WEDNESDAY, SEPTEMBER 4, 1963

BOVINA, TEXAS

VOL. VIII NO. 10

WHITTLIN'

BY DOLPH MOTEN

Labor Day, Monday, which was observed as a holiday here, was like the lull before a storm—

which the remainder of the week has been and will be. Storm enough it was to return to regular routine of a work week following a Monday holiday. Couple that with the beginning of school, a social event or two, regular meetings, and first football of 1963, which is slated for Friday night, and the term "storm" may be more appropriate than you might first think.

Making the Labor Day holiday come on Monday was a wise decision.

We dread Mondays more than any other day of the week and we've heard numerous other citizens express the same opinion. So the people who established the Labor Day holiday must have known what they were doing when they eliminated one Monday out of 52 every year. A brilliant decision it was, indeed!

With school starting this week, it might be interesting to know that the average student in Texas is absent 19.1 days per school year.

We gained that bit of information from a news release The Blade received this week.

And the common cold, the release stated, is the largest single cause in regard to these absences.

Texas' absenteeism is slightly higher than the national average, which is 18.9 days missed per student.

That average, in the state, and in the nation, is higher than we would have estimated.

Medical surveys indicate, the release said, that children of elementary school age have five times as many colds as do adults. Respiratory illnesses were responsible for about two-thirds of school days lost because of acute illnesses or injuries during the 1961-'62 school year.

The first onslaught of colds strikes the schools almost as soon as children reassemble for the new year, the report says. One contributing factor to this is that spread of colds is accelerated by the mixing of populations. In fixed stable groups which are not exposed to strangers, cold-like infections tend to die out and do not reappear until there is contact outside the group.

The best defense against the common cold is prevention, the release points out. Warm clothing should be worn, and good diets planned. Whenever possible, contact with a person suffering from a cold should be avoided.

That is, we guess, as good advice as any in regard to warding off colds. However, we feel there's almost no defense at all. No matter what we do, it seems, we have our two colds, complete with throat-tearing coughs which follow, each winter. It matters not, it seems, whether we stay warm and dry or get cold and wet occasionally. That's about the way it is with other adults, too, we think.

Too, colds might be blamed for school absenteeism more than any other disease. For instance, if a student is interested in missing a day or two of school just because he wants to, it's easy and most understandable to say, "I have a cold and don't feel like going to school."

In other words, colds may be blamed for some absenteeism which they aren't really responsible for.

Be that as it may, colds are a problem for the vast majority of the population, including students. There is not yet, in spite of all the research and what-have-you, a sure cure for the common cold.

You know, it's still the same old story: you can treat a cold

Weather by Willie

More showers this week--more showers. Maybe big rain by Sunday morning, Boy! Boy! This weather is in a mess.

--Willie

FOOTBALL CONTEST TIME! -- Bovina Businesses Third Annual Cotton Bowl football contest kicks off this week on a 13-week run with the overall winner receiving an expense-paid trip for two to Cotton Bowl New Year's Day game. In addition, weekly prize money of \$5, \$3, and \$1 will be awarded. Rules of the contest appear on the contest page in this issue of The Blade. Businesses sponsoring the contest this year are Bovina Dairy Freeze, Bovina Gin Co., Charles Oil Co., Sherley Grain Co., Parmer County Farm Supply, Bonds Oil Co., Bovina Wheat Growers, Inc., Oklahoma Lane Gin, Cicero Smith Home Center and Three Way Chemical Co. Contestants are reminded that if they are to be in the running for the grand prize that it is highly important that they participate each and every week of the contest period.

AT FOOTBALL FIELD--

Building Concession Stand

Construction work is in progress this week on a new concession stand and restrooms for Mustang Field. The contract was let last week at a called meeting of school board to Cicero Smith Lumber Co. here.

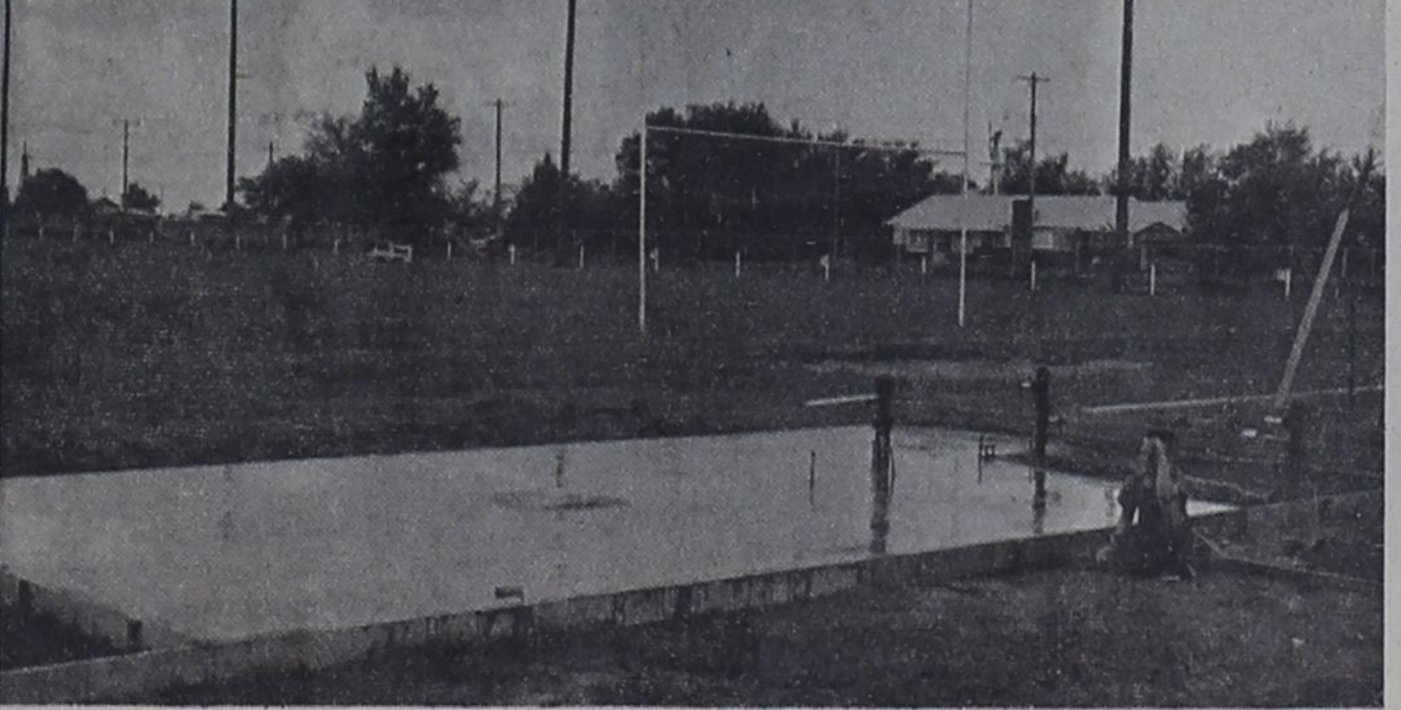

The structure, which will be of concrete tile construction, will cost about \$2800, Superintendent Warren Morton says.

Site of the new building, which will be 14 by 30 feet, is at north end of the field. This will make the facilities easily accessible to fans on both sides of the field.

Every effort is being made to have the building ready for use for the first football game here Friday night, Jay Sherrill, Cicero Smith manager, says. If it's not complete this

week, it will definitely be for the second game which is with Farwell September 13. Included in the building will be women's and men's restrooms and a large concession stand area which will have serving windows on both north and south sides.

The old concession stand, located under the home bleachers, will be used for storage.

GOING UP FAST--The foundation for a new concession stand and rest rooms at Mustang Field was poured early this week as workmen make an effort to have the structure at least partially completed in time for Friday night's first football game. Terry Sherrill, son of Mr. and Mrs. J. E. Sherrill, posed with the shiny new concrete floor.

WITH SPRINGLAKE WOLVERINES--

First Football Game Here Friday

Mustang Field is slated to be in tip-top condition for the contest. It has new turf and recent showers have aided in getting it ready for the fast-approaching season.

Mustangs defeated Springlake last year in a game played there, 20-14, in an upset. In '61, the Wolverines won the game, 14-0.

Probable starting lineup in the line for the maroon and white includes Phillip Lloyd, 160, let-

terman senior, and Al Shamblin, 160, transfer junior, at ends; Gary Beauchamp, 155, letterman junior, Eddie Reeves, 180, transfer sophomore, or Eddie Crump, 160, squadman senior

at tackles; Donnie Dyer, 140, letterman junior, and Bill Charles, 170, squadman junior, or Jackie Dane, 130, letterman junior at guards; and Radford Venable, 152-pound sophomore, or Billy Minter, 140, squad-

man junior, at center. In the backfield, those expected to get the starting nod are David Anderson, 140, letterman junior at quarter; Talley Kelso, 180, three-year letterman senior, at full; Dennis Johnston, 150, letterman junior at left half; and Ronnie Taylor, 120, letterman senior at wingback.

The lid of the 1963 Bovina Mustang football campaign will be blown off here Friday night as an inexperienced, injury-handicapped herd of Bovina Mustangs meet the strong Springlake Wolverines here. Kickoff time is 8 p.m.

Coach Malcolm Kennedy's Ponies are still smarting from some pretty rough handling by the Kress Kangaroos in an inter-school scrimmage session here Friday. Bovina had a total of eight players out of uni-

form for various reasons. "Due to the number of players we had out of the scrimmage, it was almost impossible for us to tell anything about the kind of team we'll have," Coach Gee says.

There's a possibility that all eight of the players who walked the sidelines for the scrimmage will be ready for action Friday night. The Wolverines are always

a strong opening opponent for the Mustangs because they are a classification higher if for no other reason.

Coach Gee says they weren't hurt by graduation last year to a great extent "and they had some good boys coming on." Springlake is expected to be a co-favorite with Farwell for the championship of District 3-A, which they both play in. Farwell is the second opponent for

the Mustangs as they come here to play next week, September 13.

"We have a long way to go," Gee commented about his team following the scrimmage. A good crowd is expected to be on hand for the season opener. Interest in football is running high this year in spite of the fact the Mustangs are picked to finish fourth in District 3-B this year following a successful season last year.

TUESDAY FIRST DAY OF CLASSES--

School Enrollment Over 550 Mark

For the second consecutive year, school enrollment here soared past the 500 mark.

A total of 544 students had been registered by noon Tuesday with more coming in at that time. The total was expected to reach 560 by yesterday (Tuesday) afternoon and Superintendent Warren Morton says he won't be surprised if as many as 600 are enrolled

by end of the week.

After the Labor Day holiday Monday, Tuesday was the first day of school with a full slate of classes conducted, busses running on regular schedule and lunch served in the cafeteria.

The Tuesday noon enrollment report, broken down by grades, shows the following number of students in each grade:

First---56
Second---68
Third---51
Fourth---56
Fifth---64
Sixth---50
Seventh---37
Eighth---52
Ninth---29

Tenth---25
Eleventh---34
Twelfth---22

Faculty members were honored with a watermelon feed which was open to all school patrons Tuesday night at the football field. Members of the school board sponsored the get-together.

Two Pickups In Collision

There were no injuries but considerable damage in a two-pickup collision 10 miles southeast of Bovina Tuesday afternoon of last week.

Involved in the accident were Richard R. Androado, 21, who was driving a '60 model Chevrolet pickup owned by Wayne Koehler, and Desiderio Garcia, 32, who was driving a '49 GMC pickup owned by Levi Johnson.

The accident occurred at an intersection of two non-paved county roads.

The GMC was estimated a total loss by Highway Patrolman Carol Parker, who investigated, and \$250 in damage was done to the Chevrolet.

Area Gets More Rain

Moisture, which is not uncommon around first of September each year, fell here over the weekend.

It came more in the form of a drizzle than rain and the amount wasn't uniform throughout the area.

Some areas, however, reported up to one inch.

Worst of the storm was in Rhea Community where tornado-like weather conditions were reported with crop-damaging hail and more than two inches of rain.

AT CHURCH OF CHRIST--

Slate Gospel Meeting Here

Mardell Lynch, evangelist from Hobbs, N.M., will be the guest speaker at a gospel meeting at Bovina Church of Christ next week--Monday through Sunday, September 9-15.

Congregational singing will be a highlight of each service, Don Stone, minister, announces. Singing will be led by Wylie Baker, who Stone describes as "one of the best singers we've had here in our work."

There will be 15 minutes of congregational singing during each program.

Services will be conducted on a twice-daily basis. Weekday starting times will be 10 a.m. and 8 p.m. Services on Sunday will be at 10:45 a.m. and 6:30 p.m.

Lynch is minister of Taylor Street Church of Christ in Hobbs. He has served churches as a minister in Memphis, Tenn., Eden, Wewoka, Okla.; Pecos, Phoenix, Ariz., Clovis

and Pharr.

He conducts four or five meetings each year.

A native of Sweetwater, Evangelist Lynch began preaching in Memphis in 1939.

An advertisement in this issue of The Blade invites the public to attend the series of gospel services.

There will be 15 minutes of congregational singing during each program.

Services will be conducted on a twice-daily basis. Weekday starting times will be 10 a.m. and 8 p.m. Services on Sunday will be at 10:45 a.m. and 6:30 p.m.

Lynch is minister of Taylor Street Church of Christ in Hobbs. He has served churches as a minister in Memphis, Tenn., Eden, Wewoka, Okla.; Pecos, Phoenix, Ariz., Clovis

MARDELL LYNCH

First Band Performance Friday Night

Bovina Mustang Band will make its first marching appearance in the past few years at halftime of Friday night's football game between Bovina and Springlake.

The band, which will consist of some 35 pieces, is under the direction of Joe Harper, who is beginning his first year here.

Band members will be attired in white shoes, dark trousers, white shirts, Western hats and red scarfs.

Elaine Fuller is drum major ette. Cheerleaders who are band members will be majorettes.

FRIDAY AT 6 P.M.--

Q'Back Club Slates Fund-Raising Supper

Membership drive for 1963-'64 Bovina Mustang Quarterback Club is currently underway.

Travis Dyer was elected president of the group at an organizational meeting Friday night.

J. W. Harris was named secretary-treasurer and Harry J. Charles was elected vice president.

Twenty sports fans were on hand for the organizational meeting which was in high school study hall.

Primary purpose--financial-

ly--for the club, which is now in its fourth year here, is to film Mustang football games. Plans for this year, in addition to filming of the games, are to purchase two walkie-talkie type radios to be used by coaches and to purchase sideline capes for use of the players.

Membership fee is \$5. Last year the club had 86 dues-paid members and an effort is being made to exceed that total this year.

In an additional fund-raising effort, the club will have a pancake supper in school cafeteria

prior the Bovina-Springlake football game here Friday night. Serving will begin at 6 p.m., Dyer announces.

Public is invited to come to the pancake supper prior to going to the football game.

Norvell Strawn was first president of the club in '60. He was succeeded by Connie O'Brien in '61. Ed Hutto served as president last year.

All sports fans in the community were invited to be members of the organization, Dyer says.

Reflections

From
The Blade

SIX YEARS AGO
 September 4, 1957

"Disappointing" is the way Warren Morton, superintendent of schools, described the enrollment situation after all students had been counted Monday, the first day of school. A total of 375 were in attendance Monday.

Bids for the construction of Bovina's long-awaited paving, curbing and guttering are now being accepted at the city hall. They will be accepted until the 20th of this month.

Bovina's Mustangs jump into 1957 football campaign Friday night as they journey to Fort Sumner to do battle with a New Mexico school that would be at least Class A if it were in Texas.

Some \$700 estimated fire damage was done to the home of Mr. and Mrs. Glenn Hromas on South Eighth Street Tuesday evening of last week.

At a Saturday noon meeting of Bovina Junior Chamber of Commerce in Bovina Restaurant, members decided to accept a proposal from Claborn Funeral Home, Friona, to drive an ambulance belonging to that firm to all home football games during the 1957 season.

THREE YEARS AGO
 September 7, 1960

Enrollment figures in Bovina Public Schools climbed to 466 this week as late registration was completed.

Bovina farmers are benefiting this year from one of the healthiest vegetable situations that has existed since large-scale vegetable produce came into this area three years ago. Two sheds are currently packing cantaloupes for a brisk market demand that has kept prices up to \$3.75 to \$4.50 per crate.

Bovina's Mustangs were unable to answer the door when opportunity knocked Friday night at Springlake and dropped the season opener to the Wolverines, 7-0.

James Lawlis took first place money in the first round of Bovina Businesses 1960 Cotton Bowl Contest with eight of ten correct selections.

Bovina Lions Club is approximately \$167 richer as a result of its annual broom sale last Friday.

COMPARE NOTES . . . Jane Bradshaw, left, of Farwell, and Linda Rector of Friona, discuss their recent trip to Sam Houston State College, where they attended the first annual Farm Bureau high school student seminar. In the back are Mrs. Vernon Symcox and Frank Hinkson, vice president of Farmer County Farm Bureau.

Organizational Date Young Democrats Set

A Young Democrats Club for Farmer County was discussed this week, and an organizational meeting scheduled for the Hub Community Center next Monday night beginning at 8 p.m.

Some 15 prospective members discussed forming the club following a meeting of the Farmer County Farmers Union Monday night. Leading the discussion was Jerry Rankin, who is a state committeeman for Lubbock County's Young Democrats organization.

Those between the ages of 16 and 35 are particularly invited to attend next Monday's meeting. Clayton Ray Graef of the Lazbuddie community was elected temporary chairman of the group.

Leon Smith, Jr., president of the Farmer County Farmers

Union, expressed hope that anyone interested would attend next week's meeting.

At the regular meeting of the Farmer County FU, the group was addressed by State Farmers Union president.

Letters To The Editor

August 19, 1963

Dear Dolph:
 I'm sorry to be so late in contacting you in regard to our subscription.
 I wish you would please renew us for another year and bill me for the amount.
 We leave Bovina with mixed emotions -- but just cannot afford to pass up an opportunity such as we have received. Best wishes for continued success on the paper.

Sincerely,
 Bobby Phillips
 907 Lynn Street
 Tulla, Texas

The latest National League highlights show that Houston leads the League in extra inning victories with an 11-4 record. Relief ace Hal Woodeshick has won 7 of these games.

Houston Colt .45s have six players on their roster who were born after Stan Mustal broke into the majors in 1941. The six are: Rusty Staub, born 1944; Chris Zachary, 1944; Dave Adlesh, 1943; John Bateman, 1942; and Ernie Fazio, 1942.

There have been just 52 home runs hit at Colt Stadium this season -- 22 by the .45s and 30 by opponents.

The Colt .45s must like home cooking. Through games of August 28 they were 35-34 at home and 14-50 on the road.

Bible Course Enrollment Thursday At 8

Enrollment session for Moody Bible Institute Survey of the Scripture course has been called for tomorrow (Thursday) at 8 p.m. in fellowship hall of Bovina Church of Christ. Announcement of the initial meeting was made by Done Stone, minister of the Church of Christ, who will teach the course.

It is interdenominational. A total of 34 people have enrolled for the course, Stone says and "we're hoping for 50." Classes will meet one hour each week for a nine-month period. There will be two classes—one on Thursday nights and another with the time to be arranged.

The course is designed to be taken by correspondence but will be conducted here as a class. The classes will be discussion groups instead of lecture period, Stone points out.

Cost of the course, which will be illustrated by a series of films, is \$12 per student. This includes three textbooks. A husband and wife may take the course for one price if they use the same textbooks, Stone says. People interested in taking the course should see or call Stone or should attend the enrollment session.

Mrs. Dilger's Mother Dies

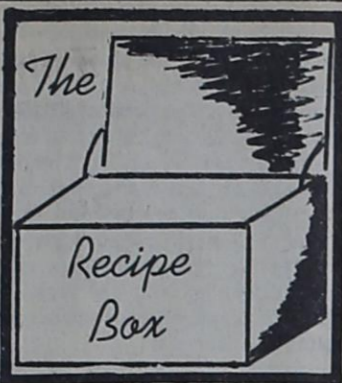

Mrs. Edith Allen, 68, mother of Mrs. Arlin Dilger, died Thursday in Memorial Hospital at Clovis. She had been hospitalized a week.

Mrs. Allen made her home in Broadview, N. M., 58 years.

The funeral was held Monday afternoon in Trinity Methodist Church with Rev. Harry Webb or Rosedale and Rev. Arthur Shaw, Trinity minister officiating.

She was survived by her husband, Clarence E.; two sons, Euel of Clovis and James G. of Pampa; two daughters, Mrs. Nadine Anson of Clovis and Mrs. Dilger of Bovina and 14 grandchildren.

Hal "Skinny" Brown, 38-year-old knuckleball pitcher, set the Houston club record for shutouts in a season with his third shutout of the season over the Cardinals on August 24. Brown has also walked just 7 batters in 111 innings.

ASPARAGUS SALAD

1 #300 can asparagus
Lettuce leaves
Garnish: Pimientos, fresh green peppers or hard boiled eggs.
Drain the can of asparagus. Salt and pepper. Place into ice-box to chill for one hour. Arrange asparagus on a lettuce leaf, with strips of pimiento laid over four asparagus tips, or use chopped peppers on top with slices of hard boiled eggs. Add a teaspoon of salad dressing, if desired.

TANGY BEETS

1 #303 can beets, whole, sliced or diced
1/2 cup vinegar
1/2 cup water
4 tablespoons cornstarch
2 tablespoons sugar
1/4 teaspoon salt
Mix the vinegar, water, sugar, salt and cornstarch and form a sauce by cooking over medium heat until almost ready to boil. Add the beets and turn the heat low for at least 15 minutes, so that the sauce flavors can penetrate the beets well.
Serves four.

CHILI-GHETTI

2 tablespoons butter
1 clove garlic, minced
3/4 cup chopped onion
1 pound ground beef
2 1/2 cups (1 lb. 3 oz. can) tomatoes
4 cups (2 one pound cans) chili with meat
1 eight ounce package spaghetti
3 cups shredded Cheddar cheese
1 cup sour cream
1/4 cup grated Parmesan cheese
In large skillet melt butter; brown garlic, onion and ground beef. Drain off excess fat, then add tomatoes and chili; simmer about 45 minutes. Meanwhile, cook spaghetti according to package directions; drain.
Remove skillet from heat and stir in Cheddar cheese until melted; then fold in sour cream. Combine chili mixture and spaghetti, mixing well; turn into casserole. Top with Parmesan cheese and bake 45 minutes in 350 degree preheated oven.

CAMP FIRE STEW

1 lb. ground beef
1 medium sized onion
3 tablespoons butter
2 cans vegetable soup
Brown minced onion in butter over low heat. Add ground beef and brown. Add vegetable soup then simmer ten or fifteen minutes. Serve over hamburger buns or with crackers.

Oatmeal Cookies

1/2 cup butter
1/2 cup Crisco
1 cup white sugar
1 cup brown sugar (firmly packed)
2 unbeaten eggs
2 cups flour
1 teaspoon soda
1 teaspoon salt
Cream butter, Crisco, white sugar and brown sugar. Add un-beaten eggs and mix well. Then add sifted flour, soda and salt. Mix thoroughly.
Stir in 2 cups oatmeal, 1 cup nuts and 1 cup chocolate chips. If you have time, chill dough for easier handling. Roll in balls using a round teaspoon of dough for each cookie.
Place on ungreased cookie sheet and bake ten minutes or until golden brown at 375 degrees.

POINTING OUT THE HINGE on the Parr Portable Corrals is Ira Parr, who, along with his dad, Bruce, devised the hinge for their corrals. The Parrs hope to patent the corrals, and plan to build them commercially.

THE HIGH PLAINS FARM AND HOME

PARR PORTABLE CORRALS- ANOTHER COUNTY "FIRST"

The Parr Portable Corrals are going on display this week. Their builders hope that they will open up an entirely new concept in providing corrals for pen-fed cattle.

Bruce and Ira Parr developed the new type of panels last winter and spring, and recently decided that they would put them on the market.

"They were born out of necessity. We needed some pens, and couldn't buy what we wanted, so ended up building them" Bruce says.

Parr points out that the hinge on the individual panels is the key to the new concept. Developed by himself and his son Ira, the hinges are so constructed that any end of any panel may be fastened to any union of any two other panels.

"It is possible to connect as many as six panels at any one union," Ira pointed out.

The Parrs state that their portable fencing is more economical than permanent type fencing. "We figure that we can

construct fences for \$2 to \$3 per foot, depending on the type of fence that is needed," Bruce says.

Bruce and Ira Parr hope to patent their achievement. They have employed a patent attorney to make a search to determine if such a panel-type corral is currently being constructed. So far, they apparently have the inside track.

"A couple of companies in Kansas are constructing pens, but apparently they are not like ours," Bruce said.

Framework for the panels is standard one and one-quarter inch pipe. The framework around the gates is one and one-half inch pipe. The covering is either four inch by four inch four gauge or six by six inch six gauge galvanized mesh. The pens are as effective as permanent pens, and no posts or stakes are required, the Parrs emphasize.

This weekend, they plan to exhibit their corrals in the Curry County Fair in Clovis, N.M. They may also show the corrals at the New Mexico State Fair in Albuquerque, the Tri-State Fair in Amarillo, the "Field Day" at the High Plains Research Foundation at Halfway, and plan to have a display in Friona's Matze Day parade.

The strength of the corrals is increased by their being hooked together. "But they are strong

enough to begin with," Parr said.

Parr said that one of the determining factors in their decision to build the corrals commercially was that material used in their construction had to be purchased in car-load lots in order to build them reasonably.

"By getting the material at mill prices, we feel that we will be able to turn out the corrals at reasonable prices. We think we can have it where a cattle owner could set up pens, feeders and all for around \$15 per head, where as many as 100 cattle are considered."

It was stated that the portable pens might be the answer for small cattle feeders who are not sure how much they want to put into the enterprise, because the system can be added to, taken down, re-sold, or whatever the owner desires. Also, they may be easy to finance.

Another aspect of the portable pens is that they make cleaning a simple matter. The individual panels may be removed for easier cleaning, or the entire corral may be moved. "If a man puts up a permanent corral,

TIMBER NEEDS CITED

Although small farm forests account for one-third of the nation's total commercial forest land, the productivity of this land is far below its potential, says the USDA. This is blamed on substandard stocking after cutting, the fact that owners don't have adequate protection from fire, insects and other losses, and the lack of proper management to produce timber efficiently.

FOOTSAVING EDUCATION

by James E. Edwards

Foot Care For Children #3

Principle #1

Do not encourage your child to walk before he is ready. When his muscles balance and confidence have developed sufficiently, he will stand and walk of his own accord. Remember the saying - One must crawl before he walks.

Principle #2

To prevent the possibility of flat feet, place a thick, soft pad in the bottom of the play pen. This will cause the toes to make grasping movements, thus raising the arches and strengthening the feet. Never permit your child to stand for a long time on a hard flat surface such as linoleum because, to maintain balance he will spread his feet apart, thus depressing his arches.

Cont'd next week.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Have you counted your blessings lately? Everything seldom seems perfect to any of us, but when we stop long enough to take stock of our situation as citizens of America, particularly the United States, we cannot help but be overwhelmed by the freedom and opportunity we enjoy in comparison to any other place on earth. Some of these blessings may even cause us to be lax in our appreciation of the circumstances that made them possible.

You can still, just barely, if you are not too influential an individual, openly oppose and expose movements such as the following:

"Victor Reuther has been identified as the author of a memorandum to the Attorney General dated December 19, 1961 entitled 'Radical Right in America Today.' The purpose of the program is to give direction to a program to destroy all who still believe in the Constitution of the United States of America and who openly fight Communism.

"1. Muzzle the military and stop the recall to active duty of Conservatives such as General James Van Fleet by having the Secretary of Defense issue orders against speeches or articles opposing Communism.

"2. Stop listening pro-Communist organizations exclusively as subversive as subversive on the annual Attorney General's list and add the names of conservative organizations so that the list would not be 'lop sided'. This would cause the membership of the conservative organizations to drop out as they would not want to be associated with 'subversive' organizations on the Attorney General's list. This would then bring about the end of the organization.

"3. Stop the flow of funds to the conservative organizations by having the Internal Revenue Service investigate all tax-exempt conservative religious and educational organizations and find some pretext for removing tax-exemption.

"4. Use the power of the Federal Communications Commission to investigate radio and television stations carrying conservative programs and see if such stations are violating FCC regulations.

"5. Curb the activities of J. Edgar Hoover who 'exaggerates the domestic Communist menace at every turn and contributes to the public's frame of mind'. Hoover was charged in the memo with 'fifteen years of overstating a problem'.

"The first four points above have been put into action, You

should know that Farm Bureau is on the list and that one Texas County Farm Bureau has been investigated and found to owe thousands of dollars in back taxes and penalties."

The above quote is from "Facts For You", prepared and published by Texas Farm Bureau under the direction of Bill Wedemeyer, Director of Research and Education.

Whether you love, hate, or don't care about Farm Bureau, we hope you will read and re-read the above five points of action that apparently are being activated. See what is happening, then prayerfully write your congressman to let him know you are deeply concerned.

Farm Bureau has always actively and openly opposed Communism both locally and nationally. We are sure that if it is forced to dissolve, it will dissolve opposing Communism. We know the membership and leadership locally and statewide well enough personally to be sure of this. We are sure the same permeates the leadership and membership nationally, as well. How do you stand as an individual American Citizen?

CONSIDER THIS: How much better it is to get wisdom than gold! and to get understanding rather to be chosen than silver. Prov. 16:16

COSTLY POUNDS

The last few pounds that go on the beef animal are the most costly for the producer. As cattle become more highly finished, the daily gain decreases and the feed required per pound of gain increases.

VIRUSES WELL FED?

Some poultrymen believe that the stress of modern high density housing makes poultry more susceptible to disease. But others say that it is equally possible that the changes in environment have provided better nutrition, not only for chickens, but also for previously harmless viruses.

County Gins Lauded For CPI Work

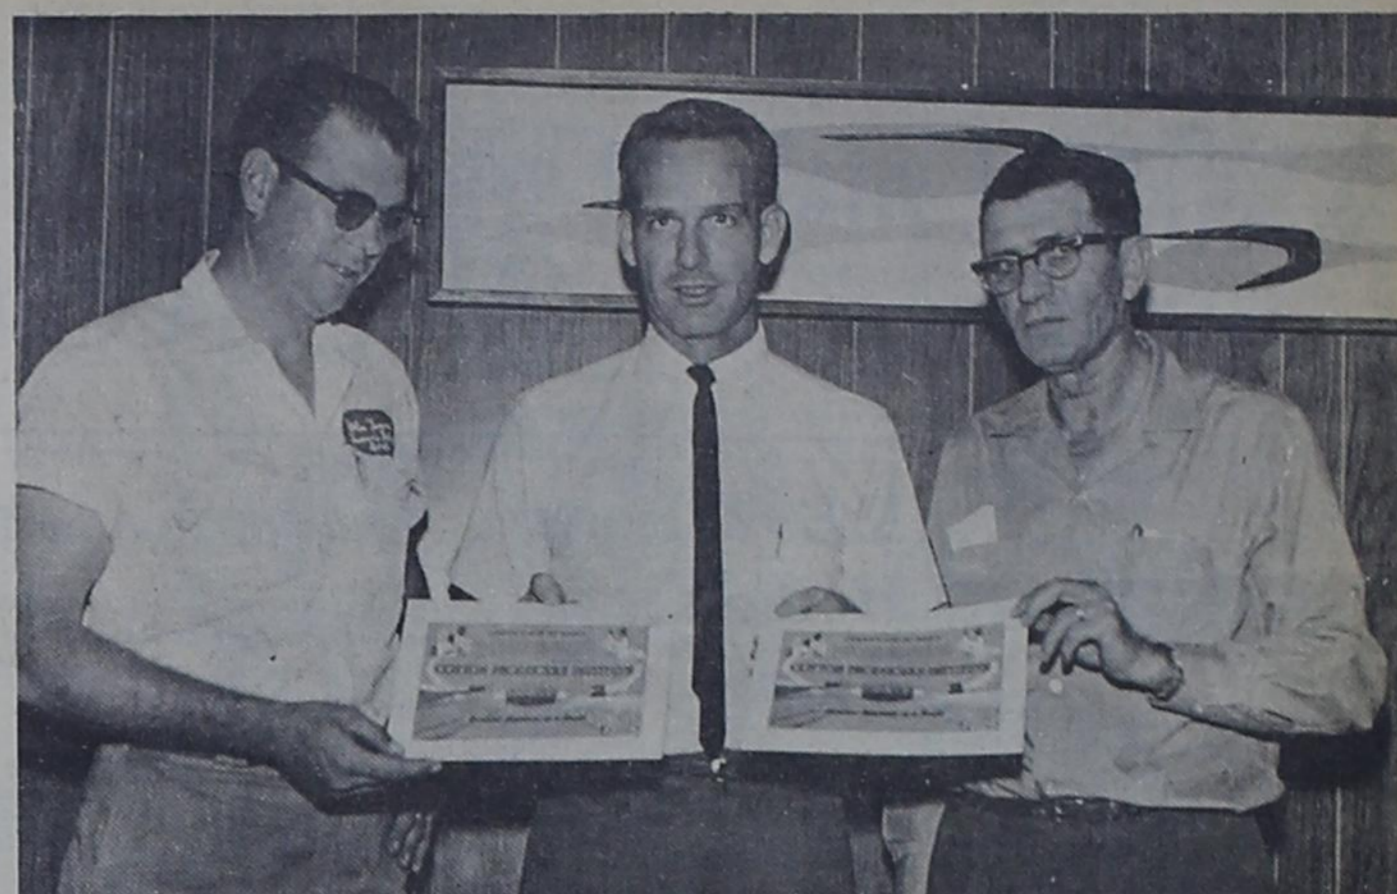

ELLIS TATUM, right, is presented a certificate from Cotton Producers Institute by Lowell Richardson, Tatum received the award as president of the Board of Friona Farmers Co-op Gin.

Three Parmer County Gins have been recognized as leading the county in cooperation with the Cotton Producers Institute. The gins cooperated by collecting \$1 per bale from customers interested in supporting the CPI. The three leading gins were Chester and Fleming Gin of Friona, with 91 per cent cooperation among its customers; Friona Farmers Co-op Gin, 89 per cent; and Oklahoma Lane Gin, 81 per cent. "We certainly appreciate the cooperation we received from all the Parmer County gins,"

said Lowell Richardson, staff members of the National Cotton Council, who presented the gin owners certificates on behalf of the Cotton Producers Institute. Aimed at increasing cotton markets and profits through stepped-up research and promotion, the Institute is being supported by growers across the Cotton Belt. Under Institute research grants, leading researchers are seeking answers to help cut cotton production costs and improve quality and to produce new and better cotton products.

Its aggressive promotion campaign is aimed at selling consumers on the advantage of buying and using products made from cotton. Wording on the certificates points out that they were issued "in recognition of meritorious service to cotton growers for outstanding cooperation with the Cotton Producers Institute by collection on a voluntary basis \$1 per bale from all customers interested in doing their share on a self-help basis to help assure a prosperous future for the American cotton farmer."

RECEIVING AWARDS from the Cotton Producers Institute are Troy Christian, left, of the Oklahoma Lane Gin, and Earl Chester, right, of Chester and Fleming Gin, Friona. Making the presentation is Lowell Richardson, on behalf of the High Plains Steering Committee of the National Cotton Council.

Exhibitors Given Tips On Care Of Show Animals

With fairs and other livestock shows just around the corner, exhibitors should begin getting their animals ready for the big events, say A. M. Meekma and J. W. Davis, dairy specialists, Texas Agricultural Extension Service.

Of first importance is training the animals to lead and respond to the halter, state the specialists. Nothing distracts in the show ring as much as an animal that does not handle properly, they emphasize.

The hair coat should receive early attention because it may take several weeks to remove the dead hair. This can be done by frequent brushing and vigorous rubbing with the palms will help to establish a lustrous hair coat.

Any clipping of the animal that is needed should be done well ahead of fair time but final trimming may be done a few days before the show, explain the specialists. Hooves should be trimmed to a normal length with the inside toe a fraction of an inch shorter than the outside.

Since condition of the animal is very important, pasture alone should not be relied on to fit the dairy heifer. Good quality roughage should be fed along with enough grain to keep the animal in good condition but not overfat, say Meekma and Davis.

CHARLES MYERS, JR. of Friona is shown about to release one of the 120 pheasants which were bought by Friona farmers for release in the area last week. A total of 500 pheasants were released in the county and eventually 1800 are planned for release.

Cotton Moisture Is Good Quality Meter

At present the only reliable method of checking the quality of cotton on the farm or at the ginning point is grade and staple length. But according to Beverly G. Reeves, cotton ginning and mechanization specialist, Texas A&M University, the cotton moisture meter can be used as a good indicator of quality on seed cotton. This device makes it possible to determine the proper time for harvesting and the way to conduct the ginning operation to preserve cotton quality, the specialist adds. The moisture

content of the cotton fiber when harvested, while in storage prior to ginning, and during ginning is definitely correlated with spinning quality. The fiber strength, the length uniformity of the fibers, and the amount of tangled fibers or neps in the cotton affect its spinning quality, and the fiber moisture level in turn affects these. Research has shown that cotton harvested at moisture levels

above 8 percent is difficult to dry for proper ginning and that cotton with excess moisture tends to deteriorate in storage prior to ginning, says Reeves. Cotton moisture level is also affected by the amount of trash in the harvested fiber. When trashy cotton is stored for long periods, moisture moves from the trash into the cotton, explains the specialist. Therefore, dry, careful harvesting is

needed to produce quality cotton and a moisture meter can help achieve this, he adds. Reeves recommends that you buy a moisture meter if your operations justifies it or have the cotton moisture content checked at the gin, but take advantage of this aid to quality cotton production.

"Household Hint -- When everything else fails, read the instructions." -- B. J. Dahl, Chewelah (Wash.) Independent.

Agricultural Team Leaves For Europe

A four-man team of state agriculturalists will leave for the European Economic Commission headquarters at Brussels this week for conferences on embargos against Texas and U. S. export commodities, Governor John Connally announced.

Dr. Tyrus Timm, chairman of the Department of Agricultural Economics at Texas A&M, will head the study committee composed of Dr. Wayland Bennett, associate dean of agriculture at Texas Tech, Agriculture Commissioner John C. White

and Senator Culp Krueger of El Campo. Governor Connally has asked that special attention be given the problem of high tariffs recently imposed against poultry by the common market countries. The \$15 million annual broiler production in Texas is currently in a depressed state because of the tariff. Texas also exports several millions of dollars worth of cotton, rice, beef and grains to the six member nations.

The group will leave Washington August 30 and return about September 12. Conferences have been arranged by the State Department and U. S. Department of Agriculture with the highest officials in the Common Market. As a member of the Resolutions Committee of the Southern Governors Conference, Connally endorsed and supported a resolution by Governor Sanders of Georgia deploring the action of Common Market countries in imposing a high tariff on importation of poultry.

New Market Is Seen For Cotton

The use of cotton in the manufacture of flexible laminated plastics offers a good possibility for expansion of the fibers industrial market, says the U.S. Department of Agriculture.

In the making of plastic laminates, cotton fabrics are incorporated as a surface material or as a textile backing for plastic film, sheets, or foam. Vinyl-coated cotton fabrics are widely used in furniture and automobile upholstery, and in wall coverings. Also, new types of laminates with plastic foams may create an even larger market for cotton in the clothing industry, says the Department.

At present, strong, rigid high pressure laminates are the main type made with cotton, but this use offers little promise of expanding the demand for cot-

ton. Low pressure, flexible laminate production does not now use large amounts of cotton and this is the area which scientists see as one of possible expansion.

The USDA's Economic Research Service says three things are needed to help cotton increase its share of the flexible laminate market. First, cotton cloth must be free of field trash and excess sizing for good lamination; cotton must have improved finishes such as one to increase the fabric's moisture resistance; and it needs new and more acceptable cloth construction for use in laminates. If these problems can be solved, cotton should gain a bigger share of the market for flexible laminated plastic production, says the USDA.

Mrs. Edens' Five Sisters Visit Here

All five of her sisters visited in the home of Mr. and Mrs. Robert Edens over the Labor Day weekend.

Those present included Mr. and Mrs. Harvey Caldwell, Mr. and Mrs. Jessie Smith and Mrs. Dollo Slaughter, all of Fletcher, Okla.; Mrs. Maggie Burnett of Lawton, Okla. and Mrs. Lillah Burnett of Frederick, Okla.

Also attending the reunion was a nephew of Mrs. Edens, Mr. and Mrs. Bobbie Coleman and son of Muleshoe.

This was the first time for all the sisters to be together since 1951.

39ers Honor Mrs. Wilson

Mrs. Joe Wilson was honored with a birthday dinner by members of 39ers Birthday Club Friday evening at Bovina Restaurant.

Mrs. Mildred Davies hosted the courtesy.

The dinner menu consisted of fried chicken, potato salad, vegetables, rolls, birthday cake and tea and coffee.

Following dinner the group went bowling.

Those attending were the honoree, Mrs. Paul Jones, Mrs. Jesse Walling, Mrs. J. W. Wright, Mrs. Bud Crump, Mrs. Odie White, Mrs. Nola Read, Mrs. Robert Read, Mrs. Emmett Labor and the hostess.

Shower To Fete Mrs. J.P. Jones

Mrs. John Paul Jones will be honored with a pink and blue shower Tuesday afternoon at 4 p.m. in Fellowship Hall of Church of Christ.

Friends of the honoree are cordially invited.

Hosting the courtesy are Mrs. Paul Jones, Mrs. Don Stone, Mrs. Billy Marshall and Mrs. Jay Booth.

Of Interest To THE WOMEN

R.E. Wilsons Home From Vacation

Mr. and Mrs. R.E. Wilson, Candy, April, Ann Lynn, Craig and Heidi Jonasdottir, exchange student from Iceland, returned recently following a three-week vacation to points of interest in several states and Canada.

They visited Yellowstone National Park, Glacier National Park, Las Vegas, Nev.; Washington, Oregon, San Francisco, Calif.; and Vancouver and Victoria, Canada.

While in San Francisco they visited his brother, Jim Wilson.

Womans' Club Meets Sept. 12

"Womans Role in a Changing World" is the theme for Bovina Woman's Study Club yearly studies.

"In Appreciation of Good Literature" is the title of program to be presented Thursday, September 12 at 3 p. m. in club house, Mrs. John Dixon and Mrs. J. R. Caldwell will give the program.

Marriage Licenses Issued

The following marriage licenses have been issued by the County Clerk's office in Farwell:

August 19--Clyde David Kuykendall, Dexter, N.M., and Alicia Lee Chambers, Dexter.

August 19 -- John Alton Clanton, Wildorado, and Pearl Mae Carson, Wildorado.

Shower Honors Recent Bride

Mrs. Davey Berggren was honored with a bridal shower Friday afternoon at the home of Mrs. Buck Ellison.

Cousages were presented the honoree and her mother-in-law, Mrs. Leroy Berggren.

The table was laid with a white linen cloth and centered with an arrangement of white chrysanthemums and greenery. The bride's chosen colors of green and white were carried out in other table decorations. Refreshments of cookies, punch, nuts and mints were served to guests by Mrs. J. E. Sherrill and Mrs. Jesse Walling.

Mrs. Dale Berggren presided at the guest registry. Approximately 20 guests called during the afternoon.

Hosting the courtesy were Mrs. Earl Ware, Mrs. Jack Woltmon, Mrs. A. M. Wilson, Mrs. J. E. Sherrill, Mrs. Earl Stevenson, Mrs. Charles Ross, Mrs. Jesse Walling and Mrs. Buck Ellison.

Occasionally one had to use last year's scissors but that wasn't too great a catastrophe especially if the loss was made up with an extra large box of crayons. One thing we remember vividly about these purchases is that it was terribly hard to convince Mom that you needed a new leather zipper notebook every single year.

We noticed that last week both the band and football squad were reworking themselves for another season. Believe the band will probably work as hard as the football players although am sure there will be some who disagree.

However, it is still a pretty big chore to have all band members remember which foot is left at the same time.

It seems the latest trend in fashion looks is the Thoroughbred look. Before we had always thought of Thoroughbred as pertaining to horses. But now it seems the females are getting ready to steal the scene.

To be Thoroughbred, you need tweed suits, bulky sweaters, scarfs, casual and not much jewelry and boots, both high heeled and flats. These boots aren't western we hasten to inform. They look more like shoes with a long, long top. Have tried them on and they are extremely comfortable, but are still wondering what kind of look we would receive from the spouse if we were all dressed up and well heeled in a pair of these . . . might be worth trying.

Had a recent conversation with a woman who stated that she thinks there should be a boycott on sunglasses. She remarked that people who wear them all time, are being rude, due to fact that the person they are conversing with can't see their eyes or tell where they are looking. Guess it is pretty frustrating to try to make an important point and wonder if the other party is looking at your toes rather than your nose.

Seldom do we attempt to give household hints but this one is worth passing on: Household bleach is a real fine remedy for putting on mosquito bites. It seems to take

Refreshments of spudnuts, coffee, tea and melon balls were served to guests.

Those present were the honoree and her mother, Mrs. Earl Finifrock of Clovis, Mrs. Dickie Steelman, Mrs. Tommy Williams, Mrs. Bill Read, Mrs. Danny Pounds, Mrs. Jerry Rogers and Mrs. John Ferguson. Several unable to attend sent gifts.

Hosting the courtesy were members of Mary-Martha Sunday School class of First Baptist Church.

Others calling during the afternoon were his grandmother Mrs. Virgil Woodson, Rev. and Mrs. Carl Coffey, Mrs. John Vaughn, Mrs. Melvin Terry, Mrs. Donald Watkins, Sandra and Scott.

Party Honors Sudderth Boy

Ja Don Sudderth, son of Mr. and Mrs. J.B. Sudderth, celebrated his sixth birthday Tuesday afternoon with a party at his home.

Favors of blow-outs, bubble gum and balloons were given to youngsters.

The chocolate frosted, mountain shaped birthday cake was topped by a western scene, complete with covered wagon, cowboys and Indians. Refreshments of ice cream, punch and cake were served to guest.

Attending were Roy Hartzog, Jill Watkins, Janet, Jane and Naoma Vaughn, Malcolm and Allison Terry, Mike and Max Verner and younger brother, Daren.

Others calling during the afternoon were his grandmother Mrs. Virgil Woodson, Rev. and Mrs. Carl Coffey, Mrs. John Vaughn, Mrs. Melvin Terry, Mrs. Donald Watkins, Sandra and Scott.

Attending were Mrs. Mark Charles, Mrs. Jerry Rogers, Mrs. Tom Ware, Mrs. Neil Smith and the hostess.

Visits HARRISES

Mr. and Mrs. Loy Harris of Oklahoma City visited over the Labor Day weekend in the home of his parents, Mr. and Mrs. Robert Harris. They brought with them, Robert Glenn Thompson, who is a grandson of the elder HARRISES. He also lives in Oklahoma City.

Party Fetes Pam Wilson

Pam Wilson, daughter of Mr. and Mrs. A.M. Wilson, was honored with a party on her eighth birthday Wednesday afternoon.

The group had a theater party and returned to the honoree's home for refreshments of homemade ice cream, cake and punch.

Attending were Christy and Cathy Trimble, Heidi Corn, Cindy Read, Rhonda Barbee, Honey Mast, Gail Dixon, Kathy Crump, Michele Bonds, Nancy Hutto, Cindy Crump, and Suzanne Wilson.

Visitors In Rea Home

Mr. and Mrs. Earl Goodwin and family of Sioux City, Iowa, visited recently in the home of his sister and husband, Mr. and Mrs. Carl Rea.

The sting and swelling out of the bite.

Does it ever fail. The water's off when you have just spilled black shoe polish all over the floor, the cake falls when company is expected, everyone wants to see the boss when he's out of town and the alarm clock fails to go off when you absolutely must get up on time.

These are just a few of what makes up life's daily drudge.

Have been told recently that the best therapy for nervous tension is chopping cotton. It seems that during the entire length of the row one isn't worried about anything but getting to the end of the row and the water jug. Also when one returns home all the gripe is removed by just the thoughts of getting to sit down in a chair or better yet lie down on a bed. Sure hope we don't ever get nervous enough to have to try the treatment.

That fable where the husband and wife changed jobs and neither liked his position certainly is true. While the spouse was gone recently we performed one of his routine jobs that always before had looked simple, stupid, ridiculous and certainly could have been made easier if we could only get at it. After approximately an hour of hard labor we know why he is entitled to more complaining than we had been allowing.

After all the complaining about yard work we must admit that we have it easier than Dorothy Rogers. They have recently moved into a new home and are involved with putting out a lawn. Now this in itself is bad enough, but when the lawn runs on a slope and the watering procedure has to be performed by hand it certainly makes one consider a concrete slab instead of grass.

LETTER TO THE EDITOR--

Elke Steffens Writes To Bovina Friends

Hello from Germany, I hope very much you are doing well in Bovina.

For you this message may come very far; for me it is as if I say it to you. In my feeling and thinking the distance between us exists only in miles. It is not in my heart. Let me tell you that I miss you all very much, I miss you and your way of living. You all were always so nice, friendly and helpful, simply wonderful. I miss also, and this will probably sound very funny to you, to talk English.

Last Tuesday our school had the privilege and great pleasure to hear an American College choir. All students enjoyed it

Visitors In Caldwell Home

Mrs. J. R. Caldwell and her son and family, Mr. and Mrs. Charles Caldwell and Gaye, and Mrs. John Boyd of Houston, returned recently from Glorietta, N.M.; where they attended a Baptist meeting.

After they returned to Bovina they visited in the home of Mrs. Caldwell along with several of her other children, Mr. and Mrs. H. B. Coates and family of Wichita, Kan.; and Mr. and Mrs. Ralph Caldwell and family of Lubbock.

Visitors In Wilson Home

Visiting recently in the home of Mr. and Mrs. A. M. Wilson were her sister and family, Mr. and Mrs. Paul Strauss, Eileen and Bobby of Abilene. Bobby and Eileen stayed approximately two weeks in the Wilson home before returning to Abilene.

(CROWDED OUT LAST WEEK)

Free Family Has Reunion

Several members of the Free family had a reunion at Dumas over the weekend in the home of Mr. and Mrs. Dick Free.

Attending from Bovina were Mr. and Mrs. R. G. Barron, Mrs. Ola Free and Mr. and Mrs. Travis Lloyd.

Others attending were Mr. and Mrs. J. D. Free, Barbara and Diane of Redding, Calif.; Mr. and Mrs. J. E. Kelly of Childress, Mr. and Mrs. Donald Barron of Fritch, Mr. and Mrs. W. W. Free of Denver, Colo.

Mr. and Mrs. J. D. Free and family from California have been visiting during the week in the home of his mother, Mrs. Ola Free and his sister, Mrs. Rouel Barron.

Mrs. Hawkins Hosts Party

Mrs. Erith Hawkins hosted a products party Friday morning at her home.

Following the demonstration refreshments of Spudnuts and coffee were served to guests.

Attending were Mrs. Mark Charles, Mrs. Jerry Rogers, Mrs. Tom Ware, Mrs. Neil Smith and the hostess.

so much and you can't imagine how happy I was. In the afternoon some of our students and the choir had a cup of coffee together. We finished our visit with a boat trip on the Baltic Sea. This time roles had changed. The Americans were foreigners and I lived in my home country. I was so thankful to have the opportunity to be as sweet to them as you were to me. I don't think I have to tell you that we all had a marvelous time together.

The flight back over was just fine but I was pretty glad after the aeroplane landed in Brussel, Belgium. We took a bus from there to Koln and here my brother, Gunter, picked me up. I spent two days with my brother and his wife and for the first time I saw my little nephew. He is such a cute little thing.

My parents were more than glad and happy to have their daughter back and could hardly believe that I was there. After 10 days I had to leave for school again and I am in the boarding school right now.

My favorite subject in school is English, that is quite obviously because I am good in it. Besides that I didn't forget as much in my other subjects as I thought I did.

The weather is bad here. Cold and rainy all the time. I sure wish the hot Texas sun would shine here. You can be so happy to have so many sunny days during the year.

My thinking is very often with you. You all gave me so

many pretty things and every time I see or wear them my thoughts fly back to you. I hope so much sometime I can come back and see you all.

Many people have written me. Thank you so much for it. I was so happy to hear from you and will answer you as soon as I have more time. In case somebody would like to write me my address is

Elke Steffens
2431 Eliesdorf
bei Neustadt, Holstein
West Germany

I hope ever thing is going fine in Bovina and wish you all the very best.

Contest Rules

1. There are 10 high school and/or college football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and travelling expenses to Dallas and the January 1, 1964 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Everyone, except employees of this newspaper and their families, is eligible to enter.

BIRD TALK -- Bud Crump, left, and Jack Patterson, pose with a pheasant each and discuss the distribution of the birds made here Thursday to several area farmers and businesses. Crump was in charge of distribution in this area. Patterson is president of Farmer County Game Management Association.

THURSDAY --

150 Pheasant Released Here

The area pheasant population was increased by 150 Thursday. That many birds were purchased and released by 14 businesses and individuals. The pheasants, delivered here by Gunn Bros. Game Farm in Amarillo, were distributed to individuals by Bud Crump, who was in charge of distribution here, and Jack Patterson, president of Farmer County Game Management Association. Purchasing the birds were Leon Grissom, Lloyd Gober, Jim Ware, Vernon Estes, A. L. Glascock, Ben Rejino, First National Bank, Harold Hawkins, Bovina Gin Co., I. W. Quicke, Earl Stevenson, Bob Wilson, J. B. Sudderth and M. H. Carson.

The pheasants were sold and

released in units of 10--two cocks and eight hens. The birds cost \$2 each. This is one of a series of shipments slated to be made in the county. Birds were also released in Farwell, Friona and Rhea areas. The game management association is making an effort to have the county stocked with game birds. Individuals wishing to cooperate with the association in its effort should contact Patterson or Crump.

(Crowded out last week)

Visit Sister

Mrs. Andette Harkins and Mr. and Mrs. M. A. Morris of Austin visited in the home of Mr. and Mrs. R. N. Williford, recently. Mrs. Harkins and Mrs. Morris are sisters of Mrs. Williford.

James Lawlis

Receives Honor

Pvt. James Lawlis, son of Mr. and Mrs. Ovid Lawlis, was recently selected a distinguished graduate of his class at Ft. Bliss in El Paso where he was in National Guard. He was released after six months of duty and he and his wife, Penny, will be at home in Bovina.

Houston pitchers are well on their way to posting a better earned run average than they compiled in 1962. In 1962 the team ERA was 3.83 and was 3.44 through games of August 27.

Hal Woodeshick leads the major leagues in earned run average with his gaudy 1.71 ERA. He had allowed just 64 hits in 100 innings while striking out 79. Woodeshick has six saves in addition to his 10 victories.

(Crowded out last week)

Mrs. Murphy Has

WMU Program

Mrs. Don Murphy was in charge of Royal Service Program for W.M.U. Tuesday afternoon at First Baptist Church. Mrs. Joe Moore read scripture and Mrs. Charles Embry gave "Bahai World Faith", Mrs. John Ferguson, "Mormanism" and Mrs. Jim Russell gave the devotional. Attending were Mr. Ovid Lawlis, Mrs. J. O. Combs, Mrs. W. W. Wilcox, and Mrs. Keith Garner.

TIPS FOR OUTDOORSMEN
by Vern Sanford

New Use For Baby Oil
Shotgun shells sometimes stick in the gun barrel or magazine at the most inopportune time. You can prevent this, and also add more waterproofing to your shells, if you put a thin coat of baby oil on each shell before leaving home.

Non-slip Scope Sight Ring
Dust a little resin under the mounting rings of your scope sight to prevent that annoying slip so often encountered when a heavy scope is used on a high-powered rifle.

Duck Blind Camouflage
Pale faces turned toward the sky frighten incoming ducks like a blast of shotgun fire. But if each hunter will slip over his head a wide-meshed bag, such as the ones in which potatoes or onions are packed, face glare will be avoided.

Dear Savvy
Buck tracks usually are more pointed than are deer. They also more frequently leave dew claw indentations behind them. These differences are not infallible.

To be sure of the size and sex of deer you trail, better check where spoor leads toward a low branch. If tracks pass under branch, the deer is a spike buck or doe. But if tracks turn aside before reaching branch, the deer is most likely an old buck, too canny to tangle antlers with low limbs.

Egg Sucking Cure
To cure your hound or bird dog of egg sucking, coat eggs with a solution of flour paste and red pepper. Leave eggs in place by dog to find. He'll steer clear of eggs after that.

Protect Shotgun Barrel
Goose hunters shooting from pits on sand bars, or dirt pits in fields, constantly must check shotgun barrels for sand or dirt.

Avoid this nuisance by covering muzzle with a single sheet of toilet tissue, held in place by a rubber band behind the sight.

Hunting Without Dogs
It is possible to cover a field effectively without dogs when quail hunting.

Tie one end of a nylon clothesline to your waist, the other end to your partner's. Criss-cross a field with line stretched between you, waist high. Birds hiding in between you will flush as the line passes over them.
