The Devil's River News, Sonora, Texas 76950, Thursday, November 6, 1969

Ten Cents

WINNERS IN THE PRE-SCHOOL division of the Spook Parade are (l to r) Gregory Stewart and Houston Powers. The Frito Bandito is the son of Mr. and Mrs. Sam Stewart. The Zoue

hippy is the son of Mr. and Mrs. Jimmy Powers. Gregory's prize was the most original and Houston won the prize for the funniest.

## Local Girl Wins State Honors

"I live on a ranch and am very interested in the grass and range conditions with which we must work," says Janet Pope. This interest helped Janet win state honors in the 1969 4-H range management awards program.

Slate 4-H Club office announcement said Janet will receive an all-expense paid trip to the annual Range Camp at Junction, next summer. Donor for the award is the Texas Sheep and Goat Raisers' Association. She is the first girl to receive this honor.

Janet is the 15-year-old daughter of Mr. and Mrs. Walter C. Pope and is a sophomore at Sonora High School. She wanted to learn range management so she could manage her share of her father's ranch when her time comes.

Other 4-H projects which Janet has completed include grass identification, breeding sheep, and wool and horses.

The coach of her grass identification team, Edgar Glasscock, says Janet is "a very hard working girl who turns in a top job on every assignment."

## Business Area To Have New Christmas Lights

New Christmas lights for the business section of Sonora will be installed this year through the joint efforts of the city, county and Chamber of Commerce. The city and county will share equally in the cost of these new decorations and the Chamber of Commerce will add the additional \$150 so that the decorations proposed by Jimmy Harris, city manager may be purchased and installed.

The city commissioners and mayor at their regular monthly meeting Monday, November 3, also authorized the sewer system for the residents of Loma Alto. The 65 signatures needed from the residents of that area were secured. Work will begin shortly on the extension of the line. The digging of the ditches will be done by Carl J. Cahill, Inc., the installation of the sewer pipes and all other work will be done by the city.

## Sonorans Mother Dies In Hamilton

The mother of T. C. Bassham died Monday night in Hamilton after a long illness.

Services were held Wednesday, November 5, 1969 in Moore Funeral Home in Fort Worth.

Bassham is employed by El Paso Natural Gas Company.

## Resignation Announced

Al M. Everett has announced his resignation as administrator of Hudspeth Memorial Hospital for the purpose of accepting a similar position at Southern Methodist University, Dallas. Everett will head the 40 bed-unit Student Health Center and Clinic at S.M.U.

In his statement to the press Everett stressed the fact that Sonora is most fortunate to have such a fine hospital without any cost in tax dollars to the community, state or Federal government. He further stated that the Governing Board of the hospital keeps their eyes on the hospital and runs it well. The Board sees that the hospital gets the equipment it needs to make it the up-to-date modern hospital that it is.

Everett said that he would like to thank the Board of Directors and the people of the community for their support and hospitality to him and his family for the nine and one half years they have resided in Sonora.

Mr. and Mrs. Everett and son, Greg, will be leaving Sonora the last weekend in November or the last weekend in December.

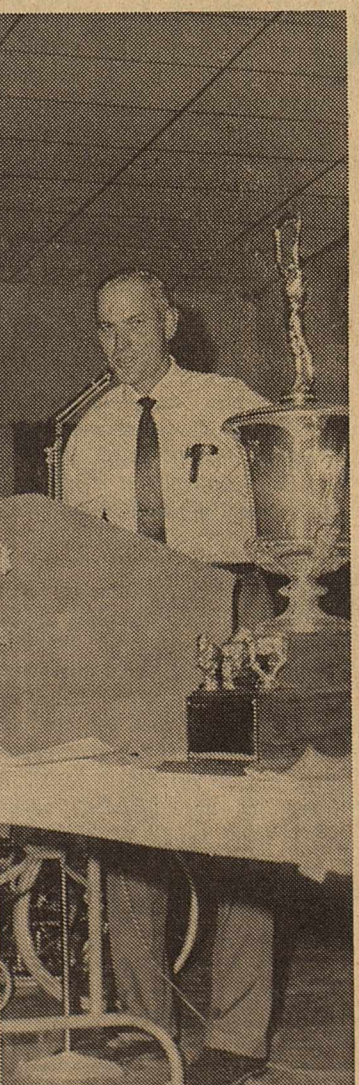

A specific departure date is not known at this time. Robert Vernon, Junction, will be the new administrator. Vernon taught school in Sonora one year, then took his training under Everett. Vernon has been at the Junction Hospital as administrator for a year. He made application to the board after learning that Everett was leaving Sonora. He told the board he would like to return to Sonora and the board feels that he will do a good job for the hospital.

## Deadline Nov. 8 Wool Contest

Deadline for entering the district "Make It With Wool" contest is Saturday, November 8.

The district contest will be held in Kerrville Saturday, November 29, beginning at 9 a.m.

Mrs. A. E. Prugel has entry blanks for those who wish to enter. Each contestant must model her own garment which she has made using 100 percent American wool. There are several types of garments to choose from, including pants suits.

CLINT LANGFORD, county agent tells guests at the 4-H achievement and award program about the Earwood Memorial Trophy shown at his left.

on Lone Star's proposal at this time and this and other proposals will be brought before the council for further review at the regular meeting in December.

The Highway Department is going to install another caution light on Highway No. 290 at the eastern city limits of the City of Sonora, Harris told the council.

Jimmy Harris was authorized to hire a temporary night watchman.

Holidays for the remainder of the year were discussed. The city offices will be closed Thanksgiving Day and New Year's Day. At Christmas time the office will be closed Christmas Day and the day after to agree with the closing of most business houses in Sonora.

The company hired by the city to collect delinquent taxes has made some collections each month.

West Texas Utilities has not officially answered the city's question of September 25 asking the Utility company if they would sell power to the City of Sonora. Unofficial word from Bill Ramsey to Jimmy Harris and Norman Rousselot stated that the Utilities was not interested in selling auxiliary power to the City of Sonora.

The City Commission will receive bids on a new electric generating unit on November 14.

Attending the regular November meeting of the city council were W. B. McMillan and Walter Pope, city commissioners; Norman Rousselot, mayor; Jimmy Harris, city manager; Mrs. Jay Robbins, city secretary; and Terry Erwin, representing Lone Star Gas Company.

## Hunting Begins Saturday, Prospects Said Excellent

Hunting season will open this weekend on the Edwards Plateau. Nolan Johnson, game warden, said the deer are in top shape this year, and there are plenty for all hunters. The bag limit for the November 8-January 1 season is 3 deer with no more than 2 bucks. There were 1,500 antlerless permits issued last month. The landowner has the final say on the killing of does on his land.

Johnson said the turkey are more widely scattered this year and he has seen turkey in different parts of the area, but not the bumper crop of last year. The limit on turkey is 2 of either sex.

Hunters will be able to shoot some quail in the county this year. The quail crop is better than usual due to the fine spring season.

Johnson said, "Dove season was a real success and there are plenty of dove left for nesting in the coming year." The excellent season is attributed to the fact that there has been plenty of bird feed in most of the county all year. More people hunt dove than any other wild game in the state of Texas.

Johnson said that violations were down this year in the pre-season with one case of trespassing and two violations filed for illegally killed turkey. He emphasized the fact that all persons caught violating the law will be prosecuted. Trespassing, illegal possession, untagged deer, tags not properly filled out, night hunting, road hunting and head-lighting all carry a maximum penalty of \$200.

The Chamber of Commerce, in an effort to aid the landowners and hunters, has a list of deer leases in the county.

Inquiries have come from hunters in Kansas, Oklahoma, and Louisiana and all over Texas.

## 8th Grade Colts Win 22-12 Thurs.

by Ladd Turner & David Wallace

The kickoff to Bruce Kerbow opened the game for the Colts' fifth victory. Freddy Virgin picked up the first down of the game. The Colts drive was stopped at the 40 yard line and they punted. After a long drive Bruce Kerbow and Willie Fay recovered a fumble. After two plays more the quarter ended 0-0.

The ball changed hands many times in the second quarter. Bruce Kerbow caught a punt and made a runback. A few plays later Freddie Virgin scampered 60 yards for the T.D. Kerbow made the extra points making the score 8-0. David Wallace recovered his own on-side kick and the Colts took over only to fumble the ball. Sonora held out until time ran out.

Second half found the Owls with the ball. Sonora got back in the game when Larry Cade intercepted a pass. The Colts drew blood again when Freddie Virgin pounded into the end zone for 6 points and David Wallace made the extra points.

Big Lake was unable to make any headway. A powerful drive by Virgin boosted the score 22-0 after the extra points failed. The Owls then scored making the score 22-6. The Owls tried an on-side kick but it was covered by William Thompson. The Colts dug in but Big Lake scored once again to make the final score 22-12.

The 8th grade will be the only Colts in action here Thursday night when they take on the Eldorado Eagles.

he has no way of knowing when ranchers are booked unless the landowners calls in to the Chamber of Commerce and report their leases are taken for certain periods. Morgan concludes by saying, "Better communication between the ranchers and this office will result in the best possible service for all concerned."

Prizes offered to hunters this year include a pair of field glasses for the largest buck, based on weight and spread, from Barrow Jewelry; the first deer brought into the Branding Iron Smokehouse will be processed free of charge and also Whitworth's Drive In is to give a prize.

The Texas Safety Association under the direction of George

W. Perry reminds hunters of these safety rules.

A seasoned hunter knows that he should fire only when he is positive his target is legal game. Each year hunters and livestock loose their lives when they are mistaken for deer, turkey, quail or even a rabbit.

All hunters should be sure of their line of fire. This is particularly true when hunting in underbrush, as bullets fired from high-powered rifles can travel at great distances. Shooting at the sounds in deep underbrush is the sure sign of a "green horn".

When the hunt is over, hunters should make sure their guns are unloaded. Loaded guns should never be carried in a moving

vehicle, as rough riding, a playful dog or an accident can cause a gun to discharge.

All hunters are advised to avoid drinking alcoholic beverage before and during the hunt, as well as afterwards on the road home. Alcohol and gunpowder, just as alcohol and gasoline do not mix.

Persons carrying guns need to be made aware of a new law that is in effect. House Bill 472 states that the penalty for shooting or discharging a gun in, on, along, or across a public road is set for not less than \$50 to not more than \$200.

Each year to get Sutton County residents in the mood for hunting season, the Edwards Plateau Wildlife Association, Downtown Lions Club and the Chamber of Commerce, sponsor a pre-season hunting party. The menu this year consisted of goat barbeque plus a wide variety of wild game. Some of the game served this year was venison, antelope, javalina, exotic sheep, quail, dove and rattlesnake.

The largest crowd in nine years was on hand Tuesday night for the annual party when over 350 people tasted the wide variety of game and heard Will Ray Long of San Angelo.

## Broncos To Face Eldorado Eagles After 54-0 Win Over Eden Friday

The Sonora Broncos remained undefeated in district play Friday night as they crushed the winless Eden Bulldogs by a 54

to 0 margin. It was the Broncos' third shutout in district competition.

This win leaves Sonora tied for the 8-A lead with rival, Junction. Both teams have a 3-0 record. The two teams will meet in Sonora November 14.

## Davenport Picked For Tech Fraternity

George Davenport, son of Mr. and Mrs. Hershel Davenport, has been accepted into the Scabbard and Blade honorary R.O.T.C. fraternity at Texas Tech University in Lubbock. Davenport was among 11 other students asked to join the fraternity this year.

There are 25 active members on campus. Qualifications are based on achievement. To be eligible, prospects must be student officers and meet certain scholastic achievements.

A business major, Davenport transferred to Tech from West Texas State College at Canyon at mid term. In April he was awarded a R.O.T.C. scholarship which pays for tuition and books.

Erasmus Lumbreras, Mike Taylor, David Wuest, Milton Noel and Arnold Samaniego led the Sonora scoring. Most of the TD's came on passes from quarterbacks Wuest and Eddie Sutton.

The Bronco's first team rolled to a 23-0 lead in the first quarter, and from then on Coach Jerry Hopkins freely substituted second team and "B" team players.

Sonora's defense was headed by Lumbreras, Jim Elliott, Ted Fish, and Israel Sanchez.

Barry Black twisted his ankle and Richard Bernal sustained a painful knee injury in the Friday night game.

Sonora Broncos will host neighbor, Eldorado Friday night, as they try to advance to the district championship. Game time is 7:30 p.m. in Bronco Stadium.

## CINDERS

By John T. King

At a meeting Sunday the Sutton County Historical Society accepted Mrs. L. P. Bloodworth Sr.'s offer to make a rag rug for the bedroom of the Miers Home Museum. The rug, according to Mrs. Ben Cusenbary, will be very large in size and made of cotton material in prints and solids. She expressed hope that material would be given by each family in the county, as the rug will require many yards.

She said the larger pieces would be best, and said that either new material or other good quality cloth in large sizes, such as square-dance dresses, would be suitable.

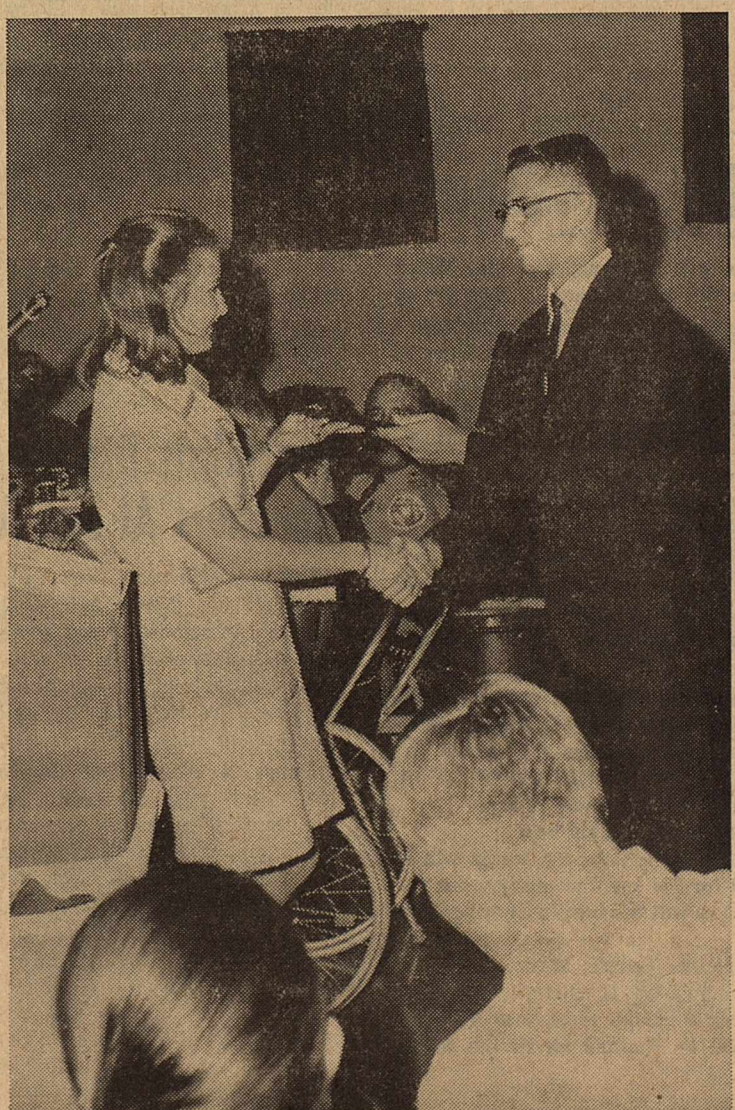

"Names of donors will be published, and we hope the list will include every pioneer family in the county. Anyone can contribute whether they live in the county or not," said Mrs. Cusenbary.

When enough pieces of material are given there will be a meeting at the museum to cut the cloth, sew pieces together, and wind them into balls. Then Mrs. Bloodworth, newest member of the Historical Society will make the rug, which will be placed in the bedroom of the museum. This room is sponsored by the Woman's Club, with a special committee composed of Mrs. James Hunt, Mrs. George Brockman, and Mrs. Joe David Ross in charge.

Mrs. Bryan Hunt is having a 100-year-old bed refinished so that it will be ready for the bedroom.

Agnes Brown came in Tuesday and made mention of the fact that despite rumors to the contrary, she is still alive. She said there was a story around town that she had died, and she was getting some comment about her health when she visited several stores downtown.

Fifteen new names have been added to the list of contributors to the Fire Truck Fund raising the total amount given from \$7,454 to \$9,219.00. The names will be run next week.

RECEIVING The Outstanding Contributor 4-H Award is Mrs. Johnny Merck. Presenting the award to Mrs. Merck at the achievement awards program last week is Scott Jacoby. Mrs. Merck is a range and grass judging coach.

**Need-To-Know About Drug Abuse:**

**LSD: Will It Turn You On Or Will It Turn You Off?**

No drug has caused more controversy, with the possible exception of marihuana, than the strange compound known as LSD. Is LSD dangerous?

Definitely yes, and the National Institute of Mental Health, Federal agency focus of a new nationwide attack on the abuse of dangerous drugs and narcotics.

Hospital and other medical studies show that LSD can cause panic, paranoia, and accidental death.

Reactions to taking LSD range from worry, panic, and depression to severe mental derangement.

Days, weeks, even months after a dose of LSD has been taken, the things the user thought that he saw and felt may recur in his mind and make him fear he is going insane.

The physical effects LSD can produce are far from pretty. Eye pupils dilate, hands and feet shake and tremble uncontrollably, palms turn cold and sweaty and the body shivers and turns chilly, goose pimples pop out, breathing is irregular. There is loss of appetite and nausea; and the pulse and heart rate rise, as does blood pressure.

LSD is short for lysergic acid diethylamide. A man-made chemical first produced in 1933, it was accidentally discovered in 1943 to produce bizarre effects on the mind when a Swiss chemist swallowed some LSD while working in his laboratory. He had strange sensations and felt as if he were flying.

is more likely to decrease sex interests than to increase them. Paintings, writings, and other works by LSD-users fail to show greater talent; rather, the works are poorer when done "under-the influence."

Worse, LSD is dangerous. It can cause panic (fear of losing one's mind), paranoia (suspicion that "they're after me!") mental derangement, and accidental death.

It has been called the most powerful drug in the world. No wonder: 25 micrograms is an amount almost invisible to the naked eye. Yet this amount will produce an effect in most people.

Classed as a hallucinogen and psychedelic—which mean mind-affecting or mind-altering—LSD is a member of a group of drugs which include other compounds like marihuana, peyote, mescaline, psilocybin, DMT, and STP.

Except for government-approved use for research, LSD is illegal in the United States.

Because LSD is dangerous when not used for careful research under close medical supervision, it is closely regulated by Federal and State laws. These provide stiff penalties for illegal production, sale, other disposition, and, in some cases, for possession or use.

Because more knowledge is needed about this powerful compound, broad scale research is underway to learn fully about its chemistry, animal and human effects, and whether it can have any medical or other real values.

This is another part of the national attack on abuse of narcotics and dangerous drugs of all kinds. On the educational side, newspapers, magazines, radio, and television are enlisting in the fight in a new campaign to provide everyone with accurate information.

**Nat'l Institute of Mental Health**

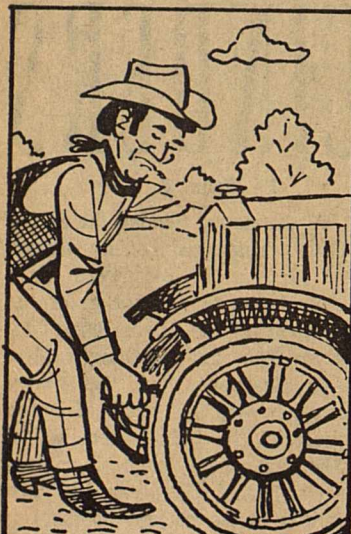

LSD became the darling of the daring. It was claimed to give you great feelings and increase many capacities, like sex and creativity.

None of this has proved out. In fact, the reverse may be true. But many fables and fallacies like these have spread about LSD. The following facts come from research, not from fantasy and rumor.

Studies have shown that LSD

**English-Accented Corn Bread**

Sally Lunn is a traditional English bread that has also won American favor. Originally a yeast loaf, often baked in a Turk's head mold, the bread was adapted to the quick bread method by ingenious American cooks. Baking powder reduces preparation time and beaten egg whites, folded into the batter, give the bread its customary lightness.

Another New World addition is enriched corn meal, a staple of so many American kitchens. Corn meal adds a subtle flavor and slightly crunchy texture that is truly delightful. Attractive Sally Lunn Ring is delicious with butter and marmalade. Serve it with tea or coffee and bring a charming custom of the British tea table to your own table soon.

**SALLY LUNN RING**  
 Makes one 1 1/4-qt. ring mold

- |                                |                                   |
|--------------------------------|-----------------------------------|
| 1/2 cup enriched corn meal     | 1 tablespoon baking powder        |
| 1 cup sifted all-purpose flour | 3 tablespoons butter or margarine |
| 2 tablespoons sugar            | 3 eggs, separated                 |
| 1/2 teaspoon salt              | 1/4 cup milk                      |

Heat oven to hot (400°F.). Sift together corn meal, flour, sugar, salt and baking powder into medium-sized bowl. Cut in butter until mixture resembles coarse crumbs. Beat egg whites until stiff peaks form. Beat together egg yolks and milk. Add to corn meal mixture; stir until dry ingredients are moistened. Fold in stiffly beaten egg whites.

Pour into well-greased 1 1/4-qt. ring mold. Bake in preheated oven (400°F.) 25 to 30 minutes. Serve hot with butter and marmalade.

**from HISTORY'S SCRAPBOOK**  
 DATES AND EVENTS FROM YESTERYEARS

**November 3, 1939**  
 Mr. and Mrs. W. L. Davis announce the birth of a son Monday morning in San Angelo. The infant weighed six and one-half pounds and was named Rodney Ellis.

Dr. Tom White is leaving Sunday for Houston to take a post-graduate course in Dentistry. He will be gone about a week.

George E. (Bud) Smith, city manager, was painfully, but not seriously injured Wednesday afternoon as he was answering the fire alarm. In a hurry to get the fire equipment moving, Mr. Smith was caught between the fire truck and the wall of the building as the truck was being backed out.

At a meeting last Thursday of the Sutton County Wild Life Conservation Association plans were made for re-stocking the Llano River with fish and a similar re-stocking for Devil's River Lake on Devil's River. Both of these bodies of water being at present time greatly under-supplied with game fish of every variety.

**November 4, 1949**  
 Mr. and Mrs. Preston Love, Jr. are parents of a daughter, Martha Jean, born October 25 in a San Angelo hospital. The baby weighed 7 pounds and 3 ounces. Grandfather is Preston Love Sr. of San Antonio.

**San Angelo Hosts Roping Contest**

The 8th annual matched roping will be held in San Angelo Saturday, November 8. This year Jim Bob Altizer, Del Rio and Dean Oliver, Boise, Idaho, will rope against each other for the fourth time.

The 16th annual invitational steer roping contest will be held in San Angelo, Sunday, November 9, and will feature more than half the top 15 steer ropers in the rodeo cowboy's Association.

Hoyle Nix will play for the annual roping dance to be held at the San Angelo Coliseum Saturday evening.

These three events are sponsored by the San Angelo Fat Stock Show and Rodeo Association.

**OUR NEWSLETTER**  
 By O. C. Fisher

In the path of the de-escalation of the war, the Secretary of Defense now estimates that by the end of the present fiscal year total cost of our commitment in Vietnam may be scaled down from \$30-billion a year to about \$17 billion. That is good news, but it assumes that the President's withdrawal-replacement plan is carried out on schedule.

It is feared this timetable may be disrupted by increased suicidal attacks by the enemy, inspired by the anti-war clamor in this country.

Assuming the anticipated reduction in costs comes about, this raises the question of how the saving may be spent. Already

some 45 members of the Congress, most of whom support the anti-war move, have demanded a drastic cut in military spending regardless of what happens in Vietnam. And they insist that any saving in spending on the military be used chiefly in the field of welfare.

Many of us, however, feel that most of the savings, which result from de-escalation be returned to the people in the form of reduced taxes.

While spending for national defense has increased substantially in recent years, costs for social programs have skyrocketed. In 1961 our budget was only \$81-billion, of which \$47-billion was for national defense, or 58 percent. Housing and health and education had only \$5.5 billion in that budget—or 6.7 percent.

In 1969 the administration budget was \$148.6 billion, of which National Defense accounted for \$80 billion, or only 54 percent, as contrasted with 58 percent in 1961, whereas the part of the budget for housing, health and education had gone up to \$30 billion—or an increase from 6.7 percent to 13.6 percent.

It is also interesting to note that since 1956 while the budget for national defense was going up 100 percent, the budget for the social welfare programs has gone up 700 percent.

Viewing the entire picture in perspective, it would seem that it's time for a leveling off and some scaling down of outlays for some of the domestic programs. If that is done, we have reason to hope for some meaningful tax relief next year.

**THE DEVIL'S RIVER PHILOSOPHER SEZ He Is Not Interested In A Forecast 100% Correct From A Space Station**

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River takes a jaundiced view of the latest plans of the space scientists this week.

of launching and maintaining the space station.

I don't know about other ranchers, but I would like to state that I do not wish to participate in this program.

Oh, I can count backwards all right, from 10 to zero, and anybody, who can start this 20-year-old pickup I use out here should not have any trouble lighting the fuse under a rocket, but it's the information on the weather I don't care for.

I don't believe I'd want to know without fail this morning what the weather is going to be like tomorrow morning, day in and day out. All it does is lead to work. What man, if he knows positively it's going to rain tomorrow, would gather sheep for shearing? On the other hand, if he has sheep to gather and knows it's going to be clear tomorrow, how could he fish comfortably today?

If those scientists are banking on any financial help from me in launching their space station, they'd better revise their plans. It's sometimes inconvenient not to know. How can you be optimistic if you already know what's going to turn up next?

Yours faithfully,  
 J. A.

Dear editor:

I was studying the weather out here on this bitterweed ranch yesterday trying to decide what my next ranching operation was going to be, I'd already listened to the forecast but you can't go on that—weathermen are like sports writers who predict the outcome of the weekend football games, what they have to say is interesting but don't bet on it—and decided the weather was so unpredictable it'd be foolish to start anything, so I pulled out a newspaper and read a while.

An article caught my eye that said the U.S. is considering building a space station, big enough to hold 15 or 20 men who'd live on it and circle the earth every couple of hours and among other things give an accurate, worldwide weather report every day, one so dependable it'd take most of the guess-work out of forecasting.

Since ranchers would particularly benefit by this, it was suggested they'd pay part of the cost

**Sonora Delegates Attend American Cancer Society Meeting**

The American Cancer Society has 41 research grants totaling \$1,181,376 at 11 Texas research institutions, according to the Rev. Stuart F. Firnhaber. Nationally, the society's research grants total over 21 million dollars. The Rev. Mr. Firnhaber was Sutton County's delegate to the society's twenty-fourth annual meeting held in Houston October 15-16. Others attending were Mrs. Firnhaber and Dr. Charles F. Browne.

The society has made progress in all program areas such as serving 8,443 cancer patients with cancer dressings, hospital equipment, gift items, and also presented education programs to over 1,530,000 people in clubs, schools, colleges, and where they work.

Also reached an estimated 6,629,099 people with a fleet of 23 volunteer manned mobile exhibits on smoking, supported 21 tumor clinics with a total of 105,247 cancer cases reported in registries as of September 1, 1969, granted 15 clinical fellowships and awards totaling \$54,000 and completed the third year of a statewide educational survey of Texas health habits.

The society also distributed educational leaflets in the April crusade and raised \$2,200,000 in the crusade.

"We are proud of these accomplishments," the Rev. Mr. Firnhaber stated, "but we are concerned about the fact that cancer will kill an estimated 326,000 Americans in 1970 when earlier and better treatment could save about 108,000 of these deaths."

"We know research can hasten the victory over cancer, but our concern now is to enlarge our volunteer leadership to plan and execute more cancer control programs in every community," the Rev. Mr. Firnhaber concluded.

Several prominent Texas physicians presented cancer cases and discussed the treatment now being used in the management of the disease.

The 350 delegates heard two major speakers stressing the need for volunteer leadership. Allan K. Jones, president of the California Division of the American Cancer Society said the society's most urgent need is for existing volunteer leaders to recruit additional volunteers in every town and city.

Dr. Charles F. Brown was re-elected to serve on the State Board of Directors for 1969-70.

Major John D. Eaton was awarded the Bronze Star Medal for his service in Vietnam.

The citation accompanying the award read: "Major John D. Eaton, Dental Corps United States Army who distinguished himself by outstanding meritorious service in connection with military operations against a hostile force in the Republic of Vietnam. During the period July 1968 to June 1969 he consistently manifested exemplary professionalism and initiative in obtaining outstanding results".

Major Eaton is a resident in the U. S. Army General Dentistry at Fort Hood, Killeen.

He is the son of Mr. and Mrs. John Eaton.

**Specialists Discuss Problems Facing Ranchers At San Angelo Meeting**

The Animal Health Committee of the Texas Sheep and Goat Raisers' Association heard three men from this area discuss problems and goals of the committee to benefit ranchers at the fall tri-yearly meeting in San Angelo.

James A. Gray, San Angelo sheep and goat specialist, Dr. Joe David Ross and Dr. Charles Livingston, research veterinarian for the new Texas A&M Research Center in San Angelo, were speakers to the committee.

Dr. Ross was appointed a member of the animal health committee.

Dr. Ross gave a preliminary report on recent blood testing of 2,000 bucks for epididymides which was done by the Texas A&M School of Veterinary Medicine. This condition is quite prevalent in sheep and affects the breeding potential of a ram. Texas A&M,

the Extension Service and Texas Experiment Stations, in a joint effort will continue work on how to control this disease.

Gray discussed the testing of yearling ewes for higher lamb crops.

Dr. Livingston told about the projected goals of the center to be constructed soon.

**SAVINGS BOND SALES REACH \$13,441 TOTAL**

George H. Neill, Chairman of the Sutton County Savings Bond Committee, announced today that the sale of United States Savings Bonds and Freedom Shares during the month of September totaled \$711.00 in Sutton County. Sales for the nine-month period were \$13,441.00 and this is 67 percent of the county's goal of \$20,000.00.

Louise Blackburn of Seymour became the bride of Edwin S. Mayer Jr., son of Mr. and Mrs. Edwin S. Mayer of Sonora.

Mrs. W. O. Crites entertained her son, Tracey, with a party on his thirteenth birthday Sunday. Attending were Albert Ward, Turney Friess, Raymond Darrow, Bill Ratliff, Billie Martin, Jimmie Ward and Darcy Carroll.

A son, Royce Wade, was born to Mr. and Mrs. L. F. Miers in San Angelo, October 28. The baby weighed 7 pounds and 11 ounces. Grandparents are Mrs. H. P. Hyde of Kerrville and Mrs. Belle Miers. Miers is employed at the T Half Circle ranch.

**November 5, 1959**  
 H. E. Glasscock has been advanced to the rank of 32nd Degree Knight Commander of the Court of Honor.

Mr. and Mrs. Milton R. Cavness are the parents of a daughter, Becky Lee, born at Hudspeith Memorial Hospital October 20. Becky Lee weighed seven pounds and 13 ounces at birth. She is welcomed by a sister, Cindy, 4.

Wanda Sue Mackey, student at the University of Texas, spent Sunday in the home of her parents, Mr. and Mrs. Jack Mackey.

Mrs. Charles F. Browne spent Tuesday in San Angelo where she attended a Medical Auxiliary luncheon.

Mr. and Mrs. Sterling Baker are expected to return home early next week from Houston where Baker underwent surgery October 23, at M. D. Anderson Hospital. He is reported to be convalescing rapidly.

W. H. Hill of Casper, Wyoming is a guest of his mother, Mrs. Sadie Archer and Janie Fay.

**65 Years Ago**  
 Dock Simmons, one of our well-to-do stockmen was in from his ranch 9 miles west of Sonora, Thursday on business. Dock has just finished delivering about 140 head of one and two year old steers to Max Mayer, who is buying for Val Verde Land and Cattle Company.

Mr. and Mrs. George Allison and children were in from the ranch visiting Wednesday.

R. E. Covington accompanied his mother to the Drago ranch Tuesday, and found everyone to be busy branding Territory cows.

W. S. McIntyre sold H. Spruce four sections of patented land for \$1.50 per acre, and transferred to him without consideration the leases on four other sections. This land lies on the south side of the railroad above Marathon.

George E. (Bud) Smith, city manager, was painfully, but not seriously injured Wednesday afternoon as he was answering the fire alarm. In a hurry to get the fire equipment moving, Mr. Smith was caught between the fire truck and the wall of the building as the truck was being backed out.

At a meeting last Thursday of the Sutton County Wild Life Conservation Association plans were made for re-stocking the Llano River with fish and a similar re-stocking for Devil's River Lake on Devil's River. Both of these bodies of water being at present time greatly under-supplied with game fish of every variety.

**November 4, 1949**  
 Mr. and Mrs. Preston Love, Jr. are parents of a daughter, Martha Jean, born October 25 in a San Angelo hospital. The baby weighed 7 pounds and 3 ounces. Grandfather is Preston Love Sr. of San Antonio.

In a ceremony performed at high noon Saturday in St. John's Episcopal Church, Miss Billye

## BAND NEWS

By Eddy Smith

The band has had a busy but exciting week.

Thursday night at the annual Halloween carnival the band cleared \$53.00.

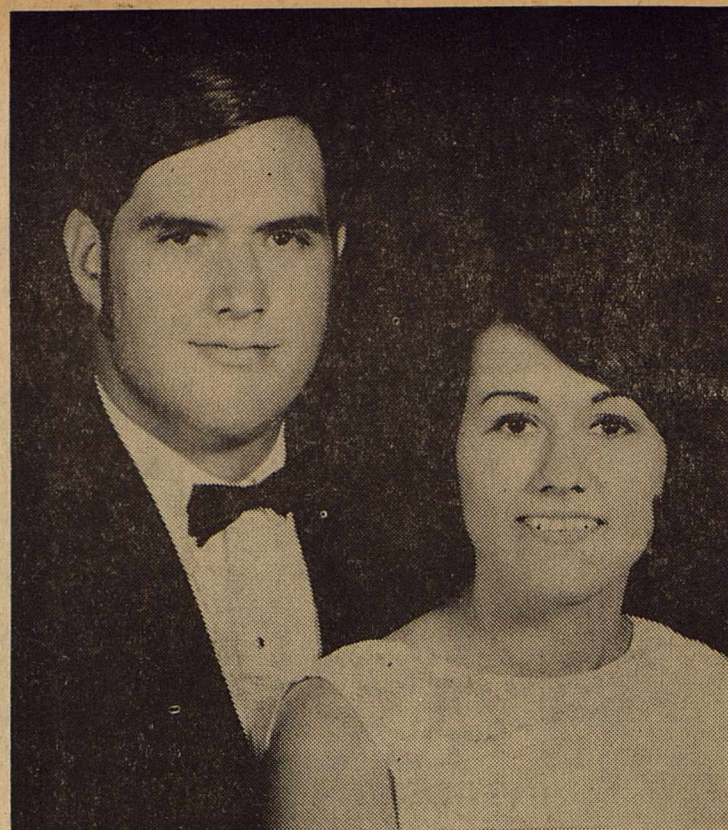

Friday the band went to Eden to boost the Broncos to win their third conference football game.

Early Saturday morning the band left for San Angelo to take part in the second annual Angelo State Band Day competition and homecoming parade. Approximately 900 area bandmen, colorful floats, and local and State

dignitaries took part in the parade. At 1 p.m. the band went to the stadium for the Tarleton State-Rams football game.

The 13 bands participated in a joint halftime performance and played strains from "March Salutation" before the crowing of Dianna Block for 1969 homecoming queen.

A \$100 tuition scholarship will be awarded to a high school senior to be a member of the Golden Ram Band. This will be announced at the end of the 1969-70 school year.

MR. AND MRS. LOUIS J. WARDLAW III

### Baumruk-Wardlaw Rites Announced

Mr. and Mrs. John Phillip Baumruk of Rosenberg, announce the marriage of their daughter, Diane Frances, to Louis Jasper Wardlaw III, son of Mr. and Mrs. Louis J. Wardlaw II, formerly of Sonora.

The ceremony was performed August 9, 1969 with the religious ceremony being performed November 15 at 2 p.m. in the Saint Louis Catholic Church. A reception will be held in the Towne Oads Club House in Austin following the religious ceremony.

Mrs. Wardlaw is a graduate of Orchard High School and Sam Houston State University. She is an elementary education major. Wardlaw is a graduate of Sonora High School and is a junior student at Texas A&M University. The couple resides at Route 1 Box 117A in Somerville where Mrs. Wardlaw is teaching school.

Mr. and Mrs. Doyle Morgan and daughters, Kathy and Marilyn, were in Houston over the weekend for the wedding of Wayne Morgan, brother of Morgan. They returned home after visiting his parents, Mr. and Mrs. V. A. Morgan and Mrs. Morgan's mother, Mrs. Roy Fannin, in Madisonville.

### S. T. D. T. A. F.

Send The Devil To A Friend

## Teen Scene

by Kay Kerbow

The mighty Broncos had a field day in Eden Friday night. They rolled over Eden to an easy 54-0 victory in their third district win of the year. The second team picked up valuable experience as they played most of the game.

The game with archrival Eldorado will be played in Bronco Stadium tomorrow. The Broncos have won the last several games but as in the years past, anything can happen. Eldorado has lost two games and are almost eliminated from the district crown contention. They lost to Mason and Junction.

The 8th grade team plays Eldorado here Thursday night. The first game resulted in a 20-6 victory for Eldorado. However, this week's result will be different according to the Colt players.

— SHS —

The Halloween Carnival has been termed a success by adults, students, and faculty alike. Hopes for continuing the carnival have been brightened considerably by the willing work the students put in and their cheerful attitude while working. Most organizations reported substantial gains making all work worth while.

The members of the Speech Club are to be congratulated on their performance at the Carnival. They have received many compliments, not only from students, but also adults. Some say it was one of the best performances ever.

— SHS —

Students are eternally grateful to the Southern Assembly Programs for cutting class time. We have had a number of programs so far this year and hope to have a great many more. They present a variety of acts ranging from how to train your dog to juggling and balancing acts. Some of the tricks those dogs can do—one in particular at the end of the show—any dog can do—in fact it's a good trick if he can't!! THINK about it!

### 7-11 Club Met In Hopkins Home

A Thanksgiving theme was used Monday night when Mrs. Jerry Hopkins entertained the 7-11 bridge club.

A dessert plate was served to members Mmes. Bill Morriss, Mickey Powers, Larry Hill, Clay Cade, Wayne Herrmann, Turney Friess, Jerry Don Balch, Fred Adkins, and Miss Vivian Mears. Guests were Mmes. Clayton Hamilton, Norman Rousselot and George Wallace.

High was won by Mrs. Rousselot and Mrs. Friess, travel prize by Mrs. Balch and Mrs. Morriss binged.

## A Bishop Looks at Life Are You A Drop-Out?

By Everett H. Jones, Retired Bishop of the Episcopal Church

One of the many new terms with which we are becoming so familiar today is the word "drop-out." Usually it applies to those who have cut short their education, or who have withdrawn from their normal life to join a colony where other like-minded anti-establishment people have gathered.

But there are other valid applications of the word which bring it closer home. Around us there are many parental drop-outs in mothers and fathers who have simply given up the struggle to reach their children. (Perhaps adult drop-outs help cause youth drop-outs!) These adults usually do not leave home, or refuse to support their children; but to all practical purposes they are not there. They are not deeply and painfully involved in the effort to understand, to share, to find common ground.

Then there are community drop-outs. These are people who share the benefits of a well-organized town or city—its gifts to them in terms of culture, education, protection and recreation—but re-

fuse to accept any of the responsibility that must be assumed by willing volunteers.

Today we have a growing number of religious drop-outs. Most of these are not people who have a fundamental disbelief in religious teachings; most of them are moral and respectable people. They are simply against change, or they do not like some recent decision made by church leaders. Some of these drop-outs are clergymen who have called their fellow malcontents to join them in what is called "the underground church."

Strong words have been addressed recently to the underground church by Donald Ward, president of Yankton College in South Dakota: "So now they're building underground churches. Many priests and ministers claim theirs meaningless in today's world so they quit and go underground. I ask for a return to dialogue between the undergrounders and our ecclesiastical brick piles. We want our bright young priests and ministers to return, certainly not to conform but to suffer with us, exult with us, help us to make the evolution of Sunday liturgies move a little faster. We want them to help us break through the surface amenities, minister to a compendium of complaints, help us to unalienate the young, orient us to the prime movement of our lives, and above all, teach us what it means to be truly human."

## Snips, Quips, And Lifts

By Lottie Lee Baker

A road hog is a man that meets you more than half way.

—If you think time heals everything, try sitting it out in a doctor's office.

—The man who departs from the right is pretty sure to get left.

—We can't judge modern gals by their clothes—there isn't sufficient evidence.

—Those riots they are having at colleges these days are nothing new. Back when we went to school they called them recess.

—Philosophy is common sense. If it isn't common sense, it isn't philosophy.

—The reason some people don't recognize opportunity is because it usually comes disguised as hard work.

—Most men believe that a woman's place is in the home. They expect to find her there immediately after she gets off from work.

—The little boy ran to his father and exclaimed: "Wow! you should see the neighbor's lawnmower. It doesn't need gas or anything—all you have to do is just push it!"

—We know that time passes quickly, but would you believe it—Mickey Mouse is 40 years old, and Little Orphan Annie is 44. Dick Tracey is young, he is only 37.

—Some people's idea of a vacation is to spend one month on the sands and eleven on the rocks.

—There's a big gap between advice and help.

—Half of the people are trying to get something for nothing—the other half are trying to give nothing for something.

—The world is like a jigsaw puzzle with a "peace" missing.

—Tomorrow sure is going to be a busy day for a lot of lazy folks.

A LIFT FOR THE WEEK  
SMILE, God loves you.

Mr. and Mrs. Carl Cahill have been in Dalhart visiting their daughter and son-in-law, Mr. and Mrs. Richard Stanley.

## Mrs. E. D. Shurley Appointed Member Of Fund Committee

Mrs. E. D. Shurley was appointed a member of the State Fund Raising Committee for 1970 by Dr. Hugh E. Wilson when they met in Houston September 26, 27 and 28. Wilson is president of the Texas Affiliation of the Texas Heart Association.

During the meeting the scientific sessions were attended by physicians from all over the south central states. The nurses institute was well attended by nurses from Texas and other nearby states.

The Texas Heart Association goals for the ensuing year are triple the number of organized counties and increase campaign income by ten percent this year. They hope to reach 50 percent of the state population with public education programs by 1974.

The Sutton County Division has adopted goals that will support the state goals and assure that this division has met its obligations to the public.

## Mrs. Taylor Hosts 42-Party Tuesday

Mrs. Cashes W. Taylor was hostess to the Firemen's Auxiliary 42 party at the fire station, Tuesday, October 28.

A sandwich plate was served to the following: Mmes. Ervin Willman, E. L. Harrell, Louis Olenick, Cullen Luttrell, Gene West, Pete Thompson, Freeman Miears, Jack Hite, Billy Wright Taylor, T. R. Coker and Dick Morrison.

Mrs. Morrison won high, Mrs. Willman won the 84 prize and Mrs. Coker won low.

John A. Ward III was the guest of his parents, Mr. and Mrs. John A. Ward, Jr., over the weekend. Ward is an attorney for the Sun Oil Company and resides in Haverford, Pa.

## GREEN NEWS

By Chicken McMillan

The ladies auxiliary of the Sonora Golf Club met at the clubhouse October 22 for the monthly meeting and luncheon. Hostesses

were Sammie Espy, Nelda Mayfield and Ann Herrmann. Twenty members and one guest, Mrs. Ethel Olsen, were present.

GN —  
Our newest member is Betty Stroube. We are delighted to have Betty as she is quite a golfer and also fun. Welcome to the Club!

For a pleasing flavor add ½ teaspoon cinnamon to the flour when making pastry for an apple, banana, peach, chiffon or cream pie.

## Hospital News

We'd be lost, wouldn't we, if suddenly computers were withdrawn from our daily life? We have become dependent on them to schedule airplane flights, point out scholastic aptitudes and aid the Internal Revenue Service in checking income tax returns.

But there are things a computer can't do. It can't make a home a better home or a man a better man. A computer can't heal sorrows and disappointments. It can swallow up a lot of statistics and clank out a lot of conclusions, but it can't direct a man to God's love.

As today's world is run more and more by automation, we need the help of the Church to guide us in the spiritual realm of life. We need to experience God's great love for all men. In our mechanical world, only the Church can help us find God's love.

## Brothers Kick Winning Field Goals

Mike and David, sons of Mr. and Mrs. Oliver Wuest, shared equal honors the same weekend by kicking field goals to win football games for the Bobcats and the Broncos.

Mike made his presence well-known to the Sam Houston Bearkats, October 25, as he booted home three field goals. He is one field goal short of a team record of eight three-pointers in a season.

He is two shy of the Lone Star Conference mark of nine field goals set during the 1967 season. Mike has four games remaining in which to match or break the record this season.

Mike, 6-4, 235 pounder is the largest starter for the Bobcats of Southwest Texas State in San Marcos, where he plays defensive tackle and offensive end.

After graduating from Sonora as a kicker and offensive end Mike reported to Tech. At Tech he made the freshman team and was "red-shirted" his second year. He went to San Marcos in time for spring drill last year.

## 7th Grade Colts Take Sixth Win

By Alan Harris

Sonora's 7th grade Colts took their sixth straight win by pounding the Big Lake Owls 52-12 in Big Lake Thursday night.

The first half started quick for the Colts as the Owls kicked off and Sonora returned the ball to about the forty yard line. The first play Gabriel Espinosa went 60 yards for the first touchdown of the game. The extra point attempt failed.

The Colts then kicked off to Big Lake but they fumbled on their first down and Sonora recovered. The next series of downs went down to about the 6 on long runs by Espinosa and Browne. Harris then went over and the extra point attempt was good to make the score 14-0.

Big Lake came back with a jump pass from Ernest Black to Monty Barnes for a 50 yard TD. The extra point attempt failed.

Big Lake kicked off and Sonora took possession on about the 40 yard line. Browne passed to Juan Perez for 15 yards. The next play Sonora fumbled and Big Lake took possession. The Owls then came back to run a draw play and ran 60 yards for a second touchdown. The PAT failed and the score was 14-12.

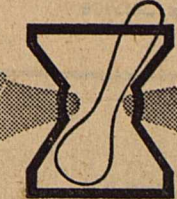

Both teams had their problems in the first half but the Colts exploded in the second half. Two identical plays saw Espinosa intercept two passes and make two touchdowns. The extra points gave 30-12.

De Hoyas took a long pass for 60 yards, and crossed the goal line ahead of the Big Lake Owl team. The extra point was good to make the score 38-12.

Sonora kicked off and held Big Lake deep in their territory, causing them to punt. Street returned it to the 30 yard line, and Favila continued on to the 25 yard line. Alan Harris came in as quarterback after two attempts and completed a pass to Street. Robert Mitchell moved the ball to the 3 and Favila scored with 3 seconds left. The extra point was good.

## TIME WAS...

when illness was blamed on "evil spirits"

In olden times, people used witchcraft to cure sickness. Today we have more reliable cures, through the "magic" of modern drugs.

## Deer Trophy Awards Absolutely Free!

Two awards from our Sonora store and two from our Eldorado store will be given away as follows:

To the gentleman hunter, presenting for our measurement, the largest white tail deer, legally killed in Texas during the current season...

### A Full Gallon Of Old Grand Dad 86

Mounted in a permanent, tilting oak rack.

To the lady nimrod, presenting for our measurement, the largest white tail deer by the same judging...

### A Gold Inlaid Jim Beam Executive Bottle

of 150 months old bourbon in a red and white plush case.

Measurements are to be taken on width of spread, plus length of beams, plus number of points.

To qualify you must be of age and have personally registered at the store where presentation is made, either or both of:

## The Tip Top Package Stores

305 S. Crockett  
Sonora

503 S. Divide  
Eldorado

You may apply for award at either or both stores, if registered, but the winning of award at one store excludes winning on the same entry.

For hunters under 21, registration and trophy acceptance must be made by parent or guardian.
