School Trustees Discuss Sale Of Lots, Buildings

Members of the Board of Trustees met Monday night at 7 with visitors Mrs. Warren Hemphill, Mayor Norman Roussetol, City Manager Alex Binford and members of the advisory committee, Pete Gomez, Ernest Castro and Alex Gonzalez present.

A number of decisions faced board members in the three-hour session with the disposition of the former L. W. Elliott school one of the major issues on the agenda. Upon motion by board member R.S. Teaff

it was agreed to offer the school and land to a firm that has expressed interest in purchasing it for sometime.

In other school affairs the following action was taken:
—Bills payable in the amount of \$9,393.10 were approved for payment.

—Terms of board members Teaff, place 1 and George Wallace, place 2, expire this year. Trustees election was called for Saturday, April 1, with Jerry Johnson, appointed election judge. Clerks will be

designated and approved by the board at a later date.

—The purchase of a new 48-passenger bus was approved to replace the bus now being used on route two.
—Rodney Davis was approved for full-time employment and he will teach American History, English II and Physical Education classes in the high school.

—The school's policy in regards to overnight trips for high school students in connection with various activities within the school was discussed. The board approved the speech department's travel to Highland Park school at Dallas, and the overnight trip for 12 students. James Buchanan, speech director will accompany the students.

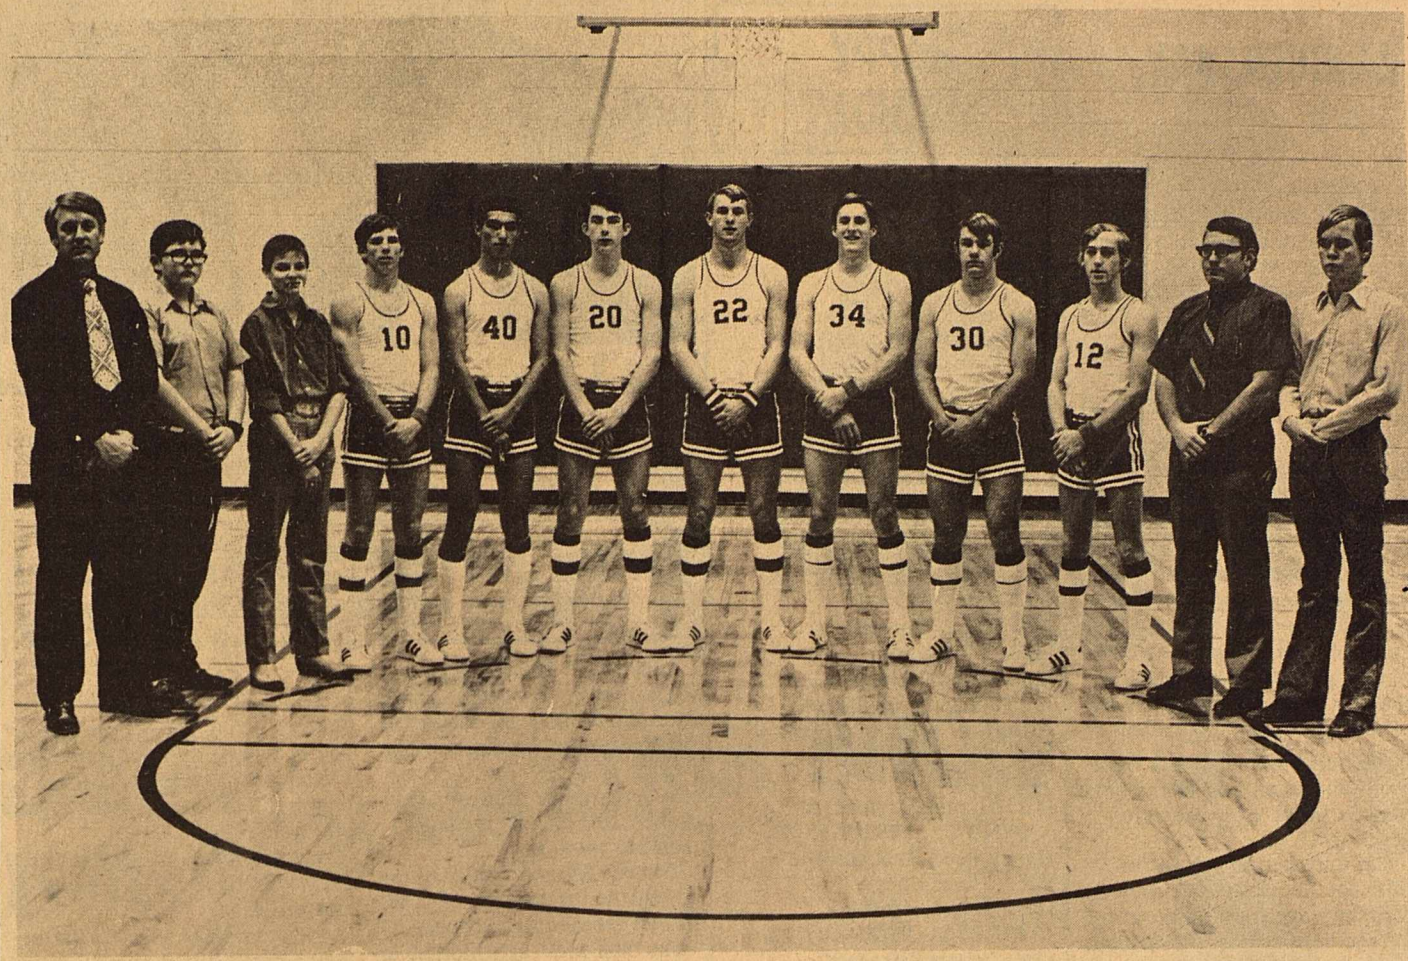

—Contracts of the three principals, James Pollard, Clay Cade and Bill Gosney were extended for a one year period. Contract of the band director, John Butterfield, was also extended. The contract for coaches in the athletic department had previously been approved.

—The board voted an across the board 5% pay raise for all non-professional personnel within the school system, effective February 1. They also approved retroactive pay increases for teachers.
—Resignation of Wayne Shaw, Bronco line coach, was accepted.

—Voted to convert \$17,600 transfer from Interest and Savings to Certificate of Deposit for 90 days. The transfer of \$50,000 Local Maintenance funds were approved for transfer to Certificate of Deposit for a period of 90 days also.

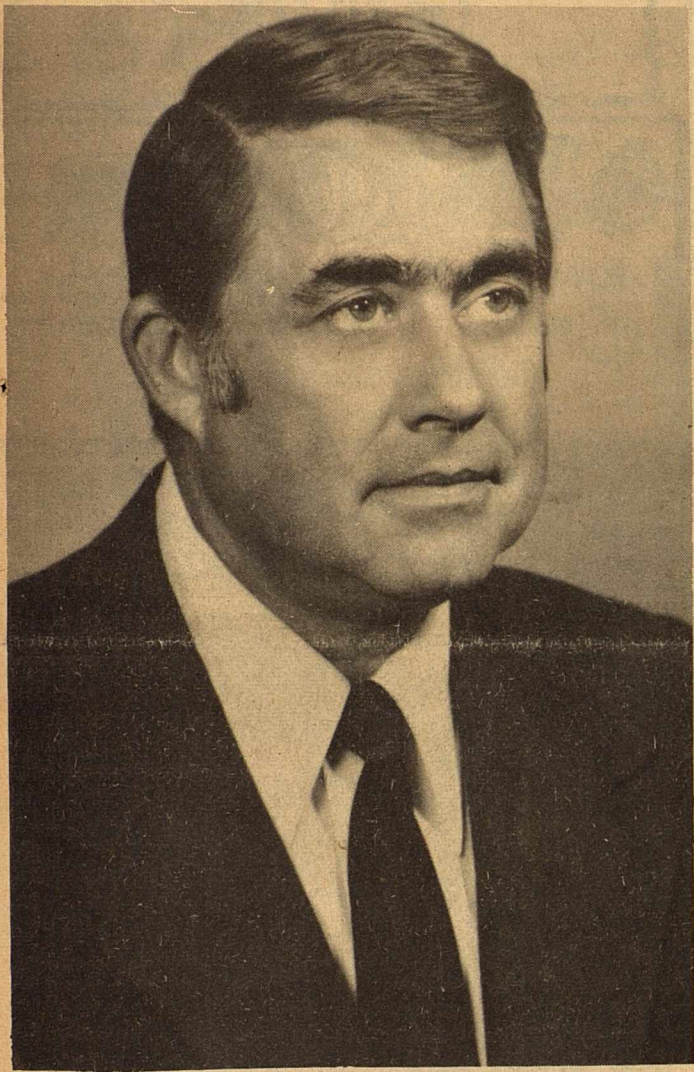

—Opening of school for the 1972-73 school year was tentatively set August 21, with teacher inservice days scheduled August 16, 17 and 18.

—Board policy changes were discussed in regards to retirement for personnel, but the action was tabled until the next meeting.

COACH JERRY PHILLIPS and COACH JERRY HORN completed the current basketball season with a win against the Menard Yellowjackets. The high school varsity team is shown here with Phillips, trainers Roy Allen Adkins and Jerry Johns, and players Paul Browne, Freddy Virgen, Randy Hill, Bruce Kerbow, Wesley

Richardson, Tryon Fields, Mark Rousselot, Coach Horn and trainer Johnny Humphreys. Basketball season was of short duration for the Broncos after a long football season that extended into mid-December.

DIXON MAHON

Mahon Announces For District Attorney

District Attorney Dixon Mahon has authorized The Devil's River News to announce his candidacy for re-election in the 112th Judicial District. Mahon, district attorney since 1962, was County Attorney of Crockett

County for several years prior to that. The Mahons make their home in Ozona, and have two grown children. He is a World War II veteran.

With the degree of Doctor of Jurisprudence from the University of Houston College of Law, he is also a graduate of the National College of District Attorneys. He is a member of the Trans-Pecos, the State, American and Inter-American Bar Associations. He is licensed to practice before the all State courts, the federal District Courts and the Supreme Court of the United States. He is an active instructor of law enforcement officers in the State Certification Schools. In an-

Bill Savell Seeks School Board Spot Place One

Seeking place one in the coming School Board election, will be lifetime resident, Bill Savell. Savell, a 1952 graduate of Sonora High School, and a 1956 graduate of Baylor University at Waco, is the son of the late Miers Savell and Mrs. Miers Savell.

He and his wife, the former Barbara Bishop, have three sons, Chip, Cody and Scott. A member of the First Baptist Church, he is engaged in ranching.

In announcing his intention to run in the April 1 election, Savell commented:

"Since it would be impossible to visit with each one of you, I take this opportunity to ask for your support in the upcoming election.

"If I am elected, I will work toward two basic goals:

(1) I will do my best to see that each child has an equal opportunity in school to further his education to the highest degree possible. I believe every child deserves this opportunity.

(2) I will work to see that we receive a dollars value for every dollar spent by our school system. I believe our taxpayers deserve this consideration.

"I would appreciate the opportunity to serve on our Board of Trustees, and I would sincerely appreciate your support and your vote."

Two Candidates File For School Trustee Posts

At the Monday meeting of school trustees, a special meeting has been called March 6 at 4 p.m. in order to draw placing of names of persons announcing for the school board election to be held April 1.

Candidates for the board election have until March 1, 1972, at 4 p.m. to file. Candidates file at the office of the superintendent.

Superintendent of schools Ken McAllister said two persons filed Tuesday—Bill Savell for place 1 and James T. Hunt for place 2, in the coming school trustee election. Incumbents R.S. Teaff, place 1, and George Wallace, place 2, have declined to seek re-election.

Wallace, in announcing his decision said, "I want to thank the people of Sutton County for their support during the past seven years I have served on the board of trustees. I feel that we do have a fine school system and an equally fine board. I have enjoyed serving on this board with the other members, and will continue to lend my support to the betterment of our school system."

Teaff, serving as a member of Sonora school board for 18 years made the following statement in connection with his decision not to be a candidate in this year's school board election:

"For the past 18 years I have found personal satisfaction in serving the children of this community to the best of my ability. But I've always believed parents of children within the school system should be the ones on the School Board. My youngest child graduated last May, so I will not be a candidate for re-election this year. Thank you again for your support in the past."

James T. Hunt Seeks Place 2 Board Of Trustees

James T. Hunt, local ranchman and businessman, has announced his candidacy for place two in the April 1 school trustee election.

Hunt grew up in Sonora and graduated from Sonora High School as valedictorian of the 1949 graduating class. He graduated from the University of Texas at Austin with a degree in Arts and Sciences, and attended the University of Texas law school for a year before entering the Army for a two-year period.

He has continued his interest in education by serving on the Arts and Sciences Advisory Committee, which is a division of the University of Texas Development Board. He is now engaged in the ranching business in Sonora where he is a partner in Morgan and Hunt Insurance, owner of the Sonora Abstract Company and president of Stockmen's Feed Company.

Hunt is married to the former Linda Link of Westaco, and they have two children, Hillary, 10-years-old and Bryan Link, who is eight.

In announcing his candidacy, Hunt said, "I am vitally interested and concerned with our school system and all of our children having the best possible education.

"I pledge that if elected I will diligently study every situation and make my decisions first on the basis of what is in my opinion is best for all the children and second to wisely use the taxpayers money.

"I feel that the most important thing a community does is educate their children and that we have only one chance in the children's formative years to do this. It is essential that we provide an atmosphere that is conducive to learning.

"With these views in mind I earnestly solicit your support."

Mothers' March Termed Successful

Chairman of the March of Dimes drive in this county, Smith Neal said the campaign drive for funds this year was exceptionally good. A total of \$906.86, had been received Monday, with \$577.17 of this amount collected in the Mothers' March.

Neal said that a great deal of credit is due Mrs. Clint Langford for her work as chairman of the drive and to Mrs. Bill Johns, who addressed envelopes and served as treasurer. He also expressed his appreciation to the mothers who marched, noting that very cold weather prevailed the day of the march.

City Officers Election Set

Several issues were discussed at a lengthy meeting of the city commission Monday, chief of which was the order for City officers election. Incumbents are W. B. McMillan and Walter Pope III, city commissioners, and Norman Rousselot, mayor. None of the incumbents had filed as of Monday, however, Mrs. T.K. Nevill, a former city commissioner, announced her candidacy and filed for the office of city commissioner.

The election will be held April 1, and filing deadline for the city officers election is February 29, according to City Secretary, Mrs. James L. Robbins.

In other city business... The financial statement of the Sonora Golf Club was submitted to the commission, noting that the club has been keeping utility bills current and paying \$10 monthly on delinquent account. On motion by Commissioner Pope, it was agreed to ask the club to accelerate these payments in order to more rapidly decrease the delinquent amount.

Darcy Carroll, fire chief, met with the commission to request that the city continue contributing \$150 yearly to the Firemen pension fund. The motion was made and the amount approved for the year 1972.

City manager Alex Binford was approved as the electrical and building inspector.

A check from Ballinger Salvage Company in the amount of \$2,520.51 was received for scrap iron and metal the city sold to the company recently. This was for scrap material no longer useable and was sold in an effort to enhance the appearance of the municipal power plant.

City manager Binford reported that delinquent utility accounts dropped from November to January in the amount of \$5,646.56. November arrears amounted to \$29,590.62, and were reduced to \$23,944.06 as of January 31.

Some discussion was held with Ken McAllister, superintendent of schools, in regards to property the school plans to sell in the vicinity of the closed L. W. Elliott school.

Commissioners discussed sick leave pay for city employees. City manager Binford was asked to submit a proposal to the city commission at the next meeting in regards to adopting a different or new method relating to leave of absences.

The commission voted approval of local electricians installing 220-volt wiring that may be required by city customers in their homes.

In a meeting with Charles Rainey of Rainey Appraisal Service of San Angelo, Rainey submitted maps and stated his ideas in regards to possible value of the remainder of city-owned land adjacent to IH10. Rainey's services were sought by the commission as they felt the need of expert opinion in regards to land values on the remaining sites available for future development of the area.

Local 4-H'ers Win Places At San Antonio Show

Sutton County 4-H member Larry Finklea placed first and third in the Angora Buck Kid division at the San Antonio Livestock Exposition show Monday. Finklea also won the Reserve Champion Angora Buck award. His brother, Bill Finklea, placed 5th in the Angora Buck Kid show.

Another 4-H member, Susan Schwiening, placed second with her Angora doe kids, and 4th place in the Angora doe division, two to four-tooth.

Mrs. Tom Nevill Seeks City Office As Commissioner

Mrs. Tom (Dee) Nevill Monday announced her candidacy for city commissioner in the coming April election. In filing, Mrs. Nevill said that she was vitally interested in her community and its growth and progress, and felt that she could best serve it by participating in the city government.

Public interest is usually lowered when there is no competition among office seekers, she said, "If nothing else, I hope my entrance into the campaign will get people to vote."

Born in Edwards County, a daughter of the late Mr. and Mrs. Fred Trauner, Mrs. Nevill has spent all her life in West Texas and worked with the public for 35 years. As well as being a former Sonora businesswoman when she operated Sonora Floral and Western Union, she has worked for local, state and federal agencies, including AAA, county agent, selective service and in the county clerk's office. She was deputy clerk under F.L. McKinney when he was Sutton County Clerk.

She is presently employed by The Devil's River News as editor of the newspaper and is church secretary at First United Methodist Church. Mrs. Nevill was elected as Sonora's first woman commissioner to the city post in 1968, resigning in September 1969 when she temporarily moved from Sutton County.

Mr. and Mrs. Nevill have two children, Bob of Arlington, and John of Eastland. Her husband is a carpenter.

In again seeking the office as city commissioner she said, "I will do my part to continue to develop good local government and respectfully ask your support in the coming election."

Final Rites Held For Jesse Marin Accident Victim

Services for Mr. Jesse Rangel Marin, 28, were held at 10:30 a.m. February 10, at St. Ann's Catholic Church with burial in Sonora Cemetery. Ratliff-Kerbow Funeral Home directed the services and the Rev. Michael Fernandez officiated at the church.

Mr. Marin died about 11:40 p.m. Monday in Edwards County Memorial Hospital in Rocksprings following a traffic accident early Monday.

The accident occurred about 20 miles south of Rocksprings on Texas 55 in Edwards County, according to a Department of Public Safety spokesman.

The truck-tractor Mr. Marin was driving ran off the roadway on the left, went down an embankment and overturned. He was thrown from the truck. He was employed by the Carl J. Cahill, Inc. firm.

He was born July 15, 1943 in Floresville and came here about 10 years ago. He was married to Natalie Ortega September 3, 1968 at Lovington, New Mexico.

Survivors include his wife; his parents, Mr. and Mrs. Manuel Marin of Lubbock, six brothers and five sisters.

JOE LOGAN, PIONEER SUTTON COUNTIAN, presented this spinning wheel to the Miers Home Museum last week. It belonged to his mother, the late Mrs. G.W. Logan, who was born in Louisiana in 1853. She came to Texas when she was 16-years-old. This spinning wheel was made by Bill Collier of Roosevelt in 1898. It was made from wood gathered from the Llano River bottom and was entirely hand-

made. Mrs. Logan spun mohair and made girls which sold for 50¢ each or \$5 per dozen. She also spun cotton and wool for knitting yarn for socks. At the time he presented the spinning wheel to the Museum, Mr. Logan also gave the Museum a slate and pencil estimated to be 126 years old. The slate was a gift to his father from an aunt, when the late Mr. G.W. Logan was a small child.

BOY SCOUTS' ANNIVERSARY

The anniversary of the founding of the Boy Scouts of America fell February 8, and this February the Scouting organization was 62 years young. The nation has good reason to cherish its Boy Scouts as never before.

As they pursue their anniversary observation, adults will be reminded that such things as self-reliance and good citizenship remain very much in vogue where it counts most—amidst a major segment of the youth into whose hands the reins of community leadership and business will fall a few years hence.

One of the most important aspects of Scouting is an appreciation of the outdoors and of learning to live with the most rudimentary tools of survival.

Under the patient guidance of volunteer Scout leaders, young boys from every walk of life comes to that amphitheater of nature where all are equal—the Boy Scout camp. They return a little wiser, a little more humble and with a little more understanding of the great land in which they are privileged to live.

The entire nation benefits from the Scouting experience, thus the entire nation should extend best wishes to the Scouts on their 62nd birthday.

Locally, we salute all those men in the past who have devoted so much of their time willingly to the cause of Scouting. Present Scout leaders include Bob McWilliams, Jim Garrett, Luther Creek, Virgil Mauer, as well as a number of other men who work with the Cub Scouts.

For men like these, we are indeed grateful.

THE LAND

THE LAND is one of man's most valuable assets—we think it is prime collateral. In the past 54 years the Federal Land Bank of Houston has made almost 200,000 loans on Texas farms and ranches.

In other words, we specialize in making farm and ranch real estate loans—long term loans with prepayment privileges.

PHILOSOPHER SEZ... He Wants Consumer Amendment Added To Proposed New Value-Added Tax

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River comes up with a counter tax proposal this week. Its success seems dim.

Dear editor:
As I understand it, Washington, faced, like you and me, with the problem of having more demands for money than it has, is considering a new kind of tax called the Value-Added Tax.

The way it works, I've been told, is that every time a product is improved, from the iron ore stage through the steel process through manufacturing to the finished automobile or tractor or whatnot, a Value-Added tax is imposed.

When a steel company turns ore into steel it has increased its value so that that point a tax is assessed. The company pays the tax but adds the amount to the price of steel. When the steel is forged into a knife or a car bumper, naturally its value has increased so another tax is assessed there, which that manufacturer pays and then ups his price by that much, and so it goes, every step being taxed and added to the cost of the finished product, which by then is carrying a pretty heavy load which is paid in the end by the consumer.

This is being heralded as a new source of tax revenue, which in political phraseology means a new way of getting at the same old source, you and me and the rest of us.

Now understand I don't object to this tax, anymore than I object to any other tax, and after all land and other property can stand just so much tax and that point has already been reached and passed in most places, but the consumer ought to be entitled to some small break in this new tax proposal.

A Bishop Looks At Life What About Suicide?

By Everett H. Jones Retired Bishop of the EPISCOPAL CHURCH

A few nights ago I was called to the telephone in my home. A man's voice said to me: "I would rather not identify myself, but I have a question to ask you. Will God forgive me if I commit suicide?"

After saying a quick silent prayer for guidance, I said to him: "Let me answer you in this way: I believe there is nothing we can do that will completely and finally separate us from God's love. We may disappoint Him; we may dare to make decisions that belong to Him alone; we may be ungrateful for the gift of life—but in spite of all that we do He does not give up on us. We suffer for our foolish actions, but this is not so much His punishment of ourselves caused by our disobedience of His law."

I went on to say that I could tell he was born between his emotions and his reason. His mind told him not to give up, but emotionally he was so full of depression and despair that suicide seemed the only way out. I reminded him that our emotions come and go, and that they must be checked by the mind God gave us to use.

I assured him that almost everyone, at some time in his life, has thoughts of self-destruction. And almost everyone is later thankful he did not act on this impulse. I urged him to talk out his problems with a concerned friend or minister, and I hope he has done so. I further assured him that God never gives us a burden to bear without giving us the strength to bear it. Often it takes time to discover this.

A friend of mine has an answer for this problem that is at once light-hearted and at the same time very profound. He was asked if he had ever considered committing suicide. He replied: "Yes, I have, but then I remembered I was not on that committee."

When does a baby start to think?

Nobody knows, but thoughts come by association. Baby eagerly responds to the sight of a bottle. Experience proves that the bottle offers both satisfaction and comfort.

Because baby does learn by association, it is important that parents expand their children's horizons. A very small child will respond to a simple prayer. And a child of three will enjoy attending Church School geared for youngsters of that age.

Religious instruction and guidance is not only for the mature — it is needed regularly by everyone. The spiritual life of your child needs constant cultivation and the mind needs day by day development.

Our incredible journey 5 1/2 miles beneath the surface of the earth.

We're going deep, deep, deep into the earth. 28,000 feet beneath the surface. We're drilling a 5 1/2-mile-deep well at the Anadarko Basin in Oklahoma. We are pioneers in drilling for gas at this great depth. This well is just part of our continuing search for natural gas. We're continuing our

search even though we already have an adequate supply to meet our customers' needs. We know we have a responsibility to look after the needs of the next generation.

What does this mean to you? It means you'll have adequate gas energy for all your needs. It means we'll be able to operate at peak efficiency and keep your gas service reasonable. And we'll be able to support the growth of our

service area. This will mean more jobs and more money. And a better life for all of us. You might say we're going to great depths to stretch your dollar.

Mahon From Page 1

nouncing his re-election bid, Mahon issued the following statement:

"First, while I am reluctant to answer the politically motivated nature of my opponent's candidacy announcement (it seems once you start there is no end), some of you have urged me to address myself to his statement and I have accepted your judgment.

Obviously because of the volume of cases handled over the years, I can't spend the campaign time going back to the records to explain them. But in the informative spirit of correcting some inaccurate information, I'll go over the matters to which reference may have been made.

My opponent seems to exhibit a lack of knowledge of criminal procedure as practiced in the United States (and Sutton County). It is the court, the judge or the jury, not the prosecutor who sets sentences in criminal cases. For instance, a case my opponent recently held out as a norm may be the Pecos County case of the State v Harper where the defendant stole a television worth more than \$50. This is a felony not a "petty" theft.

Where he might have otherwise received a minimal sentence, a jury convicted him and he received 10 years because his two prior trips to the pen demonstrated that he hadn't learned his lessons very well. Mr. Prock represented him in the trial. Perhaps he wasn't very happy.

Incidentally, this ten year sentence was later reduced at the request of the Court after a favorable report by the parole board. Going on down his announcement, no suspended sentence has been given in this state since 1965 when the law was repealed so that all interlocutory sentences are now supervised under probation.

Perhaps the 5 year sentence referred to is a Sutton County case styled the State v Luxton where the jury found the defendant guilty of murder without malice and the court assessed the maximum sentence allowed by law of 5 years in the pen.

Next, the murder probation may be a Crockett County case styled the State v Lara of a 70 year old man who a husky much younger man had beat up and then followed home to continue the assault—the defendant warned him not to enter his yard and when the deceased persisted, the defendant shot him.

Incidentally, this same year in Ozona two life sentences in the pen were meted out by our Court in murder cases. Next, guilty pleas are generally, throughout the United States and common law countries, coupled with a position statement or recommendation of the prosecutor and/or pre-sentence investigator as to the amount of punishment, based upon one or more elements among which are: the crime involved, the strength of evidence, the probability of conviction without the plea, the past record of defendant, the length of time

THE FIRST LOAD OF THESE HUGE 36-inch pipe 90 feet long. Each trailer carries nine of the big pipe that will be used in the construction of a pipeline for Intratek Gas Company. Presently the 28-cars are being unloaded and the pipe moved by brought in by rail. These flat cars are normally used to carry truck-trailers, and they are normal-

ly used to carry truck-trailers, and they are normally considered necessary for rehabilitation, the opinion and wishes of the injured party, deterrent to crime, and the punishment which would reasonably be expected to be assessed by a jury in the state based on a study of similar cases by the court officials and conferences with other officials throughout the state.

Perhaps this is what my opponent calls a deal. But a District Attorney doesn't and can't make deals. His recommendation, if asked for, or that of the pre-sentence investigator, is not binding upon the court and is indeed raised or lowered or not even asked for in many instances. For example, in a recent Sutton County case of assault with intent to murder, a 10 year probation sentence was arrived at according to some of the above principles after a conference by the Court with the parents of the injured party and defendant, their personal attorneys and the probation officer. My recommendation was not needed.

I firmly believe our Court has been consistent, however, with other courts in the state. My opponent indicates therefore that he is going to commence in this state what would be tantamount to the only practice of not accepting such guilty pleas in this nation. Astounding!

This idea, if carried out anywhere (and I don't believe a word of it) would cost the taxpayers so much money, keep so many people busy on juries and so clog the dockets of the courts that our whole system of criminal jurisprudence would break down.

Giving no thought to political consequences, the only lack of "vigor" which I have been guilty of is the reporting of my prosecution activities to the news media. If you have any doubt about my diligence and performance at all, please ask any law enforcement officer or court official in the district.

Last, I want to say that I am not going to stoop to personal attacks on my opponent (I wouldn't if I could. As far as I know, is a nice guy). Likewise, I am not going to make further reply to attacks on me. I would rather take the available time to just tell you how much I would appreciate your continued support.

During my terms, I have always strived to give this office dignity and respect, both in my professional capacity and in my personal habits. I have enough intelligence to know that I have worked hard and have done you a good job. Most of you know this and now I want to ask you for the favor of your vote and your influence with your friends.

We're putting our money where your mouth is.

A lot of people have been shooting at the telephone companies these days. And, in truth, we've had our hands full keeping up with the zooming demand for increased phone service.

But General Telephone and, in all fairness, the other phone companies haven't been sitting around counting dimes.

For some time now, we've been paying a healthy "phone bill" ourselves trying to make our service do everything you expect of it. And a few things you don't expect.

During the next five years we'll be spending millions of dollars in the areas we serve upgrading and expanding every phase of our phone operation. From laying underground cables (an important, if invisible area) to customer contact service (an equally important, but highly visible area).

But no matter how much we spend on equipment and expansion, it's what we do for you in your home or business that counts.

Ladies and gentlemen, we're working as fast as brains, manpower and money can combine to make our service as efficient as possible.

Lions Broom Sale

Members of the Downtown Lions Club and the West Side Lions are sponsoring their annual broom sale March 14. Housewives are reminded that the Lions will be selling mops, brooms, dish cloths as well as a number of household items. This fund-raising project is sponsored each year by the local Lions, with proceeds used to help those persons with sight problems, as well as other worthwhile projects, according to Lion Jimmy H. Harris.

Suds Drinkers Note

L. P. Bloodworth said persons who wish to bring beer to the Fling Ding instead of a bottle, should bring it Saturday afternoon between 1 and 4 to the warehouse. Someone will be there to stamp invitations for the 'suds drinkers' to be admitted to the dance.

Jeff Farris Rites Held In Brady

Mr. Jeff Farris, 93, of Richland Springs, died in Hudspeh Memorial Hospital February 12, 1972, after a lengthy illness. Services were held at 2 p.m. Tuesday in Wilkerson Memorial Chapel in Brady with burial in Cowboy Cemetery near Brady. Mr. Farris was born January 27, 1879 in Erath County. He was married December 23, 1908 to Mary Emma Mann in Anson. He had lived in Richland Springs the past 23 years and was a longtime resident of San Saba County. He was a farmer. Survivors include his wife of Richland Springs; two sons, Troy Farris of San Angelo and Elton Farris of Odessa; a daughter, Mrs. Doyle Crawford; 15 grandchildren, 28 great-grandchildren and a great-great-grandchild.

A former Sonoran, Mrs. Robert (Marguerite) Buhrkuhl died in Ruskin, Florida. Two former residents, W. K. Regeon of Ruskin, and Royce Regeon of Archbold, Ohio, survive their sister. Funeral services were held at the Mt. Calvary Lutheran Church, February 12, 1972 for Mrs. Buhrkuhl. Other survivors include her husband, two daughters and two sons.

1972 Easter Seals

The first sheet of 1972 Easter Seals has been presented to Governor Preston Smith by Donald Scowden of Odessa, 1972 Easter Seal Child, in behalf of the Easter Seal Society for Crippled Children and Adults of Texas. According to Mrs. Erma Lee Turner, who is the Easter Seal representative for Sutton County, over 22,000 handicapped Texans received Easter Seal treatments during 1971. The largest group served includes those with major deformities of bones and joints, severe speech defects, cerebral palsy, arthritis, muscular dystrophy and multiple sclerosis and stroke. The Easter Seal Campaign, which provides funds for continuation of these services, begins February 28 and continues through April 2, Easter Sunday. ****

YOUR NEEDS COME FIRST

MAKE THE BIG MOVE!

BANKS CAN BE DOG-GONE LIFESAVERS!

When it comes to helping out with a loan, you can depend on us. We try to give loans for all sorts of purposes: autos, education, trips.

Do you really want your brother-in-law to know how much you earned last year?

Of course not. It's nobody's business but your own.

However, annually millions of taxpayers bear this kind of personal information to people who really shouldn't know. For what? Just so they can save a few dollars doing their income tax.

That's some price to pay. You see, for only a few dollars more than it costs to do it with any amateur who might not know that work clothes in some instances are deductible, or that income averaging might save tax dollars, you can have your tax return done by a specially trained member of the H & R Block team with complete confidentiality. There are thousands of them in over 6,000 conveniently located offices. H & R Block's fees start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

This means that H & R Block is ready to offer you year 'round tax service for just one low fee a year, with no extra charge for audits and estimates. Yes, we cost a little bit more than your relatives or friends or neighbors but when you think of what we deliver, you can't afford anything less than H & R Block.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

H&R Block.
The income tax people.

BRONCO BASKETBALL PLAYERS

For A Successful Season

BASKETBALL PLAYERS HONORED FOR THEIR outstanding ability during the season play were Paul Browne who scored the most free throws and field goals and was percentage leader; Bruce Kerbow, who was the leading rebounder

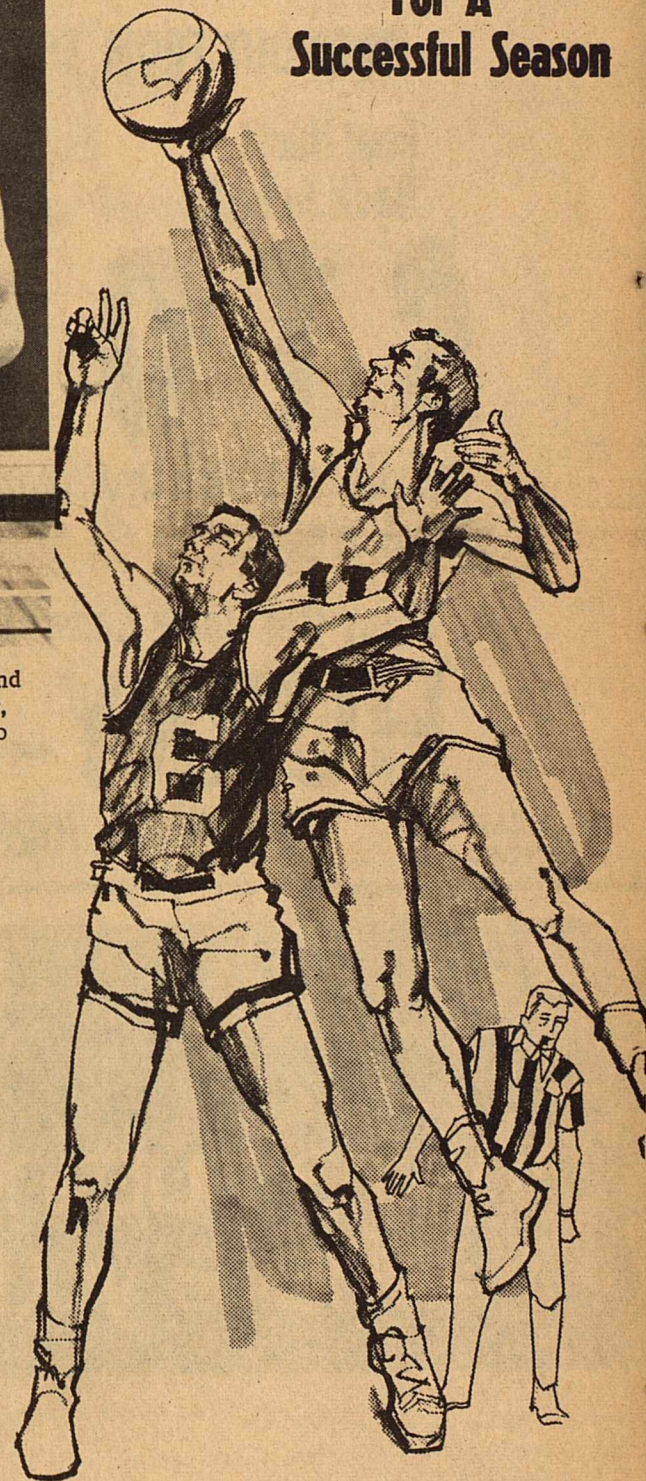

with an average of 15 rebounds per game and Mark Rousselot, who was the leading scorer, averaging 20 points per game, according to statistics released by head basketball coach Jerry Phillips.

THESE LOCAL MERCHANTS AND BUSINESSMEN extend congratulations to the members of the Sonora Junior High and High School basketball teams.

Although the players and coaches had little time to prepare for basketball season, as we were still playing football in December, much team spirit and sportsmanship prevailed.

Under the supervision of head basketball coach Jerry Phillips and assisted by coaches Ray Mason, David Porter, Jerry Horn, Travis Harkins and Oliver Wuest; these boys did a fine job in representing Sonora at each and every game.

A number of boys and girls participated in the basketball program this year and it is anticipated that a good season is again slated for next year.
