight

decrease over the figure enrolled at the end of school last May. He said, "I expect the present figure to increase in the next few days."

The largest enrollment was 259 in Central Elementary followed by 248 in L. W. Elliott Elementary. Sonora High School registered 215 students and the junior high, 159. Central kindergarten enrolled 22 students compared to 23 for Elliott School.

Superintendent Finklea said, "We got off to a real good start with only a few minor scheduling problems."

He added that school would let out at 2:30 p.m., Friday, September 8, to give the students time for a safe trip to the football game in Ballinger. Ballinger game tickets are available in the high school principal's office and season tickets are on sale in the superintendent's office.

High School Principal David J. Williams will begin his duties on a limited basis next week. Williams

has been suffering from a blood clot in his leg since August and was hospitalized last week. He was released Tuesday, September 5.

## E. C. Hopf Dies In El Paso Tuesday

E. C. Hopf, long-time Sonora resident and truck driver for Lee Way Truck Lines, died suddenly Tuesday, September 5, in El Paso.

He had been a driver for the freight line since 1962. Death was caused by an apparent heart attack.

Services will be held at 10 a.m. Friday, September 8 at Harper, in the Presbyterian Church.

## Lions Club, P-TA Meeting Planned

The Sonora Parent-Teacher Association and the Downtown Lions Club will hold their annual joint meeting September 19 in the Central Elementary cafeteria.

Guest speaker for the program will be Dr Paul Kantz, executive director of the Educational Media and Service Center of Region 5, with offices in San Angelo.

The meeting is to honor the regular teaching staff and introduce new teachers to the two organizations.

## Sonoran's Brother Dies in Junction

W. Dave Adams, 84, of Junction, brother of Sam Adams, died Monday at his home after a short illness.

Services were held for Mr. Adams in the Hodges-Fife Funeral Chapel and burial was in Junction Cemetery.

He was a lifelong resident of Kimble County.

# CINDERS

by Jim Barnett

Dove season opened in Sutton County with a few bangs but not very many downed birds.

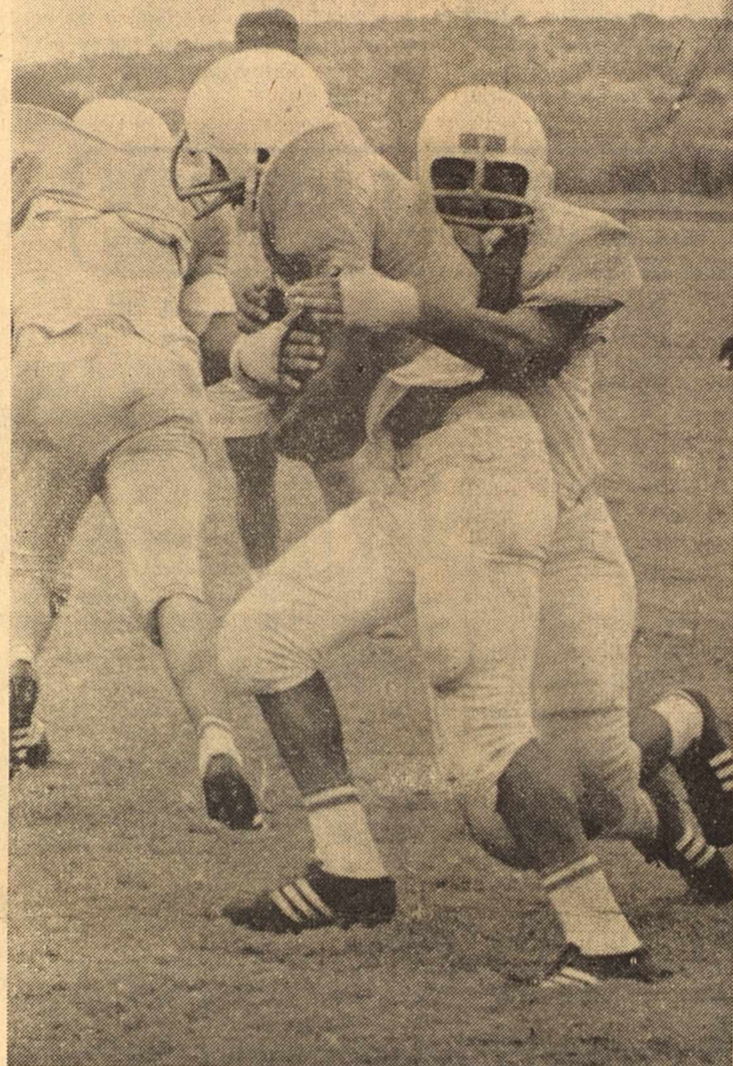

One foursome, the Rev. George Stewart, Bob McMinn, John King, and myself, accounted for some eight birds, by actual body count, the opening day at a waterhole 10 miles east of town.

McMinn was high for the day with six birds followed by Stewart and King with one each. King had another probable that was never found. I didn't score but would like to say that I only fired three shots against "impossible targets and under abominable conditions."

Despite the day's record, the dove population in the county seems to be good. Most of the birds are apparently native and were scattered due to the rain and abundant waterholes.

The most disturbing factor in the "great hunt" was McMinn's prediction he needed only 12 shotgun shells to fill his limit.

What is disturbing is that he almost succeeded. He got his six birds on some eight shells.

QUARTERBACK J. V. COOK takes the ball around right end on a pitchout play as the center of the line gets jammed up by de-

fensive players in practice last week. Coach Jerry Hopkins said the Bronco defense was much improved since the scrimmages with Big Lake and Del Rio.

# Decrease in County Taxes Recommended by Elliott

County Judge J. W. Elliott has announced that he will recommend a reduction in county taxes after the County Commissioners Court approves the budget now under consideration.

He said he will ask for a tax rate of \$1.21 per \$100 of assessed value, a drop of seven cents from the present tax rate.

The budget hearing will be held in the courthouse at 9 a.m., September 11.

According to Judge Elliott a tax rate cannot be fixed until the county budget has been approved by the commissioners court. A portion of the tax rate is set by Texas laws limiting the amount of taxes

assessed. Jury Fund, Road and Bridge Fund, General Fund and Permanent Improvement Fund are limited to a total of 80 cents per \$100 of assessed value under Texas statutes.

Elliott said that of these four the most money goes into the General Fund. Most all of the county salaries except for the county road crews come from this source.

County salaries from this fund are expected to be about \$31,000 Elliott said.

Road crew salaries are paid through the Road and Bridge Fund and are predicted to amount to a-

about \$50,000.

Elliott said that the proposed tax reduction is due to the status of the county sinking funds. Money is placed in this fund to pay the road and bridge bonds. He said that since much of the bonds have been paid off or money has been set aside in sinking funds, the tax evaluation may be dropped to the proposed \$1.21. At the present time only about \$45,000 is owed on road and bridge bonds. The total county indebtedness is about \$76,000.

Elliott said the county tax rate and indebtedness had changed greatly since 1958. At that time, he said the county owed about \$221,000 and the tax rate was \$1.40.

The total assessed value for Sutton County is approximately \$9 million, he added.

## General Telephone's Direct Distance Dialing Goes into Effect September 10

Completion of a \$1.2 million project will make it possible for customers in Sonora and 13 other towns served by General Telephone Company in this area to dial their own long distance calls beginning at 6:30 a.m., Sunday, September 10, according to R. R. McCullough, district manager for General Telephone Company of the Southwest.

All customers will receive by mail before September 10 an instruction booklet which tells precisely how to use the new service. Persons who have not received an instruction booklet or anyone needing additional copies may obtain them by calling the business office during regular hours, McCullough stated.

The equipment making this new service available is located in San Angelo, McCullough said. Plans for, modification of, and changes

in local equipment were begun more than four years ago. In addition to installing the intricate EDDD facilities in San Angelo, the overall project involved constructing new central office buildings in Carlsbad, Christoval, Eldorado and Sonora and placing new central office equipment in the buildings. Additional long distance circuits have been added between San Angelo and area towns so customers in the network can have access to the equipment.

## West Texas Utilities Holds Open House

New furnishings were shown at an open house at West Texas Utilities Company Wednesday, September 6.

Remodeling included new draperies, refrigerated air conditioning, wood-paneled windows and soundproof ceilings.

Refreshments were served and new Frigidaire appliances were on display in the enlarged showroom.

# Construction Foreman Dies in Job Accident

A construction foreman on the Interstate Highway 10 project was killed on the job 21 miles west of Sonora, at 7:15 a.m., Friday, September 1.

Bobby Glen Whisenant, 42, of Ozona, died when a large dump-truck backed into him. According to accident investigators Byron Smith and Bill Webster, Whisenant was directing dumptrucks backwards to a loader. They said that as Whisenant directed one truck back, he apparently did not see another backing from another di-

rection. Smith said the huge back wheel of the truck driven by Jimmy Dockal of Eldorado knocked Whisenant down and ran over him before he could get out of the way.

Whisenant was an employee of the R. N. Adams Construction Company and listed his home as Clarendon.

Funeral arrangements were made in Weatherford.

# Sonora Soldier Wins Bronze Star for Valor

A Sonora soldier and 1965 graduate of Sonora High School has been awarded the Bronze Star for valor while serving with the First Infantry Division in Vietnam.

Sp-4 Maxie Delrie, son of Mrs. Mary Delrie, won the medal for action against the Viet Cong, April 28. He is serving as a medical aidman with Headquarters and Headquarters Company, 2nd Battalion, 28th Infantry.

The citation in part, reads: While serving with his unit as a medical aidman on a search and destroy operation, the unit came under intense small arms and automatic weapon fire from a numerically superior Viet Cong force. In the first barrage four men were wounded. Delrie crawled to three of the men and administered first aid. As he was crawling to the fourth man, he was wounded three times by enemy fire. With complete disregard for his own safety and despite his wounds he crawled to the fourth man and administered first aid.

During the air evacuation of the wounded, Delrie assisted and did not allow his own wounds to be treated until all of the wounded were safely out of the area. The citation commended Delrie on his fortitude and courage which

MAXIE DELRIE

undoubtedly saved the lives of four infantrymen.

During his service he has been awarded the Purple Heart and Combat Medic Badge, in addition to the Bronze Star with "V" device, denoting valor.

While in high school Delrie was active in athletics and had been named All-District and All-West Texas in football and All-District honorable mention in basketball and track.

EVEN THOUGH SONORA'S SURF WASN'T UP, local teenagers were "hanging five" on Main Street. Joy Slatton and Janice Middleton tried out their skateboards on the Labor Day-

deserted downtown sidewalks. The skateboards would coast the entire length of the block. The unyielding concrete resulted in a few scrapes and contusions.

## WEATHER

## Boosters Elect New Officers, Directors

New officers for the Bronco Booster Club were elected in the club's meeting Tuesday, September 5.

They are Wallas Renfro, president; Tommy Thorp, vice president; and Jimmy Harris, secretary-treasurer.

New directors are Teo Castro, Philip Jacoby, George Wallace, James D. Trainer and Pete Cook. Trainer is outgoing president.

# Ladies Play Rained - Out In Labor Day Tourney

Ladies play in the annual Labor Day golf tournament was rained-out during both mornings of competition. Skies cleared both days for men's play and the putting tournament.

The annual two-day meet is sponsored yearly by the Sonora Golf Club.

The winners in the championship flight were: first, George Johnson; runner-up, Oliver Wuest; consolation, Mickey Powers; and runner-up consolation, Jo Hardgraves.

In the first flight, first place went to Francis Archer; runner-up, Dennie Hays; consolation, Buddy Brown; runner-up consolation, Tommy Thorp.

Third flight winners were first, Joe Ed Harrell; runner-up, Ivan Greenhaw; consolation, Web Elliott; and runner-up consolation, Gene West.

The medalist trophy was given for the best qualifying score which

was won by George Johnson when he shot a one under par.

In putting competition, Bobbie Fawcett won the women's title and George Johnson won for men. Lucille McMillan and Web Elliott won the mixed putting tournament and Batts Friend and Pete Thompson won the men's team title.

A chicken supper was served and was prepared by "Colonel" L. P. Bloodworth Jr. Refreshments were donated by Raymond Morgan and Buster Shroyer.

Trophies for the contest were donated by Sonora firms including The First National Bank, Davis Insurance Agency, Raliff Dry Goods, Web Elliott Agency, Newville's Dept. Store, Home Hardware and Furniture, Morgan and Hunt Insurance, Thorps Laun-Dry, Devil's River News, French's Big Tree Restaurant, Twin Oaks Motel, Teaff Oil Co., Sonora TV, Foxworth Lumbar Company, Lea Roy Aldwell, and Hill's Shell Service Station.

### This Business of Relief

In 1935, President Franklin D. Roosevelt said, "The Federal Government must and shall quit this business of relief... Continued dependence upon relief induces a spiritual and moral disintegration, fundamentally destructive to the national fiber. To dole out relief in this way is to administer a narcotic, a subtle destroyer of the human spirit."

Today, with over 8 million receiving payments, the collection of "welfare" funds has become almost a profession. Its recipients are beginning to make demands like other pressure groups. The relief rolls are higher than in the great depression. If they run in the millions during "boom" times, what would they be in another depression?

If President Roosevelt were alive today and commented as he did in 1935, would the voters have enough "human spirit" to support him as they did more than a generation ago when "this business of relief" was launched as a "temporary" program to help people until they could get back to work?

### The Devil's River Philosopher sez: Chet Hunley's 300 Acre Spread Not a Ranch but a Cattle Ghetto

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River examines some new ideas in farming this week, more or less.

Dear editor:  
I was in town yesterday buying another nickel tractor bolt for a quarter and a friend handed me a copy of Time magazine and said "Here, there's an article in this about farming you might like to see."

I'm not sure. According to it, vast progress is being made in agriculture these days, and almost undreamed-of new ideas are being studied.

For example, plant scientists are trying to develop a square tomato. That's right. They want a tomato that grows square instead of round, because, for one thing, it would fit better in a sandwich.

This is what I'm talking about. Why put all the burden on the farmer? It seems to me it'd be a lot simpler to just make round bread and use the tomatoes we've already got.

It sure was lucky that table plates originally were designed round instead of square, or you know what kind of eggs scientists would be trying to get hens to lay.

For years agricultural experts have been telling me how to raise

### Back-to-School Chores for Housewives Can be Eased with Durable Press Wear

September brings a rash of duties, as every mother knows. And it's time to begin thinking in terms of school clothing for the children again.

Back-to-school shoppers find that more and more items of clothing for both boys and girls is made of fabrics which have the permanent or durable press finish.

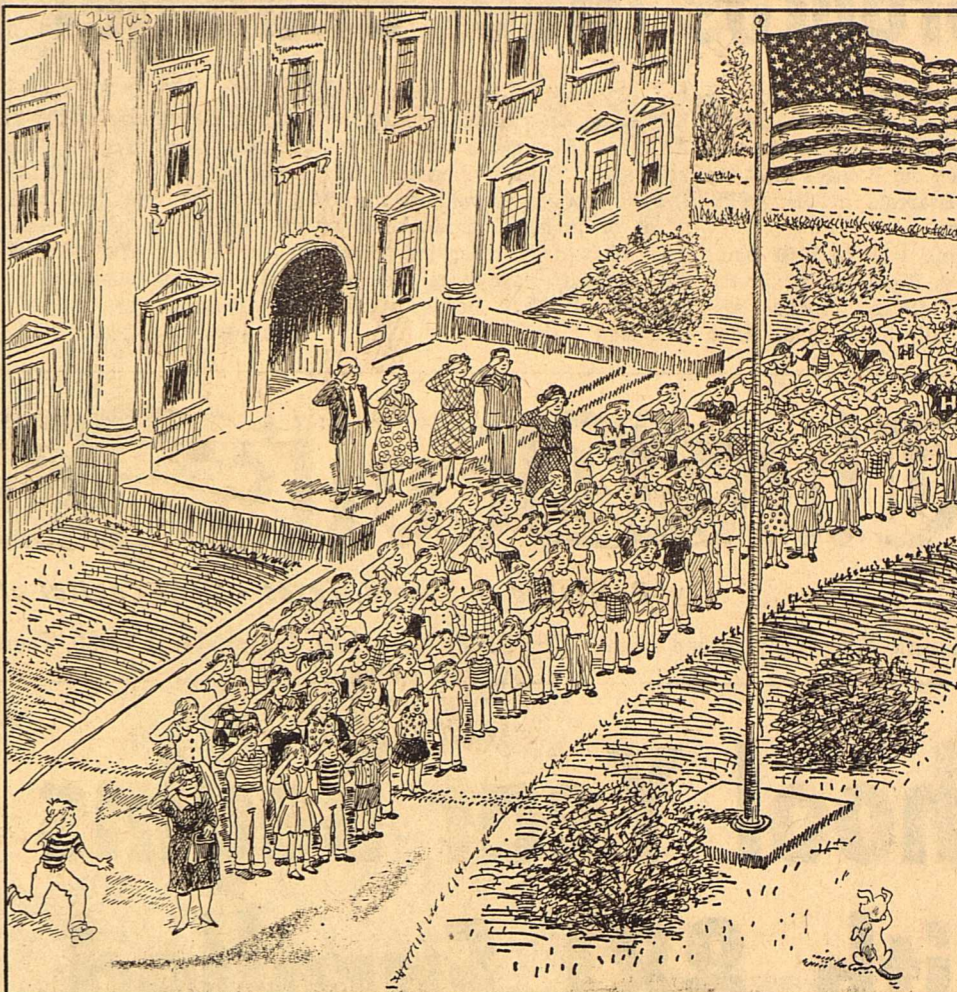

Garments of this finish lighten the work load of the busy homemaker. They are satisfactory if laundered and dried properly, with an automatic washer and dryer.

Use a warm wash for clothes with average soil. Extremely dirty clothes may need a hot wash. To reduce wrinkling, use a cool-down rinse with a gentle spin. Follow with a cold rinse and gentle spin.

Remove clothes from dryer as soon as it stops to prevent wrinkling. Read hang tags and labels before buying to learn the recommended care method.

The home demonstration agent suggests taking the youngster along on the shopping trip to be sure the garments fit. Do not buy an item with the idea of letting down

### A PARSON'S EYE-VIEW OF SONORA

And how did you spend Labor Day? Working, of course. We were at the old home place in Sterling County, making like rock masons. Hard work, but lots of fun—and the board was more than ample.

Most of the college set have left or will be leaving within a few days possible—wherever they go. I went to college when the depression was at low ebb—and hitch hiked to get there. Today's young collegian flies his own plane.

Not only that—he makes enough money on the side while in school to help finance his education. I guess the younger generation is more capable than their elders—we could not even afford cars.

We did not get to make the Del Rio scrimmage, but those who saw it, including the coaches, seemed pleased with the out-put and improvement made by the Broncos.

And now the inter-team scrimmage is over. Tomorrow night at Ballinger we have to paste it all together in a real game and get a preview of what the brand-new football season is going to be.

We believe we have the makings of another great team and we know we have a coaching staff capable of turning out a championship team. ALL THE WAY, BRONCOS!

For a number of years Mrs. E. D. Shurley has barbecued several of her choicest goats at the beginning of each school term and provided a barbecue-picnic for the members of the school faculties and their Board of Education with their wives or husbands. Traditionally it is held at the Shurley Ranch home.

This year everything was planned as usual until the last minute when Ruth had word that her mother had fallen and broken a hip. This necessitated a last minute shift to the Methodist Church lawn. We expected to be moved inside but with a little improvised lighting we made it fine.

The barbecue received a 'superior' rating from Freeman Mears, who prepared it, down to the last satisfied 'customer'. Only seven teachers' name tags were not worn that evening.

Having taught herself, Ruth Shurley knows what it is to go into a strange community to begin a year's work. This is a gracious and generous thing that she does each year and we trust the school personnel are genuinely appreciative.

The Christian Youth Fellowship initiates its fall program next Sunday afternoon, September 10, with a swimming party at the Lawrence Finklea home. Reservations should be in by tomorrow (Friday).

Austin Stockton and Jane Sawyer are taking reservations.

Also on Sunday night at 7:30, the W.C.S.S. is sponsoring a Family Night to afford Frances and me an opportunity to talk a little more about our trip. In addition to our slides we have quite a few pictures and picture post cards to illustrate what we saw.

Haven't the rains been wonderful! Unless we have an unusually early winter (which some have anticipated), there should be time for a good crop of grass to grow before frost, especially in those pastures where the animal population has been reduced. There is also time for the deer to fatten.

Mrs. O. L. Grellé has a very nice collection of arrow heads and Indian artifacts. She found most of them in the country below San Antonio.

If anybody wants a cup of coffee guaranteed to make kinky hair straight, let him try some of Al-

### Your Questions on the Draft . . .

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

Q—What must I do to qualify for II-S classification as an undergraduate college student?  
A—You must file a written request with your draft board after June 30, 1967. At the end of each school year you must furnish the board with convincing evidence that you are continuing to pursue satisfactorily a fulltime course of instruction.

Q—How is the phrase "satisfactorily pursuing a full-time course of instruction" defined?  
A—An undergraduate student taking a four-year course must earn 25 per cent of the credits toward his bachelor's degree at the end of his first academic year, 50 per cent at the end of his second, and 75 per cent at the end of his third. If five years of study are prescribed by the school for a bachelor's degree in some field, a student must earn 20 per cent of the total credits toward the degree each year.

Q—What is meant by a "student's academic year"?  
A—In determining a student's eligibility for classification in Class II-S (college student), his academic year shall include the 12-month period following the beginning of his course of study.

Yours faithfully,  
J. A.

Mr. and Mrs. Fielding Breeding and Miss Bertha Harris of Cuero left Tuesday for home after a week-long visit with Mr. and Mrs. Jack Neill.

#### ELECTION LAW CHANGES TOLD

Secretary of State John Hill has provided Texas election officials details of all changes in state election laws enacted by the 60th Legislature.

Major changes include:  
Voters may mark ballots with "x" or check marks rather than scratching names of candidates they oppose.

Counties may use electronic voting machines on approval of the secretary of state.

Those who have not yet met state voting residence requirements may vote for president and vice-president.

Those who have moved from county to county within six months before an election can vote for statewide officials.

Some city election dates will be changed from the first Tuesday in April to the first Saturday in April.

Election officials will get a pay raise from \$1 to \$1.25 an hour.

Voters in bond elections will be required to sign affidavits they own property and to identify the property.

Write-in votes will be outlawed in primaries except for party of-

### Fire Department Entertains Ladies

Mrs. Ervin Willman, fire mother, and members of the Volunteer Fire Department entertained the ladies of the department with a chicken supper and 42 party at the Willman home recently.

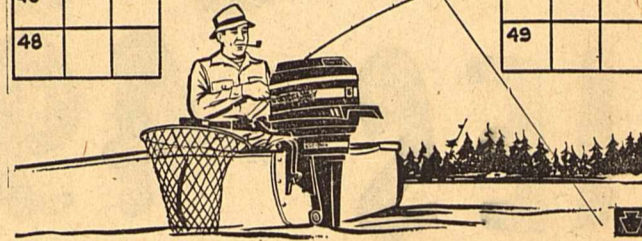

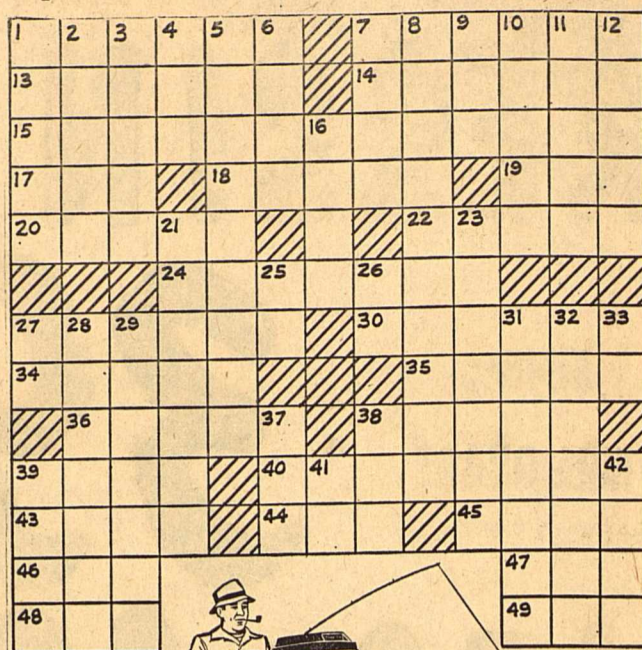

Early persons attended and all fire department members were present except for three persons. Jimmy R. Harris won high for men; Mrs. Bill Radle won high for ladies; Mrs. Vernon Humphries won 84 prize for ladies and Mrs. Rogers won the 84 prize for men. Mrs. Darcy Carroll won the

consolation prize for ladies and Jim McLaughlin won consolation prize for the men.

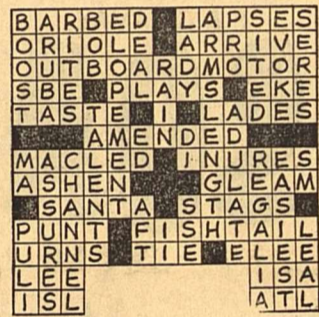

#### HARDSHIP CASES

The State's new traffic safety laws permit the issuance of a driver's license to persons 15 years old when the refusal to do so would work an unusual economic hardship on the family or be detrimental to the general welfare of the family.

### "I Was Kicked by a Wild Texas Giraffe," Swim Party Planned For Church Youth

Truth is still stranger than fiction, as Game Warden J. D. Gorman of Zapala County probably accuse me of staying out in the sun too long."

At a recent meeting, other wardens from the South Texas region of the Texas Parks and Wildlife Department wanted to know how Warden Gorman got a small dent in the fender of his state patrol car.

"I'd rather not say," was his answer. Finally he said no one would believe him if he told. Try us, the answer came. "Well, a giraffe kicked my car," the warden answered to peals of laughter and something like "you can do better than that."

To non-believers, Gorman had an explanation. It seems that he was traveling across a large south Texas ranch which has been stocked with exotic game—rhinoceroses, ostriches and giraffes to name a few.

This giraffe was blocking the road so Gorman stopped and waited for him to leave. Instead the giraffe hauled off and kicked.

"It's a good thing the damage wasn't bad enough to make out

a report to headquarters—they'd probably accuse me of staying out in the sun too long."

"Not so," said J. B. Phillips, law enforcement coordinator. "I know that ranch and I'd believe it if he said African lions chewed off the hubcaps."

A swimming party for the youth of the Episcopal, Presbyterian and Methodist churches will be held at the Lawrence Finklea home on Sunday, September 10, at 4 p.m., according to the Rev. Rollin Polk, rector of St. John's Episcopal Church.

A picnic will be held following the swimming party at 6 p.m.

Food will be provided but reservations must be made with the Rev. Rollin Polk, Austin Stockton or Jane Sawyer. A vesper service will be held following the picnic.

- Sam Johnson by Mr. and Mrs. W. L. Davis, Mr. and Mrs. Rodney Davis, Mr. and Mrs. R. C. Vicars, and Mr. and Mrs. Tommy Thorp.
- D. L. Duke by Mr. and Mrs. F. A. Hill and Mr. and Mrs. D. E. Hill.

**EDDD**  
EXPANDED DIRECT DISTANCE DIALING

COMES TO

**14 COMMUNITIES**  
IN THE SAN ANGELO AREA

NEXT SUNDAY

**SEPTEMBER 10th**

6:30 A. M.

Starting Sunday, you can dial your own long distance call with EXPANDED DIRECT DISTANCE DIALING. This major advance in long distance service will become available Sunday to all telephone customers in Big Lake, Bronte, Carlsbad, Christoval, Eden, Eldorado, Mertzon, Miles, Ozona, Robert Lee, Rowena, San Angelo, Sonora and Sterling City

#### WATCH FOR YOUR INSTRUCTION BOOKLET

A handy, 12-page booklet has been mailed to all telephone customers in the area. It contains detailed instructions for the use of EDDD for all types of long distance calls. Watch for the arrival of your copy. Read and learn the simple steps, then file in your directory for quick reference.

#### IMPROVED LONG DISTANCE SERVICE

The 14 communities in this area move up to metropolitan long distance service SUNDAY, SEPT. 10th — another communications advance by General Telephone.

**NEW DRIVING TEST**

All persons applying for a driver's license will be examined in the type of vehicle they will operate. It is believed that this will help assure that operators are qualified to drive the vehicle they will be using on the streets and highways as ability to safely handle a motorcycle is not assurance of equal ability to handle a large truck.

**NEW MINIMUM AGE**

Under the new traffic safety law, minimum age for Commercial or Chauffeur's license is 18 unless the applicant has completed an approved driver education course and in that case it is 17.

**The World's Fare**

There's a credibility gap in the report that LBJ is planning to buy the Houston Astrodome and turn it into a playhouse for grandbaby Lyn.

Promoters of Texas tourism are missing a bet. They should advertise Daylight Saving Time, for it allows tourists an extra hour to find a motel with a vacancy.

A quiet neighborhood is an area in which only 36 power lawnmowers are being operated at the same time, according to a sound computer.

Note to the Postmaster General: Why not place litter barrels in postoffices for the trash mail before it is delivered?

The Legislature will be called into special session next year to pass a tax bill and hear the election returns.

Joe Stalin's daughter made a rather convincing charge that communism has taken over Russia. Voter apathy, no doubt.

American Communists are always screaming about Soviet freedom. Joe's daughter had to come to New York to get a book published.

There is so much growing concern that some folks fear the day when we may have to use a microscope to examine our national conscience.

Why not use the beautification money from Washington to clean the air? After all, Americans don't breathe billboards and junk yards. (Don't hold your breath until they do.)

There's talk of a legislative compromise on a measure to halt television blackout of football games. Show only instant replays to the viewers.

Also, the Dallas Cowboys may play their games in the TV studio if a new stadium isn't built for them.

With a majority knocking out those obscenity convictions, the Supreme Court is showing the public that it can't even agree on dirty words.

Some people say youngsters will become nicotineagers if they take up smoking.

The Legislature set aside two downtown blocks in El Paso as a Tigra reservation, a sort of Tepee Renewal program.

Pass a tax bill, senator, and you will learn in 1968 that it will bring in only mad money.

Now they're talking about another hike in the national debt ceiling to \$340 billion. Republicans in Congress associate this with government spending. No kidding!

by Wick Fowler—Denton Record-Chronicle

**By Vern Sanford**

A female bream will deposit something like 50,000 eggs. For some unknown reason their percentage of spawn seems to be higher than any game fish.

There are many members of this panfish family. Some are called blue gills. Others are referred to as pumpkinseed, red-eyes, perch or bream. All are pests, after a fashion. They'll steal your bait; devour food that larger game fish might subsist on; and soon will over-populate any body of water.

Perch grow rapidly—up to a point. Some of them get large enough to be good frying size. But, most of them never get larger than good catfish bait.

They'll hit on anything and many times will fool a bass fisherman.

A bream or perch usually is the first fish caught by a child. These fish are taken with live worms on small hooks, usually while fishing off a dock. They can be found in swarms around most docks. They also play around the ends of big dams or against high, rocky cliffs.

Flyrod fishing for perch? You betcha! It's worlds of fun. Same goes for ultra light tackle. Great sport!

In East Texas there are real bream fishermen. They are after nothing but large bream or crappie.

They use a cane pole about 10 feet long, with a line shorter than the pole and with a couple of small hooks. They bait these hooks, then move their square-end boats around from one tree trunk to another, dabbling the worms (or crickets) at the base of the tree. If there is a large bream or crappie present, it is a sure catch.

hottest grease possible until crispy brown.

When small perch are cooked real brown, most of the bones break easily. Then they can be eaten with no danger of swallowing one.

When you tackle some of those hand-size or dinner-plate-size red ears,—at the dinner table—along with a few slices of Bermuda onion and hush puppies, you have a meal that needs no dessert.

**Bond Sales Total 56 Percent of Goal**

Savings Bond sales through July in Sutton County totaled \$5,733, according to a report received today from George H. Neill, chairman of the county savings bonds committee. This is 56 per cent of the county's 1967 goal of \$30,000.

During the first seven months of 1967 Texans purchased \$98,079,008 in Series E and H Savings Bonds. Included in this state total was \$225,409 for the new "Freedom Shares" which were offered for the first time on May 1. Freedom Shares can be purchased only in combination with Series E Savings Bonds on a regular purchase plan through banks or payroll savings.

Nationally, during the first seven months of 1967, cash sales of Series E and H Savings Bonds totaled \$3,027 million, which is an increase of four per cent over sales a year ago and an 11-year peak for seven months.

The sale will consist of 100 lots, 70 females and 30 bulls. The female offering will include cows and calves, bred cows and open heifers.

Both herds have produced a number of Grand and Reserve champion heifers and steers at the major shows including Dallas, San Antonio, Houston, San Angelo, Ft. Worth and Austin.

The sale will be held at the Mason county auction company at Mason, September 18, at 1 p.m. Dan Lehmborg is owner of the Art Angus ranch and Marvin and Oliver Grote are the owners of Grote Angus ranch. The public is invited to attend. Lunch will be available at the sale.

**Two Mason Ranches Plan Angus Sale**

The Grote Angus Ranch and the Art Angus Ranch of Mason County have announced their September Production sale.

The sale will consist of 100 lots, 70 females and 30 bulls. The female offering will include cows and calves, bred cows and open heifers.

Both herds have produced a number of Grand and Reserve champion heifers and steers at the major shows including Dallas, San Antonio, Houston, San Angelo, Ft. Worth and Austin.

The sale will be held at the Mason county auction company at Mason, September 18, at 1 p.m. Dan Lehmborg is owner of the Art Angus ranch and Marvin and Oliver Grote are the owners of Grote Angus ranch. The public is invited to attend. Lunch will be available at the sale.

**Prize Contests**

So said the poster in a furniture store window. In case of a tie, duplicate prizes were to be awarded.

Sure enough, two contestants—a man and a woman—turned in answers that were exactly right. After due deliberation, the store named the woman as the winner on grounds of "neatness and legibility." The man was offered a small radio as a consolation prize.

But when the man filed suit, the court held that he too was entitled to a television set. The court said the store had no right to make new rules after the contestants, by submitting their entries, had already accepted the original offer.

For the contract created in a prize contest is just as binding, in the eyes of the law, as any other kind of contract. A winning contestant can enforce his rights in court.

But suppose the rules say: "The decision of the contest judges shall be final."

Even then, if the judges tamper with the rules or use other trickery to foil a winner, the law will still uphold his claim to whatever he has legitimately won.

On the other hand, you cannot insist on a prize if you yourself have not lived up to the rules. For example:

A car dealer offered a valuable gift certificate as first prize in a drawing. But according to the rules of the contest, ticket stubs had to be deposited "in person" at the dealer's showroom.

As it turned out, the holder of the winning number had sent his stub in by messenger. A court ruled later that, since he had not complied with the terms of the offer, he had not earned a right to the prize.

What if the contest is an illegal lottery? Then, even if you do win, you should not expect a court to enforce your claim. As a general rule, the courts will not lend their aid to carry out an illegal contract.

The Supreme Court has given the reason: "No court of justice can be made the handmaid of iniquity. There can be no legal remedy for that which is itself illegal."

American Bar Association

**When Changing from Miss to Mrs. Don't Forget Other Important Changes**

Have you made the change from Miss to Mrs. this summer? If so, it's important to tell people.

The excitement of wedding bells sometimes overshadows the importance of changing your name on Social Security records and insurance policies.

Bank records, driver's license, employment records, car title, credit cards, membership cards, hospital records and stocks and bonds should be brought up-to-date.

Pick up the special Social Security form from your district officer or local post office. Your number remains the same, and both your maiden and married name show on your account.

If you want to transfer ownership of a life insurance policy from your parents to you and/or your husband, check beneficiaries. Remember, the responsibility of paying premiums is yours now.

While you change beneficiaries, consider names for second and third beneficiaries on the policy, the agent points out. An accident could involve both you and your husband. Without additional beneficiaries, insurance money may get tied up in estate and not be immediately available.

**JAIL SENTENCES**

A fine of not less than \$25 nor more than \$500 plus imprisonment for not less than 72 hours nor more than 6 months is the new penalty for driving while a drivers license is suspended or revoked. This provision has been needed as a positive step toward keeping dangerous drivers off the streets and highways.

**Forage Testing Valuable Tool For Management**

A forage test is a valuable tool in developing economical livestock feeding programs. And Dr. J. Neal Pratt, Extension agronomist at Texas A&M University, says forage testing not only lets a livestock producer know the quality of the forage he is feeding but also can serve as an aid in evaluating forage production practices and methods of fertilization.

Pratt said that forage samples received at Texas A&M's Agricultural Analytical Laboratory last year showed a tremendous variation in the quality of samples tested. Several grass samples contained 17 percent or more crude protein while many others contained less than 10 percent, he said. Without a forage test, the livestock producer is simply guessing as to the quality of his forage. The result — many producers feed too much or too little supplemental feed — a costly mistake either way.

Pratt lists the major factors influencing forage quality as the amount of plant food the crop received and the stage of maturity when it was harvested for hay.

The agronomist says that local county agricultural agents can supply information on how to take forage samples and where to send them for analysis.

**Instant Dry Milk Makes the Grade**

Instant nonfat dry milk has finally made the grade. Proof is due soon when the U. S. Department of Agriculture places its grade shield right on the label.

This grade shield is assurance of high quality and wholesomeness, says Gwendolyn Clayatt, specialist, Texas A&M University. The stamp also means the product has been processed and packaged under the careful scrutiny of graders.

"Dry milk that doesn't taste like milk will be a thing of the past," Mrs. Clayatt predicts.

To earn the "U. S. Extra Grade" shield, instant nonfat dry milk must have a sweet and pleasing flavor and a natural color. It also must live up to its name, Mrs. Clayatt points out. The result will be instant milk that is really instant, dissolving immediately when mixed with water.

The 'instantizing' of dryfat milk, by which regular dry milk is made into the popular instant variety, is accomplished by a complex process which makes the dried milk powder into larger, more easily dissolved flakes," Mrs. Clayatt says.

But before the package can carry the grade, the label too must be approved. It can carry no conflicting or misleading statements.

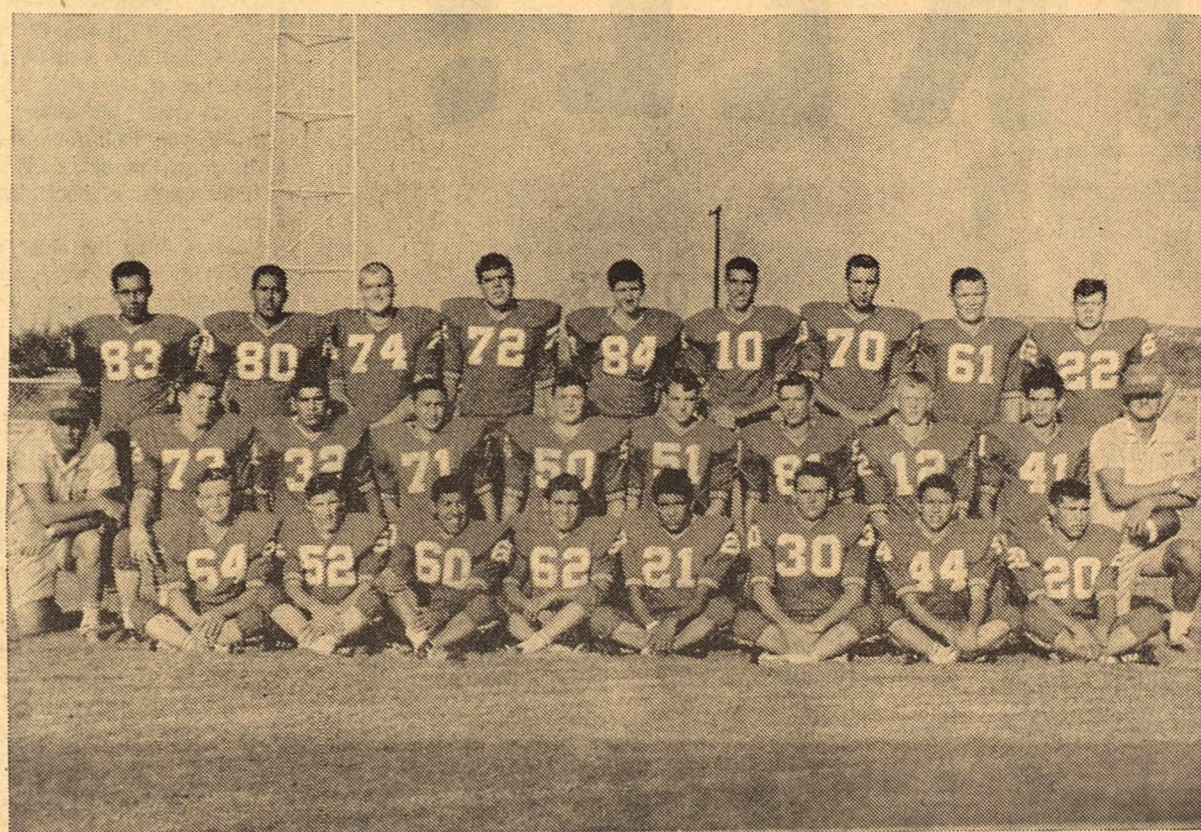

"The entire program is designed to give complete assurance of wholesomeness and high quality to the consumer," Mrs. Clayatt emphasizes.

**Neither Catholic, Protestant Nor Jew . . .**

**A Hard Saying—Who Can Hear It?**  
When Christ explained his purpose and mission he said, "Verily, verily, I say unto you, He that believeth on me hath everlasting life. I am that bread of life. Your fathers did eat manna in the wilderness, and are dead. This is the bread which cometh down from heaven, that a man may eat thereof, and not die. I am the living bread which came down from heaven: if any man eat of this bread, he shall live forever: and the bread that I will give is my flesh, which I will give for the life of the world" (John 6:60, 66). Thus, when Jesus refused to slip into their pigeonholes, they rejected him. Today, when followers of Christ say, "We are neither Catholics, Protestants, nor Jews" they experience the same reaction. Our friends say to Catholics you must be Protestants whether you admit it or not."

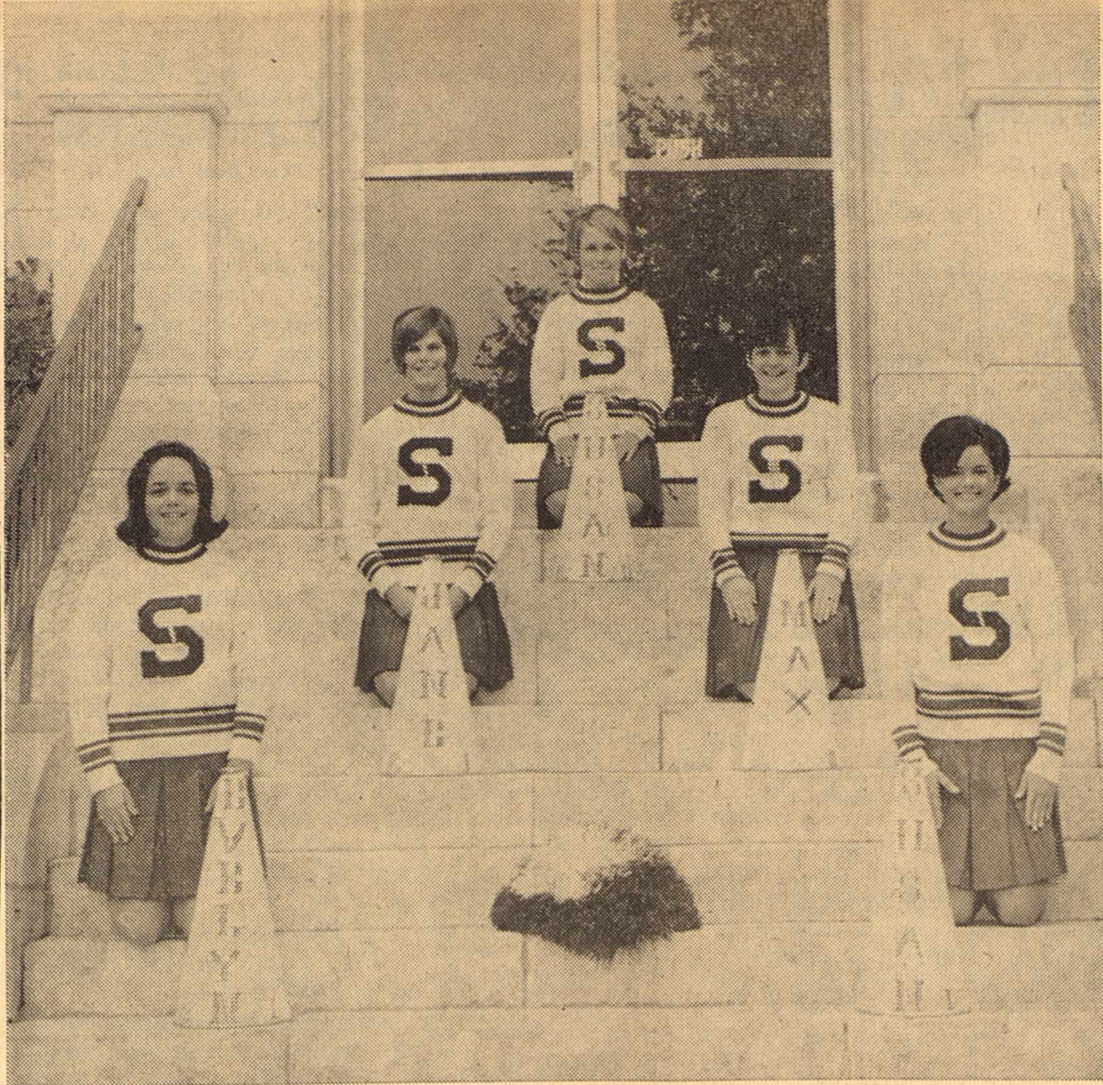

kind of thinking which caused the people to reject Jesus in his day. Those who seek to follow Christ may possess some of the characteristics of Catholics, Protestants, and Jews, but we are not members of any ecclesiastical group. We are just Christians only, members of Christ's church.

Will you take a few minutes to consider how our plea does not fall easily within any of the familiar categories? As Christ did not fit the categories to which he was assigned, so the church of Christ does not fit into the pigeonholes into which men normally place it.

As Jesus was neither John the Baptist, Elias, nor Jeremias, so the Church of Christ is neither Catholic, Protestant, nor Jewish. We are unique and different for we are endeavoring to go all the way back to the original New Testament church.

Whether it is recognized or not such are guilty of doing the same (Next week—Are we Jewish?)

**Wedding Tips**

The rehearsal dinner follows the wedding rehearsal, and in some sections is customarily hosted by the parents of the groom. However, a close friend of either family or another relative may entertain. All members of the wedding party, the parents of the bride and groom, and the clergyman and his wife must be included.

It is not mandatory, but usually customary to include spouses of the married members of the bridal party, and certainly thoughtful to include relatives or wedding guests who have arrived early from out of town.

Your selection of a gift for the bride is made easy when you shop at the Ruth Shurley Jewelry. Among our many patterns and designs in silver, crystal, china, pottery, and stainless is the gift that will effectively convey your best wishes.

**THE CHURCH FOR ALL • ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

Copyright 1967 Keister Advertising Service, Inc., Strasburg, Va.

**THE STEEPLEJACK**

Look closely . . . in this picture a man is risking his life!

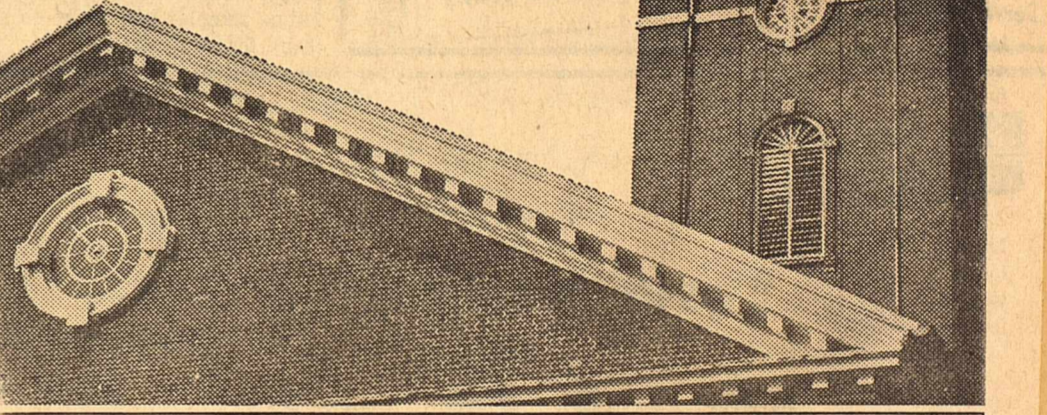

An old and respected trade is his. It had its beginning centuries ago when Christianity first began to express its devotion in unique forms of architecture. How could Christians proclaim constantly their faith in Christ? How could they lift the eyes of others to behold the Lord of Life?

Soon, over gabled village roofs rose gleaming spires. And men who tilled the fields, and men who trod the lanes, rejoiced to behold the symbol of Faith.

Then one day cities replaced the villages . . . skyscrapers dwarfed the spires of God. And so, on the day this picture was taken, ten thousand people passed by and never raised their eyes. Only a few looked upward and thought in mild surprise, "Why, isn't that a man way up there on the steeple?"

Yes. A MAN. One of hundreds of millions whose skill and courage continue to be needed as the Church fulfills its mission.

Maybe your church doesn't have a steeple. But it has a task to challenge your skills . . . your courage.

by Lottie Lee Baker

- School days can be the happiest days of your life, if your child is old enough to attend.
- If you look forward to Monday more than you do Friday, you're in danger of becoming successful.
- One thing the older generation didn't have to worry about was getting an electrician to repair a toothbrush.
- I am of the opinion that too many foreign countries are living beyond our means.
- Middle Age: When you have that morning-after feeling without the night before.
- Modern Version: Don't put off until tomorrow what you can do at overtime rates today.
- One of life's mysteries is how the other half lives the way the other half drives.
- Sign in a hotel: Don't smoke in bed. The ashes that fall on the floor may be your own.
- The nature of my luck's been such—I'm pitiful to see. I've been up against the wall so much the handwriting's on me.
- How many really successful men know all the latest dance steps?
- Let's not boast too much of our fine education. Remember, practically all of it is secondhand—somebody else had it first.
- There's a five-letter word troubling all of the earth: Not "enemy" "study," or "dying" or "birth." But springtime or autumn, dark days or sunny, a five-letter-word a real problem—is "money."
- It wouldn't be bad if civilization were only at the crossroads, but this is one of those cloverleaf jobs.
- The cost of living is still the same—all a fellow has.
- If it weren't for the optimist, the pessimist wouldn't know how happy he isn't.
- A LIFT FOR THE WEEK  
Even a mosquito doesn't get a slap on the back until he starts working.

# GREEN NEWS

Labor Day activities got started off Sunday morning with the ladies team play. It also stopped quick on account of rain.

The men's tournament got started off around noon as scheduled. They had some nice sunshine.

At 7 p.m., the putting tournament got under way. First, there was putting for the women's trophy and then for the men's trophy. Bobbie Fawcett won the women's trophy and George Johnson won the men's trophy.

There was also a mixed putting tournament. The winners were:

1. Lucille McMillan and Web Elliott.
2. Whiskey and Ann Hill.
3. Wilma and Batts Friend.
4. Bobbie Fawcett and Dick McMillan.

Balls were given as prizes.

After this another putting tournament was held for men's teams. The winners of this were Batts Friend and Pete Thompson, first; second, Mickey Powers and W. H. Hill; and Buddy Brown and John Bell, third.

Monday morning the days activities got started with the ladies team play. However, it was called off again on account of rain.

The men's tournament got started off around noon as scheduled. Naturally, the sun shined all afternoon.

At 7 p.m., "Colonel" L.P. Bloodworth and his able "staff" sounded the gong for supper. The golf club members and their families enjoyed a delicious chicken supper.

Speaking of supper, no meal is complete without refreshments... a special thanks to Raymond Morgan and Buster Shroyer.

After the supper Dinnie Hays handed out the trophies to the winners of the Club Tournament. Trophies were donated by The First National Bank, Davis Insurance Agency, Ratliff Dry Goods, Web Elliott Agency, Neville's Dept. Store, Home Hardware and Furniture, Morgan and Hunt Insurance, Thorps Laun-Dry, Devil's River News, French's Big Tree Restaurant, Twin Oaks Motel, Teaff Oil Company, Sonora TV, Foxworth-Galbraith Lumber Company, Lea Roy Aldwell and Hill's Shell Service Station.

The winners in the championship flight were: first, George Johnson; runner-up, Oliver Wuest; consolation, Mickey Powers; and runner-up consolation, Jo Hardgraves.

In the first flight, first place went to Francis Archer; runner-up, Dinnie Hays; consolation, Buddy Brown; runner-up consolation, Tommy Thorp.

Third flight winners were first, Joe Ed Harrell; runner-up, Ivan Greenhaw; consolation, Web Elliott; and runner-up consolation, Gene West.

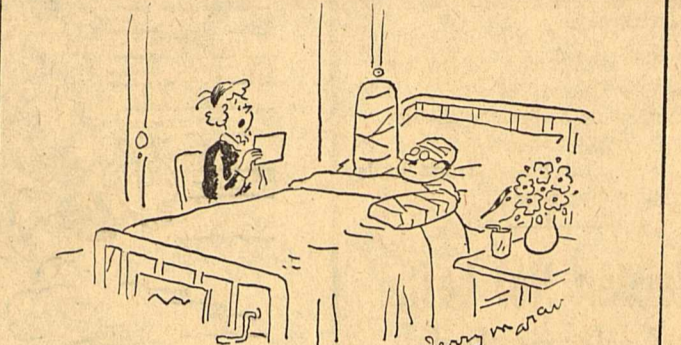

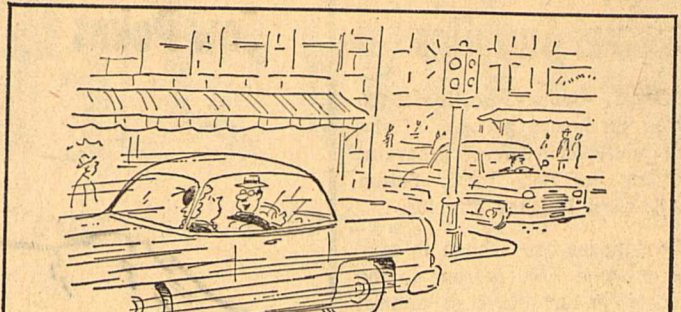

The medalist trophy was given for the best qualifying score which was won by George Johnson when he shot a one under par.

Cullen Luttrell got a birdie on No. 8. He got his the hard way. IN THE AIR. Now Cullen! We know it's bird season, but you have to make up your mind. It's either golf or hunting, but PLEASE not both at one time.

A note to the women golfers. You all saw who got wet and rained out... Do you reckon someone somewhere is trying to tell us something?

Carelessness and inattention while driving kills thousands every year.

## Car Overheating Can be Combated

You are driving up a long grade on a hot day pulling a trailer, maybe behind a slow truck, and the red light flashed when the radiator boils. At this point you have two choices, says County Agent D. C. Langford.

1. Stop beside the road. With no more forward motion, the radiator boils harder. You may get scalded if you are not careful. The sun blisters you as you stand by the car, and you may have a problem getting water. The stop may take 20 minutes or so.
2. Try the easy way. At the first red flash open all windows wide, turn the heater on HIGH and turn the blower on HIGH as well. For about one minute everyone will be uncomfortable, but the temperature will fall back to safe driving condition immediately. The short discomfort is far better than nearly the same heat for the long roadside stop. Besides, maybe the traffic and road conditions will prevent you from pulling over anyway.

Use this technique with caution and make a radiator and coolant check as soon as practical, for it is possible that a broken hose may cause overheating without flashing the light as it should, Langford adds.

## In and Around Sonora

by Hazel McClelland

Mr. and Mrs. Richard Cooper, Elizabeth Jane and Carolyn of San Antonio, have returned home after visiting Mrs. Cooper's parents, Mr. and Mrs. Jack Neill.

Mr. and Mrs. Richard Sellman of Dallas visited his mother, Mrs. Myrtle Sellman last week.

Mr. and Mrs. David Archer and son David have moved to Carrizo Springs where David will be a manager-trainee with Del Monte Packing Company. David was an August graduate of A. & M. University.

Mrs. Corkey Schwiening is in a Houston hospital where she had surgery. We are sure glad you are doing so good, Patsy.

Mr. and Mrs. Preston Neely of Fort Arthur are here visiting their families, Mr. and Mrs. Edwin Sawyer and Mr. and Mrs. Leon Neely.

Eddie Sawyer is here from Dallas, where he has been in summer school.

Miss Jan McClelland is home visiting her parents, Mr. and Mrs. John McClelland. She will return to San Marcos to school this fall. Also visiting in the McClelland home is their son, Johnny of Houston.

Mr. and Mrs. Johnny Morris are home from College Station where Johnny is in college at A. & M. University. They are visiting his parents, Mr. and Mrs. James Morris.

Randee Fawcett is home from San Marcos between semesters, visiting her parents, Mr. and Mrs. Lee Fawcett.

Mr. and Mrs. Bob Nevill of Fort Worth were visiting their parents over the Labor Day weekend.

Mr. and Mrs. Buck Bloodworth of Ft. Worth were visiting his parents, Mr. and Mrs. L. P. Bloodworth this last weekend.

Joe Gail Willman has returned from Dallas where he spent a week visiting Teddy Wheelis and Mrs. Zilpha Wheelis.

Mr. and Mrs. Ernest McClelland went to Sweetwater Thursday and stayed until Sunday with their daughter and family, Mr. and Mrs. George Thompson, Tracey and Mr. Selma Wyatt is home from the hospital and feeling much better.

Mr. and Mrs. Birl Davis and Claire of Denton visited their parents over the holidays.

Mrs. Joe Bridge of Falfurrias visited Mrs. Miers Savell all of last week.

Cleve T. Jones was home from Fort Worth visiting his mother, Mrs. Cleve Jones Jr.

Mr. and Mrs. James Bunyard have moved to San Antonio, where both will teach school. Mrs. Bunyard is the former Francine Fields. Miss Diana Black was home over the weekend from Lubbock, visiting her parents, Mr. and Mrs. Dick Black.

Mrs. Sim Glasscock and Mrs. Harold Garret were in San Angelo Saturday attending an art club meeting.

### BRIDGE PARTY

Mrs. Rip Ward entertained with a bridge party at her ranch home on Monday, September 4. Sandwiches, pie and coffee were served. Club members present were Meses. Bob Vicars, R. A. Halbert, Eulab Newell, George Wynn, Sim Glasscock, Paul Turney, Haynie Davis and Herbert Fields. Guests were Meses. Leo Merrill, Belle Steen, Pen Cusenbury, A. C. Elliott and Mrs. Jim Cuthorn. Mrs. George Wynn won high club; Mrs. Haynie Davis won bingo; Mrs. Cusenbury won high guest and Mrs. Elliott bingooed for guests. Mrs. Bob Vicars was awarded a special prize.

\*Patients released during the same period.

### Texas Health Habits Revealed in Study

A spokesman for the American Cancer Society announced today that early studies of a recently completed survey reveal new information about the health habits of more than 117,000 cancer-conscious Texans.

The cancer education survey, conducted in conjunction with the ACS residential Crusade in April and May of this year, is being studied to determine what new educational measures might be taken to help people better understand the nature of cancer and the value of early diagnosis and treatment of this dread disease.

Dr. Charles F. Browne, medical chairman of the Sutton County unit, said this response shows that more people are becoming aware of the need for regular check-ups. Current data on the survey figures, 55 per cent of the men and 67 per cent of the women stated that they had physical examinations last year.

The survey findings further indicate that more people are having proctoscopic examinations, a diagnostic test to determine the presence of cancer of the colon and rectum.

"Cure rates could be much better for cancer of the colon and rectum, the most common internal cancer of both men and women," Dr. Browne stated. "This is why it is so important that men over 40, have this examination."

## Naval Testing Date Announced

Vice Admiral B. J. Semmes, Jr., Chief of Naval Personnel, has announced that the annual national competitive examination for the Regular Naval Reserve Officers Training Corps (NROTC) will be given on December 9.

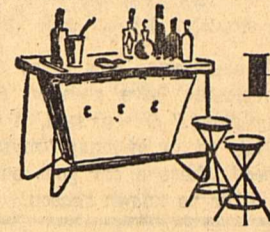

The regular NROTC program prepares a young man for a Navy or Marine corps commission while he is studying at one of 52 civilian colleges.

All tuition, fees, uniforms, and books are furnished by the Navy, and the student receives \$50 per month subsistence allowance for not more than four years.

During the summers between academic years, the student participates in at-sea training periods as a Midshipman. After successfully completing a baccalaureate level college course, he is commissioned in the regular Navy or Marine corps.

Eligible high school seniors and graduates should submit their applications before November 17. Application forms are available from high school counselors and Navy recruiting stations, or from the Chief of Naval Personnel (Pers-6411), Department of the Navy, Washington, D. C., 20370.

## Water on Roads Can Turn Car into Boat If Proper Tire Care Is Not Observed

It takes only one-fifth of an inch of water on the road to turn your car into a boat.

"Driving on wet roads at high speeds, especially with worn or underinflated tires, can lead to disaster," points out Henry O'Neal, Texas A&M University.

What happens is a phenomenon called hydroplaning, he explains. When a vehicle travels on roads covered with as little as one-fifth of an inch of water, slush, oil or even mud, the front wheels can ride the surface of the fluid—just like a surfboard or water skis on a lake.

When the front wheels hydroplane, the driver loses ability to steer, and most important, he loses the use of his front wheel brakes, O'Neal said.

Major factors in hydroplaning are depth of fluid on the road, surface conditions, amount of tire tread, air pressure in the tires, and speed of the vehicle.

Threadbare tires have lost their ability to "wipe" moisture off the road, and underinflated tires tend to lower the speed at which a car will hydroplane.

For example, an auto with tires inflated at 24 to 30 pounds will hydroplane at speeds ranging from 50 to 57 miles an hour, according to the National Safety Council. Partial hydroplaning can occur at 30 miles an hour if your tires carry only 24 pounds.

At about 50 miles an hour the front tires are lifted up on a tough film of water with only ribs touching. At 55 miles an hour the front tires lose all contact, and at 60 the front wheels can come to a complete stop!

"No one knows how many traffic accidents have resulted from hydroplaning," O'Neal said. It may be a key factor in many "mystery crashes" where a car goes out of control for no known reason.

JOE NORIEGA unloads a portion of the 87,000 pounds of survival equipment to be stored in Sonora. The equipment will be used by civil defense authorities in Sutton, Crockett and Schleicher Counties in the event of emergency. The supplies are valued at \$15,000.

## County Receives Survival Supplies

Survival supplies worth \$15,000 arrived in Sonora as part of the three-county civil defense program, according to Bob Teaff, Sutton County Civil Defense director.

The supplies are enough to take care of some 7,500 persons in the event of an air attack or natural disaster.

Among the articles are food, water, medical supplies and sanitary kits. They would be used by the people in Sutton, Crockett and Schleicher Counties in the event of emergency.

In the event of such an emergency the Caverns of Sonora would be named as a disaster shelter.

The supplies were trucked to Sonora in two trailer truck loads totaling 87,000 pounds.

## Warden Not Lost, Just Disoriented

Law Enforcement Supervisor Bob Evins, who heads up the training school for the Texas Parks and Wildlife Department, likes to make his young game warden trainees think on their feet.

To get field experience, each trainee has to walk a deer census line in the post oak region around Bryan-College Station, near Texas A&M University where the five-month school is held.

All the trees and brush in the area thoroughly confused a trainee from the flatlands of the Texas Panhandle. It's nothing unusual for a trainee to get lost but this particular one didn't return until about midnight.

Later, at graduation, when assignments came out—sure enough, the novice from the Panhandle drew an assignment in the deep piney woods of Texas.

Remembering back, a fellow warden asked: "What are you going to do if you get lost in the tall pines?"

"I'll just keep walking until I find an illegal hunter and I'll say you're under arrest take me to town," he answered, without a stammer.

## Grass Value Named Basis of Ranching

The ranchman must know the kinds of plants growing on his range, their forage value, when to utilize them properly with the right kind of livestock and the proper season, reminds County Agent D. C. Langford.

Grass is our basic heritage. It affords protection from floods, guards our cities' water supplies, furnishes our great cereal crops and supplies forage for livestock and wildlife.

Knowing range grasses, like knowing livestock, is the foundation for good ranching. A ranchman is in the grass business, and livestock and wildlife are his salable by-products of this grass production.

The kind and amount of vegetation determines the kind and num-

ber of livestock that can be grazed, and since grass is the cheapest feed that can be grown, good management of it can mean money in the rancher's pocket.

For information on the types of grasses in your fields, Langford suggests you ask for publication B-182 at the county agent's office. This publication illustrates the grasses of Texas and tells their grazing quality.

### MRS. BAGGETT NAMED

Mrs. Candace Cauthorn Baggett has been announced as a candidate for a bachelor's degree from the College of Arts and Sciences at the University of Texas.

The announcement was made by Dr. J. Alton Burdine, dean of the college.

## Firemen's Auxiliary To Install Officers

Mrs. Ervin Willman, fire mother of the Sonora volunteer fire department, will be hostess for the firemen's auxiliary at its next meeting. Officers for the coming year will be installed.

The auxiliary will select a needy family for this year's service project.

### CYNDY HOPKINS HONORED

Mr. and Mrs. Jerry Hopkins honored their daughter, Cyndy, with a back-to-school party Friday, September 1.

Sandwiches, cokes and dips were served and the guests played games and danced.

Those attending were Jean Alexander, Vickie Turner, Billie Ann Stewart, Nancy Hopkins, Selma Nell Stubblefield, Jessie McCutchen, Kathy Hardegree, Greg Everett, Gene Trainer, Timmy Coe, Rick Street, Gene Thompson, Ricky Hill and Mike Dillard.

### LIONS' AUCTION SET

Tuesday, October 24, has been selected for the night of the annual Downtown Lions Club auction. The event usually brings in more than \$5,000 to carry on club projects for the year.

### MEETING POSTPONED

The City Commissioners meeting has been postponed until Monday, September 11 according to Mrs. Davie Taylor, city secretary.

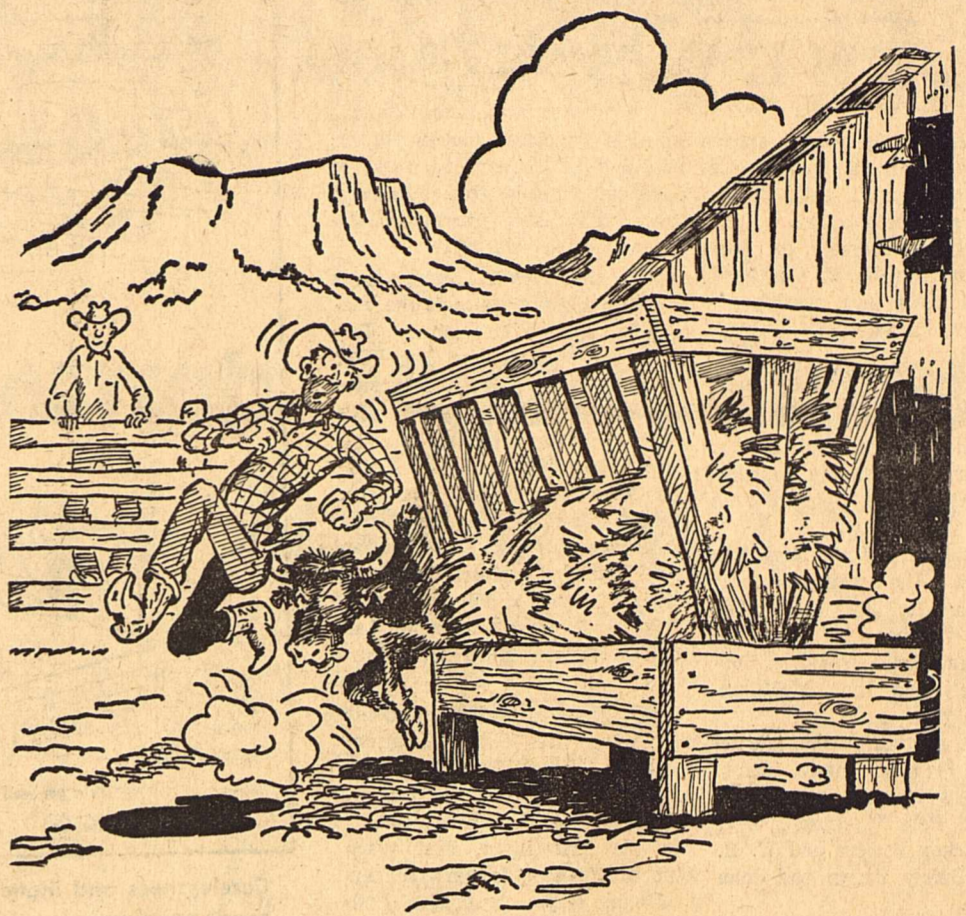

Postponement was due to the Labor Day holiday.
