Cafeteria Head Has 14 Years Experience In Menu Planning

Most of us would lift up our hands in despair if we had to fix lunch for over four hundred people five days weekly, even if the majority of them were small kindergarteners and first graders.

Mrs. Muriel Hamilton has been doing this for the past fourteen years, and the number of students, teachers, and other adults who eat at the cafeteria has increased substantially during those years. Last year, an average of 335 people ate the noon meal at the school cafeteria. Thus-

day, September 17, 455 ate there.

It takes many years experience to purchase foods for a large number of people to consume, and to buy the proper amount and plan menus that are palatable as well as nutritious. Mrs. Hamilton starts to work in August, planning for the coming school year. Supplies must be replenished and the big kitchen readied for the opening of school.

Under the government's lunch program some commodities are furnished the school, such as flour, butter, shortening, cornmeal and reconstituted dried milk. The federal government also furnishes some seasonable meats, such as, chicken and turkey. Canned goods, including peaches, green beans, corn and peas are also available at times. However, the bulk of food for the cafeteria is bought from two wholesale meat houses and two wholesale grocery firms, Mrs. Hamilton added.

In the early morning, when most of us like to turn over and catch a few more "winks", Mrs. Hamilton is on the way to the cafeteria. She normally arrives at 6 a. m. to check over the day's supply of food. Occasionally, the menus have to be altered as a certain item planned for the day's menu may be in short supply, and she finds it necessary to improvise. Those who help in the cafeteria arrive at 7 a. m., and the day's work begins in earnest. It is usually completed by 1 p. m. The gleaming kitchen has been left spotless the day before, so the food preparation can be started immediately.

Although Mrs. Hamilton has toiled at the cafeteria since

1956, two persons working there have longer tenures. Juan Bautista has been engaged in the school work and in the cafeteria since 1951, and Mrs. L. E. (Pauline) Skains has worked there since 1953. Mrs. Jim McLaughlin has been employed since 1956, and Mrs. Albert Dietz, who has worked for some time on a parttime basis, went to work full time this year. The undertaking for all of them, they agree, has been both pleasing and satisfying.

A hot food cabinet has been ordered for the cafeteria and will be a welcome addition to the equipment, Mrs. Hamilton said. Although a steam table is available for meats and vegetables that need to be kept warm, the hot food cabinet

BRONCO END MIKE TAYLOR, latches on to a pass from quarterback Eddie Sutton to make the score 9-0 in favor of the Broncos at the end of the first half in last Friday's encounter with the Junction Eagles. The Broncos scored

18 more points in the fourth quarter to make the final count of the game 27-0. This week the team meets the Reagan County Owls at Bronco Stadium Friday at 8 p. m.

Eagles Fall To Broncos

by KAY KERBOW

The Sonora Broncos handed the Junction Eagles their second defeat of the season when they defeated the hometown Eagles by a 27-0 margin. Despite a slippery ball and field caused by pre-game showers, the Broncos were able to establish both a passing and running attack while Junction could not get either one established. The Broncos chalked up 18 first downs to only two for the Eagles pointing out that the Sonora Club's offensive unit could move at will, and that the Bronco defense was unmovable.

Sonora's first score came after punt and fumble exchanges on about a 25-yard field goal by end Mike Taylor. The only other score in the first half was a pass from quarterback Eddie Sutton to Taylor to make the score 9-0 in favor of the Broncos at the half.

scoring with a three yard lunge following a long drive by the offensive unit. Several key plays by halfback Scott Jacoby and Sutton-Taylor passes kept the drive going until Noel pushed it over.

Another Sutton pass this time to back Arnold Samaniego for a 35-yard touchdown play put it away for the Broncos by a 21-0 count. The momentum of the "Big Red" offense could not be stopped, and they scored again on a three yard run by fullback Lupe Espinosa. Again Jacoby had a key role in keeping the drive alive. The game ended with the Broncos comfortably ahead with a 27-0 score. This was the second win in as many outings for the Broncos.

The entire offensive lineup played well as did the defensive unit. Outstanding players offensively were Sutton, Tay-

lor, Jacoby, James and Milton Noel and Samaniego. The offensive line did an outstanding job also. Linemen include end, Bruce Kerbow, tackles, Gene Tainer and Scott Shurley, guards, Tony Renfro and Kerry Joy and center Joe Eustace. Special recognition goes to Renfro and Joy.

Defensively, the linemen already mentioned and the defensive secondary composed of Rick Street, Samaniego, Sammy Perez and Jimmy Cade all played well allowing Junction only two first downs the entire game.

The Broncos play their first home game tomorrow night against the Big Lake Owls, 1-1, with kickoff time at 8 p. m.

Score by quarters:

	1st	2nd	3rd	4th
Broncos	3	6	0	18
Eagles	0	0	0	0

Speech Club Students Name Heads

The speech club held a meeting September 15 at 7 p. m. in the speech room primarily for the purpose of electing officers. The talent show for the Halloween Carnival and speech meet plans were also discussed.

Rick Street was selected president and Paul Firmhaber was chosen to serve as vice president. Pat Mooney will serve as secretary, and Kelly Sentell will be treasurer. Kay Kerbow and Jean Firmhaber were chosen as reporter and historian, respectively, with James Buchanan as sponsor.

Besides the talent show presented annually at the carnival and the Sonora speech meet, the club is planning various speech meets in the future, such as the Lubbock, Denton, Alice, Odessa and several others. Also, the club wants to produce and do two plays for the student body during the school year.

Last year's sponsor, Mrs. Jan Dodd, laid a solid foundation for an active organization and the members this year will try to add to this foundation by working hard to learn the art of public appearances and at the same time, enjoying them-

selves immensely, said a spokesman for the group.

Meeting times are tentatively set for Tuesday nights until basketball season, so interested persons can join.

At the meetings, other than business discussions, a presentation in either poetry, dramatic interpretation, duet acting, prose, etc. is given by a member of speech or drama classes. Last week the Firmhabers did a duet act from "The Glass Menagerie".

Mark Hemphill Elected President Of Junior 4-H'ers At Club Meeting

Mark Hemphill was elected president of the Junior 4-H Club for the 1970-71 year, at a meeting September 14. Other officers elected include John David Cook, vice president; Renee Rousselot, secretary and Marsha Finklea, reporter.

Coming in as new members of the 4-H club this year are Dean Saunders, Toni Mittel, Edward Earwood, Lesa Fish, Du Ray Smith, Guy Dovenbarger, Debbie Dovenbarger, Rae Ann Draper, Pamela Ann Powers, Prissy Cook, Renee Adkins, Martha Elliott, Kelley Ward and Gus Ward.

Some of the 4-H coming events discussed at the meeting included the 4-H Achievement Banquet, planned for October 20, and the 4-H Livestock Show scheduled for January 19.

Repair and painting of the 4-H Center was discussed, and the work is in progress and should be completed in the near future.

4-H committees were appointed to help carry out the 4-H program for the year.

Boys and girls who would like to participate in 4-H are urged to contact County Agent D. C. Langford.

ASC Committee Election Held

Results of the 1970 Sutton County ASC Committee election results have been announced with Philip Jacoby elected to a three year term. Herbert Fields was named First Alternate for a one year term and George Brockman, Second Alternate for a one year term.

The newly elected committee-men will take office October 1. W. B. McMillan and Bill Wade are other members of the committee.

These men are responsible for the administration of Federal Farm Program under the Department of Agriculture, such as the Agriculture Conservation Program, price support which includes wool and mohair, acreage allotments and marketing quotas, feed grain and other farm action programs.

A total of 321 votes were cast in the election.

33rd Lions Auction Set

Plans are in progress for the 33rd Lions Club Auction Sale scheduled for Tuesday night, October 6.

The local merchandise soliciting committee will soon be contacting local merchants for donations. This committee consists of Lions Hershel Davenport, Joe Lane, Doyle Morgan, Darcy Carroll and Doug Hill.

Some 225 pounds of meat will be cooked for the meal, in addition to goats donated for the sale. Salty Barton, George Brockman, George Wallace and J. D. Cook are reminding ranchmen to bring in

Elliott Motor Plans New Car Showing

New 1971 Chevrolets will be on display Monday at Elliott Chevrolet, and the public is invited to view the new cars all day Monday, according to Marion Elliott.

Elliott said refreshments will be served and favors given during the open house showing at the Chevrolet place. The garage is located at 201 Concho.

their goats as quickly as is convenient. As a reminder to ranchmen, the Branding Iron Smoke House can only butcher goats Mondays and Wednesdays, so this should be noted by ranchmen bringing in goats.

Lem Jones, formerly of Junction, but now living in Phoenix, Arizona, will auction the merchandise. Johnson puts a lot of humor in the sale and keeps the bidding brisk.

James Alexander, as chairman of the food committee, reports that the committee has been busy. In addition to the meat, some 25 pounds of beans, and 50 pounds of potato salad will be prepared. In addition, 16 dozen doughnuts, a few gallons of coffee and tea, along with other incidentals, and a good meal is the result.

Businessmen, ranchmen and citizens have given the Lions sale splendid support during the past 32 years. The money raised is used by the Club to help worthwhile community projects.

Prominent Sutton Ranchman Dies

Mr. Sol L. Kelly, who ranched in this county for over 60 years, died at his home in San Angelo, at 1:05 a. m., September 17, 1970.

Mr. Kelly was born March 13, 1884, in Gatesville, and moved to this county when a young man. He also owned ranches in

Mason and Llano counties and in Bayfield, Colorado.

In July 1955 he was married to Alma Carter, and they had lived in San Angelo and here. He was a member of the Church of Christ.

Services were held at the First Methodist Church with Mr. Mike Puckett, minister of the Church of Christ, officiating. Burial was in Sonora Cemetery with Robert Massie Funeral Home of San Angelo, directing.

Survivors include his wife of San Angelo; a brother, Davis Kelly of Bayfield, Colorado; two step-grandchildren and four step-great-grandchildren.

Pallbearers were Clay Carta of Llano, Duwane Genini of San Angelo, Alfred Schwiening, Jr., Pasqual Gomez, Gene Shurley and Jerry Shurley.

Fling Ding Club Members To Meet

A meeting of Fling Ding Club members has been set Wednesday, September 30, at 7:30 p. m. at the golf club house, according to Mrs. Lea R. Aldwell.

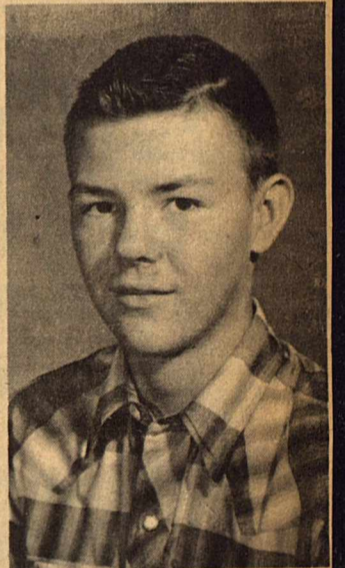

This meeting is for the purpose of electing new officers for the coming year.

All members are urged to be present, added Mrs. Aldwell.

MRS. CURT SCHWIENING, for many years an employee of Hudspeth Hospital, but now living in Junction, pauses for a visit with longtime physician, Dr. J. F. Howell. Sitting in the wheelchair, but obscured from view, is Mrs. Dona Stites, one of the first patients to be admitted to Hudspeth Nursing Home. Mrs. Oralia Hernandez and her daughter are also shown.

Several hundred people were on hand to attend the open house held at the convalescent home Sunday, and to tour the beautiful, modern structure. Guests were greeted by members of the hospital board of directors and refreshments were served by Mrs. Charles J. Browne and Mrs. J. F. Howell, wives of local doctors.

"Butch" Glasscock

Former Sonora Youth Dies After Dental Surgery

Melvin Allen "Butch" Glasscock, son of Mr. and Mrs. Melvin Glasscock, died September 17, 1970, in Crockett County Hospital in Ozona, after dental surgery.

Mr. Glasscock, 27, was born December 17, 1942 in San Antonio. He had been a lifetime resident of Sonora until moving to El Paso in 1964. He moved to Odessa two-and-one half years ago and was employed by the Curry Freight Company. He was married to Patsy Sessions October 26, 1964, in El Paso.

Services were held at 4:30 p. m., Saturday in the First Methodist Church. Mr. Bert Groves of Eisenhower Church of Christ in Odessa and Mr. Mike Puckett of Sonora Church of Christ, officiating. Burial was in Sonora Cemetery with Rathin Kerbow Funeral Home directing.

Survivors include his wife; a son, Devin Glasscock; a daughter, Lesa Lynn, all of the home; his parents; two sisters, Mrs. Mary Ellen Semmler of Pasadena; Mrs. Sandra Mazur of San Angelo; two brothers, Tommy Glasscock and Jerry John Glasscock; paternal grandmother, Mrs. Dolly Glasscock, and maternal grandmother, Mrs. Rudolph Schwarz of Boerne.

Pallbearers were Richard McDaniel of Odessa, Robert Gombert of Boerne, Larry Luckie of Midkiff, Roy Glasscock of El Paso, Jimmy Cahill, Gene West and Bill Fish.

quate first aid for accident victims on farms and highways, the American Red Cross has intensified its efforts to train people in first aid. "The long-term goal of Red Cross first aid training is to have at least one member of every family trained in first aid procedures," said Mr. Robert M. Oswald, national director Red Cross Safety Programs. "In the rural setting, medical facilities often are not available making it imperative that first aid be given at the scene."

The Public Service Company of Colorado observes: "There's a new term being used more and more in describing the production of electric power. The term is 'gigawatt'. Stated simply, a gigawatt is a billion watts. Because of the growth of new units and transmission facilities to gargantuan size, the concept of the kilowatt (a thousand watts), does not represent a great enough dimension to describe them. Even the megawatt, a thousand kilowatts or a million watts, is not always descriptive enough. Hence the coming of a new term to represent a thousand megawatts, a million kilowatts or a billion watts. . . . the gigawatt."

... crime cannot be explained away. It can be given aliases, but by any other name it is still crime—violations of the law of our land. And it is still increasing."—Mr. J. Edgar Hoover, Director of the Federal Bureau of Investigation.

Here's a driving tip from the

Portland, Oregon, Traffic Safety Commission: One moment's distraction to light a cigarette, or to shape up the kids in the backseat might be the instant when a traffic emergency comes up. Watch for the unexpected—every second.

Our Newsletter

By O. C. Fisher

As the session goes down the home stretch, with October 15 as the adjournment target, it appears that total spending for this fiscal year will probably be lower than Administration requests. In any event, it should be.

During the last fiscal year, which ended last June, the Congress appropriated \$6-billion less than the Administration asked for. And the cut could and should have been even more.

Right now, with a sizeable deficit in the offing this year, Arthur Burns, new Chairman of the Federal Reserve, has repeatedly warned that if the White House welfare expansion plan (which has been approved in the House) is enacted, it will cost the taxpayers about \$5-billion the first year, over and above present welfare costs. And it would be more the next year.

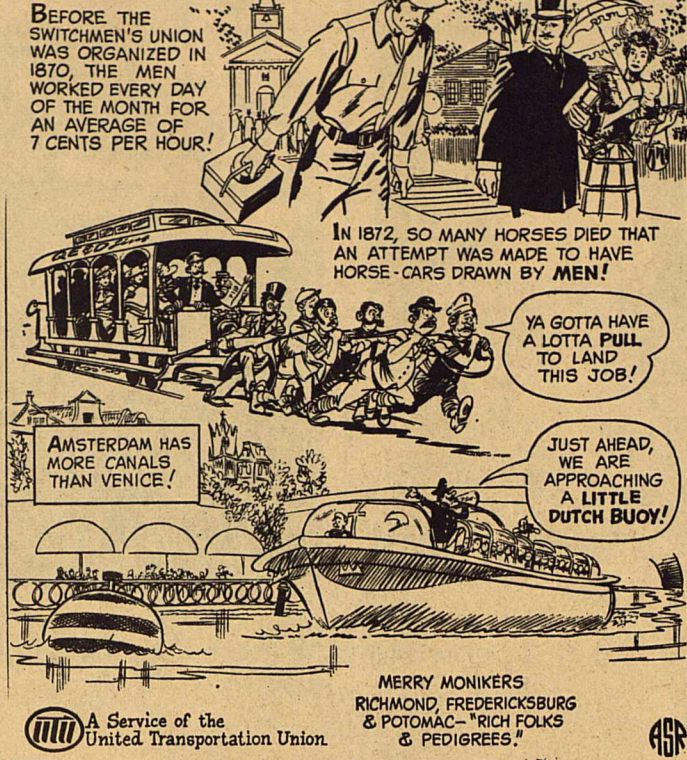

Those of us in the House who opposed this welfare bonanza were outvoted by a formidable Republican-liberal coalition. It appears the Senate may water it down.

The welfare scheme would immediately add about 14-million to the welfare rolls, and would guarantee each family of four an annual income of \$1600, plus \$800 in food stamps.

Such expensive programs account for much of our present financial dilemma, and the resulting high taxes and inflation.

The inflation spectacle is aggravated by reports of some exorbitant wage hikes. As an example, take the case of Operating Engineers Local 150 in Chicago which just forced a wage rise to \$11.05 an hour, not counting overtime. This inflationary pattern is being followed throughout the construction industry, and elsewhere.

STATE Capital NEWS

By VERN SANFORD

Just when highway construction in the state is at an all-time high, the Texas Highway Commission has cancelled the regular December lettings of highway contracts.

Commission blames the contract moratorium on the recent holdback of part of Texas' apportionment from the Federal Highway Trust Fund. Action came at a time when, because of favorable weather, highway construction was at its highest. For the past two months, pay-out for construction completed by Texas Contractors has set new records in dollar volume.

Contractors were paid \$42.6 million in August for work completed in July. Payments represented work on 501 contracts in June and 593 contracts in July. Federal Aid Highway Act of 1968, as approved by Congress, provides that states should receive \$5.4 billion for the 1971 fiscal year from the Highway Trust Fund. Amount allocated, however, was reduced by the Administration, Highway Commission Chairman Dewitt Greer said, to \$4.6 billion nationally and resulted in a reduction of the Texas share from \$275 million to \$210 million—\$65 million less than was expected.

Cancellation of the December bid letting is the first since World War II, Greer said. The Commission Chairman said the reduction has come because of the condition of the finances of the Federal Government has required that it borrow money from the Federal Highway Trust Fund for government operation even though the trust fund was established for the specific purpose of building the highway system from highway user revenues.

Greer said the "motor vehicle users of this country, who pay these dedicated taxes, have every right to expect that the Federal Government return to the highway system these revenues, in accordance with agreements made 14 years ago."

HOSPITAL TROUBLE IN TEXAS —State Rep. R. H. "Dick" Cory and House Speaker Gus Mutscher made a trip to Washington seeking better interpretation of recent Social Security regulations which threaten to close 158 of the state's hospitals.

Most are in rural areas and are having extreme difficulty complying with new regulations such as the one requiring them to have registered nurses on duty around the clock. A Texas nursing shortage of 10,000, plus the difficulty of finding nurses willing to live in smaller communities, contribute to the problem.

Hospitals which do not comply with the regulations are in danger of having Medicare payments terminated, which would in turn force them to close their doors. Representative Cory, who is chairman of a special Speaker's Committee on Texas Health Care, noted that Texas, because of sparse population in wide areas of the state, has 40 percent of the nation's Class 7C hospitals.

Another fear of the Committee is that if the small hospitals close their doors many physicians will move away due to lack of hospital facilities. IMMUNIZATION LEGISLATION UPCOMING —Gov. Preston Smith says he'll ask the 62nd Legislature, which convenes in January, to pass legislation requiring immunization against several communicable diseases before a child may enter Texas schools.

Governor proposes compulsory immunization against measles, polio, whooping cough, tetanus and — in the wake of the epidemic in San Antonio — protection against diphtheria. Smith said figures available to him for 1968, the latest year for which complete data is available, indicate that Texas has the highest incidence rate in the nation for measles and polio, the second highest for diphtheria and the fourth highest for whooping cough. Tetanus is not an epidemic disease, but

a single injection generally immunizes against diphtheria, whooping cough and tetanus.

ATTORNEY GENERAL OPINIONS —A non-profit, charitable organization which conducts a driver training program must be licensed to do so by the Texas Department of Public Safety, says Atty. Gen. Crawford Martin. The exceptions are training or classes conducted by colleges, universities, high schools and junior high schools for regularly enrolled students.

In other recent opinions, Martin concluded that: . . . A County may extend City-County Health Unit services to a city within county boundaries, even though the city does not participate in the unit; however, the county may contribute only those services normally made available by the county unless the city wishes to join the City-County Health Unit.

Justice of the Peace is not entitled to collect a fee for actions transferred or dismissed without trail from his court. . . . Commissioners Court may authorize travel expenses of an expert witness to appear at an HEW Committee hearing in Washington, D.C., to give evidence of the need of federal funds in certain poverty areas in the county. Commissioners Court may also authorize travel expenses for Chairman of a County Historical Survey Committee necessary to the performance of his duties in that capacity; and Court has power to create a Museum Board to manage a County Museum and

pay travel expenses of the board members in carrying out their duties in those capacities.

... An independent school district has authority under the Texas Education Code to deduct union dues from wages of custodial and maintenance employees upon their written authorization and to forward the deductions to the union.

DRAFT QUOTA DOWN —October draft call for Texas is 647—down from 704 in September, says Col. Charles M. Duncan, acting state Selective Service Director.

October quota for pre-induction physical and mental examinations is 4,285, a decrease from 7,171 in September. Texas' induction quota of 674 is the state's share of a national call for 12,000 men for the Army.

Duncan said no man maintaining "a bona fide family relationship with a child or children" and who qualifies for class 3-A will be ordered to report for examination.

SHORT SNORTS Dr. David Wade, Commissioner, Texas Department Mental Health and Mental Retardation, predicts that high hospital room rates, not enough doctors and the high cost of advanced medical technology will result in some form of national health insurance within two to five years.

Texas Parks and Wildlife Department warns hunters that it not only is illegal to discharge firearms from public roads, it also is unlawful to use firearms in road rights-of-way.

Party Honors Bride Elect

A recent party honoring Miss Vera Beth Wade, bride-elect of Preston Joy was a luncheon and pottery shower given by Miss Susan Prugel and Miss Cee Vee Johnson in the Prugel home. The bride's chosen colors of blue and white were used in the appointments. The serving table was centered with an arrangement of white love birds.

Guests included the honoree, her mother, Mrs. Bill Wade, her grandmother, Mrs. J. T. Bellman, the bridegroom's mother, Mrs. H. O. Joy of Roosevelt, and Mrs. Edward Joy, the bridegroom's sister-in-law of Roosevelt. Also attending were Meses. Don Kines, Wayne McKay, A. E. Prugel, Alvis Johnson, and Misses Susan Stewart, Gayle

Hamilton, Shelley Morriss, Becca Keath and Miss Nanette Bailey of Ozona.

Lanes Entertain With Bridge

Mr. and Mrs. Joe Lane entertained the Seven at Seven Bridge Club at their home Saturday night. Pie and coffee were served to club members and guests.

Mr. and Mrs. Bill Savell won high and traveling prize; Mr. and Mrs. Joe Neil Smith, second high; Mr. and Mrs. James Alexander, the club dog; Mr. and Mrs. Clay Cade, guest bingo; and Mr. and Mrs. Jimmy H. Harris, club bingo.

Mr. and Mrs. Jamie Parker, also attended.

Miss Rebecca Urias Marries In Fort Worth Ceremony

Miss Rebecca Urias, daughter of Mr. and Mrs. Leo Urias of Fort Worth, formerly of Sonora, and Mark Todd Fullagar, son of Mr. and Mrs. W. J. Fullagar of Fort Worth, were married in August. They married at the First Baptist Church in Fort Worth, with the Rev. Homer Ritchie, pastor of the church, officiating.

The bride, given in marriage by her father, wore a formal gown of heirloom ivory pure silk organza and hand loomed French peau d'ange lace. The molded bodice of the lace had a wedding ring collar finished with natural scallops of the lace. The lace was enhanced with seed pearl beading.

The high rise organza skirt was banded at the hemline with scalloped lace and a tubular detachable court length train was paneled with scallops of the lace that flowed from underneath a flat organza bow.

Mrs. Regina Franklin and Mrs. Jo Ann Melton, both of Fort Worth, furnished traditional wedding music for the cere-

mony. Miss Loida Urias, sister of the bride, served as maid of honor and bridesmaids were Miss Edna Gonzales of San Antonio and Miss Juanita Alvarez of Fort Worth. A sister of the bride, Wilma Jo Urias, and a cousin, Cecilia Ann Galindo, were flower girls.

The bridegroom's father served his son as best man and groomsmen were Clayborn Gray and Ronny Doran, both of Fort Worth. Ushers were Robert Galindo of San Antonio and David Hair of San Angelo.

Following the wedding a reception was held in the church fellowship hall with Miss Jodie Arebalo of Fort Worth at the bride's book. Mrs. Braulio Galindo and Mrs. Billy Gonzales, aunts of the bride, and both of San Antonio, served at the reception.

The bride, a graduate of Sonora High School, attended Tarrant County Junior College of Fort Worth. The bridegroom also attended Tarrant County College. The couple is at home in Fort Worth.

Mickey Powers is the new president of the Golf Club. Earl Johnson was named vice president; Doyle Morgan, secretary-treasurer and Bob Snodgrass, chairman of the tournament committee.

Wanda and Ernestine were in the playoff for first place in Championship Flight in Ballinger last Tuesday. After the third extra hole, they were defeated. Wanda was having trouble with her putter. (She said she was going to write Lonnie and tell HIM about HER putting problems.)

Lonnie is practicing his putting. Has one of those "indoor putting deals". He writes that he can use the shaft short, get on his knees to putt and people won't know that he's prying just to get close and not 3 putt. You fellow golfers better "look out" when he's back home and challenges you to a game.

There were twenty-two at Ladies Golf Luncheon last Wednesday. Hostesses were Wanda, Marilyn and Freida. Sammie won prize for best score of the month, a 78, and Monica won the prize for Wednesday's play—Recall.

Several of our golfers are playing in various tournaments

this weekend. Results and names in next week's paper.

The "Picketing" in front of Neville's Store last Wednesday, all stemmed from the fact that Jo Neville wouldn't share her door prize with her golfing friends that went to Ballinger. How in the world could you divide ONE, SIZE 18 Jacket between 5 gals????

Eddie Kinser, Gladys Mittel, Mary Waldron came down Saturday morning for golf. They played 9 holes—had a picnic—played 9 more holes. A good day they had.

The golf club turkeys were strutting around all over the golf course Sunday—tame and unafraid, in fact, they had to be "shooed" off a few greens.

When football season arrives it seems to interfere with the golfing. That's just all right. Every golf club member is a Bronco fan 100%, and all want the Broncos to go "all the way in 1970".

Woman's Club Plans Art Show

The Sonora Woman's Club members plan to meet Thursday, October 1, at 12:30 p.m. at the club house for a luncheon and art showing.

Mrs. Vestel Askew will introduce the speaker, Carl Barho, from The Country Store in Austin. Barho will exhibit paintings by famous artists.

The paintings will be displayed on the Court House lawn from 9 a.m. to 4 p.m. for the benefit of the public. In case of rainy weather, the exhibit for public showing will be moved inside the Court House, according to Mrs. Askew.

Program hostesses for the October meeting include Meses. Mickey Powers, Jerry Johnson, Glen Richardson, Warren Hemphill and Clayton Hamilton.

Taking a Powder

Nickel is playing a leading role in the expansion of the powder metal industry. Powdered nickel combined with other metallic powders is compressed and heated to make complex parts of high strength and durability with a minimum of machining and waste.

Snips, Quips, And Lifts

by LOTTIE LEE BAKER
—Middle age is that time of life when you've met so many people that every new person you meet reminds you of someone else.

—A politician is a man who approaches every subject with an open mouth.

—The cost of living is always a problem: with inflation, you worry about the cost, and with deflation you worry about the living.

Here's to the man who is wisest and best.

Here's to the man who with judgment is best.

Here's to the man who's as smart as can be—

I mean the man who agrees with me!

—Do put off until tomorrow what you can't afford to do today.

—Gossip always travels faster over grapevines than are slightly sour.

—Have something to say; say it, and stop when you're done.

—One small child to another: "I have to go to bed at eight o'clock. My mother is half hour meaner than yours."

—What this country needs is more slow readers and fewer fast talkers.

Teacher: "What is a circle?"

Student: "A circle? Well, it's a round line, without any kinks in it, and joined at the ends so you can't find where it started."

—The taxpayer never finds it as easy to raise his taxes as the government does.

A LIFT FOR THE WEEK

The best way to guard against losing your shirt, is to keep your sleeves rolled up.

Just Arrived

Mr. and Mrs. Fernando Gomez are parents of a daughter, Sandra Ann, born September 1, 1970, in Harris Hospital in Fort Worth. She weighed 6 pounds, 3 ounces. Grandparents are Mr. and Mrs. Rafeal Gomez and Efrain Martinez.

WANTED: MEN and WOMEN

GROWING ORGANIZATION SEEKS MEN AND WOMEN TO FILL THOUSANDS OF VACANCIES. NO EXPERIENCE NECESSARY.

HOURS FLEXIBLE: Sunday mornings preferred.

First Day Of Fall Brings Below Normal Grass Reserve For Winter

by E. B. Keng, SCS Technician
The first day of fall is here and much of the Edwards Plateau soil and water conservation district has far below normal grass reserve for winter use. Many ranchmen must decide very soon whether to make deep livestock cuts now, or face anticipated severe feed costs this winter. A few ranchmen have already started to feed cattle.

Heavy and continuous rains from now through next March would ease the winter grazing problem. Rainfall records for over 50 years, however indicate average monthly rainfall for November, December, January and February to be about one inch. With most of the area having very little soil moisture at present, average moisture of one inch per month would produce very little winter grazing.

The past two or three winters have been above normal for moisture, so many ranchmen would certainly not be surprised to have a dry winter.

Another very important factor for ranchmen to consider in determining livestock adjustments is the value of range cover on next spring's forage production. Old grass is most important in getting next April's rain into the soil. Heavy

spring showers falling on bare ground are largely lost by runoff and quick evaporation. The old grass acts like a blotter to hold the rain where it falls.

Old grass is also important to protect the crowns or buds of grass plants from winter cold. Weak, exposed crowns are often killed or severely weakened, and spring grass growth is greatly reduced.

Band Club Names Parents For Work

Band Club president, Hershel L. Davenport, announced that band parents will be working in the concession stand Friday night for the Reagan County game.

Parents to work at the stand include Mr. and Mrs. Hershel Davenport, Mr. and Mrs. Ben D. Gilly, Mr. and Mrs. Pete Samantego, Mr. and Mrs. Juvenio Dominguez, Mr. and Mrs. Emil Brown, Mr. and Mrs. Bill Morris, Mr. and Mrs. Pete Thompson, Mr. and Mrs. Santos Hernandez.

Sandwiches for sale at the game are being donated by the Morrises, the Gillys, the Samantegos and Mr. and Mrs. Milton Cavaness. Homemade sweets will be donated by the Dominguezes, Thompsons

Museum News

The Sutton County Historical Society is sponsoring a membership drive for the Miers Home Museum for 1970-71. Adult membership dues are \$5 for a couple, \$2.50 for a single adult and \$1 for school children. Charter Memberships for \$25 are still available.

This money will be used for promoting the work of the Miers Home Museum and the Sutton County Historical Society.

The Museum is open each Thursday from 3 to 5 p.m., and the goal is to have at least one item of historical value from each family in Sutton County.

The Museum is starting an album of pioneers who came to Sutton County before 1920. Contact Mrs. Joe Brown Ross if you have photographs to donate.

Mrs. Ben Cusenbery is chairman and Mrs. Bob Vicars is treasurer, and dues may be mailed to her at P. O. Box 925, Sonora.

and Browns.

Sandwiches for the Big Lake game tonight (Thursday) are being donated by Mr. and Mrs. Cleveland Nance, Mrs. Wanda Turner, and the Davenports.

Homemakers Nutrition Recipes

Recipes submitted by Mrs. A. E. Prugel, homemaking teacher.

The potato is a staple food for most people. It is filling and is sometimes used as a substitute for bread. When it is combined with other foods the homemaker's family gains added

nutrients while saving her energy since the added ingredients take little extra time to prepare.

The first recipe is recommended for older members of the family for its ease of digestion, flavor, fine protein and economy.

Cottage Cheese Scalloped Potatoes:
1 cup thinly sliced raw potatoes
1 cup creamed cottage cheese
1/2 tablespoon butter
1/2 cup milk
salt and pepper to taste

Butter a small baking dish. Arrange alternate layers of seasoned potatoes and cottage cheese. Pour milk to cover potatoes. Bake in moderate oven, 325 to 350, about 45 minutes or until potatoes are tender. The baking time may be shortened by heating the milk before adding it to the potatoes. Makes 2 generous servings. For supper serve with buttered green cabbage or another green vegetable you prefer, gingerbread or muffins, fruit, milk, and coffee or tea if you wish.

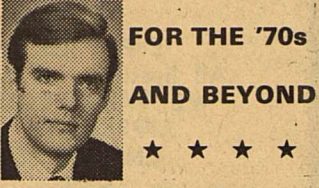

"Raw-fried" Potatoes:
Peel or pare potatoes or if you prefer leave peelings. Slice thin or grate. For 4 servings use 2 cups potatoes. Heat 2 tablespoons oil or oleo in heavy fry pan. Add potatoes and cook over moderate heat 20 to 30 minutes or until tender, turning several times for even browning. During last 5 minutes of cooking add 1/2 cup grated cheese or bits of ham, tuna or any leftover meat.

Serve with sliced fresh tomatoes, toasted bread, corn tortillas, or cornbread, canned fruit cocktail and milk.
Potato Soup:
1 onion
1 tablespoon cooking oil or oleo
4 medium potatoes
1 cup water
2 cups reconstituted dry milk or diluted evaporated milk
1 teaspoon salt
pepper to taste

Chop onion and cook in fat until tender. Cut potatoes into small pieces and add to the onions. Add water, cover and boil gently for 15 minutes, or until potatoes are tender. Mash potatoes with a fork without draining them. Add milk, salt and pepper and heat, stirring all the time. Makes 4 servings.

Variations:
Corn Chowder: Add 1 can cream style corn to the potato soup.
Fish Chowder: Add 1 can cleaned fresh fish to the potato soup as you gently cook the potatoes for 15 minutes, OR add 1 can tuna fish.

A LOOK AT CAPITOL HILL WITH Dick Gill YOUR CONGRESSMAN

FOR THE '70s AND BEYOND
★ ★ ★ ★

Last February President Nixon sent to Congress his Federal Economy Act of 1970 which was aimed at the reduction, termination, or restructuring of 57 programs labeled by the President as "obsolete, low priority or in need of basic reform". Fourteen of these programs required Congressional action to change.

The Democratic-controlled House has blocked, procrastinated on, and outright ignored President Nixon's requests in every instance. In fact, as Presidential Counselor John Ehrlichman noted "Congress... has perpetuated all 14 and in some cases has increased either the authorization or the appropriation associated with some of them."

Faced with the continuing threat of inflation, this is inexcusable, and no matter how hard O. C. Fisher tries he cannot dissociate himself from the policies of the Democratic House leadership to whom he is completely subservient and whom he votes to keep in power year after year after year. The solution is clear: President Nixon must have the strength of a Republican-controlled House.

Pd. Pol. Adv., Gill-For-Congress Contm., Dale Dorn, Chmn.

THE DEVIL'S RIVER PHILOSOPHER SEZ... He Points Out An Unconsidered Danger In Continuing Spiraling Inflation

Editor's note: The Dry Devil's Philosopher on his bitterweed ranch on Dry Devil's River discovers an off-shoot of inflation this week. We hadn't thought about it.

Dear editor:
 I knew everything was going up, for example it used to be that one terrorist was worth say one hostage but now one is claimed to be worth around a hundred according to Arab mathematics, but it took a report by a bunch of economists to really underscore the notion.

According to an article I read last night in a Sunday newspaper which would have cost me a quarter if I'd gotten it off a newsstand in town instead of a fence out here, these economists have figured that if the present rate of annual rise in the cost of living index continues for the next 30 years, by the year 2,000 a \$3,500 car will cost \$17,000, a \$400 color TV will cost \$2,800, a \$20 bag of today's groceries will cost \$114, and a \$25,000 home will cost \$147,000.

Now you understand that farmers and ranchers have never been brought under the cost of living index, that is not completely, only half way—they pay more for what they buy all right just like everybody else but they don't get more for what they sell (cattle prices on the hoof are a little less now than they were 15 years ago), so I have done a little figuring and find that while today for example it takes 11,666 dozen eggs to buy a \$3,500 car, 30 years from now it will take 56,666 dozen, which will certainly be a strain on chicken farmers and I won't even mention the fright of their chickens.

Or take wheat farmers. If it'll take 5 times as many bushels of wheat to buy a car 30 years from now as it does today, what in the world are they going to do with all that wheat? I don't have the time or head for it, but you figure up how many pounds of beef it'll take to buy a \$147,000 house. It staggers the imagination and strains an adding machine.

I don't know anything about how to control inflation and if anybody else does he hasn't shown up, but at least some-

body had better start raising the price us ranchers and farmers get if they don't want the country swamped up to its neck in beef, cotton, grain, fruits, vegetables, eggs and chickens. Fifty-six thousand dozen eggs for one car is a lot of eggs.
 Yours faithfully,
 J. A.

Diamond Show Held Here Recently

The Ruth Shurley Jewelry sponsored a diamond display last week. The diamonds, including some black and brown ones, had a total retail value of a quarter million dollars. They were part of the collection belonging to J. Milhening, Inc. of Arbor Heights, Michigan. R. L. Johnson, representing the company, arranged the display. Featured at the showing were necklaces, pins, ladies' and

men's wedding bands, ear rings and engagement rings. The ring shapes and sizes varied considerably. One stone, a 3.02 carats, brilliant, not mounted, was valued at \$11,500.

Many exquisite designs were shown against a green velvet background. A combination of diamonds, sapphires or rubies were used on some of the more outstanding ring designs. Some of the gem shapes were marquise, while others were baguette.

A box of HURRY-UP fried chicken will relieve the hurry up before the game. Call 387-3314.

SONORA vs BIG LAKE

BRONCOS OWLS

FRIDAY, SEPTEMBER 25
8:00 P.M.
BRONCO STADIUM

BACK THE BRONCOS
ATTEND ALL THE GAMES

SCOTT JACOBY heads for pay dirt as the Junction Eagles bear down on him. An unidentified teammate sprawls in the mud as several players found the footing slippery on the wet field. Rains dampened the field, but did not deter the spirit of the Broncos who won the game by a score of 27-0, their second win of the new season, which opened when they met Coahoma.

District 9-A Season's Schedule of Football Games For 1970

DATE	VARSTIY	B - TEAM	8TH GRADE	7TH GRADE
Fri., Sept. 11	Sonora 37 - Coahoma 8

Eddy Smith Receives Award

Eddy Smith, bassoonist, received the Bronze Star Award II September 19, and was presented the award by Mrs. Dave Pennock of San Angelo. He has earned five Prescott awards in advance playing.

He is a senior at Sonora High School, and has been active in the Bronco Band for three years. He plays tenor or Eb Alto

sax during marching season, and plays oboe and bassoon during concert season. He was an all-district, all-region band student for three years, and was chosen all-area at Austin for 1969-70. He has also played in solo-ensemble for three years on bassoon, UIL contest. He is the son of Mr. and Mrs. George Smith.

TEEN SCENE

By KAY KERBOW

The Broncos were again victorious this time at the expense of the Junction Eagles by a 27-0 margin. Even on a slippery field with a slippery football, the Broncos got both their running and passing attacks going, chalking up 18 first downs while our defense held the Eagle offense to only two.

The Big Lake Owls are next on the schedule as the Broncos will attempt to avenge losses to the Owls both from last year and the year before last. The game will begin at 8 p. m. in Bronco Stadium.

The band will crown their band sweetheart at this game also. A special halftime performance will be presented in her honor. Nominees are Cyndy Hopkins, Vickie Turner, Selma Stubblefield, Kathy Hardagree

and Mary Gallegos. Cyndy has been in band for four years and plays both the clarinet and the bass clarinet as does Vickie, who also has been in the band for four years. Vickie is serving as twirler this year. Selma, also a twirler, has been in band for four years. She plays a flute. Kathy has been a twirler the previous two years, and is now acting as drum majorette.

Kathy sits first chair flute player and was awarded the band achievement award last year. Mary, also a four year band student, plays both the clarinet and the drums.

-SHS-

Two of our first string football players were unable to practice early this week. Defensive lineman, Willie Gutierrez, was on crutches with a knee injury, but he said that he would play against Big Lake.

Rick Street, defensive left halfback, was absent from classes with a throat illness. This was the second flare up of the sore throat and many students attribute his illness to a CALIFORNIA VIRUS which he just happened to catch one Saturday night. He's expected to miss the Owl game but should be ready for Ozona.

-SHS-

Juniors and seniors had to turn in their first book report Monday. Needless to say, the majority of them were written Sunday afternoon or Sunday night. These dreaded deadlines occur once every six weeks, but the first is generally the worst especially for juniors who don't quite know what is expected of them.

-SHS-

The Student Council has already taken action this year by making rules about behavior at athletic events. They continued to prove themselves useful as they put up a recommendation for a school paper discontinued because of lack of a sponsor. The paper will be a weekly edition under the editorship of Sandra Mounce if the plan for the paper is organized and approved by the two agreeing to co-sponsor it—Miss Stephens and Mr. Buchannon.

Mrs. Hamilton says she hopes she is still a few years away from retirement. She considers the fourteen years she has spent at the school as some of the most fruitful and happy of her life. She enjoys her association with the young and thoroughly enjoys the work.

Like all businesses, she said, things run smoothly for quite sometime, and then suddenly—everything goes wrong! She didn't say so, but that would probably be one of those days when somebody was selected as the unlucky culprit to peel and slice 50 pounds of onions!

ST. JOHN WOMEN SPONSOR SALE

An old fashioned "Country Store" is being set up in the old Davis Ins. Building, next door to the Federal Land Bank. The women of St. John's Episcopal Church are sponsoring a sale, beginning Friday at 9:30 a. m. Featured will be "country store" specials of various commodities, such as pickles, preserves, as well as pies, cakes, cookies, meat casserole dishes and many other "goodies", according to Mrs. Jerry Don Balch, chairman of the committee in charge of the sale.

Art Club Meets Monday Night

Members of the Sonora Art Club met at the Clubhouse for their first meeting of the year Monday night.

The club plans to study acrylic painting with Mrs. Mattie Ruth Garrett instructing. Five new members were voted on for membership, among whom three were present, Mrs. James McLaughlin, Mrs. Sam Stewart and Mrs. Robert McGee.

Other members present were Mmes. Estes Adams, Buddy Brown, Elmer Evans, Turney Friess, Mattie Ruth Garrett, Wes Granger, Hub Hale, Clyde Hill

And Mmes. Howard Kirby, Johnny Martin, Ernest McClelland, Louis Powers, Jimmy Powers, Miers Savell, Bob Snodgrass, Wesley Sykes and Calvin VanHoozer.

Serving as president is Mrs. Granger with Mrs. Hill, vice president and Mrs. Van Hoozer, secretary and treasurer.

Did You Know?

When beating egg whites, use only fresh eggs for the best results. When buying vegetables, you can't beat the ones at Saunders Garden, next to the football field, for freshness, flavor and price. Adv.

TEDDY COKER, 15-year-old sophomore student of Sonora High School, won out over a field of eleven contestants at the Junction Labor Day fete in the fiddlers' contest. He was presented with a musical trophy. He has been invited to participate as a contestant at the Lubbock Fair, October 1, and the event is open to fiddlers of all ages. Young Coker, son of Mr. and Mrs. T. R. Coker, is a violinist with Angelo State University Youth Symphony Orchestra. He is also a pianist and is active in scout work.

Fast, Hot and Salty

Hot seawater moving at high velocities presents one of the most severe corrosion tests for shipboard materials. However, copper-nickel piping systems for shipboard cooling last the 20-to-25-year life of a ship.

Congratulations to Mrs. Monica Davis and Harvey Russell of Reese, Michigan who were married by Father Michael Fernandez in St. Ann's Catholic Church Monday. Attendants were Mrs. Frank Bond and Hix Hall.

-SKH-

Mrs. Jerry Phillips and Mrs. Pryce Taylor are both home recovering from gall bladder operations last week. Glad to see them both recovering so well.

MONDAY NIGHT BRIDGE CLUB Mrs. Joe Neil Smith entertained the Monday Night Bridge Club at her home Monday night. Those present were Mmes. W. T. Black, Horace Hill, Clayton Hamilton, Wayne Herrmann, W. H. Hill and guests Mrs. Joe Lane and Mrs. Albert Ward.

Winning club high was Mrs. Black; high guest, Mrs. Ward; traveling prize, Mrs. Horace Hill; club bingo, Mrs. Hamilton and guest bingo, Mrs. Lane. -SKH-

Mrs. Frankie Gibson and Mrs. Eulah Newell have returned from a two weeks trip to Houston visiting friends and relatives.

Mr. and Mrs. Carl Ferrar of Sinatobia, Mississippi were here last week visiting Mr. and Mrs. Artie Joy. The Ferrars were honored with a barbecue at the Joy ranch September 16. Attending were Mr. and Mrs. George Schwiening and Betsy, Mr. and Mrs. Clarence Simon and Mr. and Mrs. Jim Luckie.

Mr. and Mrs. Marvin C. Perry of Amarillo were guests last week at the home of her parents, Mr. and Mrs. Hershel Davenport and Matt.

Mrs. Nolan Johnson is working at Barrow Jewelry and Sporting Goods. It is good to see Helen back in town.

-SKH-

Monday afternoon after work

I went by the Foodway Store which was in the process of inventory. Now this was my first time to watch this and when I first noticed this one man standing up in a grocery cart speaking in an unknown tongue, it gave me quite a start. But according to Hershel Davenport, manager of the store, this is quite common. They apparently are trained similar to auctioneers and count merchandise and prices and record them on a small tape recorder which they wear around their necks. Really quite interesting.

Cafeteria Head Continued From Front Page

will give ample storage for rolls, etc., that cannot be kept in the large ovens. At even the lowest temperature the bread would continue to cook.

Numerous appliances have been added gradually to make the work load lighter, as food storage and consumption has increased. Stainless steel walk-in refrigeration is provided, as well as a large dishwasher and sterilizer for all silverware and dishes. A doughnut machine was bought about three years ago to facilitate and speed doughnut cutting.

Custodians at the school and the kitchen help eat at 10:30 in order to finish before the first group of children begin to enter the cafeteria at 10:50 a. m. First graders and kindergartners are quietly and efficiently led through the line by their respective teachers, with Clarence Self, longtime school employee, directing the little ones to seats at the big tables. A few of the children bring lunches from home, and they are given a tray and seated.

Punching out meal tickets and collecting payment for the meals, is the job assigned to Mrs. Clayton Hamilton, who has just started on her new job. Mary Jeanne is an enthusiastic supporter and "loves the work". Students entering the cafeteria next are second and third

graders. Employees have about a fifteen minute break before the third "storm". Junior High students with the chatter of a thousand magpies enter on the run, as only a group of energetic, enthusiastic junior high youngsters can. Few high school students eat in the cafeteria, as most drive to school and usually go home for lunch. Or like high schoolers everywhere, the vast majority prefer to spend their time doing other things rather than concerning themselves with a noon meal.

Prices are reasonable in this day of inflation, with a total charge of 35¢ for first through third graders; 40¢ for fourth and fifth graders, and 45¢ for junior and high school students. Parents are always welcome to eat at school, said Mrs. Hamilton, and the charge for adults is 75¢.

Mrs. Hamilton has managed to keep the cafeteria on a paying basis each year, and this includes paying the expense of help in the kitchen along with food costs. With the rising cost of food this has become increasingly difficult, but she hopes to be able to continue this practice as long as she manages the cafeteria.

Menus are based on a meal consisting of a meat, two vegetables, milk, bread and dessert, and the food is exceptionally well-prepared. Despite the complaints that are

heard occasionally, which Mrs. Hamilton considers normal for any young person, the children generally enjoy the food.

Friday the menu consisted of tuna fish salad, french fried potatoes, pork and beans, combination vegetable salad, jello, ice cream, hot rolls and milk. The Gargantuan basic proportions required to prepare this amount of food for 450, necessitated the use of 150 pounds of potatoes, 15 gallons of pork and beans, 3 cases of #4-1/2 cans of tuna, along with the addition of pickles, mayonnaise and other ingredients. Such measurable amounts call for a lot of work in the preparation and serving, and still have food that is pleasing in taste and appearance!

Mrs. Hamilton says she hopes she is still a few years away from retirement. She considers the fourteen years she has spent at the school as some of the most fruitful and happy of her life. She enjoys her association with the young and thoroughly enjoys the work.

Like all businesses, she said, things run smoothly for quite sometime, and then suddenly—everything goes wrong! She didn't say so, but that would probably be one of those days when somebody was selected as the unlucky culprit to peel and slice 50 pounds of onions!

1971. You've changed. We've changed.

Chevrolet

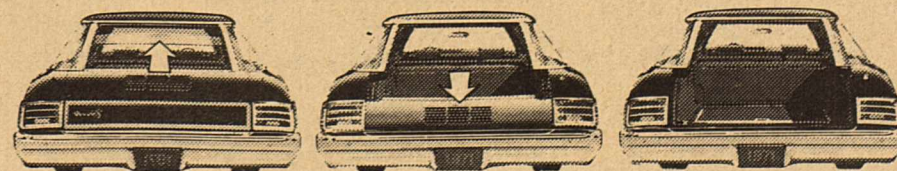

Worth seeing. Worth owning. Worth waiting for.

Vega. Not just another little car, but one little car that does everything well. You get more room, more weight and more power than most little cars give you, yet the gas mileage is right in the same neighborhood with the best of them. Vegas come dressed up, too, not stripped to the bone so you have to add a lot to make them liveable. Drive one. You'll see.

Caprice. There's a double layer of steel in the roof, a steel guard beam in each door, power disc brakes up front, a new power-ventilation system inside, a wheelbase two and one-half inches longer. You get the looks and comfort of a six- or seven-thousand-dollar car, but at Chevrolet prices. And that's the kind of change during these tight-money times that all of us can appreciate.

Avanishing tailgate. A big change in our big wagon. The window goes up into the roof, the Glide-Away tailgate vanishes beneath the floor. Out of sight. Out of your way for easy loading even in a closed garage or when you have a trailer hooked on.

See what we mean by putting you first? September 29 at your Chevrolet dealer's.
