

WHITTLIN'

By DOLPH MOTEN

Gib Hough, Mustang football coach, has confirmed what we long have suspected: The coaches on the field have the poorest vantage point of anyone from the standpoint of viewing the game.

The rules say, the coach tells us, that the coaches must stay between the 35 yard lines. This makes it still worse. It would be some better for the coaches if they could move up and down the field and be close at hand for tense, goal line situations, either offensively or defensively. This might be better for the coaches' viewing, but it wouldn't look as good for the rest of the spectators.

The fact remains, though, that usually the coaches get their best look at Friday night's football game when they view the film sometime later.

Bob Sisk has a relative who pitches major league baseball for the San Diego Padres. Until this season, he was with the Pittsburgh Pirates. A pretty good pitcher he is, but he enjoyed much greater success with the Pirates than he has this year with the expansion team, last place Padres.

Bob referred to the Sisk pitcher as "my boy" when his record was good prior to this year, but this season when he went winless in his first eight or so decisions, we noticed that Bob called him that "Sisk boy."

Maybe it was all our imagination, but it seemed there was some difference there some way.

The pitcher, whose given name is Tommie, is the son of a nephew of Bob's, as we understand the connection. He's from Oklahoma.

The G. A. Bandys have, or did have, a horticultural oddity at their house on the Oklahoma Lane Road. They had a watermelon growing in a tree, according to information we received here.

Of course, there was a watermelon vine attached to the melon, but nonetheless, they did have a watermelon growing in a tree.

The tree incidentally, was doing double duty in the production department as it was of the fruit variety.

We've bitten off more than we can chew, it seems now, with this football contest prediction business we stumbled off into.

For nine years we knew better than to get in on this game and why we decided, in the 10th year, to try our luck we haven't decided yet.

Anyway, after two weeks, we've picked 10 winners out of 19. A man flipping a coin should do that well, frankly, but we agreed to keep trying as long as we could keep our average at the .500 mark or better. So, with that kind of a deal made, we're in a position to make our choices for at least one more week.

This game, like most of them, is a dang site harder once you get in it than it is when you're sitting on the sidelines watching and criticizing. That information will probably come as no surprise to regular participants in the contest. In the first place, it really is somewhat difficult and in the second place, a certain amount of luck is required to consistently stay near the top in the standings.

Here's the way we see this week:

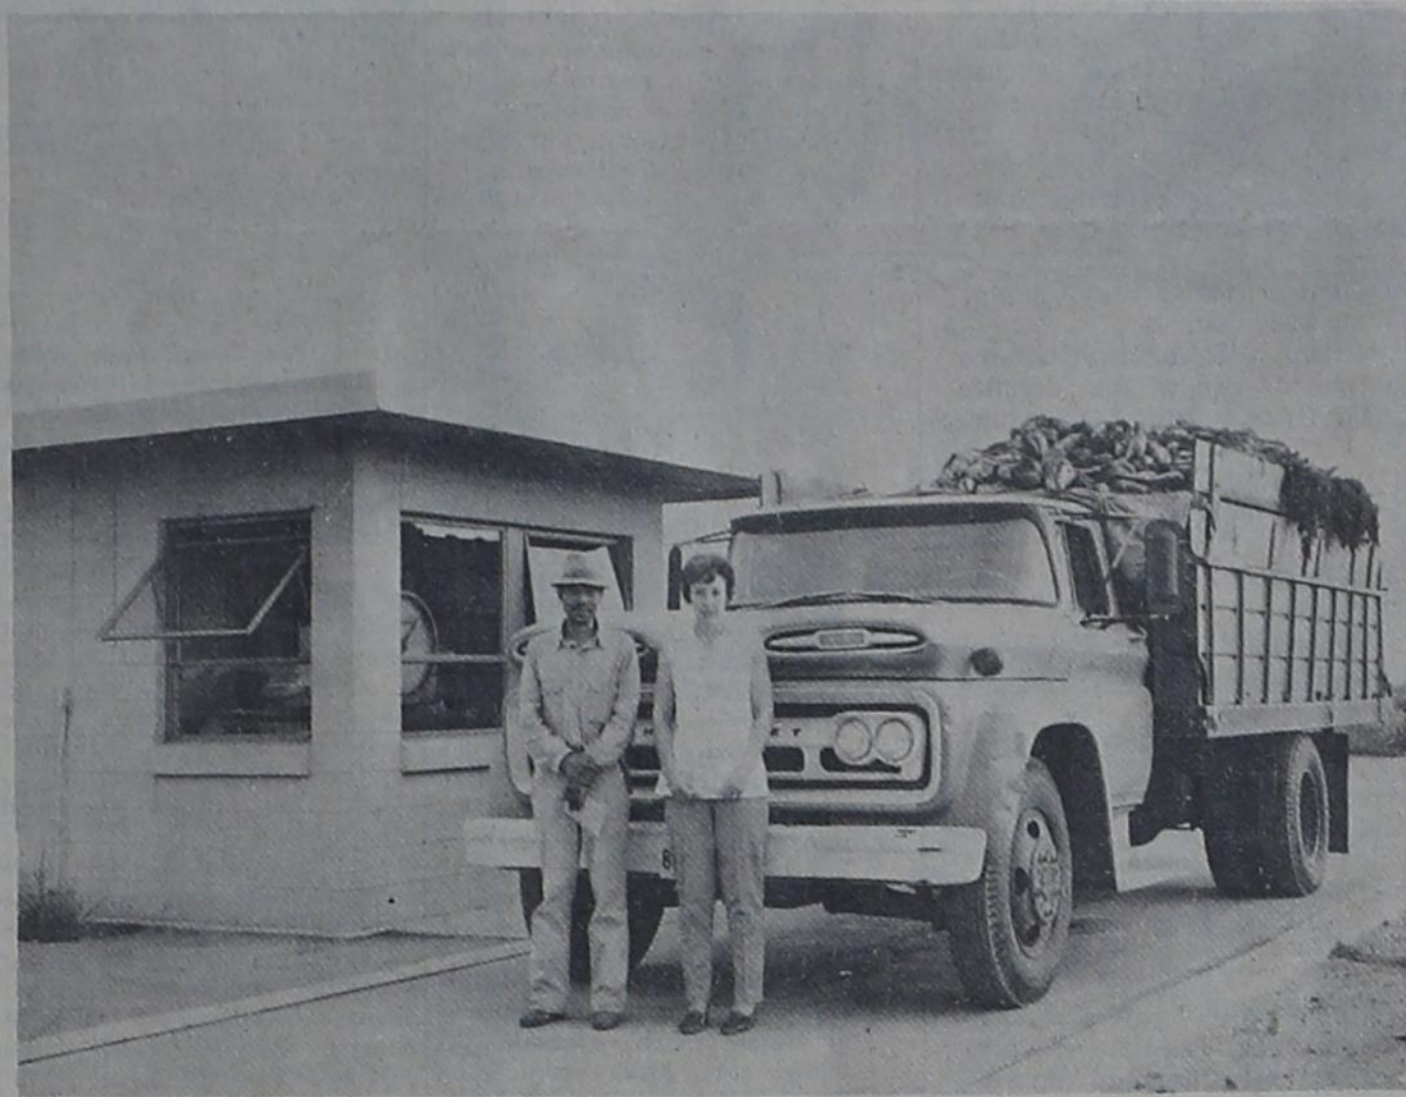

Petersburg at KRESS --- The Kangaroos have won twice now and figure to be a stronger team in our District 3-A than most people thought at the beginning of the season. Once a Class A power, Petersburg seems to be just another team now.

SUDAN at MORTON --- The Hornets are plenty tough again and won't let the Indians slip up on them especially since this is another of those "down" years for Morton. Sudan has to be looking forward to the state playoffs again even though they haven't yet won this aforementioned District 3-A.

Vega at HAPPY --- The Cowboys are better than they appeared when they played here last week. They'll be tough to beat on their home field. Frankly, we think this game is a tossup, but we don't have nerve enough to pick a tie yet.

Plains at FARWELL --- The Steers aren't going to lose to many Class A teams, especially this early. Plains has a better reputation than it does team this year, too.

FRIONA at TUCUMCARI --- We've been wrong on Friona twice now and probably this will make the third time. Still, (Continued on Page 2)

WEIGHING IN --- The first load of sugar beets arrived at Bovina's Holly Sugar station Monday morning from the Clarence Johnson farm at Oklahoma Lane. Alvin Lopez, left, received his papers from Mrs. Christene Mann, who operates the scales.

★ ★ ★
Monday --

Beet Harvest Gets Underway

Sugar beets came rolling in Monday, the first day of the 1969 harvest in the area.

First load arrived at the Holly Sugar station in Bovina at 9:15 a.m. Nine tons of beets were delivered from the Clarence Johnson farm, four miles east of Oklahoma Lane. The load was dug that morning from a half-acre tract from the 68 acres Johnson has under contract to Holly Sugar.

Alvin Lopez was driver of the Johnson truck.

Most farmers think they will have a better sugar beet crop this year, although a few have expressed doubts that their crops will come up to par.

Report on the sugar content the first day of receiving beets here had not been made by mid-week.

Deadline Oct. 15 --

First Freeze Contest Opens

Bovina's First Freeze Contest of 1969 is underway. This is the fifth year the contest has been held here, sponsored jointly by the Bovina Blade and Weatherman W. E. Williams.

All one must do to enter the contest is to write his or her prediction of the first killing freeze date on a post card, along with the date prediction is submitted, and send or bring same to the Blade office.

In case of a tie, the entry received first will be declared the winner.

Along with the title "1969 Champion First Freeze Predictor" goes a \$5 cash prize.

Deadline for entering the contest is Wednesday, Oct. 15. Johnnie Horn was last year's champion predictor, correctly setting the freeze date on Oct. 18. However, freeze dates have been widely separated over the four years of the contest's existence. In 1967, Cathie Trimble won with the prediction of Oct. 31. Mrs. E. L. Cochran picked an early date in 1966, Oct. 15, and won. The first year, 1965, Charles Smith won on a late prediction, Nov. 27.

Kesler Leads --

Norma Lusk Receives Grid Contest Prize

Mrs. Norma Lusk was the star performer in second round of Bovina Business Cotton Bowl Football contest, the only entry out of 192 that correctly named eight winners.

Billy Kesler, Bovina High student, emerged in front of all others with a total of 16 the first two weeks.

One game was "thrown out" of the contest this week after the Blade erroneously pitted Lazbuddie against Morton. Lazbuddie played Tatum, N.M., while Morton was scheduled to play Friona. Therefore, a perfect score in the contest would have been nine.

Eleven entries named seven winners. Winning second and

third on their tie-breakers were Darrell Read and Mrs. Pat Sherrill, respectively. Mrs. Lusk received \$5; Read, \$3; and Mrs. Sherrill, \$1.

Others naming seven winners were Betty Kesler, Mack McFarland, Rush Looney, Paul T. Jones, James Burnett of Weslaco, Carole Jean Wright, Buck Campbell of Gruver, Bill Kesler and Mrs. W. M. Roberts of Farwell.

It was a difficult week for football fans. College favorites were upset in several instances, bringing the average down for most contestants in the football contest.

Twenty-five named six win-

ners; 46 named five; 55, four; 45, three; and nine, two.

Behind Kesler in the two-week total is Larry Wardlow of Farwell with 15 games. A pack stands at 14, Paul Jones, Betty Kesler, Norma Lusk, Frances Allen, James Burnett, Allen Cumpston, Mary Priest, Mrs. W. M. Roberts of Farwell, Janie Sudderth, Pat Sherrill and Larry Webb.

Contestants are reminded, however, that 11 more weeks remain in the 10th annual event here, with the grand prize being a trip for two to the Cotton Bowl game in Dallas.

Until that time when a grand

Expect Average Yield --

Rains Dampen, Delay Area Milo Harvest

"Grain harvest will be a little slower getting started this year," say elevator operators in Bovina.

In Bovina --

Mrs. Blalock Rites Tuesday

Mrs. Rosa Blalock, 79, a resident of Bovina for 37 years, died at 7:30 p.m. Saturday in Memorial Hospital, Dumas, following a long illness.

Funeral services were held at 2:30 p.m. Tuesday in First Baptist Church of Bovina with

Rev. Ken Moore, pastor, officiating. Burial was in Bovina Cemetery under direction of Claborn Funeral Home.

Mrs. Blalock was born June 18, 1890 in Austin. She was married to the late Hinton Blalock Sept. 23, 1911 in Rush Springs, Okla.

They came to Bovina in 1930 from Marlow, Okla. A retired farmer, Mr. Blalock died in 1963.

Mrs. Blalock moved to Dumas in June, 1967.

Survivors include four daughters, Mrs. H. F. Free of Dumas, Mrs. Bill Green of Etter, Mrs. David Wines of Bovina and Mrs. Harold Brown of Clovis; four sons, Clyde of Bovina, Bob of Goldsmith, Walter of Hobbs, N.M. and Sgt. Glen Blalock of Fort Worth; two sisters, Mrs. Tom Bennett of Chickasha, Okla. and Mrs. Charles Ingham of Saint Ignace, Montana; 22 grandchildren and 14 great-grandchildren.

MRS. ROSA BLALOCK

For Enid Trip --

Band Boosters Plan Finances

Band Boosters Club held its first meeting of the year Monday night in the school library and began making plans to send the Bovina High School Band to Enid, Okla. April 30, May 1, 2.

Mrs. Chuck Stallings, president of the organization, presided.

Other officers are Mrs. Leon Grissom, vice president, and Mrs. J. D. Stevens, secretary-treasurer.

Financing the band to the Enid band camp was discussed. Tentative figures indicated that about \$3,000 will be required for the trip. The Boost-

ters now have approximately \$1,300, Mrs. Stevens reported.

A pancake supper preceding the Bovina-Nazareth football game was discussed. Mrs. Leon Ware is chairman of the finance committee. She also explained the possibilities of holding a Halloween candy sale.

Membership cards will not be sold this year, which have served as a season ticket to band concerts. Instead, members de-

Weather By Willie

Nice weather now, cool. I think October will be a beautiful month. ---Willie

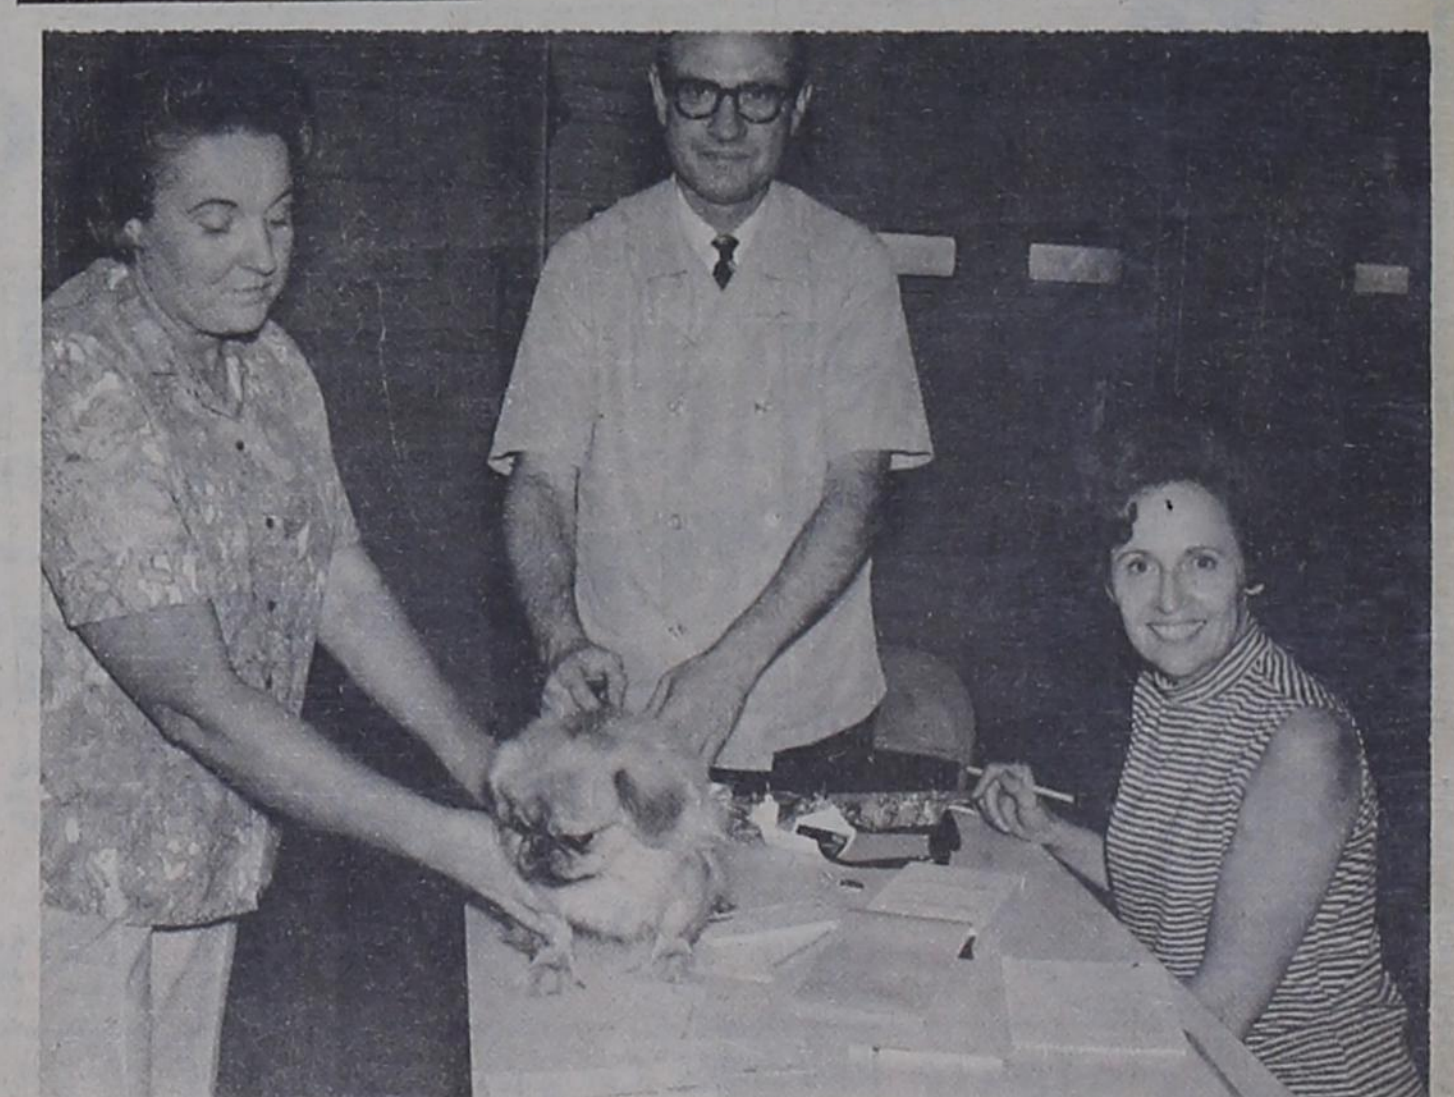

TOP ENTRY --- Mrs. Norma Lusk was the only competitor this week to name eight winners in the 10th annual Bovina Business Cotton Bowl Football Contest. She received the \$5 first place award.

★ ★ ★

Weather By Willie

Nice weather now, cool. I think October will be a beautiful month. ---Willie

SHOT DAY --- Mrs. Wilfred Sikes holds her Pekingese, Pee Wee, as Dr. B. L. Russell's needle shoots home Friday during the hours set aside for vaccinating pets for rabies. Mrs. Neal Mager registered the animals and issued rabies tags. The event was sponsored by Bovina Chamber of Commerce and Agriculture. A total of 47 pets were vaccinated.

2 Accidents At Highway Intersection

The site was the same and the situation basically the same when two automobile accidents occurred during the past week.

About 3 p.m. Tuesday E. M. Ross collided with a pickup at the corner of FM 2290 and U.S. 60, lost control of his 1965 Ford, went through Charles Oil Co. driveway and struck two awning posts at the Dairy Freeze.

City Marshal Ronald Mitchell said Ross, traveling south on FM 2290, failed to see a 1952 Chevrolet pickup traveling east on U.S. 60, driven by Armando DeValle of Bovina. The Ford hit the left front of the pickup.

About \$315 damage was estimated to the Dairy Freeze, \$300 to the pickup and from \$500 to \$600 to the Ross automobile.

During the noon hour Friday, Ralph Roming was traveling south on FM 2290 in a pickup, failed to see a Ford automobile, driven by a New Mexico man, and hit the left side behind the door of the driver's side.

The New Mexico car was also traveling east on U.S. 60.

The accident was investigated by the Texas Highway Patrol.

.14 Rainfall During Week

Damp, drizzling weather under cloudy skies has dominated the past week in the Bovina area.

Wednesday night .14 of moisture was measured, reports Weatherman W. E. Williams.

Since that time, Bovina area has missed out on the downpours that has plagued portions of the Panhandle and South Plains. However, continued heavy dew and drizzle have kept the area wet.

Skies were sunny and clear Tuesday morning, giving some hope of a weather break.

Vet 'Shoots' 47 Animals

A total of 42 dogs and five cats went through the line Friday afternoon at Bovina Fire Station, receiving their annual rabies shots.

Dr. B. L. Russell, Clovis veterinarian, was here for that purpose under sponsorship of Bovina Chamber of Commerce and Agriculture.

"The Chamber of Commerce

made arrangements for the rabies vaccines as a public service," said Neal Mager, president of the organization, which receives no monetary gain from the project.

City license tags should now be obtained for those pets receiving their shots. These may be purchased at City Hall for \$1 each.

we think Texas plays a better brand of football than does New Mexico. Didn't Plainview beat Clovis and Lazbuddie beat Tatum?

Texas Tech at TEXAS U. --- Tech folks, we appreciate everyone of you and will go with you as far as we can, but you have to remember that we're fighting to keep our prediction average above the halfway point. S.M.U. at Michigan State --- Twice we've gone with the Methodists and twice we've been wrong. The third time's the charm.

North Illinois U. at WEST TEXAS --- You can't slip up on Joe Kerbel and company two weeks in a row.

TEXAS A&M at Nebraska --- What did you expect?

Baylor at GEORGIA TECH --- The Bears are going to do better, but not yet. This Tech team beat S.M.U. last week.

FISH TREAT

Weight-watching? There are many delicious, nutritious and low-calorie fish dishes your family can enjoy while you battle the scales. Try this taste treat from A.I. Sauce Co. home economists:

BAKED SALMON STEAKS

1 1/2 lbs. salmon steaks, cut 1/2" thick
 1/4 cup milk
 1 tbsp. A.I. Sauce
 1 1/2 cups dry bread crumbs
 4 pats margarine
 parsley, radishes, lemon wedges

Have steaks cut into 4 uniform pieces. Mix together milk, A.I. Sauce. Dip fish in mixture, roll in crumbs until thoroughly covered. Arrange in greased shallow baking pan. Dot with margarine. Bake 10 minutes in oven preheated to 500°. Arrange on platter with radish rosettes, parsley. Serve with lemon wedges. Makes 4 servings.

Reflections
 From
The Blade

TEN YEARS AGO
 September 23, 1959

First cotton bale of 1959 was brought to Bovina Thursday. It came from Johnie Horn farm eight miles north of Bovina. Bovina FFA's booth on "Producing Quality Cotton" earned a fourth place award at Tri-State Fair in Amarillo this week, Roy Crawford, FFA advisor, announces.

Bovina High Student Council met Wednesday for their first meeting of the school year and set the date for the annual football homecoming event to be Oct. 16. Mustangs will meet Hart that night.

Bobby Speir will serve as president of Bovina High Chapter of Future Farmers of America during 1959-'60.

"First Baptist Church is still without a pastor although the pulpit committee has interviewed one or two without definite results," reports Connie O'Brien, chairman of the pulpit committee.

A panel discussion, "Let's Get Acquainted With Our School," is the program scheduled for the PTA meeting Monday evening.

Marilyn Turner and Lynn Looney were initiated into the Order of Rainbow for girls Monday evening.

A Week of Prayer was conducted by WMU of First Baptist Church beginning Monday. "More Like the Master" was the theme of the program carried out each day.

A Lazbuddie boy, Richard Chitwood, has won the State Fair Award Honor for his work in 4-H Club.

James Clayton, 170-pound junior tackle, who was a standout on both offense and defense, and Jerry Barron, 140-pound senior fullback, who scored the first Bovina touchdown, were named outstanding players after the win over Whitharral.

SIX YEARS AGO
 September 26, 1963

Parmer County's first bale of 1963 cotton was ginned at Lawlis Gin Co. in Bovina Thursday of last week. The bale was produced by Bill Roberts, who farms five miles north of Farwell.

Ed Hutto was the only one of 139 contestants to name 10 winners in last week's Bovina Businesses Cotton Bowl Football Contest.

Bovina Mustang Band is back in action this year after being absent the past few years.

Director of the maroon and white band this year is Joe Wayne Harper.

The Bovina Mustangs picked up their first win of the three-week-old season here Friday night as they walloped the Whitharral Panthers of District 2-B, 25-6.

Mr. and Mrs. Dean McCallum entertained several couples with an evening of bridge last Tuesday.

Jackie Dane is president of Bovina High Student Council. He was named, along with other officers, at a recent election at the school.

Bovina Lions Club treasury is more than \$200 richer as a result of the organization's annual broom sale which was conducted Friday.

Oct. 18 is the date set for homecoming of ex-students of Bovina High School.

Mrs. Jerry Burnett was honored with a bridal shower Saturday afternoon in Fellowship Hall of Bovina Church of Christ.

Parmer County's private and commercial feeding operations-- which have undergone extraordinary growth in the past five years -- will be under the inquisitive eye of a special delegation from the West Texas Chamber of Commerce next month.

Looks very much like we have a chance to get under another good shower by Monday.---Willie.

STRIKE BACK AT LIGHTNING

Lightning is nature's most striking phenomenon, as the pun goes. It strikes the earth six thousand times a minute. In just the brief period it took you to read this, lightning has struck the earth somewhere a hundred times.

There's nothing you can do to make it go away, but there are, for instance, a number of things Americans can do to reduce the 600 fatalities in the U.S. each year and the more than \$100 million in property damage caused by lightning.

The precautions we can take are simple in regard to saving our lives and inexpensive in regard to protecting our homes and valuable appliances.

For your own protection

HOME LIGHTNING PROTECTOR, tennis-ball size, protects against lightning surges, which can channel thousands of destructive volts of electricity into the electrical wiring of your home.

When caught outdoors in a thunderstorm, here are a few easy rules to follow: avoid hill-tops, isolated trees, wire fences or small exposed sheds. At home, stay away from open doors and windows, fireplaces, and electrical equipment. Do not take a shower or bath during a thunderstorm and avoid using the telephone.

When lightning is striking near your home, don't choose that moment to unplug appliances. If you do, you are putting yourself in the same danger from which you are seeking to protect your appliances.

LIGHTNING STROKES, shown in time exposure, occur 9,000,000 times over land or sea every 24 hours -- or 6,000 times a minute.

--a surge of lightning current through the house wiring.

It is this danger from lightning surges, rather than a direct hit by lightning, that causes the most damage in the home. While lightning rods can protect your home from damage by direct lightning strokes, insurance statistics reveal that 75% of damage claims resulting from lightning activity are the result of electrical surges. They can be caused by either direct strokes of lightning to the power line, or near misses, both of which can channel thousands of destructive volts of electricity into the electrical wiring of your home. These surges can puncture, burn, melt and destroy any wiring, appliances, and other electrical equipment.

You can now protect your house wiring and appliances from lightning surges with an inexpensive home lightning protector. The tennis ball sized device, developed by General Electric, is connected at the service entrance fuse or breaker box. This device channels the destructive voltage surges harmlessly to ground in a fraction of a second. It can be installed by any qualified electrician, and is the only one of its kind listed by Underwriters Laboratories, Inc.

Unlike a fuse, it works over and over again. Most electrical contractors and distributors throughout the U.S. can supply

you with the GE Home Lightning Protector. The cost for the device is no more than two good seats at the Astrodome.

With the tremendous investment most homes and appliances represent today, and the \$50 deductible insurance clause presently in effect in most states, you can't afford not to spend the small amount on a home lightning protector to protect against lightning surges. The \$12 cost, plus installation, is small compared with the value of your home, or just any one of the many electrical appliances you own.

Creative Coloring

Art critics occasionally scoff that "even a child" could produce some of the pictures that draw fantastic sums from collectors.

And sometimes they're right.

Those oddly-shaped little stick men children crayon, closely resemble figures that were scratched in caves nearly 50,000 years ago.

And a portrait done by a child that places the nose

creative, and now there's a crayon that will stimulate their imaginations even more. It's the jumbo Chunk-O crayon, which is spotted and speckled. With just one stroke it streaks all the colors of the rainbow.

It's as up to the minute as today's sparkling psychedelic pop posters.

So next time your child colors a green-faced cat, or a speckled spectator, save the sketch.

"Even a child" might create a masterpiece.

Children's coloring is highly

USE OF ANTIBIOTICS IN FOOD PRODUCING ANIMALS - RE- STRICTED

Regulations restricting the use of injectable antibiotics in food producing animals have been issued by the Food and Drug Administration effective June 16, 1969. The FDA proposed the restrictions on the use of antibiotics in food producing animals in April 1968 because of the potential human health hazard from residues of these drugs in meat, milk and eggs.

The regulations prohibit the use in food producing animals of injectable tetracycline hydrochloride, chloramphenicol, some forms of penicillin and bacitracin. The FDA said that it will continue to permit the use of injectable streptomycin and dehydrostreptomycin, either alone or in combination with certain forms of penicillin, provided there is a 30 day withdrawal period before treated animals are slaughtered.

Veterinarians and livestock producers continue to use streptomycin and dehydrostreptomycin while studies are being made to determine whether a safe tolerance can be established for residues of those drugs, the FDA said. Revised labeling for streptomycin and dehydrostreptomycin, specifying the 30 day withdrawal period was to be submitted to FDA by August 15, 1969.

Antibiotics used in food producing animals that are not authorized for use by food additive regulation will be subject to regulatory action after November 13, 1969.

PRUSSIC ACID IN SORGHUMS MAY POISON LIVESTOCK

Recent rains over much of the area have brought on regrowth of sorghums, sudangrass, sudan, sorghum hybrids and Johnsongrass that suffered from the dry weather this summer or that was recently harvested. And this situation may pose a threat to grazing livestock.

New growth on sorghums sometimes develops a high prussic acid content and becomes a hazard to grazing animals. The same situation develops when the growth of these sorghums is stopped by a freeze or frost. So farmers are urged to keep an eye on their stock for the next few months if their animals are grazing any of the different sorghum types.

Prussic acid acts quickly in the digestive tract of an animal. Death results from suffocation, since the poison prevents the exchange of oxygen from the blood to the tissue.

Forage containing prussic acid can be fed safely if it is cut and allowed to cure completely in the field, or if it is put up as silage and not fed for several months. Mature plants with few suckers are seldom dangerous if growth has been normal. Grain sorghums or sudan stubble regrowth grazed in late fall can be very dangerous.

ARMYWORMS ATTACKING CROPS, LAWNS

During the past several days armyworms have been reported on lawns and certain crops on the High Plains, reports Dr. Bill Clymer, Extension area entomologist headquartered at Lubbock.

Most of these reports have involved the fall armyworm or the true armyworm. These insects are similar in appearance and habits and attack small grains, grain sorghum, corn, grasses and other such crops.

There may be several generations each year with the larval stage lasting 10-25 days during which time the larvae reach a length of 1 - 1 1/2 inches, explains Clymer. When the larvae are full grown, they burrow into the soil and go through a pupal stage or rest period.

The adult female emerges usually within two weeks but this is dependent upon the temperature. The adult generally flies some distance before laying the eggs. Each adult female lays about a thousand eggs.

Full grown fall armyworm larvae vary in color from light tan or green to nearly black, adds the entomologist. They have three yellowish - white hair lines down the back from head to tail. On the side next to the yellow lines is a wider dark stripe spotted with red. A prominent white inverted Y is on the front of the head.

Large numbers of fall armyworms can destroy entire fields or lawns and then often invade adjoining areas. Buildups are heaviest after cool, wet weather. However, when host plants are limited by dry weather, fall armyworms may be found in large numbers in grain sorghum or small grain fields. Areas that have been irrigated or that are in a lush green growing condition are especially vulnerable to infestation.

Armyworms receive their common name by their habit of moving in large numbers in search of more favorable feeding conditions. These larvae can often be seen crawling across turnrows and irrigation ditches.

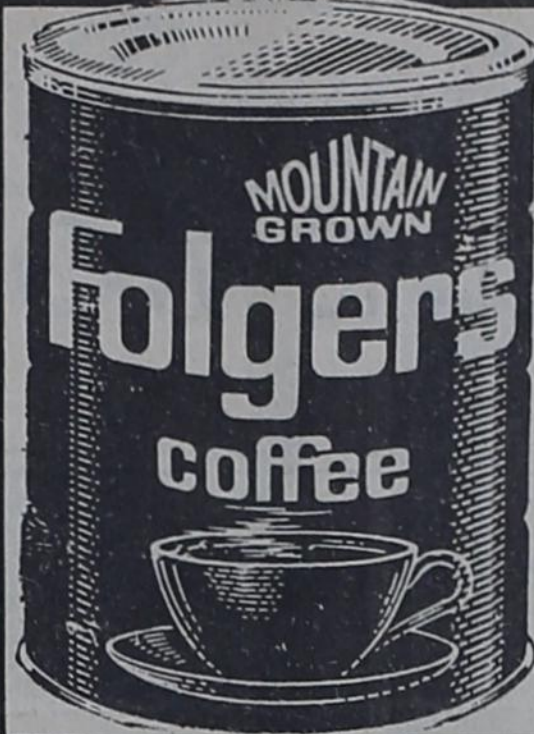

A generation is possible this time of year, but oncoming cool weather, especially in the northern counties, will reduce the chance for future adult development. Armyworm problems will disappear almost completely as we get into the late fall season.

Cultural control by shallow cultivation is effective when the larvae have become full grown and have entered the soil a few inches to pupate.

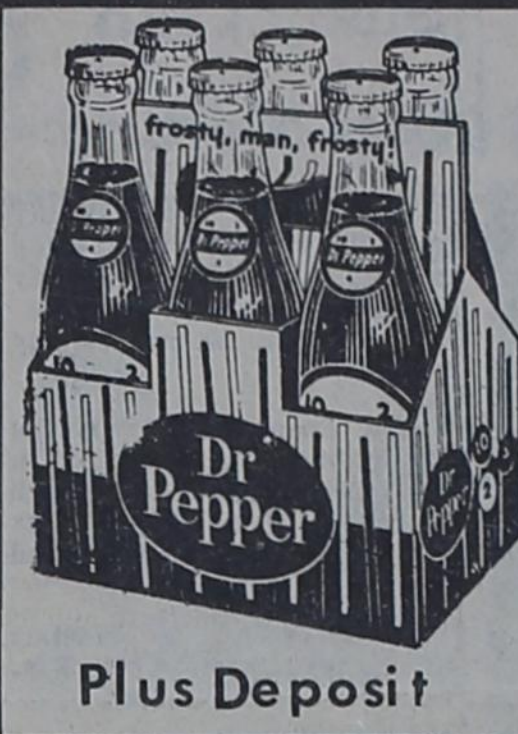

Insecticidal control of fall armyworms is accomplished most effectively when larvae are small. Several applications of insecticide may be required to control larger larvae.

Producers should use care in the selection of insecticides for use on small grains that are to be grazed. Materials recommended for use are: Sevin, Methul Parathion, Parathion, Toxaphene.

PARMER COUNTY'S FINEST

Cook's Corner

MRS. LLOYD GOBER

Mrs. Lloyd (Frances) Gober is this week's cook of Bovina. Although she has lived in Bovina only six years, she is a native of this area. Mrs. Gober moved to the Oklahoma Lane community before she started to school with her parents, Mr. and Mrs. Jack Roach.

She attended the Oklahoma Lane schools. After her marriage to Lloyd Gober, the couple farmed in that community. Six years ago they built a new home on Seventh Street and moved to town.

Besides cooking, Mrs. Gober also enjoys sewing. She is an avid sports fan and can be spotted at almost any Bovina High School athletic activity.

Mrs. Gober is the mother of two children. Lane is married to the former Miss Candy Fleming and is a junior at Texas Tech where he is a pre-med major. Kim is a sophomore student in Bovina High School.

She submits the following recipes as a few of her favorites.

DANDY APRICOT BARS
 2 1/2 cups cooked drained apricots
 3/4 cup sugar
 1/4 cup water
 2 cups sifted flour
 1 t. salt
 1/2 t. soda
 3/4 cup butter
 1 cup sugar
 1 1/2 cup flaked coconut
 1/2 cup chopped pecans

Combine cooked apricots, 3/4 cup sugar and 1/4 cup water. Cook five minutes stirring occasionally. Cool. Sift flour, salt, soda together. Cream butter, gradually adding one cup sugar. Blend in dry ingredients. Stir in coconut and pecans. Press 3 cups of this crumbly mixture in bottom and half way up sides of a greased 13 x 9 inch pan. Bake at 400 degrees for 12 minutes. Spread apricot mixture over this crust and sprinkle rest of crumbly mixture over top. Bake 25 minutes more at 400 degrees. Cool and cut in squares. Top with whipped cream if desired.

BERREKS (German Dish)
 1 lb. ground beef
 1 medium head cabbage (shredded)
 1 large onion (diced)
 Salt and pepper to taste.
 Dash of garlic salt.
 1 loaf frozen yeast bread risen at room temperature.
 Brown meat and onion together. Add salt, pepper, garlic salt. Add shredded cabbage to browned meat and fry slowly about 30 minutes or until cabbage is tender. Roll out bread in a thin 6 X 6 inch square. Spoon approximately one-half cup of cabbage and meat mixture on dough and pinch corners together tightly. Bake at 350 degrees approximately 20 minutes until brown.

EASY POUND CAKE
 6 eggs
 2 cups sugar
 2 cups flour
 1 cup butter
 2 t. vanilla
 Beat eggs until fluffy. Add melted butter, sugar and vanilla. Beat. Stir in flour last and mix well. Bake one hour at 350 degrees in tube or bundt pan.

CHICKEN A LA KING
 Brown in butter three table-spoons green pepper, chopped. Add one can mushroom soup, one can water with one table-spoon flour. Stir. Heat until thickens. Add two cups diced chicken and 1/4 cup diced pimientos. Heat again and serve over toasted bread.

Study Club Sets Meeting

"Learning Responsibility from the Collect" will be the topic of the program Thursday afternoon at the regular meeting of Bovina Woman's Study Club.

Mrs. Rouel Barron will give the history of the collect. Mrs. Jack Clayton will review club books and Mrs. Charles Ross will review the constitution and bylaws.

Hostesses for the meeting will be Mrs. Charles Corn, Mrs. Lowell Boozer and Mrs. Gerard Bradford.

Mrs. Wilson Has Bridge

Mrs. Robert E. Wilson was hostess to the Thursday Bridge Club in her home last week. Mrs. Vernon Estes won high prize and Mrs. Durward Bell, low. Attending were Mmes. Charles Brock, Jimmy Clements, C. D. Anderson, Jr., Bedford Caldwell, Bob Estes, Johnnie Horn, Cap Nagle, Neal Mager, J. E. Sherrill and A. M. Wilson.

Apricot cheese cake, dips, chips, cheese plate and crackers were served.

Girl Born To Gonzales

Mr. and Mrs. Martin Gonzales are parents of a daughter born at 7:28 p.m. Saturday, Sept. 13, in Parmer County Community Hospital.

Weighing seven pounds, 15 ounces, she has been named San Juanita.

Dance Set Homecoming

A homecoming dance for school students will be held Friday, Oct. 10, immediately following the football game. The event is scheduled to begin at 10 p.m. and continue until 1 a.m.

The "Continental Mind" of Amarillo will furnish music for the dance. Admission will be \$1.50 each.

Marriage Licenses

A permit to wed was issued to David George Crittenden and Willa Dean Gibson on Sept. 17.

Community Conversation

Mrs. Howard McElwany and Kay Stone, both of Amarillo, and Ken Stone of Frisco were here Friday night to attend the Bovina-Happy football game. Mrs. McElwany is the mother of Mrs. Roy Stone.

Ed Hutto underwent back surgery Saturday morning in St. Paul's Hospital, Dallas. Word received here by friends indicate he may be able to come home this weekend.

Of Interest To THE WOMEN

Luncheon, Program Open Year

A covered dish luncheon opened the year for Woman's Society of Christian Service Tuesday, Sept. 9, in Fellowship Hall of United Methodist Church.

A program in the parlor of the church followed the luncheon. Mrs. John Dixon, vice president, presented the history of the society. The purpose of WSCS was told by Mrs. L. J. Fowler, chairman of the Spiritual Growth committee.

Mrs. Rouel Barron, president of Bovina's WSCS, gave a resume of the studies for the year and led a litany entitled "No One Dare Use."

Alter Society Schedules Turkey Dinner Nov. 2

St. Ann's and St. Teresa's Alter Society made plans for the annual turkey dinner at a meeting Sept. 15 in Parish Hall.

Eighteen members and a guest, Mrs. Ben Merman, attended.

The dinner will be held Nov. 2 from 11:30 a.m. until 2 p.m. in St. Ann's Parish Hall. Plates will be \$1.50 each and there will be door prizes.

Following the meeting Mrs. Jerry Eakins, president of the society, was honored with a pink and blue shower.

A booth of baked goods and needle work will be set up. Prizes will be given away during the dinner.

The Alter Society also viewed films on sex education to give their opinion on whether they wished them shown their children. A decision will be given later to Father Gerald Dunford.

Scopin' - - - - - By Pat Jacobs

This is the "contestiest" town yet. That's what we've been telling the boss since beginning work here.

No sooner do we get the football contest underway, than we break out the first freeze one. When all that's over, it'll be Christmas decorations.

From then on, things get pretty dull. 'Bout time someone thought up another one to brighten up the winter and spring months --- like the first "plantin'" rain -- or who will draft the O. J. Simpsons -- or something. (On the later, the tie-breaker could be a salary prediction.)

Actually, contests are fun --- and we don't mean to be pokin' same.

These deals create a lot of interest.

Up in the hills of Colorado, in a store here and there, are thumb-tacked post cards of the Muleshoe mule. This is great Chamber of Commerce work.

In fact, already doing a little work on our own, several have told us they'll add one of the Bovina bull, when and if we have the post cards.

Down in Artesia, N.M., the great nephew of the Richards boys is carrying on family tradition.

Says the news story in Artesia Daily Press: "He started the car, put the automatic transmission into gear and took off at a calm, calculated speed down the street from his house."

"He was three years old. Shortly thereafter the auto, piloted by this rather inexperienced driver, angled across Twelfth Street, jumped a curb and plowed into an ornamental wire fence owned by Walton Isaacs."

The driver was Mark Thomas Brewer, son of Mr. and Mrs. James Thomas Brewer. The mama is a niece of the Richards.

Uncle Possum says she was keeping the whole thing quiet --- until the story appeared on Page 1.

He's still laughing.

Membership in Bovina Booster Club now totals about 65. There was a good turnout at last week's meeting, Prexy Wayne Spears says.

However, they'd like for more to join up --- including parents and other fans.

The club is doing its part to boost that fightin' Mustang spirit (i.e. the signs in players' yards). Members also get a bird's eye view of each game, via film, at the weekly meetings.

At Home In Parmer County

By Janice Miller
County HD Agent

Well meaning friends and relatives may slow the recovery of hospital patients and reduce the effectiveness of hospital employees. A special physician - clergy committee for a county Medical Society recommends strict visiting hours and allowing only two visitors at one time.

Could you use any of these special name pieces?

An upholstered folding rocker, game table for two, a gossip chair. These are from a group of special use and special name pieces of furniture available on today's market.

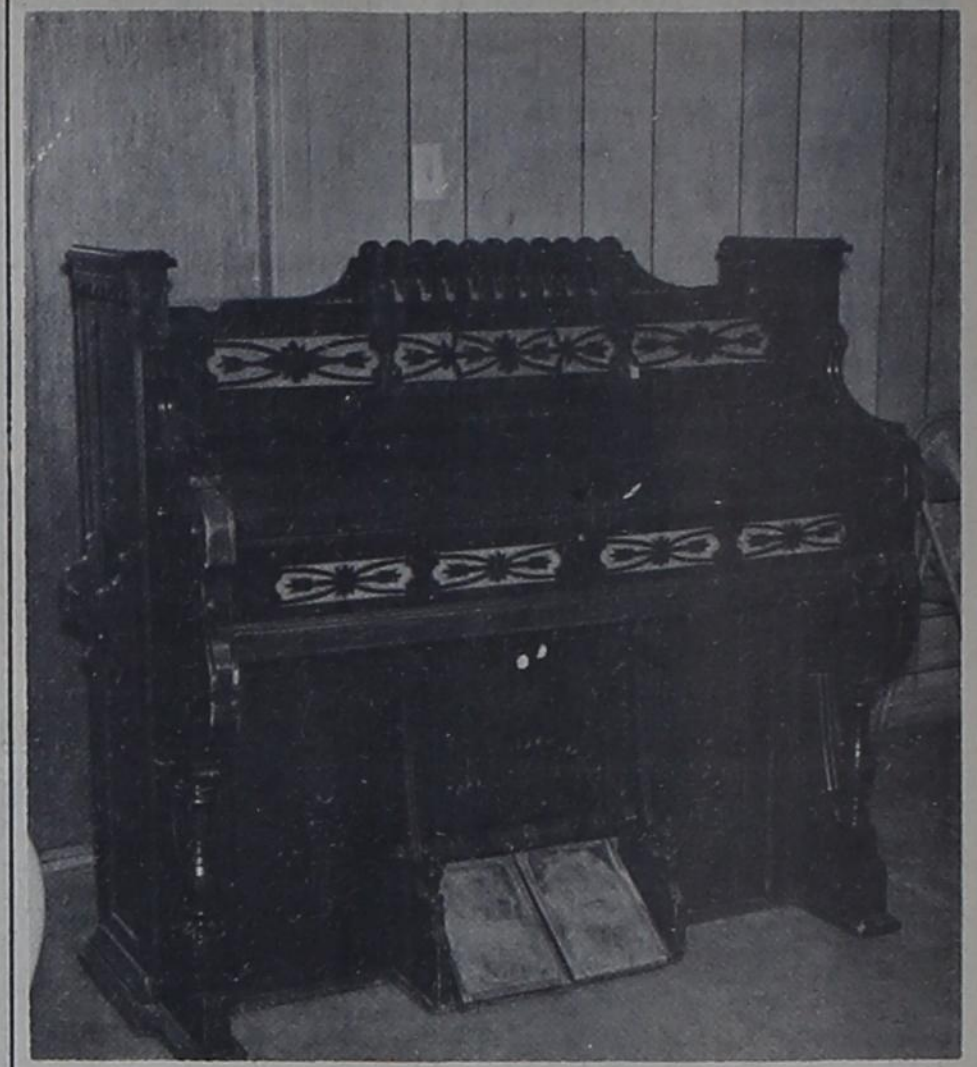

Bacteria aren't all bad. They make sauerkraut, cheese, pickles, sausage, yogurt, salami and cultured butter and buttermilk possible.

The stationary game table for two is only 20 inches deep with an inlaid chess and checker board and pull-out side trays for drinks and cigarettes. It could be a drop-leaf end commode that is specially useful for small living rooms for extra surface and storage space.

Mrs. Lloyd Battey of Hereford visited Mrs. Pearl Moore here Wednesday of last week.

The "gossip" chair, called the Caquetteuse (from the French caquette meaning "to gossip"), has wide arms and narrow back, and could not be termed a conversation piece. Then there's the book and magazine bin you can carry from room to room. A compact cellorette that un-

ANTIQUE ORGAN --- An organ, patent date 1865, will be given away by St. Ann's Catholic Church, according to Father Gerald Dunford. The date is tentatively set for the annual Thanksgiving dinner. Donations of 25 cents each or five for \$1 are being accepted by Father Dunford at his home next door to the church, and by Marie Venable at Marie's Used Values on Main Street. The organ was given to the church by an out-of-town friend.

A message to those Americans who don't happen to think the land of milk and honey is going all sour.

Our country is in a strange mood these days. Uncertainty surrounds us. So what can you do about it? Well, first of all, maybe you should take a long, hard look at this country of ours. Maybe we should look at our healthy side as well as our ills.

And maybe, just maybe, you'll find we're not all that bad. Sure we have our problems. And they're not going to go away if you just stand along the sidelines as a spectator.

But they might start to go away if you seriously want to do something for your country. A U.S. Savings Bond is one way. Let's say you fork over \$18.75 of your hard-earned cash. Through a Payroll Savings Plan where you work, or at your bank. That will give you

a Bond that's worth \$25.00 in just 7 years. If you did that every month you'd stash away quite a nest egg for yourself. And so would your country. Your country would be economically stronger to find remedies for some of the headaches we have. While it's preserving something called freedom.

Something that's hard to appreciate. Until you lose it. Savings Bonds now have a new high interest rate of 4 1/2%. And buying them gives you the privilege of also buying the even higher interest 5% Freedom Shares in combination.

However you look at it, it simply makes a lot of sense to invest in your country. After all, it's the only country you've got.

"Pshaw, forgot my watch! I'll have to GUESS at the length of my sermon today."

The Final Beatitude

Read John 20:28-31

Blessed is he who experiences tangible evidence of his faith. Assured is he whose life has been dramatically transformed by his encounter with the living Christ.

Yet there is an even higher blessedness set forth in this last of Christ's beatitudes: "Blessed are those who have not seen and yet believe." (John 20:29). There are seasons of the soul when the light is dim and answers seem long in coming. How blessed is the one who can continue, not blindly, but with the vision of heroic faith!

We must often persevere in the darkness before we can find confirmation in the light. This was true of Jesus as Calvary. As Dag Hammarskjold has written:

When the morning's freshness has been replaced by the weariness of midday, when the leg muscles quiver under the strain, the climb seems endless, and, suddenly, nothing will go quite as well as you wish—it is then you must not hesitate.

He who does not "hesitate" will be truly blessed in and by his faith.

Matures Faster --

Topping Cotton Increases Yield

Cool, damp September days that have set a pattern for this month on much of the High Plains has caused some farmers to look for ways to "mature" cotton crops faster.

One answer could be cotton topping -- the process of removing a top portion of the cotton so that sunlight can penetrate deeper into the plant and help fiber development in the first-set lower bolls.

Jim Valliant, High Plains Research Foundation soil scientist, has shown in cotton topping studies over the past five years that topping can produce an increase in income.

In tests on Paymaster 111, Lockett 4789 and Acala 1517-BR2, topping has shown an adjusted per acre return increase of \$1.42 in Acala 1517-BR2 to \$6.13 in Paymaster 111.

Cotton yields ranged from an increase of 11 pounds in Paymaster 111 to a decrease of 21 pounds in Acala. "These figures indicate that the increase in income results from improved quality in the cotton topped," Valliant said.

Valliant said studies show

that by removing the lush, vegetative growth at the top of the plants, the sunlight penetrates deeper into the plant area increasing the temperature of the air surrounding the cotton. He pointed out that fiber development begins at a temperature of 70 degrees.

The topping also removes the bolls in the top of the plant that do not have time to mature before frost and which when mixed with mature cotton, lowers the over-all grade and micronaire.

Normally, cotton is topped during the first three weeks of September and Valliant said farmers could still use the topping technique to a worthwhile advantage.

Another benefit from topped cotton, Valliant said, was leaving the crop in a more uniform harvesting height.

Bovina, Rhea Election Set For Director

A director for Zone One of the Parmer County Soil and Water Conservation District will be elected Wednesday, Oct. 1, District Board Chairman Leon Grissom said this week.

Zone One includes all land in the Rhea and Bovina School Districts.

"All landowners and their wives in Zone One are eligible to vote," Grissom said. Ballots will be cast at the Rhea Grocery Store and Bovina Restaurant between 9 and 11:30 a.m., Oct. 1.

The new director will be elected for a five-year term. Part of his job will be to help promote the conservation of natural resources in Parmer County.

Other directors serving on the five-man board are: L. L. Grissom, Bovina; Alton Morris, Lazbuddie; Dick Rockey and A. L. Black, Friona.

Vernon Estes of Bovina is now completing a five-year term as director of Zone One.

'70 Program Lists Barley

Barley will be included in the 1970 feed grain program, according to official information from the local ASC office.

No doubt other provisions of the 1970 feed grain program will be announced in the near future, says Prentice Mills, ASC office manager.

Band Boosters --

(Continued from Page 1)

cided to charge admission to the two concerts scheduled for the school year.

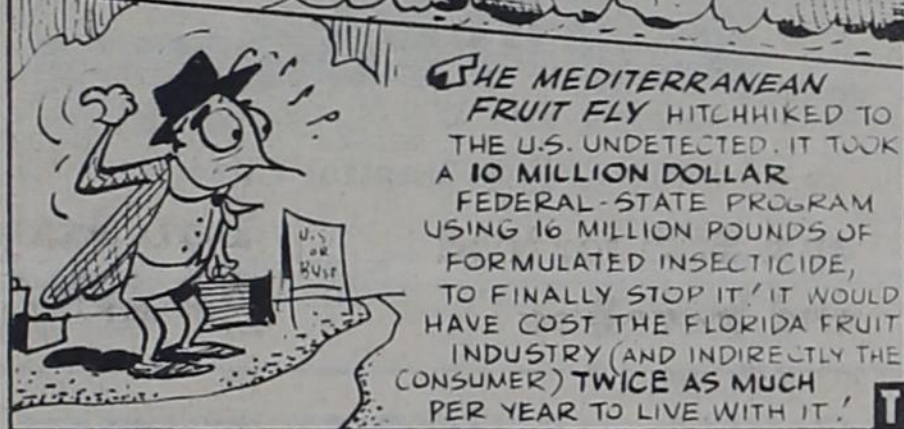

James Andrews, band director, said he expects to have approximately 65 members in the marching band for contests and concerts.

The organization, in other action, agreed to pay half of the motel bill incurred by Andrews when David Dixon participated in the state solo and ensemble contest in Austin.

About 25 members of the Band Boosters Club attended the meeting.

The next meeting will be held the last Monday in November.

Contest Rules

1. There are 10 football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Sunday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl game plus hotel, food and traveling expenses to Dallas and the January 1, 1970 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p.m. or postmarked by 5 p.m. Friday.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.

Bovina Vs. Lazbuddie --

Parmer County Game Here Friday Night

Both Teams Undefeated

A classy Lazbuddie Longhorn football squad will furnish the opposition for the Bovina Mustangs here Friday night in a gridiron tilt featuring Parmer County teams.

The Longhorns, who were district champions in Class B last season and had an 11-1 record, have another good ball club, according to reports and results of the outcome of their first two games.

One of those 11 victories last season was an upset, 20-16, win over the Mustangs, who were favored going into the game.

The boys from the east side of the county are unbeaten in two starts this year. They had an easy win over New Home in the season opener and made Tatum, N.M. victim number two last week.

Mustang Mentor Gib Hough says the Lazbuddie crew is "big and tough" and doesn't smile when he says it. They are led by their quarterback, Monte Barnes, who is an experienced 195-pounder. They also feature two other backs who weigh over the 170 mark and operate their hard-running at-

tack from a straight-T formation as did the Mustangs' first two opponents, Amherst and Happy.

The Longhorns slaughtered New Home, 49-0, and white-washed Tatum, 20-0.

If the Mustangs can make the

scoreboard bell ring here Friday night, it will be the first time the Lazbuddie goal line has been crossed this season. "Certainly, Lazbuddie is one of the top Class B teams in this area again this season," Coach Hough points out.

The closeness of the two schools makes for natural rivalry. A good crowd is expected to be on hand for the contest since the short distance will allow many Lazbuddie fans to be on hand to back their winning team.

Coach Hough expressed satisfaction with the way his team performed against the Happy Cowboys last week. "We showed great improvement defensively over our opening game with Amherst," he said. "Our entire defensive line did a good job, for the most part, against Happy."

Physically, the Mustangs are expected to be in good shape. Wingback Mike Beauchamp played in the Happy tilt with an injured finger, and it was not re-injured and is expected to be improved by the time of this week's game.

Last season was the first time for Lazbuddie and Bovina to meet on the gridiron since 1965, when both were in the same Class B district.

The Mustangs will be seeking their third consecutive win. Gametime is 8 p.m.

Seventh, Eighth --

Bovina Teams Up-End Hart

Seventh and Eighth grade football teams made a clean sweep of the Hart teams Thursday afternoon at Mustang Field.

The Eighth grade won 12-8 over the visitors, while the Seventh grade chalked up a 20-0 victory.

Coach Bill Nicholas' Eighth graders scored in the first quarter with Tailback Billy Shelby running around end from 10 yards out. Shelby hit paydirt again in the fourth stanza on the same play from seven yards.

Both extra point attempts, one by kicking and the other running, failed.

Hart scored in the final quarter of the game and was successful in running across two extra points.

Fullback Tony Serna gained yardage for Bovina on the ground. Defensive standouts

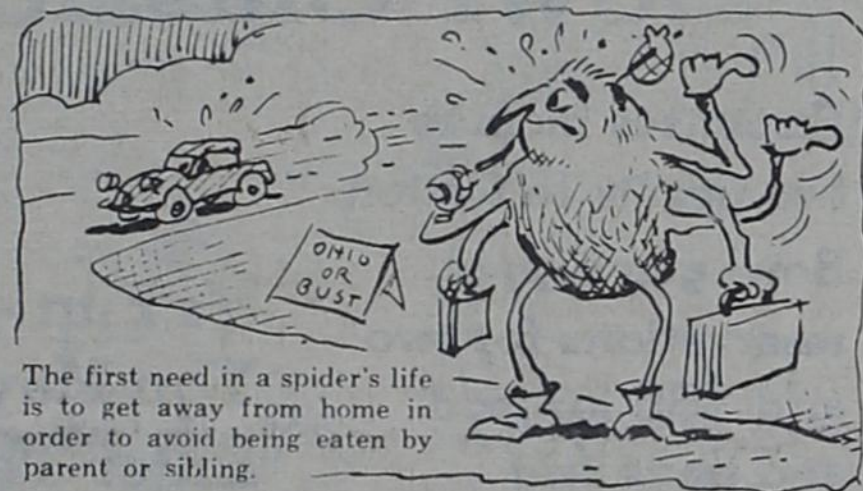

were Shelby, Keith Moore and Joe Delgado.

The Seventh grade team, under tutelage of Coach Truck Lusk, scored all three touchdowns on reserves around end.

Wingback Larry Haney crossed the goal line for all Bovina scores, once in the first quarter, again in the third, and repeating in the fourth quarter. Extra points run was successful, also by Haney, following the last touchdown.

The TD in the third quarter was set up by a 35-yard pass play from Quarterback Alton McCormick to Split End Manuel Chagoya.

Outstanding on defense were MLB Guadalupe Espinoza, Guards Joe Steelman and Gary Ward, Tackle Rush Looney and Haney.

The first need in a spider's life is to get away from home in order to avoid being eaten by parent or sibling.

★ ★ Pie Supper Set Friday

Bovina Boosters Club will hold a pie supper in the school cafeteria immediately following the Lazbuddie football game here Friday night.

Last week the club served 90 people at the event, according to Wayne Spears, president of the organization.

Proceeds from the pie supper, scheduled after each home game, will be used to buy film for the football tilts and other Boosters Club projects.

Certain Australian aborigines believe that they can lame an enemy by putting sharp stones or broken glass in his footprints.

Bovinians Happy, 26-14 --

Cowboys Get Bucked; Mustangs Win No. 2

The Bovina Mustangs bucked the Happy Cowboys off and then ran over them here Friday night, picking up their second win in as many starts in the 1969 season. The score was 26-14, but the game wasn't really that close.

The Ponies were playing their home opener and scored in each of the first two periods and pumped the score to 20-0 before the Cowboys got in on the point-making act.

Each team scored twice in the final stanza. Happy's last tally came with only 25 seconds remaining in the game and the Mustang defense was liberally sprinkled with reserves by that time.

Wingback Mike Beauchamp was the scoring star for the hometown team. He scored on runs of six and 14 yards and was also in on the paying end of a 27-yard pass from Quarterback Roy Ramirez.

Tailback Stuart McMeans got Bovina's other TD on a 13-yard scamper. McMeans was the workhorse of the Bovina offense, however. He carried the ball 28 times and picked up a total of 135 yards.

In spite of the success which the offense enjoyed, the defensive Mustangs were the stars of the show. They showed vast improvement over their play in the season opener the previous week against Amherst. The defensive unit allowed the Cowboys only two first downs in the first half and the second of those came on the final play before the half ended.

The Bovina team scored the second time it had possession of the ball. They took over after a Happy punt was killed on the Bovina 34. The initial score came in 10 plays with the longest gainer being a 30-yard stroll by Beauchamp from his own 49

JUST ONE OF 'EM --- Mustang Booster Club erected 53 signs in the area last week, one in the yard of each player and coach of Bovina High School's football team. Some yards boast more than one sign. Members of the Boosters Club made and painted the signs at last week's meeting of the organization.

to the Happy 21. McMeans carried four consecutive times from there and had the ball on the six yard line. Beauchamp sailed into the endzone and the Mustangs were in control. The snap from center was bobbled and Jackie Hall's attempted kick for the extra point was blocked.

The Maroon defense, led by Tackles Hall and Randy Barrett, kept the Cowboys from putting up a scoring threat through the remainder of the first half.

Bovina got its second touchdown late in the second period. It was set up by a break which gave the Ponies possession and a first down at the Happy 36.

Phil Sorley's punt was fumbled after the Mustangs had been forced to kick from their own 26. The ball got loose near the midfield stripe and when the dust had cleared the Bovinians had recovered and were in business at the Happy 36.

It was down hill from there to the house with the score coming three plays later. Beauchamp got seven to the 29 and McMeans added two more to the 27 to bring up third down and one. While the Cowboy defense was looking for the short gainer and an attempt to make the first down, Ramirez threw long to Beauchamp for the tally.

McMeans blasted through the right side of the line to tack on the extras and boost the score to 14-0.

The third quarter was scoreless as the teams battled evenly. Late in the third period, a determined Mustang defense forced Happy's punter, Joe Bill Dempsey, to kick the ball straight up for only a two yard boot, giving the Bovina team the ball at the Happy 45. Again the touchdown came in 10 plays as all the backs shared ball moving duties. Beauchamp went the

play of defensive ends, Bobby McMeans and Randy Chisum as well as that of Guard Mike McMeans and Joe Don Stevens.

McMeans led the ball carriers with his 135 yards. Beauchamp had 83 yards in 14 tries. Fullback Royce Sisk picked up 50 yards in 11 carries. Ramirez made 19 yards in three infantry attempts. Ramirez completed one pass for 27 yards and a touchdown out of eight attempts.

The game was played before a good crowd under a new set of lights which had been installed just in time for the home opener.

That was enough time, though, for each of the teams to add another TD. Bovina's was again set up by a fumbled punt. This time, Sorley kicked from his own 40 and Beauchamp recovered at the Happy 15. Beauchamp then carried twice, gaining a yard each time to move the ball to the 13. McMeans ripped in for the score from there. He was stopped on the running play for the extra points.

The big play in Happy's final drive was a 43-yard run by Garcia as he powered his way from his own 33 to the Bovina 24. Following a pair of penalties against the Mustangs, he scored four plays later from the three yard line and then, as if to prove he was still ready to play, blasted through the line for the extra points to complete the scoring at 26-14.

The entire defensive line was praised by Coach Gib Hough for its performance in the tilt. In addition to Hall and Barrett, Hough said he was pleased with

School Menus

- Sept. 29-Oct. 3
- Monday: Italian spaghetti, tossed salad, apple sauce, cornbread, butter, milk, Brownies and pear halves.
- Tuesday: Sausage and gravy, creamed potatoes, black-eyed peas, hot rolls, butter, milk, lemon pie.
- Wednesday: Cheeseburgers, lettuce, tomatoes, pickles, onions, pork and beans, milk, chocolate chip cookies.
- Thursday: Texas hash, glazed carrots, buttered peas, cornbread, butter, milk, peach halves.
- Friday: Sandwiches, bologna and cheese, buttered corn, lettuce, tomatoes, potato chips, bread, milk, fruit jello.

Colt Games Set Thursday

Two teams of Bovina Colts take on the Lazbuddie squads at Mustang Field Thursday afternoon beginning at 6:30 p.m. The Eighth grade plays the first game with the "B" team game following. This will be the second game for both Bovina squads, who are looking for their second victories in a row.

FULL MEAL SHORT RIB SOUP

A boon for busy cooks, this hearty meat and vegetable soup simmers on the stove, only needing an occasional stir. Then parsley flecked dumplings, made with CREAM OF WHEAT, are cooked in the flavorful broth. It should be served in warm bowls large enough for maneuvering with a knife, fork and big soup spoon. Accompany with crisp crackers and crusty bread sticks.

- 2 quarts water
- 4 teaspoons salt
- 1/2 teaspoon ground black pepper
- 2 bay leaves
- 2 pounds short ribs
- 3 medium carrots, cut into 1 1/2-inch pieces
- 2 medium parsnips, cut into 1 1/2-inch pieces
- 3 medium onions, quartered
- 1 small cabbage, cut into sixths
- 1 3/4 cups milk
- 1 cup water
- 1 teaspoon salt
- 3/4 cup Quick CREAM OF WHEAT Cereal
- 1/4 cup snipped parsley
- 2 eggs, beaten
- Dash nutmeg

Bring first five ingredients to a boil; simmer, covered, 1 1/2 hours. Add next four ingredients; simmer, covered, 1/2 hour, or until meat and vegetables are tender. Cut meat into bite-size pieces; place with vegeta-

bles in large soup tureen. In saucepan bring milk, water and salt to boil; slowly sprinkle in cereal and cook according to package directions. Remove from heat. Stir in remaining ingredients and beat until smooth.

Drop cereal mixture by table-spoonfuls into hot broth. Simmer about 10 minutes, or until done. Spoon dumplings over meat and vegetables; pour on broth. Makes 6 servings, 2 cups soup and 3 to 4 dumplings each.

IT MAY NOT BE A WHISPER

Hearing loss can be very subtle and many people just pass it off. It may be an accumulation of wax in the ears. A physician can do a great deal to correct this problem. If it is just wax he will clean it out and advise you have this done periodically.

For more serious loss he might recommend one of the new effective hearing aids. Each hearing loss is individual and the just right aid must be selected. Don't wait until not hearing becomes embarrassing. Have it checked as soon as it is noticed.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service.
