PRICE—TEN CENTS

Commission Briefed On Cable Difficulties At Meeting Monday

Glen Scallorn representing Sonora TV Service Inc., of Del Rio, met with the city commission Monday to discuss some of the reasons for what the city felt had been poor service to television users during past months.

Scallorn said the company has recently been upgrading the system and the new demodulation process had encountered technical problems and malfunctions. He also explained that television from San Antonio is fed through five microwave systems including D'Hanis, Bracketville, Del Rio, Wardlaw ranch and the Mayfield ranch. He said if power supply failure occurs at any one of these points, it usually takes the company at least an hour and a half to reach the trouble spot and begin repairs. The system is fed by three different electrical company outlets, also creating problems.

He also noted that reception during the summer months is normally below par because of atmospheric conditions. He said summer heat causes interference creating such problems as causing transistors to blow. Scallorn said the company hopes to clear up some of the difficulties which will give better reception in the future. However, he stressed the importance of local people reporting trouble in reception to the office here.

Scallorn said there is no charge for service calls and he noted that

company records showed less than one percent of the subscribers called the office in August to report trouble. He added that subscribers should call in when they are experiencing difficulty with reception as sometimes the fault lies in one specific area in town. If local personnel are advised of the trouble it is possible they could make needed repairs much more quickly.

City Mail Delivery

In other action, postmaster James D. Trainer met with commissioners W. B. McMillan, Mrs. T. K. Nevill and Mayor A. E. Prugel, city manager Jimmy H. Harris and city secretary, Mrs. James L. Robbins. Trainer said the post office department requested that he meet with the commission and notify them that all city streets and intersections

would have to be marked if city mail delivery is to be approved. The cost for marking of streets would have to be met by the city, and later citizens would be polled to see if they want city mail delivery. Commissioners asked Harris to survey the city and make an estimate on the cost of construction.

CINDERS

by John T. King

Mike Brumbelow, public relations officer for El Paso Natural Gas Company, kept his audience laughing while he delivered salient points on "Our Youth and This, Our Changing World," at the Lions-P-TA supper Tuesday night.

There was a good crowd, as usual, and they weren't disappointed with the food or the speaker.

I've often thought a psychiatrist would have a ball analyzing a person by the type of humor that appeals to him. Some of Brumbelow's jokes would draw laughter from one group, other jokes would bring a chuckle from others.

And for the record, did you know that El Paso Natural Gas is one of the county's largest taxpayers?

The News office and the Chamber of Commerce are still getting calls for rent property. If you have a place available you might consider rental. With proper care and caution it can be a worthwhile income supplement.

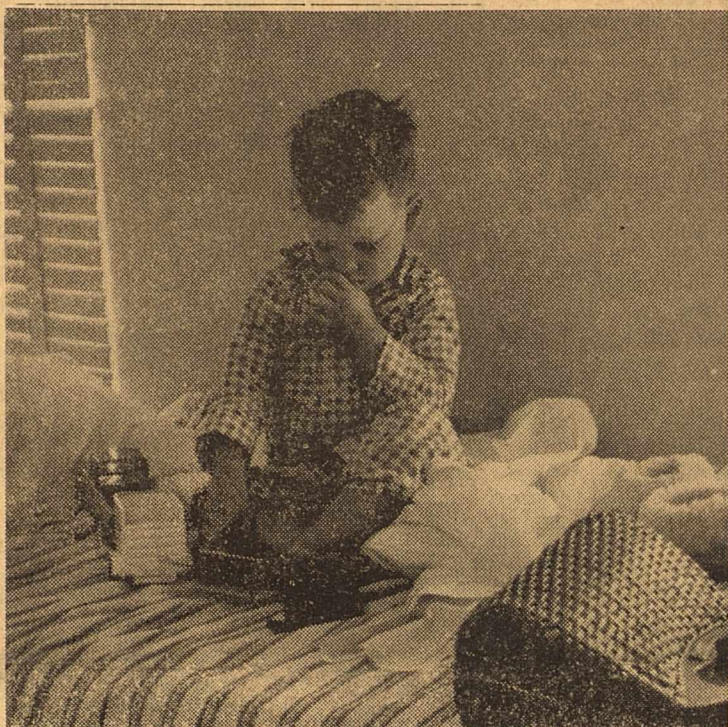

Those typing students who have worn out the quick brown fox's phrase with all the letters of the alphabet might try this one: "Quite a few prominent Zulus just can't get excited about Hackensack, but they flip their lids over Truth or Consequences, New Mexico."

James Blackman On USS Princeton

Boilerman fireman apprentice James P. Blackman, USN, son of Mrs. J. L. Whiddon is serving aboard the amphibious assault aircraft carrier USS Princeton off the coast of South Vietnam.

As a member of the crew he helps to provide men and equipment or amphibious assaults on enemy held shores. The ship also serves as a primary medical evacuation ship for those wounded in battle.

This cruise marks the seventeenth deployment to the Western Pacific for the Princeton since her commission in 1945.

HOUSTON POWERS, son of Mr. and Mrs. Jimmy Powers, is shown at Hudspeth Hospital where he is receiving treatment for rattlesnake bite. Houston was bitten on the left hand while playing in the yard at his parents home last Thursday. Prompt action by his parents in getting him to a doctor helped to speed his recovery. Houston will be three years old in November.

County Commission Adopts Budget

Sutton County Commissioners in a meeting discussed the budget hearing that had been held earlier. The budget was adopted and approved by commissioners Estes Adams, Preston Love, Collier Shurley and Bob Hardgraves.

Also present at the meeting were Jo Ed Harrell, county maintenance department employee and J. W. Elliott, county judge who presided over the meeting.

Judge Elliott proposed that the county aid the ambulance service to cover unpaid bills by non-residents who use the service and do not or cannot pay for the service. Ambulance operators Darcy Carroll and Louis Olenick told Elliott they had had only one such account since they took over the ambulance service in April of this year.

LARRY BOB MOORE DEGREE CANDIDATE

Larry Bob Moore, son of Mr. and Mrs. Herman Moore, was a degree candidate of Abilene Christian College in summer commencement exercises held August 26 at the Moody Coliseum-Auditorium in Abilene.

Moore, who graduated summa cum laude received a Bachelor of Arts degree in History from the college. He was an honor student, and was on the dean's list the four years he attended ACC.

Season Opener

Broncos Meet Winters Friday

Sonora Broncos made a good showing while scrimmaging with San Angelo Bobcat Sub-Varsity, last Thursday night in San Angelo.

When the Broncos had the ball, they ran almost at will against the Angelo defenders with two-time all-stater Ed Lee Renfro getting long gains. Robert Mata junior halfback and Kerry Joy, sophomore fullback gave him good help. The Broncos scored five touchdowns and San Angelo scored two.

Coach Jerry Hopkins said the team has had good workouts, and added, "the boys have worked hard and are ready to play." He said he feels it is hard to evaluate the team's standing in the district this early until they meet

"real competition." The Broncos will face Winters here Friday at 8 p.m. for the season opener in the Bronco Stadium. District play begins with Menard, October 18 in Menard.

Early predictions are that Sonora will lead in District 8-A competition, according to most coaches in the district.

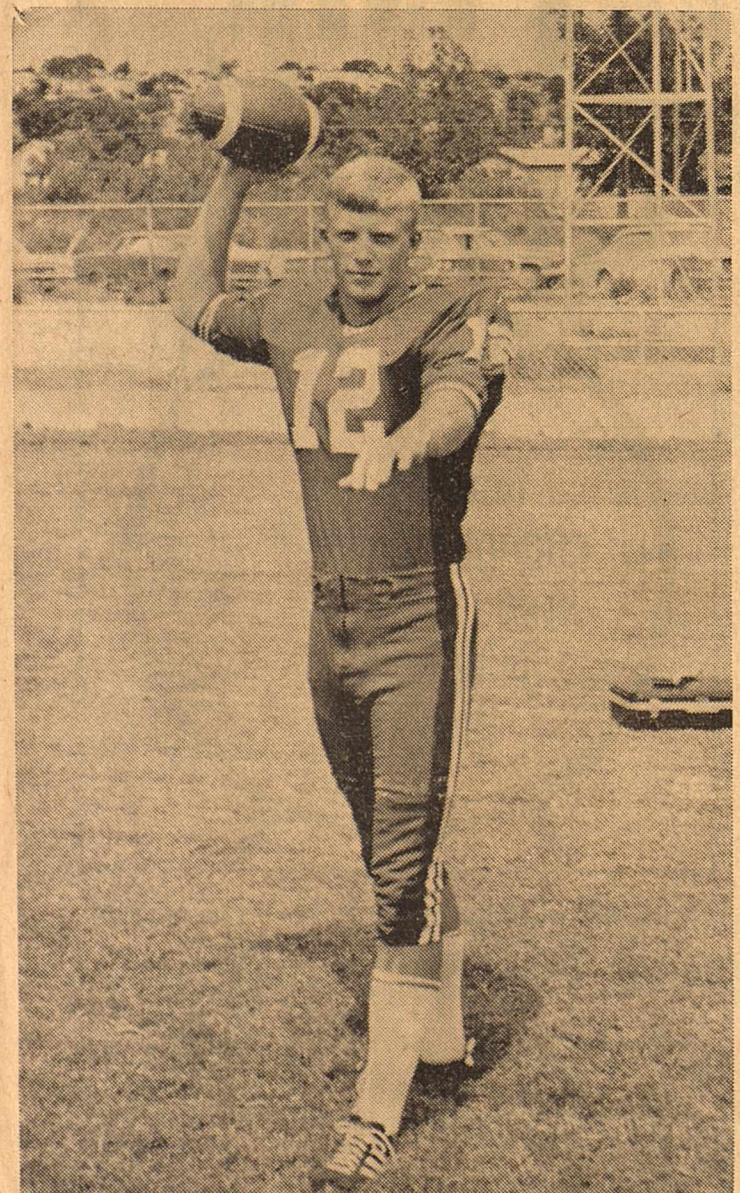

Animal Science Course Offered At 4-H Center

Jim Gray will teach Animal Science 619-Advancements in Sheep and Angora Goat Production at the Sutton County 4-H Center this fall.

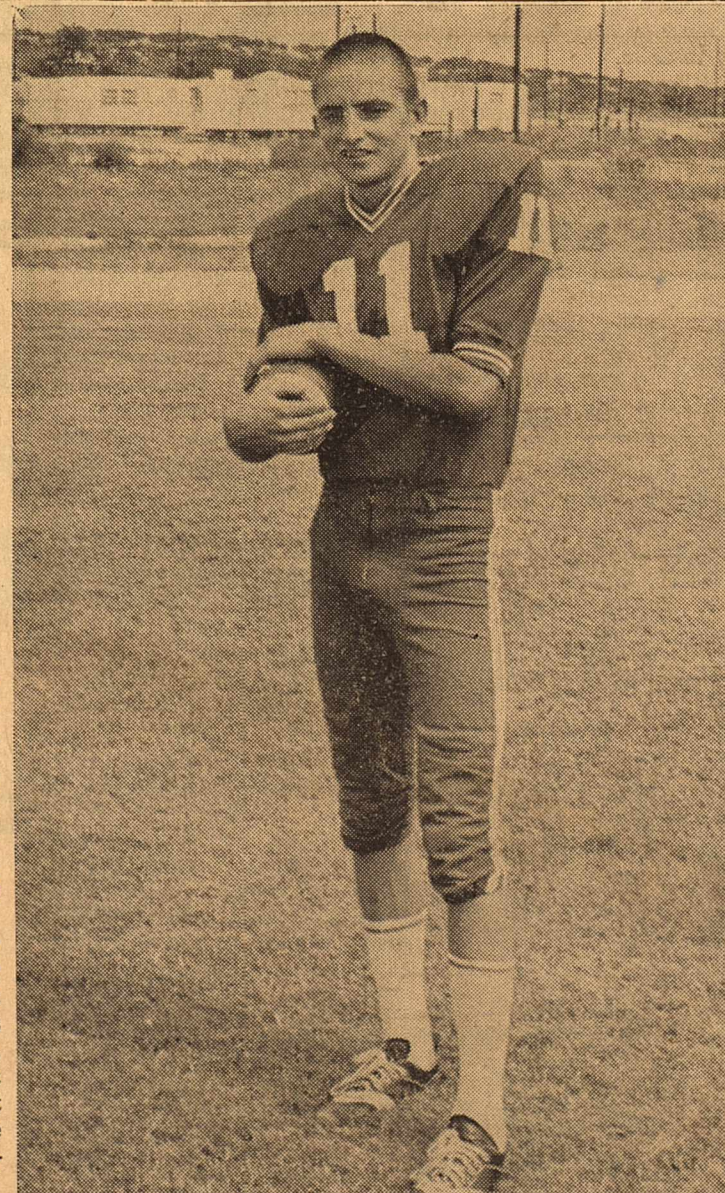

County Agent Clint Langford says that registration will begin at 4 p.m. September 12 at Sonora Experiment Station. Classes will probably consist of twelve periods of four hours each.

The course will be offered for graduate credit but ranchers or others not wishing graduate credit can possibly take this work as undergraduates, according to Gray. This is the fourth course that has been offered in this area, but is the first animal science course offered as a part of graduate extension school.

Persons who are interested in taking the course but unable to register on September 12, should contact Dr. Leo B. Merrill or Langford immediately for information on registration.

DAVID WUEST WHO WILL SHARE the quarterback position is a junior in high school this year. Wuest, an outstanding quarterback, was injured early in the season last year and was out of play for several games. Returning to full strength this year, he will probably be the starting quarterback for the Broncos.

THURSTON McCUTCHEM, Senior High School student, will help quarterback the Sonora Broncos during the 1968 football season. McCutchen, an all-around athlete, has had outstanding records of achievement in basketball and track as well as football.

RECENT ADDITION TO WILL'S MUSEUM is this cradle originally purchased in Staffers Town, Pennsylvania, in 1850. Will Smith says attendance at the museum jumped after he

placed a large sign near the highway to the location, but that the end of vacation season would cut down on the number of daily visitors.

School Enrollment Up

Superintendent of schools Ralph J. Finklea announced at the School Board meeting Monday that high school enrollment is up over last year due to the number of new families who have moved into the area with IH 10 construction, other road construction, seismograph crews and a pipeline crew. High school principal David Williams reported that the number of students in each class is currently being held to 30.

Board president Armer Earwood, members George Wallace, Bob Teaff, and L. P. Bloodworth approved payment of monthly bills

in the amount of \$3,091.74. They also approved payment and acceptance of insurance covering school property at a cost of \$15,370 for a three year policy. The tennis courts construction was approved and payment authorized with an additional \$1,009 authorized for a retaining wall.

In other action the Board approved utilizing the activity bus on the Juno run at this time as the present bus the school is using is too small for the number of students using the facility.

The board members also discussed the possibility of establishing a more uniform rate of evaluation of improvements on county property with the possibility of hiring a tax assessor to analyze property evaluations. Some Board members felt city assessed valuations tended to be higher than those in the country and that rural property owners did not necessarily pay a fair share of the basic public education program.

Special Meeting In August

At a special meeting of the School Board in August new teachers hired for the current school

year were Kenneth Mitchell, band director; Miss Diane Tribble, kindergarten and public school music teacher; Mrs. J. W. (Peggy) Elliott, Junior High science teacher, and Miss Betty Jean Barton, first grade teacher at L. W. Elliott school.

Kindergarten fees were increased from \$10 to \$15 per month and cafeteria fees were upped five cents to help defray rising food costs.

PRYCE TAYLOR

PRYCE TAYLOR, former city marshal here a few years ago, has returned to Sonora to accept the deputy sheriff's job replacing James Hough who resigned. Taylor comes here from Ozona where he was serving as deputy. The Taylors will live across from the jail in the house formerly occupied by the Houghs.

Hudspeth Hospital Installs Inner-Com

Hudspeth Memorial Hospital has an inner-communication system which was recently installed. Workers are still working on the system to correct defects.

Mrs. Albert M. Everett, hospital secretary, said the nurses are finding the system helpful, particularly with first floor patients as heretofore the nurses had to go to the first floor to answer calls and usually return to second floor for patient needs.

"Patients are also becoming accustomed to the system which automatically turns on at the nurses station when the call light is turned on, and the nurse on duty can anticipate the patient's needs immediately," added Mrs. Everett.

BERT LIVELY NEW RESIDENT

Bert Lively with the Liquor Control Board is a new resident. Lively comes to Sonora from Austin and will be stationed here with LCB.

Wednesday, September 18
3-5 p.m., Sonora Woman's Club Library open

Protection of Landscape Trees

Damaging existing trees on property under construction can be costly. A large healthy tree is a valuable and often irreplaceable asset to any property, and often it is killed or damaged beyond repair because construction crews, supervisors or property owners are careless in excavation and construction activities, says Everett E. Jame, Extension landscape horticulturist.

ME'N THE BOYS JUST PLAY POKER FER MATCHES THAT WAY NOBODY GETS BURNED.

to attract and keep the kind of teaching personnel needed to bring Texas public schools up to first rank among the states, teachers must be given adequate retirement benefits as well as good salaries. The legislature has frequently increased teachers' salaries in recognition of the need for good teachers, and it is imperative that retirement benefits be commensurate with these higher earnings. Adoption of the proposed Amendment No. 9 would make this possible.

Against: 1. Estimates indicate that it will cost the state some \$3 million in matching funds during the biennium after the 61st session of the legislature if the present \$504 ceiling on contributions by teachers and other public school employees for retirement benefits is removed.

Amendment No. 10— Authorizing the legislature to provide for the refund of the tax on cigars and tobacco products sold at retail within corporate limits of Texas, Texas, or any incorporated city or town in Texas contiguous with Texas.

Arguments: For: 1. Amendment No. 10, if adopted, would be pure-

ly local in its effect. It would benefit merchants of Texarkana, Texas, which constitutes approximately two-thirds of the Texarkana Standard Metropolitan Statistical Area, without detriment to the majority of those selling cigars and tobacco products in other parts of the state. The revenues lost to Texas from the tax refunds authorized by the proposed amendment would be minimal, while Texas retailers of cigars and tobacco products in Texarkana, Arkansas. The tax exemption proposed by Amendment No. 10 would have the bonus effect of stimulating the entire economy of Texarkana, Texas, which would regain profits on a wide variety of other goods now purchased by Texas citizens journeying to the Texarkana, Arkansas, sector of the city to avoid payment of taxes in the purchase of cigars and tobacco products.

Against: 1. If the proposed Amendment No. 10 should be adopted, merchants in all areas of the state now losing business to out-of-state competitors because of Texas tax inequities would doubtless seek the equal-competition benefits obtained by the Texarkana, Texas, tobacco retailers.

THE DEVIL'S RIVER PHILOSOPHER SEZ . . .

It's Too Bad Both Conventions Ran A Little Short On Barbwire

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's reports on recent convention.

Dear editor: Recently during the Democratic Convention a friend asked me to come over to his house and watch the show in color—my set is black and white when it's functioning and mostly snow the rest of the time, which is confusing because half the time the fun is in watching the delegates read newspapers or walk around since most of the speeches are the same anyway—and the first thing I noticed when I settled down in front of the set was that the speaker on the platform was wearing a blue shirt. "Blue shirt?" I asked. "How come?" I figured it was only natural to wear a white shirt at funerals, weddings and political conventions.

"Oh, this is color television," it was explained. "White shirts don't show up too good in color."

I got to looking closer and sure enough practically all the men had on blue shirts.

What I'm wondering now is, as more and more people get color T. V., will they paint the White House blue, and what'll they do in the winter time about photographing a snow scene?

Another thing that impressed me about the Chicago Convention, the same as the one in Miami Beach, was the fact they ran out of barbwire.

The had enough to go around the convention hall on the outside, but if they'd had more they could have run it down each side of the aisles, say about seven strands high, to fence the delegates in. It's the only way I see they'll ever keep the aisles clear. I don't know where the convention people, both Democratic and Republican, get their sergeants-at-arms, but I've never seen one yet that could clear the aisles, makes no difference how many times an hour the chairman orders them to.

If I'd known they had a shortage of barbwire I could have sent them some of mine. It's rusty and spliced in several places, but they'd be welcome to it, although I wouldn't have taken the job of stringing it. I'm not sure anybody can build a fence strong enough to turn a delegate.

Yours faithfully,
J. A.

CLASSIC GUIDELINES

Slow me down.
Steady my hurried pace
with a vision of the
eternal reach of time.

Prayer to come to our senses. In this frantic age it seems that every time we get a new time-saving device, it turns out that we become busier, with less time to devote to broadening our spiritual horizons.

"... That may be it! It's a long fly ball deep into center field..."

"Well, folks—that wraps up the ball game."

Carelessness and inattention are prime causes of motor vehicle accidents.

from HISTORY'S SCRAPBOOK DATES AND EVENTS FROM YESTERYEARS

September 11, 1958

About 25 million cubic feet of natural gas is leaving Sutton County daily through the El Paso Natural Gas Co. compressor station six miles northwest of Sonora.

Good rains fell over most of the area Saturday with reported rains varying from .60 to 5.50 inches.

Mr. and Mrs. J. C. Harris will celebrate their golden wedding anniversary September 13.

Nancy Bryan Hunt and Betsy Ross have returned to the University of Texas.

September 10, 1948

A total of 662 students were enrolled in three Sonora schools Wednesday.

Mrs. W. B. McMillan and son, Dick, have returned home Wednesday from Junction, where they visited relatives several days this week.

A short range tour was conducted on the Robert Kelley ranch for the veterans vocational agriculture class of the Murr community in the Upper Llano Conservation District. Robert Kelley, class instructor, was assisted with the tour by Harry Scofield, Soil Conservation technician.

About 150 were present when the Lions Club and P-TA entertained the faculty members and guests with a barbeque supper and program at the city park. The Rev. Stanley Hauser was program chairman and A. E. Wells introduced the teachers.

September 9, 1938

Boys out for football and their weights are: Edward Archer, 130; J. H. Cartwright, 150; Hollis Bricker, 145; Willie B. Ory, 138; Rex Hutcherson, 148; O.B. Higgins, 152; O. L. Richardson, 129; James D. Trainer, 145; Thomas Thorp, 144; Rex Merriman, 140; Basil Taylor, 130; Leon Morris, 140; Claude T. Driskell, 145; Eugene Neuberger, 145; K. C. Collier, 75; R. W. Johnson, 130; Harold Briscoe, 100; Wilfred Berger, 122; Robert Hamer, 110; Richard Boughton, 107; and Herbert Andrews, 150.

Miss Dorothy Penick and Miss Bobbie Halbert returned from a trip to San Antonio.

Jodie Trainer and Jesse Green Barton are sponsors of a dance and admission of forty nine cents will be charged for those who dance and also for those who come to watch the dancers.

Kindergarten work for Sonora boys and girls will be offered this year by Miss Jean Saunders.

Ealen White and Clayton Bray will be married September 15.

65 Years Ago

Bill McKee, the jolly sheepman was in Sonora Monday after a carload of supplies.

R. F. Halbert sold to H. H. Sheard of Eldorado 1000 short stock

sheep at \$2 a head.

Dr. J. T. Dodson of Bartlett, the first doctor Sonora had decided to locate here. The doctor will arrive in about ten days.

Lige Cone, Bill Taylor, Travis Pierce, Jim Alford, Henry and Berry Baker, all jolly stockmen from the Llano were in Sonora this week having a good time.

C. H. Caruthers says this is a healthful country. Charlie was in town Friday and would make a good advertisement to send east if we wanted to make Sonora a health resort.

The Devil's River News is authorized to announce the following candidates for office, subject to the action of the General Election Tuesday, November 5, 1968:

FOR STATE SENATE, 25th Senatorial District—
W. E. (Pete) Snelson (Democrat)
Ernest Angelo (Republican)

You never outgrow your need for milk. This applies to the senior citizen as well as the very young. Gwendolyn Clyatt, Extension Consumer marketing specialist, reminds older people to consume one pint or more daily in beverage form in foods. Milk may be in custards, ice cream or cheese foods.

A Parson's Eye-View of Sonora

BY THE REV. ROSS T. WELCH

When Coach Jerry Hopkins made his annual report to the Lions Club recently, he said the Bronco Football Team was looking 'good'. They certainly looked good when they scrimmaged the Bobcat Junior Varsity at San Angelo last Thursday evening.

On the offense the Broncos moved the ball almost at will. Nearly everything they tried seemed to work and every member of the squad deserved a lot of credit. David West passed the ball with amazing accuracy. Ed Lee Renfro showed his usual versatility and speed. On one occasion the Bobcats tackled him near the line of scrimmage and apparently thought they had him down, but he broke away and ran for a T.D.

Robert Mata and Erasmo Lumberas both played with professional skill. Kerry Joy was a consistent ground gainer averaging, it appeared, about eight yards per carry. The Wheaties Jim Elliott ate last summer are paying off—he looked great on defense.

It is almost unfair to call any name if you can't call them all. The boys played as though they had been playing together for half a season or more and, frankly, the Bobcats did not. That was a contributing factor to the scoring, five touchdowns to one.

Barring serious injuries, if our Broncos live up to their first scrimmage throughout the season, it will go into the records as one to remember.

The new tennis courts up at High School lack only the back stops being ready to put into use. They also include practice goals for basketball enthusiasts.

These new courts should inspire the girls and some of the boys who are too light for football to come out for tennis in a serious way. Some of the nation's top players come from San Angelo, why not from Sonora?

Mickey Powers takes the medal for prestistance. He took a good many plunges into a cold Maine lake the past summer trying to master the art of skiing backward.

Fortunately he survived and the medal does not have to be awarded posthumously.

I visited the Artie Joy ranch the other day and found Artie recuperating from a fall from a windmill tower. He told me that next summer we are going to have an old-fashioned play party at his house.

Artie feels that the young people of today who do bodily contortions while listening to deafen-

ing music(?) don't really know what a good time is. He recalls when the young people got together, provided their own music and really had fun.

I'm afraid most people who ever went to a play party are so crippled up and their voices so cracked, it might not come off just the way it did in our youth, but we admire him for wanting to give it a try.

The citizens on NE Poplar Street are not complaining much about the dust and inconvenience, they are so glad to get the street widened. Traffic on the street is due to increase when construction on Interstate 10 reaches that point and it is a good thing to get this danger spot improved.

Houston Powers the little boy who was bitten by a rattlesnake, is reported in good condition—and making a fine recovery.

We have ordered passes for some sixteen youngsters who want to attend the S.M.U.-North Carolina State University football game in Dallas, October 5. All we need now is some transportation.

I was told the bank extension project turned out to be a bigger job than was originally anticipated. Work on the project seems to be progressing nicely.

I am beginning to worry about what my wife is going to do for relaxation when she finishes off all the "Who-done-its" in the Sonora Public Library. It is pretty discouraging even now trying to find a detective story that does not have her name on it—I mean on the card in the front where the borrowers sign.

Mrs. Laura Odum, our librarian who admits she can shoot a gun as well as catalogue a book, says

some people have objected to the two dollar deposit required of new residents.

Frances almost fainted when her two dollar deposit was returned, after two years of residence. So far as she was concerned, it was about the best investment she had made.

I heard a cute story about Mrs. J. F. Howell the other day. It was reported that sometime after Charlie finished high school Mrs. Howell told some of her friends; "I used to complain along with the others about all the P-TA responsibilities and working in concession stands, but now that I do not have a child in school, they have quit asking me to do anything and I feel very sad."

Our new coach, Jerry Phillips, and his family were dining out Sunday. He has only one prospective quarterback on his squad, but he certainly has a beautiful cheering section. He says they are already practicing.

The Unites Christian Youth Fellowship will meet Sunday evening at 7 o'clock at the Methodist Youth Chapel. We have secured the assistance of Betty Jack Cooper to help sponsor the group. We have some exciting plans. All young people are invited.

MR. AND MRS. J. C. HARRIS

Couple To Observe 60th Anniversary

Mr. and Mrs. J. C. Harris, Sutton County residents for 40 years, will observe their 60th wedding anniversary Friday, September 13. They were married at Ellison

Ridge in Milam County in 1908, and came to Sonora in December, 1928. They have lived here continuously since, then except for a short period of time.

Harris was a blacksmith for several years. At one time he also worked for the late Harold Saunders helping to survey in the County.

The Harrises have eight children and they are Leona Roe of Barnhart; Carl of Marfa; Bill of Wickett; Pete of Balmorhea; Buster of Big Lake; Alton of Copperas Cove; Jimmy R. Harris and Mrs. George Thorp both of Sonora. They also have 30 grandchildren and 11 great-grandchildren.

They plan no special observance of their anniversary, although friends are invited to call.

DYMO LABELMAKERS new Model 1700 home labelmaker. Comes with extra wheel and one roll of tape. \$4.95 at the Devil's River News.

Teen Scene

by Kay Kerbow

Class officers were elected Friday morning. Everyone looks forward to these elections mainly because they get them out of class and homework assignments.

The senior class elected Austin Stockton as its president, and Dick Hamilton will take office as vice president. Secretary-treasurer was awarded to Jane Sawyer with Shelly Morriss and Al Elliott taking the jobs of student council representatives.

The junior class voted Dick Bundy to presidency. His vice president is Jesso Cook. Susan Stewart became the secretary, and Yvonne Hodges got the nod for treasurer. Kathy Morgan and David Wuest were chosen to represent the class of 1970 in the student council.

The sophomores gave the position of president to Scott Jacoby and that of vice president to Jimmy Cade. Trouba Teaff was elected their secretary and Lucy Bundy got the most pleasant job, that of handling the funds. Becky Tittle and Scott Shurley are to be the student council representatives.

The freshman class chose Rick Street president and gave Mary Gallegos the responsibility of vice president. They placed Marilyn Morgan in the office of secretary and gave Jessie McCutchen the position of treasurer. Student council representatives were June Alexander and Gary Hann.

The speedy juniors got through with their class officers' election and elected Evelyn Jane Lowe to represent their class in the school-wide election for Halloween Queen. Gayle Hamilton and Barry Black were given the high school honor of being chosen class favorites. Who knows, maybe one day, our president might be one of these leaders who holds an office in S.H.S. this year. With leaders such as these Sonora High should continue to be the great school that past leaders have made it.

FOOTBALL
The Broncos defeated the San

Angelo Junior Varsity in San Angelo Thursday evening. The mighty Broncos blasted their way to six touchdowns. Our unyielding line let the opposition score only once in the scrimmage. Ed Lee Renfro led our offense, but had help from the running a-

Lawn Mowing Is Important
It is best not to remove more than one-fourth to one-third of the leaf surface at any one time when mowing the lawn, says Everett E. Janne, Extension landscape horticulturist. Removing greater amounts of leaf surface will reduce the plant's ability to produce food and can seriously weaken it. A lawn in a weakened condition is much more subject to insect and disease attacks than a vigorous healthy one.

GREEN NEWS

By Monica Davis

Ladies, the Auxiliary has decided not to have its bake sale this Friday—perhaps later in the year.

GN

On our Wednesday play this week, we had quite a few morning players. They were Martha Black, Yvonne Carroll, Mary Lois Brown, and Reba Gilmore. In fact, they had so much fun, they have played nearly every morning since. Martha is hitting in the low fifties. Wednesday afternoon, Lunetta Morgan, Marilyn Bloodworth, Doris

Rousselot, and Ann Herrmann played as a unit Sunday. Golf is a good all-around family game.

GN

The Buddy Brown family played a system tournament last weekend. Ozona had a two-day play point system tournament last weekend. Jackie Sharp and Marilyn Bloodworth won second in the second flight. Their prize was a pair of golf shoes. Sammy Espy and George Johnson were also there.

CAPITAL NEWS

By Vern Sanford

SHORT SNORTS

Texas Education agency estimate 123,855 professional educators will be needed to instruct 2,661,454 pupils who will be reporting to classes in September; and concludes that language improvement is the most important educational need to serve children from low income families.

State Banking Commission rejected an application for new American Bank of Commerce, Harlingen.

In spite of increased income taxes and inflation, retail sales in Texas made a three per cent gain in July over June sales, reports UT's Bureau of Business Research. Texas Adjutant General Thomas S. Bishop says the U.S. Defense Departments decision to close Nike Herculase missile sites in Denton, Duncannonville and Terrell will mean a \$1.4 million annual loss to Texas economy.

Spell Quiz

Correct Answer is:
udometer

Champale.

Celebrate nothing with it.

It isn't often you get a chance like this.

You see, Champale® looks, tastes and sparkles like champagne. The proper way to serve it is well-chilled in a champagne glass. That brings out its sparkle, flavor and bouquet.

But it costs only pennies more than beer. And you buy it wherever beer is sold. Which means you can drink it anytime you want to make Something out of Nothing. At a meal. A card game. A Television Watching. A Newspaper Reading. A Corn Popping.

It's a superb mixer, too. We'll send you two free booklets full of mixed-drink and gourmet-food recipes. Just write Champale, Inc., Dept. N-2, Box 2230, Trenton, N.J. 08607.

And if you don't often celebrate Nothing, that's okay. Champale Malt Liquor is also a sparkling way to celebrate Something.

Snips, Quips, And Lifts

By Lottie Lee Baker
 —An egotist is someone who is me—deep in conversation.
 —Our country was in better condition when there were more whittlers and fewer chislers.
 —When a woman suffers in silence, it means her telephone is out of order.
 —Living in the past has one thing in its favor: it's cheaper.
 —If it goes in one ear and out the mouth it's gossip.
 —It is too hot to do that job now that was too cold to do last winter.
 —Family jars do not preserve happiness.

—What the world needs is a closer agreement on what the world needs.
 —It doesn't do much good to hope for success—you've got to hop for it.
 —Putting your best foot forward at least keeps it out of your mouth.
 —Only a nation with a rugged constitution could stand the abuse ours is getting these days.
 —Money—What things run into, and people run out of.
 —It's nice to have both ends meet, but it would be much nicer to have them overlap.
 —By the time a man gets to a point where he can buy his wife dresses at a fancy figure—she hasn't got it.
 —The big trouble with the school of experience is that it thinks of a new course every time you graduate.

Barbecue Supper Set For Scouts

Jimmy Cahill, named scoutmaster for the Boy Scouts in August, announces that a barbecue is planned for Sunday, September 15, beginning at 4:30 p.m. at the Scout Hall.

According to Cahill all boy scouts are invited, and also those boys who are interested in becoming scouts are urged to come. He added that parents are also invited and a program will be presented to acquaint those not familiar with scouting activities to learn more about how the local program works. Plans are for the event to last not more than two hours.

Presently the troop has 16 to 18 members and the regular meetings are held each Tuesday at 7:30 p.m. in the Scout Hall. Cahill said he would like to see an increase in the number of boys in scout work. Earl Johnson is serving as assistant scoutmaster.

Are you bothered by CREEPING TYPEWRITERITIS? This ailment is also known to strike cash registers and adding machines. Symptoms: machine won't stay in one place but slowly creeps off desk or out of position. Solution: get Unda-Wunda typewriter or adding machine pad from the Devil's River News. Thousands of tiny air pockets on the pad lock onto desk or counter while the machine sinks into top of pad. Result: Strongly anchored machine that doesn't move until YOU want it moved! \$1.95 at the Devil's River

New rugged styling featured in 1969 Chevrolet Light Truck Line

Boldly restyled for a more massive front-end look, the 1969 Chevrolet light conventional truck line has numerous improvements. They include brighter interiors, tighter door sealing, new cab mounts for quieter ride, automatic choke, and foot-operated parking brake. New options include a 350-cu.-in. 255-hp V8 and low-mounted side mirrors which afford better side vision and lower wind noise.

THE LAND AND THE PEOPLE

THE CHURCH FOR ALL
 ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Jim has a college degree in agriculture—Helen, a diploma from junior college. And they're back on the land.

Less than five miles from the farm where they'll start their married life is a church. They'll be part of it.

For they know the greatness of the nation in which they were born; a greatness rooted in the land and the people.

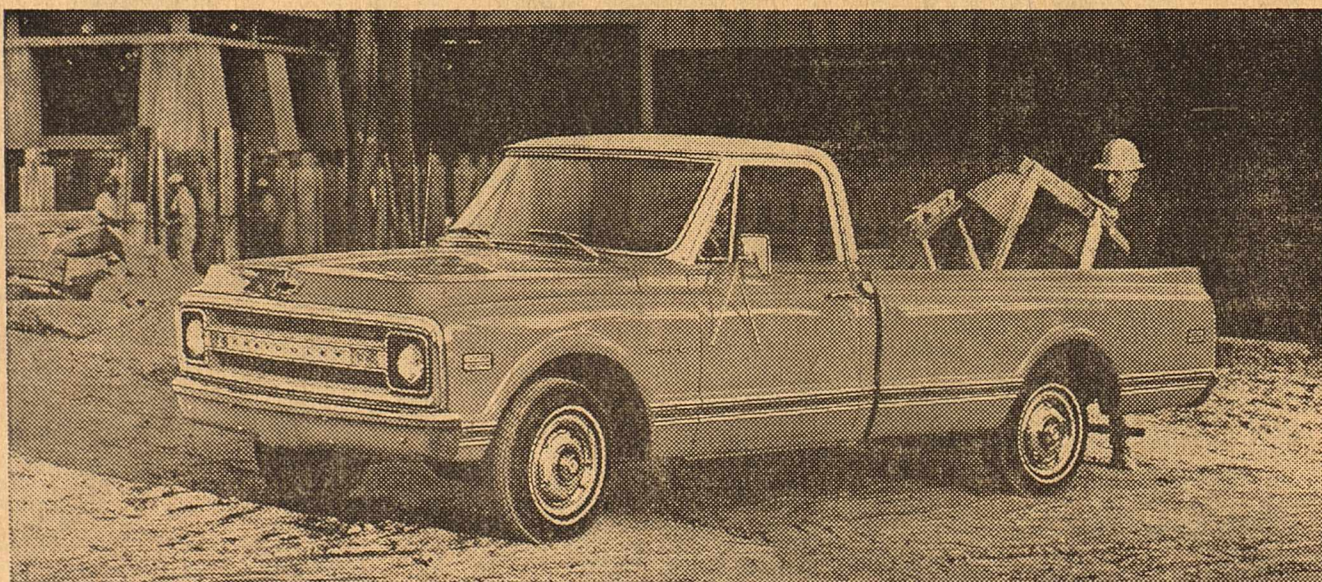

It's the same land their forefathers tilled. It's got to be the same kind of people.

That's why there's a church less than five miles away . . . and why they'll be part of it.

Here! New '69 CHEVROLET TRUCKS!

Now there are even more reasons why Chevrolet is more truck.

MORE STYLE

Here's the bold new look in pickups—Chevrolet's handsome new hood profile, new aluminum grille, new interior trim colors! You get a cab and Fleet-side pickup box that are double wall, double strong. America's most popular pickup is more truck than ever for '69!

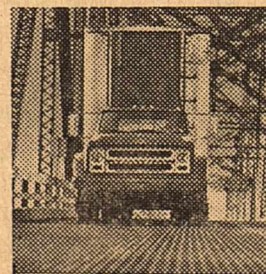

MORE LENGTH

New '69 Fleetside pickups provide cargo boxes up to 8½ ft. long—haul bigger payloads or king-sized camper bodiest. For work or play, you get the riding smoothness of work-proved Independent Front Suspension, the economy of Chevy truck power. Plus easier handling.

MORE COMFORT

New, more comfortable seats are designed with molded foam. Thick insulation hushes road noise. Bump leveling coil springs at all four wheels on most models smooth the way. More comfort!

MORE POWER

New workpower! A spirited new 350-cu.-in. V8 is standard in medium-duty V8 models. Order it for pickups, too! And there's big V8 power in heavy-weights. Chevrolet gives you plenty of workpower!

MORE VAN FOR THE MONEY

Low-cost Chevy-Van delivers loads of economy with big Sixes or work-whipping V8. Nimble maneuverability in traffic makes light of big loads. Now available with 3-speed Turbo Hydra-Matic.

At your Chevrolet dealer's now.

More trucks are Chevrolets because Chevrolet is more truck!

Barrow Jewelry Gets New Equipment

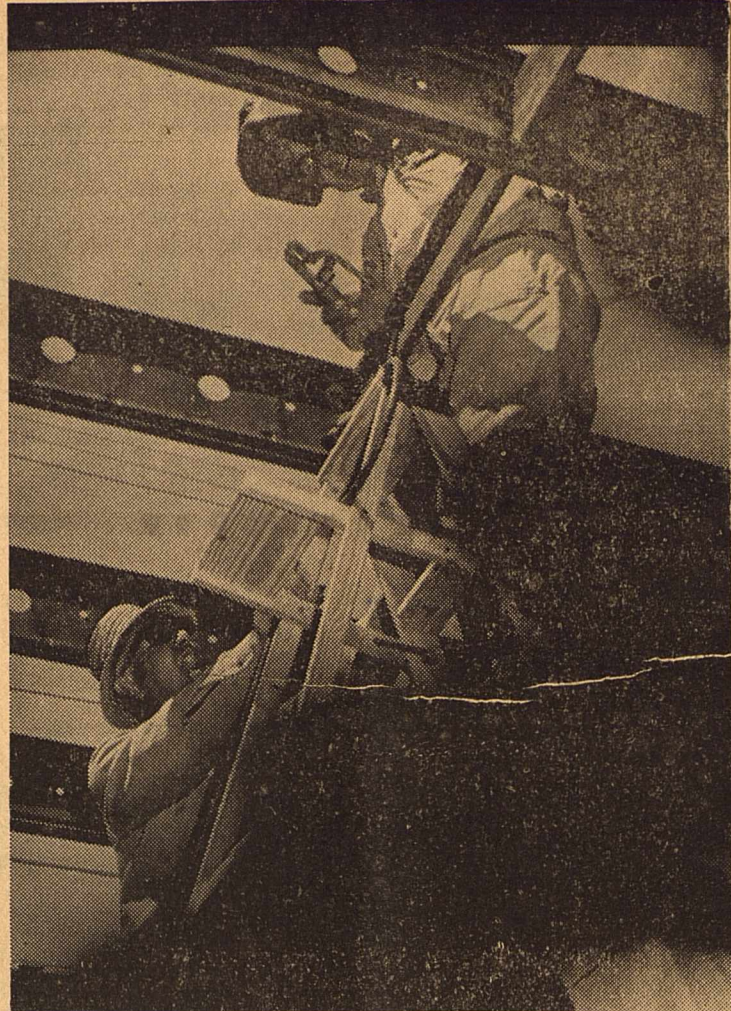

In the Years Ago column of the August 26 issue, it was noted that Barrow Jewelry had received a new piece of equipment that resembled a mixer for a milk shaker but actually was for cleaning watch parts. Coincidentally on the same day that the paper came out, George Barrow again received a new piece of equipment that also resembles a mixer for milk shakes, but is for cleaning watch parts! The first piece of machinery was used almost continuously for thirty years.

Barrow Jewelry Store is one of the oldest established businesses here, having been in operation since 1929. Labenske Style Shop is another long established business,

and was opened in June 1930. Barrow, owner and operator of the store, says that competition is keener now than when he first began business here due to the fact that many items sold in jewelry stores are now being handled by the big discount houses. These places are strong competition for the small town merchant.

He operated the store in close quarters for many years, but a few years back leased the Elliott Building formerly occupied by operators of the Club Cafe. Barrow said he spent \$2300 in remodeling and decorating, and in connection with the jewelry store he added sporting goods equipment, greeting cards and various gift items.

Most of Barrow's time has been spent in the operation of the store since he first opened in 1929 with the exception of a short time in the 1940's when he served as postmaster in the local post office. Barrow also served as justice of the peace for several years, but operation of the Barrow Jewelry has been under his continuous supervision.

WORKERS ARE SHOWN HERE Welding in some of the steel in connection with remodeling being done at First National Bank. Commercial Contracting Company of San Antonio is the contractor with E. R. Heubner serving as superintendent. According to vice president Clayton Hamilton, this addition will add approximately 1300 square feet to the existing space. Plans include new teller equipment, new drapes, carpeting, and painting of the interior as improvements to the present facilities. Completion of the work is expected to be about November 1.

Almost One Million Fish For Amistad

If a fisherman dreams of an angler's paradise, huge, new Amistad Reservoir nearing completion and straddling the Texas-Mexico line might emerge in technicolor.

The lake at the confluence of the Rio Grande and Devil's River is being heavily stocked by the Texas Parks and Wildlife Department.

Superintendent Wallace Clary of the No. 2 San Angelo Fish Hatchery has delivered large numbers of bass and channel catfish to the lake that will soon inundate Devil's Lake and Lake Walk.

To date Clary has stocked 787, 750 bass fry, 70,000 advanced fry up to 1-1/4 inches long, 39,475 fingerling bass, as well as 16,800 fingerling catfish.

Additional releases of game fish are planned.

LEGAL NOTICE

ADVERTISEMENT FOR BIDS
Neco No. 890
City of Sonora, Texas
Separate sealed bids for construction

Commission . . .
. . . Continued
tion before approval could be made.

Sonorans would have a choice of home delivery or post office box, but could not use both.

Other City Business
In other city business superintendent of schools Ralph Finklea met briefly with the commission and asked the city to consider a lowering of rates for school-used utilities. Accounts payable in the amount of \$7,591.18 for August were approved for payment. Gulf Oil Corporation requested a resolution from the city commission that sewerage and water be furnished to proposed site purchased by Gulf. The resolution was adopted.

Purchase of a new chlorinator was approved on recommendation of the State Health Department. Two new fire plugs are to be installed, one near the Andrew Moore home and one close to the football field.

Telephone Rate Increase
In March General Telephone Company requested increases in the local telephone service in the amount of 75 cents for residence one party; 75 cents for residence two party; \$2 for business one party, and 25 cents for a residence extension.

In a compromise agreement after several meetings with Bob Cole, General Telephone representative, the commission agreed to the following rate schedule, effective in the November billing:
Business one party, \$12.00
Business extension, \$1.75
Residence one party, \$5.75
Residence two party, \$5.00
Residence extension, \$1.25

tion and relocation of water, electric power and gas lines for the City of Sonora, Texas will be received by Mayor A. E. Prugel at the City Hall, Sonora, Texas, until 10 a.m. October 7, 1968, and then opened and read aloud.

Plans and specifications may be examined at National Engineering Company, 2003 N. Lamar, Austin, Texas, 78705. Copies may be obtained from the Engineer's office upon deposit of \$25.00, all of which will be refunded to prime contractors submitting a bid to the Owner, provided plans and specifications are returned in good condition within 48 hours after bid opening.

The work is in two contracts and consists of furnishing and installing the following major items:
Contract A, Electric
12 cross arm assemblies
13-30 ft. to 60 ft. poles
10,796 ft. ACSR conductor
Contract B, Water & Gas
2400 ft. of 2 in. welded steel coated and wrapped gas line
90 ft. of 6 in. steel casing in bored hwy crossing
410 ft. of 6 in. and 408 ft. 16 in. steel casing in open cut hwy crossing
420 ft. remove and relay 6 in. CIP
Plans and specifications will be in the plan rooms of Texas Contractor, Dallas, Builders Exchange, San Antonio
Tye Collins, P. E.
Project Engineer

Study Centers Need Good Lighting

With school season comes study time. Bonny Lay, extension housing and home furnishings specialist, stresses the importance of good lighting in study centers. A well-lighted desk makes it easier to concentrate and avoid eyestrain and physical tension.

To study, use a lamp correctly placed and fitted with a 200-watt bulb. If you do not have a diffuser on the lamp, use a white bulb to reduce glare.

Place the lamp so the center of the lampshade is about 15 inches to the left of the work center and the lamp about 12 inches back of the front edge of the table for a right handed person.

Several lamp manufacturers now are making specially designed higher-wattage study lamps which produce nearly twice as much light as other lamps and spread light over a wider area. They also reduce glare.

Tags attached to these lamps say, "This is a Better Light Better Sight Bureau Study Lamp."

Miss Lay gives some other suggestions to improve light in a study center:

- Choose a desk with a light-colored, nonglossy finish.
- Use a light-colored blotter or desk pad.
- Paint walls in neutral or light colors or select a plain wallpaper or one with a small quiet design.
- Make sure that the desk does not face a window.

BACK - TO - SCHOOL LOANS ARE AVAILABLE

Today a college education is more important than ever. We have a student loan program to meet this need. You can borrow enough money for one to four years of schooling and take up to six years to repay. Visit our office for details about this helpful, low-cost student loan plan.
