RECEIVING THE BALL is Sonora Bronco Arnold Samaniego (40). Chasing Arnold is Junction Eagle George Perez (37). The Broncos were able to defeat the Eagles to win their fifth

straight district championship. Sonora faces the third set of Eagles in as many weeks this Friday when they face the Van Horn Eagles at 7:30 p.m., in Crane Stadium.

Broncos Win District Title For Fifth Consecutive Year

By Robert Griffith

The Sonora Broncos continued their domination of district 8-A Friday night by defeating the previously unbeaten Junction Eagles 20-13. The Broncos advanced into the class A state championship playoffs for a fifth straight year. They are looking for their third state championship. The victory gives the Broncos an 8-2 season record. They were undefeated in district play.

Junction's season was ended by the loss. They finished second in 8-A with a 4-1 loop record. They were 9-1 in the season.

The Eagles became the first district team to score on the Broncos this season. They entered the game as the highest scoring team in West Texas, but they found the Sonora defense a little tough for them.

Sonora dominated the statistics in the game, outgaining Junction by a margin of 310 total yards to 190 and leading in the first downs column.

Junction was hampered by several mistakes. The Eagles lost three fumbles and had one pass intercepted. Sonora's trap play was very successful against the Junction line.

The Sonora offense provided a well balanced attack, collecting 153 yards on the ground and 157 on the passing of quarterbacks David Wuest and Eddie Sutton. Wuest completed 8 of 20 passes for 145 yards, his best showing of the season. Fullback Kerry Joy added 120 yards rushing on 32 attempts.

Jimmy Bankston led the Junction attack with 75 yards on 15 carries, while fullback Charles Allen carried for 53 yards.

Kerry Joy scored first for the Broncos early in the first period, on a three yard plunge. The score followed an 87 yard drive on 14 plays. Wuest's PAT made the score 7-0. Two big plays in the drive were an 11 yard run by junior, James Noel and a 35 yard pass completion from Wuest to Mike Taylor.

With 2:25 left in the half, Sonora increased their lead to 13-0. Jess Cook intercepted a Junction pass and returned it to their 49.

Wuest took his team to the six and sent James Noel over for the TD on a power sweep. Joy's 14 yard romp and a 14 yard Wuest to Taylor completion were key plays in the push.

The Eagles missed a good scoring chance early in the first quarter when they advanced to the Sonora 11, but the drive stalled. Their first touchdown

came with 2:24 remaining in the first half when Bankston returned a kickoff for the goal. Buddy Murr kicked the extra point.

Sonora returned the ensuing kickoff to their own 28. The Broncos moved the 72 yards for the TD in 9 plays to finish up their scoring for the night. Two passes by Wuest, one for 48 yards and another for 8, and a 12 yard toss

by Eddie Sutton moved the ball downfield to the 7 yard line, from where Joy scored on a draw play. Wuest's PAT was good.

Junction scored once more in the fourth quarter on a 33 yard pass from Bankston to George Perez, following a drive of 74 yards on 10 plays.

The Eagle's attempt at a two point conversion was unsuccessful and Sonora led 20-13 with 3:45 left in the fourth quarter.

George Perez intercepted a Sonora pass at the Sonora 19 midway through the third quarter. Jesso Cook was the saviour for the Broncos as he battled down a fourth down pass attempt on his four yard line.

Sonora's defensive efforts were headed by Erasmo Lumberras and Jim Elliott, who recovered 3 fumbles, along with Cook and Wuest.

Sonora meets Van Horn in bi-district action this Friday night in Crane. Kick-off time is at 7:30.

Staff Sergeant Gonzales Wounded

Mrs. Primo Gonzales, Jr., received word Monday morning that her husband had been wounded in Vietnam.

The telegram read, "The Secretary of the Army has asked me to inform you that your husband

was slightly wounded in action on November 12, 1969, while on a combat mission and a hostile force was encountered he received blast injuries to the body, was treated and returned to duty."

Staff Sergeant Gonzales has been stationed near the demilitarized zone while serving in Vietnam.

He is a 1963 graduate of Sonora where he was chosen most outstanding athlete for two years.

Tickets On Sale For Friday Game

Tickets for the Sonora-Van Horn game Friday night went on sale Tuesday in James Pollard's office in the high school. There will be a reserve section for Sonora fans but no reserve seats.

Prices of the tickets are \$2 for adults. Students wishing to purchase tickets here may do so at any principal's office for 75 cents. Student tickets will be \$1 at the gate Friday night.

Sonora will be the host as they won the toss. Game time is 7:30 p.m., in Crane Stadium.

Jimmy Wilson Receives Bronze Star

Jimmy Wilson, recently discharged from the U. S. Army is here with his wife, Cherrie, and son, Russell, visiting his mother, Mrs. James Wilson and his brothers Joe Ray and John K.

Wilson was a Specialist 5 with the 27th Transportation Battalion stationed at Qui Nhon in Vietnam. He said the biggest percent of the Korean Tiger Division was stationed across the river from Qui Nhon, so things were fairly quiet while he was in Vietnam.

Besides the three medals that all soldiers receive for going through basic and serving in Vietnam, Wilson earned two other decorations. The National Defense Medal is awarded to all soldiers upon completion of basic training. Those serving in Vietnam receive the Vietnam service medal awarded by the government

of that country and the Vietnam campaign medal from the U. S. government.

Wilson also received the Good Conduct Medal and the Bronze Star for meritorious service in connection with military operations against hostile force in the Republic of Vietnam.

Annual Bake Sale Set for Nov. 26

The Wesleyan Service Guild of First United Methodist Church will hold their annual bake sale Wednesday, November 26. The sale will be held at the Ruth Shurley Jewelry Store and will begin at 8:30 a.m.

Homemade pies, cakes, cookies, candy and bread will be among the many homemade items to be sold this year.

Dan Reeves, halfback with the Dallas Cowboys, will be the speaker for the Bronco Booster Club's annual football banquet to be held Thursday, February 5, 1970. The banquet will be held at the 4-H Center this year in order to accommodate the extra large crowd that is expected.

Interstate 10 seems to be taking its toll of house trailers. A second trailer overturned 20 miles west of Sonora Tuesday afternoon. No one was hurt seriously, but the wreckage was scattered over a wide area. Both car and trailer burned.

The tearing down of the McDonald Hotel, which seemed to begin so slowly, is moving ahead swiftly now. Sidewalk superintendents might not have been able to tell much change in the building's appearance while workmen were tearing off the roof and removing inside materials, but now that the walls are coming down employees in the downtown area can see one phase when they come to work in the morning, another scene at noon, and an entirely different phase when they go home in the afternoon.

It won't be long until the old landmark vanishes from sight, leaving only its memories of Sonora early-day history.

A veteran husband adopts a philosophic attitude: "I've survived Rudy Vallee, Frank Sinatra and Elvis Presley," he says, "and I expect to be around when my wife recovers from Tom Jones."

Early Deadline

Thanksgiving is a holiday for the Devil's River News and for most other businesses in Sonora. News items to be run in the November 27 edition must be in the office no later than 5 p.m., Monday, November 24. This will enable the staff to complete the Devil Tuesday so that it will be delivered to you Wednesday, November 26.

Lordan Returned To Sonora Jail

Late Tuesday Sheriff Herman Moore returned to Sonora with David Lordan in custody. Lordan has been held by California officials since he was picked up there after escaping jail here in early March.

Lordan now faces felony charges of jail breaking, helping another prisoner to escape, and theft of guns; in addition to the forgery charge here and violation of probation and forgery charges in Missouri.

Lordan's escape from the jail had taken away the authorities' one witness who claimed he waited on the person suspected of killing five Latin Americans between Sonora and Del Rio in April 1968.

At that time he reportedly gave information to officials in regards to a suspect who accompanied the Arrellano family to a local service station for tire repairs.

When Lordan broke out of jail he left a column of addresses on

his cell door with instructions for other prisoners to look him up. Moore copied down a California address and sent a telegram to law officers there to be on the lookout for Lordan.

Dance Nov. 22 Sponsored by Elks

A Thanksgiving dance will be held at the 4-H Center November 22. Elks Lodge number 2336, is sponsoring this dance, and tickets will be sold at the door.

An invitation is extended to Elks and their guests who might be in the area hunting.

Members and their guests are expected from Del Rio, San Angelo, Austin and San Antonio lodges. Dub Branum and The Rhythm Masters of San Angelo will furnish the music for the Saturday night dance.

The lodge has set December 18 as the night of the annual Christmas party for underprivileged children in the area.

Morgan To Head Welfare Council

Doyle Morgan was elected president of the Welfare Council at a meeting Thursday evening. Mrs. Ernest McClelland was re-elected secretary and Clayton Hamilton, treasurer. The sheriff's office was reappointed as transient investigative office.

Plans were made for the distribution of Christmas food baskets, with a committee composed of school officials, the ministerial alliance, and others appointed to make up the list of recipients.

How the Welfare Council operates was reviewed for the twenty-one persons attending the meeting. Also discussed was the operation of the clothing room at Elliott Elementary School. The group agreed that there was a need to have the room open on a regular basis so that those in need of clothing would know when they could come to pick them up.

Guilty Plea Entered By Sammy Robinson

Sammy Robinson was tried here in 112th Judicial District Court before Judge Charles Sherrill Tuesday, November 18. Robinson pled guilty and waived trial before a jury.

The court appointed attorney Charles M. Prock of Ft. Stockton as Robinson's lawyer.

He was sentenced to confinement in the Texas Department of Corrections for a term of not less than five years and not more than five years on the offense of robbery by assault, his

sentence commencing October 21, 1969.

Robinson was tried in connection with the assault and robbery against Trinidad Ramirez, local businessman, on October 14. A one-time mental patient, Robinson was ordered to be examined before trial could take place.

After an afternoon and evening in which Robinson was alleged to have stolen cars and been involved in a minor traffic mishap, he was picked up by officers in Llano and placed in the Mason County jail. A few days later he was transferred to the jail in Sonora.

Ramirez was assaulted while feeding hogs in a pen on the eastern edge of Sonora. He was taken to Hudspeth Hospital where he had stitches taken in his head after he was hit by Robinson with a cedar stave.

After returning from California late Tuesday, Sheriff Herman Moore transferred Robinson to one of the penal institutes in the Texas prison system Wednesday.

Mike Puckett, pastor of the Church of Christ will be the speaker for the services with the pastors of the other churches taking part in the program.

The community choir will sing at the Thanksgiving service. This will be the choir's first performance after several weeks of practice under John Tedford.

Everyone is invited to attend the services.

IN THE VERY NEAR FUTURE all that will remain to remind us of the McDonald Hotel are the trees. The hotel was the focal point of most early day happenings in Sonora. But after

servicing it's community for so many years the hotel is being torn down and the lot cleared in hopes that a future business will soon fill this vacant spot.

"TREAT EVERY GUN AS IF IT IS LOADED"

Need-To-Know About Drug Abuse:

New Hope For Narcotic Addicts - The "NARA" Program
 Treating and rehabilitating narcotic addicts successfully has been hampered by the fact that the addict was often treated in a hospital far from his home community.

Usually also, he was not adequately followed up and helped with his problem after release from the hospital.

Means for overcoming these and other deficiencies are provided in the Narcotic Addict Rehabilitation Act of 1966—known as NARA. Congress established a new national policy through NARA. It calls for the treatment of narcotic addicts rather than solely prosecuting them under criminal statutes.

For the first time, Federal law provides that narcotic addicts may apply for treatment in lieu of prosecution for certain crimes and that addicts not charged with a criminal offense may also be committed to the Public Health Service for treatment and rehabilitation.

NARA thus set in motion a new nationwide program for the supervised treatment and rehabilitation—an aftercare program of the three years' duration—of addicts in the community.

The National Institute of Mental Health, Division of Narcotic Addiction and Drug Abuse is responsible for the examination and treatment of patients committed under provisions of NARA.

How is it working? A look at five case histories suggests that the program is off to a good start.

Robert J. started using barbiturates in reform school when he was 15. At nineteen, he was a high school dropout—and heroin addict.

Jose H. is 32. He started using heroin at 15 and has been using it intermittently ever since.

John P. has been an addict since he was 19. Now 26, he has found his "habit" costing him \$35 a day at the peak of his addiction; and he stole checks to support his addiction.

Bill M. is 30 years old and has a 10-year history of drug abuse. Once he was sent to jail to "kick the habit." Merely jailing him didn't work.

Another heroin addict, R.R., had been stealing \$25-30 daily to pay for the drug. His family, consisting of his wife and three children, had broken up.

Before NARA, there would have been little hope for the rehabilitation of any of these five individuals. Typically, they would have remained hooked on hard narcotics, stolen more and more to pay for their drugs, been jailed repeatedly.

Likely, they would have been dead within a few years from an overdose of drugs, which happens frequently among narcotic victims.

Moreover, the five, it is esti-

ated, would have stolen \$32,870 in cash or merchandise to support their habits since the time they entered the NARA program.

Now, each of them has been free of drugs since at least May 1968. Two of them have been rid of their habits since the fall of 1967. All are either gainfully employed or receiving training; and one is attending college part-time.

Among the first to receive this treatment under NARA, they were given six months of intensive inpatient treatment at an NIMH clinical research center. On discharge, they went into intensive rehabilitation programs established in their home communities. Local agencies were contracted with by NIMH to provide the services.

Currently, 58 such programs have been set up in 55 U.S. cities in 37 states. More are being added almost daily.

Now enrolled in the total program are 268 patients.

The number is growing and by summer of 1970 is expected to reach 2,000 patients, according to Dr. Sidney Cohen, Director of the Division of Narcotic Addiction and Drug Abuse of the National Institute of Mental Health.

Admission to NARA is always through the Federal courts. In some cases, addicts themselves request commitment proceedings be started. In others, they elect commitment to treatment rather than face prosecution on Federal criminal charges.

So far, the program has had a low dropout rate. Dr. Cohen attributes this to two factors mainly: the personal attention and intensive service received by the patients and screening out of addicts who show little hope or desire for successful rehabilitation.

The program already is paying dividends in economic savings as well as social ways, according to Dr. Cohen. He estimates, for example, that "for less than \$1 million (the cost of the aftercare program to date), thefts required to support the habits of the addicts receiving rehabilitation have been reduced by \$1.6 million—a savings of \$600,000."

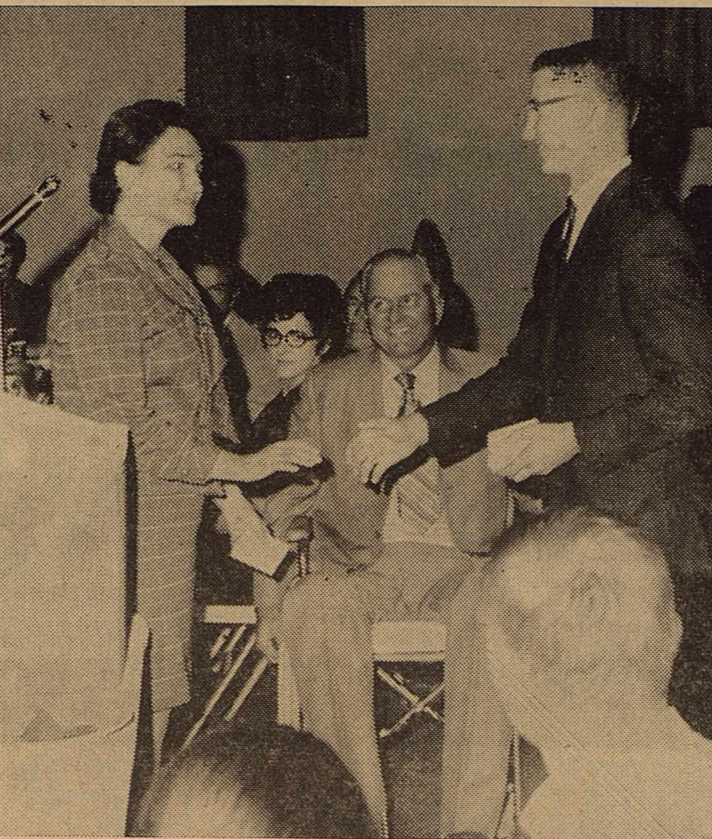

The savings are calculated on the basis of findings by the President's Commission on Law Enforcement and Justice which indicate how much the average addict must steal daily to support his drug habit.

Far from all addicts will ever be as outstanding beneficiaries of the program as R. R., mentioned earlier, but his case is encouraging and hope - bringing to others.

He was a heroin addict for nine years before entering NARA program. After intensive treatment at NIMH's Lexington center, he went into his community aftercare program, in Detroit, following four weeks of psychological testing and vocational evaluation there. He took part in self-help group therapy and was placed for employment in an automobile production plant.

Since he began his therapy, he has paid for renovations on his home, purchased an automobile, and assumed full family responsibilities for his wife and three children. He also became an active member of his community's social organizations, helping on youth groups and drug problems.

As do all NARA patients, R. R. will remain in his aftercare program for 36 months. The chances of his completing the program and maintaining his progress are good, say the program authorities.

THE DEVIL'S RIVER PHILOSOPHER SEZ

He Is Amazed To Find Russian Women Gossip, Some Men Don't Like To Work

Editor's note: The Devil's River Philosopher on his bitterweed ranch on the Dry Devil's River claims he's found out something new about Russia.

Dear editor:

Every once in a while some news gets out of Russia through the Iron Curtain that a thinking man feels like kicking himself for not knowing without being told.

For example, according to an article I read last night in a newspaper that caught on the north side of my backyard fence—it's a sure sign of winter when newspapers start lodging on the north instead of the south side—Russia is having trouble with, of all things, laziness.

A check at one factory showed that the workers, after a hard day on the job, had put in, after you subtract the time spent around the water cooler, numerous breaks for smokes, tinkering with equipment, talking, and such like, exactly three hours of official production. In another factory, Pravda, the official Russian newspaper, found that only 86 of 280 workers actually put in a full day's work.

You mean to say everybody in Russia isn't born with equal energy? You mean to say some people over there work harder than others, and conversely some just aren't interested in working much at all?

I thought Russia had abolished human nature. I thought they'd proved that any time a man didn't care about working it was bound to be society's fault. Bring in the perfect society and you'll have nothing but perfect men.

Not only are some of the men not enthusiastic about working, but according to this Pravda article, some women are similarly afflicted.

"A healthy woman whose children are grown should be in the shop or factory," the article said, "not sitting around in the courtyard gossiping." It demanded that something be done about it.

I'll tell you, when Russia sets

out to stop women from gossiping and some men from loafing, she hasn't just got a five-year plan on her hands. She's got a million-year plan.

Yours faithfully,
 J. A.

Truck Industry Vast in Texas

"If you've got it, a truck brought it," the slogan of American Trucking Associations, Inc., may seem like an exaggeration, even to Texans.

But little do most people realize just how vast and far-reaching the trucking industry in Texas really is. Nor do they realize how vital is the industry to the economy of the state—and to the Sonora area.

For example, according to the studies conducted by Texas Motor Transportation Association, the truck and bus industry in Texas employed 666,968 persons during 1968 and paid them more than \$3½ billion. In fact, one out of five non-farm pay checks in Texas comes from trucks.

In 1968, Sutton County alone had 384 persons employed by the trucking industry and they earned \$2,081,280.00. The value of the 862 trucks registered in this county amounts to \$937,100.00.

Yes, when one considers the impact of the trucking industry on the economy of the state and on the economy of Sutton County, he realizes just how important trucks are to his well-being.

And when he stops and looks around at the items in his environment, he realizes that a truck did bring just about anything he can lay his finger on—at least during one phase of its journey.

Evidence is mounting that a national crusade for lawlessness and subversion has gathered momentum in recent months. At the behest of the militant Black Panther Party, some 4,000 revolutionaries gathered in Oakland to form a new outfit to be known as "A United Front to Combat Fascism." The keynote speaker was Dr. Herbert Aptheker, a top dog in the Communist Party USA.

It was an anti-war outburst, but observers saw in the new combine a change in format of many subversive groups whose chief purpose is to promote riots and violence, and to undermine the government.

The anti-war hoax was exposed at the meeting by Don Cox, a Field Marshal of the Black Panther Party, who during a speech quoted Mao Tse-tung, the Red Chinese warlord, as saying: "We are the advocates of the abolition of war. War can only be abolished through war. Power to the People!"

It is now known that the New Mobilization Committee to end the war in Vietnam includes among its sponsors most of the Nation's nearly 300 revolutionary movements.

Not long ago a mass meeting in Oakland, sponsored by the Black Panther Party, was attended by some 4,000 anti-war rabble rousers. The pow-wow was a whopper and the keynote was Dr. Herbert Aptheker, a top dog in the Communist Party USA. Among the radical speech-makers was Jeff Jones, a leader in the pro-Communist Students for a Democratic Society (SDS), who following the typical Communist line—was quoted as saying: The struggle that is going to ultimately defeat U.S. imperialism—is going to be an armed struggle."

There are signs that the American people are catching on to the real purpose of these anti-American trouble makers. Some good-intentioned people have been drawn into the conspiracy as a means of expressing dissent. They're now learning that many of the old pros in the "peace" movement have changed their format and are using the war as an excuse for advancing their nefarious scheme.

If the war ended tomorrow, they'd be conjuring up another approach to oppose preparedness and to promote lawlessness and violence.

The Sonora Broncos go into the state playoffs for the fifth time in as many years. The district championship was decided Friday night when the Broncos lowered the boom on the previously undefeated Junction Eagles by a 20-13 score. The Broncos will face another Eagle team, Van Horn, in Crane in a contest beginning at 7:30. Chartered buses have been acquired by Dr. C. F. Browne and James Trainer.

The Broncos allowed only 13 points in district play while racking up 137 points on offense. This season, the Reds gave up 90 points and managed to score 221.

The Jr. High and "B" team hung up their pads and picked up a basketball to train for the approaching season. The seventh grade bowed out with a 16-0 victory over the Junction Eagles. They were undefeated for the season. The eighth grade was edged out by the Junction team by a slim 20-14 margin. The "B" team was defeated by a 20-0 count. The Jr. High girls and boys begin their basketball season Monday against Junction.

The high school girl's basketball teams played Iraan here Tuesday to open their season of play.

KATHY MORGAN

Kathy Morgan Recipient Of DAR Award

Sonora High School senior, Kathy Morgan, was selected by the high school teachers to receive the Daughters of American Revolution, good citizen award.

She will be a representative of the Pocahontas Chapter of the DAR of San Angelo.

In making their choice the teachers used service, leadership, and other traits that go to make up good citizenship.

Kathy is the daughter of Mr. and Mrs. Doyle Morgan.

BAND NEWS

By Eddy Smith

The band led a caravan of cheering Broncos from the gym to the stadium Friday night for the most exciting game of the year.

The band welcomed four bus loads of band students and Eagle strutters. "The Star Spangled Banner" was played while senior scouts, Bob Brockman, Tryon Fields and Sam and Gene Thompson raised the flag. The opening prayer was led by Sam Galindo.

By half time a record breaking crowd had gathered. The band marched and played while forming diamonds, did a hot dog drill and the regular "S" formation for entertainment and received many compliments on their

playing and marching from visitors.

Saturday, November 22 the band will be in Ranger for a marching contest and will be at Crane Friday night to cheer the Broncos on to victory against Van Horn.

ELECTRONIC DATA Processing will be the new form of registration when Texans register their vehicles February 1 through April 1, 1970. These receipts will be received in the mails by all persons registering vehicles, and State representatives estimate many will be discarded, even through the envelope plainly states that the enclosed is a license plate renewal application.

Basketball Begins For Junior High

With one hand the Junior High football players hung up their gear and took down their basketball shoes with the other hand. The Junior High girls have already been practicing long and hard to put together the first basketball team for girls. John Partin is coaching the girls, and there are approximately 30 out this first year. Their first game was held Tuesday night against Iraan. Junction will open the regular schedule in Sonora November 24, with three games; 7th, 8th, and girls.

Texas A&M Offers Course On Horses

Some 40,000 Texas ranchers and farmers will be involved in the 1969 state livestock survey. The questionnaires will be mailed to livestock producers during the last half of November according to Clint Langford, county agent. De Witt Moss and Jerry Palmer, representatives of the State Highway Department in Austin, were speakers at the meeting Tuesday night. Local employees of the tax assessor office were informed that many of these new receipts will be discarded, as many people will not realize their value when they are received through the mails. This new type of vehicle registration is to hasten and simplify matters for the tax assessor offices and for people who have to stand in line, due to the time-consuming job of employees typing out the old vehicle registration forms. According to the local Tax Assessor-Collector's Office, patrons should start receiving these receipts around December 29 and registration time will be February 1 through April 1 as in past years. Another school is to be held in San Angelo November 24 for employees to receive more briefings on this form of vehicle registration. The vehicles included in this form of registration include passenger cars, trucks, farm trucks, truck tractors, trailers, house trailers, motorcycles, and any other type of vehicle registered in Texas counties.

Vehicle Registration School Held In Parish Hall November 11

Employees of county tax assessor and collectors offices of Sutton, Crockett, Schleicher, Kimble and Menard counties met November 22 in the Parish Hall to receive information on the new vehicle registration process that will begin February 1, when new license plates go on sale. This new system is called electronic data processing, a term growing more common daily. All owners of motor vehicles in the state of Texas will receive through the mail, the new universal-type receipt, Form 39U, that will replace the old receipts when vehicles were registered last year. The vehicles included in this form of registration include passenger cars, trucks, farm trucks, truck tractors, trailers, house trailers, motorcycles, and any other type of vehicle registered in Texas counties.

Janet Pope and Roger Langford, 1969 Sutton County 4-H Gold Star winners, were honored at the District 6 4-H Gold Star banquet held at the Sul Ross State University, November 15.
 Gold star winners from the twenty-two west Texas counties making up District 6 were honored by the electric service companies serving this area. West Texas Utilities, which serves Sutton County was one of the hosts at this banquet.
 Sutton County's Gold Star winners both received a Gold Star Certificate from the Texas Agricultural Extension Service and a pen set from the electric companies.
 Mr. and Mrs. Walter Pope and Mr. and Mrs. Clint Langford accompanied the 4-H members on the trip.

A Bishop Looks at Life A Deeper Look

By Everett H. Jones, Retired Bishop of the Episcopal Church

A constant danger in dealing with the social ills of our time is that we limit our concern to symptoms rather than searching more deeply for causes.
 It is not enough that we cry out for law and order; it is equally important that we have the imagination and insight to see what causes disorder. It is not enough that we condemn the forms of student protest on our campuses; it is equally important that we see why so many thoughtful students join these protests. It is not enough to deplore the threats of violence by Black or Latin minorities; it is equally important to see in what ways they have a valid case.
 One reason we are reluctant to take this deeper look is that it usually means we are confronted with shortcomings and failures in our own lives; in our nation, our churches, our schools, and our homes.
 The need for this deeper look is especially urgent in regard to drug dependency and abuse. In addition to the social, legal

and medical aspects of the problem, there are spiritual dimensions to be considered. One authority has said: "It seems likely that many young people use LSD, marihuana, amphetamines to fill the vacuum 20th century living leaves inside the mind."
 Recently the Episcopal House of Bishops issued what is called "a position paper" to express the mind of that group on this subject. The statement said, in part: "At the deepest level, we must understand the misuse of drugs as a rebellion against the emptiness, futility, pessimism, anxiety, disappointment, insecurity, and a poor opinion of the self whether in the ghetto or the affluent sub-

urb. It is not easy to be a man; and, in contrast to the animal world, men fight unseen battles in their own souls and have spiritual needs. Denied the peace, joy and power, and even ecstasy, that are given to the soul by vital communion with God and man, they will attempt to fill the void."

If only I had been born with the ability to reason and all the wisdom great decisions require.
 Then I'd ask Daddy to teach me a prayer.
 And I'd ask Mommy to read me a Bible story.

And, if nobody offered to take me, I'd walk myself to Sunday School.

But, as things are, I've no more say about my destiny than a missile has. You grown-ups decide how high—or how low—my life shall be aimed! And when to launch me! And where!

And, from what I hear, some of us never get off the ground.

Rousselot and Harris Attend State Municipal League Meeting

By Jimmy Harris
Norm Rousselot, mayor and I attended the State Municipal League meeting in San Antonio, November 10 and 11. This was a meeting for all

city officials for the purpose of reviewing city problems and trying to find answers. After the meeting we discovered that all cities have problems and a great number of the city's problems are far greater than the ones in Sonora.

We are welcomed to San Antonio by the honorable Walter W. McAllister, Sr., mayor of San Antonio.

At the noon luncheon we heard an address by CBS news correspondent, Roger Mudd. Tuesday we were honored by the presence of Governor Preston Smith at the luncheon and he was speaker for the day.

Over—all we had an enjoyable time and feel that by attending these meetings we will learn some methods of solving municipal problems.

7th Grade Colts Unbeaten In 1969

By Mark Milliken
The 7th grade Colts had a very successful season and were undefeated.

Last Thursday in Junction the 7th grade team met a very stubborn and determined Junction club. The leading scorers for Sonora were Paul Browne, Keith Kniffen and Gabe Espinosa. The Colts' strong defense headed by Stewart, Whitehead and DeHoyas held the Eagles scoreless. The game ended 16-0 in favor of the 7th grade Sonora Colts.

Snakes Should Seek Winter Shelter After These Frosty Mornings

By E. B. Keng
The frosty mornings last week should convince coral and other snakes that it is time to seek winter shelter. They may, however, crawl under trash and the leaves around homes, and children should be cautioned to be on the alert for them.

Coral snakes have been more abundant than usual this summer, with perhaps a dozen being reported in Sonora. Wayne McLaughlin, son of Mr. and Mrs. James McLaughlin, found one in a flower bed last week.

A coral snake was recently reported by the High School Band near the football field, and Max home. Several others have also Hardegree found one near his home. Several others have also been reported in various sections of town.

Coral snakes have very poisonous venom, but their very small mouths make them less dangerous than the widely known rattlesnake. They can, however, readily bite fingers and toes.

Coral snakes are easy to identify by their shiny, colorful bodies, which are completely encircled by red, yellow and black rings. The red and yellow rings touch each other, and the snake has a black nose. The rhyme "Red and Yellow-kill a fellow; red and black-venom lack" will help identify the coral from the harmless kingsnake.

On another subject of nature, a number of people have noted numerous small, drying branches on some mesquite trees during the past month. These are caused by a "twig girdling" beetle.

This beetle makes a neat ring or girdle completely around the small branch, and through the bark. A dozen or so eggs are then deposited under the bark between the girdle and the outer end of the twig. The girdled twig slowly dies and the young larvae feed on the dead wood until they emerge as mature beetles the following summer. The beetle is about one inch long, hard-backed, and has rather long antennae. It will emit repeated "squeaks" which can be heard when the beetle is held near the ear.

The insects rarely cause significant damage to the mesquite. They have been reported, however, to damage pecan and other trees around San Angelo.

The work of the twig girdlers may be seen through the Gene Shurley ranch on US 277 south. D. L. Elliott, also reported the girdler to be abundant on the Duke Wilson Stuart ranch.

8th Grade Colts Lose To Eagles 20-14

By Dary
The Junction Eagles opened last Thursday against the 8th grade Colts with a short plunge by Jerry Hoggett. The PAT failed. It was definitely a defensive battle as both teams managed to score only once during the first half.

The Colts took the second half kickoff but were forced to punt after two series of downs. The Eagles battled their way to the Colts' goal but were stalled as Larry Cade intercepted their pass in the end zone and carried it out to the 10 yard line. A hard drive was put together by the Colts, as Freddy Virgen, Bruce Kerbow and David Wallace moved the ball steadily toward the Junction goal. Larry Cade carried the ball over for the touchdown, but the PAT failed.

The Eagles scored twice in the last portion of the game. The Colts took over and moved the ball on passes from Larry Cade to Randy Hill, Henry Mata and Bruce Kerbow. Randy Hill caught a short pass and made the TD and also the PAT.

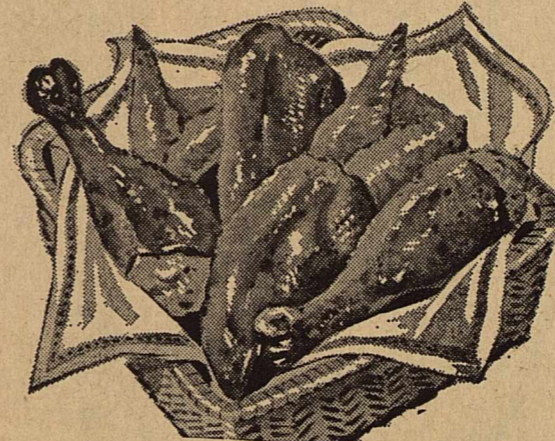

The Colts were unable to score again before the final whistle and the Eagles oozed by 20-14. This closed out the season for the Junior High Colts.

how can Lone Star Gas help you get rid of wrinkles?

We know all wrinkles are not due to aging. Some are due to drying. And dryers. Some dryers affect clothes the way sun affects skin. They not only dry out moisture, they bake in wrinkles. Even in permanent press. But gas dryers are more sensitive to your family's clothing. And more sympathetic to your work load. Most new gas dryers have a special cool-down cycle that turns off the heat before your clothes become overheated. That means your clothes have fewer wrinkles. And you have less ironing. You also have less expensive utility bills. Because gas dries for about a penny a load. See your gas appliance dealer or Lone Star Gas Company. Find out how to take it a little easier. And avoid wrinkles.
