MARK ROUSSELOT (12) PREPARES TO TOSS the ball in for the score in a game played with the Mason Punchers January 19. The Broncos were defeated 64-53. Other Broncos playing on the varsity team and identifiable here include Mike Taylor (22); Willie Gutierrez (44) and Bruce Kerbow (42). The Broncos defeated

the Menard Yellowjackets last Friday night. Tuesday night the final home game this season will be played against the Eldorado Eagles. Coach Jerry Phillips' basketball varsity team had little time for practice due to the long football season; consequently, most of the district teams were well ahead of the Broncos in play.

## Voter Registration Drawing To Close

Persons who have not registered to vote have little time left to do so, since voter registration ends January 31. Last day to register in person at the sheriff's office in the courthouse will be Friday, January 29, but applications mailed and postmarked January 31 will be acceptable.

Sutton County voters will have an opportunity to exercise their right to vote in the near future as the City tax election comes

up February 27.

At the special called election, there will be submitted to the

resident qualified voters of the city the following propositions:

"FOR adoption of a one percent (1%) local sales and use tax within the city."

"AGAINST adoption of a one percent (1%) local sales and use tax within the city".

John Eaton will be the presiding officer at the election to be held in the City Hall. All duly qualified resident electors of the City of Sonora are qualified to vote.

Sutton Countians are also reminded that January 31 is the last day to pay 1970 taxes without the addition of penalty and interest charges.

Chamber Office Needs Hunting Info For 1971

Doyle Morgan of the Chamber of Commerce office said his office is receiving requests daily for the 1971 hunting season. Most of these requests are for season leases, Morgan said.

Ranchmen are urged to contact the Chamber office at 387-2880 and leave listing of available land for lease.

Delegates Plan To Attend Episcopal Meet

Some Sonorans plan to attend the 67th Annual Council of the Episcopal Diocese of West Texas in Brownsville, February 4-6. Delegates from here include the Rev. E. Raymond Nations, clergy delegate, and W. B. McMillan and Walter C. Pope III, lay delegates, representing St. John's Episcopal Church. Mrs. McMillan and Mrs. Pope are alternate delegates.

Dr. Edward McCrady, a renowned atomic scientist-biologist who has been president of the University of the South at Sewanee, Tennessee, for the past twenty years, will be the guest speaker.

Antonio Martinez In Vietnam

Army private first class Antonio R. Martinez, son of Mr. and Mrs. Antonio B. Martinez, recently was assigned with the 173rd airborne brigade in Vietnam.

An infantryman with the brigade, he entered the army in January 1969 and was last stationed at Ft. Bragg, North Carolina. He holds the army commendation medal and the combat infantryman badge.

State Highway Gives 1971 Official Maps

How do you make something good even better? In the case of the new 1971 Official State Highway Map released by the Texas Highway Department it was easy.

This year's map includes the addition of three lakes, the designation of six new comfort stations on non-Interstate routes

a new U. S. highway number designation from near Moore all the way to Mexico, and a new cover featuring a picture of the wonders of Padre Island National Seashore.

The map is a perennial favorite of Texas motorists. Over 1.2 million maps were distributed last year and projections for 1971 call for distribution as high as 1.4 million.

Added to the new Official State Highway Map are Lake Franklin County; Lake Weatherford in Parker County and Lake E. V. Spence in Coke County.

Six safety rest areas on non-

Interstate routes now include comfort stations. Their locations are: U. S. 90 east of Brackettville, U. S. 69 south of Mr. Selma, U. S. 59 north of Leggett, U. S. 281 south of Falfurrias and two others on U. S. 290 near LBJ State Park.

The '71 map will show a new U. S. Highway 57 designation from Interstate Highway 35 near Moore westward to Eagle Pass. This highway joins Mexican Federal Highway 57 at Eagle Pass which continues on to Mexico City. This is the first major international route under a single numeral design.

THE SECOND OF FOUR PROPOSED PLANE LOADS of over 2500 selected Registered Rambouillet sheep are being loaded here in San Antonio, January 24 enroute to New Delhi, India. Seven hundred eighty are being loaded into this Trans International DC-8, four engine jet, which is the largest load of sheep ever to be transported by air. The third load is due out February 4 and the final one tentatively set for February 8. These final two loads will go by Air Lift International, also a DC-8, 4 engine jet, both planes capable of carrying over 90,000 pounds. The India government bought the Rambouillets for cross breeding with native sheep. Fred Campbell of Sonora Wool & Mohair and Lowell

Wilson of U. S. Sheep Experiment Station of Boise, Idaho, were employed by the Indian government to select the sheep from breeders throughout United States. The majority of the Rambouillets were bought from Texas breeders; however, Campbell said some came from breeders in New Mexico, South Dakota, Wyoming, Montana and Utah. Local and area breeders whose animals were selected for the shipment included Eddie Smith, Experiment Station, W. L. (Tom) Davis and Rodney; Mary Davis Coupe and Jimmy O'Harrow of Eldorado; Dempster Jones, Eugene Pierce and Jay Miller of Ozona; Hayden Haby, James Wittenburg and J. O. Hankins of Rocksprings and Roger Landers of Menard.

Chuck Wagon Inn To Open Monday

Joy and Ray Piper are opening the Chuck Wagon Inn Monday. The Piper family came here from Sterling City. They have four children, two boys, Robby, 13, and Roger, 7. They have two daughters, Roxanna, 11, and Relinda, 9.

The Pipers plan to open daily 6 a. m. to 10 p. m., except on Friday and Saturday nights, when they will stay open until 1 p. m. They plan to close Tuesdays.

Free coffee will be served Monday. The Pipers plan to serve short lunches, a la carte orders with a speciality in the preparation of Mexican foods and steaks.

HISTORICAL SOCIETY PLANS MEETING

Tuesday, February 2, at 5 p. m. members of the Historical Society will hold its regular monthly meeting at the Miers Home Museum.

The museum will be open 3-5 p. m. Thursdays for the viewing public.

W. L. (TOM) DAVIS, well-known Registered Rambouillet sheep breeder and local ranchman, maintains a deep interest in 4-H work in the community. Here he examines some of the lamb carcasses entered in the 4-H Show and Sale held recently at the 4-H Center. Many of the Davis' sheep have won outstanding honors, including two recent ones. The champion registered breed fleece at the National Western Wool show held in Denver was won by Davis, and the fleece was from a registered Rambouillet aged ram that had won the Grand Champion fleece award at the New Mexico State Fair last fall.

### GROUNDHOG DAY

For those who are not ready to accept the judgment of weather satellites and all the other scientific paraphernalia of projecting the weather, that time-honored prophet of the elements—the groundhog—will soon make his appearance. February 2 is the critical day.

If the old fellow sees his shadow, he goes underground for six more weeks of winter. Whether the groundhog's performance has ever been studied officially by a government body is unknown, and it would probably make very little difference to the groundhog and his faithful followers if it had.

Groundhog Day is one of those rites that demonstrate the essential simplicity of human nature—a simplicity that instinctively rebels when confronted with the enigma of the scientific answer.

Most of us are happy with the groundhog's way of doing business, but somehow we have to find room in our minds to accommodate knowledge that will forever be beyond the reach of the poor old groundhog. Just as a precaution, however, it might be a good idea to see how the groundhog fares with his shadow February 2. It always pays to be on the safe side.

#### THINGS ONE REMEMBERS

By R. D. Hofer

In the broad expanse of the Far West, where service stations are sometimes many miles apart, the age of the electric auto is already here and has been for a long time.

When a tree blew across a power substation in the Cascade Mountains, a short time ago, electric service was cut off for several hours over a stretch of highway connecting western Oregon with the eastern part of the state. Since that invisible servant electricity keeps every gas station running, including the pumps that put the gas in cars, the motorist who happened to be starting over this particular route expecting to refuel along the way found out in short order that his car was dependent upon electricity like nearly everything else in this age of living electrically. The fact that hand pumps went out of style longer ago than many of those now living can remember is in itself a pretty good testimonial to electric power reliability.

There was plenty of time to think of these things as I stretched the last drop of fuel in the tank to keep going until a service station—with its lights shining—showed on the horizon.

It was "Clint Langford Day" at the Sutton County 4-H Club Show and Sale. The Sutton County agent received a wristwatch and plaque from his 4-H'ers and their parents.

Balmy, spring-like weather Tuesday, accompanied by 14 to 20 points of warm rain, was quickly replaced by a severe cold wave Tuesday night. From a maximum reading of 68 degrees in the afternoon, the mercury slid to the low 20's at bedtime. Wednesday morning the temperature was 15 to 19 with a sheet of ice and sleet.

Betty Jack Cooper, Herbert Fields, Jr., Chris Berger, Steve Fish and Ray Glasscock showed the Grand Champion animals in the January 21 show.

Misses Jane and Nancy Neill were visiting their parents, Mr. and Mrs. George H. Neill, between school semesters.

Word was received here this week that Corp. Frank Leslie Moore, son of Mr. and Mrs. Mike Moore, was slightly wounded in action in Korea.

A surprise housewarming and covered dish supper was given for Mr. and Mrs. Edwin Sawyer at their recently completed home Tuesday night.

John McClelland, popular Sonora haberdasher, was not so popular with a certain lady last Saturday afternoon at 5. As he was delivering some cleaning to the Dr. Browne residence, the family dog, "Lady", gave him a good nip on the shank. McClelland said he'd had differences with female customers before, but this was the first time one had bitten him.

Something else that has gone down in price is cottonseed meal, now quoted at \$93 per ton, \$2 less than it was selling for.

Have opened up this letter to reply to an interesting 12-page document received from you this morning, with photographs enclosed. Your sister is a very nice looking girl. I like the riding outfit, and I wish we could wear such things over here—you wouldn't keep me off a horse if we could.

I really don't think you can beat a bicycle for thoroughly appreciating the countryside.

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on Dry Devil's River apparently is not much for traveling, his letter this week indicates.

Dear editor:

A neighbor of mine came over yesterday and handed me a newspaper and said, "Here, read this item. Sillyest thing I ever heard of."

The item reported a man had just won the world's record for riding a ferris wheel non-stop. He rode the thing for 20 days, 16 hours and 30 minutes, beating a man who had ridden one for 16 days.

I got to thinking about this and at first I agreed, it does sound ridiculous. Puts me in mind of the man who was proud of the fact he had breakfast in New York, flew to Los Angeles for lunch, caught another plane and was back in New York for supper.

That seems to me like going

## TEEN SCENE

By KAY KERBOW

All three teams, boys "A" and "B" and girls "A", won their games Friday night in Bronco gymnasium against the Menard Yellowjackets. All three teams were also in action Tuesday night against the Bangs Dragons, and will travel to Robert Lee to take on the Steers Friday night.

The SHS teams will be at home against Eldorado Tuesday night—their last home game of the year.

—SHS—

There will be an all school dance Saturday night at the cafeteria. Billy Roberts and his band will provide the music for the student council-financed event beginning at 8 p. m. and lasting until 12 p. m. Any SHS student and their date will be admitted.

—SHS—

The student council met last week to choose a best groomed girl and boy from each of the four classes. The council selected Missy Brown and Mike Taylor as the best groomed seniors, while Marilyn Morgan, Rick Street and Matt Davenport were the juniors chosen. Matt and Rick tied for the honor and since they were equally well groomed no effort to break the tie was made.

Terry Mitchell and Sarah Allison, sophomores, were given the honor of best groomed from their class, as were Bruce Kerbow and Karen Hemphill, freshmen. These selections are made on the basis of every day grooming and appearance and is not chosen on a popularity basis. Congratulations to all these "near" students.

PEACH TREES AND BEES have not been told that winter is still around. When photographer Scott Campbell took this picture on a warm, winter day he found bees busy around the early blooming peach tree. The unusually warm weather has caused many fruit trees to put forth blossoms before winter is officially ended.

—SHS—

Doesn't seem possible, but it's research paper time again. Next six weeks all research papers will be due and all the seniors and juniors will be busily accumulating material and writing their paper, making them publically scarce for awhile.

Many hours of night oil will be burned and many a finger will be tired after the papers are finished. For the juniors, research papers are new and they really don't know what lies ahead but the seniors know what it's all about and they sure aren't looking forward to it.

An assembly was held Thursday afternoon to honor Coach Hopkins and Coach Hays. Coach Hopkins was presented a pen and pencil set from the junior class because he was their class sponsor. Coach Hays was presented a set also from the senior class, as he was senior class sponsor.

Both coaches delivered short speeches to an appreciative audience. Many tears were shed, and they weren't all from the girls either.

Rodney Davis is substituting for Coach Hopkins and Mrs. Mickey Powers is replacing Coach Hays.

## Someone to thank

"God is a product of man's imagination," announced the dignified intellectual who occupied our TV screen. "God isn't dead," he argued as our children watched. "He was never alive!"

Mary and I felt that Christian children such as ours should realize that not everyone believes in God. Perhaps, knowing this, they could better understand the state of the world. We would encourage and answer their questions as best we could, confident that God would not allow their faith to be destroyed.

Later, before I tucked Kristen into bed, she clasped her hands and closed her eyes. "Dear Lord," she prayed, "Thank you for Mommy and Daddy. Thank you for Zoomie (her goldfish) and Toddy and my new dress..." She stopped suddenly, and I raised questioning eyes to her. "Daddy," she said anxiously, "that man on TV doesn't have anyone to thank!"

Do you have Someone to thank? Come to church this Sunday.

## OUTDOORS IN TEXAS

BY VERN SANFORD

Sometimes crappie can be the easiest of all fish to catch. And sometimes the most difficult!

They are easy to catch only because they roam in schools. Once you pinpoint a concentration of crappies you can anchor at the spot and quite often fill a stringer with these tasties.

Finding the schools is, of course, your problem. And, unless you are fishing where the fish are you aren't likely to catch any.

Schools of crappies are scattered and unless a person is fortunate enough to be at a spot where they gather, he will find that catching one is next to impossible.

Crappies prefer to linger around some underwater obstruction; a sunken tree, a large boulder, or a clump of brush.

Some fishermen create their own crappie-fishing hotspots by cutting brush (cedar is good), tying it together and anchoring it in deep water. The depth where you'll find crappie varies from lake to lake, but in our large reservoirs you'll usually locate them in about 10 to 30 feet of water.

In the spring they'll move along the shoreline to spawn. Then you can catch dozens of them in the shallows. But most of the time they'll be near the bottom in deep water.

Here are some suggestions offered by accomplished crappie fishermen:

When crappies are in a cooperative mood, they'll usually bite in a hurry. Never spend more than 15 or 20 minutes in one spot. Drop your live minnow right to the bottom, then take a couple of turns on the reel handle. Leave the bait here for about five minutes, and if you haven't had a nibble, take a couple more turns on the reel handle. Every five minutes come up a few more feet. This way you'll be prospecting each layer of water from the bottom to near the top. Move frequently, trying different spots, around underwater obstructions.

You'll likely find a school of fish sometime during the day if they are biting at all.

A helpful aid is a commercial crappie rig, available at most sporting goods stores. This rig has a pair of twisted-wire "arms" which extend out from the main line. Snelled hooks are tied on these extensions which hold the wiggling live minnows away from the line, preventing twisting. Many anglers prefer to hook a minnow through both lips, rather than behind the dorsal fin. Since a crappie tries to swallow a minnow head-first it is more susceptible to becoming hooked this way.

Two common mistakes that most fishermen make when fishing for crappies are using a hook and a minnow that are too large. A No. 3 fine-wire hook is about right, the minnow should be no more than two inches in length. A crappie has a small mouth.

A successful crappie fisherman has a sensitive "feel". A crappie can carve a minnow off a hook with almost indiscernible action.

These tricky little critters actually can come up from below, raise the minnow and neatly take it off the hook without the angler realizing he's had a bite. So, watch your line closely. Should it start moving off at a tangent, even slightly, raise your rod tip smartly. It might be the current that's moving the minnow. But it could be a bait-stealing crappie. Successful crappie fishermen never take anything for granted. They set the hook at every inking of a nibble.

Clean Water Laws

One-and-a-half centuries ago, the poet Byron wrote:  
 "Till taught by pain, men really know not what good water's worth."  
 Today, taught by the pain of pollution in a thousand lakes and streams, we are becoming acutely aware of what good water's worth. Clean water laws are being enacted with new urgency and enforced with new vigor.

Yet, serious objections may be raised by those who are affected adversely. How do the courts look upon such objections?

To begin with, there are indeed limits as to how far the government can go in fighting pollution. Take this case:

A state water commission tried to halt the discharge of sewage into a certain river. But the sewage was being discharged so far from the nearest community, under such carefully controlled conditions, that the chance of any harm to public health was almost nil.

Under these circumstances, a court ruled that the water commission was overstepping its authority. The court felt that even in the name of clean water, there has to be some reasonable basis for government action.

Nevertheless, the vast majority of clean water laws have been upheld, even when they impose real hardship on a particular city, a particular industry, or a particular individual.

Consider the case of a factory owner who had been discharging raw pollutants into a local brook. When a new law banned this practice, he took the matter to court.

"I don't challenge the law itself," he said. "But the fact is that because of the ban, my factory is suddenly worth about \$100,000 less than it was before. Why shouldn't the government reimburse me for that loss? Otherwise, this is taking private property without compensation, which is unconstitutional."

However, the court denied his claim, saying this was not a "taking" in the constitutional sense.

"The design is not to take property for public use," said the court. "It is to regulate the use of property so as to protect the common right of all citizens."

ONE OF THE YOUNGER EXHIBITORS at the 4-H Show and Sale held January 16, was Charlotte Schwiening, daughter of Mr. and Mrs. Corky Schwiening. This Angora goat is almost as big as Charlotte, but she seems to be handling the goat with skill.

STEVE STREET, 5, as well as all the "B-team" Broncos, put out a lot of effort in this Mason game January 19, but the Mason Punchers proved to be too much and defeated the Broncos by a score of 59-31.

**When you promised to share and share alike, did that mean your wife could use up all the hot water?**

You could get up earlier. Then you'd be sure to beat her to it. Of course she wouldn't be too impressed with your chivalry. Another alternative is a larger gas water heater. Gas water heaters are easy to buy, easy to install, and recover hot water up to twice as fast as comparable electric models. So stop competing with your better half. Get a larger capacity hot water heater. For fewer fights and lots more hot water.

**NOTICE OF SPECIAL ELECTION**

TO THE DULY QUALIFIED RESIDENT ELECTORS OF THE CITY OF SONORA, TEXAS AND TO ALL OTHER INTERESTED PERSONS:

NOTICE IS HEREBY GIVEN that an election will be held in and throughout the City of Sonora, Texas on the 27th day of February, 1971 on the question of the adoption of a One Percent (1%) Local Sales and Use Tax within said City, in keeping with the following ordinance adopted by the City Commission of said City, as follows, to wit:

**ORDINANCE NO. LXIII (63)**  
**AN ORDINANCE ORDERING A SPECIAL ELECTION TO BE HELD IN THE CITY OF SONORA, TEXAS ON THE QUESTION OF THE ADOPTION OF A ONE PERCENT (1%) LOCAL SALES AND USE TAX WITHIN THE CITY; DESIGNATING THE DAY OF THE ELECTION AND THE POLLING PLACE; APPOINTING ELECTION OFFICIALS THEREFOR; PROVIDING THAT ALL DULY QUALIFIED RESIDENT ELECTORS SHALL BE QUALIFIED TO VOTE; PRESCRIBING FORM OF BALLOT; PROVIDING FOR NOTICE OF ELECTION; CONTAINING OTHER PROVISIONS RELATING TO SAID ELECTION; PROVIDING FOR SEVERABILITY; AND DECLARING AN EMERGENCY.**

WHEREAS, Article 1066c, Vernon's Texas Civil Statutes (Acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62) authorizes the governing body of a city, town or village in Texas to call an election for the purpose of adopting a local sales and use tax within such city, village or town; Now Therefore, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF SONORA:

**Section 1.** That a special election shall be held in and throughout the City of Sonora, Texas, on the 27th day of February, 1971, at which election there shall be submitted to the resident qualified voters of said City, for their action thereupon, the following propositions:

"FOR adoption of one percent (1%) local sales and use tax within city."  
 "AGAINST adoption of a one percent (1%) local sales and use tax within the city".

**Section 2.** That said election shall be held at one polling place for all qualified voters of said City, and the polling place and presiding officers for said election shall be, to wit: **City Hall Presiding Officer John Eaton, presiding judge.** The presiding judge at such election shall appoint two (2) clerks.

**Section 3.** That said election shall be held in accordance with the Constitution and laws of the State of Texas, and all duly qualified resident electors of the City of Sonora, Texas shall be qualified to vote.

**Section 4.** That the ballots of said election shall conform to the requirements of Section 2, Subsection G, of Article 1066c, Vernon's Texas Civil Statutes (Acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62) and to the requirements of Chapter 6 of the Election Code of the State of Texas, as amended, and the language to be printed thereon shall include the following:

**OFFICIAL BALLOT**  
**INSTRUCTIONS:** Place an "X" in the square beside the statement indicating the way you wish to vote.  
 FOR adoption of a one percent (1%) local sales and use tax within the city.  
 AGAINST adoption of a one percent (1%) local sales and use tax within the city.  
 Section 5. That election judges and clerks are directed to comply with Article 6.06, Election Code of the State of Texas, as amended (Section 2 of House Bill 181, Acts 1967, 60th Legislature, Regular Session, Chapter 452, Pages 1026, 1028), which provides that a square shall be placed beside each proposition in which the voter is instructed to place an "X" or other clear mark to indicate the way he wishes to vote; but which also provides that failure of a voter to mark his ballot in strict conformity with the directions on the ballot shall not invalidate the ballot, and the ballot shall be counted if the intention of the voter is clearly ascertainable, except where the law expressly prohibits the counting of the ballot. It is specifically provided that the election officers shall not refuse to count a ballot because of the voter's having marked his ballot by scratching out the statement of proposition for which he does not wish to vote.  
 Section 6 That notice of the election hereby ordered and called shall be given: (a) by publication on the same day of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be at least twenty-one (21) days prior to the date set herein for such election; and (b) by posting of such notice at the polling place in each of the election precincts of the City not less than twenty days (20) prior to the date set herein for such election. It is hereby found and determined that the Devil's River News is a newspaper published in the City of Sonora, Texas, and is a newspaper of general circulation within said City.  
 Section 7. At a special called meeting of the City Commission of the City of Sonora, Texas, held on the 19th day of January, 1971, all members of said Commission being present, constituting a quorum. Mayor Norman Rousselot introduced a proposed ordinance, which was read in full; and Commissioner W. B. McMillan made a motion that the rule requiring ordinances to be read at more than one meeting be suspended, because of the time limit, which motion was seconded by Commissioner Walter Pope III. The motion was carried by unanimous vote.  
 Commissioner Walter Pope III then made a motion that the ordinance be passed finally, which motion was seconded by Commissioner W. B. McMillan, and the motion was carried by the Mayor and both Commissioners voting aye, and none voting no.  
**PASSED AND APPROVED, this 19th day of January, 1971.**

## Highway . . . ... From Page 1

nation in both countries, a distance of 930 miles.

The map shows some 2,320 miles of Interstate Highways open to traffic in Texas. When the national Interstate system is complete, Texas will have 3,176 miles of IH routes.

The map also reflects the realignment and improvement of many sections of other types of highway facilities in the state-maintained system.

Visitors will find expert assistance in planning travels in Texas at 11 tourist information bureaus operated by the Highway Department, including the Roy Bean Visitor Center and Cactus Garden at Langtry and in the Capitol Building in Austin.

Tourist information bureaus also are located at key highway gateways at Anthony, Laredo, Orange, Waskom, Texarkana, Denison, Gainesville, Wichita Falls and Amarillo.

Trained travel counselors in these bureaus and information centers assist more than one million tourists annually.

Safety rest areas are designated on the map with a small green square, roadside parks with the familiar green dot symbol.

Altogether, the Texas Highway Department has provided approximately 1,100 safety rest areas, roadside parks and scenic turnouts for the safety and convenience of highway users in Texas.

Other features of the map include listings of Highway Department district offices, Department of Public Safety Offices and State parks. A handy conversion table turns kilometers to miles and liters to gallons.

The Official State Highway Map is one of the most popular of more than 7.3 million pieces of travel-oriented literature distributed each year by the Texas Highway Department. Copies of the map are available at Highway Department Tourist Bureaus and at Department district offices.

The map also may be ordered directly by sending name, address and zip code to Texas Highway Department, Travel and Information Division, P. O. Box 5064, Austin 78703.
