Annual Wool-Mohair Show Plans In Making

The Thirty-fourth annual Wool & Mohair Show has been set for June 8-9-10. An All-Texas show for 4-H clubs, F.F.A. chapters and adult producers, the show is sponsored by the Sonora Lions Club in cooperation with the Sonora Wool & Mohair Company and the Texas Agricultural Extension Service. Show committee members are Fred Campbell, chairman, Edwin Sawyer, Armer Earwood, James Hunt and Vestel Askew.

The purpose of the show through the years has been to encourage a thorough knowledge of range vegetation and to encourage production of profitable livestock as well as the profitable production and preparation of wool and mohair. It is particularly aimed at sponsoring a type of club work applicable to the ranching area and is usually well attended by youth from several of the Western states as well as Texas.

One of the main features of the show is the National 4-H Wool Judging contest which usually draws participants from throughout the nation.

Some of the winners in last year's competition included the Grand Champion bags of wool exhibited by Mike Street, Sutton county 4-H; wool single fleeces, Debbie Howard, Sutton county 4-H; mohair single fleeces, Kim Keese, Bandera county 4-H; record books, Rick Street, Sutton 4-H. Street was also the 1970 Junior Premier Wool exhibitor, and Kay Kember of Bandera was the Junior Premier Mohair exhibitor.

Last year San Saba County 4-H was the judging team winner in livestock, with Sutton placing first in wool judging, San Saba, mohair, and Kerr county 4-H taking the range management trophy.

Sutton county 4-H'ers were named best all around for 1970 with Kerr taking the 1970 over-all high team award. Eddie Alexander, Sutton County, was named overall high individual.

Many other local producers and exhibitors had winning entries in the show.

The three-day show opens Tuesday, June 8, with registration at 5 p. m. at the wool and mohair warehouse.

Grouping of judging contestants begins Wednesday at 7:30 a. m. Judging events will be held most of the day and will conclude with a recreation for junior participants at the city swimming pool beginning at 7 p. m. and lasting until 10.

New Ball Game Due For Texas Hunters Soon

The 1971-72 hunting season will be a brand new ball game for Texas hunters but opportunity for temporary confusion runs riot. Don't be confused! It's going to be simple with earlier game law digests available, to be sure.

The Governor has signed into law a bill to permit hunting from a vehicle. Hunting from a vehicle does not mean hunting from a public road. It does not mean hunting on land without permission. And it certainly does not mean that hunters will be able to take doves or migratory waterfowl from a vehicle. On the permitted list are such native species as quail, deer, antelope, etc.

Hunting licenses will go up a dime, from \$3.15 to \$3.25, the 25¢ to be retained by the license deputy who writes your license.

And if you're in service, and have been in Texas for a period of thirty days, you do not need a non-resident license, but may hunt with the regular \$3.25 resident license. Texas has no non-resident fishing license, so if you live out of state and come to Texas to hunt, the regular \$2.15 license is all that's required.

Also new is the white-winged dove stamp under House Bill 738 that requires any person who hunts whitewings to purchase a \$3 stamp, sign the stamp and have it on your person while hunting. It need not be affixed to the license. It will be available in counties having an open season on whitewings and from various Texas Parks & Wildlife Department offices.

Regulatory proclamations this year forbid hunting from railroad right of ways, something that has been trespassing all along, and forbids hunting from river beds owned by the state. The above applies to all but migratory waterfowl. So you won't get confused, a mourning or whitewinged dove isn't a waterfowl, it's a migratory bird, and there's a difference in migratory bird and migratory waterfowl, so watch your step. Additional details are available from your local game warden.

Out of town participants are also encouraged and some entries are beginning to come in, said Mrs. Stewart.

Thunderstorms Bring Light Showers To Sutton County Sunday Night

E. B. Keng, SCS Technician A thunderstorm brushed the south edge of Sutton County Sunday night, but only light showers or rains were recorded by a few ranchmen.

Heaviest showers fell in Edwards county where Armer Earwood received .75, Jack Turney, .95 and Ralph Mayer Live oak ranch, 1.00.

"Buddy" Pfister Killed In Fall

Eddie Boyd (Buddy) Pfister, 21, a student at Texas A&M University and a resident of Fort Stockton, was killed Saturday, May 22, 1971, after falling some 75 feet to the bottom of a 200-foot cave. Mr. Pfister was exploring the cave, along with seven other men, and it is believed he lost consciousness causing him to fall to his death. The cave was located 35 miles south of Alpine.

In Sutton county Albert Ward measured .30, the Ranch Experiment Station, .40 and Estes Adams .70. Recent showers were most welcome and greened the country up, but substantial rainfall is needed immediately to produce grass. Many ranchmen are still selling livestock, in an effort to lower numbers to offset the drought. May, with its heaviest average rainfall, is nearly gone. June is normally a fairly good rainfall month, but the extreme heat of July and August is not often conducive to good grass growth.

SS Representative Sets Visit

Johnny Grammer, field representative for the San Angelo Social Security office, has scheduled his June visit to Sonora. He will be at the County Courthouse Thursday, June 17 from 9 to 11 a. m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Sheepmen To Vote On ASPC Program

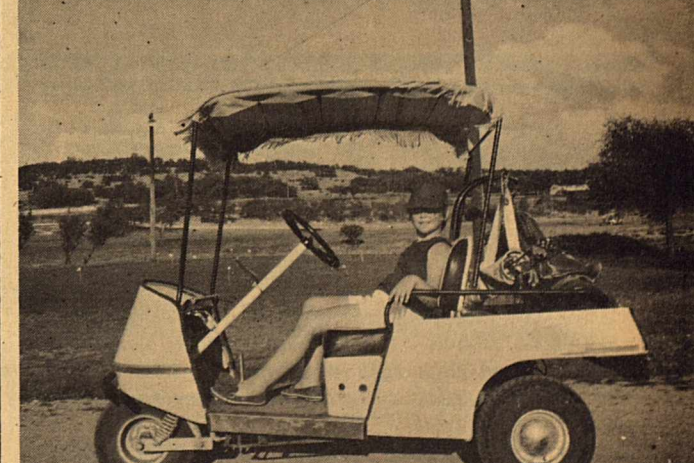

A nationwide sheep producer referendum has been called for June 7-18 by U.S. Agriculture Secretary Clifford Hardin. The referendum, conducted by mail ballot, will decide whether or not the sheep industry wants to continue promotion of its products through the American Sheep Producers Council.

Sheepmen To Vote On ASPC Program

For approval, this promotion program for lamb and wool requires a "yes" vote by more than two-thirds of the sheep represented in the referendum by those voting. All sheep producers and feeders are eligible to vote if they owned sheep or lambs, six months of age or older, for any one period of at least 30 days since January 1, 1971.
