

AND THE BAND MARCHES ON... Sonora High School band members, directed by John Butterfield, were led by drum majorette Kathy Hardegree during halftime ceremonies at the Sonora-Mason game Friday night. The band presented music they will present at the band contest in Brady, November 20, in the U.I.L. competition. Each week the 68 students participating in the band select

'band members of the week', and this week they chose Maura Hernandez and Jimmy Weston. Fans are pleased with the outstanding performances given each week by the band members. Their contribution adds much to the pleasure and excitement of the games and under Butterfield's direction, the band continues to improve.

Broncos Roll Over Mason Take 8th Win Of Season

The Sonora Broncos used a strong team effort both offensively and defensively to overpower the highly rated Mason Puncers Friday night by the score of 27-13.

Sonora Captains Frank Taylor, Milton Noel and Richard Bernal won the toss and elected to receive. The Broncos rolled 73 yards and used five minutes playing time with their first possession. The score came with a fourth and three from

the Mason 17-yard line. Mark Rousset pitched out to Noel who passed to Bruce Kerbow. Henry Mata kicked the extra point, giving Sonora an early 7-0 lead.

Three turnovers quickly followed. Mason fumbled, then intercepted a Bronco pass but promptly fumbled back to Sonora.

Steve Street thrilled the hometown fans with a magnificent display of illusive broken field running, while breaking for 57 yards. A clipping penalty brought the ball back to Sonora's 23. Rousset passed to Tryon Fields for the TD. Mata's PAT was good pushing Sonoras lead to 14 points with two minutes, 45 seconds left in the first quarter.

With Sonoras next possession Noel used power, balance and speed to romp 57 yards to the Mason 15-yard line. The Puncers held and the Bronco field goal attempt was off to the left.

Mason took over on their 20-yard line. A nice pass and run play from Ted Geistweidt to Bobby McDonald carried to the Sonora 16. Jerry Whitehead found paydirt for six points. The conversion was good and with six minutes left in the half the score was 14-7.

Sonora received the Mason kickoff and moved upfield to where Noel gave an instant replay of his previous long run by powering to the Mason 17.

The drive stalled with a 15-yard holding penalty and again the field goal attempt was no good.

Fine defensive play, lead by Mike Dillard, Gene Trainer, Wayne Hill and Rick Hill held Mason to a fourth and long yardage, and a partially blocked punt gave Sonora the ball on Mason 30. Following good blocking, Noel dashed for the score and with Matas PAT, gave the Broncos a 21-7 halftime lead.

SECOND HALF

The third quarter was scoreless. Each team had possession of the ball three times but was unable to mount any serious threat.

Early in the fourth quarter Mason took control on their

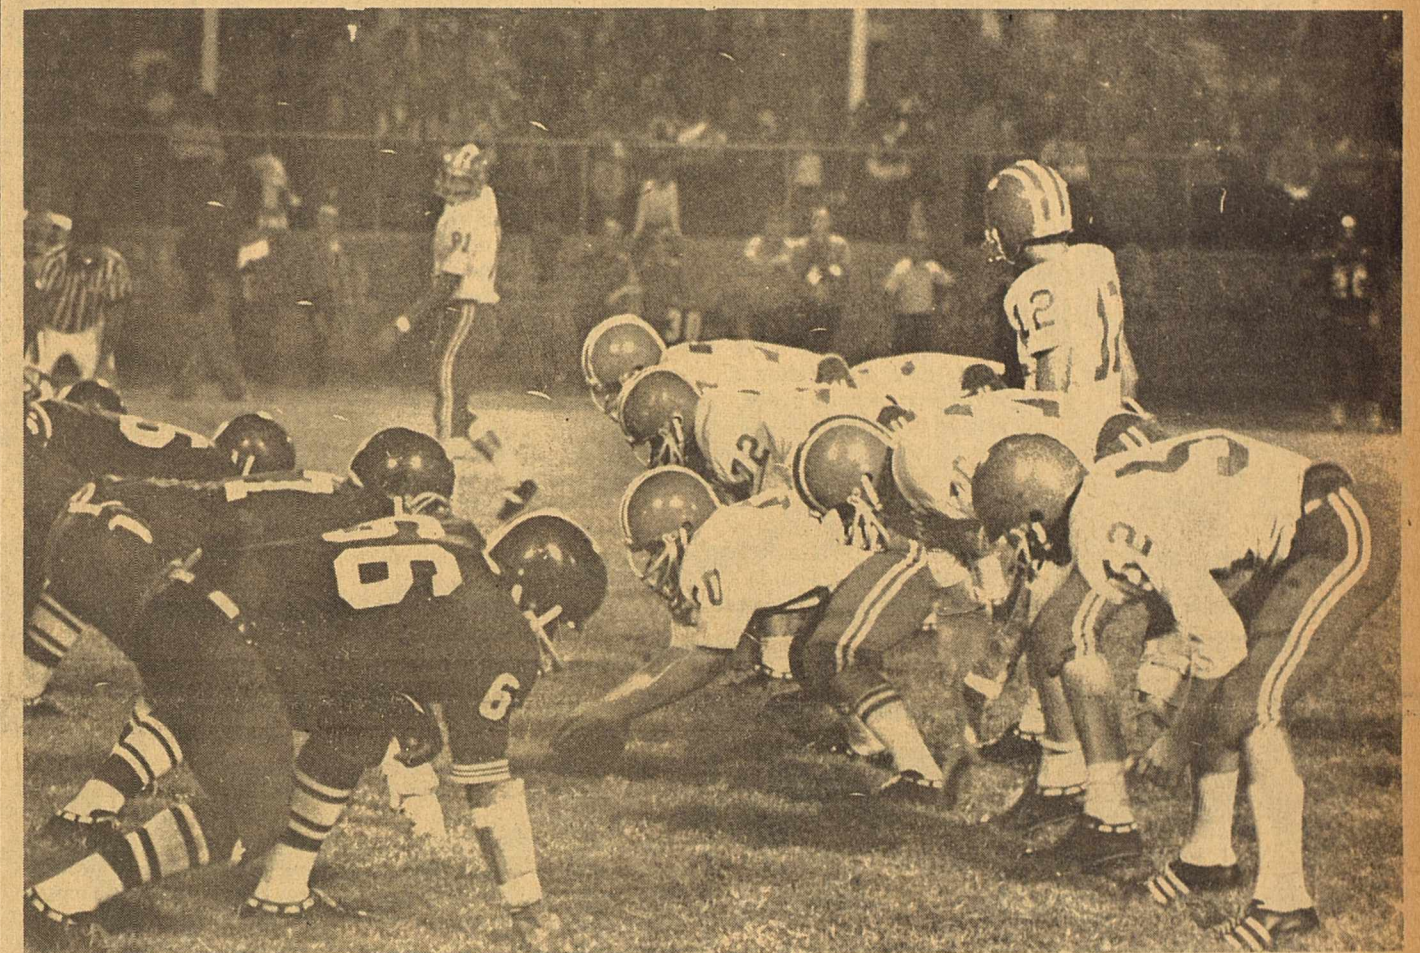

own 25-yard line and ate up both time and yardage. This 75-yard drive ended with full-back Whitehead scoring from three yards out. Their 2-point attempt failed making the score 21-13.

Gene Thompson covered an inside kick and the Broncos were able to use up all but one minute of playing time before Fields kicked to the Mason five. Rick Street sacked it up with his interception of a Mason pass deep in Mason territory. On the last play of the game, Rousset rolled out and skirred his right end for the final TD.

Final score, Sonora 27, Mason 13.

Monday morning head coach Bill Scoggins just couldn't say enough about the team efforts of the Broncos. He said, "to be able to appreciate the fine job done by the team you have to recognize the fact that Mason was a good football team".

Coach Scoggins did say that "contrary to the opinion of some sportswriters in other newspapers, we still have two strong teams to play. We must take them one at a time. Our next real concern is Friday night with Eldorado".

QUARTERBACK MARK ROUSSELOT (12) and his teammates provided many exciting moments in the Friday night game with Mason at the Puncer Stadium when the Broncos overpowered their opponents to emerge victorious by a 27-13 score. Head coach Bill Scoggins and coaches Wayne Shaw, Jerry Phillips

and Jerry Hom were pleased with the team effort exhibited by the Broncos in winning the district game. Only two games remain to be played before the district 9-A winner is named. The Broncos meet Eldorado here Friday night and travel to Robert Lee next Friday, to close out the district play this season.

V.F.W. Sponsors "Light-A-Bike" Safety Program

Members of the Sonora V. F. W. Post will sponsor a "Light-A-Bike" program this Saturday and Sunday. All children are encouraged to bring their bikes to the parking lot next to Busters between the hours of two and four Saturday or Sunday.

Members of V. F. W. Post 4395 will put reflector tape on the sides, front and back of the bikes, making them much safer for the children to ride, said Commander Saunders. He advises the children to wash their bikes before bringing them to be taped, as the tape must be put on a clean surface.

"For safety sake, parents should encourage their children to bring their bikes to be taped," he said.

Mrs. Helen Barnes Dies After Illness

Graveside services were held Monday for Mrs. Helen Lee Barnes, 71, who died October 31, 1971, in Schleicher County Medical Center. Ratliff-Kerbow Funeral Home was in charge of the arrangements and burial was in Sonora Cemetery.

Mrs. Barnes was born in Fort Worth, February 15, 1900, and had lived here for the past 15 years. She was a waitress.

Survivors include a sister, Mrs. Peter Michaels of St. Paul, Minnesota.

4-H's Place Lambs On Feed For Annual Livestock Show

27 Sutton County 4-H members placed 55 crossbred lambs and 54 finewool lambs on feed Saturday, October 30, for the Annual Sutton County 4-H Livestock Show.

The 109 range raised lambs will be fed 72 days on regular commercial rations for the live or on foot classes of the carcass lamb show which will be held Monday, January 10, 1972.

The top ten finewool and the top ten crossbred lambs will be selected at this time and their carcasses will be placed based on their value.

The results of the carcass show will be announced at the regular Sutton County 4-H Show which will be held January 14, 15, 1972. Prize winning carcasses will be offered at the regular auction sale of lambs along with the live market lambs.

Lambs which do not qualify for the regular carcass lamb show will be classified in market lamb classes at the regular stock show.

The First National Bank of Sonora sponsors the carcass lamb show and provides \$300 in prize money and two trophies to encourage boys and girls to participate in the program.

Kisselburg Fund

Contributions are being taken for a retirement gift of a new television set for George Kisselburg. Kisselburg served as custodian of the grounds at the local cemetery for several years.

Persons interested in contributing to the fund may leave contributions with Jack Kerbow at Home Hardware & Furniture.

Tuesday Night Hunting Party To Open Season

The eleventh annual hunting party will be held November 9 at the 4-H Center, with barbecue and exotic game being served at 6 p. m. The event is jointly sponsored by the Edwards Plateau Game Association, the Downtown Lions Club and the Chamber of Commerce.

Purpose of the annual affair is to welcome hunting visitors and to afford an opportunity for the landowners and local businessmen to show their appreciation to the visitors.

Will Ray Long, Information Officer for the Texas Parks and Wildlife Association of San Angelo will present the program. The one hour program will be 90 percent entertainment and 10 percent wildlife conservation education, Long said. He will take a few minutes to cover new changes in hunting laws.

Door prizes will include a 243 Savage Deluxe deer rifle furnished by the Game Association, plus a scope and binoculars given by the Lions Club and Chamber of Commerce. Other door prizes will include a gun rack, rifle shells, water can, hunters shirt and others. A door charge of \$1 for adults and 50¢ for children will entitle everyone to be in the drawing for prizes.

A brief election of officers of the Edwards Plateau Game Association will be held. Present officers include L. P. Bloodworth, president; Bill Whitehead, vice president; Turney Friess, treasurer and D. C. Langford, secretary.

Decorations for the event will be directed by Mrs. Bill Whitehead, assisted by Mrs. Lawrence

Finklea, Mrs. Bill Stewart and Mrs. L. P. Bloodworth.

Chief cooks will be Bill Stewart and Stanley Mayfield, assisted by E. L. Harrell, Bob Teaff, J. D. Cook, M. R. Caviness and Jack Sharp.

Ticket sales and registration will be handled by Mrs. Nolan Johnson, Mrs. Clint Langford,

Mrs. W. F. Berger and Mrs. Doyle Morgan.

The serving committee will consist of James Alexander, chairman, assisted by Rodney Davis, Turney Friess, Joe Lane, Jerry Johnson, Charlie Preston, Ray Barlemann, Bill Means and others.

City To Close Two Days Thanksgiving

City employees will have a two-day holiday with the city offices being closed both Thanksgiving Day and Friday following Thanksgiving. The commission approved the 2-day holiday, giving employees a four-day weekend, November 25-28.

Superintendent of schools Ken McAllister met with the city commission Tuesday to discuss pertinent facts relating to the school trustees decision to sell lots in the vicinity of the now closed L. W. Elliott school. City council members agreed to submit a cost estimate of sewer and water lines to the property after they receive a plat of the proposed sites with lots designated.

Mayor Norman Roussetol said the city normally expects property owners to pay for curb and gutter work on streets with the city putting down the catchbase. Paving costs are borne by the property owner. Study of the development at the former school location will continue before definite plans are made.

In other city business the city council approved a bid by A. J. Kollmyer & Son of San Angelo for a compressor. The bid of \$691.87 was accepted by the city after Steve Kollmyer met

with the commission. The commission approved transfer of \$11,000 from the Water Bond Sinking Fund for City Certificate of Deposit for \$11,000. They also approved auditors suggestion that utility records be kept for a three year period and discard all older records.

Auditors suggested that meter books, service tickets, delinquent monthly statements, paid statements, merchandise tickets, bank deposit slips, counter receipt books, sales journal pages, cash receipt journal pages, cash book and sales books be destroyed yearly. The commission approved the suggestion.

Two bids for bulk oil were received, one from Texaco and Mobil Oil Company. The commission voted to accept the Texaco bid if after checking with Fairbanks-Morse the product meets the company's recommendation for use in the city engines. A bid from J. M. "Shorty" Taylor was accepted for painting the city hall, inside and outside. He also submitted a bid on repair and painting the building at the airport. His bid of \$911.50 for work at the City Hall was accepted and also the \$120 bid for labor and materials at the airport.

THE TRIO DEPICTING THE STORY OF "Little Red Riding Hood" were named overall winners at the Halloween Carnival parade Saturday night. "Grandma" was portrayed by little Cleve Jones, III; Red Riding Hood by Anita Balch and Rebecca Powers was the wolf. Jay Herrmann was judged the "spookiest" and Houston Powers was named the "funniest". Other paraders named to winning spots in the various categories included Lee Whitehead

and Greg Stewart in pre-school age; Laura Preston and Robert Mittel in kindergarten; Edward Devo Smith, Kevin West and Louise Ingham, first grade; Clay Friess and Bryan Hunt, second grade; Abel Longoria, Trina Powers and Cecilia Hernandez, third grade; Darcy Lynn Carroll, Brett Johnson and Prissy Cook, fourth grade and David Jennings, Pam Powers and Lenise Sullivan, fifth grade.

Editorials-Features-Columns

The most effective single force in building a good community is a good newspaper.

Facts And Opinions

"It's so tremendous that the human mind cannot comprehend it," notes The Elks Magazine. "That was how Senator Allen J. Ellender of Louisiana, chairman of the Senate Appropriations Committee, used to describe the national debt of nearly \$400 billion. Now, aided by some figures worked out on a computer by his staff, Ellender discloses that it would take the Bureau of Printing and Engraving about 171 years to print 400 billion in \$1 bills while the 100 members of the Senate, working an 8-hour day for 260 days of the year, would require 267 years to count them. Put end to end, Ellender adds, they would make a path 160 bills wide to the moon."

The Oregon Motorist magazine asks drivers, should the best tires go on the front or on the rear of your automobile? The magazine then goes on to say: "This question has caused

considerable controversy in recent years as experts strive to decide which is truly the better procedure. Now comes the National Bureau of Standards to report that the best tires should be used on the rear wheels. Failure of rear tires is a more important cause of accidents than failure of front tires, says the Bureau after exhaustive tests."

Fresh air is wonderful—it's healthful and invigorating—but in the winter, it can cost you money, warns the American Gas Association. If you open a window to let fresh, but cold, air into your house, be sure that the cold air isn't cooling your thermostat. If it is, the thermostat will automatically tell your furnace that the house is cold, and the furnace will turn itself on. You may find that the rest of your house, which was very comfortably heated before, is now being heated more than you want.

The AGA suggests that you "air out your house" one room at a time. That way, you'll enjoy the benefit of fresh air, and you'll also keep a check on fuel costs this winter.

The National Association of Manufacturers reports public education is big business. It employs close to three million people, and nearly one fourth of the population currently is enrolled in the public education system. Its 1969 budget of more than \$68 billion is a 100 percent increase over that of 1947. The gross national product increased only 400 percent in this same period.

A Bishop Looks at Life

What Is AA ?

By Everett H. Jones
Retired Bishop of the
EPISCOPAL CHURCH

Although Alcoholics Anonymous was founded 36 years ago and now numbers over one half million members around the world, there is still much confusion about the nature of this organization and how it works.

It is generally agreed that while A.A. is not the only way for alcoholism to be treated it has proved to be by far the most effective of all the methods developed to date.

What are the insights that have made A.A. so successful? —It has recognized the alcoholic as a sick person, with an illness roughly described as "an allergy of the body coupled with an obsession of the mind." The illness strikes one out of every 16 persons who use alcohol; on this basis there are between five and six million "problem drinkers" in the United States today.

—It has required as the first step in its recovery program the honest admission by the alcoholic that he has become powerless over alcohol and needs help.

—It has dealt with the alcoholic in terms of his total personality—body, mind and spirit. The problem is in the person, not in the bottle. Recovery requires a new way of life, with a continuous self-inventory.

—It has recognized the healing and redemptive power of a concerned group sharing a common problem. Regular attendance at A.A. meetings is a prime necessity. (This group therapy is now applied in other groups such as Narcotics Anonymous, Weight-Watchers Anonymous, and Neurotics Anonymous.

—It has stressed that every recovered alcoholic is ready, in gratitude, to help others in need.

—It has urged every member to seek thru prayer and meditation to improve his conscious contact with God.

Those in the San Antonio area wanting to know more about A.A. will have a good opportunity

NOVEMBER 2, 1961

The first class in Licensed Vocational Nursing at Hudspeth Memorial Hospital has successfully passed the state board examination. Class members are Fae La Rae Adams, Ella Archer, Clarice Haines, Jacquelyn Schmidt and Aline Schwiening.

In one of the most exciting games in recent years the Sonora Broncos ran over the state-ranked Eldorado Eagles 22 to 0 here Friday.

Francine Fields was elected Queen of the Halloween Carnival here last Saturday night.

Jo Bess Vander Stucken and Jim Jackson, students at North Texas State University, Denton, visited over the weekend with her parents, Mr. and Mrs. J.M. Vander Stucken.

Mary Wilson was home from Southern Methodist University for a weekend visit with her family, Mr. and Mrs. Duke Wilson and Nancy.

The two nice homes under construction for the Howard Kirbys and the Jimmy H. Harries are progressing nicely.

NOVEMBER 1951
Glen Richardson was in Dallas last week attending the SMU-Texas game.

Mrs. Roy Valliant and daughter, Martha, and Mrs. Archie Edmiston and daughter, Margaret Edmiston of Eldorado, spent the weekend in Houston visiting another sister, Mrs. T. R. Knight.

Mrs. Walter Chadwell of Junction was here this week visiting her sister and family Mr. and Mrs. W.B. McMillan.

Those home from the University last weekend were Miss Blanche Taylor, Miss Jackie Wardlaw and Ernest Stephens.

Mrs. Terry Baker and Mrs. Burt Rode are in San Antonio this week.

Mr. and Mrs. W.F. Garmon and Mrs. Willie Andrews were in San Antonio last week visiting his parents, Mr. and Mrs. W.F. Garmon, Sr., and Mrs. Andrews sisters and families, Mr. and Mrs. Pete Burgstaller and Mr. and Mrs. Ray Dixon.

Mayor Alfred Schwiening breezed in with some good news today. He said that as of today we will have one week less to wait until it rains.

NOVEMBER 7, 1941
J.R. Hudson led the way with the first tally in the opening quarter that was followed by Roy Cooper, who scored four times and Clyde Henderson, who crossed the pay stripe once, when the Sonora Broncos

plastered the Miles Bulldogs with a 38-0 score here last Friday.

Reginald Trainer, Monroe Voight and Manuel Lombana left Tuesday night for Fort Bliss, El Paso, where they will be inducted into the U.S. Army training service.

Miss Marion Adams became the bride of Melvin Heam of Roosevelt Monday at noon in Ozona. Rev. Clyde Childress read the ceremony in the First Baptist Church.

Honoring her daughter, Nancy Ruth, on her seventh birthday Mrs. John Eaton, Jr. gave a costume party Thursday at her home. The Halloween theme was used.

A cheerful old bear at the zoo could always find something to do.

When it bored him, you know, To walk to and fro, He reversed it and walked fro and to.

81 YEARS AGO
Sol Mayer reports that up to last Friday Charles Reuff had sold several clips in San Angelo at 14 and 16 cents.

G.D. Felton and daughter, Miss Florence, returned to San Angelo Monday after a short visit to Sonora, the guests of Mr. and Mrs. James Whitehead.

Ed Wall, the sheep man from the third precinct was in town Tuesday.

At Del Rio, on September 22, George Pfeffer and Tom Reynolds were shooting cigars out of each others mouths. The weapons used were target rifles. The light was falling and the men were drunk. At the fifth shot Pfeffer fired too high and to the left. The bullet entered Reynolds brain. He is dead. He was 28 years old, unmarried and of a jovial disposition.

The school trustees for Precinct No. 1, Sutton County, are L.N. Halbert, Dave Dunagan and E.C. Saunders. That's enough, don't you think?

O.T. Word, a Devils River sheepman residing in Sonora, was the victim of a painful accident last week at the ranch of J. Blackburn Miller. He had bought some of Mr. Miller's fine horses and the process of branding was going on when the horses broke loose and ran over Mr. Word, breaking one leg and otherwise injuring him. Dr. Mauer was called and set the limb. The injured man is doing quite well now.

ACCENT ON HEALTH

They're here—those crisp, cool days which mean only one thing to almost a million people in Texas: it's hunting season.

Dove season brought a gleam to the eyes of hunters, but it is November which puts that extra bounce in their step, sends them into the hills and valleys and into marshes and timbered country for deer, javelina, duck, geese, quail and turkey.

Previews of the season have already been obtained by bow hunters, who took advantage of the special archery season which began in October.

In addition to the hunting season, most real fishermen are keeping their gear in shape for the excellent fishing which continues through the fall and winter in Texas.

What you have in Texas now—in addition to the exhilarating thrill of being out in the open hunting, camping and fishing—is the chance for accidents.

Good health and hunting safety go together, says Texas State Department of Health officials.

While most hunters look on themselves as Daniel Boones, far too many should never leave their television sets and comfortable arm chairs. They are the people who are out of shape, out of practice in handling their rifles and shotguns, and out of touch with good safety habits.

Safety in the field is a vital part of any hunting trip, and it takes some thought and planning to make sure that your trip doesn't end in tragedy. How many people do you know who carry loaded guns in their cars... climb into their deer blinds with guns loaded... walk around with the safety of their rifles or shotguns off and a shell in the chamber... point their weapons at others... bring their loaded guns into the camp-house...

Caution is something which all persons should exercise throughout every day of the year, but extra precautions against injury—and perhaps death—should be taken when you're outside of your natural element.

Safety authorities strongly recommend the use of blaze orange clothing as a safeguard against becoming a statistic. Too many hunters are mistaken for game by over-anxious, careless hunters.

THE DEVIL'S RIVER PHILOSOPHER SEZ...

He Cites Preponderance Of Evidence That Vietnam Is Up To Normal

Editor's note: The Devil's River Philosopher on his bitter weed ranch on Dry Devil's River thinks he has discovered something, his letter this week claims.

Dear editor:
Correct me if I'm wrong, which means if you think I'm wrong keep quiet about it, but I have been putting together a lot of things I've been reading in the newspapers and seeing on television in the last few months about Vietnam and I believe I've figured out something that has escaped President Nixon.

This is not to criticize the President, after all when you've got inflation and Congress on your hands, not to mention two jobs to fill on the Supreme Court, wage and price freezes, the value of the dollar, balance of payment worries, a trip to China and Russia and a daughter with a foot in a cast, there are some things you're bound to overlook.

But as I understand our position for the last ten years through four different Presidents, our sole aim in Vietnam has been to get that country on its feet, politically and economically, so it can go about its business in a normal fashion, the same as any other country.

I believe that situation has now been reached. That country is now as normal as the rest of the world. I'll cite the evidence: (1) It's operating on borrowed money and going deeper in debt all the time.

(2) Inflation is just as bad there as it is anywhere else. (3) Its farmers are the lowest paid group in the country. (4) After the last election, the winner's opponents claimed the election was rigged. (5) The use of dope is widespread. (6) Traffic is just as snarled in Saigon as it is in any city in America, France, etc. (7) Hospital costs are out

of sight. (8) Crime is soaring. And finally (9), and this is the clincher, the overwhelming evidence that South Vietnam is as normal as the rest of the world, its college students are rioting.

I don't know how we did it, but it now looks like South Vietnam is on a level with the rest of the nations of the world and we might as well come on back home.

Yours faithfully,
J. A.

Hospital Notes

Patients receiving treatment at Hudspeth Memorial Hospital during the period from Tuesday, October 25 through Monday, November 1 include the following:
 Ida Hill, Eldorado
 W. O. Alexander, Eldorado
 Kathleen Connell, Rocksprings
 Ed Grobe
 Lilly Garrett
 Margaret McCalmont
 Margaret Schwiening
 Essa Hoover, Eldorado
 Curtis Weant, Ozona
 Robert Wilson
 Louise Saver, Eldorado
 Nell Hollman
 Arturo Flores
 Mary Delrie
 Mae Harris
 Sandra Strickland, San Angelo
 *Patients dismissed during the same period.

CINDY CAVANESS, member of the Junior Class and escorted by Tryon Fields, was named Queen of the 1971 Halloween Carnival Saturday. Termed a success, the carnival netted \$2,692.90. Other candidates and escorts were Kelley Sue Sentell, senior class, escorted by Gene Trainer; Margaret Black, freshman class with escort Lindsey Paul Hicks and the sophomore class was represented by Cora Pope with escort Mark Wilkinson.

Mrs. Campbell Hosts Firemen's Auxiliary

Mrs. James Campbell hosted the Sonora Firemen's Auxiliary October 26 at the Fire Hall.
 A surprise baby shower honoring Mrs. Doug Hill was held and a gift to the out-going president, Mrs. Jack Hite and a gift to Mrs. Campbell, who is moving to San Angelo in the near future, were presented.
 Refreshments were served and 42 and bridge were played. Winning high in 42 was Mrs. James Blackman; low, Mrs. Clarence Cockrell, and 84, Mrs. Louis Olenick.
 Mrs. Pete Thompson was high in bridge play with Mrs. Cash Taylor winning the slam prize. Others in attendance were Mmes. Lester Byer, Luther Creek, Edd Harrell, Vernon Humphreys, Gene West, Bill Radle, Carl Teaff and Ervin Willman.

Cub Scout News

by the Rev. Ray Nations, Cubmaster
 Last Friday the Cub Scouts of Den 4 had an overnight camp-out at Sonora Caverns Camp grounds. When camp had been set up there was a "sack supper" with popcorn party, followed by a "snipe" hunt.
 The night was eventful as one of the boys waked in the wee small hours then waked his mother with the announcement that there was a "snort" in his tent. By the time the "snort" was settled it was about time for breakfast and the planned tour of the Caverns for the boys. The camp-out concluded with lunch and clean up.
 Several boys will have qualified for arrow points and other promotions as a result of this fun expedition.
 Cub Scouts who made the trip were Ronald Berkley, Keith Byer, Lee Burch, David Creek, Corbie DuBose, Ray Franco, Daniel Hernandez, Ben Ingham,

Dennis Jolly, Abel Longoria, and Randy Mounce, Wallace Nations, Cades Pope and David Scoggins.
 Webelos scout Jerry Maurer and Boy Scouts John Creek, Rick Maurer, Scott Maurer and Tom Mounce were along to show the younger boys the ropes.
 Cub Scout parents Messrs. and Mmes. Jack Burch, Topper Maurer, Lester Byer and Mrs. Ray Nations, Mrs. Luther Creek, Mrs. Doug DuBose and Mrs. Buddy Ingham were the adult supervisors.

CARD OF THANKS

We are truly grateful to the good friends who did so much during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship and affection.
 The family of Mike Moore

Becky Tittle Honored

A kitchen gadget and recipe shower was held Saturday morning at the G. H. Davis ranch home honoring Miss Becky Tittle, bride-elect of Bill Glasscock.
 Hosting the event were Mrs. Davis and Mrs. John Tedford. Refreshments were served to the guests who called during the party hours. The brides chosen colors of blue and white were used throughout the house in floral arrangements.
 Serving at the punch bowl and registering guests were Miss Ruthie Wallace, Miss Selma Nell Stubblefield, Mrs. Gene Wallace and Miss Valerie Tedford.

Clouds may be plentiful even when rain is scarce.

Coffee Break

by Shirley Hill

TO THE MANUFACTURER
 Dear Lord,

It is some time since you made the world, and perhaps it's in need of a little attention now, don't you think?
 Our astronauts tell us from outer space we still look fresh and clean and beautiful. But we know, don't we, that from here we look decidedly second-hand. Of course, we're still spinning; there isn't much wrong mechanically, but some of the parts are wearing out, and the air-conditioning is faulty. The water isn't as pure as it might be, and the gardens not doing too well. Also we seem to have lost some of the animals you provided. You gave us good color schemes but it's looking dingy now, and the dirt is quite thick in places.
 We know that it's our fault. After all you left us in charge of maintenance, but we let things go, and now the job is beyond us.
 So Lord, if you could see your way clear to overhaul the machinery, re-seed the garden and replenish the livestock, clean out the reservoirs and renovate the ventilation plant, wash away the grime and finish off with a good respray, maybe we could have another go at running things ourselves, Unless Lord,
 You think that it might be better to start all over again. . . . Without people.
 —Philip Nicholson

The above prayer was submitted to me by Mrs. Dave Locklin and is a reprint from the Christian Weekly magazine.
 —SKH—
 Roger Langford was home

Visiting her mother, Mrs. L. M. Hoover and her uncle, W. O. Alexander of Eldorado, was Miss Mary Hoover of Dallas. Miss Hoover is an air line hostess for Brantiff Airlines.
 Mr. Alexander, who observed his 90th birthday Saturday, and Mrs. Hoover are both patients in the local hospital. Birthday celebrations were made very pleasant indeed reported Mr. Alexander, by Dr. Browne and the nursing staff and other friends and relatives who presented him with flowers, gifts, cards and letters throughout the week.
42FUN CLUB
 The 42 Fun Club met in the home of Mr. and Mrs. S. M. Loeffler Thursday night. Pot plants, given as prizes, and roses decorated the party rooms, and the Halloween theme was carried out. The Loefflers served hors d'ouvers and coffee mousse, along with tea and coffee.
 Attending the party were Messrs. and Mmes. W. O. Crites, Pete Thompson, A. W. Awalt, Tom Nevill, Ervin Willman, Freeman Mears and J. B. Wright. High score was held by Mrs. Crites; ladies bingo prize went to Mrs. Mears and the men's bingo went to Nevill.

The window of the little antique shop is filled with lovely colors, sparkling in the sunlight. They could smash into bits in an instant if one were careless. But this fragile glassware has outlasted the men who made it. We would see that things are more durable than people.
 Things — all things — are the products of men's minds and talents. But they have no will of their own, no feeling. No matter the obvious evidence, it is impossible that objects could outlast man — even if you didn't believe in eternal life.
 Where is the answer? Perhaps you can find out in the church of your choice.

District Make It Yourself With Wool Competition To Be Held In Junction

"Make It Yourself With Wool 1971" fashion competition for district 5 and 6 will be held in Junction, December 4, at the Junction High School, according to Mrs. A. E. Prugel, Home-making teacher of Sonora High School.

Counties included in District 5 and 6 are Bandera, Crockett, Edwards, Gillespie, Kendall, Kerr, Kimble, Kinney, Mason, McCulloch, Menard, Real, Schleicher, Sutton and Val Verde.

Garments must be made of 100% American loomed wool. For the first time, this year knitted garments of 100% wool thread are eligible for competition.

The competition is open to everyone except professionals in the field of home economics, fashion and sewing or knitting; and American Sheep Producers Council employees and members of their families.

Garments will be judged in four age groups. Adults, over 21, seniors, 17-21; juniors, 14-16 and sub-debs, 10-13. Sub-debs compete only at district level. Adult competition goes to the state level and winners in the junior and senior divisions are eligible for state and National competition. The top prize in National competition in both the junior and senior division will be a European trip.

The purpose of "Make It Yourself With Wool" is to focus attention on the beauty and versatility of American wool; to encourage girls to use this incomparable fabric or yarn in sewing or knitting their own fashionable garments and to offer young experts the opportunity to compete for valuable prizes. Another purpose of the competition is for contestants to win recognition for sewing or knitting skills, a spokesman said.

Girls and women interested in entering may secure entry blanks from Mrs. Celeste T. Prugel, or by writing Mrs. R. P. James, Junction, District 5 and 6 director.

 Sutton County, Texas

SONORA BRONCOS GENE TRAINER (74), Frank Taylor (73), Tryon Fields (30) and Milton Noel (32) with their teammates used a strong team effort both offensively and defensively to go over the Mason Punchers by a score of 27-13 to chalk up their eighth win of the season.

Captains for Fridays game with Mason were Taylor, Noel and Richard Bernal, who won the toss and elected to receive. The slightly warm, but clear weather provided ideal conditions for traveling fans who attended the game at the Puncher Stadium.

Teen Scene

The girls' basketball season began this week with the A and B teams playing Comstock there Tuesday night. They will play Christoval here on Tuesday, November 9, beginning at 6:30. Everyone turn out to support them as they begin their new season.

Band members of the week are Maura Hernandez and Jimmy Weston.

The 7th, 8th and Junior Varsity teams played Big Lake last week, with our 7th and 8th grades both being topped 22 to 0, and our Junior Varsity winning by a score of 26 to 13.

They will play the Eldorado Eagles here this Thursday with the Junior High game beginning at 5 and the 'B' team at 6:30.

Mr. James Buchanan will be taking a group of 24 speech and drama students to Odessa this Saturday for their first tournament this year. They will be competing in a number of areas including Duet Acting, Prose and Poetry Interpretation, Persuasive and Informative Speaking, and Oration and will represent Sonora in competition against students from class A to 4-A schools.

The mighty Broncos once again succeeded in proving who is the best in a great victory of 27 to 13 over Mason last Friday. It represented a fantastic effort on the part of the student body, band, cheerleaders and fans, and one of the finest team efforts overall, offensively and defensively.

Wildlife Notes

by E. B. Keng, SCS Technician

With the hunting season near at hand, let's consider a few more interesting facts about wildlife.

A bull elk weighs from 700 to 1,000 pounds and stands as high as five feet at the shoulder.

The home range of a male mink is five miles in diameter, while the female confines herself to a range of approximately 20 acres.

A hungry owl, if given the opportunity, will consume its weight in food during a 24-hour period.

The fisher cat, natural enemy of the porcupine, avoids the latter's quill-studded defense by burrowing up through the snow and attacking its victim from below, where there are no quills.

Five million eggs insure the survival of but two mature cod fish.

The male sandpiper leads a miserable life—the role of dominance usually enjoyed by males in the animal and bird kingdom is relegated to the female. She wears the bright plumage and is the aggressive partner in courtship. He builds the nest and incubates the eggs.

The dragonfly, living as an underwater nymph, dines chiefly on mosquito wrigglers or larva. It continues its diet as a winged adult, consuming thousands of mosquitos on the wing.

A baby brine shrimp has only one eye and one main set of legs, whereas the adult has two stalked compound eyes and 11 pairs of swimming legs.

Insect-eating birds have a special membrane on the retina of the eye to enable them to see the smallest of flying bugs as well as we can see a man walking.

The above wildlife notes were taken from Utah Science, a publication of Utah State University.

Excellent Conditions Remain For Continued Screwworm Build-Up

Seven cases of screwworms have been confirmed in Sutton County during the past months and conditions remain excellent for the continued buildup of screwworms.

V.F.W. Sponsors Turkey Shoot

The V. F. W. has announced that it will sponsor a turkey shoot November 21. The shoot will be held on the Davis ranch, two miles from town off the San Angelo highway.

All "would-be top guns" are invited to come out and prove their claim and take home a turkey for Thanksgiving, according to Alan Saunders, commander of the local V. F. W. Post.

A ticket will be drawn to determine the winner of a Winchester 270 caliber rifle with a Weaver 3X9 scope that is being given away for the Post. Saunders said proceeds will be used for community and youth projects of the Post. Additional information in regards to the turkey shoot may be obtained from Saunders.

Users Of Marijuana Feel Differently Than They Think

ARLINGTON, Texas (Spl.)—What users of marijuana actually feel under the influence of the drug appears to differ sharply from what they think they feel, reports a sociologist at The University of Texas at Arlington.

Dr. Jess Lord, associate professor of sociology, formed that conclusion from research for his recently published book "Marijuana and Personality Change."

He noted marijuana users generally define their experiences as pleasurable, yet psychological tests on subjects under the influence of the drug did not bear out that contention.

"That was one thing that kept coming out," Dr. Lord said in an interview. "The experience really isn't like people who use it (marijuana) report it to be. The experience isn't like the user thinks it is, like they define it—I'm convinced of that."

Seeming Paradox

He believes the apparent deception isn't conscious or deliberate and "bears a lot more investigation," but he can offer little explanation for the seeming paradox.

The UT Arlington professor also emerged from his research with two other conclusions, that marijuana and its effects on users need much more study and that the drug is apparently more dangerous than he previously believed.

"America has defined marijuana as a serious drug problem, we treat it as a serious drug problem, and yet we've done almost nothing in empirical research on the subject since the 1930's," he points out.

Dr. Lord says he entered his study with 13 hypotheses concerning the effects of marijuana "and of the 13, eight were soundly refuted—this indicates our literature relating to marijuana is very poor."

On possible harmful effects, he adds:

"As I went through research, I became more and more impressed with the damaging aspects of marijuana. My impression of the drug shifted, believing it to be more dangerous than I had thought originally."

Long-Term Issue?

He questions whether marijuana will persist as a long-term issue, but does foresee continued problems for modern society with some form of drugs.

Dr. Lord says: "I'm not at all convinced marijuana is here to stay, that it's not a fad like clothes, speech or hair styles. We had a spurge of it in the '30's—particularly among groups such as jazz musicians—but it died out and now here it is again."

"It's really a marijuana cult which has developed and spread, primarily among the middle class, and it may fade out."

But he anticipates some forms of drug problems in the future.

"We're so drug conscious," he says of modern society. "Every pain, every depression that comes along, we don't accept it as normal, and we treat it with chemistry."

Through a grant from The University of Tulsa, Dr. Lord launched research for his book two and one-half years ago, supervising extensive testing of 37 marijuana users, both male and female, ranging in age from 17 to 23.

Slightly over half the subjects were from the Dallas-Fort Worth area, the others from points in Oklahoma. Actual location and testing of the subjects was done by three student researchers trained by Dr. Lord, and identity of some of the drug users remains unknown to him even now.

"In no case did I encourage the use of marijuana," he stresses.

Standard Test

The research sought to determine the short-term

effects on personality of marijuana use. A standard psychological test was administered while the subject was sober, then the same test was given again while the subject was under the influence of the drug.

The results were evaluated and compared with tests of a control group of non-users of drugs in the same age bracket. The tests contained built-in scales to prevent manipulation of answers and several were discarded because of this, Dr. Lord says.

Even while not under the influence of marijuana, the 37 test subjects showed indications of having personality problems.

"As a group, they were poorly adjusted," Dr. Lord says. "They were considerably more maladjusted than the 'normal' college-age group."

He obtained "very definite reactions" from the test subjects in five broad areas—contact with reality, overt anxiety, social adjustment, excitement and personal adequacy.

He found that as the amount of marijuana smoked increased, the level of undesirable response rose accordingly. He also determined that females tended to show a higher level of negative reaction than did males who as a group were more strongly influenced by the drug than were the females.

Separating the test subjects into age groups of 17-19 and 20-23, Dr. Lord found a significant reaction difference in only one area, contact with reality. The younger group showed a higher break with reality.

He also discovered that many of the test subjects used alcohol excessively in addition to the smoking of marijuana.

Dr. Lord stresses that a great deal about marijuana use remains unknown and utilizes the final chapter of his book to pose unanswered questions. "And there are many of

them," he said in suggesting research areas. Asked how he would react to a member of his immediate family using marijuana, Dr. Lord replied:

"In my opinion, they'd be better off without it, but I can think of some things I'd be more horrified at their doing. For example, the use of other drugs such as amphetamines or heroin. I would caution of the severity of the risk in terms of the law, and I certainly wouldn't recommend the use of marijuana to anyone because I believe its overall effects to be dangerous, but I wouldn't come unglued if my son used it."

"Alcohol and tobacco appear more addictive and probably many fewer people will be killed by marijuana than either by cigarettes or alcohol. But the use of tobacco and alcohol have become institutionalized in America, and we do not become as emotional about their dangers as we do about marijuana. All three drugs have their positive as well as negative effects but, in my opinion, their detrimental aspects far outweigh any benefits derived from their use."

Senior Class Clears \$729.93 Magazine Sales

Senior class members cleared \$729.93 on magazine sales which the class sponsored recently.

One of the class sponsors said the seniors thank the townspeople for their support. "If you ordered a magazine and you have not received an issue by January 1, please notify Mrs. J. D. Cook at the High School office," the seniors advise.

Social Security Announces Changes Under Medicare For 1971 Deductible

Beginning in January, an older person who goes to the hospital under Medicare will be responsible for the first \$68 of his hospital bill—now running about \$800 for the average stay by a Medicare beneficiary. The present hospital deductible is \$60 and will remain in effect for all Medicare hospital admissions during the remainder of this year.

In announcing the 1972 deductible, Secretary of Health, Education and Welfare, Elliott L. Richardson, explained that since hospital costs in calendar year 1970 rose substantially, he is compelled under the law to set a new deductible to become effective next January. The law provides a specific formula for computing the amount of

any adjustment in the deductible he said, and also requires that notice of the upcoming deductible amount be promulgated on or before October 1.

"The action I was required to take today," Secretary Richardson said, "further emphasizes the urgency of action to put a brake on hospital cost escalation." He urged early enactment of H.R. 1, the welfare reform bill now pending before Congress, which includes provisions aimed at controlling health care costs, not just for the Medicare and Medicaid programs but for all consumers.

In addition, he urged early action on the Administration's health program, including its National Health Insurance Partnership Act and Health Maintenance Organization

Assistance Act, which also aim at controlling health care costs. "The general problem of the rising costs of health care," Secretary Richardson said, "is of great concern to the Administration. The rising costs of last year which compelled the action I am taking today illustrates the enormous importance of slowing the rise in health care costs." He added that "policies designed to curb these rising costs are being addressed in connection with the design of Phase II of the Administration's wage-price stabilization efforts."

With respect to today's announcement, Secretary Richardson said the hospital deductible amount is intended to make the Medicare beneficiary responsible for expenses equivalent to the average cost of one day of hospital care. Under the formula in the law, the new hospital deductible is based on the ratio between hospital costs in the previous year (1970) and costs in 1966, the first year of Medicare operation. That ratio is then multiplied by \$40 and the result rounded to the nearest \$4. The result is an increase from \$60 to \$68.

Secretary Richardson said that when the hospital deductible amount changes next year, the law requires that comparable changes be made in the dollar amounts a Medicare beneficiary pays toward a hospital stay of more than 60 days, or a post-hospital extended care stay of more than 20 days. When a Medicare beneficiary has a hospital stay of more than 60 days, he will pay \$17 a day for the 61st through the 90th day, up from the present \$15 a day. If he has a posthospital stay of over 20 days in an extended care facility, he will pay \$8.50 per day toward the cost of the 21st day through the 100th day, up from the present \$7.50 per day. If he needs to draw on his "lifetime reserve", the reserve of hospital days a beneficiary can draw upon if he ever needs more than 90 days of hospital care in the same benefit period he will pay \$34 for each day used, instead of the present \$30 per day.

For more information, contact the Social Security office at 3000 West Harris Avenue (P.O. Box 3808) San Angelo, or see the representative when he is in your area. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

BEN PEREZ, a native Sonoran and son of Mr. and Mrs. Louis Perez, is serving as counselor at Lake View High School, after completing degree work at Angelo State University. Termed an administrative aide, Perez says he enjoys teaching in the Lake View school. The Spanish major and P. E. minor lists outdoor sports, football, basketball and golf at the top of his "favorites" agenda to the Lake View reporter, who interviewed him recently for a write up in the school newspaper.

In-Depth Field Training Testing To Be Available To Sutton Producers

Livestock producers in Sutton County who are interested in actual in-depth field training in artificial insemination and pregnancy determination are encouraged to register now for one of the seven clinics being sponsored by the Texas Agricultural Extension Service and the American Breeders Service.

The clinics are scheduled as follows: San Angelo, Nov. 9-12; Athens, Nov. 15-18; Sealy, Nov. 15-18; Mercedes, Dec. 13-16; Waco, Mar. 13-16, 1972; Tyler, April 17-20, 1972; Brenham, June 12-15.

According to County Agricultural Agent D. C. Langford, the clinics offer detailed information on management of the breeding herd covering nutrition, disease prevention, selection and records in addition to training in artificial insemination and pregnancy determination. Participants receive a comprehensive manual on AI and numerous Extension publi-

cations and papers on breeding and herd management.

A certificate of certification is awarded to each student at the completion of the four-day clinic, adds Langford.

Registration fee for the AI course is \$125 while the training in pregnancy determination is an additional \$100. Registration is limited to about 30 at each of the seven clinics. For advance registration contact John Quinn, Rt. 2, Box 250, La Grange 78945 (713/249-3033) or Jimmie Travis, P.O. Box 232, Weatherford 76086 (817/594-7020). Additional information is also available at the county agent's office.

Junior Varsity Beats Big Lake

by LARRY CADE

The Junior Varsity man-handled the Big Lake Owls Thursday night by a score of 26-13. The Broncos got their revenge. The first time Sonora played Big Lake, Big Lake won 6-0. The Broncos came back this time to soundly whip them 26-13.

Alan Harris, Gabe Espinosa, Juan Perez and Larry Cade scored for the Broncos. Big Lake managed two TDs.

Playing superb defense were Bill Mitchell, Jessie Guitierrez, Mike Scoggins, David Wallace and Sergio Guitierrez.

The Junior Varsity plays their last game tonight (Thursday) against Eldorado.

SENIOR CLASS MEMBERS received \$916.01 at the concession stand Saturday night largely through the efforts of hard work donated by their parents in making the food available for the seniors to sell. These mothers prepared tamales, while others furnished pies, as well as other baked goods. Parents cooked ham-

burgers and worked in the stand assisted by sponsors. Seniors said they wish to express their appreciation to their parents for all the time and planning that went into the successful operation of the stand. "We realize more and more how important you are to us", they added.

Band News

Sandwiches for the 8th grade and 'B' team games Thursday will be donated by the Means, Villarreal, Solises and Sykeses. The first game starts at 5 p.m.

The Rev. and Mrs. John Weston are chairmen for the Friday night game with Eldorado. Boosters working with them will be Mr. and Mrs. Oliver Wuest, Mr. and Mrs. Miguel Lumberas, Mr. and Mrs. Jamie Parker, Mr. and Mrs. Jesus Noriega, Jr., Mr. and Mrs. Richard

BILL TRAINERS VISIT
Mr. and Mrs. Bill Trainer and children, Gayle, Bill, Jr. and Chris are visiting with Mr. and Mrs. Jack Trainer and Gene this week. The Trainers have just returned from Sao Paulo, Brazil, where they have been for the past year.

Perez, Mr. and Mrs. B. W. Ramos, Mr. and Mrs. Quill Childs and Mrs. Santos Hernandez.

Sandwiches are being donated by the Parkers, Perez, Childs and Wuests. Cupcakes will be donated by the Ramos, Lumberas and Noriegas.

This has been another success-

ful year for the concession stand since every parent has been so willing to do his or her share. With that loyalty and spirit you can't lose. Our special thanks to Mr. and Mrs. John Butterfield and the band students who have been so faithful in working Thursday nights.

Get dishes really clean with an automatic dishwasher

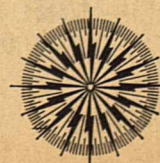

With an electric dishwasher, you get cleaner dishes.

• Here's why: A dishwasher uses water heated to 140 to 160 degrees... hotter than your hands can stand. Automatic dishwashers use special, high-strength detergents... stronger than the mild powders or liquids used in sink dishwashing. What's more, a dishwasher dries with clean, heated air,

not a dirty dishtowel. Dishwashers do a better job of removing stains, grease, food and bacteria. They get dishes really clean.

• A dishwasher does all this and saves you time, too—probably an hour a day or more. This is time that you can spend on other things.

• Think about it... wouldn't you rather buy a dishwasher than be one?
