## Two Killed In Grinding Auto-Pickup Crash Friday

Two persons, Frank L. "Mike" Moore and a Cleburne woman, Mrs. Rachael Della "Molly" Wallace were apparently killed instantly when their cars crashed head-on about nine miles northeast of town Friday evening.

The vehicles collided about 6:30 p. m. Friday on a curve on Ft. McKavett Ranch Road 864. Each was alone at the time.

FRANK L. MOORE SERVICES  
Mr. Moore was born in Bandera, December 14, 1902, and had lived here most of his life. At the time of his death he was employed on the George Allison ranch as foreman.

He married Fay Corder here December 20, 1926. Graveside services were held at 2:30 p. m. October 24, 1971 at Sonora Cemetery directed by Ratliff-Kerbow Funeral Home. The Rev. John M. Weston, pastor of First United Methodist Church, officiated.

Survivors include his wife; four daughters, Mrs. C. R. Emdy of Star, Mrs. J. L. Hicks of Monahan, Mrs. J. L. Walton of Sanderson and Mrs. Earl Johnson; three sons, John D. Moore of Hobbs, New Mexico, Jack D. Moore of Lennon, Michigan and Frank L. Moore, Jr.; his mother, Mrs. Lottie Roueche; a brother, John S. Moore of Imperial, and a sister, Mrs. Fred J. Ross of San Antonio. He is also survived by 16 grandchildren.

He was preceded in death by one son, Billy Ray.

Serving as pallbearers were Melvin Heam, Jake Merck, Jack Raye, John Fields, W.B. McMillan and Andrew Moore. MRS. RACHAEL WALLACE Services for Mrs. Rachael Della "Molly" Wallace were held at 4:30 p. m. Sunday in Crosier-Pearson Funeral Home Chapel in Cleburne with burial in Green Acres Cemetery in

Apparent Accident Takes Life Of 11-Year-Old Boy

Louis Valles Jr., 11-year-old son of Mr. and Mrs. Louis Valles, died in Hudspeh Hospital October 23, 1971, after he was found hanging from a tree about 200 yards from his residence. Dr. Charles F. Browne said the youth died from strangulation.

The 5th grade student was born June 9, 1960, in Mexico. Sheriff Herman Moore said the youth's death was the result of an apparent tragic accident and that no foul play was suspected. In their investigation Sheriff Moore said the youth had evidently tied a rock to a rope that was looped through a belt around his neck, and had tossed the rock over a limb. Apparently he was unable to move the rock and as a result strangled before his parents found him. Coroner's inquest will be held later this week.

Services were held for the young victim at St. Ann's Catholic Church at 5:30 p. m. Monday. The Rev. Michael Fernandez officiated. Burial was in Sonora Cemetery under the direction of Ratliff-Kerbow Funeral Home.

Survivors include his parents; four brothers, Emelio Valles, Jesus Valles, Evinio Valles and Melvo Valles; and a sister, Melva Valles, all of the home.

Chris Berger Shows Champion Sheep

Delaine-Merino sheep exhibited by Chris Berger swept the Pan-American Livestock Exposition at the State Fair of Texas recently.

The Berger sheep swept three divisions—Reserve Champion Ram, Champion Ewe and Reserve Champion Ewe. Francis Knott of Fredericksburg exhibited the Champion Ram.

Cleburne. Mrs. Wallace, owner and operator of Molly's Upholstery Shop in Cleburne, was born September 11, 1895 in Kerr

County. She had lived in Cleburne most of her life. Survivors include two sons, Forest Wallace and O. V. Wallace, both of Cleburne; a daughter, Mrs. W. W. Jackson

**Mrs. Joe Hull Named To OES Grand Officer Post**

In Austin last week Mrs. Joe Hull was installed Deputy Grand Matron, Section 2 of the Grand Chapter of Texas Order Eastern Star.

Mrs. Hull has served the local Eastern Star Chapter three times as Worthy Matron, 1936, 1969 and 1970-71. She has also served as associate Grand Warden, Grand Page, and has been a member of the Fraternal Visitation twice.

Mrs. W. Wade Darsey, District Deputy Grand Matron, Section 1, will be general supervisor over District 5.

Sonora Chapter was also honored with the selection of two other Grand workers of the Order. Mrs. S. M. Loeffler was named Bulletin Chairman, and S. M. Loeffler, Masonic Ambassador Chairman.

These officers and committees will be working under the supervision of the Worthy Grand Matron, Mrs. Aliene Houston of Arlington, and Harold Todd, Worthy Grand Patron.

Other Grand appointments from Section 2 included that of Mrs. Kaleta Shepperson of Ozona, Home Endowment; Mrs. Opal McCann of Midland, Star Visitation and Mrs. Billie Ellison of Big Lake, Music Chairman.

**Local Girl Sweeps Iraan 4-H Show**

A fifth grade student, 11-year-old Pam Powers, daughter of Mr. and Mrs. Louis Powers, swept the junior honors in the Iraan 4-H Horse Show last Saturday.

She won the Champion Gelding honors with Poco Tuffy Red, and also placed first in Halter—Registered Gelding, 5-years-old and over.

Other placings by Pam included: first halter—registered gelding, five and under, Look Out Below; performance riding, Poco Tuffy Red; 3rd, Junior Western Pleasure; 1st, Junior Pole Bending; 1st, Junior Barrel Race and 4th Junior girls goat tying. She was also named Junior All-Around Horseman.

of the Harrison Ranch; a brother, Johnny W. Sellers of Junction; five sisters, Mrs. Pearl Pfeifer and Mrs. Florene McWilliams, both of Junction, Mrs. Winnie Backus and Mrs. Grace Crawford, both of Corpus Christi, and Mrs. Minnie Davis of Cross Plains. She is also survived by eight grandchildren and 10 great-grandchildren.

**4-H Livestock Projects Set**

4-H members who plan to exhibit livestock in the annual Sutton County 4-H Livestock Show must select animals to feed for the show before October 30, according to County Agent D. C. Langford. Classes are provided for carcass lambs, Angora goats, market lambs, breeding sheep and beef breeding heifers.

The shearing date for all carcass and market lambs will be Saturday, October 30. All lambs that will be exhibited in the local show must be sheared and weighed at the 4-H Center on this date in order to be eligible to show in the county show, Langford added.

Shearing of lambs will start at 8 a. m., and be completed by noon. All 4-H members are urged to have their lambs at the 4-H Center before 10 a. m. so that shearing can be completed on schedule.

Boys and girls who would like to join 4-H and participate in the 1972 Sutton County 4-H Livestock Show, which is to be held January 14-15, should contact county agent Langford before October 30.

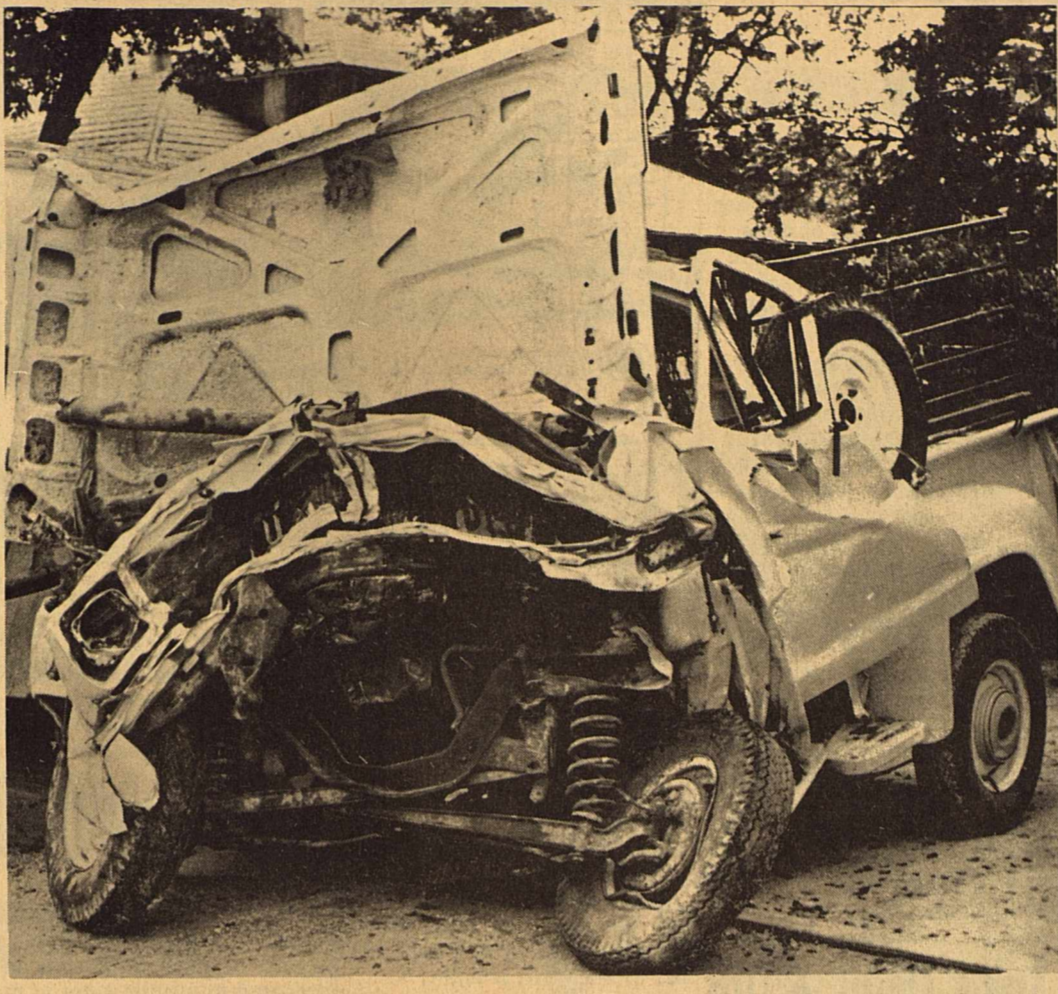

**Screwworm Cases Increase Locally**

Five screwworm cases have been confirmed in Sutton County during the past two weeks, announced County Agent D. C. Langford. Conditions are excellent for a fall outbreak of screwworms in the county, he added.

Ranchers should check livestock closely and mail samples of all worm cases found to Mission.

Baby calves are a prime target for screwworm infestations at this time of year, and they should be checked daily for possible infestation.

Screwworm sample vials are available for ranchmen at Sonora Feed Company, Stockman's Feed Company or the Sonora Wool and Mohair Company.

THIS PICKUP DRIVEN BY "MIKE" MOORE was a total loss, following the grinding crash of a head-on collision with an automobile driven by Mrs. Rachael Wallace of Cleburne. Occupants of both vehicles were apparently

killed instantly in the accident that occurred on the Ft. McKavett road about 6:30 p. m. last Friday. Funeral services were held here Sunday for Mr. Moore, and for Mrs. Wallace in Cleburne.

## Halloween Festivities Fun For All Saturday

The annual Halloween Carnival will be held Saturday afternoon and night. Presentation of the queen and her court will start the festivities. Kelley Sue Sentell, daughter of Mr. and Mrs. Sears Sentell, will represent the senior class.

Cindy Cavaness, daughter of Milton Cavaness, will represent the junior class; Cora Pope, daughter of Mr. and Mrs. Walter Pope III, sophomores and freshmen, Margaret Black, daughter of Mr. and Mrs. W. T. Black are the other representatives. Queen of the carnival will be selected from the four candidates.

The spook parade will march down Main Street at 5 p. m. Paraders should gather at the courthouse at 4:30 p. m.

Prizes will be offered in three categories for the goblins and witches, with prizes in each group of the funniest, spookiest and most original costume. Over-all winners in each group will be selected.

The queen will officially open the carnival after the spook parade, and everyone is invited to visit the various

booths. The carnival, under the sponsorship of student council, will have many entertaining booths set up according to Bob Snodgrass, high school teacher. This is the primary fund-raising project of the year for juniors and seniors and the money is used to help sponsor the senior trip and also the junior-senior prom at the end of the school year.

The high school choir group will sponsor the Spook House in the Brown Electric Company building. A talent show is planned by the speech club and will be held in the basement of the Methodist Church.

The production, entitled "Love" is being directed by James Buchanan.

The G. A. A.'s will sponsor the cake walk; a Coin Toss is planned by the band, and a "Teddy Bear Throw and Dunking Stand by the Industrial Arts Club.

The Senior class has charge of the concession stand where sandwiches, hamburgers and many other food items will be available. This year the Junior class will be in charge of the Youth Recreation Center where pool can be played, and they are also sponsoring a rifle and ice cream freezer raffle.

A Dart Throw and Golf Putt is being held by the sophomores while the freshmen are holding a Football Throw.

The Halloween carnival is for everyone and all are urged to come out and enjoy the evening, Snodgrass said.

## Broncos Make It Seven In A Row

Sonora Broncos made it seven in a row for the season with the 63-0 victory over the Bangs Dragons Friday night in Bronco Stadium.

The Broncos scored 27 points in the first quarter. The first two touchdowns were set up by Bangs fumbles that were covered by Sonora.

Milton Noel scored from one yard out for the first score and Steve Street from five yards out for the second. The third Sonora TD came after Mark Rousselot passed to Richard Bernal for 41 yards. Tryon Fields carried in from the 12 yard line. Henry Mata kicked all three extra points.

S. Street returned a Bangs punt from his own 40 to the Bangs 22 where Rousselot passed to Fields for the fourth touchdown of the first quarter.

Early in the second quarter Rousselot passed to Rick Street for 20 yards and the TD. On the next series of downs R. Street intercepted a Bangs pass. A pass from Wesley Richardson to Wade Richardson carried deep into Bangs territory where R. Street scored from one yard out.

The final score of the second quarter came after Freddy Gonzales carried for 35 yards to the Bangs 4-yard line and John Weston went in for the TD. Henry Mata made good all three conversion points.

A bad snap from center sent the ball over the Bangs punters head and into the end zone. Fields and Gene Trainer covered the ball for a 2-point safety, and the first half ended with the score 50-0. SECOND HALF

The Bronco varsity second unit and 'B' team alternated play during the third quarter. Freddy Virgen took a pitchout and went in to score the only

TD of the quarter. Henry Mata's PAT was good.

Sonoras next possession gave them the ball with a first and ten on their own 15. A good run by Alan Harris carried to the Bangs 20. The drive was stalled on the 3-yard line where Bangs took over on downs.

During the fourth quarter the 'B' team moved the ball well but were again stopped on the Bangs 4-yard line. With only seconds left on the clock, Mata intercepted a Bangs pass. Quarterback Larry Cade passed to Juan Perez for 20 yards and the final touchdown.

Final score—63-0.  
Score by quarters:  
Sonora 27 23 7 6  
Bangs 0 0 0 0

## Muscular Dystrophy Funds Told

Income from the September 14 march against Muscular Dystrophy in Sonora was \$465.22 as reported by campaign treasurer, Warren C. Hemphill. Serving with him as campaign chairman was Coach Bill Scoggin. In behalf of the Muscular Dystrophy Association, Hemphill expresses appreciation to all who helped in the march.

## Time Change Scheduled Sunday

Did you ever want to go back in time and do something over?

Sonorans and the rest of the state will get that chance Sunday, October 31, when Texas returns to Central Standard Time.

The time change will necessitate moving the hands on the clock back one hour at 2 a. m. making the clock face read 1 a. m. instead. If you plan to go to bed before 2 a. m., the simplest way is to run the clock back before retiring Saturday night.

The Federal Uniform Time Act of 1966 provides that all states observe Daylight Saving Time from 2 a. m. the last Sunday of April until 2 a. m. the last Sunday of October.

The law also permits a state legislature to exempt the state, but Texas and 45 other states have adopted DST, allowing for the time rearrangement.

States ignoring the time change include Michigan and Hawaii and small pockets of Arizona and Indiana.

## ATTENTION

If you are among those who have not paid, take a moment right now to insure the "Devil" coming to you and your family each week.

Subscription rates for in-county subscriptions are \$4.00 with out-of-county subscriptions being \$5.00. Mail Your Checks to 220 Main

## Sutton IH-10 Letting Slated

While Texas by no means is "getting through" building roads, some of the big Interstate jobs are beginning to shape up and cause ribbon-cutting talk. For example, the October (28-29) and November (16-17) lettings are heavy with the "IH" numbers, with the November 16 letting including work in Sutton County.

The November 16 letting includes approximately 4 miles — 0.9 miles East of US 277 (the railroad track) to 0.92 mi. E. of RM864 (the Ft. McKavett intersection). This is the final link between the Allan Construction project, let in August, which extends from the Veterinary Clinic to the railroad track east of town, and the 14 miles of construction under the Borsberry contract.

Robert A. McCulloch, Resident Engineer, said the Borsberry contract should be completed sometime around the first of the year. McCulloch will be engineer in charge on the new letting, which will require 350 working days to complete, or about two years. The approximate \$2-million contract will call for grading and structures on the four miles of interstate construction.

Following completion of the total 20 miles now under construction and to be let, it is estimated that base and surfacing of the big interstate will take another two years. Engineers calculate it will probably be four to five years before "ribbon-cutting" ceremonies will officially open the big roadway in this area.

Through June 31, three-quarters of the 3,167 miles of Interstate Highways planned for Texas have been completed, according to the Texas Good Road Association. Another 711 miles were either in planning stages or under construction and only 106 miles still not in progress, they added. The 2,349 miles of IH now open to traffic are 571 miles more than California, which ranks second in mileage completed and open according to the magazine.

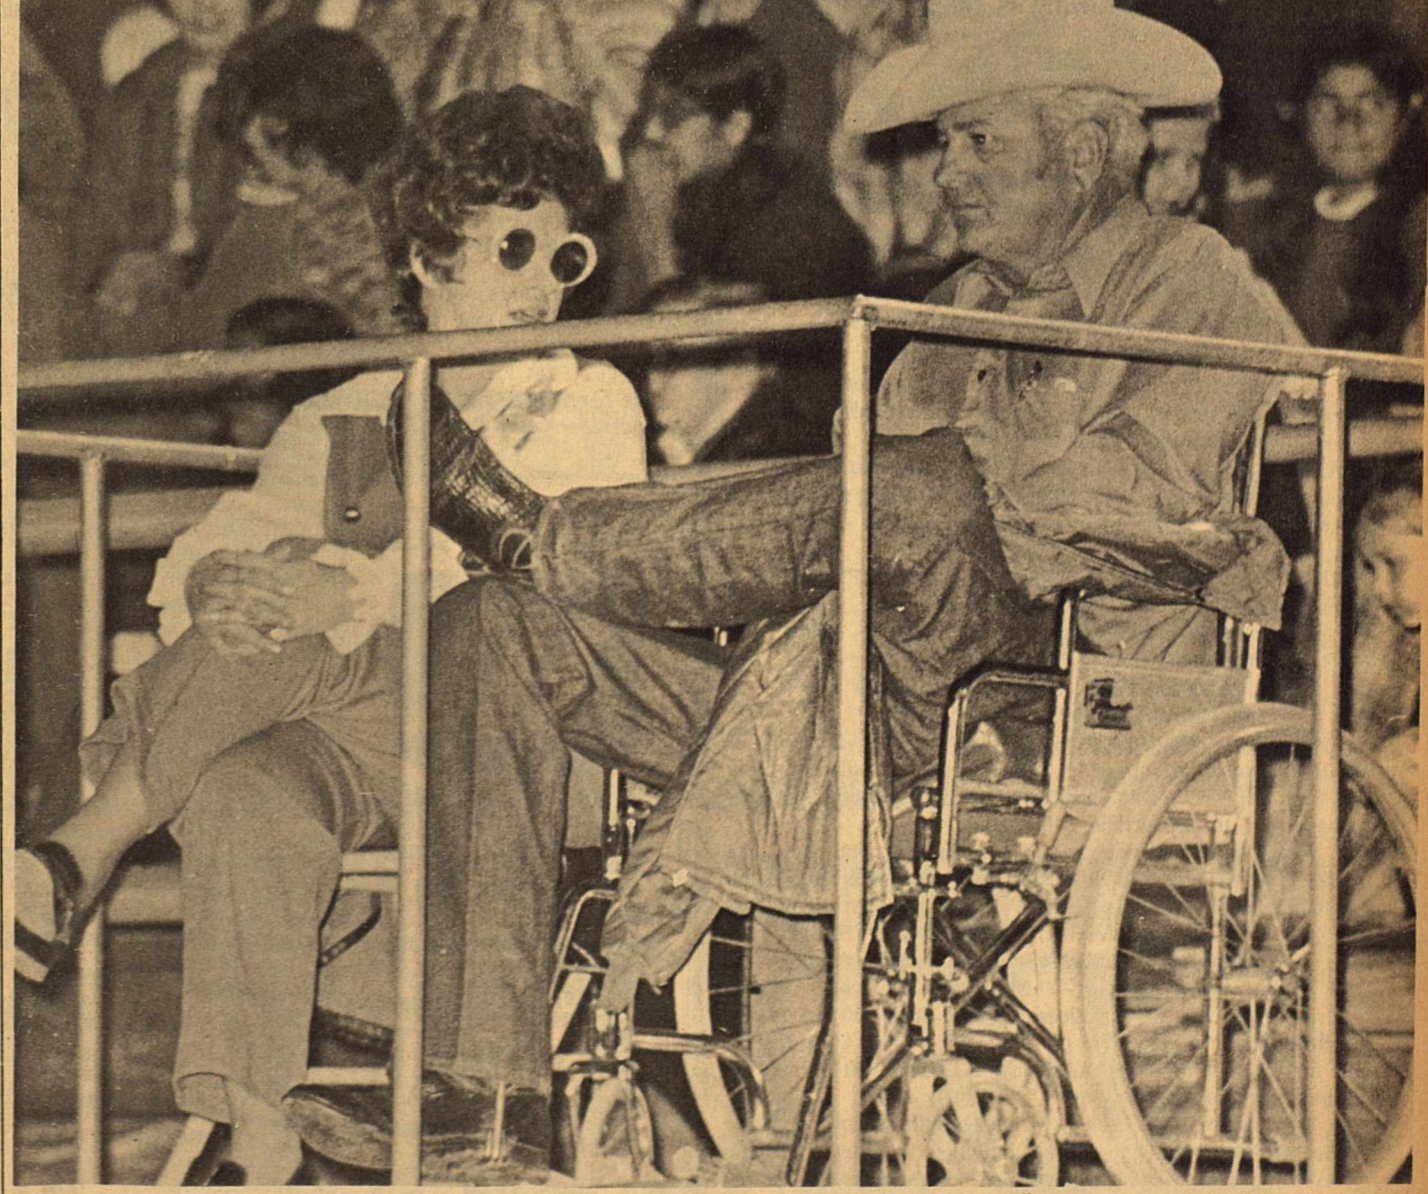

The Highway Department is definitely getting Texas "out of the mud" of 50 years ago.

## Beef Cattle Clinic Set In November

A statewide cattle artificial insemination—pregnancy determination clinic will be conducted in San Angelo, November 9-12 at the Dun-Bar East Motel. The clinic is being sponsored by the American Breeders Service and the Texas Agricultural Extension Service.

John R. Beverly, animal reproduction specialist with the Extension Service personnel in conducting the clinic.

Interested persons may contact County Agent D. C. Langford for further information concerning the clinic.

MR. AND MRS. BILL WHITEHEAD ENJOYED the Sonora-Bangs football game Friday night as they sat in this specially constructed stand in front of the hometown stand. Bill, an avid football fan, has in the past viewed the games from the sidelines in his wheelchair. At a recent meeting of school board members it was decided that Bill deserved a grandstand seat as his son, Bob, is a

member of the team. Mrs. Whitehead (Tina) was named Outstanding 4-H Mother at the Sutton County 4-H Achievement Program held at the 4-H Center earlier this month. She has been active in 4-H work and has contributed of her time and talents by serving on the decorations committee in many of the banquets and parties held by 4-H'ers.

Published in Sonora, Texas - "The Capital of the Stockman's Paradise"

## Editorials-Features-Columns

The most effective single force in building a good community is a good newspaper.

### GRASSROOTS OPINION

DWIGHT, ILL., STAR AND HERALD: "Like almost all newspapers, this paper is mailed under a second-class postal permit. Out in Red Lodge, Montana, publisher Wally Olds didn't like the sound of 'second class' applied to his newspaper in anyway, shape or form, and so in the little box that must appear in all editions of a newspaper telling how it is entered at the post office, Mr. Olds added: 'This is a FIRST CLASS PUBLICATION entered as second-class matter under Act of Congress, etc., etc.' Some postal inspectors found it not long ago and told Publisher Olds that if he wanted to retain that wording, he would have to pay first-class postage for mailing his paper. And Mr. Olds had to change the wording to conform more strictly to the bureaucratic dictates. But maybe he made his point."

SCHUYLKILL HAVEN, PA., CALL AND OR WIGSBURG NEWS: "Workers in private industry today not only have themselves and their families to support, they must also earn enough to support one other person. According to the Chamber of Commerce of the United States, an average job holder in the private sector through his taxes supports almost one fourth of a government employee, one fourth of a welfare recipient, and one half of a person on social security."

SIKESTON, MO., STANDARD: "This has been the greatest nation in history because of three things: The American system of free enterprise (profit motive); the land and climate and the kind of religious, creative, hard working people who settled and made this country. Seven percent of land and six percent of people—71 percent cars—56 percent telephones—83 percent TV sets—90 percent bathtubs. American business did this, not the government. Business did it in spite of its government, which has been antibusiness for 30 years. Foreigners did not do it and youth didn't do it. The 'squares' over 30 and their parents did it. And then gave much of it to the world and to our youth, neither of which appreciated it (which, to any student of human nature and history, is not surprising)."

SACRAMENTO, CALIF., JOURNAL: "A gray-haired old woman was preparing to enter a bus at 9th & L Streets; she was large and somewhat crippled. Her arms were loaded with packages. As the bus door opened, a man waiting behind her offered a helping hand. The old lady smiled but shook her head. 'I'd best manage alone,' she said. 'If I get help today... I'll want it tomorrow.' My admiration for her grew, and suddenly I knew she had in one clear sentence summed up the welfare tragedy."

### THE DEVIL'S RIVER PHILOSOPHER SEZ...

### He Sees Trouble Ahead When The Courts Try To Define Noise Pollution

Editor's note: The Devils River Philosopher on his bitter-weed ranch on Dry Devils River examines a new form of pollution this week.

Dear editor:

I hadn't thought much about it, by the time you get through thinking about water pollution, air pollution, and ground pollution you don't have much time left, but according to an article I read yesterday a new kind of pollution now confronts us. It's noise pollution.

In fact, the discoverers of this new one have become so sensitive to noise they've filed suit against a church for ringing its bells too often, but the main complaints are against jet airplanes, roaring trucks, bumper-to-bumper traffic, automobile horns, construction noises, etc.

The courts had better get ready for some complicated suits.

For example, take the auto-

IS WATERCOLOR "EVENING SHOWER" exhibited by Mrs. Earwood at the Big Country Art Association exhibit in Abilene, won a citation and will be on the BCAA's traveling exhibit for the next six months. The painting will hang in the Abilene Museum of Fine Arts until November. Some of the places the exhibit will tour will be Sweetwater, Snyder, Colorado City, Stamford, Cisco and will be exhibited in San Angelo in April. Mrs. Earwood has studied under Margaret Stites, Otis Lumpkin, Sherwood Suter, Michael Frary and Clay McCaughy. Last June she was awarded the Certificate of Achievement by the Hill Country Arts Foundation for her watercolors.

### A Bishop Looks at Life

THOUGHTS ON LIFE

By Everett H. Jones, Retired Bishop of the Episcopal Church

The famous American author Pearl S. Buck has written what she calls "An Essay on Life", in which she sums up the wisdom she has accumulated in almost eighty years of living. "Life is a continuing process" she writes. "This much I am sure of and this much I state on a fine sunny morning as I reflect upon the fact that I have begun to live the eightieth year of my life. It is an enjoyable year. I am in good health, I have much work to do (she is at work on three major novels), and I enjoy myself and what I do."

"I do not know what people mean when they speak of being old. I do not know, because I do not know where life begins, if indeed there is a beginning, and I do not know where it ends, if indeed there is an end. I know that I am in a stage, a phase, a period of life. I entered this stage at birth, I shall end this stage

with death. "For me death is merely the entrance into further existence. I do not know what that existence will be, but then I did not know what existence in this stage would be when I was born into it. I did not ask to be, but I have been and I am. My reason tells me I shall continue to be. I am on my way somewhere, just as I was on the day of my birth. "It has been a wonderful experience to learn to know myself—my weaknesses, my capacities, my likes and dislikes, the strengths and weaknesses of my body in which I am presently housed. The better I know myself, I find, the better I learn to know others who may be, and indeed always are, more or less unlike me and unlike each other. It has been an absorbing study, a lifetime process which of course goes on endlessly. "I have learned and am learning just how many hours I can work at my best and then I must be willing to stop until conditions are right again. Body and mind are partners so long as we stay together in this phase of existence. Body must not be allowed to master; mind must control. . . . And mind must not allow itself to become idle."

(The above quotations are from the magazine "Modern Maturity" published by the American Association of Retired Persons. The magazine and the organization I heartily commend to those who are retired or about to retire.)

### Hospital Notes

Patients receiving treatment at Hudspeh Memorial Hospital during the period from Tuesday, October 19, through Monday, October 25, include the following:

- Ida Hill, Eldorado
- W. O. Alexander, Eldorado
- Elizabeth Hoover, Ozona
- Elizabeth Tisdale, Eldorado
- Margaret McCalmont
- Margaret Schwiening
- Rooney Naim
- Robert Brown
- Lilly Garrett
- Cecelia Benavides
- Dolly Glasscock
- Robin Mesa
- Kathleen Connell, Rocksprings
- Minnie Davalos, Rocksprings
- Curtis Weant, Ozona

\*Patients released during the same period.

Metal used in coins is cold at the time the coins are stamped.

### High School Honor Students Named

Sonora High School students named to the first six weeks honor roll were released by high school principal James Pollard as follows:

- Seniors—Jessie McCutchen and Rick Street.
- Juniors—James Benson, Wade Richardson and Steve Street.
- Sophomores—Debra Hard, Cora Pope, Carmen San Miguel, Jack Sykes, David Wallace and Carol Weston.
- Freshmen—Blaine Crawford, Richard Dummam, Margaret Galbreath, Laura Gibbs, Alan Harris, Sam David Hernandez, Claire Langford, Carol McAllister and Jim Pollard.

### Amistad Report

Amistad elevation Saturday morning was 1098.49, up .09 from Friday. Depth of the water at Amistad Dam was 198.49, an increase of .09 from Friday and within 1.51 of 200 feet. Water storage Saturday morning amounted to 2,433,284 acre feet, an increase of 4,585 acre feet. Water surface measured 50,982 acres, an increase of 70 acres. Downstream release was 65.2 cubic feet per second; Friday release was 60.5 cubic feet per second.

### Menard Celebrates 100th Birthday In November

Menard is celebrating its 100th birthday with festivities beginning November 11, and ending Sunday, November 14 with a tour of homes from 2-4.

Dances are planned Thursday, Friday and Saturday nights. Various contests and a rodeo parade are planned Saturday with a barbecue noon meal to be served at Menard Park. Tickets and additional information may be obtained from Menard Centennial Office, Menard, Texas 76859.

In reporting on the centennial, the following letter was received:

Dear Sir:

Our folder shows that our slogan of "Fun for All" is certainly true.

Please convey to your readers our invitation and warmest welcome to be here and help us make a success of this worthwhile undertaking.

Sincerely, Frances T. Fish, publicity chairman

P. S. I personally still reflect upon and enjoy remembering your centennial.

### Sue Miller, H. L. Rosford Wedding Rites Held Oct. 16

Mrs. Sue L. Miller and John Kenneth Rosford, were married at 6 p.m. October 16, in the Edwin E. Davis home in Brownwood.

The Rev. Julian S. Sleeper officiated at the double ring ceremony.

Parents of the bride are Mrs. Edwin E. Davis of Brownwood, and Horace Linthicum of Eldorado. Parents of the bridegroom are Mrs. John Rosford of Weatherford and the late John Rosford. Mrs. G. E. Berry of Brownwood is the grandmother of the bride.

Mrs. Ronnie Paxton, sister of the bride, and Marshall Hamilton, brother-in-law of the bridegroom, attended the couple. Chuck Paxton, nephew of the bride, served as the ringbearer.

A dinner was served immediately after the ceremony to the relatives and friends attending.

After a short wedding trip the couple is at home here, where the bride is an employee of the First National Bank. The bridegroom is employed by Northern Natural Gas Company.

### Americanism Day November Theme For Woman's Club

Theme for the November 4 Woman's Club members is "Americanism Day". County Judge J. W. Elliott will talk on "Will and Women's Legal Rights in Texas".

Program hostesses are Mrs. Edwin Sawyer, Mrs. Mary Barrow, Mrs. John Butterfield, Mrs. L. E. Johnson, Jr. and Mrs. Mickey Powers.

Kid brothers who snoop are bad enough. Kid brothers who take notes while they snoop — they could grow up to be blackmailers!

Yet, Joey doesn't think what he's doing is really wrong. He's just having a little fun at Sis's expense. And that notebook will come in handy the next time she threatens to "squeal" on him.

Part of growing-up is learning what is fair and what is unfair. Part of growing-up, too, is learning to forgive someone who has been unfair to us.

Never underestimate the immediate value of religious training in the Church. Obviously it provides a sound moral and spiritual foundation for later adult life. But, right now, it is molding the attitudes and decisions which will influence his life today.

Some things are hard to forgive

# WANT ADS

FREDDY VIRGEN (40) TOOK THE PITCHOUT in the third quarter of play in the Sonora-Bangs game Friday night and scored the only touchdown of that period. Final score of the game was 63-0, to give the Broncos their seventh win of the season. Humberto

Villareal (51), Eddie Alexander (11) and Jimmy Galindo (85) are other Broncos caught by cameraman Scott Campbell. Sonora meets Mason at Mason Friday at 7:30 p.m. The game could very well be a decisive one in District 9-A play.

## TEEN SCENE

By Carol Weston

The Broncos smashed Bangs last Friday night with a score of 63 to 0. It was a really good game and more boys got a chance to play than usually do. They scored pretty readily so that the second and third units and quite a few junior varsity boys were able to play.

The offense was executing very well and Mark Rousset had a good night. The backs also played well with help from the good blocking up front. The defense stood out, being in good shape on their pass defense, and were able to shut off Bangs' running game.

It was a really fine game and the coaches are proud of the boys and how they took over so quickly.

Coach Scoggins reported that the Broncos had a good workout Monday afternoon and that they have lots of fire and drive and are looking good in work-out. The boys are all in good physical shape and although Bruce Kerbow still has a sore foot and Richard Bernal a sprained knee, both are okay.

They are expecting a tough game Friday night against Mason, but Coach Scoggins feels that if the boys will play consistently, they can win. They are all expectantly awaiting the arrival of the day that they can show Mason who is tops in District 9-A, and the rest of Texas.

Everyone come out and watch them as they travel to Mason Friday evening.

—SHS—

Junior Dominguez. —SHS—

Band members of the week are Mary Gallegos and Ramiro Perez. —SHS—

The Colts played two very fine games last week against Mason. Our 7th grade won by a score of 22 to 8 and the 8th grade lost 24 to 30.

They will be playing Big Lake there this Thursday at 5 and 6:30. The Junior Varsity will play Big Lake here beginning at 6:30 p.m. —SHS—

The speech club, under the direction of James Buchanan, will present its annual talent show this Saturday evening. As those of you who saw 'Show Stoppers' and other productions last year found, there is a great deal of talent within the speech club and Mr. Buchanan has taken this opportunity to present it for the enjoyment of the public.

This year's production is entitled 'LOVE!' and will consist of 15 songs, skits and readings, all on the subject of love. There will be a much bigger and better cast, promising fine entertainment for all ages and tastes.

Among those who will be singing solos are: Molly Morris, Matt Davenport, Molly Sawyer, Michelle Rousset, Gayle Glimp, Carol McAllister, Mark Rousset, Jimmy Pollard and Karen Hemphill. —SHS—

Kelley Sentell will present a dramatic reading and Debe Roper and Steve Street a scene from a French movie, with Rick Street, president, presiding as master of ceremonies.

The musical combo, headed by Michelle Rousset, will include Teddy Coker, Molly, Matt, Jack Sykes and Paul Browne. There will also be several other groups doing comic numbers, including the entire speech club.

The presentation will take place in the basement of the Methodist Church at 7, 8 and 9 o'clock and lasting for 50 minutes. Tickets are 50¢ for children, 75¢ for adults, and can be purchased at the door or from any speech club member.

## Colts Victorious Over Mason

by R. ROUSSELOT & F. LANE

The Colts played an excellent game last Thursday night when they defeated the Mason Puncers 28-8.

Early in the first quarter John David Cook made a 9-yard run to make the first score of the game. Craig Parker then ran the 2-point conversion, making the score 8-0.

The Colts kicked off and the ball was recovered by Mark Hemphill. Getting to the 15-yard line, Cook made six more points. He then made the two point conversion.

The Colts then regained the ball once more and Parker caught a touchdown pass.

Right before the half, John Elliott ran three yards on a quarterback keeper for a touch-down. The conversion failed, ending the half with the score 28-0.

Late in the third quarter the Puncers scored a TD on a 15-yard pass. The conversion was successful.

Neither team scored in the fourth quarter, leaving the final score 28-8.

## Lions Hear Jess Yaryan

The program at the Downtown Lions Club Tuesday noon was brought by Jess Yaryan of Austin, vice president of the Beautify Texas Council. This 475 member group seeks to serve as an educational agency to coordinate the efforts of industry and government to beautify our country.

Yaryan, who works for the United States Brewers Association, pointed out that a great deal of money is being spent in an effort to salvage cans, bottles, and other litter. An educational program is also being waged to try to make American citizens more litter conscious and to clean up our countryside.

Visitors at the club included Rev. A. B. Wagner, Lutheran pastor; Mr. Carlos Storm, Church of Christ minister; Frank Barton, new Lone Star Gas Company field employee; J. B. Morris, Boy Scout Executive and patrolman Royce Hightower, Weights and Measures Division.

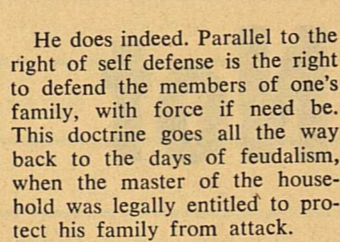

## THE FAMILY LAWYER

### Father to the Rescue

Suppose a man sees his son being beaten up by the neighborhood bully. Does he have a legal right to use force in his son's defense?

He does indeed. Parallel to the right of self defense is the right to defend the members of one's family, with force if need be. This doctrine goes all the way back to the days of feudalism, when the master of the household was legally entitled to protect his family from attack.

But in such situations, there is always the chance of escalating the violence. Therefore, the law places careful limits on this right of family defense.

1) The force used must not be excessive. For example: A father found his son involved in a fracas with the man next door. Rushing to the rescue, he knocked the man unconscious with a mighty blow on the head. Then he followed up with a swift kick in the abdomen.

For the resulting internal injuries, the father was duly held liable in court. The right to defend his son, said the court, did not include the right to kick someone who was lying on the ground unconscious.

2) The force must be used only to defend, not to "get even." In another case, a father found out that a certain teacher had slapped his son in class. Days later, meeting the teacher on the sidewalk, he punched him in the nose.

Could the father be held liable? Again, yes. The court said that since the boy was in no danger at the time of the punch, the father's action could not fairly be called defensive.

3) Many courts add that the

father's right to use force is no greater than the child's. Thus: A belligerent teen-ager deliberately picked a fight with another youth. But by the time his father came along, he was already getting the worst of it. The father promptly slugged the other boy with a rock.

Sued later for damages, the father claimed he had acted to protect his son. But the court held him liable anyhow. The court said that, in terms of the right to use force, he "stood in his son's shoes"—that is, in the shoes of the aggressor.

# Coffee Break

by Shirley Hill

Halloween means that many little ghosts and goblins will be in the streets for tricks or treats Saturday night, running from house to house and from street to street.

Sometimes the trick or treaters, anxious to get to the next treat, cross streets without looking or dart around a parked car.

Because of this, you the driver, must be on the constant lookout for them.

Let's make this another safe Halloween for Sutton County. Help the trick-or-treaters, trick-or-treat again next year.

**DUPLICATE BRIDGE**  
5-table Howell was played Monday night when the Sonora Duplicate Bridge players met at the golf clubhouse. Winning first were Mrs. Ethel Olson and Jan Mobley of Eldorado; second Helen and B. L. Blakeway of Eldorado; third, Diane and Danny Barfield of Eldorado, and fourth, Dr. and Mrs. Wayne Herrmann.

## Museum News

The Junior Historical Society plans to meet at the Mies Home Museum for the story hour at 3:45 p.m. Monday, November 1.

Mrs. James Hunt, Mrs. Norman Rousselot and Mrs. Bill Savell are in charge of the program. Those conducting the studies are asking that all children who attended last month come and bring a friend, or any child in the 3, 4, or 5th grades.

Mothers are asked to pick their children up at the Museum at 4:40 p.m.

The regular monthly meeting of the Historical Society is planned for Tuesday at the Museum at 5 p.m.

—SKH—  
Sunday morning we can all be an hour late and still be in church and Sunday school on time. Due to the time change, we will lose an hour and we can start getting to work after daylight next week. I hope this is the last time this time change takes place in Texas.

—SKH—  
Michael Gilly, son of Mr. and Mrs. Ben D. Gilly, was here for a two weeks visit with his parents from Chu Lai, Vietnam. Warrant Officer Gilly is aircraft commander of the 17th AHC at Chu Lai. He has been there for six months and has returned to complete his tour of duty in Vietnam. He is scheduled to return to the states in April.

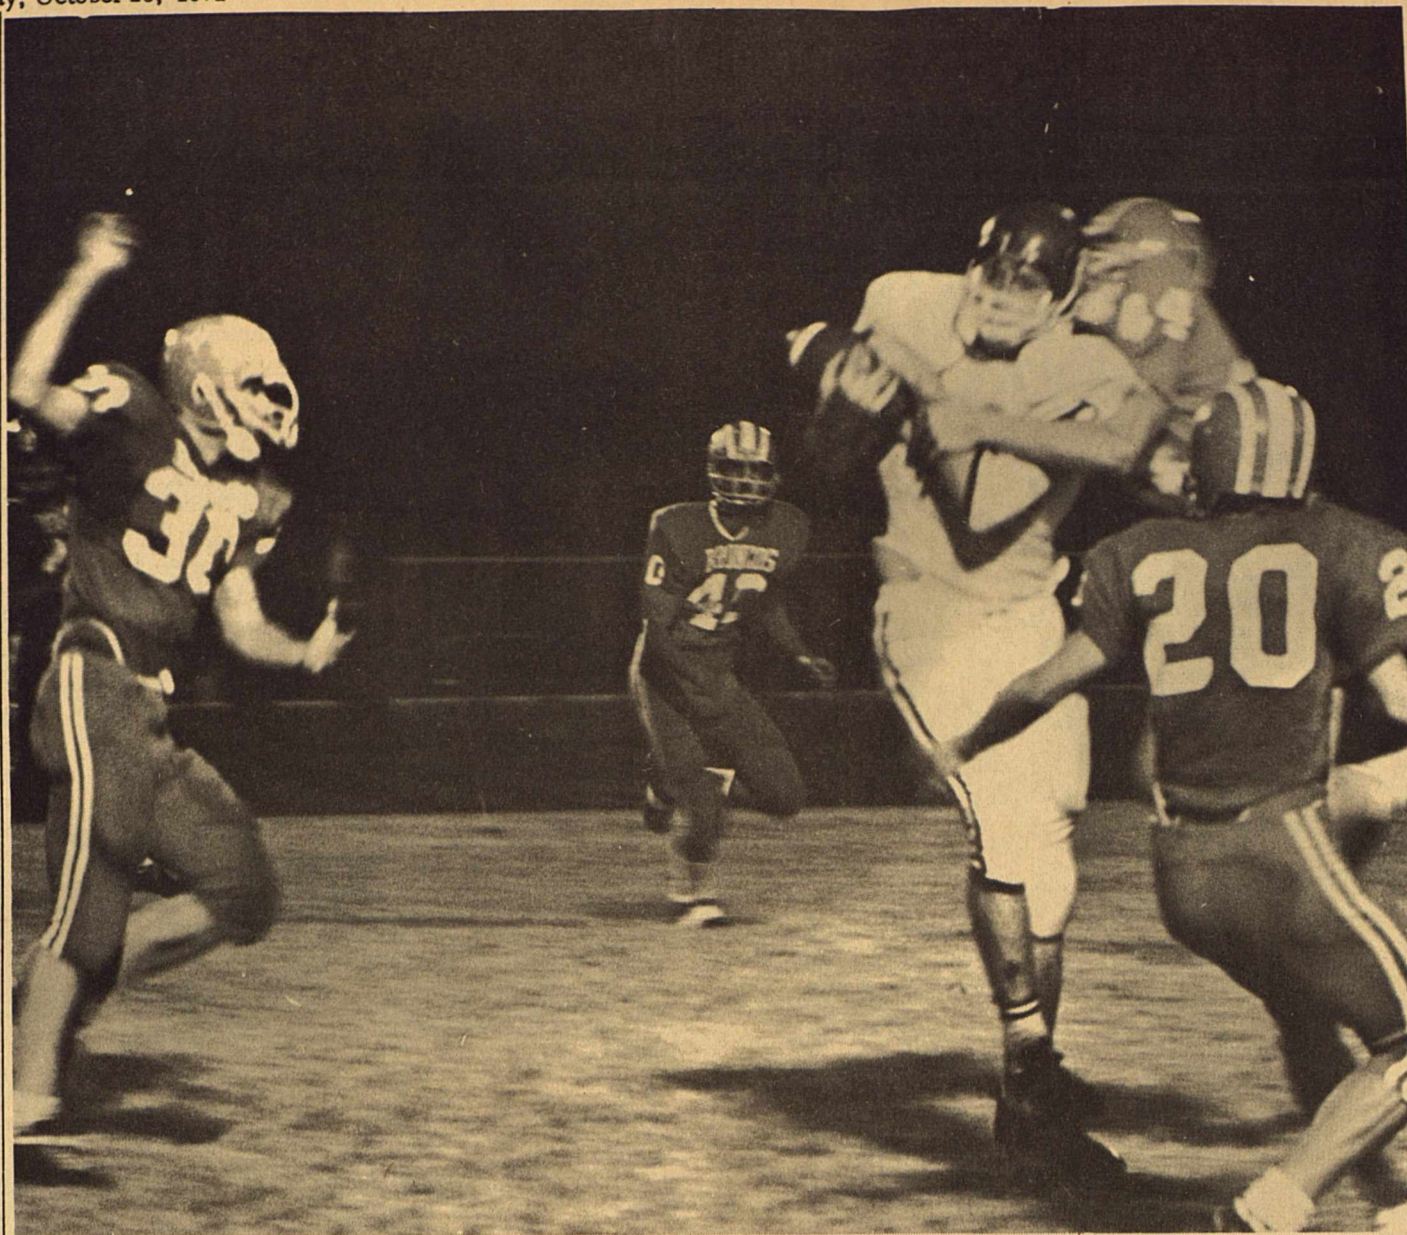

Dr. Lonnie Pollard attended an Orthodontic Clinic held in Austin, October 20-23.

—SKH—  
There are still a large number of our yearly subscribers who have not yet paid their subscriptions which were due September 1. We will not send out statements for subscriptions this year. If you are unsure as to whether you have paid or not, call and let us check for you. All those who have not paid by November 1 will be cancelled out.

These things are easy to overlook so check on your subscription now so we may continue to send the paper to you every week.

—SKH—  
A sermon written by Frank Joe Potmesil, 1958 graduate of Sonora High School, was accepted for publication in the Coos Bay, Oregon, newspaper. Frank Joe is the pastor of the Eastside Baptist Church in Coos Bay and the son of Frank Potmesil.

Mrs. Coleen Robbins is home recuperating from surgery and reports are that she will be able to return to work next week at the Vet Clinic.

BANGS WAS UNABLE TO MOVE THE BALL in play last Friday with the Sonora Broncos at Bronco Stadium. Photographer Scott Campbell caught the action as Tryon Fields (30), Rick Street (20) and Freddy Virgen (40) prepare to stop the Bangs player. Bangs moves out of District 9-A play next year.

## Awards Made To Cub Scouts

Cub Scout Pack 19 held its monthly meeting October 20 in the Parish Hall of St. John's Episcopal Church. The meeting was opened by an impressive ceremony put on by the Cubs of Den 2. Four cubs, Steve Jennings, Eric Neal, Randy Mounce and Ronald

Berkley were awarded Bobcat pins by Cubmaster the Rev. Mr. Ray Nations. This is the first award for boys in the Cub Scout program.

Several other awards were presented for work in the past month. Keith Byer and Cades Pope received Wolf badges. Arrow Points for achievements were awarded to the following boys: Louis Humphreys, two Silver Arrow Points; Ricky Wright, one Silver Arrow

Point; Dennis Jolly, one Gold Arrow Point; Keith Byer, one Gold and two Silver Arrow Points; Cades Pope, one Gold Arrow Point and Lee Burch, one Silver Arrow Point.

Boys receiving service stars included Humphreys, Wright, Jerry Don Glasscock and George Wipff for one year of scouting. Jerry Maurer, Craig Cooper, David Jennings, Randy Martin, Wayne McLaughlin, Jeffery Spencer and Mark Van Hoozer received badges

for two years of scouting. After the awards, Den 4 put on a good skit about fire safety and the Webloes Scouts closed the meeting.

Many parents of the Cubs were on hand for the meeting and refreshments were served by the mothers of the Cubs in Den 4.

Barracudas are more apt to attack man than sharks.

## Christmas Seal Mailing Pattern Changes

"Later this month many citizens of Sutton County will receive their envelope containing the traditional Christmas Seals. This year we will be asked to return our contribution for this important health work to a different location," C. F. Browne, M. D., a member of the Board of Directors of the Big Country area of the Texas Tuberculosis and Respiratory Disease Association, announced this week.

To reduce the costs of administration and to increase overall efficiency the Christmas Seal mail appeal has been "centralized" and all record keeping computerized. All contributions this year are to be returned to Austin.

Proper accounting procedures will credit all gifts to the county from which they came. Now more of each contributor dollar can be spent on the association's basic aims—control of Emphysema and other Respiratory Diseases, eradication of Tuberculosis, and elimination of Air Pollution and Smoking.

"We hope everyone who receives an appeal letter con-

taining Christmas Seals will respond generously this year as 'there is more to do.' Remember, just because the gift is sent to Austin does not mean that Sutton County will not get credit for the gift. Actually, we will receive more benefit since the cost of soliciting the gift will be reduced," Dr. Browne said.

## Migrating Birds Move South

by E. B. KENG, SCS Technician  
With the approach of another winter migrating birds are moving south. It is still quite a mystery among wildlife specialists as to what "triggers" the fall and spring migrations, and how the birds can return unerringly to the same wintering areas or spring nesting sites.

Banding studies show that Canada geese live to the ripe old age of 20 years and more.

The whooping crane, North America's tallest bird, winters at Aransas National Wildlife Refuge in Texas after spending the summer on Canadian nesting grounds near the Arctic Circle. The windpipe of the whooping crane is two feet long.

Trumpeter swans are the largest North American bird in weight, males sometimes reaching 30 pounds. Though the life span of the bird is not known, swans have lived 30 years in captivity.

Sparrows have an average life span of four years.

The skunk's artillery is capable of hitting its target at ranges of 5 to 10 feet and can be discharged 5 to 6 times in rapid succession.

The weasel is a very sound sleeper. It can often be taken up by the head, feet or tail and swung around for a considerable time before it begins to awaken.

Although marsupials—animals that carry their young in pouches like kangaroos—were once common in North America, the only remaining member of this clan is the opossum.

## Dr. C. F. Browne Attends Assembly

Dr. Charles F. Browne attended the Texas Academy of General Practitioners in Dallas recently. About 540 general practitioners attended.

Dr. Browne has served as a director of this assembly for the past three years.

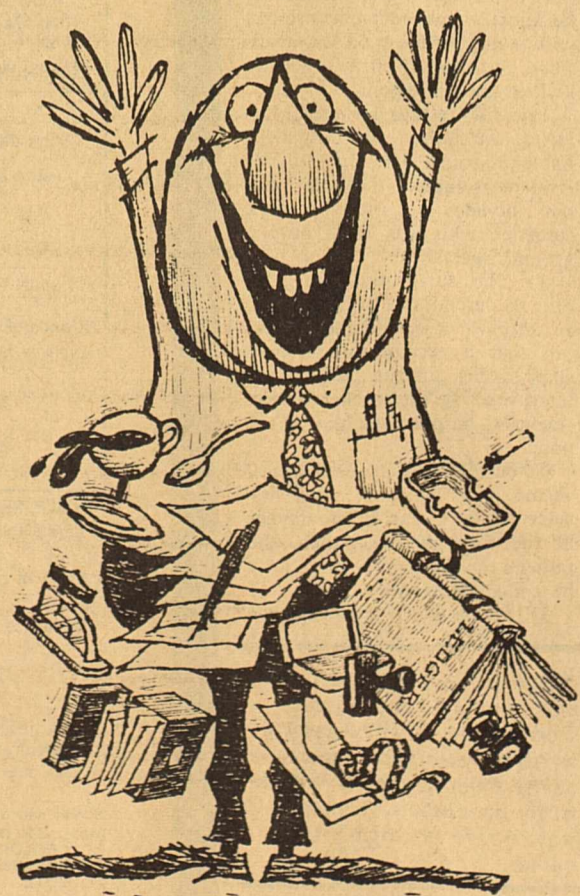

An interesting fact brought out in the meeting was that a change in the immunization protection for school children be considered.

As soon as an official recommendation for the change is made standard, Dr. Browne will authorize publication in the newspaper here. However, he added that children needing immunization should still check with their family doctor or pediatrician.

**Prussic Acid Possible Threat To Livestock**

Hybrid sorghum-sudan pastures, fast growing and excellent forage for livestock, can also be deadly during the fall grazing season.

The plant's own enzymes break down plant material and this results in prussic acid poisoning for animals which eat the forage, says Dr. James Armstrong, veterinarian with the Texas Agricultural Extension Service. The actual agent causing death is hydrogen cyanide.

"Prussic acid poisoning generally occurs at two times," explains Armstrong. "It is especially prevalent after a frost that has damaged plants. Also, poisoning occurs when plants perk up and begin fast growth after a very dry period."

Hay that is improperly cured can also present prussic acid poisoning problems for a short time.

Hydrogen cyanide is very volatile and therefore stays in the plants for only a short time. But while it is present, animals must be kept off the pasture for a few days, cautions the veterinarian.

"In severe cases, cows exhibiting symptoms when the veterinarian is called may be dead before he can arrive," points out Armstrong. "He will probably be able to save only those which are still breathing."

The veterinarian also urges farmers and ranchers to be on the lookout for nitrate poisoning that may occur during the late fall on winter pastures when there is a lot of cloudy weather.

"Under these conditions, the plants, instead of growing and changing nitrates into protein, just accumulate the nitrates," explains Armstrong. "Animals must also be taken off these pastures until the plants have had a chance to grow and convert the nitrates to protein."

Armstrong noted that the blood of animals that have died from nitrate poisoning will be chocolate brown while those dying from prussic acid poisoning will be cherry red.

HAROLD SCHWIENING, JR. who was named Outstanding 4-H Father at the recent 4-H Achievement Program, is shown here with Cora Pope and Bill Finklea. Miss Pope was named the Gold Star Award winner for girls and Finklea was named Gold Star honoree for boys in 4-H work in Sutton County. Schwiening, ("Corky"), was a 4-H member during his school years and has continued to be active in the work as an adult, coaching and assisting in judging with the younger members.

Our ladies golf luncheon was held this past Wednesday with Betty Jo Cooper, Muriel Brown and Wanda Cahill as hostesses. There were 19 members present.

**How To Choose A Pumpkin**

---Yummy pie or jack o' lantern, which will it be?

To help you in choosing just the right pumpkin for the job, here are some suggestions from Gwendolyn Clyatt, Extension consumer marketing specialist at Texas A&M University.

For eating, choose a bright orange pumpkin, well formed and heavy for its size. A heavy pumpkin will have more meat, thus less waste. And, the specialist says, it is more likely to have a sweet taste.

But for a Halloween jack o' lantern, choose a light weight pumpkin. The less it weighs, the less it costs. It will also have a tough skin and a thinner layer of flesh for easier carving.

If your pumpkin is for pie, Mrs. Clyatt suggests the following procedure: Clean seeds from the inside of the shell, then scoop out the flesh.

Cut the pumpkin into small pieces and cook in a small amount of water until soft. Strain through a colander or food mill.

Remember pumpkin is a vegetable—it can be baked and used like squash too, she says.

Longest recorded interval in post-mortem birth is 29 minutes

**Profit-Sharing Coupons Offered By Merchants To Local Shoppers**

Seven Sonora merchants and businessmen are again offering profit-sharing coupons from November 1 until Christmas in a promotion aimed at rewarding customers who shop at home.

Merchandise will be given in four drawings to be held December 4, 11, 18 and the final one on Christmas Eve. Amounts to be given will be announced later. Tickets are given on the basis of \$1 purchase or for each dollar paid on account.

Chamber of Commerce manager Doyle Morgan, said mer-

chants participating in the profit-sharing include Home Hardware & Furniture, Ratliff's Department Store, Westernman Drug, Barrow Jewelry & Sporting Goods, C.G. Morrison & Company and Neville's Department Store. The First National Bank will award four-\$50 bonds, one to be given at each of the four drawings.

LOOKING BACK... BY SONORA MOTOR CO.

ONE OF THE EARLY AUTOMOBILES made its way down unpaved Main Street past the buggies and freight wagons in Sonora about 1914. A sign points to a garage on the east side of the street, the Sonora Mercantile Co., on the corner advertised harnesses, collars and

bridles. Down the street was the Commercial Hotel, later known as the McDonald, with its wide balconies. Across the street was the Devil's River News office, and at the extreme right of the picture was the Decker Hotel and the livery stable.

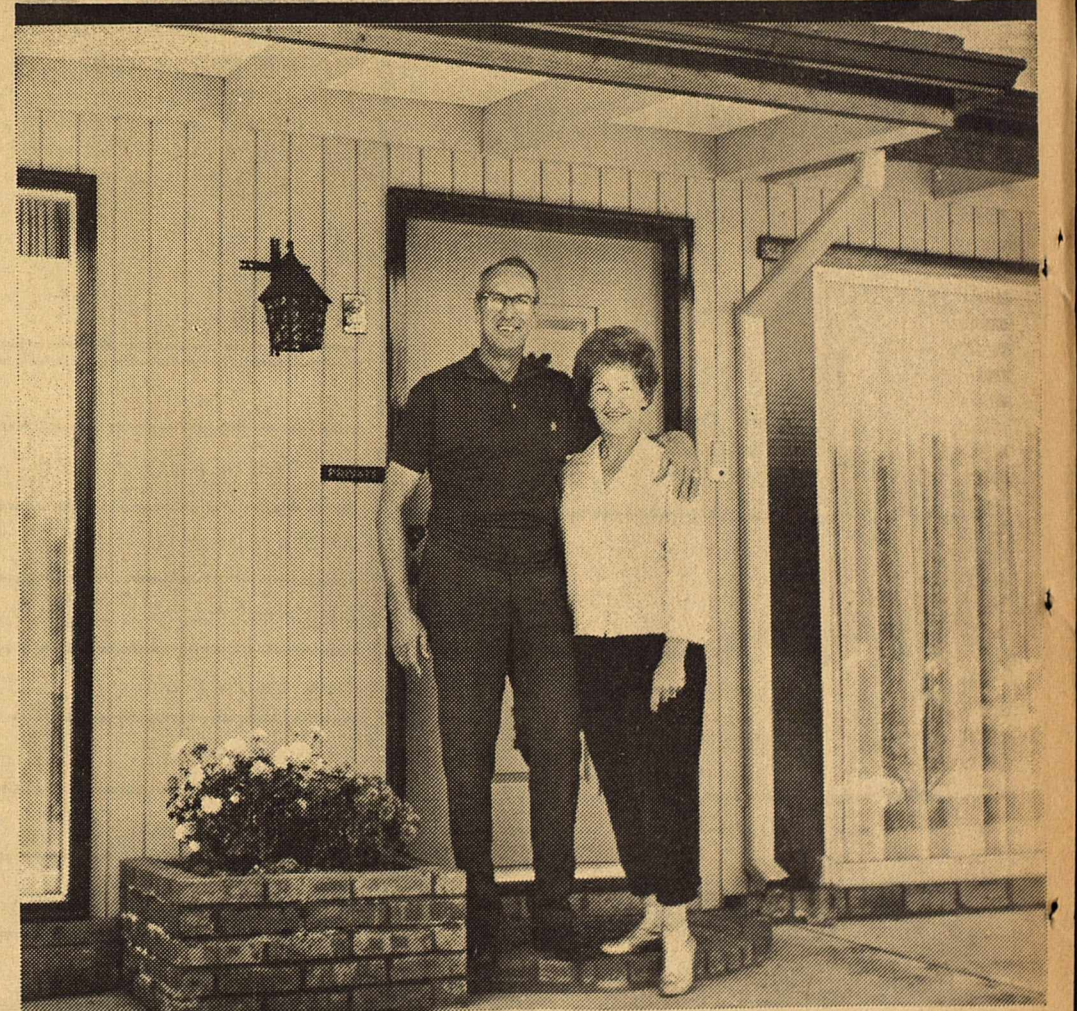

For the best possible deal on a new or used FORD CAR OR PICKUP—Come to SONORA MOTOR COMPANY.

with three guests—Ida Bloodworth, Joan Nicholas and Rande Caruthers.  
The Bingo Bango Play was won by Sammie Espy—first flight, Chicken McMillan—second flight, and Muriel Brown, third flight.  
Muriel and Sammie won the Blind Partner Play for the day.  
The Ladies Auxiliary Handicap Tournament will be held this Sunday. Tee off time is 1:30 p.m. All members plan to be there.

MEAT STAMP DYE—Ever wonder about the purple dye used for the USDA inspection stamp on the meat you buy? The grading and inspection shields are stamped in harmless purple vegetable dye, and it need not be removed.

**Less maintenance more comfort in an... all-electric mobile home**  
Soaring housing costs have caused more people to make the move to mobile homes. And, many of them have discovered that they can still enjoy the carefree comfort of all-electric living.  
• Flameless electric heat produces clean, gentle warmth from a variety of flexible electric heating systems. And, electric heating is a natural for mobile homes. It takes up less space than any other form of heating available. Installation costs are low. No fuel supply lines are necessary and no chimney is needed.  
• Electric air conditioning and electric appliances combine to make a total-electric mobile home more carefree, more comfortable. When everything in your mobile home is all-electric, there is less maintenance and cleaner living.  
• If you are in the market for a mobile home, consider the unique advantages of a total-electric model.
