Price-10¢

FINISHING TOUCHES WERE ADDED to the new band stand at the 4-H Center Monday. Money for the stand was donated by the Downtown Lions Club and construction of the stand was done by Joe Lane and other crew members of IH10 construction after work hours. Those who gave of their time to build the stand include Milton Cavness, Lane, James Alexander and Dennis Dunnam. Cullen Luttrell, president of the Lions Club is also shown here admiring the finished product. The mobile stand was constructed on rollers for easing moving and the

panel wood and wrought iron railing add to the beauty of the red carpeting covering the steps and stand. Much improvement has been done at the 4-H Center, which is used for a civic and community center, with the building refurbished by the inside and outside paint work this year. Among other projects being undertaken at the center is the paving of a parking lot, a joint project shared by the city and county, which will be completed in the near future.

## 25-Year Increase In White-Tailed Deer Graffing

by E. B. Keng, SCS Technician

One of the gratifying developments in the wildlife field during the past 25 years has been the increase in white-tailed deer. Not only have numbers increased greatly, but deer have spread over a wide area.

On my way to meet a 6 a.m. bus at San Angelo today, three groups of deer were grazing in the roadway some 10 miles south of Christoval. Deer are frequently seen in the vicinity of Eldorado—a relatively new development.

In 1938 deer in Sutton County were limited to a small pocket in the Vander Stucken-Stewart and Wade area. A few were present on the Mayer T-Half Circle ranch in the western part of the county. Other areas were either completely devoid of deer, or numbers were extremely limited.

## Broncos Place First Plateau Relays

In the Fifteenth Annual Plateau Relays held in Eldorado last weekend, the Sonora Broncos again dominated the win column.

The track team accumulated

## Diabetic Children To Attend Camp Courtesy Lions

The Texas Lions League, which has operated a summer camp for handicapped children at Kerrville for the past 18 years, has added a new dimension of service this year with a special three-week camp for diabetic youngsters in cooperation with the diabetes associations of Texas.

League president Everett J. Grindstaff of Ballinger said the pilot program would be known as the Texas Lions Camp for Diabetic Children.

The special summer session—June 7 through June 25—will be held at the facilities of Camp Manison near Friendswood, between Houston and Galveston, where a diabetic camp has been operated for the past 14 years.

The League is the non-profit, charitable organization which represents all the Lions of Texas, Grindstaff said.

The Lions of Texas, in order to better determine the need for future expansion, are making a survey of diabetic children who would be interested in the camping program.

Names, ages and addresses of potential campers should be sent to the camp secretary, Mrs. Jo Ann Horne, P. O. Box 2577, Texas City, Texas 77590

# Outstanding Program Set For Sheep Field Day

An outstanding and informative program and a full day is planned for those attending the annual Sheep Field Day at the Texas Agricultural Experiment Station next Thursday, said Joe Stewart, research associate at the station.

Inspection of rams and performance test results will begin the field day at 9:30 a.m. Stewart said the 129 rams on feed test have averaged .67 pound per day gain during the 168-day feed program. Slightly better than last years .66 gain, which constituted a record for weight gain since the beginning of the program in 1948, the ram performance tests have again been outstanding in weight gain.

Nineteen breeders have participated in the program with the majority of the breeders residing throughout the state. Locally those participating in the program include W. L. (Tom) Davis, Walter Pope, the Experiment Station and Eddie Smith from this county, and Hayden Haby and James Wittenburg from Edwards County.

Dr. Leo B. Merrill, in Charge of the Sonora station, will welcome visitors followed by an appraisal of meatiness in lambs and breeding sheep by Frank Ortiz of College Station. Louis L. Farr, president of Texas Sheep and Goat Raisers Association will give a report of the work of the organization at 11 a.m.

Jack Groff of Kerrville will discuss the wool and mohair situation, and a 15-minute

talk on the activities of the Trans-Pecos Livestock and Game Association will be given by Tiny Eap of Crane.

Sutton County 4-H Club is catering the barbecue lunch to be served at 12 noon.

The afternoon session begins at 1 p.m. with Dr. A. C. Todd, department of Veterinary Science, University of Wisconsin, discussing recent developments in internal parasite control.

Area ranchmen will probably be interested in the discussions

## Kerry Joy Signs With Sul Ross

Sonora High School senior, Kerry Joy, has signed a pre-enrollment agreement to attend Sul Ross State University in Alpine according to SR athletic director Richard Harvey.

Joy, 6-0, 185 pounds is expected to see action as a full-back or linebacker for the Lobos. During his sophomore and junior years he played full-back for the Broncos and for his senior year, he moved to offensive guard and linebacker on the State Champion team.

He is the son of Mr. and Mrs. John Wesley Joy.

to be held in regards to management of sheep during drouth with a talk scheduled at 1:45 p.m. by Dr. Maurice Shelton of McGregor. He will be followed by M. C. Calhoun of McGregor Experiment Station who will discuss maintenance of ewes.

Vestel Askew, local ranchman, will talk on feeding sheep on the range, followed by Dr. Merrill, who will discuss the influence of range management during drouthy conditions.

Dr. C. W. Livingston of San Angelo will report on progress of disease investigations with sheep. Stewart will conclude the afternoon session with comments on the ram test and recognition of certified rams.

## 4-H'ers Plan Dance Friday

Guests of honor at the 4-H dance Friday night will be June Alexander, 4-H Sweetheart and Scott Jacoby, 4-H Beau. The dance will be held at the 4-H Center, 7-11 p.m. and all 4-H members and their guests are invited said D. C. Langford, County Agent.

## Reception Will Honor Doctors

Members of the Hospital Auxiliary are hosting a reception honoring Dr. and Mrs. Kenneth Fannin and Dr. and Mrs. Lonnie Pollard and their families Sunday afternoon from 3-5 p.m. at the Fellowship Hall of the First Methodist Church.

The reception is open to the community and the auxiliary invites Sonorans to come and meet the two doctors and their families, said Mrs. John Fields.

Dr. Fannin has opened the office formerly occupied by Dr. J. F. Howell and Dr. Pollard, dentist, is opening his office in the building formerly used by Dr. Ron Williamson.

# Quilting Has Changed Since Grandma's Day

If you drop in to visit Laura Odom and find her sitting in the middle of the floor drawing intricate patterns on pieces of gingham or polished cottons, don't be alarmed. Those who know her well would not really be taken by surprise as they might quickly realize that she is merely assembling work for another beautiful quilt. Most persons eighty-four years old would find it difficult indeed to sit on the floor to create such handwork—for that matter most women much younger might find it impossible!

Laura Merck Odom was born December 2, 1887, in that part of Sutton County that was then known as the Lost Lake country. The name grew from the discovery of a large body of water by early settlers, but time dried the lake and it became simply "Lost Lake".

Her parents, the late Samuel

Merck and Mattie A. Smith, were married September, 1881 at the old Fort Terrett place. The late Mr. Merck was born in Birmingham, Alabama, July 16, 1853, and first came to Texas in 1872. He lived in Kimble county for a time and moved to this county about 1890, to begin drilling water wells. He served as a peace officer for several years here. Mrs. Odom had ten brothers and sisters, seven of whom are still living. A sister, Mrs. J. B. Renfro also lives here in the old family home in west Sonora.

Mrs. Odom married Ban Odom May 19, 1920, and he died July of 1946. They have one son, Sam, and one grandson, Sam M. Odom, Jr.

Like most women of her era, she learned early the art of sewing, baking and quilting. Quilting has certainly come a long way since her mother taught her daughters the art.

Quilts were then made strictly for warmth since blankets were not commonly used at the turn of the century. Cotton batting was used between two layers of cotton material, flannel or even scraps of wool material for added warmth. Now most of the quilts are made for the beauty and uniqueness of design. Synthetics have taken over the quilting picture.

Filling material of polyester fibers is exceptionally springy, lightweight, dust-free, completely washable and quick drying. Mrs. Odom says quilting is much easier to do with these lightweight materials than the former cotton batting.

Once she has decided on the pattern, she cuts and assembles the embroidery work first. She recently finished a beautiful Iris-patterned quilt and is now working on a daisy design. Large white daisies with green leaves are cut out then sewn on a light blue background with embroidery work finished before the delicate work of the quilt design is undertaken.

Mrs. Odom says she has some of the old style quilting frames that were hung from the ceiling but she prefers to pin the quilt to a twin bed and completes the quilting patterns sitting in a chair next to the bed.

She spends a great deal of time sewing. She says Sunday

mornings she attends church, but Sunday afternoons when most people are visiting with families, or following their favorite pastime, she usually passes the time quilting.

Active in the community, she has been faithful in keeping the library open for the past thirty years at the Woman's Club, where she will be found each Wednesday and Saturday afternoon. Recently she was honored with a clock gift and presented a corsage by the women of the club for the many years she has devoted to the library work. She is also a member of the Order of Eastern Star and a Past Matron of the local chapter.

Remarkably agile and seemingly healthy, she stays busy in this house where she has lived for more than fifty years, where her son was born and where her husband died. She cherishes the ability to continue with activities that keep her youthful in spirit and happy as well as contented.

A many-colored quilt she recently finished for one Sonoran is known as the "Calliope Tree" and another she made is known as the "Tree of Life". Both are characteristic of her own "tree of life". Fortunately are those who are enjoying her handiwork and are in possession of some of the quilts. Most likely her nimble fingers will continue to create artistically as is evident by the many projects one can see in her home waiting to be started, or those in the process of completion.

## Youth To Assemble At Courthouse

"Youth For Christ Rally", sponsored by the Primera Baptist Church will get underway Saturday at 2 p.m. when all interested youth are urged to assemble on the Courthouse lawn.

A 7 p.m. service will be held at the Church located on the corner of Chestnut and Santa Clara Streets. Two other meetings will be held Sunday at 11 a.m. and 7 p.m.

Ray Garnett, pastor, urges all local youth to attend all or some of these meetings especially designed with the young people in mind.

Laura Odom...proudly displaying Woman's Club gift, including corsage... showing off beautiful handwork of Iris and Daisy quilts.

The most effective single force in building a good community is a good newspaper.

### A Calendar Of Fact And Opinion

Mr. A. M. Tewksbury of the Oregon Voter magazine remarks: "The communist hammer and sickle emblem has always been phony because it gives equal emphasis to agriculture, whereas in actual practice, communists have always emphasized industry at the expense of agriculture. The emblem also lacked any symbol of communism's primary characteristic, namely, militant imperialism. Now the Red Chinese have corrected this oversight. Henceforth, the emblem will include a rifle. We predict that the new hammer-sickle-rifle banner will be widely adopted around the world."

The Elks Magazine observes, "The 'Conscience Fund' at the U.S. Treasury not long ago received an anonymous gift of

\$298.03 in a brown paper bag. Many citizens send contributions to ease guilty consciences for dishonesty in the past. Since it was established in 1811, it has received almost \$3 million, according to U.S. Treasurer Dorothy Andrews Elston."

The California Taxpayers' Association, in its publication "Cal-Tax News", states the "Tax Foundation, which some years ago found at least 100 taxes on an egg, 151 on a loaf of bread and 150 on a woman's hat, has added to its catalogue of hidden taxes. Now it finds 116 hidden taxes on a man's suit."

According to the Finest Record published by First National Stores, Inc., "Walking, a fine over-all body conditioner, brings nearly every muscle into

use and helps to maintain better posture and a trimmer figure. Walking is also an excellent way to relieve nervous tension. A long walk can be the perfect time for meditating, planning, or enjoying your surroundings. Undertake walking gradually, starting with short walks before attempting long hikes. Check with your physician for advice on an exercise program suited to your age and physical condition. Learning to walk properly may sound like child's play, but there are rules to follow. Hold your head squarely above the shoulders, your abdomen flat, and your back straight. Keep toes pointed straight ahead and take long, easy strides. Protect your feet with shoes that give good support, fit properly, and allow ample room for socks or stockings."

Statisticians at the Department of Agriculture figure that during 1969 we consumed edibles on a per capita basis at the following rate: 181.5 pounds of meat, 10.7 pounds of fish, 318 eggs, 36.4 pounds of chicken, 279 pounds of milk and cream, 18.5 pounds of ice cream, 77.3 pounds of fresh fruit, 23.1 pounds of canned fruit, 95.1 pounds of fresh vegetables, 49.2 pounds of canned vegetables, 118 pounds of potatoes, 98 pounds of sugar, 109 pounds of wheat flour (consumed mostly as bread products), and 15.7 pounds of coffee.

The news magazine "South" states some startling population facts, pointing out that "... someone is born in this country every 9 seconds; that there is a death every 16.5 seconds; that an immigrant arrives every 60 seconds, and that every 28 minutes a citizen leaves to reside in another country. The net result: an addition to our population every 15.5 seconds. Extended, this figure means four new citizens in just over a minute. That's over 232 per hour, and an increase of more than 5,575 every 24 hours!"

### LETTER TO THE EDITOR

(Editor's note: this poem was written by Sgt. Henry Paredes, son of Mr. and Mrs. M. G. Paredes of Arvin, California, and grandson of Mr. and Mrs. Candelario Paredes.)

Take a man, put him alone, 12,000 miles from his lovely home - empty his heart of all but blood, make him live in sweat and mud.

This is the life I have to live, and why my soul to the Devil I give?

You "Peace-Boys" rant from your easy chair, but you don't know what it's like over there. You have a ball without near trying, while over here the boys are dying.

You burn your draft cards and march at dawn - plant your signs on the White House lawn.

You all want to ban the bomb - "there's not real war in Vietnam" - use your drugs and have your fun and then refuse to use a gun.

There's nothing else for you to do, and I am supposed to die for you?

You take it out on the American flag. You made me hear my buddy cry. I saw his arm a bloody shred. I heard them say, "This one is dead." It's a large price he had to pay, not to live another day.

He had the guts to fight and die - he paid the price, but what'd he buy?

He bought your life by giving his, but who gives a damn what a soldier gives? His wife, his daughter, and his sons and his parents - believe me they're the only ones.

Sincerely, Sgt. Henry Paredes

(P.S. I hope all you young boys will not burn your draft cards. Help serve your country. I have been in Vietnam a year and in Germany, and I'm ready to go to Vietnam for another year.)

### from HISTORY'S SCRAPBOOK DATES AND EVENTS FROM YESTERYEARS

MARCH 27, 1931  
The recent cold weather has done little damage to the ranchmen. A few young born lambs have been chilled to death and a very few goats were killed after being shorn. The loss has not been great enough to hurt. Mercury was sent to twenty degrees, Sunday night, perhaps the coldest weather we have had this year. Sunday night was the first time this winter water pipes froze, and then not hard enough to burst.

Steve Murphy was a business visitor in Del Rio during the weekend.

Mr. and Mrs. Rector Cusenbary and baby were here Monday from the ranch.

Mr. and Mrs. Frank Bond and baby were among visitors in Sonora the first of the week.

Alfred Schwiening was here from the ranch on the Llano Monday and attended a meeting of the Sonora Lions Club.

Joe N. Ross, prominent cattleman, was in town the first of the week. Mr. Ross recently purchased some fine Hereford bulls at an auction sale in Sweetwater.

Troy Osborne, manager of the Sonora Piggly Wiggly, and wife spent the weekend in Rock-springs with relatives. Mr. Osborne said the road from Sonora to Rock-springs was good in this county and that the Edwards county part was not in very good condition.

From grocery ad: 48 lbs. flour 98¢; 12 lbs. pinto beans, 50¢; pound Victor coffee, 16¢; 10 pounds sugar, 50¢; 10 pounds corn meal, 25¢; 3 cans No. 1 tomatoes, 18¢.

After the first of April the Sonora Drug Company, owned by the Orange Cross Stores, will close its doors. This announcement was made this week by Robert Brusenhan, local manager.

"Shall the 18th Amendment Be Kept Intact", is the subject that will be debated Friday night, April 10 in the high school auditorium. "Buzzy" Stokes and Mrs. Bill Gilmore will try to prove that the prohibition law should not be kept, and Rev. Neal and Mrs. O. G. Babcock will have the affirmative side of the question.

MARCH 23, 1951

It has been rumored about town that the Highway Department and the Santa Fe Railroad have formed a partnership and leased the crossing on U.S. 290 to the army as a tank testing ground. Under the proposed plan, tanks will be sent to Sonora and driven across the tracks at 10 miles per hour. If they don't wrench a gun turret or throw a track, they will be pronounced fit for service in Korea. Only heavy tanks will be tested here. The light ones couldn't stand the gaff.

Supt. E. A. Brodhead has a unique method of keeping his faculty and staff filled in on what is happening in the school system. He publishes a weekly news letter. Breezy, informative and interesting.

Mr. and Mrs. Curtis Nicholas

of Fort Worth are here visiting Mr. and Mrs. Earl Duncan.

Hershell Boggs of the Internal Revenue was in town Tuesday and Wednesday checking up on local sinners, and reports that he was "very busy".

The carcass of a bear was found last week on the Jim Cauthorn ranch. First bear reported here since V. J. Glasscock caught a honey bear several years ago.

MARCH 23, 1961

Mr. and Mrs. John A. Trainer, formerly of La Porte, are expected to arrive in Cartagena Spain, March 22. Trainer will be employed as superintendent of Foster-Wheeler Corporation of New York City in the construction of a large Cal-Tex refinery to be erected near Cartagena.

The General Telephone Company has announced tentative plans to discontinue rural operator service and remove all local operators on or about May 1.

The City of Sonora has been making improvements to city streets and lighting. Including in these improvements are curbside topping of unpaved streets in the city and paving of Moat Street from John I. King residence to the Ed Hawkins residence on old U.S. 290.

Alfred Sykes of La Junta, Colorado, spent last weekend with his family, Mr. and Mrs. Wesley Sykes and Jack Martin.

Pfc. George Ed Hill, son of Mr. and Mrs. Wess Hill, is one of four army men currently engaged in training sentry dogs at Grand Island Nike site, New York.

### He Has Great Deal Of Sympathy For The \$40,000-A-Year Unemployed

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River turns economist this week, more or less.

Dear editor:  
One of those serious columnists had a column in this newspaper I found out here yesterday expressing righteous indignation over some people who were feeling sorry for the million high-priced white-collar workers who have been layed off recently.

"Why," he asked, "should you feel sorry for them? Here's a man who's been making \$40,000 a year or more, he gets layed off, and immediately has to draw unemployment compensation because he hasn't got a cent in the bank and has a big mortgage on his home and three cars. Why hadn't he been saving his money all along?"

That writer clearly doesn't understand modern-day economics.

Why would a man with three cars still owe on them? Because if he'd paid cash he could have bought only one, what with payments on his boat and his \$75,000 home and his trip to Europe, and that means two other cars went un-bought, and you multiply that by a million and you've reduced the national car output by 2 million, and you figure up how much the economy would lose by not making those 2 million cars, counting all the people and materials it takes to make them plus all

By KAY KERBOW

The Broncos brought back three trophies from Eldorado Saturday by scoring over 150 points. First places were won by the mile relay team (Scott Jacoby, James Noel, Arnold Samaniego and Mike Taylor); 440 relay (Wesley Richardson, Steve Street, Noel and Taylor); Bruce Kerbow, 120 yard high hurdles and 330 yard intermediate hurdles; Jimmy Cade, pole vault and Noel, 100 yard dash. Second places were gathered

by Steve Street, 100 yard dash; Taylor, 220 yard dash; Kerbow, high jump; Wade Richardson, pole vault and Samaniego, 880 yard dash.

Others placing were Rick Street and Jack Sykes, 4th and 5th in the 440 yard run; Wesley Richardson, 4th in the 220 yard dash and third in the 100 yard dash; Bill Thompson and Sammy Perez, 5th and 6th in the 330 yard intermediate hurdles; Thompson, 6th in the 120 high hurdles and Taylor, 3rd and Jacoby 5th in the broad jump.

These points added up to the Division II championship, fifty points above the second place team. This was the third consecutive first place in three weeks and a new table had to be added for the additional trophies.

-SHS-

The junior-senior prom was termed a great success by all those attending. The band was really good and several couples just almost wouldn't leave until forced to do so. The decorations were well done even if the juniors did do them. I'm sure every senior joins with me in saying "thanks" for an enjoyable evening.

The banquet was a large success, too. The food was good, the entertainment well done and the prophesies and wills were their usual funny as well as sometimes embarrassing selves. In fact, Mr. Neal showed up in class Monday wearing mod "granny" glasses just like the seniors willed him.

-SHS-

Pam was released from the hospital and reported to be doing fine. She got home Tuesday afternoon much to the delight of SHS.

-SHS-

The girls go to Eldorado today to run against the Eldorado girls in a dual practice meet. They will run in their first meet April 2 in Eldorado so this practice will help them when it counts. Only running events will be run.

District events begin Friday April 2 with debate, ready writing and extemporaneous speaking. The remaining events will continue through Saturday in Robert Lee.

## Coffee Break by Shirley Hill

### HOW TO RAISE A DELINQUENT - TEN EASY RULES:

1. Begin at infancy to give the child everything he wants. In this way he will grow up to believe the world owes him a living.
2. When he picks up bad words, laugh at him. This will make him think he's cute.
3. Never give him any spiritual training. Wait until he is 21, and then let him "decide for himself."
4. Pick up everything he leaves laying around, books, shoes, clothing. Do everything for him so that he will be experienced in throwing all responsibility on others.
5. Quarrel frequently in his presence. In this way he will not be too shocked when the home is broken up later.
6. Give a child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you did.
7. Satisfy his every craving for food, drink and comfort. Denial may lead to harmful frustration.
8. Take his part against

neighbors, teachers, policemen. They are all prejudiced against your child.

9. When he gets into real trouble, apologize for yourself by saying "I never could do anything with him."

10. Prepare for a life of grief. You are bound to have it.

-Prepared by the Houston Police Department and submitted to me by Mrs. John Butterfield. -SKH-

Mrs. Royce Regeon, Nanetta, Resa and Rhonda drove from Kansas City, Kansas to Arch Bold, Ohio, Saturday to be with Mr. Regeon during the week of Spring vacation for the girls. They will return to Kansas City March 24. The Regeon girls are granddaughters of Mr. and Mrs. Cash Taylor.

Kathy Morgan is home on spring vacation from Texas Tech visiting her parents, Mr. and Mrs. Doyle Morgan. Janice Sutton, daughter of Mr. and Mrs. J. W. Sutton has returned to school in San Angelo having a spring break last week.

### 7 at 7 BRIDGE CLUB

Mr. and Mrs. Jimmy H. Harris hosted members and guests of the 7 at 7 Bridge Club Saturday night. Banana splits were served.

High guest was won by Mr. and Mrs. Norman Rousselot; high club, Mr. and Mrs. Bill Savell; travel prize, Mr. and Mrs. Jamie Parker; bingo, Mr. and Mrs. Joe Neil Smith and the consolation (dog) went to Mr. and Mrs. Joe Lane. Mr. and Mrs. James Alexander were other members attending.

TUESDAY NIGHT BRIDGE Mrs. Joe Brown Ross was hostess March 16 to members and guests of the Tuesday Night Club at her home.

Members in attendance were Mmes. Alice Jones, R. A. Halbert, R. C. Vicars, P. J. Taylor, W. O. Crites, Louie Trainor, Mary Barrow and Vestel Askew. Guests were Mmes. O.

L. Carpenter, Lola Archer, George Wynn and Belle Steen.

High club was won by Mrs. Halbert; travel, Mrs. Taylor; bingo, Mrs. Barrow and high guest, Mrs. Wynn.

JUST US BRIDGE CLUB Coffee, cake and lime sherbet were served when the Just Us Bridge Club met March 15 in the home of Mrs. R. C. Vicars.

Those in attendance were Mmes. R. A. Halbert, Ed Mayfield, Bertha Glasscock, George Wynn, Howard Kirby, P. J. Taylor and guests Mmes. Vestel Askew and Belle Steen.

Mrs. Glasscock won high club; Mrs. Taylor, bingo; Mrs. Kirby, travel and Mrs. Steen, high guest.

SONORA DUPLICATE BRIDGE Five-table Howell was played Monday night at the Sonora Duplicate Bridge club meeting.

Mr. and Mrs. Blake Blakeway of Eldorado, were first and tieing for second, third and fourth places were Lottie Adkins and Frankie Williams of Eldorado; Mrs. Hillman Brown and Mrs. Ed Harrell and Frank and Mark Tillman of Ozona. Placing fifth were Nita and Ann Tillman of Ozona.

-SKH- Mr. and Mrs. J. T. Ratliff have returned from a six week tour and visit to Hong Kong, Singapore and other Asian cities. They visited their daughter in Singapore and reported they enjoyed their visit, but Texas sure looked good and especially West Texas when they returned.

Mrs. P. J. Taylor is visiting her daughter and family, Mr. and Mrs. Jim Blake in Farmington, New Mexico.

Visiting Mrs. Muriel Hamilton and Mrs. Juliet Driskell last week was their brother, Hal Holland of San Antonio and their niece, Mrs. Ed Wells, also of San Antonio.

Mr. and Mrs. E. O. Box of Ada, Oklahoma, visited her niece and family, Mr. and Mrs. Albert Ward, Cathy, Kelly and Gus recently. Mrs. Box is the former Emma Creagh.

### MONDAY NIGHT BRIDGE CLUB

Mrs. Joe Neil Smith hosted the Monday Night Bridge Club at her home March 22. Banana splits, coffee, tea and cokes were served. Attending the party were Mmes. Albert Ward, Clayton Hamilton, John Butterfield, Jimmy H. Harris, W. T.

Black, W. H. Hill and Horace Hill. Mrs. Harris won high; Mrs. Horace Hill, traveling and Mrs. W. H. Hill, bingo. -SKH-

CUB SCOUTS BENEFIT Sonora Cub Scouts raised over \$300 to further scout activities when they received benefits from a movie at the Bronco Drive In last week. Scoutmaster Eddie Smith has

stated he would like to thank Hillman Brown for the use of the theatre, the Devil's River News for donating the tickets and to the townspeople for their support.

-SKH- Mr. and Mrs. Charlie Howell of Perryton were here last week-end visiting their parents, Dr. and Mrs. J. F. Howell and Mr. and Mrs. John H. Henry.

---	---	---	--

There are days when Jim feels "all geared up." Like many men today, he has the sense of being just a cog in a wheel—no real identity. This is wrong!

It takes a great many Jims, all kinds, to keep the wheels turning. But each is important, and each is an individual. God intended men to have not only a sense of identity, but a basic self-esteem.

Maybe you've been underestimating yourself! Maybe you've been feeling that you are just one of the crowd! If so, during this Lenten season you'd better take a new look at both the world and yourself.

For a new perspective, maybe you'd better start going to church.

AFTER MUCH HARD WORK and lots of preparation the school cafeteria took on a new look when Junior class members completed the decorations for the Junior-Senior banquet held Friday night to honor the 1971 graduating seniors.

Class sponsors, high school faculty and members of the junior and senior classes attended the banquet. The theme "The Age Of Aquarius" is evident here. George Chambers and his band of San Antonio, provided music for the prom.

**Shelley Morriss Named To Dean's Honor List**

Miss Shelley Morriss, daughter of Mr. and Mrs. W. L. Morriss, was named to the Dean's Honor List for the Fall Semester, 1970. She made a grade average of at least 3.60, but less than 3.80 for the semester, while registered for not less than 15 semester hours. She was one of 204 students, 128 women and 76 men, attaining this distinction.

**Green News**

Last Wednesday we had twenty-two ladies at the monthly luncheon and sixteen played golf. Peggy Sharp and Jo Neville served as hostesses.

Nancy Allison posted the best score of the month. Ann Herrmann won the "play for the day". The team of Sammie Espy, Mary Barrow, Eddie Mae Kinser and Martha Black won the three-month "Scorefest Play". The new contest is "Putter Ringer Play" which started March 17 and will run until May 19.

We welcome Jeanette Means as a new auxiliary member.

Bob Snodgrass took two golf teams to Robert Lee last week. The first team of Mark Rousselet, Tony Renfro, Roger Langford, Chuck Browne and Gene Thompson won second place with a 328 score. Iraan won first with a 300, Eldorado third, 347 and Robert Lee, fourth, 348. The second team of Eddie Alexander, Gene Trainer, Bruce Baldwin, Tryon Fields and Ben Snodgrass won fifth with a 350.

Chris Berger is home after having surgery in San Antonio. We wish you a speedy recovery.

**Spike Bucks Undeserving Of Protection**

How old is an eight-point buck? Three years old? Or four or five?

Wrong. Despite the impressive antlers, in many cases he may be barely more than a year old.

A buck's rack is a good indicator for judging the animal's health, but it can be misleading to the average hunter.

A white-tailed deer which had poor nourishment when a fawn will develop into a "spike buck," or one with short, undeveloped forked antlers after a year of maturity. Conversely, a well-fed buck might develop into an eight-pointer in one year.

Therefore, biologists say, it's a mistake to protect spike bucks from hunting pressure. When you protect spikes and kill the larger bucks, you are killing the better brood stock and leaving the inferior animals, they point out.

In a recent nine-county survey in East and Central Texas, biologists examined more than 1,800 buck deer. Three-fourths of the deer were yearlings—but only 291 were spikes. (Biologists consider an 18-month-old deer a yearling, although ranchers call cattle under one year old yearlings.)

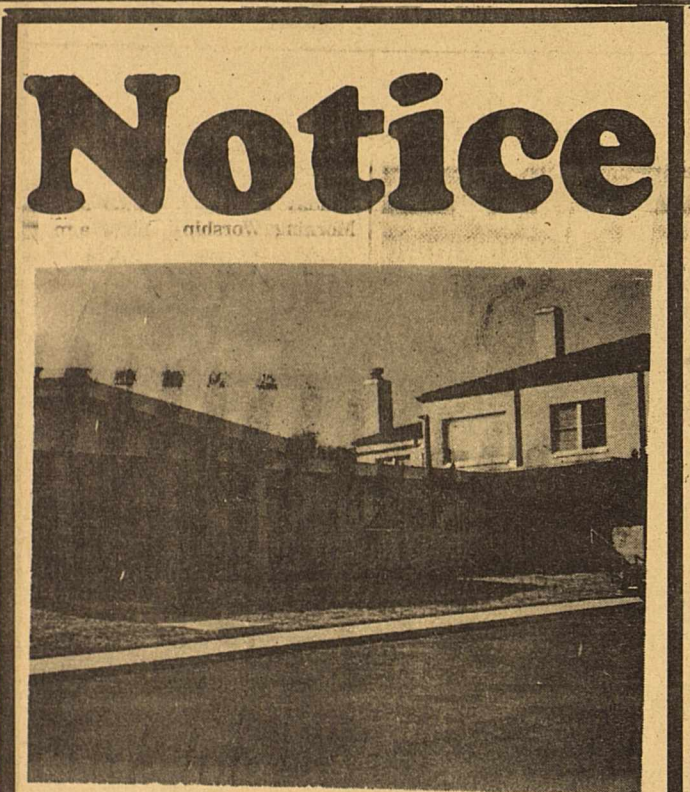

The spikes' average weight was only 64.5 pounds, compared to 72.6 pounds average for the bucks with three or more points.

Spike bucks probably would occur rarely under ideal range conditions. This was apparent during a survey held on the

Engeling Wildlife Management Area in East Texas last fall. A public hunt yielded a total of 60 yearling deer, but none of them were spikes.

Therefore, when spikes are seen it may be time to consider range improvement or a heavier deer harvest to improve the herd's quality.

it takes people

- Supplying your ever-growing need for electricity is a big job. It takes miles and miles of expensive wire. It takes poles . . . transformers . . . office space . . . typewriters . . . trucks . . . adding machines . . . and other necessary equipment.
- But, most of all it takes people. It takes people with the know-how to use the equipment. People qualified to make important decisions. It takes people who are trained to act quickly and efficiently when a job needs to be done.
- The next time you snap a switch, or set a dial, that puts electricity to work, remember the people who are on the job for you.

Deadline for news is 12 noon on Tuesdays.

**A Bishop Looks at Life**

Church and Change

By Everett H. Jones Retired Bishop of the EPISCOPAL CHURCH

When church people meet today the question that is often asked is this: What do you think of all the changes? (It makes little difference whether it is one denomination or another.)

It is certain that in any sizeable group the reactions will vary from vehement protest that the changes do not go far enough to equally vehement objection that they have gone much too far.

What are some of the ways in which church groups have changed? Certainly there is a new concern for man's total well being and more forms of involvement toward this end. There are new interpretations of old doctrines, new forms of liturgy, new versions of the Bible. There is a new ecumenical spirit, and much more association and interchange between denominations.

One of the most notable changes is the greater participation of lay people, both men and women, in the worship of the Church. Many church groups are moving toward the ordination of women.

These are a few of the changes which cause some devout people to feel they have lost the stable, enduring foundation of their religious life. What they forget is that the basic things have not changed; the church still means prayer, repentance, forgiveness, love, commitment, dedication, loyalty to Christ. A familiar hymn has these lines:

It is our relationship with God that does not change despite new words in the Bible, a new order of worship, or a new shape of the church building. In fact, those who are earnestly experimenting with new forms and structures do so in order to make the enduring things more real for our children and their children.

"Change and decay in all around I see; O Thou Who changest not, abide with me."

**Snips, Quips, And Lifts**

by LOTTIE LEE BAKER

—If money could talk, it would ask, "What happened?"

—What makes resisting temptation so difficult is that one really doesn't want to discourage it completely.

—The disappearance of the hat-pin is the only successful case of disarmament in history.

—Only part of us can learn by other people's experiences. The rest of us have to be the other people.

—The man who never makes a mistake must get awfully tired of doing nothing.

—Our ship would probably come in much sooner if we would only swim out to meet it.

—"Before I take this job, tell me—are the hours long?"

"No, only sixty minutes each!"

—In winning a woman, as men have long known—

A diamond works well as a stepping stone.

—Fool me once, shame on you; fool me twice, shame on me.

—Indignant reply of a Georgia matron when told at the supermarket checkout counter that she couldn't buy beer on election day: "But I'm not going to vote!"

GOSSIP: Mouth to mouth recitation.

WATER POLLUTION: H<sub>2</sub> Oh-Oh.

Cont'd from page 1

Following several years of protection and care, deer numbers exploded. Deer are now found in large numbers over practically all of Sutton county, and are rapidly increasing in other counties. Deer are frequently seen now, for example, in Brown and Hamilton counties—where they were never found only a few years ago.

The rapidly increasing population has brought increased hunting pressure, and a corresponding jump in economic returns from deer. In the 1940's only a dozen or so ranchmen allowed any deer hunting, while now probably less than a dozen ranches are not hunted to some extent. The opening of hunting season now brings an army of hunters to town—and more leases are needed.

Deer compete with domestic livestock for range forage. They have grazing habits similar to goats, taking browse, weeds and grass. Deer numbers should be included in range stocking rates, with management to provide good deer forage year-long.

Brush control plans should consider deer needs for food and cover. Liveoak, shinoak and cedar should be controlled to leave adequate strips of undisturbed brush. This practice will increase grass and weeds and will also increase browse production in reach of deer.

LOOKING BACK... ... BY SONORA MOTOR CO.

RANCHMEN'S ROUND-UPS at the Ranch Experiment Station for some years drew large crowds from the area. Activities included speeches, tours,

and a barbecue dinner. Pictured above is the camp of visitors at the gathering held in August 1925.

**When you promised to share and share alike, did that mean your wife could use up all the hot water?**

You could get up earlier. Then you'd be sure to beat her to it. Of course she wouldn't be too impressed with your chivalry. Another alternative is a larger gas water heater. Gas water heaters are easy to buy, easy to install, and recover hot water up to twice as fast as comparable electric models. So stop competing with your better half. Get a larger capacity hot water heater. For fewer fights and lots more hot water.
