HEAD COACH BILL SCOGGINS points out some items of interest concerning the upcoming football season to new coaching staff members, Wayne Shaw, Jerry Horn and Travis Harkins. Varsity football practice is scheduled to get underway Monday

day morning at 8:30 a. m., when Scoggins says he expects an estimated 75 high school boys to show up for varsity and "B" team practice.

## VFW Commander Receives Flag In Presentation

A U. S. Flag was presented to A. W. Saunders, Commander of Sonora V. F. W. Post 4395 at the Mel Stanley Day celebration held in San Angelo Saturday.

The presentation was made by Comrade Jerry Keaton, Senior Vice Commander of District 22, on behalf of the members of the Concho Valley Post of San Angelo.

The Sonora Post was also accorded recognition for being the first V. F. W. Post in Texas to report and turn in 50% of their 1972 dues.

Commander Saunders reports that the Sonora Post now has 39 members, with new members being signed up all the time. He noted that all members signed up in the first ninety days are considered charter members and those veterans desiring membership still have approximately four weeks to become charter members.

Membership is limited to veterans who served overseas with the Armed Forces of the United States, and were entitled to the award of a recognized Campaign Medal.

Interested veterans should contact Saunders, Pryce Taylor, Sam Perez, or any member of the local post for more information.

## Hill Country Fair Set For 12, 13, 14

August 12, 13, 14 are the scheduled days for Junction's 35th Annual Hill Country Fair Association race meet, billy sale, parade and dances. This event is held each year at the Hill Country Fairgrounds in Junction.

There will be seven races daily plus the Junction Derby with purses in the amount of \$3,000.00 to be divided among the winners.

20 stud billies will be selected from 200, starting at 8:30 a. m. during the first day of the fair. Those selected will be sold as studs on August 14 and the sale will be held as they are placed.

A mammoth street parade will kick off the activities at 10 a. m. Thursday.

Three big dances have been set, with Hank Thompson and his Brazos Valley Boys providing the music from 9:30 p. m. to 1:30 a. m. each night.

## Coaches Make Ready For 1971-72 Season

The 1971 football season will get underway Monday morning with the first practice session beginning at 8:30 a. m. at the Bronco field.

Bill Scoggins, head coach and athletic director, says that he expects about 75 high school athletes for this first practice. He hopes to have approximately 30 varsity and 45 "B" team hopefuls.

Two workouts each day have been scheduled for the first week with all Broncos on the field from 8:30 - 10:00 a. m. and 4:00 - 6:00 p. m.

The Broncos will have an almost complete new coaching staff. Under the direction of Scoggins, will be Wayne Shaw, varsity assistant; Jerry Phillips, "B" team coach, with Jerry Horn serving as his assistant.

In the Junior High program this year will be veteran coach, Oliver Wuest who will coach the 8th grade team and Travis Harkins aiding him with this team. Bob Snodgrass who has taught in the Sonora School System a number of years, will coach the 7th grade team along with Ray Mason and David Porter.

Among this list of Bronco coaches are four new names on the staff.

**BILL SCOGGINS**  
Scoggins, who replaces Jerry Hopkins as head coach and athletic director was born in Norton and his parents, Mr. and Mrs. H. B. Scoggins, reside in Ballinger.

He is a graduate of Howard Payne College and was captain of the football team in the 1950-51 season.

A member of the local Baptist Church, he and his wife Beth, and their two sons, Mike, 17 and David, 9, reside at 103 Brookside.

**WAYNE SHAW**  
Shaw will assist Scoggins with the varsity team. He was all district two years while attending Blanket High School. He is a 1968 graduate of Howard Payne College in Brownwood.

He and his wife Dianne have two-year-old twin daughters, Amy and Angie. They are members of the Catholic Church and reside in the teacherage.

**JERRY MACK HORN**  
Jerry Mack Horn and wife, Margaret are members of the Church of Christ. He will assist Jerry Phillips with the "B" team. A graduate of Seagoville

High School, he also graduated from Abilene Christian College in 1969.

The Horns are expecting their first child in December.

**TRAVIS HARKINS**  
Travis Harkins graduated from the University of Texas in 1970. He will work with the 8th grade team along with Coach Oliver Wuest.

Harkins, who resides in the teacherage, was born in Del Rio and is a graduate of Sanderson High School.

**FOOTBALL SCHEDULE**  
Sonora football fans will be able to see the Broncos in their first non-district game September 10 when the Broncos will be pitted against Coahoma at 8:00 p. m. at the Bronco Stadium.

Other non-district games of the season will be Sept. 17 in Sonora against Junction; Sept. 24, Big Lake in Big Lake; Oct. 1, Ozona, there; Oct. 8, Rankin, here; and district games against Menard Oct. 15 in Menard; Oct. 22, Bangs, here; Oct. 29, Mason, there; Nov. 5, Eldorado, here and the last game against Robert Lee will be played there November 12.

All non-district games will start at 8:00 p. m., with district games beginning at 7:30.

## Slatton Infant Buried August 5

Private graveside services were held August 5 at 1 p. m. for the infant daughter of Mr. and Mrs. Jerry Slatton of Austin.

Burial was in Forest Oaks Memorial Park in Oak Hills with Wilkey Clay Funeral Home in charge of the arrangements.

Survivors include the parents, a brother, John William Slatton of the home; maternal grandparents, Mr. and Mrs. Joe Bentley of Abilene, and paternal grandparents, Mr. and Mrs. Stewart Slatton. Other local survivors include Mr. and Mrs. Wayne McKay.

## Reserve Seat Tickets To Go On Sale August 16

Bronco fans who in the past have held reserve seat tickets for the home football games have until August 31 to claim them.

Tickets go on sale August 16 in the office of the superintendent and may be purchased for \$8.75.

After the August 31 deadline these tickets will be sold on the first come first serve basis.

Anyone else desiring season tickets may purchase them after the August 31 deadline.

## Cusenbary Promoted To Colonel

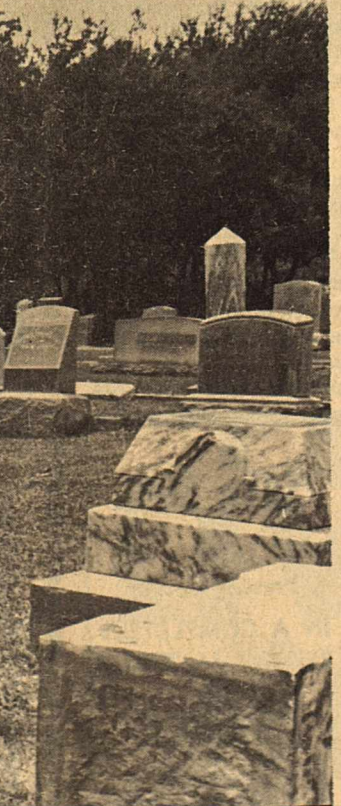

Charles L. Cusenbary, son of Mr. and Mrs. W. R. Cusenbary, has been promoted to colonel in the U. S. Air Force.

Colonel Cusenbary is chief of the commodities procurement division at Kelly AFB, Tex., with a unit of the Air Force Logistics Command which provides supplies and equipment for the USAF units.

The colonel was commissioned through the aviation cadet program and holds the aeronautical rating of command pilot.

The Vietnam War veteran holds the Distinguished Flying Cross, the Air Medal, the Bronze Star Medal and three awards of the USAF Commendation Medal.

A 1948 graduate of Sonora High School, Colonel Cusenbary received a B. A. degree from the University of Texas and an M. S. degree from the University of North Dakota.

VANDALS AT THE LOCAL CEMETERY have been busy lately upsetting grave markers. Because of these few uncaring, unfeeling persons, the cemetery will be closed to everyone except during the time a caretaker is on duty.

# Insurance Rates Approved For 1971-72 School Year

Insurance rates in the amount of \$9,103.00 was approved by the Board of Trustees of the Sonora Independent School District when they met Monday night in the office of Superintendent Ken McAllister.

## Robert Glasscock Attending AFOTC

Robert R. Glasscock, son of Mr. and Mrs. H. E. Glasscock, is participating in a U. S. Air Force Reserve Officers Training Corps (AFOTC) field training encampment at March AFB, California.

During the encampment, cadets become familiar with the life and activities on Air Force bases and can examine career opportunities in which they might wish to serve as officers.

Other highlights of the course include survival training, aircraft and aircrew indoctrination, small arms training and visits to other Air Force bases.

Cadet Glasscock is a member of the AFOTC unit at North Texas State University at Denton.

He graduated from Sonora High School in 1966 and received his B. A. degree in mathematics in 1970 from Hardin-Simmons University in Abilene.

His wife, Anita, is the daughter of Mr. and Mrs. T. C. Basham of Mountain Home, formerly of Sonora.

The insurance premiums will be divided among the four local insurance agencies with J. W. Elliott as representative.

The 1971-72 school budget was also approved at the Monday meeting.

Rutherford Motor Company of Ozona submitted the only bid on the school's Chevrolet Station Wagon. His bid was in the amount of \$3,489.31 less federal taxes.

The advisory committee appeared before the board requesting information on the new immunization program.

Contract was approved with Gandy's Creamery to furnish the cafeteria with milk for children at the cost of 73/4¢ per half pint carton.

An amendment in the school calendar was approved, changing the in service teachers meeting from October 12 to October 16.

Other action taken by the Board was the acceptance and approval of the national school lunch program policies for the upcoming school year and J. W. Sutton's bid of \$330 to update the electrical wiring system in the Junior High School Building.

A request was made to lower the kindergarten rates which were recently set at \$20 per month. No action was taken on this matter and tuition rates will remain the same for the time being.

**NEW EMPLOYEES**  
Pete Salgado was hired to serve in the capacity of elementary and junior high P. E. teacher and parttime counselor. He is a graduate of Alpine High School and taught two years in Balmohea, serving as head coach there last year.

Mrs. Robert Taylor was added to the staff in the administrative office. She will serve in a secretarial capacity.

Twelve late afternoon or evening classes of four 50 minute periods will be held. The final schedule of meeting times and dates will be established after consulting with class members.

Registration fee for the course will be \$48.00, which is in accordance with a new state law raising tuition.

The course objectives are to study principles of adult education, irrespective of the institutional or organizational structure in which they occur.

The course should be particularly useful to high school and college teachers, Extension Service personnel, church school leaders and others concerned with teaching or developing programs of adult education.

**Officials Report 100 Screwworm Cases In Southwestern United States**

Two additional cases in Bowie County, Texas, two more in Little River County, Arkansas, and one in Cochise County, Arizona, late in the week upped the 1971 total for the southwestern United States to an even 100 cases, officials at the USDA Screwworm Eradication Laboratory reported August 6.

Arkansas now has eight cases in Little River and Miller Counties, while Bowie County, just across the state line in Texas, has recorded 23 since the screwworm outbreak began there in late June. The Texas total for 1971 now is 89 cases. Arizona has recorded three cases this year.

Last year case total through the first week in August included 76 cases in Texas, 13 in Arizona, two in New Mexico, two in California and none in Arkansas, for an overall total of 93 cases, officials said.

Continuing rains in the northeast Texas-Arkansas areas have slowed the spraying of herds, officials said. Sterile fly releases there now total over 8 million for the week. Even though the rains have hampered spraying of herds, livestock inspectors report that more than 10,000 head of cattle have been sprayed in Bowie County and over 1,000 in Arkansas.

According to County Agent, Allan Construction Company, Inc. of San Antonio was awarded a contract for grading and structures on 1.5 miles of Interstate Highway 10. Low bid was \$2,556,888.35.

The project extends from approximately 0.3 mile west of town to approximately 0.9 mile east of U. S. Highway 277. Joe W. Lane is the Highway Department engineer in charge of the project which will take an estimated 480 working days.

Construction on the project is expected to begin prior to the first of September.

## Gil Trainer To Receive Degree

Reginald G. Trainer, son of Mr. and Mrs. James D. Trainer, is among Texas Christian University students who expect to complete degree requirements and receive degrees during the summer commencement on August 13.

The event will begin at 7:30 p. m. in Daniel-Mayer Coliseum with Chancellor J. M. Moudy presiding. Some 340 earned bachelor, master and doctoral degrees will be conferred.

The evening's address will be given by C. C. Nolen, who assumed the presidency of North Texas State University on August 1.

## Editorials-Features-Columns

The most effective single force in building a good community is a good newspaper.

### "Grassroots Opinion"

SAUGERTIES, N. Y., CATSKILL MOUNTAIN STAR: "Reading a metropolitan newspaper is like eating a meal at a big restaurant—you pick and choose from what's offered. But reading the home town weekly is like eating a good old home-cooked meal. A fellow doesn't want to miss a thing."

GETTYSBURG, S. D., POTTER COUNTY NEWS: "Let's face it. Though many 'Johnny and Marys' are college material, there are many who are not. A great injustice is done when our children are not guided according to their individual aptitudes. Furthermore, along with those with college degrees, specialists are needed now, more so than ever before. Trade schools offer vocational training to prepare our young people for respectable and well-paying jobs in our technical society."

SIERRA MADRE, CALIF., NEWS: "It is pleasant to be able to report a case of original thinking in Bureaucracy-by-the-Potomac. The Equal Employment Opportunity Commission has just revised its guidelines on employee testing, urging that all such tests measure skills that are relevant to the job in question. Ingenious!"

ST. CLOUD, FLA., NEWS: "Our American Democracy is the subject of the most criticism from its people of any government in the world. But it is still the best government ever devised by man. The very criticism which our people hurl at

it is because, here in America, people are free to criticize. The right to dissent peaceably is one of our most cherished freedoms. We can cuss it and damn it. We can holler our lungs out about 'Why don't they do this?' or 'Why don't they do that?' We can even parade the streets with banners of protest. But not one of us would trade it for that of any other government in the world."

CASSVILLE, MO., REPUBLICAN: "Charges that the nation's welfare program is a monumental failure is an overstatement. Never in the history of this nation has there been a scheme that has succeeded so well in making paupers out of those who would otherwise be doing well."

WINSTED, CONN., CITIZEN: "There is a sense of fitness about the news that the nation's first giant all-purpose automobile chomper has begun operating in Holland, Michigan. It is from Michigan assembly lines that a stream of new cars issues to pour out over America's streets and highways. Now it is in Michigan that many will be chewed up into (we are told) com-fake-sized shreds destined for recycling in the furnaces. . . If what is said about that machine is accurate. . . others of the kind will be put to work in various parts of the country efficiently reducing cars to usable scrap metal. The story of the 'iron monster' in Holland, Michigan, marks an important milestone in our progression toward the goal of recycling all salvageable materials."

### THE FAMILY LAWYER

#### Forbidden Flowers

To the nature-loving judge, the prisoner's offense—picking flowers in a public park—was something horrendous. Counting each picked flower as a separate crime, the judge imposed a fine of \$720 or six years in jail.

But when the prisoner appealed to a higher court, the sentence was thrown out. The court said it was so harsh that it violated the United States Constitution's ban on "cruel and unusual punishment."

As a rule, when we use the expression "cruel and unusual punishment," we think of physical chastisement like flogging or maiming.

However, a too-severe jail term may also be held unconstitutional on the same grounds. In recent years, courts have shown a growing concern for humanitarian considerations in the field of sentencing. As one judge put it:

"What constitutes cruel and unusual punishment is to be judged in the light of developing civilization, so that what might not have been cruel and unusual yesterday may well be so today."

Nevertheless, even the longest possible sentence—life imprisonment without possibility of parole—will be upheld where reasonably related to the crime that has been committed.

Thus, in the case of a brutal kidnapping, such a sentence was held not to violate the defendant's constitutional rights. Calling attention to the nature of the offense, the court said the sentence was "not so severe as to shock the moral sense of the community."

What about an open-end sentence, like "one to twelve years"? When that punishment was imposed on a convicted burglar, he complained that the very uncertainty was a kind of cruelty.

But the sentence was upheld on appeal, where the court pointed out that the flexibility might well work out to the prisoner's advantage by speeding his release. The court said it was merely a device, within reasonable limits, to put his fate in his own hands.

AUGUST 10, 1961  
Francine Fields, Candace Cauthorn, Betty Jack Cooper and Cissy Young are attending a school for cheerleaders held on the campus of SMU in Dallas this week. Sondra Nicks, the fifth of SHS cheerleaders, was not able to attend the camp.

High school registration will begin here next week in the high school building, according to Doyle Morgan, principal.

Guests of Mr. and Mrs. O. G. Babcock this week are their daughter and family, Mrs. E. B. Tipton, Jr., Carol and Hilde of Dallas.

Linda Frances Henneke, bride-elect of Frank Joe Potmesil, was honored with an informal kitchen shower Sunday afternoon in the home of Mr. and Mrs. Lawrence Nichols.

Elaine Mearns was in San Marcos last week at Southwest Texas State Teachers' College where she plans to attend college following her high school graduation next spring. She was accompanied to San Marcos by her parents and younger brother, Royce.

AUGUST 10, 1951  
Phillip Cooper, 21, son of Mr. and Mrs. Alfred Cooper, was the only one of three applicants from Sonora recently who successfully passed final examination for voluntary service with the United States Marine Corps.

Visiting in the homes of Mr. and Mrs. James Wilson and Mr. and Mrs. S. M. Loeffler this weekend were Miss Ura Mae Haggard and Janet Sue Britt of Abilene, Mr. and Mrs. Bob Knott of Andrews and Mr. and Mrs. Charles Faubion of Big Lake.

Clyde Barnes and Jack Drennan are home from Dalhart where they have been employed by Stanford Research.

Superintendent of schools, E. A. Brodhead said regular classes of Sonora Schools will begin September 4.

Vicki Savell and Nancy Hunt have returned this week from Brady where they have been visiting in the home of Mr. and Mrs. Frank Roddie.

Boyd Lovelace, M. C. Scott and Earl Lomax went fishing Monday on the Llano River below Camp Allison.

AUGUST 8, 1941  
Eugene Alley, who won the 4-H prize with his record book at the Sonora Wool Show last June, has attracted a great deal of attention with his record keeping system. "Even veteran ranchmen can benefit by studying it," states the August edition of "The Southwestern Sheep and Goat Raiser."

During the past few weeks the grounds of the elementary and high school have been thoroughly cleaned, raked, graded and leveled. About fifty dump loads of rocks, rubbish, and refuse have been carried to the dump grounds.

Rip Ward was in from the

### The Devil's River Philosopher Sez... He Doubts If Bicycles Are The Answer To The Cities Traffic Problems

Editor's note: The Dry Devil's Philosopher on his bitter weed ranch on Dry Devil's River throws some doubt on the latest idea for solving city traffic problems.

Dear editor:

According to an article I read last night to get my mind off the national deficit which I'd been reading about to get my mind off my personal deficit, there were 7 million new bicycles bought in the U. S. last year.

In fact, the article went on, there are now over 75 million bicycles in the country and the experts have spotted a trend, claiming more and more city people are pedaling to work and leaving their cars at home.

"It's faster, cheaper, healthier, and doesn't pollute," they said, urging other people to try it on the grounds that "it may be the answer to the impossible traffic congestion in our cities."

I've thought this over and what they say is true, in the late spring, summer and early fall, especially if you're going down hill.

But when winter comes on, that glorious feeling with a gentle breeze in your face and birds singing in the golden morning hours changes pretty fast when the temperature drops to freezing and you're bucking an icy north wind with coattails flapping, hands frozen to the handlebars and tears rolling down your frozen cheeks. On a bicycle then is about the last place a man wants to be.

Of course, I guess you could build an enclosed cab on a bike but you'd need a windshield wiper for when it's raining, a defroster, turn indicator lights, and perhaps a heater, and what would happen to you if you fell over while inside with the door shut I don't want to think about.

I doubt if the bicycle is the

### Class Of '58 Holds Reunion

Members of the 1958 graduating class of Sonora High School gathered at the Turney Fries ranch home Saturday for a class reunion and barbecue.

17 of the original class members were present. Among them were Frank Joe Potmesil of East Side, Oregon, Freddie Fields of Austin, John Ed Nevill of Eastland, Butch Baker of San Angelo, Mrs. Jan (Jan Keng) Warner of Kennedy, Mrs. Vic Mietzen (Yvonne Davis) of Kingsville, Mrs. Kathryn Morrison (Kathryn Taylor) of Hurst, Birl Davis of Grand Prairie, Mrs. Jack Johnson (Roy Jean Pope) of Clovis, N.M., and Joe Fries of Big Lake.

Local class members in attendance were Bill Fish, Mrs. W. H. Hill (Ann Morris), Emmitt Wilson, Mrs. Bud Whitehead (Tom Elaine Espy), Mrs. Turney Fries (Rex Ann Baker), and Rodney Davis.

Sunday afternoon Mr. and Mrs. Tom Nevill and Mr. and Mrs. Harold Fries treated the class members and their families to a coffee at the Nevill home. 28 persons attended to have punch, coffee and cake.

### Green News

The partnership tournament this past weekend was a huge success. There were 64 teams that participated and despite the threatening weather Saturday all went well.

--GN--

Winners in the four flights were as follows: CHAMPIONSHIP FLIGHT was won by Lee Emfinger and Sand Gibbs from San Angelo; 2nd place, Jack Gregory and Bob Cleland of Del Rio, and 3rd place, Joe Arrendondo and Tom Arrendondo of Kerrville.

FIRST FLIGHT -- David McCullan and Eddie Soso of San Angelo were the winners of that flight with Chris Berger and Wade Dougherty coming in second and Durwood Neville and Larry McNeely placing third.

SECOND FLIGHT -- John Cantu and Albert Cantu of Austin were first in this flight; placing second were Bobby Fletcher and Richard Salmon of San Angelo, and third place winners were Mickey Bailey and Ralph Arrendondo of Kerrville.

THIRD FLIGHT -- First place winners were Nacho Graza and Roy Zapata. Second place was taken by S. T. Moore and Cecil Wilson of San Angelo and third place Alton Fuller of Jal, N.M., and Vernon Rogers of Eldorado.

--GN--

Marilyn Bloodworth, president of the Woman's Auxiliary, wishes to thank all who donated the goats, salads, beans and watermelons, and also all those who helped make the barbecue supper a success. There were approximately 200 persons fed this most delicious meal.

--GN--

L. P. Bloodworth, Pete Thompson, Darcy Carroll and Gene Thompson were the cooks responsible for the best goat meat ever and we all thank them.

### Coffee Break

by Shirley Hill

The summer is passing by quickly and it's almost school time again. Seems like such a short time since it was out. But since the summer vacation is gone there's nothing left to do but reflect on the past. And speaking of reflecting, this following little bit of information came to mind. (the author is unknown):

Remember when a hippie meant big in the hips and a trip involved travel in cars, planes and ships?

When pot was a vessel for cooking things in, and hooked was what grandmother's rug may have been?

When fix was a verb that meant mend or repair, and be-in meant merely existing somewhere?

When neat meant well organized, tidy and clean, and grass was a ground cover, normally green?

When groovy meant furrowed with channels and hollows, and birds were winged creatures like robins and swallows?

When fluff was a substance real fluffy like lint, and bread came from bakeries--and not from the mint?

When roll meant a bun and rock was a stone. And hang up was something you did on the phone?

--SKH--

### DUPLICATE BRIDGE

Five table Howell was played Monday night at the Golf Clubhouse when the Sonora Duplicate Bridge Club met.

Winning first were Helen and B. L. Blakeway of Eldorado, second, Elnora Love and Sarah Hall of Eldorado; third, Frankie Williams and Diane Barfield of Eldorado, and fourth place was won by Mrs. Ethel Olson and Mrs. Bill Scoggins.

--SKH--

Visiting recently with his mother and sister were Mr. and Mrs. Derrel Alley, Suzanne and Steve of Starksville, Miss. While here they visited in the home of Mrs. J. V. Alley and Mrs. Ethel Olson.

Norman Parker and Teddy Coker attended the Presbyterian Camp at Chimney Springs near Cloud Croft, N.M., last week. They were accompanied to the camp by Mr. and Mrs. Roy Coker who vacationed in Cloud Croft and Ruidosa.

Mr. and Mrs. Tom Nevill are vacationing in the Dallas-Fort Worth area this week.

**CARD OF THANKS**

The family of GEORGE HEARN wishes to thank those who were so kind during the long illness and death of this loved one. A special thanks to those who brought food and floral offerings.

Mrs. George Hearn

**Prehistoric fish discovered on Malta**

Workmen have found the skeleton of a large reptilian carnivorous fish, believed to be between 15 and 25 million years old, near Valletta, Malta.

The fish, whose skull and fin vertebrae alone measure almost six feet, was discovered 25 feet below ground in a limestone quarry.

### Band News

The first summer band rehearsal was held Monday night with 48 in attendance. At this first meeting last year only 22 attended.

According to John Butterfield, band director, the group showed real enthusiasm, had a very good attitude toward band and sounded good.

He also added that he expects this to be a very good year for the Bronco Band.

Thomas A. Edison took more than 1,000 patents on electrical equipment.

If you do not worship at some other church we will be very glad to have you worship with us.

You'd probably love to have a car like this to fool around with. But suppose you had to drive it day in and day out?

We Americans are used to having the latest, and we don't like to live with what seems out-of-date to us. For that reason, a good many of us don't go to church. We tell ourselves that church was great for Grandpa and Grandpa, or maybe even for Mom and Dad, but it has no place for us in this jet age.

If we believe this... then it is we who are out-of-date! The Church today is a modern institution in touch with the world around it. It helps us cope with the problems of modern life, teaching us to change with a changing world. Let's catch up with the times. Let's attend church.

(Rev.)

DEAR PARENTS OR STUDENTS:

Texas now has a new law that requires immunizations for all students enrolled in schools and institutions of higher learning, as shown below:

VACCINES	KINDERGARTEN AND GRADES ONE THRU FIVE		GRADES SIX AND ABOVE	
	Doses Required	Last Dose	Dose Required	Last Dose
POLIO (Oral)	3	Since Age 4	3 (To Age 19 Years)	Since Age 4
DIPHtheria TETANUS (DTP or TD)	3	Since Age 4	3	Within 10 Years
MEASLES (Rubeola)	1 or illness (Thru Age 11)	Anytime	1 or illness (Thru age 11)*	
RUBELLA (3-Day or German Measles)	1 (Thru Age 11)	Anytime	1 (Thru Age 11)*	
SMALLPOX	1	Within 10 years	1	Within 10 Years

\*None required after 12th birthday

If the number of doses required have been received, but last dose was before time stated, then an additional dose of POLIO, DIPHtheria/TETANUS or SMALLPOX is required.

All immunizations should be completed by the time school is entered. However, if this is not possible, all students will be allowed to enter their respective school systems during the Summer and Fall 1971 terms, with the provision that their immunizations against at least one of the aforementioned diseases will have been started by January 1, 1972 and all completed as soon as medically feasible.

Since many types of personal immunization records are in current use, any document listing each immunization received by year will be acceptable during the 1971-1972 school year for either initiating or updating school immunization records.

Signature or rubber-stamp validation of personal records by physicians or public health clinics is recommended but not required until the Summer 1972 Semester, after which validation of new records is required.

A new, standard Certification of Immunization form is being developed; however, compatible documents will always be acceptable.

If you have any questions, contact your family physician or local health department. We suggest that you take this letter with you if you contact them in person.

A combined Measles-Rubella Vaccine is now available which requires only one injection. The age criteria for this vaccine is the same as indicated in the above table for Measles (Rubeola) and Rubella.

We will appreciate your cooperation in this matter.

Sincerely,  
KEN McALLISTER, SUPERINTENDENT

## Systems-Built Home Speeds Off the Line

You don't build a car in the driveway, so why build a house on a lot?

The concept of building houses the way we build cars (assembly-line fashion in factories) is not new, or untried. It is, in fact, rapidly gaining recognition as the modern method of construction that has many important advantages over conventional home building.

Last year, in this country, an estimated 290,000 housing units (single-family homes and multi-family apartments) were factory-produced. A 20% hike to 350,000 units is predicted for 1971—not including some 400,000 manufactured mobile homes. In Europe, factories have been successfully producing all types of buildings, from homes to hospitals, since the end of World War II. Russia is the largest producer, with about 640,000 housing units manufactured annually. France manufactures about 60% of its housing, and England, Denmark and Holland more than 25% each.

The technology used to manufacture homes in factories is called industrialized, or systems, building. It is similar to that used to produce automobiles in two ways. First, it employs a variety of highly-automated tools and materials handling equipment. Second, it breaks down complicated operations into a series of simpler, repetitive jobs that can be done on an assembly-line basis.

In industrialized building, the major components or the modules that make up a home or other building are factory produced. These may range from floor slabs and wall panels to fully-equipped kitchen modules, living-dining room modules, and modules consisting of several bedrooms. They are shipped, usually by truck or train, to a building site where the foundation has already been prepared. There they are assembled by special cranes and handling equipment into a complete structure. Since factory-built homes also have pre-installed utility systems, it's a matter of simple hook-ups to provide water, gas and electricity. The family can move right in.

The most obvious benefit is fast production: two weeks or less for a factory-built home compared to three months or more for a conventionally-built one. Other benefits exist, of which homeowners may not be aware. For instance, plant production allows better quality control, more efficient use of labor, elimination of weather delays, and greater volume—a vital consideration in meeting the nation's serious building shortage.

Housing is not the only area in which industrialized building is expected to make sizable inroads. Multi-story residential, commercial and institutional construction will all be beneficiaries of a more modern technology. All the various applications of industrialized building will be examined at the second Industrialized Building Exposition and Congress, Oct. 31 to Nov. 4, at the Kentucky Exposition Center in Louisville. More than 15,000 professionals from building and allied fields are expected to attend.

INBEX/71 is sponsored by the building industry publications of the Cahners Company in cooperation with the National Association of Building Manufacturers. The center for attendance information is Cahners, 5 South Washburn Ave., Chicago, Ill. 60603.

\*Patients dismissed during the same period.

### Sweden is the place where talk is cheap

STOCKHOLM—An average Swedish industrial worker needs to work only 16.7 hours to earn enough money to pay for a whole year's telephone rental and 500 local calls. This makes Sweden the cheapest nation, in real terms, in which to own a telephone. Her closest competitor is the United States, where it takes 18.6 hours followed by Finland with 21.1. A Frenchman must work 104.8 hours.

BOBBY DURAN, son of Mr. and Mrs. Robert Duran, Sr., registered Monday for his last year of school at Sonora High School. Senior students were scheduled to register Monday

with other high schoolers registering later in the week. Assisting Bobby with his schedule for the upcoming school year is James Pollard, high school principal.

### Top Beef Authorities On A&M Program

Some of the nation's leading authorities on beef cattle reproduction and management will be on hand for Texas A&M University's 21st Annual Beef Cattle Short Course, August 16-17 at the Memorial Student Center on the A&M Campus.

The theme of this year's program is "Improving Reproductive Efficiency in Beef Cattle." Reproduction was chosen as the theme because of its great importance to cattlemen. If Texas ranchers could achieve a one percent increase in their calf crops, this would add one million dollars to the total income from beef cattle, according to Clint Langford, County Agent.

Dr. J. N. Wiltbank of Colorado State University, one of the county's outstanding authorities on beef reproduction, is among the guest speakers. He will speak on "Management Programs for Improving Reproductive Performance" on Monday, August 16 at 1:15 p. m. The following day he will discuss the relationship of energy, cow size and sire to calving

difficulty in the final presentation of the program at 2 p. m.

Dr. H. A. Glimp of the Clay Center, Nebraska, research center has been actively working with studies on calving difficulties and calf performance of exotic cattle. He will present his data Tuesday, August 17 at 1:15 p. m., in "Studies on Calving Difficulties and Calf Performance in Exotic and Straightbred Cattle."

Other guest speakers include Dr. Ray Woodward, Director of Beef Cattle Breeding for the American Breeders Service, and Dr. Lamar Reynolds, Research Physiologist at the Iberia Research Station in Louisiana. Dr. Woodward will discuss "Breeds and Reproduction" and Dr. Reynolds will present his findings on important factors influencing reproductive performance in virgin and first calf heifers.

Extension specialists and experiment station workers will also take part in the conference. Registration for the short course begins at 7:30 a. m., August 16.

When it comes to liquid feed, **COMPENSATOR™** does exactly what the name says.

*The name, the product, and the service behind more smart cattle growers*

it takes an expert to tell the difference in liquid supplements

Maybe you can't see the difference in liquid supplements. But your brood cows are "experts" and they'll soon show you there's a difference when you feed Compensator!

Compensator is not just another liquid feed or a liquid version of a dry supplement. It's an exclusive development of Allied Chemical. Compensator combines ammonium polyphosphate with urea for an improved source of nitrogen. And the nitrogen is balanced with sulfur in a just-right combination to increase feed utilization. There's also extra phosphorus, vitamins, trace minerals — everything needed to offset normal deficiencies in grass, grain or roughage... helps keep cows in top condition, builds large and strong calves, grows good-going replacement heifers.

Yes — there's a difference in liquid supplements — and the important difference is in Compensator. Order a supply today!

THIS TINY BRIGHT COLORED bird of the Trochilidae family, commonly known as the Hummingbird, enjoys the sugar and water mixture provided him by the Fred Campbell family. If not for the feeder, this industrious little bird would have a much harder time satisfying his sweet tooth with the mixture from plants and herbs.

### Mohair Council Schedules Meeting

The summer directors meeting of the Mohair Council of America will be held at 10 a. m., Thursday, August 19, in the Community Savings and Loan Association building at Fredericksburg.

The one-day meeting will be highlighted by reports and discussions of new product development work, domestic and foreign market development activities, and upcoming advertising and promotional programs for the winter and spring of 1972. Noel C. Fry of Del Rio, Mohair Council President, will preside over the sessions.

Special guests will include U. S. Department of Agriculture officials and Miss Sandi Tomczak of Lane City, the new Miss Mohair.

Attending from Washington will be Keister Adams, Deputy Director of the Livestock and Dairy Division, ASGS, and Roger Lowen, Market Economist with the Foreign Agriculture Service.

Edward F. McManus, recently named director of promotion and manager of the Mohair Council's New York office, will also participate in the meeting.

### Amistad Report

Amistad elevation Saturday morning was 1069.22, an increase of .38 from Friday. Depth of the water at Amistad Dam was 169.22 feet, an increase of .38. Water shortage amounted to 1,256,176 acre feet, an increase of 11,392 acre feet. Water surface measured 30,097 acres, an increase of 234 acres. Downstream release was 500 cfs.

### Smith Services Held August 7 In Stephenville

Funeral services for James Lewis Smith, III, of Austin and San Antonio, were held Saturday, August 7 at Stephenville Funeral Home.

He died August 4 while attending U.S. Army Reserve Summer Camp at Ft. Bliss.

Among his survivors are his wife, Melinda Andrea Mittel Smith of San Antonio, and his mother, Jessie McIlroy Smith of Austin.

A. W. SAUNDERS OF SAUNDERS SPRAYING SERVICE IS SPRAY FEEDING THE PECAN TREES AT SONORA PUBLIC SCHOOLS. (adv.)

### Feed Pecan Trees Now

Now is the time to feed pecan trees to put them into the winter in a strong healthy condition.

It is especially important to feed trees that have a good crop of pecans. A large crop of nuts always drains the food supply of a tree.

The old-fashioned way of putting fertilizer in holes around the tree has been replaced with liquid feeding the trees by spreading concentrated liquid feed on the leaves where it is absorbed into the tree. This method produces immediate food for the tree and also prevents the loss of plant food which is bound up by alkali in the soil in this area.

Commercial growers have changed over to the spray method.

For pecan tree feeding call Saunders Spraying Service - 387-2480 - for guaranteed satisfaction. adv. 1c49

### Highway Right Of Way Uses Expanded

The Texas Highway Commission has approved an expanded program for multiple use of highway right of way.

The policy provides for the construction of parking areas, recreational areas and public parks beneath overhead structures or certain other areas of right of way.

Recreational facilities may include hike and bike trails, nature trails, bridge paths, basketball, handball or tennis courts, children's playgrounds

### Dick McMillan Degree Candidate

Richard Taylor McMillan, son of Mr. and Mrs. W. B. McMillan, is one of 82 students who are tentative candidates for the Doctor of Jurisprudence degree from The University of Texas School of Law at the end of the summer session August 21. No public commencement exercises will be held.

or mini-parks and boat launching facilities.

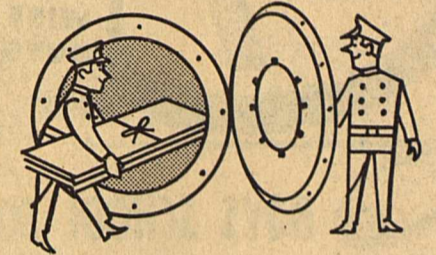

Generally, the Highway Department will be responsible for construction of the site, but local governmental units will provide playground equipment or other recreational facilities.

Cooperative agreements will be concluded with city, county, State and Federal authorities on request.

State and Federal agencies will participate in use of right of way for purposes relating to law enforcement, vehicular weights and measures control, safety inspection of trucks, immigration control, special gas tax inspection and other official functions.

The policy is subject to the condition that should the Department conclude that the facility has become a hazard to traffic safety or to be not in the public interest, the cooperative agreement may be modified or terminated.
