IT'S NOT ALL FUN for a 4-H girl when the lamb is uncooperative, or at least that seems to be the expression on the face of Susan Schwiening as she struggles with her entry. Things changed for the better Saturday afternoon when Susan's goat entries started winning prizes. Susan is the daughter of Mr. and Mrs. Corky Schwiening, and the results of her efforts and those of other 4-H members are shown on page 7 of this issue.

Roger Langford and Scott Jacoby Exhibit Top Lambs In 4-H Show

Sutton County 4-H Club held the 23rd Annual Livestock Show and Sale at the 4-H Center Saturday, January 17. Leading in most of the lamb division honors were Roger Langford and Scott Jacoby.

Langford had the champion finewool club lamb, the champion crossbred club lamb, second in class 4 heavy finewool market lambs, reserve champion pair of crossbred or mixed lambs and placed in a number of other categories.

Jacoby was recipient of the Glasscock Production Award, placed third and fourth in finewool club lambs, had the reserve champion crossbred club lamb, placed in heavy finewool market lambs, pair of finewool lambs, placed first in light crossbred market lambs, and had the champion pair of crossbred or mixed lambs.

who placed tenth in the on foot live finewool lamb carcass show, placed first in the carcass rank when they were re-evaluated for the show Saturday, but most other lambs placed close to where they had been originally evaluated.

In the crossbred live placings Ted Fish took first and third in the carcass rank. Debbie Howard who placed second in the live carcass show placed first in the carcass re-evaluation.

Judges for the event were Bill Sims and James A. Gray of San Angelo and Dr. Frank Orts of College Station.

Reserve champion finewool club lamb was exhibited this year by John David Cook, who also received honors in heavy finewool market lambs and had the reserve champion finewool market lamb.

The champion light finewool market lamb was exhibited by John Martin Beckham, who also had the champion finewool market lamb.

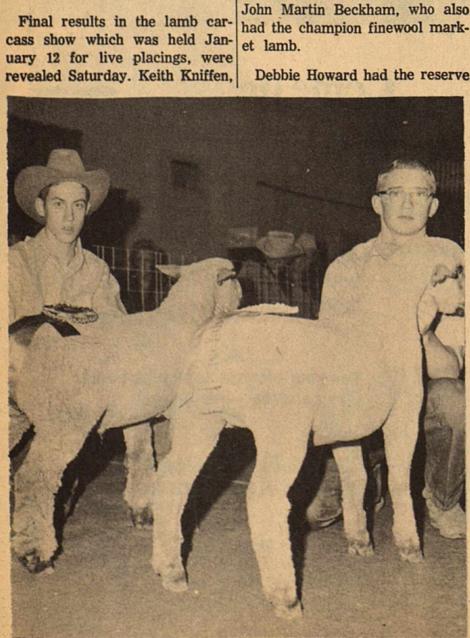

champion finewool market lamb and champion crossbred market lamb. She also took top honors with her Rambouillet ram, winning first and second in class 9 and first in class 10.

Elby Adams, Jr. showed the champion beef heifer in this year's show.

Junior showmanship awards went to Keith Kniffen, first; Will Wallace, second; Larry Finklea, third; Steve Boyd, fourth; and Jeff Cockrell, fifth.

First place winner in senior showmanship went to Tryon Fields; second, Debbie Howard, third, John D. Cook; fourth, Ruthie Wallace; and fifth, John Martin Beckham.

The Buste Halbert Award, a new award added to the show this year was awarded to Mike Stewart for his quality mohair fleece. The award was presented by B. M. Halbert, III, of Andrews.

Justice of the Peace Slot Raises Political Interest

Political interest in the office of Justice of the Peace for Precinct 1 has prompted three candidates to file, and rumors are that at least six more are interested in the prospect of filling the job Alfred Cooper has occupied for the last twenty years.

Cooper announced last week that he will not seek re-election because of ill health.

Mat Adams is seeking the position of Justice of the Peace of Sutton County along with Buddy Brown and R. S. (Bob) Teaff.

Adams is a charter member of

the Sonora Volunteer Fire Department which he helped organize in 1932. He is married to the former, Bessie Rode and they have three children, Tommy Ray of San Angelo, Artie Bert of San Antonio and Mrs. Kathryn Gil-laspy of Denver, Colo; and five grandchildren.

Recently employed by H & R Block, Adams formerly owned and operated an Humble service station and the Humble wholesale franchise here.

Brown is married to the former, Mary Lois Hull and they have two children, Karen, 10, and Dennis, 8. He is the son of Mr. and Mrs. Jack Raye and is a member of the Baptist Church, fire department, Elks Lodge and the Downtown Lions Club.

A graduate of U. S. Military Institute in San Diego, Calif., Brown also attended Sonora Schools.

R. S. (Bob) Teaff has been a

resident of Sutton County for 21 years. He and his wife, Robby, and daughter, Trouba, reside at 205 Pecan. Teaff also is a member of the school board, a position which he has held for the past 15 years.

Other offices open for election this year are the office of County and District Clerk. Mrs. Erna Lee Turner is seeking re-election after serving as clerk for six years. County treasurer, Mrs. Lucille Hutcherson is also seeking re-election to that office.

Two county commissioners' terms expire this year, and re-election is being sought by Collier Shurley, precinct 2, and R. L. Hardgrave, precinct 3. Both Shurley and Hardgrave have filled these offices for several years. County Judge J. W. Elliott is also seeking re-election to that position.

Eligible voters may cast their votes for these local offices and a number of State offices in the State primary elections which will be held in May, only if they have registered to vote. Deadline is January 31.

HILARY B. DORAN JR.
Hilary B. Doran Seeks Re-Election

State Representative, Hilary B. Doran, Jr., of Del Rio, announced his candidacy for re-election, subject to the Democratic Primary on May 2, 1970.

Representative Doran is now serving his second term in the Texas Legislature.

He is currently serving on the Powerful House Appropriations Committee. He also holds key positions on the Rules Committee, Congressional and Legislative Redistricting Committee and Livestock Committee. He serves as vice-chairman of the Constitutional Amendments Committee of the House of Representatives.

In addition to these permanent committees Representative Doran has been appointed to the joint committee on Natural Fibers and to the Legislative Council, composed of 10 members of the House and 5 members from the Senate.

Representative Doran's Legislative District is comprised of nine counties and is the second largest geographical Representative District in the State.

Doran said, "During my two terms of service to the folks of my district I have had the opportunity to meet, talk and correspond with many of you. This has afforded me a valuable insight into the desires, wishes and problems that people in my district face.

"I feel that my friendship with you, the people of this area coupled with the seniority and experience I have compiled in the House of Representatives will allow me to continue to be of service to you and increase my ability to effectively represent my district. Your encouragement, suggestions and support have

Buddy Brown Seeks JP Office In May

Buddy Brown, 33, who operates Brown Electric Company has filed for a place on the primary ballot, seeking the office of Justice of the Peace.

Brown stated he would do his best to serve the County of Sutton to the best of his ability if elected to office, and would appreciate the consideration of friends and acquaintances when they go to the polls to vote in the May Primary.

Last Rites Held For Thomas F. Nix

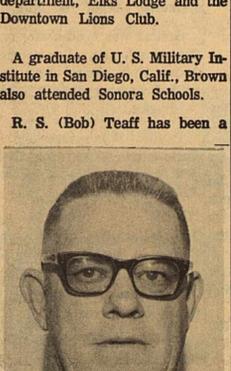

Thomas Franklin Nix, 95, died at 10 a.m., January 18 in Huds-peth Memorial Hospital after a long illness.

Services were held at 10 a.m. Monday in the Church of The Good Shepherd, Presbyterian, U SA, with burial in Sonora Cemetery, under the direction of Rat-liff-Kerbow Funeral Home.

Mr. Nix was born October 18, 1876 in Mason and was married to Emma Lindsey in 1906 in Mason. Mrs. Nix died in 1932.

A resident of Sonora for the past four years, Mr. Nix had resided with his daughter and son-in-law, Mr. and Mrs. Jim Hugh Richardson. Prior to that time he had lived in Rocksprings and Eldorado.

Survivors include two daughters, Mrs. Jim Hugh Richardson and Mrs. Ernestine Lenamond of Houston; a son, Hoot Nix; five grandchildren and six great-grandchildren.

MAT ADAMS
Adams Announces Candidacy for JP

Mat Adams, in his bid for Justice of the Peace, Precinct 1, says he intends to take care of the duties of the office of JP to the best of his knowledge and ability if elected in May.

Adams, 57, is a lifetime resident of Sutton County and asks the support of all when they vote for the office of Justice of the Peace.

Teaff also added he feels he is qualified to maintain this office in a fair and impartial manner, and will strive to uphold and keep proper respect of this position at all times, if elected.

"Your consideration and support in the forthcoming election would be greatly appreciated", said Teaff.

License Plates Go On Sale Feb. 1

1970 Texas license plates will not go on sale until February 1, even though many have received their new registration applications through the mail.

According to local employees of the tax assessor-collector's office, a number of Sutton County residents are confused after having received their registration applications in the mail and have been to the office requesting the purchase of tags, only to be turned down.

Texans will have the months of February and March to purchase license plates. This year all Texas plates will be white and blue.

Patrons will not have to present auto registration or last years receipt in order to register their vehicles this year, only the application they have received.

The most effective single force in building a good community is a good newspaper.

You're Up To Your Ears In Politics Why Not Be Effective?

To hear a citizen claim he "isn't interested in politics" puts in mind the picture of a drowning man claiming he "isn't interested in water." What so very many people, and possibly you, don't realize is that you have no choice. Whether you want to be in it or not you are up to your ears in politics.

Government is the end result of politics, and it's difficult to think of any action you take that is not affected by government—or politics. Take today for example. You started the day when you arose from a mattress which probably still bears the tag certifying that its contents are described in accordance with state law. Perhaps you had bacon and eggs for breakfast, both of which are subject to inspection and grading by a government agency. You traveled to work on roads provided and maintained by another governmental agency. You were required to have a driver's license and registration issued by a governmental agency. While at work, you are the subject of many Fair Employment Laws—administered by governmental agencies. All of these government agencies mentioned are heavily staffed by political appointees.

Entertainment Too
Going to a movie tonight? The film has been previewed by a state board. Or do you plan to watch television? It comes to you via channels assigned by the Federal Communications Commission. All political appointments.

It is possible that the water you drink and even the air you breathe may soon be controlled by a Water Commission and an Air Pollution Commission.

Knowing all this; knowing how the citizen is totally engulfed in the consequences of politics, it's astounding, preposterous, unbelievable that the vast majority of people "aren't interested."

Government and politics, through income taxes, sales taxes, excise taxes, property taxes, and other hidden taxes take more than 25 percent of the average person's income — and he isn't interested!

When you shop for a \$2.00 item you do what you can to satisfy yourself that the item has certain qualities and will do the job for which you're buying it. Doesn't it seem reasonable that the same type of thought be given to the government which costs you hundreds or thousands of dollars every year?

People will often agree with much of the above but feel that politics is too complex for them to understand or to take an active part. It's not at all. If you want to understand—read. If you want to participate—pick up the phone. It's as simple as that. All it takes is an interest on your part.

Reading Helps
What should you read? The daily newspaper is a fine place to start, and once you start reading the political news and columns you'll find it more intriguing and suspenseful, and more exciting than any piece of fiction you've ever read. But don't stop there—the weekly news magazines will provide you with the background of issues and the thinking of our top political analysts. Libraries are filled with books written by experts in all political fields.

Who should you telephone? Your favorite candidate has a headquarters telephone listing right now. His organization will be delighted to get your offer to help. Chances are you already know one or more members of the town or precinct committee of the party of your choice. They, too, are waiting to be called.

Did you say you can't be bothered, you don't have time, or you're not inclined to get into politics? Then you're missing the whole point. The question is not whether you want to be in politics. We've established the fact that you're already up to your ears in it. The only question you have to resolve is what your role will be in politics. Will you continue to be an ineffective, silent pawn? Or will you be alert to what is going on around you and do what you can to guard your personal investment in government.

THE FAMILY LAWYER

This Way Out

Finished with her shopping, Mrs. Wilson headed for the automatic doors at the front of the market. But by mistake, she approached the IN side instead of the OUT side. Just then someone activated the IN door, which swung against Mrs. Wilson and knocked her down.

In due course, she filed a damage suit against the store. "It is true the doors were labeled 'IN' and 'OUT,'" she said in court. "But the words were placed above eye level, where they were not easy to see. No wonder I got mixed up."

However, the court denied her claim. The judge said the store was entitled to assume that a customer would pay closer attention to where she was going.

Generally speaking, the law expects the normal shopper to be able to navigate safely out of the normal exit. As another court said, in denying damages to a tall man who bumped his head on a short door:

"The height of the doorway was obvious. It was not a source of danger to a person exercising reasonable care."

Yet, some doors are not obvious at all. A number of recent cases have involved all-glass doors, which sometimes give what the law calls "an illusion of space." Courts have usually held that if a person bumps unwittingly against such a door, the management may be held responsible.

But this applies only if the door is truly deceptive in appearance. If markings or handles give fair warning that the door is there, then the store cannot be blamed by the person who walks into it.

Whatever type of door it is, the management does have an affirmative duty to keep it in good working order. Thus:

A woman was seriously injured in a revolving door when someone speeded it around with a push. Investigation revealed that the brake brushes, which were supposed to hold the speed down, were all worn out.

Accordingly, a court ruled that the management was liable for the woman's injury. Its negligent upkeep, said the court, had changed a safe exit into a place of danger.

THE DEVIL'S RIVER PHILOSOPHER SEZ . . . He Does Some Figuring And Finds Country Not Making Ends Meet

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River comes up with some tall figures this week.

Dear editor:
An article I read in a newspaper last night got me to thinking and this morning I woke up still thinking and I'm afraid I'm going to have to have some help before I get to the end of the problem, as I'm not too good at figures.

According to it, some scientists have estimated it will take at least 66 billion dollars to clear up all the streams and lakes in this country now so scandalously polluted. Another group estimated it'll take 100 billion to eliminate air pollution, in view of the fact we're dumping 800 million tons of pollutants into the air every year. A while back the mayor of New York said it'd take at least 50 billion to make his city really liveable, and the same would go for a lot of other cities which can prove they're just as unliveable as New York.

Then I got to adding up other costs this country is faced with. For example, just to feed, cloth and house the 200 million people in the U.S. it must take at least 2,000 apiece (some take a lot more, some have a lot less), which is 400 billion itself. Defense takes around 60 billion, other Federal expenditures take 140 billion, states, counties and towns take more billions. To keep payments up and buy gas and oil and tires on a million cars takes several more billion, and even more if somebody smashes a fender. I don't know what it costs to build and maintain the highways of this nation, but it's way up in the billions, when you remember some freeways cost over a million dollars a mile.

Then add up all the other costs like the billions it takes to fight crime and run the courts, hospitalization costs, color television sets, sports, travel, visits by in-laws, Christmas presents, weddings, plumbing bills, insurance, exploring space, Congressional pensions, etc., and what it comes out to, if you'll check the figures, is around \$1,000,000,000,000, a year, which because I looked it up, is a trillion dollars.

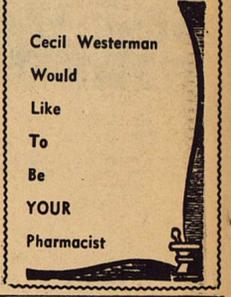

I wish you or some of your subscribers would check these figures, but \$1,000,000,000,000, take away \$950,000,000,000 leaves \$50,000,000, which is how we're failing to make ends meet.

I looked over my personal figures for last year and, take away some of these zeroes, I'm in about the same shape as the country as a whole. I feel better already. We're all in this together.

Yours faithfully,
J. A.

Margaret Bundy and Joseph Dempsey Vows Read In Double Ring Ceremony

Miss Margaret Elizabeth Bundy became the bride of Joseph Neal Dempsey in ceremonies at the Margarite B. Parker Chapel of Trinity University in San Antonio, January 16.

Parents of the bride are Mr. and Mrs. Stanton S. Bundy of Durango, Mexico, formerly of Sonora. The bridegroom's parents are Mrs. Mary Dempsey of Houston and R. J. Dempsey of Corpus Christi.

The Rev. George Stewart, associate pastor of Alamo Heights Presbyterian Church, read the double ring ceremony. Traditional wedding music was presented by Miss Carole Metzger, organist, who also accompanied soloists, Mrs. B. F. Meek, Jr., of Pecos, aunt of the bride.

Given in marriage by her father, the bride wore her mother's wedding dress of antique ivory slipper satin. The two-piece gown was designed with a sweetheart neckline and long fitted sleeves which tapered to points over the hands. Handmade satin roses outlined the neckline of the fitted basque bodice and tiny satin rosebud buttons extended down the back of the low waistline. The very full skirt swept into a long graceful train.

Her veil was an heirloom mantilla of handmade Maltese lace. She carried a cascade bouquet of white gardenias and garnet roses.

Mrs. Jimmy Day of Houston, cousin of the groom, was matron of honor and Miss Alice Lucille Bundy, sister of the bride, was maid of honor. Bridesmaids were Miss Martha Jane Wade of Austin, cousin of the bride, Miss Mary Lellee Mitchell of Sanderson, Miss Deborah Compton Legros of Willoughby, Ohio, and Miss Rebecca Ann Ebner of Dallas.

The bridegroom was attended by Jimmy Day of Houston as best man. Groomsmen were Stanton S. Bundy, III, brother of the bride, William John Martinetti of East Norwich, N. Y., William Edgar Cannon, Jr., of Amarillo, Terry McCracken of Amarillo and Gregory Brent McDonald of Dallas.

Ushers were Richard Hugh Bundy, brother of the bride, Scott Allen Michaud of Houston, Kevin Smith Hine of Kansas City, Missouri, and Billy M. Crisp of Austin. Jimmy Ray Day, cousin of the bridegroom, served as junior usher.

Ringbearers were Shannon Day of Houston, cousin of the bridegroom, and Jeffery Louis Wade, cousin of the bride.

At a reception held at The Argyle, the bride's table was centered with an arrangement of white stock, Fuji mums and roses in an antique silver tureen. A three-tiered bride's cake was decorated with pink rosebuds. A pyramid of fresh fruits and flowers centered the grooms table.

Members of the house party included Mrs. R. S. Teaff, Mrs. Stanley Mayfield, Miss Trouba Teaff, Mrs. John Cauthorn, Miss Susanna Temple and Miss Donnie Smith of San Antonio, Misses Sally and Mary Ellen Meek of Pecos, Mrs. G. K. Mitchell of Sanderson, Mrs. T. S. Painter, Jr. of Austin, Miss Sarah Boyd of Terrace Temple, Fla., Miss Carolyn Hight of Chatham Township, N. J., and Miss Donna Cameron of Houston.

Hospital Auxiliary Meets Jan. 12

Mrs. Alvis Johnson presided at the meeting when the Hudspeth Hospital Auxiliary met January 12 at the Woman's Clubhouse.

Mrs. R. L. Hardgrave gave a devotional entitled, "The Hospital Auxiliary's 23rd Psalm". Hostesses for this meeting were Mrs. Johnson and Mrs. Hattie B. Epps.

Mrs. Jerry Henderson, an employee of Hudspeth Hospital succeeded Mrs. Al Everett as auxiliary treasurer.

In attendance at the meeting were Mmes. Johnson, Collier Shurley, Jo Hardgrave, R. L. Hardgrave, J. E. Eldridge, J. L. Brotherton, R. A. Halbert and Mmes. T. C. Bassham, Mary Bolin, Bryan Hunt, Bob Vicars, A. W. Awalt, Myrtle Sellman, Hattie Epps and Cashew Taylor.

New effective drugs for high blood pressure, migraine headaches, strokes and Hodgkins disease were discussed at the meeting.

Mrs. Gus F. Mutscher Is Named State Chairman for Mothers March

Mrs. Gus F. Mutscher, wife of the Speaker of the Texas House of Representatives, has been named state chairman for the Mothers March of the January March of Dimes campaign.

Her appointment was announced by Clint W. Murchison, Jr., of Dallas, the Texas March of Dimes Chairman.

The Mothers March is the major fund-raising effort of the annual March of Dimes campaign against birth defects. This year's Mothers March will be held the night of January 26 in communities throughout Texas. Thousands of women will take part, marching from door to door seeking donations to fight crippling birth

defects, which strike one in every ten American families.

The March of Dimes, one of the nation's oldest voluntary fund appeals, has been dedicated to fighting birth defects since its efforts helped conquer paralytic polio more than a decade ago.

Mrs. Mutscher's leadership in the March of Dimes Mothers March is part of her continuing devotion to community service.

As Texas Mothers March chairman for the March of Dimes, Mrs. Mutscher will work closely with Mrs. Gordon Cooper of Houston, wife of the astronaut, who is regional chairman for the Mothers March.

TEEN SCENE

by Kay Kerbow

Weather has made school interesting. Many muddy kneed pants, red noses and wet shoes were seen on shivering students strolling around campus.

The icy sidewalks, the slippery grass, and hard ground have turned muscular football players into ballerinas that could use a little practice—would you believe a lot of practice? People have fallen down stairs, icy slopes, and with ice covered ground, they have fallen while on level ground.

The Broncos played in the Ozona tournament last weekend. The Reds beat Christoval in the first round, but lost to a good Ozona team in the second round. Mike Taylor was one of the players to make the all tournament team. Keep it up, Mike!

The boys and girls teams played Eldorado Tuesday night in Bronco gym to a large, responsive crowd. Eldorado and Sonora have been rivals for about ten years, but this year the rivalry seems to have come to a climax. I wonder if Eldorado fans had a walk-a-thon to the gym Tuesday night. If they did, the Eldorado doctor was busy with numerous colds and pneumonia throughout the week.

The United Youth Group held a dance in the Parish Hall Sunday night. Any young teen who wishes to come to these get-togethers should get in touch with Miss Betty Jack Cooper, Paul Firnhaber, Robert Griffith, and myself. Meetings are usually held every two weeks. A trip to San Marcos to see the "Up With People" group is being planned for either this weekend or next.

The speech meet will be here before you know it. In the near future, you will be called upon to serve as time keepers or taxi drivers. To keep the speech meet up to regular standards, your co-

operation will be appreciated. We seem to have little trouble getting taxi drivers.

There is a problem, however, in deciding which boy taxi driver will pick up certain girl contestants and which girl taxi driver will get the boys and give them a ride to the contests. Timekeepers provide more of a problem than drivers do—especially debate timekeeping. I think that is a good job for freshmen to take over. I'm sure every upper-classman agrees with that theory. However, I'm not quite sure freshmen have the mental capacities to accomplish such responsibilities. Oh, well, we're right back where we started from—no debate timekeepers.

Lucy Bundy was here for a few days visiting Trouba Teaff. She's still her same good-natured self, just like when she attended SHS. Not quite the same with her at Sonora High. Not as much mischief going on! Everyone was sure glad to see the star of "The Undefeated."

Mrs. Smith Hosts Monday Night Club

Mrs. Joe Neil Smith hosted the Monday Night Bridge club at her home Monday night. Pie and coffee were served.

Members present were Mmes. John T. King, Horace Hill, Clayton Hamilton and Wayne Herrmann. Guests were Miss Vivian Mears, Mrs. Albert Ward, Mrs. Joe Lane and Mrs. Dee Tyler.

High club prize was won by Mrs. Herrmann; high guest, Miss Mears; traveling prize, Mrs. Tyler and bingo, Mrs. King.

Rag Rug Workers To Meet Monday

Because of bad weather, the meeting scheduled for Monday, January 19, to continue work on the rag rug for the Miers Home Museum, was not held.

Mrs. L. P. Bloodworth, Sr. said a meeting will be held in the home of Mrs. Marion Elliott Monday, January 26 at 9 a.m. Everyone that is interested in the museum is invited to come and help tear and sew the strips of material, in order that she can continue her work on the rug.

The sample rug is on display this week at The Ratliff Store.

School Board Renews Contract at Meeting

The contract of Superintendent Ken McAllister was renewed for three years when the Sonora Independent School District held its regular board meeting January 15 in the superintendent's office.

McAllister was employed by the Sonora Schools July 1, 1969, following the resignation of Ralph Finklea. He was formerly employed as principal at Sanderson Schools.

A music theory course, taught by high school Principal James Pollard, was approved by the Board. This course was offered for the second semester and made available to all high school students desiring to take this course and earn ½ credit.

The TEA accreditation report was heard by the Board, and according to the report, the Sonora Schools have been recommended as fully accredited for grades 1-12.

Tennis practice began January 12 for high school students and January 19 for Junior high students. This new activity being offered by the school is taught by McAllister.

PENDING LAWSUIT

The pending lawsuit and the HEW visit in December was discussed at the meeting. In a complaint filed in the District Court of the United States for the Northern District of Texas, San Angelo Division, members of the school board, principals, and the superintendent are named as defendants. The plaintiffs, a group of local Mexican Americans, filed charges in behalf of their children, whom they feel are being discriminated against because of the 98 percent enrollment of Mexican American children in the L. W. Elliott School.

The plaintiffs offer two alternatives they wish the court to direct the defendants to accept:

(a) All children in grades kindergarten through three attending the L. W. Elliott School, and all children in grades four through six attending the Central Elementary School, or;

(b) All elementary school children grades kindergarten through

six being assigned to the Central Schools; and grades seven Elementary and Junior High through eight being assigned to the L. W. Elliott School.

Also discussed at the meeting was employment of additional personnel.

Easy Instructions Must Be Mistake Says Texas Highway Department

The Texas Highway Department is sporting a red face. In recent news releases announcing the new computerized motor vehicle registration system, Department information specialists have written:

"Easy to follow instructions are printed on the three-part form." That must be a mistake—because a lot of motorists haven't been following instructions. And mistakes generate confusion.

This is the first year that the department has gone to the new system, which includes an order-by-mail program for obtaining 1970 motor vehicle license plates.

But just to make sure that motorists do understand these "easy to follow instructions", they are:

1. Each motorist whose vehicle was registered last year has or will receive in the mail a long, narrow envelope with a printed message on the front reading: "Important — This is your license plate renewal application."

2. The envelope will contain a three part form. Do not separate the three parts.

3. You may renew your motor

Safety Inspection Deadline April 15

With the State's April 15 motor vehicle inspection deadline approximately 90 days away, large numbers of Texas motorists have yet to take their vehicles in for mandatory annual safety inspection.

Colonel Wilson E. Spier, Director of the Texas Department of Public Safety, today urged all motorists whose vehicles have not been inspected to visit an inspection station as soon as possible. "Those getting the inspection now will avoid long lines which are certain to develop at many stations as the April 15 deadline draws near," he added.

The DPS Director noted that Texas adopted an annual inspection program on September 1, 1969. All vehicles inspected since that date have had the sticker placed on the left side of the windshield with a large number tab inserted to show the month of expiration.

For example, vehicles inspected in September have the number nine displayed and will require reinspection before September 30, 1970.

A Bishop Looks at Life THE SEEKERS

By Everett H. Jones, Retired Bishop of the Episcopal Church

At the beginning of a new year, I am always impressed with the efforts of newspaper and magazine writers, and the news commentators, to sum up the trends of the year or the decade just concluded. They never quite succeed but there is something heroic about their enterprise. They seem to be saying that our life and our times have a meaning if we can only find out what it is.

There are many people today who are so confused by recent events they honestly wonder if either the past or the future has any meaning. Their confusion a-

bout external events is often compounded by personal experiences in terms of illness or sorrow or moral failure or boredom or disillusionment, all of which can lead to a sense of futility.

In the face of this widespread mood of today, I find a challenge in the words of Jesus, "seek and you shall find." (St. Matthew 7:7) He seems to be saying: "Don't expect the meaning of your life or the life of the world, to drop in your lap. Don't expect the search for truth to be easy or to be quickly accomplished. If you hope to see beneath the surface of life, you will have a price to pay. Just as the dedicated scientist often labors for years to uncover some bit of knowledge about the universe, so in the spiritual world the search may be long and costly. The one thing of which you may be sure is that the search is worth the effort. The ultimate tragedy is to give up seeking."

If we are to know what God is saying to us, both in our personal lives and in the life of our world, we need a new dedication as seekers. We shall not immediately find all the answers, but we shall make the great discovery that seeking is finding. Seeking is a joyous way of life. Seeking people are sustained by glimpses of new truth, by the assurance that there is greater truth still to be found, and the faith that God is working with them in their search.

Freeze-Dried Food Packets Replacing Infamous C-Rations

"Of course, they aren't like those meals Mom cooks, but I can't complain," a young soldier in Vietnam wrote about food packets now replacing the infamous C-rations. The new packets are freeze-dried Long Range Patrol (LRP) rations.

Soldiers add water to the food or eat it dry like popcorn for light-to-carry, more nutritious and tastier meals. LRP rations weigh half what C-rations do.

The advantage: LRP's are easy to reconstitute, quick, and are able to withstand free-fall delivery by helicopter.

If other conditions permit, servicemen on patrol missions in the DMZ area, their counterparts in the Central Highlands and men in comparable situations elsewhere can whip up a dinner in less than five minutes by just adding water.

Food scientists at U. S. Army Natick Laboratories in Massachusetts developed the food packets specifically for troops en-

gaged in "unconventional warfare operations in remote areas."

U. S. Department of Agriculture researchers helped in technical studies and research on freeze-drying techniques which made production of the packets possible.

Each menu features one of these meat entrees: Chicken and rice, beef and rice, beef stew, pork with escalloped potatoes, beef hash, spaghetti and meat sauce, chili con carne and chicken stew. The latter three are especially popular.

Each meal includes a dessert, usually a cereal, fruit or chocolate bar, freeze-dried coffee and often a cocoa beverage mix.

Each flexible film - packaged Long Range Patrol food packet has more than 1,000 calories.

When first used in 1964, 300,000 experimental food packets went to Vietnam. The number increased each year. More than 4 million packets went to Vietnam in fiscal 1967.

Conservation District Sponsoring Essay Contest For Sonora Students

By E. B. Keag
For the 25th consecutive year the Edwards Plateau soil and water conservation district is sponsoring a local essay contest for students of the Sonora school system. The subject this year is "My Stake in the Natural Resources of Texas."

The state contest this year is being sponsored by the Fort Worth Chamber of Commerce. The state essay winner will receive a \$200 cash prize, and trophies and medals will be given in each of the five state regions.

Prizes set up by directors of the local SWCD include five prizes totaling \$29.50 for high school students, and five prizes totaling \$20 for junior high students. Five \$1.00 prizes were set up for elementary school winners.

Another change in this year's program is that all essays will be judged locally, and only the best one will be forwarded to Fort Worth to compete in the state contest. The essay will be limited to 300 words, so the student will be challenged to present the subject in concise, original language.

The discussion on natural resources should include only the renewable resources—soil, water, plants and wildlife. Such natural resources as oil, coal and minerals should not be included. The youth of today has great stakes in our natural resources. Most of our food, clothing, and shelter comes directly or indirectly from the soil. An abundance of good, clean water is necessary for human consumption, livestock, manufacturing needs, and for recreation. Plants and wildlife are necessary for food, materials and beauty. All of our natural resources are the basis of a sound economy and a thriving civilization.

The essay contest is being facilitated locally by teachers in the various schools; Smith Neal in high school, Bob McMinn in junior high, Clay Cade in Cen-

tral Elementary and Bill Gosney in Elliott.

dream castles

Deep inside each person, where no one can see, stands a dream castle. The nature of it varies according to one's character and personality. An artist may dream of creating a masterpiece—not yet painted—which will inspire many people. Another person may see a vision of how he can make life happier for others.

Everyone must believe in his dream in order to go forward with patience.

Jesus hoped that the world would hear His message through the uneducated fishermen He chose as His close companions. He did not give up His dream that the disciples would carry on His work . . . even when they argued over places of honor in heaven . . . or when Peter denied any connection with Him.

His dream came true. Showing courage and faith, this small group of twelve grew through centuries into today's worldwide congregation of millions.

You will find inspiration and help for your dreams of spiritual accomplishment when you attend the church of your choice.

Gas Co. Reports 24-Hour Record

Lone Star Gas Co. has reported a 24-hour gas sendout record of 2,242 billion cubic feet for the period ending midnight Tuesday, January 6.

A company spokesman said that gas deliveries are continuing in a routine manner despite the abnormally cold weather.

The new record topped by 109 million the previous high of 2,133 billion cubic feet of gas distributed during the 24-hour period ending midnight Sunday, Jan. 7, 1968. Temperatures during the period in which the new record was set ranged from approximately 14 to 30 degrees above zero.

Services Held For Urquhart Baby

Graveside services were held Wednesday at 2 p.m. for the infant son of Mr. and Mrs. James B. Urquhart of San Antonio. He was born January 17 and died January 18 in a San Antonio hospital.

The Rev. Clifton Hancock, pastor of First Baptist Church, officiated at the services. Burial was in Sonora Cemetery with Ratliff-Kerbow Funeral Home in charge of the arrangements.

Survivors other than the parents include one sister, Janet, 2; and grandparents, Mr. and Mrs. Jim McLaughlin.

Fling Dingers Will Dance To Clyde McCoy Band

Fling Ding members and their guests will dance to the music of Clyde McCoy when they gather at the wool house February 14 for the private dance.

McCoy, famous for his "Sugar Blues", which made one of the all time, outstanding best sellers in the record industry, prides himself on being one of the longest running band leaders still active in the business.

From 1919 McCoy has been a stand up trumpet leader playing for dancing and listening.

John W. Fields Receives Honor

John William Fields, son of Mr. and Mrs. Herbert Fields, has been named a Distinguished Student in Veterinary medicine at Texas A&M University, announced Veterinary Medicine Dean Alvin A. Price.

The honor is awarded to students who have excelled academically at Texas A&M. Dr. Price explained, by earning at least a 3.25 grade point ration (out of a possible 4.0) during the fall semester.

Fields is a third year student.

School Census Underway For 1970

Superintendent Ken McAllister has announced the Sonora Independent School District is in the process of taking the annual school census.

Children who will be 6 years of age and under 18 years of age before September 1, 1970, should be counted on this census.

Census cards are being sent to the home by school children. If your child is missed you should contact the school.

TEARING STRIPS of material for a rag rug for the bedroom of the Miers Home Museum January 12 are (l to r) Mrs. Bryan Hunt, Mrs. P. J. Taylor, Mrs. Haynie Davis and Mrs. B. M. Halbert. Work on the rug will

resume Monday, January 26 at the home of Mrs. Marion Elliott. Mrs. L. P. Bloodworth, Sr., who is in charge of the project, urges everyone that is interested in the museum to come and help tear and sew strips.

El Camino Girl Scout Council To Hold Fifth Annual Meeting

The fifth annual meeting of the El Camino Girl Scout Council will be held in the school cafeteria January 31, at 11 a.m. following registration of the delegates. Action items of the agenda will include by-laws revision presentation and election of new members of the nominating committee and board of directors.

There will be a report from the trust committee, the president's report to the council by Jim Lane, and a slide presentation of the national convention by delegate, Mrs. Robert Tindall.

A luncheon, catered by the Branding Iron Smokehouse will be served in the cafeteria at 12:30 p.m. Mrs. Joseph VanderStucken will be in charge of the luncheon arrangements. Lunch will be \$1.75 per person.

Following lunch, membership pins will be awarded by the council, and organizations and individuals who have given outstanding service to the council will be recognized.

The highlight of the meeting will be an address by Miss Daphne Tabor of New York. Miss Tabor was a member of the team that coordinated the Piper Project, a nationwide girl scout program designed to retain and gain members. Other members of the team were film star, Debbie Reynolds, who is a girl scout troop leader in real life; Mrs. J. Lucian Smith of Houston and Mrs. Harold Weber of Denver, Colo. Amendments to the Texas Voter Registration Law enacted by S. B. No. 8, 61st Leg., 1969, require that ALL VOTERS must fill out applications for Voter Registration Certificates before a VOTERS REGISTRATION CERTIFICATE can be issued for the voting year of 1970. January 31 is the deadline for filing application for a voter registration certificate.

It will be to your advantage to fill out the above form before coming to our office. This will enable you to avoid a delay that you might otherwise incur.
