PRICE—TEN CENTS

## CINDERS

by John T. King

● **SIGNS YOU CAN'T** forget ... A large one in front of a shoe repair shop, picturing several styles of rubber heels, and a beautiful girl who was saying, "I am in love with America's No. 1 heel." Underneath in small, feminine handwriting someone had penned, "Too bad, sister, I've already married him."

● **THERE'S A LESSON** in this ... "Get up, Joe. When Abraham Lincoln was your age, do you know what he was doing?" growled the father. "No, I don't, Dad," replied the son, "but I know what he was doing when he was your age."

● We think our city sewer service is great. It's always at our disposal!

● We know that welfare benefits have been getting out of hand, but with two of the recent candidates for the nation's top two offices, Dick Nixon and General LeMay unemployed things are becoming ridiculous.

A nudist camp director has said in Lawrence, Ks., that the time is fast approaching when people will do yard work in the nude and think nothing of it.

Don't they have any chiggers in Kansas?

## Broncos Advance To Regional After 29-13 Win Over Rankin

A 70-yard run by all-state half-back Ed Lee Renfro in the third quarter broke open the bi-district bout between the Sonora Broncos and the Rankin Red Devils. The Broncos went on to win by a 29-13 margin.

Sonora took the kick off and drove to the Rankin 25 before the Rankin defense could stop them. Renfro attempted a 40 yard field goal, but the kick was wide.

The Red Devils were the first to push over the goal line on an 18-yard pass from quarterback Adam Pina to split end Bill Bear-don. The drive was set up when Bronco fullback Kerry Joy fumbled on the Rankin 43. Passes of 20 and 15 yards kept the drive alive.

A 50-yard run by Rankin's Booker T. Dixon again put the Devils on the scoreboard. Jim Elliott of Sonora blocked the extra point attempt, but Rankin led 13-0.

Sonora Broncos took the kickoff and drove 78 yards in 11 plays for their first tally of the night. Renfro plunged over from the one and Wuest kicked the PAT to cut Rankin's margin by 13-7.

Renfro got the drive off to a good start with a 40 yard ramble. He and fullback Joy got the rest of the yardage on short gains.

At the end of the half the score was 13-7.

Early in the third quarter, the Broncos got a big break when Rankin's Dean Titsworth got a bad punt snap and was tackled on his own 23. A penalty moved the ball to the 11 where Renfro plowed over. Point after failed and the score was tied 13 all.

The Broncos again got possession of the ball when Rankin was forced to punt. Then Renfro broke open the game with a spectacular 70 yard touchdown run, breaking by four tackles and out run-

ning the Rankin defenders. Wuest ran over the conversion.

Final clinching touchdown came when Wuest jump passed 5 yards to Erasmo Lumbreras who ran 33 yards for a touchdown. Again Wuest converted and the score was 29-13. An interception by Robert Mata set up the drive. The game ended with the Broncos winning a fourth bi-district title in as many years.

Renfro gained 263 on 22 carries including seven runs of over ten yards.

Broncos netted 399 yards, 327 yards being pounded out on the ground.

Rankin's Red Devils gained 363 yards, 147 passes.

Defensive standouts on the Bronco defensive unit were Mata, Lumbreras, Monte Dillard, Elliott, Barry Black, and Ted Fish.

Sonora Broncos play Coahoma Bulldogs in San Angelo stadium Saturday at 7:30 p.m. for the regional title.

**RUNNING AND BLOCKING SKILLS** of the Sonora Broncos will be thoroughly tested Saturday evening when "Big Red" meets the Coahoma Bulldogs in San Angelo's Bobcat Stadium. Game time is 7:30 p.m., and Sonorans are expected to turn out in great numbers to see the two Class A teams try for the regional championship. Shown here is Ed Lee Renfro making a drive in the Rankin game played last week. Sonora won 29-13.

## Erwin Turman Holds Unique Job As Trapper

by Jules Gipson, SS Representative

In Sonora, there lives a man with a job which is unique for modern day America. Erwin Turman is a professional trapper—one of the last of a vanishing breed of men who follow the same livelihood as such great mountain men as Jim Bridger and Kit Carson. It may be that there are other occupations being followed today which have roots dating back to early America, but there are none which brings to mind so clearly the scene of the vast Western Frontier as it existed 100 years ago as that of the trapper.

Turman was born in Kerr County in 1905. He became interested in trapping while still a small boy, as he found this was an excellent way of earning pocket money. In those days, around 1917, the pelt of a fox or racoon would sell for about \$1, which was quite a bit of change for a 12-year-old boy.

As Turman grew to young adult-

## Community Worship Service Scheduled 7 p.m., November 27

The Sonora Ministerial Alliance is sponsoring a community Thanksgiving worship service in the First United Methodist Church at 7 p.m., November 27.

John Tedford will be at the organ, and the Rev. Ross T. Welch,

host pastor, will call the congregation to worship.

The Rev. Mr. Welch on behalf

of the Ministerial Alliance, said

The Rev. J. C. Hancock, pas-

tor of First Baptist Church, will

deliver the prayer of Thanksgiving.

Delivering the sermon will be the Rev. Norman Griffith, rector of St. John's Episcopal Parish. "as a community we have been greatly blessed and we feel it is appropriate that we gather as a community, even as our forefathers did, to offer our Thanksgiving to God for all his goodness."

## Museum Society Holds Meeting

Mrs. Ben Cusenbary led the discussion at an organizational meeting of the Sutton County Historical Society held November 22.

About 16 members were present to discuss plans for work to be done in establishing the museum. A committee to present building suggestions on the site given by Mrs. Bryan Hunt, was appointed by Mrs. Cusenbary. Committee members are John Eaton, Bill Stewart, and James T. Hunt.

Plans are for members to meet the first Sunday afternoon in each month, beginning in January.

Membership is open to interested persons and certificates can be purchased from Mrs. Cusenbary, Mrs. Bob Vicars, Mrs. Norman Rousselot, or Joe Brown Ross.

## National Farm-City Week, Nov. 22-28

by E. B. Keng, SCS Technician

This week, November 22-28, has been designated as National Farm-City Week.

The theme of Farm-City Week this year focuses attention on the quality of our resources—our environment. Resources are of special concern to conservation districts, but the elements of natural environment are of critical importance to all people—whether they

live in the city or the country.

The close relationship of rural and city people is especially evident in the Edwards Plateau soil and water conservation district. Most of the ranchland is owned by people who live in Sonora. In addition to the regular income from livestock production, hunting on rangeland is bringing in ever increasing income to ranch and city dwellers.

Sonora citizens, perched on the banks of Dry Devils River and Lowrey Draw, are indebted in a large measure to ranchers for flood protection afforded by both dams and a good cover of native grass. Our city dwellers enjoy pure, almost dust-free air—due in large part to a soil holding cover of native vegetation maintained on adjacent rangeland. Wild turkeys, and occasionally deer, can frequently be seen in the city limits of Sonora—a privilege enjoyed by few city dwellers in the country.

Through long cooperation of rural and urban people in the Sonora area a stable, progressive, self-reliant community has developed. Sonora and Sutton County citizens can well be proud of this relationship.

**AT HOME IN SONORA** before being sent to Germany December 9 is Private First Class E-3 Mario Avila. After entering the service April 22, Avila completed basic training at Fort Bliss before going to Fort Lewis, Washington. He is the son of Mr. and Mrs. Prajedes Avila.

## Courthouse Offices To Close For Holiday

All offices in the courthouse will be closed Thursday and Friday in observance of the Thanksgiving Holiday. Employees will resume work Monday, December 2.

## Fires Damage Pasture Lands

Fire of undetermined origin occurred Sunday approximately 13 miles southeast of town in the bar ditches on both sides of the Bond Road. The fire spread to the John Fields ranch. Firemen got the blaze under control after the fire broke out twice Sunday afternoon.

Monday, fire spread again into pastureland on the Fields and VanderStucken ranches, and was again brought under control by firemen and others fighting the blaze.

Fire damage to pastureland was held to about 30 to 50 acres.

## Spike Redman Dies In Big Spring

A. C. (Spike) Redman, 60, died at 1 a.m. November 22, 1968, in a Big Spring hospital after a long illness.

Mr. and Mrs. Redman lived here for several years. He was a paint contractor. His wife survives him. Services were held Saturday at 10 a.m. at the River-Welch Funeral Chapel in Big Spring, with burial in City Cemetery.

## W. N. Taliaferro Services Held November 24, 1968

Services were held November 24, at 3 p.m. in the First Baptist Church for William Novel Taliaferro, 82, who had lived in Sonora for over fifty years. The Rev. Clifton Hancock officiated at the services.

Mr. Taliaferro died in Colonial Nursing Home in San Angelo, November 22, 1968, after a long illness. He and his wife, the former Ella Mae Laman, were married August 13, 1905 in Mason. They moved here in 1918, and he worked on several ranches in Sutton County during his lifetime.

Mr. Taliaferro is survived by his wife and a daughter, Mrs. Tom Guest of Comstock; two sons, Clayton Taliaferro of El Paso and Charlie Taliaferro.

Other survivors include three brothers, Ovie Taliaferro of Eden; Floyd Taliaferro of Fort Worth; and Carl Taliaferro of Houston; two sisters, Mrs. W. L. Glaze of Houston and Mrs. Marvin Johnson of Johnson City; 10 grandchildren, 17 great-grandchildren and one great-great-grandchild.

Pallbearers were Orvil Bolt, Alfred Schwiening Jr., Jim Hugh Richardson, Melvin Hearn, Bob Wilson, and Jack Hite. Ratliff-Kerbow Funeral Home was in charge of the arrangements and burial was in Sonora Cemetery.

**WOMAN HAS SIX BEARDS!** Or at least she does now after killing this turkey. Mrs. Billie Bryant of Cleveland killed this bearded bird Saturday on the J. O. Taylor ranch in Val Verde County. Freeman Mears has a picture of a turkey with five beards that he killed long ago, but he says people are usually skeptical—just as they would be of a doe with horns.

Mortality rate of the cottontail rabbit is very high. It has only about one chance in 20 of becoming one year old.

Switzerland has solved the gun ownership problem. Under the Swiss Constitution every mature male is issued a gun, which he must keep at home. Crime rate there is one of the lowest in the world.

The chickadee is believed to be the first to utilize dead air space for insulation. It fluffs its feathers into a mass of down during zero weather, creating hundreds of tiny air pockets.

Hunters and fishermen spent a lot more money on their sport last year than the entire nation spent on radio, TV, records and musical instruments combined.

If that thieving little squirrel is stealing food from your bird feeders, put moth balls nearby. They can't stand the odor.

It requires approximately 12 million acres of wetlands to support the duck population of North America.

## TEEN SCENE

by Kay Kerbow

The Broncos again won the bi-district contest by beating Rankin 29-13. They face an old acquaintance, Coahoma, in a familiar San Angelo stadium. This will be the year to break the jinx San Angelo stadium appears to have on the Broncos. Only four more games to go, boys!

### SHS

The band and twirlers attended marching and twirling contests in Brady Saturday. The band made a III which is average. Twirlers were required to make a II before being eligible to compete for a twirling position.

It seems to all the band students that they lived on the bus all weekend. Plans were to leave the band hall at 3:45 Friday afternoon, but in order to get a decent

place to sit it was imperative to get to the bus by at least 3:30. Band members arrived back in Sonora at 12 a.m. after the game and faced the difficult task of getting up at 6 a.m. in order to make it to the bus at 6:45 a.m. Saturday. You've never seen the likes of what "dragged up" Saturday morning.

### SHS

Everyone is rushing around trying to complete book reports due before mid-term and the Christmas holidays.

Biology students and Coach Phillip's physical science classes have outside reading due. Also in biology at least 25 written pages and 250 outside pages are required reading. Students in physical science classes have 150 pages to read. Everyone will sure be busy!

MRS. THOMAS ROBERT DRISKELL

## Janie Letsinger And T. R. Driskell Living In Austin Following Marriage

Mr. and Mrs. Ted Letsinger of Uvalde, and formerly of Sonora, announce the marriage of their daughter, Janie, to Thomas Robert Driskell, July 6, 1968.

Driskell is a student at the University of Texas, majoring in electrical engineering. He is the grandson of Mrs. Juliet Driskell, and son of Mr. and Mrs. C. T. Driskell of Colorado Springs, Colorado. Mrs. Driskell is a senior at Southwest Texas State College at San Marcos, having transferred in the summer from North Texas State University in Denton. She is an elementary music major and plans to teach in Austin in the Fall of 1969.

Mrs. Driskell graduated from Sonora High School in 1966. She was a twirler for four years and an active member of the Sonora School band, having attained regional honors three years in clarinet and State her senior year in high school.

Mr. and Mrs. Driskell are making their home in Austin, and plan to continue their studies. They live at 706 Denison, Apartment 5.

## P-TA Meeting Scheduled Dec. 3

"Values in the Family" will be the topic of discussion when the Sonora P-TA meets in the Central Elementary Cafeteria at 2:45 p.m. Tuesday, December 3.

David Williams, principal of Sonora High School, and high school students will be featured on the program. A free nursery will be provided, according to Mrs. Blanton Thorn, reporter.

## Letter To The Editor

Mr. John King, Publisher Devils River News Sonora, Texas

Dear John,

Reference is made in your "Cinders" column in the November 14 Devil wherein you related that George Brockman said that a four-point doe had been killed on the Bill Wade Ranch. You further stated that you checked the veracity of George's statement with Freeman Mears—and found it to be true!

Now, John, some of us who have known Brockman for these many years might tend to doubt some of his statements—but to our knowledge this is the first time it has been brought to the public's attention.

Of course, in your "Cinders" column you are free to express your opinion as to George's veracity, but we are happy that you didn't have a column for "Public Service Announcements"! Sincerely, E. B. Keng

## Happy Thanksgiving Everyone

GN  
The new carpet looks so nice since Tommy Thorp and James D. Trainer cleaned it. Thanks a lot you two.

GN  
Our monthly luncheon was held Thursday, November 21, at the Club House. Hostesses were Muriel Brown and Pat Shroyer, and did they have a luscious home cooked meal! Everything was so good. Seventeen members, and a guest.

GN  
Mrs. Bert Rice, attended. We have a new auxiliary member, Martha Miers, and two new golfers, Jodie Finklea and Nancy Allison.

GN  
For our October 16 team play, prizes were awarded to the following winners: Sammy Espy, Marilyn Bloodworth, Libbye Lowe, Lucille McMillan, and Yvonne Carroll. (How about those red-headed gals?) Best score for October was won by Sammy Espy. October-November Bingo-Bango-Bungle was won by Sammy Espy with 294 points, with Yvonne Carroll running a close second with 292. Best score of the month went to Peggy Elliott—low putts for the Thursday play was won by—did you guess it?—Sammy Espy.

GN  
The auxiliary is starting a new game, which will last for three months. It is called "Scorefest". There will be three teams—anyone can play any other auxiliary golfer—points are posted on the board; also the names, and on which team they are playing on. The winning team will be announced in February, when the play is over.

GN  
We would like to take this time to welcome our visitors and guests who are here for the holidays. If you have time, and are so inclined, come join us for a game of golf.

GN  
This last is just a memo from the unpaid typist, in the form of a question: "what in the world is TRUE of God and man can make a wonderful change in your daily life. The lecturer, Jules Cern, C.S., is a member of The Christian Science Board of Lectureship. He will speak on the subject: The Truth That Heals. Admission is free and everyone is welcome.

GN  
State Elk president Ed Schlieter of Kerrville will make a visit to the Sonora Elks Lodge when they meet Monday, December 2, at 8 p.m.

GN  
Members are urged to be present.

## FIREMEN'S CORNER

Where was the fire? Sunday afternoon, November 24, there was a grass fire on the John Fields ranch about 13 miles out on the Bond Road. Monday, November 25, the same fire broke out on two different occasions.

387-2424  
November 12, the ladies auxiliary meeting was hosted by Mrs. Jack Hite. After a business meeting and a ham supper, bridge and 42 were played. Winning in bridge were Mrs. Fred Adkins, high; Mrs. G. R. Hilmer, low; and Mrs. Wayne Herrmann, slam. The 42 winners were Mrs. Cullen Luttrell, high; Mrs. Jimmie R. Harris, low; and Mrs. Gene West, 84.

387-2424  
Darcy Carroll, Fire Marshal, spoke to the graduating class of nurses' aides in Eldorado at the First Christian Church November 21. His topic was "Fire Prevention and Safety in Hospitals."

GN  
The Gleaners Sunday School Class of First Baptist Church met in the home of Mrs. Cleveland Nance November 25.

GN  
Mrs. Joe Lane presented the devotional.

GN  
Members present were Mmes. Nance, Lane, Rip Ward, B. E. Burton, Eddie Russell, David Williams, Bill Morris, Larry Hill, Jim Baldwin, Erma Lee Turner, Smith Neal, Bill Johns, J. W. Sutton, and new member, Mrs. Clifton Hancock.

GN  
Before entering the healing ministry of Christian Science, Mr. Cern was an advertising manager and also a professional actor. He appeared in several plays on the Broadway stage, and toured most of the United States and Canada. He is a native of Texas.

Jules Cern  
Christian Science Lecturer

## Christian Science Lecture Scheduled

An explanation of prayer as Christian Scientists understand it, and why they depend on it radically for healing, will be given Tuesday, December 3, by Jules Cern, C. S., of Scarsdale, New York.

Mr. Cern, a member of the Christian Science Board of Lectureship, will speak at 8:00 p.m. in Crockett Elementary School, 2104 Johnson Street, San Angelo. The lecture is titled "The Truth That Heals." Admission is free and the public is invited.

Mr. Cern's lecture is sponsored by First Church of Christ, Scientist, San Angelo. He has been a public practitioner of Christian Science and a lecturer on the subject for many years.

Before entering the healing ministry of Christian Science, Mr. Cern was an advertising manager and also a professional actor. He appeared in several plays on the Broadway stage, and toured most of the United States and Canada. He is a native of Texas.

Your first thought is that Chevy is a good looking pickup . . .

1/4-ton Fleetside pickup

Here are some second thoughts:

work truck

playmate

second car

camper

We could add hobby hauler to the list. Chevy trucks are great for rock hounding. Collecting antiques. Etcetera. The point is: They're as versatile as anything on the road. Or off. Especially, four-wheel drive versions. They go anywhere.

Wherever you go, you go in style. Sleek front end features a new aluminum grille. In back, there's a new 8 1/2-ft. box on some models. Great for big campers. Great under the hood, too. Six or V8. Standard on V8 models is a big 307 cubic-incher.

Under the rugged chassis, coil springs take care of bumps. Inside, thick foam seats take care of you. There's a lot more. And more you can order. Like: power steering and air conditioning. See your Chevrolet dealer for all the facts and the good word on low price.

Chevrolet is more truck . . . day in, day out, day off

**THE FAMILY LAWYER**

**Dentist's Prisoner**

To have her new dentures checked, Mrs. R. paid a visit to the dentist. There she got a rude surprise. The dentist locked his office doors, pocketed the key, and demanded that she pay her overdue bill.

After a war of nerves that lasted for half an hour, she finally did pay up. Later, however she filed suit for false imprisonment. "But she wasn't imprisoned", the dentist protested in court. "She was free to leave at any time, just by paying me what she owed."

Nevertheless, the dentist was held liable for taking the law into his own hands. The court said he had no right to use such forcible methods to collect his money. "False imprisonment" may befall you even if you are nowhere near an actual prison. The essence of the matter is an unlawful limitation on your freedom of locomotion. The law places a high value on the right of every individual to go where he pleases.

Even if your freedom is limited for only a few moments, you may have grounds for complaint. Thus: A weary housewife, walking home

from the market, gratefully accepted a ride offered by the man next door. But to her dismay, he began talking to her in amorous terms. Despite her protests, he kept on driving past her house. Not until a block beyond was she able to get out of the car with some degree of dignity.

When she sued the man for damages, a court ruled she had indeed suffered false imprisonment—although it had only lasted for a few moments. The court said she had been forcibly prevented, by the car's continuing movement, from leaving when she wanted to.

Nevertheless, not every interference with your freedom is false imprisonment. Take this situation:

A shopper had just emerged from a department store when a clerk hurried outside after her. Pointing at the purse she was carrying, he asked:

"Did you buy that here?" The woman said no—and then, without being asked, painstakingly exhibited the purse and its contents to the clerk.

Admittedly, this incident did delay her departure. But had she suffered false imprisonment? In a court test, the judge said no. He pointed out that she had lingered on the sidewalk not out of any compulsion by the clerk but of her own free will.

**A LIFT FOR THE WEEK**  
 Thanksgiving Day should be more of an attitude than an observance; more a way of life than a day apart; more a habit than a holiday; more a spirit of gratitude than a time of feasting.

**DPS Assigns New Highway Patrol Sergeant Donald Lee To Area**  
 The Department of Public Safety announced today that recently promoted Highway Patrol Sergeant Donald L. Lee will be stationed in Del Rio. Sergeant Lee was one of twelve highway patrolmen to be promoted to sergeant November 15.

Sergeant Lee will be in charge of eleven highway patrolmen stationed in Sutton, Val Verde, Kinney, Edwards, and Crockett counties.

Sergeant Lee succeeds Sergeant Eddie Boyd who transferred to San Angelo.

Unstuffed frozen turkeys should be thawed until pliable before you cook them. Do not thaw commercially frozen, stuffed birds before cooking, say Extension foods specialists.

Cookies and cakes which are long-lived and can stand a few knocks regardless of distance, says Elizabeth Barnard, foods and nutrition specialist.

Soft drop cookies, chewy bar cookies, squared and filled cookies travel well, according to the specialist.

Applesauce, molasses, oatmeal and mincemeat cookies are good packers. Cookies flavored with honey and fruit improve with age.

If cookies are too rich, they may crumble or turn rancid, warns Miss Barnard.

Cakes are difficult to ship successfully because they dry and break. Syrups substituted for part of the sugar help to prevent rapid drying.

Fruit cakes and those made with applesauce remain moist for some time. Cup cakes baked in fluted paper cups mail best. Or, cut a square cake and frost pieces on all sides, wrapping each piece individually.

To send pie, Miss Barnard suggests tarts or individual pies. They pack better.

The Extension foods specialist says products of these two recipes travel well.

**SHORT OF A MIRACLE**

Rome's Coliseum, partly tumbled into ruin, is considered one of the wonders of the world. It was built in 80 A. D.—and that is a long time ago, to be sure. Yet it is but a second when measured against the ages that have passed since God created the world.

The Coliseum—wonder that it is—is also visible proof of the limit of man's accomplishments. We consider it nothing short of a miracle that something built by man has endured that long. Yet those things created by God remain endless and eternal.

God's works should, indeed, fill even the wisest of us with wonder, with awe, and with gratitude. We tend to take them all too much for granted. We tend, at times, to forget them—and even to forget Him—entirely.

Discover God again, in the church of your choice and in the process, rediscover yourself.

ERWIN MONROE TURMAN trapped this coyote or small wolf on the Mack Cauthorn ranch several years ago. As a predator trapper, a job that is unique in this modern day, Turman trapped thousands of animals like this. Ranchmen found his services useful in ridding their lands of animals that preyed on young lambs and kids.

**Erwin Turman . . . Continued From Page 1**

hood, he felt that professional trapping would allow him to lead the life he liked best; so, he became a predator trapper. He soon developed sufficient skill in his work to become a Government trapper and for over 12 years, he was paid by the United States Government to control such predatory species as the coyote, the mountain lion, and the Mexican lobo. However, Turman felt he would rather work for himself, so he left his job with the Government and began to work on his own as a contract predator trapper.

Since he began his trapping career, Turman has kept some records of the number of his catches.

As of about five years ago, he had killed over 700 javelina. He has caught three mountain lions or puma and 25 or 30 years ago while working in New Mexico, he caught three lobos. He has not attempted to keep a record of the number of coyotes he has trapped and killed, but he estimates the number as "in the thousands."

After he left Government service, he became a self-employed trapper; and starting with 1951, he began to pay social security self-employment tax each year that he had a profit of \$400 or more. He continued to pay the tax down through the years and never gave much thought to it until September of 1968. He decided to file for his retirement benefits at that time, since he was no longer able to get around as well as he did in the old days. A little less than six weeks after Turman filed his

claim, he visited the Social Security District Office in San Angelo and was presented with a Treasury Check in the amount of \$677.80, representing several months of retroactive benefits. Turman was quite pleased with the amount and said that after his next job in the Big Bend Country was finished, "he might go fishing for a spell."

Social Security records are confidential, but Turman has agreed to let the Social Security Administration release information about himself in order to better acquaint the people of this area with social security.

**Thanksgiving 1968**

A time to pause and say "Thank you"

Our Pilgrim Forefathers conceived Thanksgiving as a day to stop and take stock of all the good things in life. They had, as we do today, a constant threat of upheaval. They too were beset by problems—economic, political—big and small—but they found time, once each year, to thank God and thank each other for all the good things they enjoyed.
