Notice To Parents of School Age Children

The school census for Sutton County is now being taken. All children who are six years old on or before September 1, 1970, but will not be 18 or older on or before that date should be counted in this census. It is important that all children 6 to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:

She's looking forward to her coming vacation in Europe! It was so easy - she just chose the amount she needed and deposited a payment every week to her account!

Thanks!

We greatly appreciate the many ways in which merchants, ranchers and individuals worked, bought, promoted and donated toward the 4-H Livestock Show.

Your contributions to prize money and the Chinese auction and the buying of stock were what made the show a success. Without the hours of labor you gave and the equipment you loaned the show would not have been possible.

Your contribution will make a more effective 4-H program and will provide for the upkeep of the 4-H Center in the coming year.

LANDMARKS now long gone appear in this photograph taken about 1918 or 1919. At right is the old Methodist Church on the present site of the Post Office. To the left of it was the Decker Hotel. The two-story home on the lot where the West Texas Utilities is now was the Charlie Adams

residence. The Courthouse lawn was then enclosed with a wooden fence, and the little structure by the fence at right was the "fire hall." It was the storage place for the hoses and reel used by the Sonora Fire Department.
