State 4-H Range Judging Contest Set

4-H boys and girls throughout the state who are interested in range plant identification and other aspects of range management are invited to compete in the State 4-H Range Judging Contest May 27 at San Angelo.

The contest will be held in the Angelo State University and with registration at 8:30 a. m. in the Science Building, announces Dr. Bobby Joe Ragsdale, range specialist with the Texas Agricultural Extension Service.

The annual contest is open to all counties in the state. Competition will be in both the junior and senior divisions with 4-H'ers under 13 years of age making up the junior section. Each county may enter two senior and two junior teams.

Judging will consist of three parts, according to the Texas A&M University specialist. These include plant identification, determination of range management practices to boost production, and evaluations of rangeland areas.

Each junior and senior team will receive a plaque from the Texas Section of the Society of Range Management.

"Range judging can give a 4-H member some basic, well-grounded information on the environment and ecology so he can lend truth to his fellow man when truth is urgently needed," notes Ragsdale. "The overall purpose of range judging is to look at plants, animals, soils, the environment and man's ability to manage this complexity referred to as the 'ecosystem.'"

SUTTON COUNTY 4-H'ERS

Fifteen Sutton County 4-H Club members are receiving training in range judging at the 4-H Center each Tuesday and Wednesday at 3:45 p. m. All boys and girls interested in plant identification and range judging are urged to attend

these training meetings.

The high scoring range judging team at the Sonora Wool and Mohair Show will receive "The E. B. Keng Memorial Range Judging Trophy" which is a perpetually rotating trophy presented by the Edwards Plateau Soil Conservation District and dedicated to the memory of the late E. B. Keng.

Mr. Keng assisted in the development of the original junior range judging contest.

Sonorans Among Honor Students At SWTSU

Three students at Southwest Texas State University, graduates of Sonora High School, are among the 2,288 university students whose fall semester grades earned them places on the fall term Dean's Honor List.

The students whose scholastic average earned them places on the regular honor list are Kay L. Kerbow, Elizabeth M. Davis and William D. Campbell.

Two Local Men Degree Candidates

Two Sonora students are among the 1,870 candidates for spring graduation at Texas A&M University announced Registrar Robert A. Lacey. Seeking a Ph. D. is Patrick O. Reardon, range science, and seeking a bachelor degree in veterinary medicine is Michael C. Gosney.

Commencement exercises will be conducted May 5 for students earning graduate degrees and May 6 for undergraduates.

Reardon is associated with the Texas A&M Experiment Station and will continue in his work at the Station.

John Weston Named First Place Essay SCD Winner

Winners of the Soil Conservation Essay contest sponsored by the Edwards Plateau Soil Conservation District were honored at an assembly at Sonora High School last Tuesday. The essay by John Mark Weston was judged first place in the high school division; Renee Rousselot was awarded first place in the junior high category and Denise Neal was first in elementary school with her essay.

Joe David Nance was second place winner in the high school age group, and he and Weston will present their essays at the Lions Club program May 16. In addition to winning the first place award, Weston was also presented the E. B. Keng Memorial Trophy.

This trophy was purchased by the Soil Conservation District as a memorial tribute to the late Mr. Keng and will be a perpetually rotating trophy. Local directors are W. B. McMillan, Vestel Askew, Armer Earwood, Edwin Sawyer and George Brockman. The trophy was designed to accommodate 22 names and Weston's will be the first. The trophy is on display in the high school trophy room.

Dalton Merz, local conservationist, presented the awards and trophy to the essay winners. Other winners in the essay writing contest included: Wesley Richardson, third; Kathy Hardegree, 4 and Steve Street, 5 junior high school winners other than Miss Rousselot included Lori Olson, 2; Brenda Boyd, 3; Mark Hemphill, 4 and Flaire Lane, 5. Additional elementary school winners were Prissy Cook, 2; Linda Smith, 3; Gregg Tedford, 4 and David Jennings, 5.

ment of City Manager, Alex Binford and Gene West. Binford pointed out to the commission that a number of streets are very much in need of repair, and the maintenance is necessary this summer in order to make repairs before the conditions worsen.

Requests for new paving may be made at the City Hall. A charge of \$1 per foot will be made to property owners for new paving.

In other city business, the city council approved purchase of 300 feet of 2½-inch fire hose and 300 feet of 1½-inch hose for use of the local fire department. They also approved payment of \$300 for firemen to attend the convention at Galveston.

West and James McLaughlin are attending a Water School at Abilene May 2, 3 and 4 on approval of the council.

A motion was made and adopted for the firm of Choppen, Jung & Co. to make the annual city audit.

The council voted to ap-

prove the Board of Equalization meeting to be held June 5 at the City Hall.

Approval was given for necessary repairs to be made on the city-owned house on Eaton Hill.

Attending the meeting were Mayor Norman Rousselot, commissioners Walter Pope, and Mrs. T. K. Nevill, city manager Binford and city secretary, Mrs. J. L. Robbins.

Conservation: Key To Survival

by JOHN WESTON

Of all the resources on the earth, there are probably five which can be considered as renewable resources. These are: soil, water, plant life, wildlife, and air. Each of these is a vital part of the balance of nature, and is directly or indirectly dependent upon the others in order to exist. If the balance is somehow disturbed, then all of these interrelated resources will be weakened and finally lost or destroyed.

In order for man to survive on this earth, he must preserve this balance upon which he is dependent. For example, man is dependent on water to drink, for growth of plant life, and to preserve wildlife; he is dependent on plant life to control soil erosion, to purify the air, and to feed and harbor wildlife; he is dependent on air to breathe and to sustain plant and wildlife; and man is also dependent on soil for plant growth, crops, and for such things as minerals, chemicals, oil and gas, for daily needs; and upon wildlife for food for himself and for each other, and for the pollination, fertilization, and control of plant life. These are just a few, but basic, examples of this complex system of natural resources on which man must depend to survive.

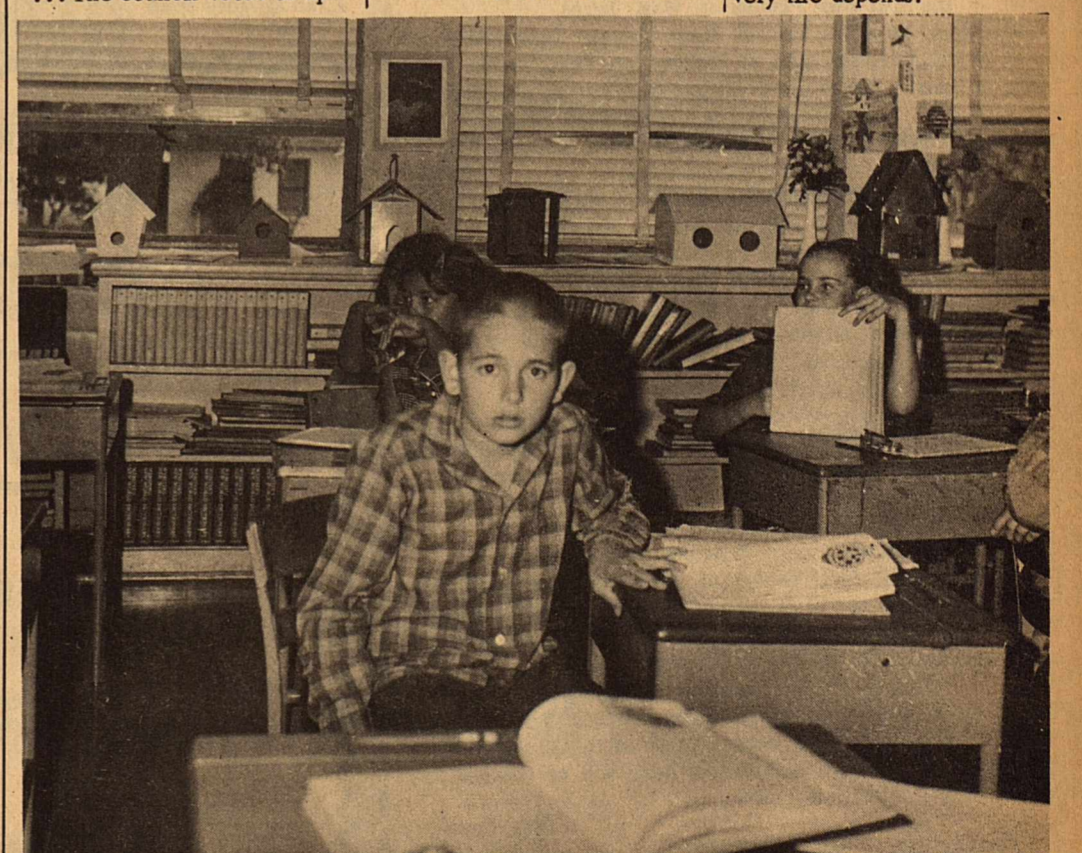

The key to man's survival is conservation, particularly of these renewable resources. Man must decide now to stop the pollution of air and water, overcutting the forests, overgrazing pasture land, the depletion, erosion, and improper use of soil, and the improper management of wildlife.

Man is behind in conservation practices and has already begun to suffer the consequences. Man, we, each of us, must decide now to do something to prevent the disappearance of the resources upon which our very life depends.

DOLPH BRISCOE'S HOMETOWN neighbors were in town Tuesday morning as a part of series of bus tours promoting his candidacy. The tours are going to all parts of Texas, with two leav-

THE FAMILY LAWYER

Is now the time to buy land?

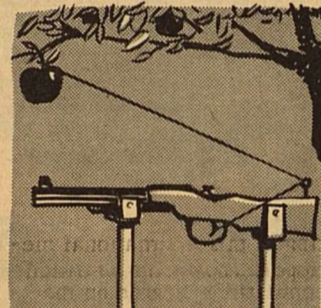

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

Booby Trap for Trespassers

"NO TRESPASSING" signs, posted on Harper's farm, failed to discourage teenagers in the neighborhood from stealing his apples. Finally he set a booby trap in the form of a spring gun, cocked and ready to fire.

Sure enough, that very night a trespassing youth touched off the gun and received a bullet in the leg.

In due course, the victim filed suit against Harper for damages. At the trial, the latter insisted he had a right to use force to protect his property against intruders who were bent on mischief.

But the court held that the method he had chosen was too drastic, merely for the prevention of petty theft. The judge said deadly weapons could not be used when there was no personal danger to either the property owner or his family. Generally speaking, a property

owner cannot use greater force by means of a booby trap than he could use if he were on the scene in person. Even vicious dogs, left at large, have been frowned upon as a kind of booby trap.

"A savage dog," observed one judge, "is a dangerous instrument."

Nonetheless, milder measures may be justified. Take this case:

A suburban home owner, tired of having trespassers tramping across his lawn, stretched a barbed wire fence from a corner of his house to a corner of the lot.

Not long afterward, a man was hurt trying to scale the fence. Suing for damages, he charged that such a fence was "meant to injure people."

But the court decided that the fence, with its barbs in plain sight, was meant simply to make trespassing more difficult — a perfectly legitimate purpose for a property owner.

It is worth mention, however, that this particular fence was not placed alongside a public sidewalk. In some communities, that would be forbidden by local ordinance. Reason: too much chance of injuring an innocent passerby.

NOTICE TO PARENTS OF SCHOOL AGE CHILDREN

According to recent legislative passage, all Texas students must comply to the new "Texas Immunization Law" by June, 1972.

Beginning June, 1972, a student will not be allowed to enroll in any Texas school without a complete record of immunization or natural immunities through infection.

The immunizations, or illnesses, a child must have experienced are: D.P.T., Polio, Measles, Rubella.

Certified copies of immunization records will not be required until June, 1972. In the interim, any record of immunizations (showing vaccines and dates received) presented by students will suffice; Whether it be notes from physicians, clinics, parents, or one of many personal immunization records in current use.

Miss Janice Jeffery Marries In Dallas

Miss Janice Kay Jeffery of Brownwood and Ronald H. Lanier of Seagoville, were married, April 8, at Midway Church of Christ in Dallas. The bride is the daughter of

Mrs. Mary Miller of Fort Worth and Claude Jeffery of Brownwood. The bridegroom is the son of Mr. and Mrs. Howard D. Lanier of Seagoville. The bride's grandmother, Mrs. Jo Wall, and her aunts, Mrs. Pete Skains and Mrs. G. J. Jones live here.

The bride, given in marriage by her father, wore a floor length gown of white silk organza over net with an empire waist and a chapel length train attached at the shoulders. The dress featured a lace yoke and long puffed sleeves with lace cuffs.

Miss Janice Pollock of Dallas was maid of honor. Bill Lustig of Seagoville served as best man. Ushers were Steve Ross of Dallas, brother-in-law of the bridegroom, and Mike Pinter of Seagoville, cousin of the bridegroom.

Following the wedding, a reception was held in Seagoville. The table was centered with an arrangement of daisies and miniature chrysanthemums. In the houseparty were Miss Paula Jeffery, sister of the

bride, of Fort Worth; Mrs. Shirley Crane, sister of the bride, also of Fort Worth and Mrs. Barbara Ross, sister of the bridegroom, of Dallas. The couple plan to live in Seagoville.

According to Ken McAllister, superintendent of schools, there are almost 200 school age children who have not reported immunization and illness health records to the school.

These children, unless the records are presented to the school before June 1, 1972, will not be able to enroll in school in the fall, McAllister reminds parents. A delay of several days may be necessary if you wait until the day for school to begin before taking care of this.

Remember, parents, this is not a law set up by the school, but by the State of Texas which the school is obliged to enforce.

outdoor lighting stretches summer fun!

The great summer migration to the great outdoors is underway. School is out . . . cooking is out . . . and people are moving outdoors. You can stretch your summer fun with outdoor lighting . . . lighting to let you work or play longer outdoors. Outdoor lighting makes your home and yard more attractive. Well placed ornamental lighting can transform your property into an exciting place to live or visit. Another major benefit from outdoor lighting is its unique protection for your property. Outdoor lighting will discourage prowlers or burglars. Make your yard and home ready for summer . . . with outdoor lighting.

\$800 Journalism Scholarship

Applications are now being accepted from qualified West Texas high school seniors for the 1972 West Texas Press Association \$800 Journalism scholarship. This year marks the 15th consecutive scholarship awarded by this association. Three students are enrolled in area colleges and universities using these scholarships. Several have graduated and will this year.

The WTPA scholarship winner will be awarded \$200 annually (\$100 each semester) during his (or her) four years in college, providing normal progress toward a degree is maintained. Any one of eleven West Texas colleges may be selected by the Scholarship recipient. The winner must major or minor in newspaper journalism and will be under the supervision of the college journalism department supervisor while under the scholarship.

GUESS WHO ?

CLARA BOW had nothing on this flapper of the late '20's who loved to dance and is shown here wearing the typical dress and beads popular in the '20's. She is still around town, so you really should be able to recognize her. Last weeks 'guess who' was Randee Fawcett Caruthers.

NATIONAL CONSUMER REFERENDUM

Most American businesses want to serve consumers efficiently and satisfactorily. By filling out and returning this brief questionnaire, you can help these companies do a better job in your behalf.

Please rank factors in order: 1, 2, 3, etc.

I'M MOST ANNOYED BY:

- Misleading labels, directions or packaging
- Products that don't perform as represented
- Poor personal service in stores
- Advertising that misleads or claims too much
- Errors in billing
- Poor handling of complaints
- Poor performance by repairman
- Misunderstandings over warranties

I'D LIKE MORE INFORMATION ON:

- How to buy products or services
- What's in a product, how it's made
- How to use products efficiently
- How to get help when something goes wrong
- How to select a qualified repairman
- Management of money and credit

Do you take time to read a product warranty or guarantee before making a purchase? Yes No

Do you really read the instructions? Yes No

When you call an appliance serviceman, do you ask in advance what the minimum charge will be? Yes No

Your own comments, please! (Use reverse side if needed)

I FIND THESE BUSINESS CONSUMER PROGRAMS MOST CONSTRUCTIVE:

- Toll-free telephone lines to service departments
- Buying guides, other educational materials
- More informative product labeling
- Owner's Manuals on use, care and safety of appliances, etc.
- Follow-up, "Are you satisfied?" calls to buyers

Return before May 31, 1972, to COUNCIL OF BETTER BUSINESS BUREAUS, INC., 1150 Seventeenth Street, N.W., Washington, D.C. 20036

**The cooler the home,
the warmer the marriage.**

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes.

That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long.

And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And you get special low rates during the long hot summer months.

But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs.

This summer, have central gas air conditioning installed. For love's sake.

MRS. ESTELLE MCCONNELL was honored at the Hudspeth Nursing Home recently by Mrs. Arcadia Johnson with a party in observance of Mrs. McConnell's birthday. Over 40 guests attended the party, including residents of the convalescent home. Some of those attending were Mrs. Stella Keene, who served as matron of honor at Mrs. McConnell's wedding; Mrs. Bryan Hunt, who played the wedding march and two persons who were bridesmaids at her wedding. Mrs. McConnell is a daughter of the late Mr. and Mrs. George MacDonald, early-day Sonorans. She was born here and has lived here most of her life. She attended the University of Texas and graduated with a degree in music. She has been active in Eastern Star work, serving as Worthy Matron of the Sonora chapter and an officer in the Grand Chapter of Texas. Mrs. Johnson served cake and punch to the guests.

Sixty Ranchers Attend Beef Meet

Sixty area ranchmen attended a program on ways to increase calf crop in beef cattle at the 4-H Center Monday night.

John Beverly, Extension Reproduction Specialist from Texas A&M University emphasized the need for adequate nutrition in order to produce a high percent uniform calf crop.

The program was sponsored by the Sonora Feed Company, Stockmen's Feed Company and the Eldorado Wool Company Feed Department in cooperation with the Schleicher and Sutton County Agents.

The sponsors treated the group to a barbecue beef supper. Gene Wallace, chairman of the Sutton County Extension

Beef Cattle committee, welcomed the group to the 4-H Center and recognized the sponsors for their support of the beef cattle industry in this area.

Soil Stewardship Week Observance Set Locally

Soil Stewardship Week, a nationwide observance which places emphasis on man's obligation to God as stewards of the soil, water and other resources, will be observed May 7-14, according to W.B. McMillan, chairman, Edwards Plateau Conservation District.

"Creative Conservation", the theme of this year's observance, underscores the responsibility which each citizen has in fulfilling his or her role as caretaker of the realm. The Edwards Plateau Conservation District and some 3,000 companion districts throughout the nation along with their State and National Associations are sponsoring the event for the 18th consecutive year.

Booklets have been distributed to churches for this year's observance. Local pastors plan to use these booklets to prepare a special sermon related to Soil Stewardship for one or more services May 7 or May 14. The materials were prepared by the National Association of Conservation Districts, in consultation with a Soil Stewardship Advisory Committee composed of leading church men in the nation.

The committee consists of the Rt. Rev. John G. Weber, National Catholic Rural Life Conference; the Rev. Harold S. Huff, Board of Missions of the Methodist Church; the Rev. Henry A. McCanna, National Council of Churches; Ray W. Owen, Southern Baptist Convention; Daniel O. Parker, United Church Board for Homeland Ministries and Mr. Osgood Magnuson, Lutheran Council in the USA.

We Believe In Ben Barnes

Ben Barnes has served this state with honor and distinction. We personally know him to be a man of honesty and integrity and we stand proudly behind him without reservation. We deeply resent the attempts at character assassination against him which have marked this campaign and we urge you to reject such tactics resoundingly at the ballot box. Ben Barnes has the qualities of leadership and integrity to make Texas an outstanding governor. Let's give him our overwhelming support on May 6th!

Elect a New Lawyer to Clean Up the Mess In Austin

- ✓ The attorney general is our chief lawyer and investigator. As attorney general, John Hill will move on his own initiative to investigate corruption in government. He'll be your watchdog for honest government in Austin.
- ✓ John Hill will aid law enforcement personnel in their fight against crime, particularly organized crime, by establishing a Crime Strike Force in the attorney general's office.
- ✓ John Hill will personally represent the interests of the people of Texas in the courtroom prosecuting pollution law violators.
- ✓ John Hill will actively prosecute "tax dodgers" who collect your sales tax pennies and then pocket them. We are losing millions of dollars a year because of weak enforcement.
- ✓ John Hill will set up a constitutional law division, made up of lawyers specially trained in constitutional law, to work with the legislature to stop the passage of unconstitutional laws at tremendous expense to the public.
- ✓ John Hill will personally go into court on behalf of the Texas consumers to protect us from false, misleading and deceptive business practices.
- ✓ John Hill will offer leadership for reform in the administration of justice in Texas. Speedy trials will be his primary objective.

WALTER POPE had trouble with this bucking horse in the Donkey basketball game last week. The game was sponsored by the firemen as a fund-raising project and it was held in the high school gymnasium.

MRS. LOUIS OLENICK and MRS. CARL TEAFF joined in the fun at the donkey basketball game last Tuesday. The donkeys were well-behaved as long as the ladies were in the 'drivers seat'

but as soon as the men started the basketball game in earnest the donkeys pitched considerably. Everyone enjoyed the game and proceeds will be used by local firemen.

CRAWFORD MARTIN

Crawford Martin "provided information which proved valuable in our (Justice Department) investigation" of Frank Sharp.

U.S. ATTORNEY ELDON MAHON

"Martin promised a full investigation in the banking and stock scandals . . . he delivered . . . he worked quietly . . . a more politically minded man could have used the case to make headlines."

HOUSTON CHRONICLE

"The (Sharpstown) investigation was of such scope and magnitude . . . without your help and cooperation it would not have been possible to prosecute these cases . . ."

TRAVIS COUNTY D.A. BOB SMITH

"Crawford Martin has been one of the most active Attorney Generals Texas has ever had. . . He knows the law and is highly respected as a champion of better law enforcement and protection of the consumer against unfair prices and outright fraud."

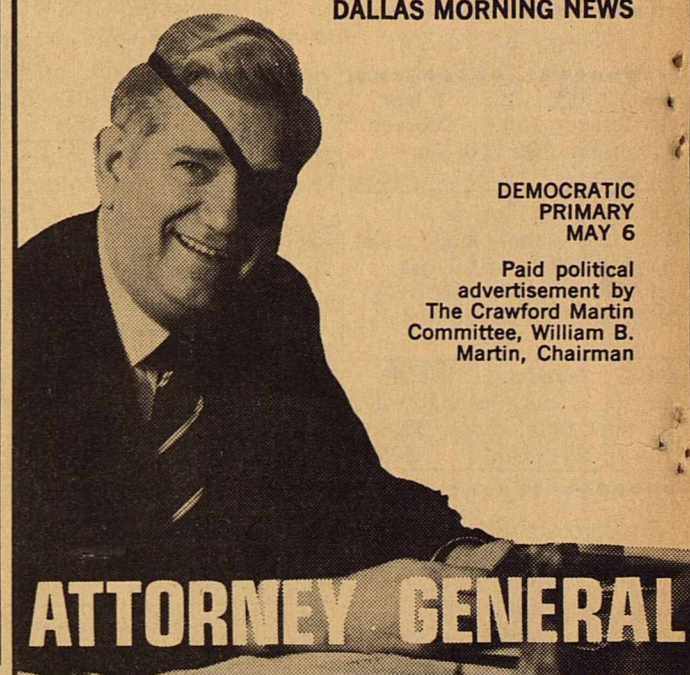

GALVESTON NEWS

"One of the busiest and most successful defenders of the public interest in Texas government . . . (his) environmental protection division leads the nation in collecting civil penalties from polluters."

PLEASE—

don't overlook

The important Railroad Commission Race

The Texas Railroad Commission has broad regulatory and enforcement powers pertaining to—

- ★ Conservation of Oil and Gas Activities
- ★ Pipelines
- ★ Railroads, Trucks and Buses
- ★ Liquefied Petroleum Industry

EACH of these are vitally and directly tied to

OUR LOCAL ECONOMY

BYRON TUNNELL

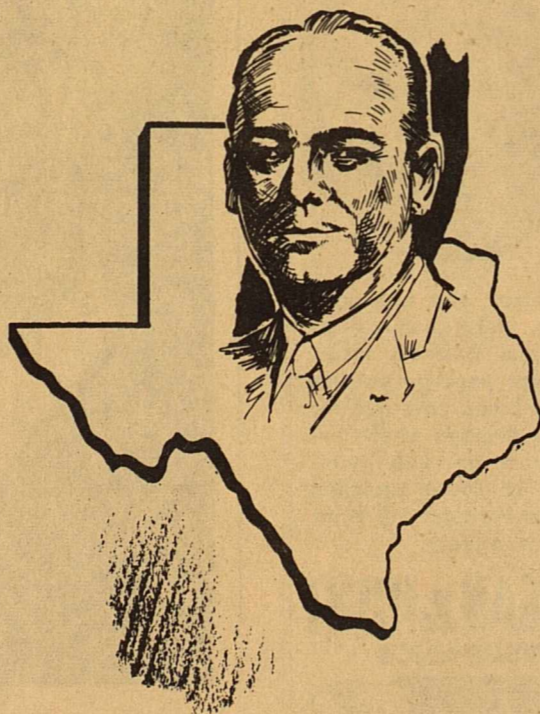

now a member of the Railroad Commission and seeking re-election, to a second term

LET'S KEEP BYRON TUNNELL RAILROAD COMMISSIONER

... an experienced leader with sound judgement

Vote for **BYRON TUNNELL**, May 6, 1972

(Political Adv.—Paid for by Byron Tunnell Campaign Committee.)

Only one man running for Lt. Governor knows the problem, but isn't part of the problem in our state.

"Are you outraged at a state government that fails to govern? At elected officials who line their own pockets at the people's expense? Are you sick of the stench of corruption that hangs over our state capitol?"

I am.

Whoever serves as your Lt. Governor has a job of great power. He is the presiding officer of the Senate. He has more influence over where our money goes than any other man. Some men don't use power well. I'll use that power to bring reason, decency and respect to Texas politics and Texas government."
