PRICE—TEN CENTS

CINDERS

by John T. King

Louis Powers came by the office Monday. Powers is Sutton County range boss for Boys' Ranch and is in charge of county donations of stock and money.

He said those wishing to give could either bring animals by Powers Livestock Sales or mail donations to him.

Ralph Finklea said Monday that Sonora's school system was still in need of a public school music teacher and a kindergarten teacher. Each subject is taught one-half day. He said other schools were advertising for teachers and administrators, and that one school was seeking both a superintendent and a high school principal.

Work on the teacherage where the McMinn's will live is about complete. The house has been remodeled and a bedroom added.

Finklea also said the tennis courts should be completed by the beginning of school.

Charles Brown (Texaco) was in the Post Office telling about his recent fishing trip to Lake Buchanan. He and his wife were catching hand-size perch as fast as they could pull them in. Then his wife reached for more bait and a water moccasin bit her.

He said the trip to the doctor was over thirty miles, but it seemed more like a hundred. They had packed Mrs. Brown's hand in ice to slow circulation, and made the trip to the doctor without difficulty. The doctor gave Mrs. Brown a couple of shots and told her she would be able to fish the next day.

A snake bite would have been enough to send me home, but the Browns? They were catching perch the next day, as usual.

The class had been told about the amazing speed at which light travels.

"Just think of light coming to us from the sun at all those thousands of miles a second!" exclaimed the teacher. "Isn't it wonderful?"

"Not so very," said one ray of brightness in the class. "It's downhill all the way."

Alma Perez Receives Degree From Southwest

Alma Perez, daughter of Mrs. Marcos Perez, is a May graduate from Southwest Texas State Teachers College with a Bachelor of Science degree in Elementary Education and a minor in English.

Her first teaching experience was in Lockhart, where she taught Headstart for two months. Miss Perez said it proved to be a wonderful experience, and she is looking forward to a successful year teaching third grade in Port Lavaca.

Miss Perez is a 1964 graduate of Sonora High School.

MEMBERS OF SONORA'S ALL-STAR LITTLE LEAGUE TEAM pictured here are bottom row, reading left to right, Mark Milliken, David Wallace, Larry Cade, Jerry Johns, David Conger, Alan Harris, Keith Kniffen, and Teddy Coker. Top

row, Gabriel Espinosa, assistant coach, Bill Savell, Albert De-Hoyas, Randy Hill, coach Dr. Charles F. Browne, Henry Mata, Bruce Kerbow, and Paul Browne. The group defeated Midkiff by a score of 13-1, beat the Ozona All-Stars by 9-0, and lost to Pecos, July 26, by a 9-0 score.

Midkiff, Ozona Victories Ease Pain Of All Stars' 9-0 Fall to Pecos

Sonora has been playing Little League baseball for around eight years and has met Pecos several times during those years in playoffs, but has never been able to beat the Pecos producers. Friday, July 26 saw no exception to the Pecos winning streak over the Sonora All-Stars. Kyle Johnson pitched a no-hitter in the Little League tilt and led his team to a 9-0 win over Sonora.

Johnson struck out 17 Sonora batters and got the other out on a grounder back to the mound. Donald Ray Walker hit two home runs off pitcher Henry Mata. Pecos had seven hits.

Pecos Little Leaguers will go to Big Spring for sectional playoffs.

Area Schools Hold Workshop

A three-day graphics workshop was held for area teachers in the Home Economics department building July 24, 25, and 26 from 9 a.m. to 4 p.m. each day. Clyde Warren, media-coordinator for the Education Media Center at San Angelo, conducted the meeting.

Teachers from local schools who attended the workshop were Mrs. Doyle Morgan, Mrs. Leo Merrill, Mrs. Mary Ruth McGilvary, Mrs. A. E. Bridges, Mrs. Max Hardegree, Mrs. Andrew Moore, Mrs. Ralph Finklea, Mrs. Clay Cade, Mrs. W. T. Hardy, and Mrs. Albert Martin. Other teachers from Menard, Junction, and Mason were also in attendance.

The study covered the development of visual aids for use in the classroom, new techniques, and the operation of the new machines now available.

Faculty Slot Remains Open For Fall

Superintendent Ralph Finklea says that an opening in Central Elementary School for a kindergarten and public school music teacher still exists. All other teaching positions have been filled for

Screwworm Case Confirmed Here

Sutton County had its first confirmed screwworm case this year. The outbreak occurred on the Schultz ranch last week, and was one among the forty-three cases confirmed in Texas counties at the Mission Screwworm Eradication Laboratory last week.

County Agent Clint Langford reminds livestock owners that the continuing outbreak of cases remains quite serious, and all good herd management practices should be followed. Wounds should be treated and herds should be sprayed to check infestations.

"It's up to the livestock owners to report the cases as rapidly as possible so that case buildups can be checked by the sterile fly treatment," program officials remind.

Rodney C. Dowdy Plans Move

The Rev. Rodney C. Dowdy, pastor of First Baptist Church since May, 1964, and Mrs. Dowdy will leave Sonora about August 1. The Rev. Mr. Dowdy will assume duties as pastor of the Baptist Church in Meadow, which is located 25 miles southwest of Lubbock and around thirteen miles from Brownfield.

The town of Meadow is smaller than Sonora, but the church has a larger congregation, according to Dowdy. The Rev. Mr. Dowdy said most of his pastorates have been churches in rural areas.

He and Mrs. Dowdy are both

"The Graduate" Opens Thursday At La Vista

Hillman Brown has announced that the lobby of La Vista theatre has been redecorated and the front of the building has been repainted in preparation for the opening of "The Graduate" and other recent films.

"The Graduate" opens Thursday at La Vista for a week's run and will be followed by the "The Sound of Music," "Thoroughly Modern Millie," and Burton and Taylor's new film, "Boon," in the future.

Brown explained that with "The Graduate" comes change in policy at the theatre to bring top-flight recent films to the theatre.

In many cases extended engagements are required by film distributors as a part of the requirements for securing a film, and Brown said these requirements will be observed when practical in order to speed up the availability of good films.

The snack bar in the lobby will be open before the film but will be closed after the film starts. This will cut down on traffic in front of viewers and cause less disturbance of their movie enjoyment, explained Brown.

Twirlers Attend SMU Training School

Shelly Morriss, drum majorette for Sonora High School band, Lesa Whitehead, Cathy Morgan, Kathy Hardegree, and Carol Adamson, twirlers, have returned from a week at SMU's twirling school held in Dallas, July 22 through July 26. Mrs. Bill Whitehead accompanied the group and stayed with them in the dormitory.

Mrs. Jym Adamson also went to Dallas, and visited with relatives while Carol attended the school.

Services Held For Mrs. Bill Tittle July 28, 1968

Mrs. Bill Tittle, formerly Jerry Meckel, 41, died in Hudspeth Memorial Hospital, July 26, 1968, at 6:45 p.m. Services were held at 3 p.m. July 28, at the First Methodist Church with the Rev. Ross T. Welch, officiating. Ratliff-Kerbow Funeral Home was in charge of the arrangements.

Mrs. Tittle, the daughter of Ben F. Meckel and the late Myrtle Davis Meckel, was born February 17, 1927, in Sonora. She attended Southern Methodist University in Dallas and Texas Western College at El Paso, and graduated from TWC in 1951. She married Bill D. Tittle of Merkel, August 3, 1951. Mrs. Tittle was a member of the First Methodist Church.

Survivors include her husband; two daughters, Becky Lynne and Debra Kay of the home; her father, Ben F. Meckel of San Angelo, and one sister, Mrs. Jimmie West of Eldorado.

Tommy Thorp, Nelson Stubblefield, Bill Stewart, Lawrence Finklea, G. H. Davis, and Tom Davis served as pallbearers.

A special business meeting to be held after the morning worship service has been called by First Baptist Church. Purpose of the meeting is to elect a pulpit committee. The Rev. Rodney Dowdy urged all members to be present.

Once-Proud Landmark, McDonald Hotel Receives Abuse, Damage from Intruders

Magazine pages and hotel records scattered throughout the building. Broken drinking glasses on the stairs. Wire running the length of upper and lower floors. Rooms broken into. Sheetrock ceilings destroyed. Holes punched in the back room to form a solid carpet. Match books on a dresser. Burned matches on the floor and on the bedding.

This was the scene in the McDonald Hotel last Saturday. W. P. McConnell was conduct-

ing the tour, and said the destruction occurred sometime during the past five weeks.

The hotel was once a landmark for Sonora and attracted such visitors as William Jennings Bryan and many Texas governors. But age and unpopularity eventually caused the hotel to be closed in November of 1963. Since that time the building has more than once tempted unauthorized visitors. This last visit was the most destructive, with walls and ceilings receiving most of the damage.

Church of Christ Sets Vacation Bible School

Ralph A. Weinhold, minister of the Northwest Side Church of Christ announces the church's vacation bible school plans for the week of August 5-9.

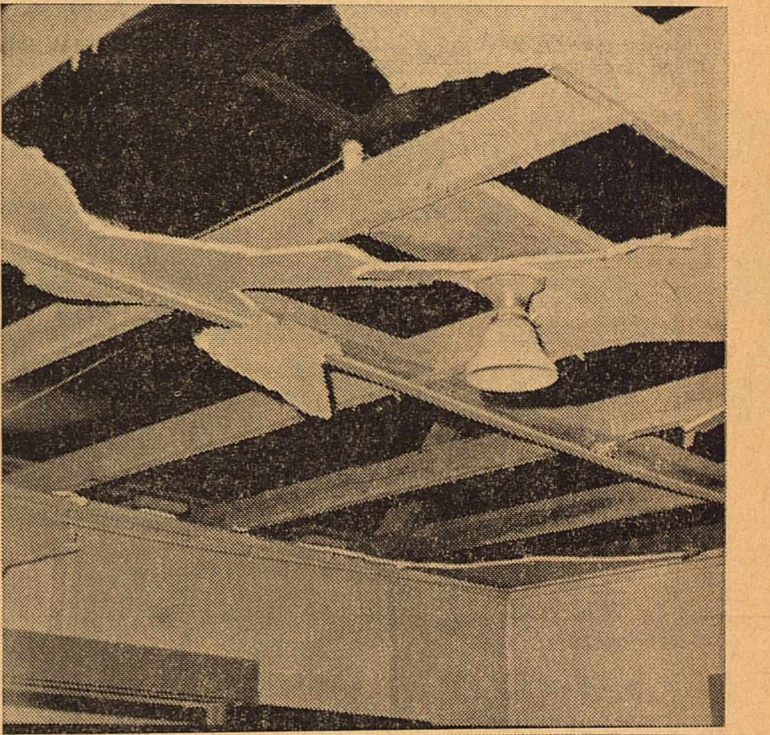

Mr. Weinhold says the school this year will be an evening school from 7:30 to 8:45 p.m. with the featured theme being "My God Is Real." Opening assembly in the auditorium will be from 7:30 to 7:45 with dismissal according to individual classes. Refreshments will be served after the class study period from 8:30 to 8:45 p.m.

Everyone including young people and adults are invited to attend, according to Mr. Weinhold.

Most of the locked rooms had been broken into, and both hotel records and McConnell's personal papers scattered about. Mattresses were moved from the beds to the back room where they formed a solid covering for the floor. Nothing seemed to have been burned, although a quantity of spent matches indicated fire had been used for light. One burned book of safety matches was atop the pile of cotten bedding. A generous supply of unused matches lay on top of a dresser.

Wire, strung seemingly to be a signaling device, ran the upper and lower length of the building.

McConnell was at a loss as to how to end the hotel's entry problems, but plans to take much of the bedding to the dump for burning. He said the hotel would be open Saturday should people want to see the damage.

LOOKING FROM THE STAIRS, Camera records disarranged papers and register knocked askew at the McDonald Hotel (top left.) Photo at upper right shows ceiling of back room

where mattresses were moved. Below shows bedding and sheet rock in back room of the hotel, W. P. McConnell said that damage occurred during the past five weeks.

Complacency Is A Blight

Complacency is a blight that saps energy, dulls attitudes and causes a drain on the brain. The first symptom is satisfaction with things as they are; the second, a rejection of things as they might be. Suddenly it's easy to accept all the patterns of ideas and projects that worked yesterday. "Good enough" becomes today's watchword and tomorrow's standard.

From "good enough" it's a short step to saying: "Let someone else try the new idea first."

Complacency makes people fear the unknown, mistrust the untried, and abhor the new. The status quo looks like a way of living, but

it's really a path to slow death. Like water, the man with complacency follows the easiest course: Downhill. But he draws fake strength from looking back. Even without exertion, he thinks he's soaring like an eagle.

The illusion lasts until the phony feathers fall off and a genuine flight takes place. That flight is always made by the restless man who questions his own successes and keeps searching for the impossible: the perfect idea and the best way.

THE DEVIL'S RIVER PHILOSOPHER SEZ

He Wants To Strike Against Strikes But He Lacks A Few Of The Details

Editor's note: The Dry Devil's Philosopher on his bitterweed ranch on Dry Devil's River assigns himself a hard task this week, but he'll probably dodge it.

Dear editor: I have been keeping tab on it in the last few months' run of newspapers turning up out here on this bitterweed ranch and to the best of my reckoning the only group in this country which hasn't had a strike or a threat of a strike is the kindergarten pupils, and they may walk out tomorrow.

You name it and they've struck: telephone workers, steel workers, Broadway actors, television announcers, college students, convicts, airline pilots, school teachers, Olympic runners, printers (Detroit hasn't had a daily newspaper in 8 months), chorus girls, railroad workers—there are a lot more but I used the paper I had written down on to clean the dip stick when I was checking the oil in my tractor and can't read the rest. It was two quarts low. Had it been empty, I could have finished the list.

However, I guess the strike that

topped them all was the one by the professional football players.

This strike disturbed a lot of people, who claim the game never will be the same.

"When they're in the huddle," one man asked me, "how will we know whether they're calling a play or a strike?"

I can't tell him, I have no answer to the problem, and when a man has no answer to a problem he appoints a committee. This country has so many committees now studying problems we may have to appoint another committee to see what they're hung on.

What I'm working on now is finding something I can strike against, but the field is limited. I've tried striking against work but every time I do the only result I can see is that the work just piles up.

I have enlarged my thinking and am now working on a plan where the rest of us can strike against strikes, but I haven't worked out the details. Will give it some more thought. If any of you "Devil's" readers have any ideas, write me at once.

Yours faithfully,
 J. A.

Prevent Rabies By Pet Vaccination

Is rabies a thing of the past? Don't bet your life on it, says the Texas State Department of Health. Statistics and activities of the Health Department indicate otherwise.

"Rabies in man is always fatal," said Dr. James E. Peavy, state commissioner of health, "and for that reason prevention is the only cure."

A big step in prevention is vaccination of pets.

"Vaccination of pets takes on a more vital role when you come to realize that most rabies treatment received by humans have come from exposure to pets," said Dr. Peavy. He noted also that rabid pets normally expose the people closest to them—their masters or neighbors.

Among the animal heads examined for rabies last year, 385 were found to be positive for rabies upon laboratory examination by the State Health Department. Another 16 cases were affirmed on military bases following examination at the Fort Sam Houston laboratories in San Antonio.

Of the 385 cases, 86 were dogs; 32, cats; 27, foxes; 152, skunks; 44, bats; 24, bovine; and 20, other species. Six horses and seven raccoons were found to be positive among the "other" species in 1967.

Communities and individuals have their greatest opportunity to prevent the spread of rabies among pets and on to humans by means of vigilant anti-rabies vaccination programs and stray dog control.

Health authorities feel that a community is adequately protected from an outbreak of rabies when 70 percent of the pet population is vaccinated. But most urban areas in Texas have attained only a 10 to 15 percent vaccination record.

A Parson's Eye-View of Sonora

BY THE REV. ROSS T. WELCH

The rumor has been confirmed. The Rev. and Mrs. Rodney Dowdy are leaving Sonora. Next Sunday will be their farewell services and they plan to be in their new church at Meadow, south of Lubbock, the following Sunday, August 11.

One Baptist laymen remarked that it is unusual for a Baptist minister to leave a church while he still has the goodwill of all his parishioners. But that seems to be the case with the Dowdys. But the sense of loss and regret is not only church-wide but also community-wide.

Rodney and Mrs. Dowdy have been closely identified with everything they felt was for the good of the community. Rodney has been a tower of strength for the Ministerial Alliance. He has been responsible for the morning devotions on KCKG and for the broadcast of religious news on Saturday mornings. He has been named head of the Community Welfare Program. Mrs. Dowdy has done outstanding work with the Hospital Auxiliary.

The entire community will miss the beautiful flower arrangements in the Baptist Parsonage picture window. We wish the Dowdys well in their new and promising field of labor, but we regret that they are leaving so suddenly that we cannot even say "Good-by" in a civilized fashion.

We have been here only twenty-six months, yet, with the transfer of the Dowdys, we have seen changes in the pastoral leadership of every church in the community except the Spanish-speaking Baptist congregation.

We hope the Methodists will feel they started this and will not get the idea they have to continue the trend. It isn't common for the Methodist pastor to be the ranking member of the ministerial alliance.

The Little League season came to a screeching halt last Friday night when the Sonora All-Stars ran head-on into the nearly no-hit pitching of Pecos All Stars' pitcher.

I missed the first two innings when Pecos scored seven of their nine runs. But for the remainder of the game I sat beside the radio station operator from Pecos and heard his play by play account along with the comments he sent back to the hometown folk.

He was very complimentary to Sonora and to our team. He commented numerous times on what a splendid playing field we had. He told Pecos listeners that the Sonora All Stars were by all odds the superior team Pecos had faced this season. They won their first two play-off games by identical scores, 15 to 0.

The commentator was high in his praise of Mata's pitching. He said the reason Pecos hit so well as they did at the first of the game was because they had had lots of practice against their own excellent pitcher.

If their pitcher holds out, Pecos ought to go a long way. Three games without a run scored against them in the play-off is a record that speaks for itself.

When I went out last week to record my morning devotions for this week, no one told me that Station KCKG might cease operations as of August 1, so I prepared for a full week. It was sort of a futile gesture anyway since Bob called me after I had returned home and told me the tape picked up only an occasional word.

If all goes well, by this time next week I shall be in West Haven, Connecticut, playing with my 10-week old grandson. If you would like to hear some good lay-preaching, I invite you to come to the Methodist Church, providing you are not going elsewhere, the second and third Sunday in August.

I suppose the national political conventions will dominate the airways and the headlines for the next few weeks. There are rumors of possible coalitions to try to pro-

Office received quite a shock Monday afternoon when she picked up her mail and returned to her automobile only to find it down in the little garden with its nose against the movie sign. She had to have Buster come and pull her car out. Apparently no serious damage was done.

A friend stopped a few moments on her way back to Alaska. She made it sound very tempting. She makes \$24 per day which is probably four or five times what she made in Devine before she went to Alaska. Her school teacher son-in-law in a few short years has gone from a classroom teacher to superintendent of three small schools and draws \$21,000.00 per year.

But living costs are high, travel is expensive and—there as here— one is lucky who comes to the end of a year with enough to divvy up with Uncle.

A new back wall has been placed into the building besides the News Office. I think John is very glad the owners did not decide to demolish the building—that is the only wall the News Office has on that side.

Maxine Davis was due to come home from the Shannon Hospital this week. She was injured in a fall at Sonora Caverns.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWELVE ON THE BALLOT (SJRI4)

SENATE JOINT RESOLUTION No. 14 proposing an amendment to Article III, Constitution of the State of Texas, by adding a new Section 52a to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 52a to read as follows:

"Section 52a. The Legislature shall have the power to authorize cities, counties, and towns to issue revenue bonds for industrial development purposes, or in aid thereof; provided, that property acquired from proceeds of the bonds shall be subject to ad valorem taxes. Legislation passed in anticipation of the adoption of this amendment shall not be invalid solely because of its anticipatory nature. The tax revenue, the utility revenue, and the revenue from services of any county, city or town may not be used to pay any

bonds issued pursuant to this authority nor the interest thereon."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes."

"AGAINST the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

"FOR the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices."

"AGAINST the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices."

If it appears from the returns of such election that a majority of the votes cast therein are for such amendment, same shall become a part of the Constitution of Texas.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT (HJR22)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of Texas, Article III, be and the same is hereby amended by deleting therefrom Section 18, and substituting in lieu thereof the following:

"Section 18. No Senator or Representative shall, during the term for which he was elected, be eligible to (1) any civil office of profit under this State which shall have been created, or the emoluments of which have been increased, during such term, or (2) any office or place, the appointment to which may be made, in whole or in part, by either branch of the Legislature; provided, however, the fact that the term of office of Senators and Representatives does not end precisely on the last day of December but extends a few days into January of the succeeding year shall be considered as de minimis, and the ineligibility herein created shall terminate on the last day in December of the last full calendar year of the term for which he was elected. No member of either House shall vote for any other member for any office whatever, which may be filled by a vote

of the Legislature, except in such cases as are in this Constitution provided, nor shall any member of the Legislature be interested, either directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he was elected."

"FOR the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices."

"AGAINST the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices."

If it appears from the returns of such election that a majority of the votes cast therein are for such amendment, same shall become a part of the Constitution of Texas.

"FOR the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices."

"AGAINST the constitutional amendment fixing the time during which members of the Legislature shall be ineligible to hold other offices."

If it appears from the returns of such election that a majority of the votes cast therein are for such amendment, same shall become a part of the Constitution of Texas.

Norman Griffith Ordained July 30

Norman E. Griffith, former chemist with E. I. DuPont de Nemours, was ordained July 30, to the Order of Deacons of the Protestant Episcopal Church in the United States of America. His ordination to the diaconate was at St. Francis' Episcopal Church in Victoria.

The Rt. Rev. Everett H. Jones, Bishop of the Episcopal Diocese of East Texas, ordained Mr. Griffith. The Rev. Gerald McAllister, canon of the diocese, preached at the service. Among others participating was the Rev. Lea Roy Aldwell.

After the service, Griffith has assumed duties as deacon-in-charge of St. John's Episcopal Church.

A native of Charlotte, North Carolina, Griffith attended the University of North Carolina and Duke, where he was awarded a Bachelor of Science degree. In 1947 he was employed by DuPont as a chemist at the Wilmington, Delaware, experimental station where he remained till 1950 when DuPont opened its Victoria plant.

In September 1965 he entered as a postulate for holy orders the Protestant Episcopal Theological Seminary in Virginia at Alexandria and last month was awarded a Bachelor of Divinity degree from that institution. He completed his canonical examinations June 21 at Cathedral House in San Antonio.

Griffith is married to the former Alice Paulkner of Alton, Virginia, and they have two sons, David, 17, and Robert, 15.

While living in Victoria, Griffith was a communicant of St. Francis' and has served the church as a member of the bishop's committee, clerk of the vestry, a delegate to council, and as choir director.

Sondra Crawford Party Honoree

Miss Sondra Crawford, bride-elect of Alan Strickland of Ozona, was honored with a gift tea in the C. W. West Home, July 24.

Hostesses for the occasion were Mrs. Charles West Sr., Mrs. Bill Radle, Mrs. C. W. West Jr., Mrs. Kenneth Duckworth, Mrs. Ethel Doran, Miss Beth Blackburn, and Miss Norma Radle.

Blue and white flowers were used to decorate the party rooms. Refreshments of punch, cake, dips and hors d'oeuvres were served. Gifts were received from around forty guests.

Anna Maria Fernandez and Mary Cook are queen candidates for the Bazaar to be held at St. Ann's Church, September 1.

Miss Fernandez is being sponsored by the men of the parish and Miss Cook is sponsored by the women of the parish.

FIREMEN'S CORNER

Where was the fire? Thursday July 25 there was a grass fire at the Leonard Gibbs ranch. 387-2424

The firemen met Wednesday July 24 for their regular meeting. 387-2424

The ladies auxiliary meeting was cancelled earlier and was held July 30. 387-2424

If you are riding down the street and you hear a screeching siren—what would you do? Pull over (whether they're approaching from the rear or the front), or turn up a side street or move ahead and out of the way, but clear a path. Firemen can lose life saving seconds trying to squeeze thru traffic, around parked cars.

Never "chase" a fire engine. Avoid parking near a fire scene or driving over hose lines. Give the firemen every chance to win his battles.

Summertime brings warm weather, sunshine and itchy problems. One of the itchy problems is the chigger, a mite smaller than a dot. Chiggers are found out doors in many places. Lawns, golf courses, parks and river banks are just a few of the places they are readily found. If you get the pests on you, they cause intense itching. A prompt soapy bath will reduce the irritation.

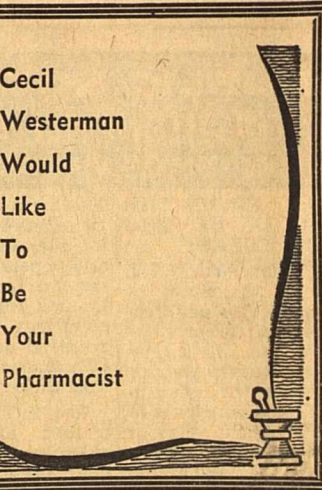

Snips, Quips, And Lifts

—Blessed are the international trouble-shooters, for they shall never be unemployed.
—It's much safer to drive if both the weather and the driver are dry.
—A nickle goes a long ways these days. You can carry it around for weeks before you find something to buy with it.
—A lot more people would try to do right if they thought it was wrong.
—No brain is stronger than its weakest think.
—Summer camps are where little boys go for mother's vacation.
—Old politicians never die. They just run once too often.
—There's nothing that reminds us so of how the years quite swiftly go Than TV movies seen today
Made when our youth was bright and gay.
A LIFT FOR THE WEEK
Now is the time for all good men to come to.

To Train A Child

Mommy, I love you.
I'm glad I'm alive.
It's fun to run and play and laugh and dance.
It's hard to stand still and listen.
Mommy, I love you.
Thank you for taking care of me. Thank you for cookies and milk and bread.
Please give me a dime for Sunday School. I like Sunday School. We sing and laugh and learn about God.
Mommy, I love you.

And so on and on she prattles in her own innocent and naive way. Soon, however, her questions will become more complex and her parents will need all the love and wisdom they can obtain.
Fortunately, we as parents are not alone in this endeavor. The Church stands ready and anxious to help us train our children. Through worship, study and meditation we can learn to know what God requires of us. Come to the church of your choice this Sunday and every Sunday.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
"The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Idle Hour Club

Mrs. Bob Vicars entertained the Idle Hour Bridge Club at her home July 23 with a breakfast. (The breakfast sure was good, Bob) White and pink cut flowers decorated the dining table. Sonora Teenagers Sweep Double Bill

by Norm Rousselot

In their final outing for the 1968 summer baseball season, the Sonora Colts swept a two-night double header from the North Concho Lions Club Tuesday night.

The junior team captured their fifth straight victory by downing the hapless Kittens 15-2 in a big slugfest. Tryon Fields and Fred Virgen scored three runs each while collecting two hits apiece. Catcher Henry Perez and Ruben Samaniego each scored two runs and hit the ball well. Fred Virgen was the winning pitcher allowing San Angelo only 4 hits.

In the nightcap game the senior teen agers edged Angelo 5-1 with Mike Taylor throwing a 4 hitter and going the full distance. Lending hitters in that game were Sam Perez, Robert Mata and Arnold Samaniego. The senior game was a tight defensive game with Sonora playing heads up ball all the way.

Again I would like to thank all the parents and boys who have helped and cooperated all summer to make this baseball program possible. We have all enjoyed a successful summer in a worthwhile activity.

Team members were fed hamburgers and cokes after the game.

Probably the most discussed item on the golf course this week was luck and superstition, and this is confirmed by Charlie.
