Sonoran's Mother Dies Monday

Funeral services were held in Fredericksburg Tuesday for Mrs. Albert M. Everett Sr., 70. She was the mother of Hudspeth Memorial Hospital's administrator, Al Everett.

Mrs. Everett was dead on arrival at the Fredericksburg hospital after suffering an apparent heart attack in her home Monday, August 11, 1969, at 10:45 a.m.

Services were held at 3 p.m. in the First Baptist Church with burial in City Cemetery directed by Schaeffer Funeral Chapel.

Other survivors include her husband; three daughters, Mrs. Richard Miller of Fredericksburg, Mrs. Don Neal of Marble Falls and Mrs. Jimmy Jacoby of Fredericksburg; five sons, Larkin Everett of Fredericksburg, Jesse Everett of Bandera, Doyle Everett of Austin and M. J. Everett of San Antonio; 21 grandchildren and 10 great grandchildren.

Pallbearers were Rickey Everett, Les Phillips, Zane Everett, and Larry Everett, Vance Everett and Greg Everett of Sonora.

GOING OVER THE BUDGET for the coming year in an informal school board meeting August 12 are board members (left to right) L. P. Bloodworth, Gene Shurley, Armer Earwood, and Bill Morris, and school administrators Mrs. Oscar Carpenter and Ken McAllister. Not shown are Board members George Wallace and Bill Tittle.

Spring Turkey Season Nixed

County Commissioners adopted the Edwards Plateau game proclamation with the exception of the special spring turkey shoot when they met Monday at the courthouse. For several years the county's hunting season has followed the proclamation as it will this year with the exception of the spring turkey shoot season.

In other routine business county bills were okayed for payment.

School board members approved a \$577,448 budget for the operation of Sonora's schools for the

1969-70 school year in a meeting Monday afternoon. This is an increase from last year's \$559,118, mostly due to a \$44,843 pay raise increase for teachers.

Sonora Independent School District has 34 teachers in the system plus five administrative personnel.

Armer Earwood, president of the board of trustees, presided over the meeting. Bill Morris, Bob Teaff, Gene Shurley, and superintendent Ken McAllister were in attendance.

The resignation of Miss Lois Dolan was accepted and approval was given by the board to hire Miss Jan Brown; John Partin; Mrs. James Pollard; Herb Fasel, band director and Mrs. Kay Campbell.

McAllister estimates high school enrollment will be 250 this year with a possible increase to 280 next year. He recommended mid-term examinations again be held prior to Christmas holidays and the board approved.

FOOTBALL TICKETS

Reserved seat tickets for home football games will be placed on sale August 18-29 with former ticket holders being given first

chance to purchase tickets for reserved seats held in former years. The five home-game tickets will sell for \$7.50 and are available at the superintendents office.

NEXT MEETING

The board has been meeting at 4 p.m. during the summer months, but during the school term they will convene at 12:30 p.m., second Monday in each month.

Scout Troop 19 Honors Awarded

Aquatic competition, a Court of Honor and a barbecue highlighted a meeting of Boy Scout Troop 19 August 3 at Camp Sol Mayer.

The Scouts, sponsored by Sonora Lion's Club, participated in aquatic events of medley relay, a spoon race, free-style race, canoe races and bait casting. First place winner was the Falcon Patrol with 170 points.

A report was given by scouts Bob Brockman and Tryon Fields on their trip to the 7th National Jamboree held in Farragut State Park in Idaho.

Receiving awards at the session were Paul Browne, second class badge, and Johnny Humphreys, first class badge. Merit badges went to Horace Humphreys, Bobby Humphreys, Teddy Coker, Tryon Fields, Johnny Humphreys and Ken Williamson.

Scoutmaster Jimmy Cahill di-

rected the aquatic meet and the Court of Honor. In assistance were Troop committeemen George Brockman, Herbert Fields, Lano Thompson, Roy Coker, Dr. Ron Williamson, Dr. Charles Browne, and District Scout Executive J. B. Morris.

A barbecue feed climaxed the day's activities.

Grass Fires Still Prevalent

Sonora Volunteer fire fighters answered an alarm Tuesday to put out a small grass fire at the Rocksprings Y roadside park located at the junction of U.S. 277 and Texas 55 south of town. The Albert Ward place adjoins the park.

By City Commissioners

Delinquent Taxes, Budget Discussed

Ed York, of the law firm and tax consultants of Huey and McQuary of Austin, met with members of the city commission Monday for a review of the firm's methods of handling delinquent tax accounts. York said the firm has collected \$23,000 in delinquent taxes in the past four years. A study is being made of the city's delinquent tax records in order to consider the possibility of taking a firmer stand in the collection of the accounts.

The City's contract with the firm expired June 14, and the commission declined to renew it at that time, but an agreement was entered into at this meeting, and the contract extended to June 1971.

OTHER BUSINESS

—Mr. and Mrs. R. A. Mohler of Menard, who were hired as custodians of the airport are resigning and the city is seeking someone to take their place.

—Accounts payable in the amount of \$10,140 were approved for payment. This figure includes approximately \$3,100, for additional street lighting.

—The firm of Louis Drake and Ronald Barbutti of San Angelo, associated architects, engineers and planners, who had been consulted in regards to a development program, presented estimated costs for their work. Commission declined to enter into a contract with the firm at this time.

—General Telephone Company of the Southwest sent a contract for approval for rental of poles from the city. This is a renewal of a contract entered into between the City and General Telephone for the past several years whereby the telephone company uses the city poles to string wires instead of installing additional poles where existing ones are located.

—A group of citizens presented a petition asking that Alta Loma be declared a sewer district or that the district be annexed into Sonora's city limits. No definite action was taken at this meeting as the commissioners felt the need of additional time to study the situation.

—City Commission voted to pay last month's \$30.40 electrical bill at the Little League park, in order to help defray some of the expenses in operating Little League baseball.

BUDGET HEARING

A lengthy study was made of

the budget and a meeting called for Tuesday morning for extra time for going into the matter thoroughly.

HEAVY POWER LOAD IN JULY

City manager Jimmy H. Harris said the power plant generated the largest amount of energy recorded in the history of the plant last month. A total of 1,023,000 KW's were generated to set the high record. Abnormally high temperatures for the month of July were the cause of the high electrical usage.

Harris also noted that the City has had a 50 percent increase in power sales in the last 10 years. Although there has been some gain of customers, it is felt the greater use of additional electric-

al appliances by most home owners is primarily the reason for the increase.

Currently the water department shows a loss of about \$1,000 a year, and it is possible a rate increase may be needed in order to bring it in line with the other departments. Harris said the rate charged for the first 2,000 gallons is \$1.50; next 1,000, 50c and the next 5,000, 30c per thousand; making a total of \$3.50 for 8,000 gallons of water. All water over 8,000 gallons is charged at the rate of 15c per thousand. Mayor Norman Rousselot, Commissioners W. B. McMillan, and Mrs. T. K. Nevill agreed to take the matter of raising the rate into consideration at the next meeting.

Final Week of Summer Vacation Nears As Students Prepare for Registration

School's opening day is drawing near, and the rush to do what hasn't been done has started. High school principal James Pollard says that pre-school registration for high school students will begin August 18. Seniors and juniors will register August 18 from 9 a.m. to noon, and sophomores and freshmen will register the following day between 9 a.m. and noon.

Students coming in for the first time are requested to register as soon as possible to avoid unnecessary delays. They may do so at any time in the high school office.

Junior high registration dates are the same, with eighth grade students registering the first day and seventh graders on Tuesday. Times are the same.

Clay Cade, principal of Central Elementary, says registration for kindergarten pupils will be on August 18 and 19 from 9 to 11:30 a.m. To be eligible to attend kindergarten classes, children must have reached their fifth birthday on or before September 1, 1969, and must present a birth certificate at time of registration. Tuition is tentatively set at \$15 a month, payable the first of each month in advance.

BAND REHEARSAL

There will be a band rehearsal Friday, August 15, at 8 p.m., in the band hall, according to new band director, Herb Fasel. This will be an organizational

meeting and all band students from the eighth grade up are expected to attend. New students who plan to play in the band are invited, and Fasel says that it is not necessary for the students to bring their instruments.

Community Service Is Well Attended

About 88 people representing most of the community's churches met at the Joe Lane home west of town Sunday for an outdoor community supper and religious service. The Rev. James Hancock, pastor of the First Baptist Church of Ozona, preached. Joe Lane led the singing.

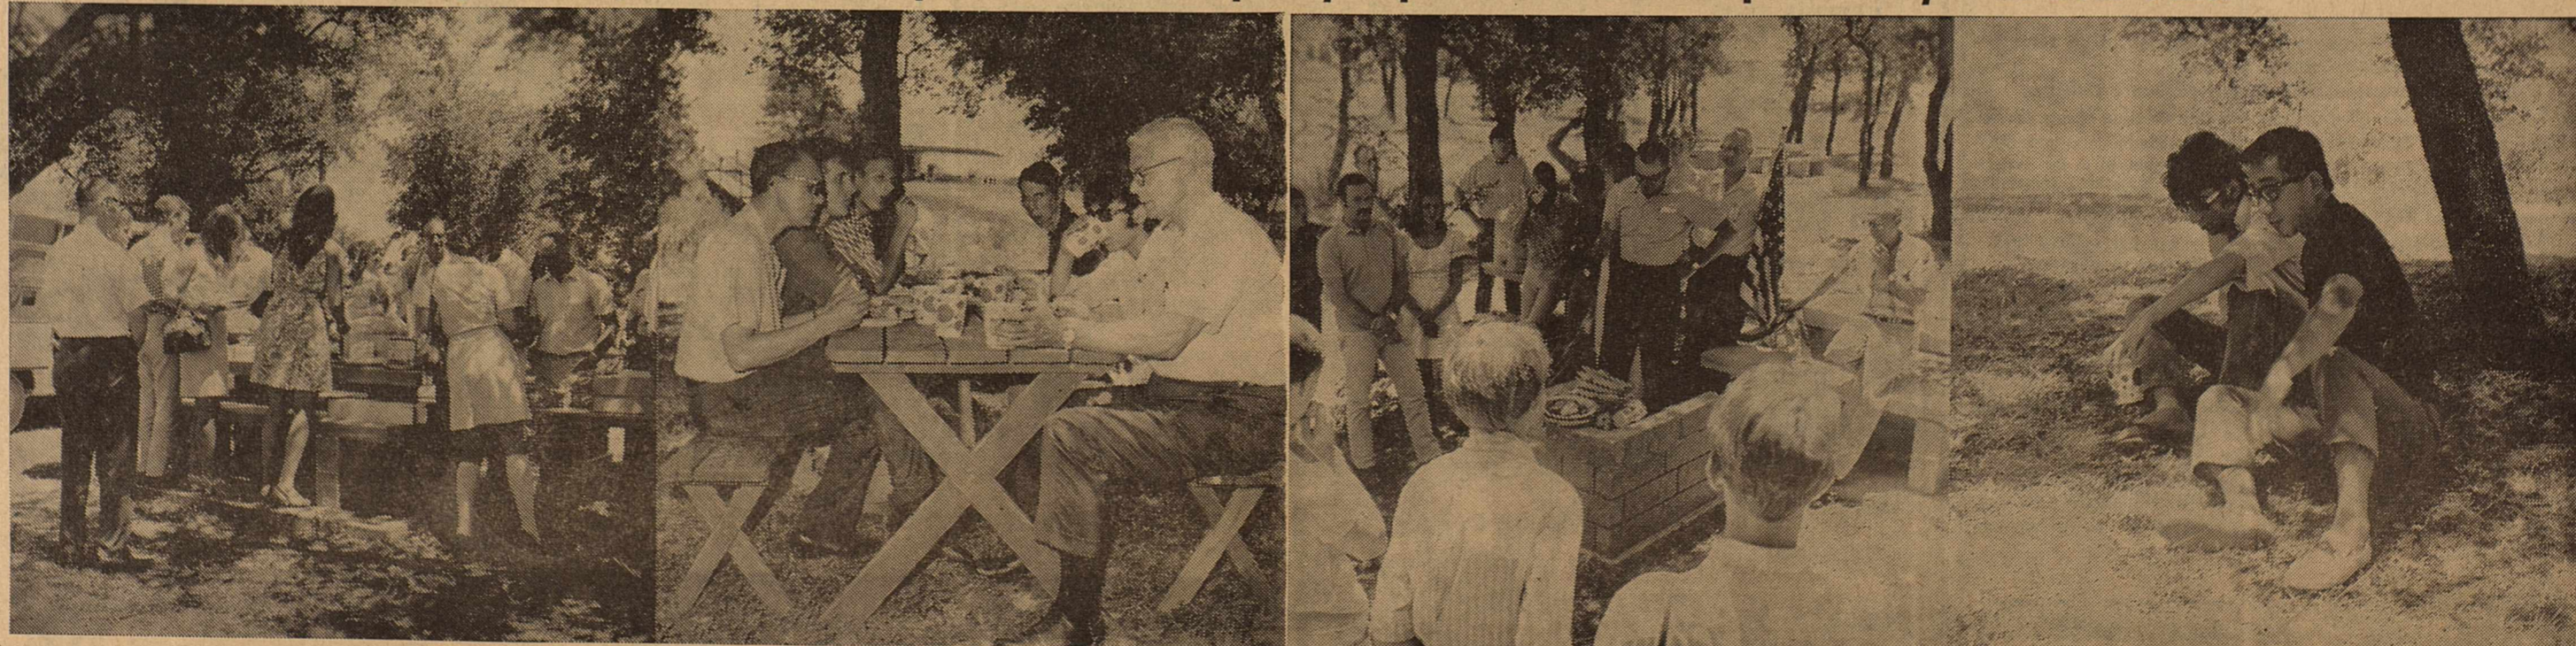

A second outdoor service is planned for August 24 at the Ft. Terrett ranch.

A Bishop Looks At Life - "What Next?"

By Everett H. Jones, Retired Bishop of the Episcopal Church

One of the questions most frequently asked during the mission of Apollo 11 was this: "If we can succeed in this tremendous and historic achievement, why can't we solve the human problems that cause so much suffering and threaten to destroy us as a nation?"

The best answer is: "Because we have never given the same time, money and united determination to solve these human problems."

The proposal that excites me most as our national goal is to make full and constructive use of the anniversary just seven years ahead of us. In July of 1976 we shall be celebrating the 200th anniversary of the Declaration of Independence. What an opportunity, if we begin at once, to channel the energies and talents of the American people to make this country more nearly what our forefathers planned for it to be.

The best expression of this opportunity I have seen has come from James Reston of the New York Times. He writes: "The funds, the brains, the organization that went into the objective of going to the moon have not yet been mobilized and directed toward achieving certain definite social and economic objectives, and this is a missed opportunity. 'If done, this might be more important to the Republic in the

end than landing on the moon. But the moon project may have given us the key. It has imagination. It mobilized intelligence. It had specific goal within a specific time, and the goal was to do what no man had ever done before.

"Maybe the analogy is wrong. Space science and political science could not be more different. But the whole idea of America was to create a society nobody had ever created before, and it could be that the moon-men, with their concentration, purpose and time-schedule, have shown us the way."

Taylor Family Holds Reunion

Descendants of the late Mr. and Mrs. R. E. Taylor, early day Sutton County ranch family, held their reunion at Garner State Park in Uvalde, August 2-3.

Fifty-three persons attended the reunion from San Angelo, Del Rio, San Antonio, Waco, Sabinal, Corpus Christi, and Washington D. C. and Melverne, Arkansas.

Attending the reunion from here were Mr. and Mrs. C. W. Taylor, Mr. and Mrs. B. W. Taylor and family, and Monroe Turman.

Snips, Quips, And Lifts

By Lottie Lee Baker

—Education is what a man gets when he sits in his living room with a group of teen-agers.

—The reason many people do not live within their income is that they don't consider that living.

—Sign on window of reducing salon: Come in. Let us show you how to get rid of your bad breath.

—Tip to young male drivers: Forget the girl, hug the road. —You reach middle age when you've learned how to take care of yourself and intend to begin almost any day now.

—All good things come to the other fellow if you wait.

—If you spare the rod you may get a beat generation.

—Husband to friend: "It's terrible to grow old alone—my wife hasn't had a birthday in six years. —If 20 percent of the country's drivers lost their licenses, the accident rate would go down 80 percent.

—Some men smile in the evening, some men smile at dawn—But the man worthwhile is the man who can smile when all his front teeth are gone.

—Largest room in the world is the room for improvement.

—Drink may not keep you young, but it will likely keep you from getting old.

—For some people, all days are weak days.

—A young lady opened a doughnut stand at the airport and served her wares out of the frying pan into the flyers.

—The trouble with a woman's nylons is that they're sheer today and gone tomorrow.

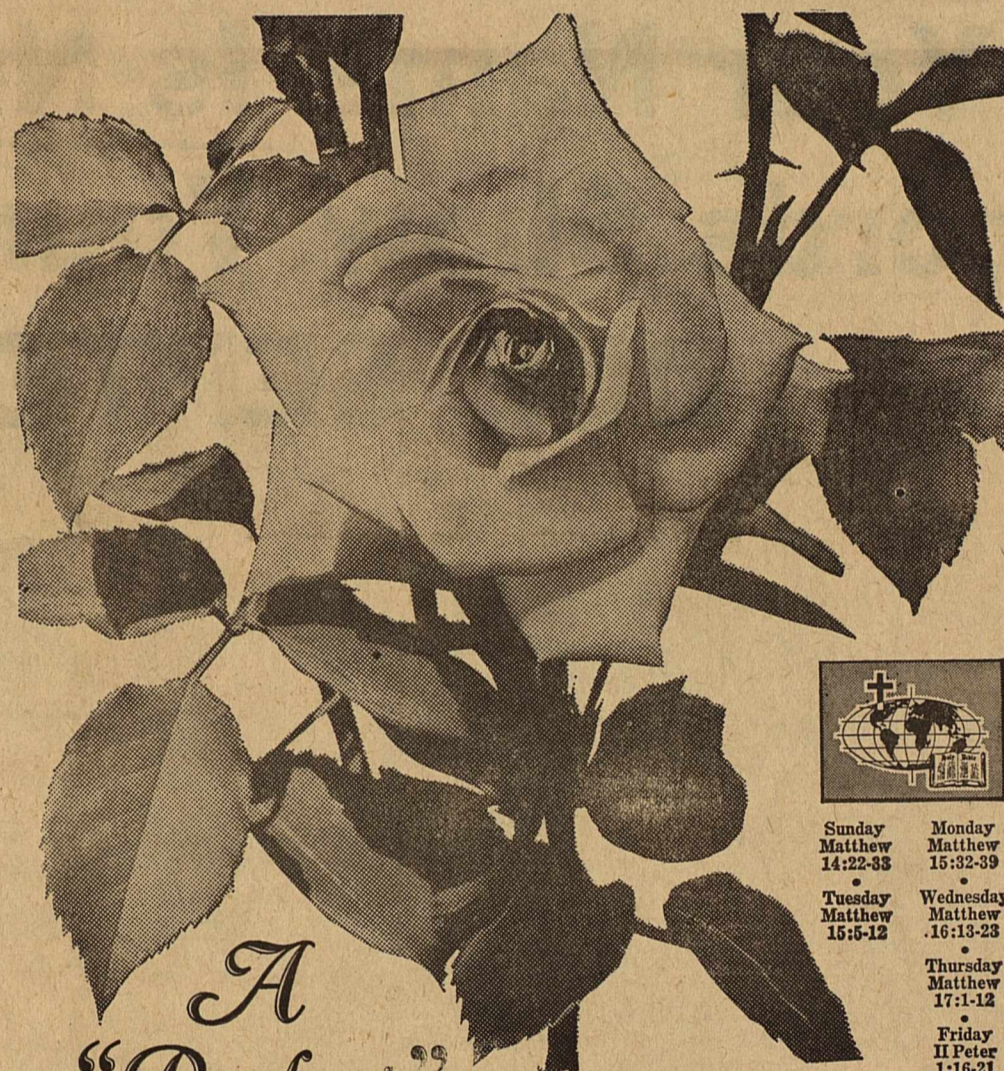

—One day two old ladies went for a tramp in the woods—but he got away.

A LIFT FOR THE WEEK

It is not the age we live in—But how we live in our age that counts.

A "Perfect" Rose

Look closely at a so-called perfect rose! See the petals; you will find they are far from perfect. But uneven shapes, blemishes or misshapen stems will not spoil the delicate color, rich fragrance and sheer beauty of the total flower.

How clearly a rose illustrates that nothing in life is truly per-

fect! But, rather than discourage us, this should give us fresh confidence and strength.

God did not make the rose perfect—nor did He make us perfect. Yet He thinks none the less of us for our faults and blemishes. In His eyes we always have another chance. But it is up to us to take it.

Start by going to the church of your choice next Sunday.

See our other typewriters, including Smith Corona electric portables (one with power return). The Devil's River News.

KARLA JUNGK, 2½-year-old daughter of Mr. and Mrs. Pat Jungk, is dwarfed by these thirty-nine inch serpent cucumbers. The cucumbers which the Jungks grew in their garden, measure 15½ inches around the largest part. Mrs. Jungk says for pickling purposes she normally uses them long before they reach such gargantuan size.

Mike Richardson Receives Award

Michael L. Richardson, Texas A&M University student, has been awarded an Air Force financial assistance grant for his final three years of undergraduate study.

The grandson of Mr. and Mrs. O. L. Richardson Sr., was select-

ed for the military scholarship on the basis of scholastic major and standing, military record and leadership capabilities.

Richardson's grant will pay tuition, fees, incidental expenses and books allowance toward his bachelor of science degree in physics and \$50 a month subsistence. Upon satisfactory completion of A&M's four-year Air Force ROTC program and graduation, the 1968 Sonora High graduate will be commissioned an officer in the Air Force.

Richardson plays cornet in the Texas Aggie Band.

15 Lettermen Return To Varsity Squad

Fifteen lettermen, mostly seniors, are expected to return when the Sonora Broncos begin their first practice session Monday, August 18. Coach Hopkins expects a turnout of about 64 boys at the opening practice. They will work out twice daily the first week, going through various agility and reaction drills to get in shape. After several days of work, players will be assigned to either the varsity squad or the B team. The annual red and white scrimmage is planned for Friday, August 22.

Hopkins expects most of his senior players to have good seasons. He also is looking for strong showings from several boys who spent last season on the B team. Among these are Mike Taylor, James Noel, Tony Renfro, and Scott Shurley.

The present Sonora coaching staff will have some added assistance this season from two new coaches. Grosse Mohler, who taught and coached at Washington Jr. High in San Angelo and then in Ozona, will be coaching B team football, basketball, and track. John Partin, recently out of the Navy, will be coaching Jr. High football. The coaching staff anticipates little change in the methods they will be using, and few changes in offensive and defensive strategy.

Coach Hopkins feels that the Broncos will have little difficulty in adjusting to the loss of many of last year's key players, among them, Ed Lee Renfro, Bill Green, and Monte Dillard. Hopkins feels that Sonora's tradition of winning and valuable game experience should make the Broncos a strong team. He says he hasn't seen too many of the boys this summer, but he has hopes that they are in good shape for the coming year.

The coaches are looking for tough competition from Mason, Junction, and Eldorado this year and feel that these schools have very fine ball clubs. Though rated highly, Sonora will have a tough time ahead in the district race. Coach Hopkins said he thought the high rating would not have any effect on his players. He isn't going to allow overconfidence to spoil Sonora's play. Hopkins says that Sonora has always been rat-

ed highly and he prefers it that way.

District games this year will be played against Menard, on October 17, Mason, on Oct. 24, Eden, on Oct. 31, Eldorado, Nov. 7, and Junction, Nov. 14.

German Youths . . .

. . . from page 1 to Chicago for a few days, then to Washington and New York and finally home again.

The tour was planned last year by the Texas Lions, and it is planned that the Exchange Program will continue in future years. The students were eligible to make this tour because their parents are members of the Lions organization in Germany. Right now, a group of Texas youths are touring Germany as part of the same exchange program.

Several Lions Club members are accompanying the group on their trip, among them George Bushong, director of the program, and his wife; Surry G. Shaffer Jr.; Karen Spivey; Mark Sivertsen; Cindy Dickinson and Joanne De Angelis.

The luncheon was attended by several Sonora Lions. Jimmy Harris led in the singing of "America", followed by the pledge of allegiance and an invocation by the Rev. Clifton Hancock. Cullen Luttrell, first vice president of the Downtown Lions Club, officiated at the luncheon.

Emil Prugel spoke to the guests and accepted a medal of appreciation from them. Mr. Bushong also spoke on behalf of the students.

The German youths spoke of enjoying their stay in Texas and the United States and were especially complimentary of West Texas. Many talked of the beautiful scenery and interesting places to visit. They expressed appreciation for the hospitality of the people of Texas, and were surprised at their friendliness and willingness to talk freely and openly, and to learn about Germany. As one youth said, "Texas means friends!" Most of them expressed an instant liking for barbecue they were served, and many returned for extra meat, beans, or potato salad.

The students really seemed to be enjoying themselves in Sonora, and when asked if they had anything to say before they boarded their bus for Kerrville, one girl screamed out in a beautiful Texas drawl, "Y'all come!"

DPS Office To Be Closed

The drivers license division of the Department of Public Safety will be closed August 25 - September 1, according to Mrs. Donald Jones, drivers license clerk. The office will be open Tuesday, September 2.

Brucellosis Test Reports Negative

Testing of cattle for recertification of Sutton County as a modified certified brucellosis area has been completed, according to D. C. Langford, county agent.

Twenty herds consisting of 1,447 cattle were tested with no infected cattle being found in Sutton County.

"The help and consideration of Sutton County producers in getting this job completed quickly is greatly appreciated by the Texas Animal Health Commission," said Langford.

DISCUSSES WENTWORTH

John Eaton told the background of the county's early-day town of Wentworth when the Downtown Lions met Tuesday. The town was located about 3 or 4 miles south of town, about where the E. D. Shurley ranchhouse now stands.

Abandonment came after Sonora was voted the Sutton County seat.

Card Of Thanks
