

Preparations Finalized For Two Weekends Of Racing

With the opening of the annual Spring Race Meet Saturday racing fans throughout the area are expected to visit Sonora in anticipation of two exciting weekends of racing.

Sponsored by Sonora Park and Horse Show Association, the first races start at 1:30 p. m. with eight races scheduled, seven for the West Texas Futurity Trials. West Texas Derby Trials are set Sunday, April 25.

Much preparation has gone into getting the grounds ready for the races with a great deal of credit due Dub Wall and "Uncle Elmer" Crumbley, who have spent considerable time in riding the area of weeds as well as taking care of general repair work, said a Park Association official. He added that others who deserve credit for their work are Miss Vivian Mears, serving as unofficial secretary and doing a lot of

work, and Mrs. Pam Mason, a secretary in the Chamber of Commerce office.

W. L. (Bud) Whitehead is president of the association. Mrs. Jimmy Powers and Mrs. Sue L. Miller are in charge of box seat sales and Louis Powers is in charge of the track. In the event races are rained out, box seat ticket holders will receive purchase price refunds on the tickets, said Joe D. Ross,

who is in charge of the stalls, said more applications were returned earlier than in previous years, indicating much interest in the races, and particularly in the Futurity races.

The annual race honoring Sonora firemen will be held Sunday, May 2, and firemen and their wives will be presented free passes to the day's racing. Named as an honoree also is Crumbley, 84, who is always

on hand for the opening of the meet. Last year he was hospitalized with burns on his legs when the race meet opened, but this year he has again devoted his time, helping with the preparations.

Ross said a number of Paint horses have been entered in the Thoroughbred races, along with several Appaloosas. It is hoped to have more of these horses each year entered in the races, he added.

The West Texas Futurity with an estimated purse of \$30,000 will be run Saturday, May 1. Last year the coveted Futurity was won by W. L. Miers horse, Miers Art.

DANCES SCHEDULED

Two big western dances have been scheduled during the race meet. Dale Keath and his "Starlite Rambles" from San Antonio, will play from 9 p. m. to 1 a. m. Saturday, at the 4-H Center for dancers. Next week-

end the Bobby Boyte band with "Nashville Sounds" will provide music for the dance at the 4-H Center, May 1, with hours set from 9 p. m. to 1 a. m. also.

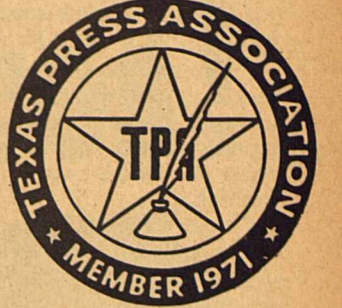

RAINS AID TO TRACK

Welcome rains fell last week and should help to get the track in top condition. Most horsemen never worry about the rain -there's always India ink. If fans question what India ink has to do with horse racing, an interesting bit of information

was noted in John Kings' "Cinders" column in 1968, which reads: "...because of horse races and mud on the track, a horse owner bought every bottle of India ink in the house, explaining that horses' hoofs painted with India ink wouldn't pick up mud. The result was supposed to be a faster horse with a better chance to win." So, guess the news office will be stocking up with India ink again this year.

Sonoran's Nephew Willis Pfister Dies In Accident

Mr. Willis Pfister, 51, son of the late Mr. and Mrs. Ed Pfister, was one of four Fort Stockton men killed in the crash of a Cessna 210 Thursday night, April 15. The crash occurred 3/4 mile south of Iraan during a heavy rainstorm. The men were returning from a trip to Houston.

Mr. Pfister was the nephew of Mrs. George W. Phillips, Mrs. Pauline Barnes and Jack Pfister.

A longtime employee of the Post Office Department in Fort Stockton, he was also a member of the Church of Christ, a veteran of World War II, Commander of American Legion Post 234, and a member of the Fort Stockton City Council, having been reelected April 3.

He was born here April 2, 1920. Services were held April 17 at 10 a. m. in the Fort Stockton Church of Christ with burial in East Side Cemetery.

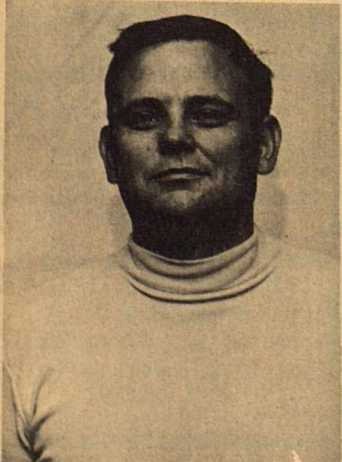

Survivors include his wife, Jean; one son, Buddy Pfister, a student at Texas A&M University; one daughter, Mrs. Sherri Conklin of Midland; two sisters, Mrs. Wayne Green of Alpine and Mrs. Joe Elkins of Austin, and one granddaughter.

Corky Fields School Graduate

Corky Fields, son of Mr. and Mrs. Herbert Fields, graduated April 13 from Elkins Institute of Technology in Houston. He finished in Radio and TV Electronics.

He has received his first class radio and television engineering license from the Federal Communications Commission.

Fields, who has a boutique shop in Houston, was home visiting his parents last weekend.

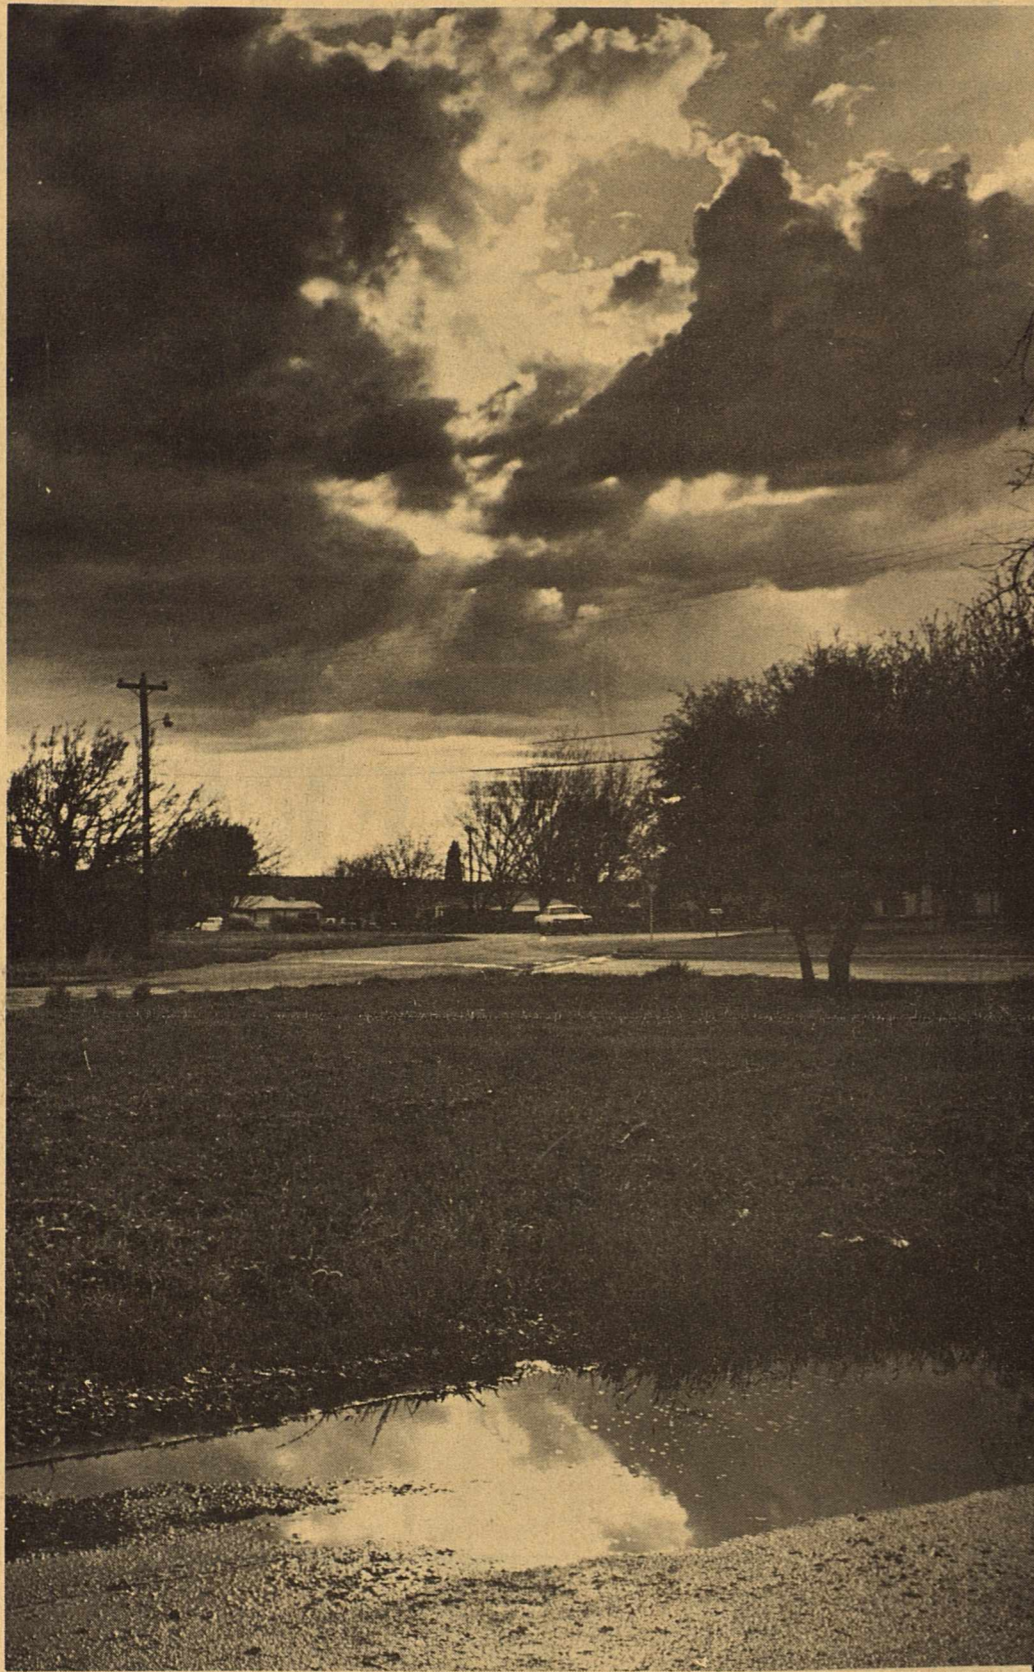

Grosse Mohler Accepts Seguin Coaching Job

Grosse Mohler, who has assisted with coaching duties of the Sonora Broncos for the past two years, has resigned from Sonora schools, effective at the end of the present school year.

Mohler, who worked with coaches Jerry Hopkins and Denzie Hays, as well as other local coaches, in winning the 1970 Class A State championship, has accepted a position with Class 4A Seguin high school. He will work with Hopkins' coaching staff in football, and will be head track coach in the Seguin high school.

The Mohler family moved here in the summer of 1969, and both he and Mrs. Mohler have taught in the local schools. Their many friends wish them well in their new assignments.

BEAUTIFUL CLOUDS AND POOLS OF WATER were a welcome sight after a dry winter that triggered vivid memories of the 1951-'57 drought when nature started playing "catch-up" with rainfall last week. An extensive front moved across the Sonora area Friday morning, leaving from one to two inches of rain. Rainfall was much heavier northwest of town, with 4-6 inches falling west of Eldorado. A large branch of Dry Devil's River running through the western part of Sutton County, was reported to be higher than at any time since the June 1954 Ozona flood. Rainfall in most of the county fell slowly and little runoff occurred. Scattered showers fell in isolated areas Friday and Saturday and again Monday night. Range forage, particularly grass, in the Edwards Plateau soil conservation district

has been hard hit by three dry growing seasons. Weed competition has used the winter moisture and summer rains have been too light in most areas to produce good grass. There is little weed competition on the ground now to inhibit grass growth, and with continued good rainfall grass will make a "comeback." Representative rainfall reports collected by the Soil Conservation Service include Alvis Johnson 1.48; Wool House, 1.10; Jerry Johnson 2.00; James Hunt (Hdq.) 1.30; Harold Friess 1.50; Gus Eustace 1.30; John Ward 1.00; Mrs. Paul Turney 1.90; Cleve Jones 1.50; Experiment Station 1.91; Barnhart Station, 3.5; Joe M. Vander Stucken 1.25-1.55; Vestel Askew 1.70-2.0; Hospital Ranch 1.5; Armer Earwood 1.25-2.00. (E. B. Keng, SCS)

Home Hardware Joins Buyers Group

Jack Kerbow announced this week that Home Hardware and Furniture has joined a buyers group known as "Trustworthy Stores". This organization was formed by Liberty Distributors which is composed of twenty-eight hardware wholesalers throughout United States. A comparatively new type of store in this area, it has received wide acclaim in the southern and eastern parts of the country.

By the buying power of the twenty-eight hardware wholesalers, members of the Trustworthy franchise remain independent in their own operation but have the advantage of the volume prices given the franchise retailer through the twenty-eight outlets, thus being able to compete in some ways with the so called discount stores, said Jack Kerbow, owner of Home Hardware.

Kerbow said the complete changeover in operation will take some six months but in

the meantime, starting May 1, Home Hardware and Furniture "Trustworthy Store" will present its first circular sale offering the controlled merchandise as well as national brands at substantial savings.

Local Students Plan To Attend State FHA Meet

Two members of Sonora FHA and their sponsor will leave Thursday for the State Future Homemakers meeting in Dallas.

The theme of the meeting will be "FHA Steps Into Action". Approximately 4,000 girls and their sponsors will attend the meetings in Dallas Memorial Auditorium.

Sonora representatives will be Beatrice Villareal and Lilia Samaniego.

Federal Land Bank Reduces Int. Billing Rate

A. E. Prugel, manager of the Federal Land Bank Association of Sonora, announced that the Federal Land Bank of Houston will reduce the interest billing rate on variable rate loans to 7 1/2%.

"This reduction will be effective on installments maturing on or after June 1, 1971 and affects more than \$110 million in variable rate loans to over 3200 Texas farmers and ranchers," Prugel said.

The local association makes and services loans in Sutton, Schleicher and Crockett Counties. Members of the local board of directors are Frank Bond, Oris Deal, Chas. E. Davidson III, Pleas L. Childress Jr. and James T. Williams, Jr.

4-H's Win Top Places In Area Judging Contests

Sutton County 4-H judging teams participated in judging contests at Sul Ross State University, Angelo State University and Odessa Junior College, Saturday, and won top honors in all three events.

The junior grass judging team composed of Larry Finklea, Marsha Finklea, Susan Schwiening and Renee Rousselot placed first in the District 6 4-H junior grass judging contest at Odessa. Larry was the high individual and Marsha was the second high individual. The team was coached by County Agent D. C. Langford who attended the contest with the 4-H members.

A livestock judging team composed of Joe Wallace, Will Wallace and Charley Draper placed first in sheep judging, second in swine judging and second in over-all livestock judging at Alpine in competition with about 40 4-H and F. F. A. teams.

A second team composed of Mark Milliken, John Cook and Mark Hemphill also made an excellent showing in the contest. George Wallace and Wallas Renfro attended the contest with the teams. Gene Wallace is coach of the livestock teams.

The Senior 4-H Wool and Mohair judging team composed of

Janet Pope, Cora Pope, Sarah Allison and Bill Finklea placed third at San Angelo in competition with 4-H and F. F. A. judging teams. Two San Saba County 4-H teams tied for first and second.

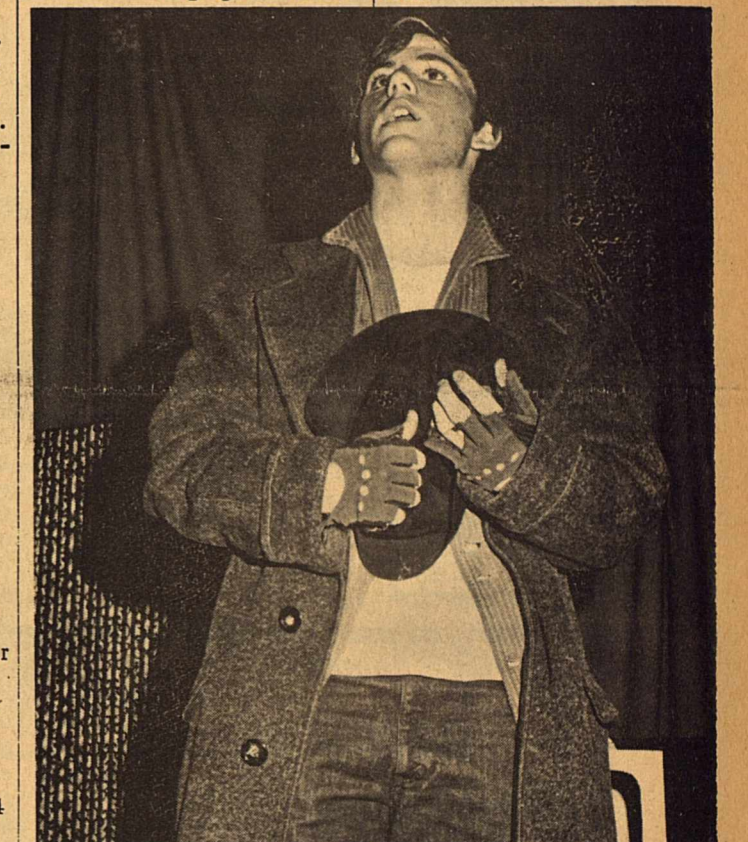

Mr. and Mrs. Walter Pope attended the wool and mohair contest with the 4-H members. Corky Schwiening is the wool and mohair judging team coach.

Reception Will Honor Doctors

Hudspeth Hospital Auxiliary members will honor Dr. Kenneth Fannin and Dr. Lonnie Pollard and their families with a reception at the First Methodist Church fellowship hall Sunday from 3 to 5 p. m.

Everyone in the community is invited to come and meet the doctors and their families, said Mrs. John Fields, a member of the auxiliary.

Dr. Fannin maintains an office in the office formerly occupied by the late Dr. J. F. Howell, and Dr. Pollard, dentist, opened an office in the one formerly occupied by Dr. Ron Williamson.

SONORA HIGH SCHOOL will have outstanding representation at the Regional U. I. L. competition at Dentons North Texas State University beginning Thursday. Matt Davenport and Molly Morris were judged best actor and actress for their performances in district competition in the play "The Madwoman of Chailor". Others in the play, some of whom won awards, were Kelley Sentell, Ruthie Wallace, Karen Hemphill, Michelle Rousselot, Rick Street and Steve Street. Traveling to Denton for the regional competition also are golfers Tony Renfro, Mark Rousselot, Chuck Browne, Roger Langford and Eddie Alexander. Winning in district and eligible for regional are tracksters Steve and Rick Street, Mike Taylor, Wesley and Wade Richardson, Scott Jacoby James Noel, Jimmy Cade, Arnold Samaniego, Bruce Kerbow. Literary event entries include Marilyn Morgan, typing; Davenport, boys prose; Kelley Sentell, girls poetry; Carol Weston, girls informative speaking and Janet Pope, girls persuasive speaking. Twenty-eight students will represent Sonora at the regional meet.

Local Little Leaguers Open Season Play

Little Leaguers began summer season of baseball practice Monday with their first game scheduled May 3 at 6:15 p. m. when the Cardinals will meet the Dodgers. Beginning at 8 p. m. the Indians and Colts will play their opening game of the season, immediately following the Cardinal-Dodger game.

Oliver Wuest is director of the program with Darcy Carroll, president of the organization and Web Elliott, secretary-treasurer.

Coaching the Indians are Bill Savell and Jamie Parker. Other team coaches are Dickie Street and Lin Hicks, Colts; Jimmy H. Harris and Web Elliott, Cardinals and Gene West and John Wesley Joy, Dodgers.

Team sponsors for the 1971 season include First National Bank, Neville's Department Store, Westerman Drug and Foodway Stores.

Considerable work has been done at the Little League field by the city this spring.

Water Association Members Hosted Here April 15

Sonora members of the Fort Concho Water Utility Association hosted the district association meeting Thursday night. Twenty-nine members attended and were served the evening meal at the Commercial Restaurant.

The association, which includes a number of counties with Tom Green the center of the district, meets one night monthly for these water meetings.

Gene West and James McLaughlin, employees of the City of Sonora, attend the meetings regularly, said Jimmy H. Harris, city manager.

Editorials-Features-Columns

The most effective single force in building a good community is a good newspaper.

AN EDITOR'S TRIALS

If you stop to think about it, every community, large or small, gains its sense of identity and purpose through the pages of its local newspaper. If you want to find out anything or let other people know about some event, service or product, it's a pretty fair bet that the pages of your local newspaper can lend a hand; even ex-subscribers seem to think so.

A letter published in the Hayti, Missouri, Herald, makes this point and illustrates, as the editor put it, "... one of the better days in the life of a weekly newspaper publisher." The letter says, "Dear Editor: Please send me a free copy of your newspaper containing the obituary of my aunt. Also publish the enclosed clipping of the marriage of my niece. And I wish you would mention in your columns, if it doesn't cost anything that I have two calves for sale and our church is having a chili supper Friday night and the tickets are only 75 cents. As my subscription has expired, please stop the paper as I can't waste money on newspapers. —Ex-subscriber."

About the only comment that can be made here is that some days just start out bad, and once in awhile they don't get any better!

THE DEVIL'S RIVER PHILOSOPHER SEZ...

He Comes To The Defense Of Man In Current Ecological Argument

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River takes a sidelong look at ecology this week. Write him, not us. Dear editor:

I had laid my newspaper aside and was resting my brain on television the other night when a program came on telling about what man is doing to wildlife on this planet. According to it, what man is doing is downright sinful, crowding out the elephants, the leopards, lions, zebras, birds, whales, bald eagles, etc. and if he keeps it up he's going to upset the ecology so much the world will never be the same.

Man is guilty all right but let's not forget the other species. For example, did you see the scene of the elephant uprooting an innocent tree to get at the tender top leaves? Also, how many other trees must the ecology surrender to support one giraffe?

Man litters his highways with cans and bottles, but did you ever see what bats can do to a cave?

Of course man ought to know better, which is what flea-bitten dogs probably think about fleas. Dogs ought to learn it's all right to scratch fleas but not to use pesticides on them. A lot of people are saying

these days that man has made a mess of life on this planet and they long for the good old days. What they long for are the good old days in the warm spring, not in the cold winter when the wind whistled through the cracks in the cabin and the salted bear meat was getting rancid, if you'll excuse the reference to the ecology of the bear. I have often thought if Daniel Boone had had the future of this country in mind he'd never have worn a coonskin cap or deer-hide moccasins or slept on a bear skin rug. Even now I'm embarrassed when I hear an amateur environmentalist defending ecology while wearing leather shoes.

There's some funny thinking going on these days, especially among grasshoppers, who seem to think green grass and tender garden plants showed up just for them to lay waste.

Ecological balance is a fine thing. I'm in favor of it. So is the rabbit being pursued by a hungry fox, which is being pursued by a hungry lion. Man has damaged this planet all right, but he sure has improved it too. I'll let the elephants tell what they've done along this line.

Yours faithfully,
J. A.

A Bishop Looks At Life Two Worlds Meet

By Everett H. Jones, Retired Bishop of the Episcopal Church

(Bishop Jones is on a tour of the Orient and will send reports from points along his route.)
Hong Kong—For an American one of the excitements of a stay in Hong Kong is to see if East and West can really meet or in today's terms, what happens when the Free World and the Communist World come intimately together? Can there be peaceful co-existence in a limited area crowded with almost 5 million people?
For the most part the answer is that the two worlds get along together surprisingly well—because they need each other. There are now six major stores in this area that are owned by Communist China and specialize in products from that country. (Until recently these products could not be taken into the United States, but that ban is now lifted.) Most of Hong Kong's food comes from Red China, and the colony buys its water from the Reds. One of the city's most imposing build-

ings is the Red-controlled Bank of China on the island side.

All this is possible because Hong Kong is Red China's best contact with the outside world. Millions of dollars flow from Hong Kong into China each year. If the Reds took over this colony (which they could easily do) it would cease to be an international center and its magnificent harbor would no longer be filled with ships of every nation.

On the other hand, there are Communist groups at work in Hong Kong and they impose a constant threat. In 1967 there were destructive riots in which lives were lost and many buildings damaged. During our present visit a bomb was found outside the Central Government offices. While it was being detonated by the police it exploded, causing one officer to lose an arm. The next day another bomb was found in Kowloon (the mainland side of the city). Banners at the scene of the explosion protested a proposed increase in water charges, and insisted that Chinese rather than English should be the official language.

However, the overall atmosphere is one of stability, prosperity, and mutual respect between the wide variety of races and cultures. Prices are extremely reasonable. So great is the "charisma" of the colony that last year 900,000 tourists came to enjoy its charm, and this year a million are expected.

First libel suit in the U. S. was brought against John Peter Zenger of the New York Weekly Journal in 1735.

Mrs. Don Rains Party Honoree

Mrs. G. D. Rains of Orange was hostess to a party honoring her daughter-in-law, Mrs. Don (Betty Jack) Rains of San Marcos during the Easter holidays. A special guest was the honoree's mother, Mrs. Pat Cooper.

The Cooper-Rains wedding took place last June. This was the first time all members of the family could be together since then.

Assisting with the courtesies were Mrs. Norman Camp and Mrs. Mary Pachar of Orange. Helping to receive the guests

were Mr. and Mrs. Rain's two daughters and their husbands, Mr. and Mrs. Wayne King of Austin and Mr. and Mrs. Larry DeHority and children, Tia and Tara, of Houston.

Spring flowers in pink and yellow accents were placed at vantage points about the home and on the serving table.

Servers held tidbits of ham, cheese and homemade bread. Cake, punch and coffee also were served. At opposite ends of the table were the silver coffee service and the punch bowl.

Broadcasting from a radio station began in Texas in 1920 from a station owned by the City of Dallas.

\$1.00 off

Until June 30, we'll give you \$1 for any old watchband (no matter what make, material or condition) when you trade it in on a new stainless steel

or gold filled Speidel watchband.

Church Rites Unites Couple

Miss Kathleen Morgan became the bride of Harold Russell Spain, Jr. at a ceremony held April 18, in the First United Methodist Church chapel.

Mr. and Mrs. Doyle Morgan and Mr. and Mrs. Harold R. Spain, Sr. of Haskell, are parents of the couple.

The Rev. John M. Weston, pastor of the church, officiated at the ceremony.

TEEN SCENE

By KAY KERBOW

These last two weeks at SHS could well be called "the weeks that were". Sonora High School added a district track trophy Saturday at Robert Lee and Mr. Buchanan's one-act play easily won district enabling them to travel to Denton to compete in the Regional meet.

The Broncos scored over 160 points to out-distance their nearest competition by 40 points. Regional qualifiers include — the 440 relay team—Wesley Richardson, James Noel, Steve Street and Mike Taylor; the mile relay team—Scott Jacoby, Noel, Arnold Samaniego, Taylor and Jimmy Cade; Steve Street, 100 yd. dash and 220 yd dash; Wesley Richardson, 220 yd. dash; Wade Richardson, pole vault; and

Arnold Samaniego, 880 yd. run; James Noel, 100 yd. dash; Bruce Kerbow, 120 high hurdles and Jacoby, broad jump and 330 intermediate hurdles.

Other point getters include Bill Thompson, 3rd in the 120 high hurdles, 4th in the 330 intermediate hurdles; Wesley Richardson, 4th, 100 yd. dash; Taylor, 3rd, 220 yd. dash; Richard Bernal, 6th shot put;

In 1879, Galveston became the site of the first telephone exchange in Texas.

and Kerbow, 3rd, high jump; Ben Snodgrass, 6th, discus; Jimmy Galindo, 5th, 880 yd. run; Cade, 4th, 440 yd. dash; Rick Street, 6th, 440 dash; Jacoby, 5th, 440 yd. dash; Sammy Perez, 3rd, 330 yd. intermediate hurdles and Freddie Gonzales, 6th, mile run.

Mason finished second with 115 points and Eldorado was third with 94.

Not only did "The Madwoman of Chailor" win first place but also had five members selected to the all-star cast, including best actor and actress.

Ruthie Wallace, Michelle Rousselot and Steve Street

were selected to the all star cast along with Mason's Sharon Miller and Robert Lee's Patty Ivey. Matt Davenport and Molly Morris received the highest honors as best actor and actress for their portrayals. The cast will leave today to present the play in regional competition in Denton.

The literary winners will also leave today enroute to regional meet in Denton. The track team will leave Friday and the golf team has already gone to try to win the tournament that will let them proceed to state.

—SHS—
Student council elections were held Wednesday. Candidates included president, Rick Street and Matt Davenport; vice president, Gene Trainer, Robert Duran and Wade Richardson; secretary, Marilyn Morgan and Kelley Sentell; and treasurer, June Alexander and Cora Pope. At this writing the results were not known.

—SHS—
The Sul Ross State University choir will present a concert for the student body Friday at 11:10. Any interested townspeople are welcome. The choir is on tour and it should well be worth your time to come and hear them.

After the bleakness of winter comes Spring. Fulfilling a promise of long ago, the seasons follow one another in divinely planned succession.

All around us we see evidence of evil, but the Church gives positive assurance that God is ever present. As Spring brings new life, so does the Church.

Consider the daffodil—its freshness and beauty speak of hope. Consider the Church—its steadfast faith strengthens mankind. God creates daffodils, but intelligent cultivation makes them even more beautiful. Likewise, He depends on us to spread the influence of the Church and to make a better world.

Accept this tremendous challenge and become a part of God's Church today.

comfort condition your home...

Times have changed and new methods are now available to make your home more comfortable than ever before. Here are four areas that are now getting top priority by smart homeowners and builders:

insulate

Proper insulation makes your home warmer in cold weather, and cooler in hot weather. This reduces original equipment costs and monthly utility charges, saving you money two ways.

air cleaners

New electronic air cleaners are now available that cleanse air of dirt, dust, lint, smoke, pollen and bacteria. Asthma and allergy sufferers have led the way to growing popularity of electronic air cleaning equipment.

temperature controls

The shift is on to automatic systems for heating and air conditioning with thermostats to provide precise control. The preferred systems now are those that provide cleanliness and operate efficiently.

humidity controls

Personal comfort is almost as dependent on humidity as on temperature. Smart homeowners are installing humidifiers and de-humidifiers to assure year-round comfort.

Each of these four areas deserves special attention... Each can help you comfort condition your home... electrically.

Homemaking Girls Hold Style Show

Students enrolled in Homemaking held a style show April 14 in the auditorium. District one-act play props were used as stage decorations.

With the addition of fashion silhouettes, the stage was transformed into a black and white setting for the brightly colored garments which were modeled. Sixty-three students modeled garments for their mothers and other relatives.

There were two guest models. Beatrice Villareal modeled the gypsy, peasant dress she modeled for Area II FHA meeting and Mrs. Kenneth Kordzik modeled the suit she made for the Make It With Wool Contest.

Girls receiving special recognition included, costume best suited to Individual—Gayle Glimp; Most Versatile, Ruthie Wallace; Most Representative of Current Fashions, Marilyn Mormon; Silhouette and Lines Best Suited to Individual, Roy Lesa Cooper; Demonstrates Quality Construction, Marilyn Morgan and Best Modeled, Rosemary Perez.

Great-grandparents are Mrs. Lillian Allison, Mr. and Mrs. M. G. Shurley of Christoval and Mr. and Mrs. R. G. Brule of Corpus Christi.

The baby is welcomed by two brothers, McNeil and Clay.

Just Arrived

Mr. and Mrs. Robert Allison became the parents of a daughter, Anita Glen, born March 28, 1971, in Piedras Negras, Mexico. She weighed 7 pounds and 7 ounces.

Grandparents are Mr. and Mrs. George McEntire of Del Rio and Mr. and Mrs. William Allison of Marfa.

Did You Know ?
... Something new is on hand at the HURRY-UP? Come by and try our frog legs.

Are you going to let your gas heating sleep through another summer?

Why not put it to work as an air conditioner?

It's a simple matter to install a cooling unit to your gas heating system. You can probably use the furnace blower and ductwork you already have. You'll save up to half the installation costs of starting from scratch.

Temperature control in your home is a year-round proposition, but not an expensive one. We have special rates for gas air conditioning during the summer. And no matter what the season, you pay less for gas than electricity.

Another nice thing about gas central air conditioning is its simplicity. There are fewer moving parts. Fewer breakdowns. Fewer repairs.

Wake up your central gas heating to central gas cooling. You'll sleep better this summer.

THIS MARKER WAS DEDICATED to the memory of the late Joe Brown Ross at ceremonies held Sunday on the courthouse lawn. John Eaton, who gave the history of the Frisco Trailway, said in part "... the Trailway is the longest known to be planned built and paid for by a railroad company. As a historical fact it is recorded in The Handbook of Texas. As an oddity in transportation, it is featured in the Texas Transportation Museum at San Antonio. As an asset to Sutton County stockmen it served

for more than two decades before falling to progress and returning to the grazing land from which it came." Also taking part in the ceremonies were the Rev. John Weston, the Rev. Homer Akers, J. W. Elliott, Mrs. Ben Cusenbary, Oscar Galindo and a troop of boy scouts and Mrs. Joe B. Ross, who unveiled the marker. A complete history of the Frisco Trailway as given by Eaton will appear in next weeks edition of the News.
